SECTION 1 - REGISTRANT'S BUSINESS AND OPERATIONS

Item 1.01 Entry into a Material Definitive Agreement.

On April 18, 2011, Zolon Corporation (the "Company") entered into an agreement arranging for the purchase of certain contractual relationships, customers and accounts (with an assumption of obligations to employees and consultants) considered to be complementary to the Company's core business model. The transaction calls for the purchase of all of the outstanding stock of an entity formed to hold the contracts, relationships and business of another consulting company divesting itself from certain market segments. The Company assumed management and control of the subsidiary effective March 1, 2011 pending completion of certain pre-closing requirements. The Company is currently undertaking an audit of the financial information so the final valuation is subject to change but the consulting contracts have be presented to the Company as having resulted in revenue for the previous year in the range of \$16.8mm on a preliminary analysis basis. The number is presented in this Current Report as not yet reliable for anything other than a range of the value of the transaction. Upon completion of its analysis, the Company will update this information in a Current Report once audited financial information is available.
