(1) Pursuant to the rules and regulations of the Securities and Exchange Commission, shares of Common Stock that an individual or entity has a right to acquire within 60 days pursuant to the exercise of options or warrants are deemed to be outstanding for the purposes of computing the percentage ownership of such individual or entity, but are not deemed to be outstanding for the purposes of computing the percentage ownership of any other person or entity shown in the table.

Name	Class A Common Stock		Percent of Class	Class B Common Stock		Percent of Class	Total Voting Power

Totals	168,945,830		50.001 %	5,000,000		100.00 %	79.84	%

Amendment's Effect on Total Voting Power

The following table sets forth information as of December 27, 2012, with respect to the effect the Amendment will have on the overall voting power of the Company account for classes of stock entitled to vote:

Voting Power	Combined Voting Power Prior to Amendment		Issued and Outstanding After Amendment		Change in Voting Power After Amendment	
Principal Stockholders and Management	79.84	%	96.84	%	17.00	%
Other Stockholders	20.16	%	3.16	%	-17.00	%
Total	100	%	100	%		

Reasons for the Amendment of voting rights of the Class B Common Stock

The Board believes it is in the Company's best interest to increase the voting of the Class B Common Stock in lieu of simply increasing the authorized number of shares for the Class B Common Stock. The increase in the voting rights of the Class B will support the Company's expansion and future financing activities, if any. The Company's Board is currently contemplating ways in which the Company may attract new capital partners to support the Company's growth plan over the next 3-5 years. The Amendment will provide the Company the flexibility to consider and respond to future business opportunities and needs as they arise.

The increase in the voting rights of the Class B, however, will further concentrate the voting control of the Company with our principal stockholders and management and as a result decrease the voting power of the other stockholders. As indicated in the table above, the voting power of our principal stockholders and management will increase from 79.84% to 96.84% or an increase of total voting power of 500,000,000 to 5,000,000,000. Current shareholders voting power will be reduced by 17% while principal stockholders and management voting power will be increased by 17%.

Entity and Organization

The Graystone Company, Inc. ("Graystone") was originally incorporated in the State of New York on May 27, 2010 under the name of Argentum Capital, Inc. Graystone was reincorporated in Delaware on January 10, 2011 and

subsequently renamed the Company to The Graystone Company, Inc. on January 14, 2011. Graystone is domiciled in the state of Delaware, and its corporate headquarters are located in New York, New York. The Company selected December 31 as its fiscal year end.

Approval of the Amendment

As of the Record Date, our Board recommended, and the holders of a majority of our outstanding Class A Common Stock approved the Amendment to our Certificate of Incorporation, which will increase the authorized share count from 700,000,000 shares of Class A Common Stock to 5,000,000,000 shares of Class A Common Stock. The Amendment, attached as Appendix A, will be filed immediately with the Secretary of State for Delaware.

As of the Record Date, our Board recommended, and the holders of a majority of our outstanding Class A Common Stock and Class B Common Stock approved the Amendment to our Certificate of Incorporation, which will provide for the authorization of 500,000,000 shares of Preferred Stock. The Amendment, attached as Appendix A, will be filed immediately with the Secretary of State for Delaware.

As of the Record Date, our Board recommended, and the holders of a majority of our outstanding Class A Common Stock and Class B Common Stock approved the Amendment to our Certificate of Incorporation, which will provide for the increase of the voting rights of the Class B Common Stock to 1,000 votes per share. The Amendment, attached as Appendix A, will be filed immediately with the Secretary of State for Delaware.

Potential Anti-Takeover Effect

The increase in the authorized shares of our Class A Common Stock could, under certain circumstances, also be construed as having an anti-takeover effect (for example, by permitting easier dilution of the stock ownership of a person seeking to effect a change in the composition of the Board or contemplating a tender offer or other transaction resulting in our acquisition by another company). However, the proposed increase in the authorized share count is not in response to any effort by any person or group to accumulate our Class A Common Stock or to obtain control of us by any means. In addition, the proposal is not part of any plan by our Board to recommend or implement a series of anti-takeover measures.

Current Capitalization

Currently, we are authorized to issue up to 700,000,000 shares of Class A Common Stock, of which 337,882,497 shares were issued and outstanding as of the Record Date, and we have 5,000,000 shares of Class B Common Stock authorized and 5,000,000 issued and outstanding. After the Amendment, we will be authorized to issue up to 5,000,000,000 shares of Class A Common Stock, of which 337,882,497 shares will be issued and outstanding, 5,000,000 shares of Class B Common Stock authorized of which 5,000,000 will be issued and outstanding, and 500,000,000 shares of Preferred Stock of which 0 are issued and outstanding.

Authorized share count before and after Amendment

Class Of Stock	Authorized Prior to Amendment	Authorized After Amendment
Class A Common Stock	700,000,000	5,000,000,000
Class B Common Stock	5,000,000	5,000,000
Preferred Stock	0	500,000,000

Authorized share count before and after Amendment

Class Of Stock	Issued and Outstanding Prior to Amendment	Issued and Outstanding After Amendment
Class A Common Stock	337,882,497	337,882,497
Class B Common Stock	5,000,000	5,000,000
Preferred Stock	0	0

Reasons for the Amendment

The Board believes it is in the Company's best interest to increase the authorized number of Class A Common Stock and to authorize the Preferred Stock. The increase in the Class A Common Stock authorized will increase the authorized shares available for issuance, which has been determined by the Board to provide for a sufficient amount of Class A Common Stock to support its expansion and future financing activities, if any. The authorization of the Preferred Stock will increase the authorized shares available for issuance, which has been determined by the Board to provide for sufficient amounts of capital to support its expansion and future financing activities, if any, and to help reduce the burden on the Class A Common Stock as the sole source of capital financing.

To the extent that additional authorized shares are issued in the future, such issuance may decrease our existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to our existing stockholders. The holders of our Class A Common Stock have no preemptive rights. We currently have no plans, commitments or arrangements to issue the additional available authorized shares other than shares underlying existing obligations as disclosed in the Company's annual and quarterly reports.

When the Board deems it to be in the best interest of the Company and stockholders to issue additional shares of Common Stock in the future from authorized shares, the Board will not seek further authorization by vote of the stockholders, unless such authorization is otherwise required by law or regulation or the rules of any stock exchange on which the shares of Common Stock may then be listed. The Board will have discretion and be able, at its sole discretion, to designate the rights, preferences, privileges and terms of the Preferred Stock.
