Section 2 – Financial Information

Item 2.05 Costs Associated with Exit or Disposal Activities.

As part of its previously announced Restructuring, Lear has continued consolidation, facility realignment and census actions. The Company currently expects to incur total pretax costs of approximately \$380 million through 2007 in connection with the Restructuring, an increase of \$55 million as compared to the previous status. This increase reflects the accelerated timing of certain facility closure and severance actions in Canada and Western Europe that were planned for 2008 and 2009. Through September 29, 2007, \$292.0 million of restructuring costs had been incurred. Lear continues to estimate that approximately 90% of the restructuring costs will result in cash expenditures.

Item 2.06 Material Impairments.

The information set forth under Item 2.05 relating to impairment charges is incorporated herein by reference.

Section 7 – Regulation FD

Item 7.01 Regulation FD Disclosure.
