NOTES TO THE FINANCIAL STATEMENTS

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2004 AND 2003

(UNAUDITED)

NOTE 1. BASIS OF PRESENTATION

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and the instructions to Form 10-QSB. Accordingly, they do not include all information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the nine months ended September 30, 2004 are not necessarily indicative of results that may be expected for the year ending December 31, 2004. For further information, refer to the audited financial statements and footnotes thereto included in the Company's Form 10-KSB for the year ended December 31, 2003.

NOTE 2. GOING CONCERN

## Edgar Filing: MAGIC COMMUNICATIONS INC - Form 10QSB

The accompanying financial statements have been prepared in conformity with U.S. generally accepted accounting principles, which contemplates continuation of the Company as a going concern. However, the Company has incurred recurring losses resulting in a stockholders' deficit of (\$208,945) and working capital deficit of (\$239,432) at September 30, 2004. In addition, the Company's cash account is \$0. These factors raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event the Company cannot continue in existence.

In view of these matters, the continued existence of the Company is dependent upon its ability to meet its financing requirements and, ultimately, the success of its planned future operations. There can be no assurance that the Company will obtain the necessary financing nor that the planned future operations will be successful.

### Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Nine Months Ended September 30, 2004 vs. Nine Months Ended September 30, 2003

Net sales decreased from \$109,955 in the nine months ended September 30, 2003 to \$27,609 in the nine months ended September 30, 2004. This decrease is attributable to a reduction in telephones and continued increase in cell phone usage. Operating expenses decreased from \$131,076 or 120% of net sales to \$109,312 or 396% of net sales. The change in operating expenses was due to the following items: (i) an decrease in salaries of \$829 from \$20,000 in 2003 to \$19,171 in 2004; (ii) a decrease in lease payments for phone equipment (leases expired in March 2002) of \$2,705 from \$3,435 for the nine months ended September 30, 2003 to \$730 for the nine months ended September 30, 2004; (iii) a increase in general and administrative expenses of \$2,517 from \$53,938 for the nine months ended September 30, 2003 to \$56,455 for the nine months ended September 30, 2004; and (v) a decrease in professional fees of \$16,428 from \$36,425 in the nine months ended September 30, 2003 to \$19,997 in the nine months ended September 30, 2004. Since sales decreased and operating expenses decreased, the Company's net loss increased from (\$21,121) in the nine months ended September 30, 2003 to (\$81,703) in the nine months ended September 30, 2004. The numbers of pay telephones in service was approximately 150 telephones during the three months ended March 31, 2003 and 100 telephones during the three months ended March 31, 2004.

#### Liquidity and Capital Resources

On September 30, 2004 the Company had a cash overdraft of \$8,991. It was the opinion of Management that the lack of funds would not enable the Company to affect its registration under the Exchange Act and file periodic reports until such time as it is able to generate revenues/cash flow from its operations. Current funds having been expended and with managements' assumption that the Company may not generate sufficient revenues from operations, the Company will (a) be dependent upon management to fund operations and/or (b) be dependent upon some form of debt or equity financing, if available, and if available, under terms deemed reasonable to management. The management of the Company has orally committed to fund the Company on an "as needed" basis. The Company's auditors have included a "going concern" opinion in their report on the Company's financial statements contained in the Company's 10-KSB for the year ended

### Need for Additional Financing

The Company may rely upon issuance of its securities to pay for services necessary to meet reporting requirements.

### Off -Balance Sheet Arrangements
