NOTES TO THE INTERIM FINANCIAL STATEMENTS
June 30, 2003
(Stated in US Dollars)
(Unaudited)

Note 1 Interim Reporting

While information presented in the accompanying interim financial statements is unaudited, it includes all adjustments which are, in the opinion of management, necessary to present fairly the financial position, results of operations and cash flows for the interim period presented. All adjustments are of a normal recurring nature. It is suggested that these interim financial statements be read in conjunction with the company's December 31, 2002 financial statements.

Note 2 Continuance of Operations

Edgar Filing: PACIFIC SPIRIT INC - Form 10QSB

The financial statements have been prepared using generally accepted accounting principles in the United States of America applicable for a going concern which assumes that the Company will realize its assets and discharge its liabilities in the ordinary course of business. The Company has accumulated losses of \$75,600 since its commencement. Its ability to continue as a going concern is dependent upon the ability of the Company to obtain the necessary financing to meet its obligations and pay its liabilities arising from normal business operations when they come due.

Note 3 Commitments - Note 4

Mineral Property

By a lease agreement effective June 1, 2001 and amended June 25, 2002 and November 25, 2002, the Company was granted the exclusive right to explore and mine the Del Oro and NP Claims located in Pershing County of the State of Nevada. The term of this lease is for 30 years, renewable for an additional 30 years so long as the condition of the lease are met. Minimum payments and performance commitments are as follows:

Minimum Advance Royalty Payments:

The owner shall be paid a royalty of 4% of the net smelter returns from all production. In respect to this royalty, the Company is required to pay minimum advance royalty payments of the following:

- \$5,000 upon execution (paid) and \$3,000 (paid) for extension of the agreement;
- \$8,000 on June 1, 2003;
- \$16,000 on June 7, 2003;
- \$24,000 on June 7, 2004;
- \$50,000 on June 7, 2005 and thereafter

Note 3 Commitments - Note 4 - (cont'd)

Mineral Property - (cont'd)

The Company can reduce the net smelter return royalty to 0.5% by payment of a buy-out price of \$5,000,000. Advance royalty payments made to the date of the buy-out will be applied to reduce the buy-out price.

Performance Commitment:

In the event that the Company terminates the lease after June 1 of any year, it is required to pay all federal and state mining claim maintenance fees for the next assessment year. The Company is required to perform reclamation work on the property as required by federal, state and local law for disturbances resulting from the Company's activities on the property.

Edgar Filing: PACIFIC SPIRIT INC - Form 10QSB

Note 4 Subsequent Event - Note 3

On August 7, 2003, the Company was granted a six month extension on the June 1, 2003 and June 7, 2003 advance royalty payments of \$8,000 and \$16,000 respectively for consideration of \$1,500. This payment will be considered as an advance royalty.

Item 2. Management's Discussion and Analysis or Plan of Operation

FORWARD LOOKING STATEMENTS

This quarterly report contains forward-looking statements that involve risks and uncertainties. We use words such as anticipate, believe, plan, expect, future, intend and similar expressions to identify such forward-looking statements. You should not place too much reliance on these forward-looking statements. Our actual results are likely to differ materially from those anticipated in these forward-looking statements for many reasons, including the risks faced by us described in this Risk Factors section and elsewhere in this annual report.

Plan of Operation

Our plan of operations for the twelve months following the date of this report is to complete the recommended phase one exploration program on the Del Oro property in which we hold a leasehold interest. We anticipate that this program will cost us \$53,000.

In January 2004, we amended our mineral claims agreement regarding the De; Oro property located in Pershing County, Nevada. We paid the the lessor of the property \$2,000 upon execution of the agreement. In order to keep the lease in good standing, we must pay the lessor \$5,000 by July 9, 2004, \$10,000 by January 9, 2005, and \$50,000 per year thereafter.

In addition, we anticipate spending \$10,000 on professional fees and \$12,000 on administrative expenses.

Total expenditures over the next 12 months are therefore expected to be \$75,000. Our cash on hand at June 30, 2003 was \$19,046. Accordingly, we will need to raise additional funds in order to complete the recommended exploration program on the Del Oro and meet our other expected expenses.

Results Of Operations for Six-Month Period Ended June 30, 2003

We incurred a net loss of \$4,096 for the six-month period ended June 30, 2003, as compared to a loss of \$7,718 in the same period in 2002. The decrease in net loss was primarily due to a reduction in accounting and audit fees and property exploration costs. At quarter end, we had cash on hand of \$19,046. Our liabilities at the same date totalled \$3,646 and consisted of accounts payable and accrued liabilities.

ITEM 3. Controls and Procedures

Our principal executive officer and principal financial officer has concluded that the effectiveness of our controls and procedures (as defined in ss.240.13a-14(c) and 240.15d-14(c)), as of April 1, 2004, are sufficient. There have been no changes in internal controls in the previous period.
