Item 2.02 Results of Operations and Financial Condition.

On February 9, 2015, Primerica, Inc. (the “Company”) announced its results of operations for the quarter and year ended December 31, 2014. A copy of the press release is attached hereto as Exhibit 99.1.

The information provided pursuant to this Item 2.02, including Exhibit 99.1 in Item 9.01, is “furnished” and shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities of such section, and shall not be incorporated by reference in any filing made by the Company under the Exchange Act or the Securities Act of 1933, as amended (the “Securities Act”), except to the extent expressly set forth by specific reference in any such filings.

Use of Non-GAAP Financial Measures

In addition to reporting financial results in accordance with U.S. generally accepted accounting principles (“GAAP”), the Company presents certain non-GAAP financial measures. Specifically, the Company presents adjusted direct premiums, other ceded premiums, operating revenues, operating income before income taxes, net operating income, adjusted stockholders’ equity and diluted operating earnings per share. Adjusted direct premiums and other ceded premiums are net of amounts ceded to affiliates of Citigroup Inc. under coinsurance transactions that were executed concurrent with our initial public offering (“IPO”) for all periods presented. Operating revenues, operating income before income taxes, net operating income and diluted operating earnings per share exclude the impact of realized investment gains and losses for all periods presented. Operating income before income taxes, net operating income, and diluted operating earnings per share also exclude (1) the expense in 2013 associated with our IPO-related equity awards, (2) the impact of charges recorded in 2013 for the settlement of claims made by certain Florida Retirement System (FRS) plan participants and (3) the compensation expense recorded in 2014 associated with the CEO transition agreements discussed in our Current Report on Form 8-K dated January 2, 2015. Adjusted stockholders’ equity excludes the impact of net unrealized gains and losses on invested assets for all periods presented.

We exclude these items because they are considered unusual and not indicative of our ongoing operations. Our definitions of these non-GAAP financial measures may differ from the definitions of similar measures used by other companies. Management uses these non-GAAP financial measures in making financial, operating and planning decisions and in evaluating the Company’s performance. Furthermore, management believes that these non-GAAP financial measures may provide users with additional meaningful comparisons between current results and results of prior periods as they are expected to be reflective of our core ongoing business. These measures have limitations, and investors should not consider them in isolation or as a substitute for analysis of the Company’s results as reported under GAAP.

Reconciliations of non-GAAP to GAAP financial measures are included as attachments to the press release which has been posted in the “Investor Relations” section of our website at <http://investors.primerica.com>.

Item 7.01 Regulation FD Disclosure.

On February 9, 2015, the Company posted to the “Investor Relations” section of its website certain supplemental financial information relating to the quarter ended December 31, 2014. A copy of the supplemental financial information is attached hereto as Exhibit 99.2.

The information provided pursuant to this Item 7.01, including Exhibit 99.2 in Item 9.01, is “furnished” and shall not be deemed to be “filed” for purposes of Section 18 of the Exchange Act, or otherwise subject to the liabilities of such section, and shall not be incorporated by reference in any filing made by the Company under the Exchange Act or the Securities Act, except to the extent expressly set forth by specific reference in any such filings.
