THE ACCOMPANYING NOTES ARE AN INTEGRAL PART OF THESE FINANCIAL STATEMENTS.

### 1. INCORPORATION AND CONTINUANCE OF OPERATIONS

Giddy-up Productions, Inc. was formed on August 30, 2007 under the laws of the State of Nevada. We have not commenced our planned principal operations, producing motion pictures. We are considered a development stage company as defined in SFAS No. 7. We have an office in Calgary, Alberta. The Company's fiscal year end is August 31.

These financial statements have been prepared in accordance with generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business. We have incurred operating losses and require additional funds to maintain our operations. Management's plans in this regard are to raise equity financing as required.

These conditions raise substantial doubt about our ability to continue as a going concern. These financial statements do not include any adjustments that might result from this uncertainty.

We have not generated any operating revenues to date.

### 2. SIGNIFICANT ACCOUNTING POLICIES

#### Cash and Cash Equivalents

Cash equivalents comprise certain highly liquid instruments with a maturity of three months or less when purchased. As of May 31, 2008 we had \$20 in cash and no cash equivalents.

## Edgar Filing: Giddy-up Productions, Inc. - Form 10-Q

### Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

### Advertising Expenses

We expense advertising costs as incurred. Total advertising expenses for the period ended May 31, 2008 were \$1,329.

### Loss Per Share

Loss per share is computed using the weighted average number of shares outstanding during the period. We have adopted SFAS No. 128, "Earnings Per Share". Diluted loss per share is equivalent to basic loss per share.

### Concentration of Credit Risk

We place our cash and cash equivalents with high credit quality financial institutions. As of May 31, 2008, we had no balance in a bank beyond insured limits.

### Foreign Currency Transactions

We are located and operating outside of the United States of America. We maintain our accounting records in U.S. Dollars, as follows:

At the transaction date, each asset, liability, revenue and expense is translated into U.S. dollars by the use of the exchange rate in effect at that date. At the period end, monetary assets and liabilities are re-measured by using the exchange rate in effect at that date. The resulting foreign exchange gains and losses are included in operations.

### Fair Value of Financial Instruments

The respective carrying value of certain on-balance-sheet financial instruments approximated their fair value. These financial instruments include a promissory note, accounts payable and accrued liabilities, and amounts due to a director. Fair values were assumed to approximate carrying values for these financial instruments, except where noted, since they are short term in nature and their carrying amounts approximate fair values or they are payable on demand. Management is of the opinion that we are not exposed to significant interest or credit risks arising from these financial instruments. We operate outside the United States of America and have significant exposure to foreign currency risk due to the fluctuation of currency in which we operate.

### Income Taxes

We have adopted Statement of Financial Accounting Standards No. 109 (SFAS 109), Accounting for Income Taxes, which requires us to recognize deferred tax liabilities and assets for the expected future tax consequences of events that have been recognized in our financial statements or tax returns using the liability method. Under this method, deferred tax liabilities and assets are determined based on the temporary differences between the financial statement and tax bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse.

## Edgar Filing: Giddy-up Productions, Inc. - Form 10-Q

### Stock-Based Compensation

The Company adopted SFAS No. 123 (revised), "Share-Based Payment", to account for its stock options and similar equity instruments issued. Accordingly, compensation costs attributable to stock options or similar equity instruments granted are measured at the fair value at the grant date, and expensed over the expected vesting period. SFAS No. 123 (revised) requires excess tax benefits be reported as a financing cash inflow rather than as a reduction of taxes paid.

We did not grant any stock options during the period ended May 31, 2008.

### Comprehensive Income

We adopted Statement of Financial Accounting Standards No. 130 (SFAS 130), Reporting Comprehensive Income, which establishes standards for reporting and display of comprehensive income, its components and accumulated balances. We are disclosing this information on our Statement of Stockholders' Equity. Comprehensive income comprises equity except those resulting from investments by owners and distributions to owners. We have no elements of "other comprehensive income" for the period ended May 31, 2008.

### Film Property and Screenplay Rights

The Company capitalized costs it incurs to buy film or transcripts that will later be marketed or be used in the production of films according to the guidelines in SOP 00-02. The Company will begin amortization of capitalized film cost when a film is released and it begins to recognize revenue from the film.

### Accounting for Derivative Instruments and Hedging Activities

We have adopted Statement of Financial Accounting Standards No. 133 (SFAS 133) Accounting for Derivative and Hedging Activities, which requires companies to recognize all derivative contracts as either assets or liabilities in the balance sheet and to measure them at fair value. If certain conditions are met, a derivative may be specifically designated as a hedge, the objective of which is to match the timing of gain and loss recognition on the hedging derivative with the recognition of (i) the changes in the fair value of the hedged asset or liability that are attributable to the hedged risk or (ii) the earnings effect of the hedged forecasted transaction. For a derivative not designated as a hedging instrument, the gain or loss is recognized in income in the period of change.

We have not entered into derivative contracts either to hedge existing risks or for speculative purposes.

### Long-Lived Assets Impairment

Our long-term assets are reviewed when changes in circumstances require as to whether their carrying value has become impaired, pursuant to guidance established in Statement of Financial Accounting Standards No. 144 (SFAS 144), Accounting for the Impairment or Disposal of Long-Lived Assets. Management considers assets to be impaired if the carrying value exceeds the future projected cash flows from the related operations (undiscounted and without interest charges). If impairment is deemed to exist, the assets will be written down to fair value.

### Website Development Costs

Website development costs are for the development of the Company's Internet website. These costs have been capitalized when acquired and installed, and are being amortized over its estimated useful life of three years on a straight line

### New Accounting Pronouncements

In March 2008, the FASB issued FASB Statement No. 161 ("SFAS 161"), "Disclosures about Derivative Instruments and Hedging Activities". SFAS 161 requires companies with derivative instruments to disclose information that should enable financial-statement users to understand how and why a company uses derivative instruments, how derivative instruments and related hedged items are accounted for under FASB Statement No. 133 "Accounting for Derivative Instruments and Hedging Activities" and how derivative instruments and related hedged items affect a company's financial position, financial performance and cash flows. SFAS 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. The adoption of this statement is not expected to have a material effect on the Company's future financial position or results of operations.

In December 2007, the Financial Accounting Standards Board ("FASB") issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements - An amendment of ARB No. 51". SFAS 160 requires companies with noncontrolling interests to disclose such interests clearly as a portion of equity but separate

from the parent's equity. The noncontrolling interest's portion of net income must also be clearly presented on the Income Statement. SFAS 160 is effective for financial statements issued for fiscal years beginning after December 15, 2008. The adoption of this statement is not expected to have a material effect on the Company's future financial position or results of operations.

In December 2007, the Financial Accounting Standards Board ("FASB") issued SFAS No. 141, (revised 2007), "Business Combinations". SFAS 141 (R) applies the acquisition method of accounting for business combinations established in SFAS 141 to all acquisitions where the acquirer gains a controlling interest, regardless of whether consideration was exchanged. Consistent with SFAS 141, SFAS 141 (R) requires the acquirer to fair value the assets and liabilities of the acquiree and record goodwill on bargain purchases, with main difference the application to all acquisitions where control is achieved. SFAS 141 (R) is effective for financial statements issued for fiscal years beginning after December 15, 2008. The adoption of this statement is not expected to have a material effect on the Company's future financial position or results of operations

The FASB has additionally issued SFAS No. 155 to SFAS No. 159 and FIN No. 48 but they will not have any relationship to the current operations of the Company. Therefore, a description and its impact on the Company's operations and financial position for each have not been disclosed.
