2010 was NIS 21.3 million (US \$5.5 million), or NIS 1.57 (US \$0.40) per share

Willi-Food's sales for the second quarter of 2010 increased by 13.4% to NIS 82.6 million (US \$21.3 million) compared to sales of NIS 72.8 million (US \$18.8 million) in the second quarter of 2009. The growth in sales was driven by the introduction of new products as well as increased awareness of the Willi-Food brand in the Israeli market following a national media campaign launched during the first quarter.

Willi-Food's gross profit for the second quarter of 2010 increased by 30.1% to NIS 22.5 million (US \$5.8 million) compared to gross profit of NIS 17.3 million (US \$4.5 million) in the second quarter of 2009. Second quarter gross margin expanded to 27.3% compared to a gross margin of 23.8% during the same period in 2009. The increase in gross margins was largely due to the introduction of higher-margin products into the product lineup, offset by the depreciation of the New Israeli Shekel against the U.S. dollar, in 2010 second quarter, by 4.4%.

Willi-Food's operating income for the second quarter of 2010 increased by 32.0% to NIS 6.8 million (US \$1.8 million) compared to NIS 5.2 million (US \$1.3 million) reported in the second quarter of 2009. Selling expenses as a percentage of sales increased to 12.9% in the second quarter of 2010 compared to 10.1% in the second quarter of 2009 mainly due to increased promotion activities and higher transportation costs resulting from increased sales. General and administrative expenses as a percentage of sales decreased in the second quarter of 2010 to 6.2% from 6.6% in the second quarter of 2009.

Willi-Food's income before taxes for the second quarter of 2010 increased by 41.1% to NIS 7.8 million (US \$2.0 million) compared to income before taxes of NIS 5.5 million (US \$1.4 million) recorded in the second quarter of 2009. Willi-Food's income from continuing operations for the second quarter of 2010 increased by 40.8% to NIS 5.9 million (US \$1.5 million) compared to income from continuing operations of NIS 4.3 million (US \$1.1 million) recorded in the second quarter of 2009.

Willi-Food's net income for the second quarter of 2010 increased by 28.1% to NIS 6.8 million (US \$1.8 million) compared to net income of NIS 5.3 million (US \$1.4 million) recorded in the second quarter of 2009. Willi Food's net income attributable to the owners of the Company in the second quarter of 2010 increased by 15.9% to NIS 6.2 million (US \$1.6 million), or NIS 0.45 (US \$0.12) per share compared to a net income attributable to the owners of the Company of NIS 5.3 million (US \$1.4 million), or NIS 0.52 (US \$0.13) per share, recorded in the second quarter of 2009.

Willi-Food ended the quarter with US \$41.9 million in cash and securities and \$1.1 million in short-term debt (51% of the debt of Shamir Salads).

Willi-Food generated NIS 21.3 million (US \$5.5 million), or NIS 1.57 (US \$0.40) per share from continuing operating activities in the second quarter of 2010.

SIX-MONTH RESULTS

Willi-Food's sales for the six-month period ending June 30, 2010 increased by 14.5% to NIS 177.6 million (US \$ 45.8 million) compared to sales of NIS 155.1 million (US \$ 40.0 million) in the first half of 2009. Gross profit for the period increased 35.4% to NIS 50.8 million (US \$13.1 million) compared to gross profit of NIS 37.5 million (US \$ 9.7 million) for the six month period in 2009. First half gross margins in 2010 reached 28.6% compared to gross margins of

Edgar Filing: G WILLI FOOD INTERNATIONAL LTD - Form 6-K

24.2% in the same period of 2009.

Operating income for the first half of 2010 increased by 35.7% to NIS 17.4 million (US \$4.5 million) from NIS 12.8 million (US \$3.3 million) reported in the comparable period of last year. First half 2010 income before taxes increased by 36.3% to NIS 17.9 million (US \$4.6 million) compared to NIS 13.1 million (US \$3.4 million) recorded in the first half of 2009. Net income for the first half of 2010 increased by 17.9% to NIS 14.2 million (US \$3.7 million) from NIS 12.1 million (US \$3.1 million) in the first half of 2009. Net income attributable to the owners of the Company for the first half of 2010 increased by 17.4% to NIS 13.5 million (US \$3.5 million), or NIS 1.11 (US\$ 0.29) per share compared to net income attributable to the owners of the Company for the first half of 2009 of NIS 11.5 million (US \$3.0 million), or NIS 1.12 (US\$ 0.29) per share.

BUSINESS OUTLOOK

Mr. Zwi Williger, President and COO of Willi-Food commented: "For the fourth consecutive quarter, Willi-Food continued to achieve improved results in all the P&L parameters- sales, gross profit, operating profit and net profit. We achieved this due to the introduction of great-tasting, higher profit margin food products, which we have developed together with our suppliers, into the product mix lineup. We are pleased with our strong performance in the second quarter of 2010, especially that:

1. We increased our sales by 13.4% over second quarter 2009 sales, despite the fact that the Passover holiday in 2010 was on March and therefore all of the holiday sales were in the first quarter, versus 2009 in which the holiday occurred on April and therefore most the holiday sales were in the second quarter of 2009.
2. We increased our quarterly gross profit to 27.3% of sales from 23.8% of sales in the same quarter in 2009, despite the fact that the New Israeli Shekel depreciated in value by 4.4% against the U.S. dollar during the quarter (therefore raising our product purchase prices). This contrasted with the the second quarter of 2009, when the New Israeli Shekel appreciated in value by 6.5% against the U.S. dollar (therefore lowering our product purchase prices). In spite of the nearly 11% move in the exchange rates, we have successfully improved our gross margin."

"Revenue from the new products introduced in the past six month continues to maintain good momentum. We are committed to the continued development of new, innovative, high-margin food products with careful attention to meeting the special needs and health concerns of our customers. For example, we recently introduced to the market a new category of "Gelato" - kosher Italian ice-cream products, available in eight different flavors. Sales generated by our newly established export division in Israel, a key driver of our organic growth internationally, are also adding to our top line. As we see global consumer demand for kosher foods continuing to increase, we are confident that our focused marketing strategy in Israel and the introduction of higher-margin products targeted to health-conscious and kosher consumers worldwide will continue to support our growth in 2010 and beyond."

Mr. Williger concluded, "We are optimistic about the remainder of 2010 and believe we will continue to strengthen our market position by benefiting from a multi-channel approach and a broad kosher multi-product lineup that addresses a trend toward more health-conscious food choices. We will continue our efforts to

Edgar Filing: G WILLI FOOD INTERNATIONAL LTD - Form 6-K

expand our reach into targeted retail and wholesale markets in the U.S. This will include strategic distribution partnerships in order to expand the footprint and brand recognition of Willi-Food globally. We remain committed to our strategy of expanding marketing channels for our higher-margin products in the U.S., European and Israeli markets and to promoting our broad selection of kosher products to health-conscious consumers across Europe, Israel and the United States."
