NOTE 1 – THE COMPANY AND BASIS OF PRESENTATION

Asure Software, Inc., (“Asure”, the “Company”, “we” and “our”), a Delaware Corporation, is a leading provider of Human Capital Management (“HCM”) and Workplace Management, offering intuitive and innovative cloud-based solutions designed to help organizations of all sizes and complexities build companies of the future. Our cloud platforms enables clients worldwide to better manage their people and space in a mobile, digital, multi-generational, and global landscape. Asure’s offerings include a fully-integrated HCM platform, flexible benefits and compliance administration, Human Resources (“HR”) consulting, and time and labor management as well as a full suite of workspace management solutions for conference room scheduling, desk sharing programs, and real estate optimization. We develop, market, sell and support our offerings worldwide through our principal office in Austin, Texas and through additional offices in Alabama, Florida, Massachusetts, Michigan, Oregon, Vermont, Washington, and the United Kingdom. As a result of the 2018 acquisitions, we also have operations in California, Iowa, Tennessee, North Carolina, Georgia and New York.

We have prepared the accompanying unaudited condensed consolidated financial statements in accordance with the rules and regulations of the Securities and Exchange Commission and accordingly, they do not include all information and footnotes required under U.S. generally accepted accounting principles for complete financial statements. Certain reclassifications were made to conform to the current period presentation in the condensed consolidated balance sheets. These reclassifications include a reclassification to the long-term deferred tax liability.

In the opinion of management, these interim financial statements contain all adjustments, consisting of normal, recurring adjustments, necessary for a fair presentation of our financial position as of September 30, 2018, the results of operations for the three and nine months ended September 30, 2018 and September 30, 2017, and our cash flows for the nine months ended September 30, 2018 and September 30, 2017.

These condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements and notes thereto filed with the Securities and Exchange Commission in our annual report on Form 10-K for the fiscal year ended December 31, 2017. The results for the interim periods are not necessarily indicative of results for a full fiscal year.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash deposits and highly liquid investments with an original maturity of three months or less when purchased.

INVESTMENTS AVAILABLE-FOR SALE

Available-for-sale securities are carried at fair value, with the unrealized gains and losses reported in accumulated other comprehensive income (loss). The amortized cost of debt securities is adjusted for amortization of premiums and accretion of discounts to maturity. The amortization of premiums and accretion of discounts is included in interest income. Realized gains and losses and declines in value judged to be other-than-temporary, if any, on available-for-sale securities are included in other income (expense). The cost of securities sold is based on the specific identification method. Interest and dividends on securities classified as available-for-sale are included in interest income.

LIQUIDITY

In April 2018, we filed a universal shelf registration statement on Form S-3 with the Securities and Exchange Commission (“SEC”) to provide access to additional capital, if needed. Pursuant to the shelf registration statement, we may from time to time offer to sell in one or more offerings shares of our common stock or other securities having an aggregate value of up to \$175,000 (which includes approximately \$60,000 of unsold securities that were previously registered on our currently effective registration statements). The shelf registration statement relating to these securities became effective on April 16, 2018. As of September 30, 2018, there is \$133,438 remaining available under the shelf registration statement.

In June 2018, we completed an underwritten public offering in which we sold an aggregate of 2,375,000 shares of our common stock at a public offering price of \$17.50 per share. We realized net proceeds of approximately \$38,910 after deducting underwriting discounts and estimated offering expenses.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(Amounts in thousands, except share and per share data unless otherwise noted)

As of September 30, 2018, our principal sources of liquidity consisted of \$19,194 of cash and cash equivalents, cash we expect to generate in the future from our business operations, \$5,000 available for borrowing under our revolving line of credit, and \$25,000 delayed draw term loan commitment with Wells Fargo Bank, National Association (“Wells Fargo”) discussed in Note 6 – Notes Payable. We believe that we have and/or will generate sufficient cash for our short- and long-term needs, including meeting the requirements of our term loan, and the related debt covenant requirements. We continue to seek reductions in our expenses as a percentage of revenue on an annual basis and thus may utilize our cash balances in the short-term to reduce long-term costs. We believe that we have and/or will generate sufficient cash for our operational needs, including any required debt payments, for at least the next twelve months from the issuance of these condensed consolidated financial statements. However, we may need to raise additional capital or incur additional indebtedness to grow our existing software operations and to seek additional strategic acquisitions in the near future.

Management is focused on growing our existing product offering, as well as our customer base, to increase our recurring revenue. We have made and will continue to explore additional strategic acquisitions. We expect to fund any future acquisitions with equity, available cash, cash we expect to generate in the future from our business operations, funds under our credit facilities, and cash generated from the issuance of equity or debt securities.

We cannot assure that we can grow our cash balances or limit our cash consumption and thus maintain sufficient cash balances for our planned operations or future acquisitions. Future business demands may lead to cash utilization at levels greater than recently experienced. We will need to raise additional capital in the future. However, we cannot assure that we will be able to raise additional capital on acceptable terms, or at all.

In our evaluation of the Company’s ability to continue as a going concern in accordance with ASU 2014-15, we have considered factors such as the Company’s historical and forecasted results of operations and cash flows from operations. The Company recorded \$9,277 of net loss and \$6,062 of cash outflows from operations during the nine months ended September 30, 2018, which are indicators of substantial doubt regarding the Company’s ability to continue as a going concern.. We believe that we have sufficient capital and liquidity to fund and cultivate the growth of our current and future operations for at least the next twelve months from the issuance of these condensed consolidated financial statements and to maintain compliance with the terms of our debt agreements and related covenants or to obtain compliance through debt repayments made with the available cash on hand or anticipated for receipt in the ordinary course of operations, which will mitigate such substantial doubt regarding the Company’s ability to continue as a going concern.

RECENT ACCOUNTING PRONOUNCEMENTS

Recently Adopted Standards

Effective January 1, 2018, we adopted the Financial Accounting Standards Board (“FASB”) Accounting Standards Update (“ASU”) 2014-09, *Revenue from Contracts with Customers (Topic 606)*, and ASU 2015-14, *Revenue from Contracts with Customers (Topic 606): Deferral of Effective Date*, which deferred the effective date of ASU 2014-09 by one year. ASU 2014-09 (“Topic 606”) (“Revenue from Contracts with Customers”) supersedes the revenue recognition requirements in ASC 605, *Revenue Recognition*, and is based on the principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. It also requires additional disclosure about the nature, amount, timing, and uncertainty of revenue, cash flows arising from customer contracts, including significant judgments and changes in judgments, and assets recognized from costs incurred to obtain or fulfill a contract. The adoption of ASU 2014-09, using the modified retrospective approach, had no significant impact on our results of operations, cash flows, or financial position. The initial application was applied to all contracts at the date of initial application. We recognized the cumulative effect of initially applying the new revenue standard as an adjustment to the opening balance of retained earnings. Results of reporting periods after January 1, 2018 are presented under Topic 606, while prior period amounts are not adjusted and continue to be reported in accordance with our historic accounting under Topic 605.

We recorded a \$1,502 cumulative effect adjustment to opening retained earnings as of January 1, 2018 related to an increase in deferred commissions. There was no impact to revenue as a result of applying Topic 606.

The primary impact of adopting Topic 606 is to sales commissions related to onboarding new clients that were previously expensed. Under the new standard, these costs are now capitalized as deferred commissions and amortized over the estimated customer life of five to ten years.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(Amounts in thousands, except share and per share data unless otherwise noted)

In November 2016, the FASB issued ASU 2016-18, “Statement of Cash Flows (Topic 230): Restricted Cash,” which requires the change in restricted cash or cash equivalents to be included with other changes in cash and cash equivalents in the statement of cash flows. The ASU is effective for fiscal years beginning after December 15, 2017, with early adoption permitted. The adoption of this accounting standard did not have a material impact on our financial position, results of operations, cash flows, or presentation thereof.

In January 2017, the FASB issued ASU 2017-01, “Business Combinations (Topic 805): Clarifying the Definition of a Business” (“ASU 2017-01”). ASU 2017-01 clarifies the definition of a business with the objective of adding guidance to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The definition of a business affects many areas of accounting including acquisitions, disposals, goodwill, and consolidation. The guidance is effective for annual periods beginning after December 15, 2017. The adoption of this accounting standard did not have a material impact on our financial position, results of operations, cash flows, or presentation thereof.

In May 2017, the FASB issued ASU 2017-09, “Compensation – Stock Compensation (Topic 718) Scope of Modification Accounting,” which clarifies when to account for a change in the terms or conditions of a share-based payment award as a modification. ASU 2017-09 requires modification accounting only if the fair value, the vesting conditions, or the classification of the award (as equity or liability) changes as a result of the change in terms or conditions. ASU 2017-09 is effective for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. The adoption of this accounting standard did not have a material impact on our financial position, results of operations, cash flows, or presentation thereof.

Standards Yet To Be Adopted

In February 2016, the FASB issued ASU No. 2016-02, “Leases (Topic 842)”. The core principle of the standard is that a lessee should recognize the assets and liabilities that arise from leases. A lessee should recognize in its statement of financial position a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. We will be required to adopt the new standard in the first quarter of 2019. While we are currently evaluating the impact ASU 2016-02 will have on our consolidated financial statements, we expect the adoption will result in a material increase in the assets and liabilities recorded on our Condensed

Consolidated Balance Sheets and additional qualitative and quantitative disclosures.

In February 2018, the FASB issued ASU No. 2018-02, "Income Statement - Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income", which provides entities the option to reclassify tax effects stranded in accumulated other comprehensive income as a result of the 2017 Tax Cuts and Jobs Act ("the Tax Act") to retained earnings. The guidance is effective for fiscal years beginning after December 15, 2018, with early adoption permitted. We do not expect the adoption of this accounting standard to have a material impact on our financial position, results of operations, cash flows, or presentation thereof.

REVENUE RECOGNITION

On January 1, 2018, we adopted Topic 606 using the modified retrospective method applied to those contracts which were not completed as of January 1, 2018. Results of reporting periods beginning after January 1, 2018 are presented under Topic 606, while prior period amounts are not adjusted and continue to be reported in accordance with our historic accounting under Topic 605. There was no impact to revenue as a result of applying Topic 606 for the three and nine months ended September 30, 2018.

Our revenue consist of software-as-a-service ("SaaS") offerings and time-based software subscription license arrangements that also, typically include hardware, maintenance/support, and professional services elements. We recognize revenue on an output basis when control of the promised goods or services is transferred to our customers, in an amount that reflects the consideration we expect to be entitled to in exchange for those goods or services. Our contracts with customers may include multiple performance obligations. For such arrangements, we allocate revenue to each performance obligation based on its relative standalone selling price. We determine standalone selling prices based on the amount that we believe the market is willing to pay determined through historical analysis of sales data as well as through use of the residual approach when we can estimate the standalone selling price for one or more, but not all, of the promised goods or services.

ASURE SOFTWARE, INC.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(Amounts in thousands, except share and per share data unless otherwise noted)

SaaS arrangements and time-based software subscriptions typically have an initial term ranging from one to three years and are renewable on an annual basis. A typical SaaS/software subscription arrangement will also include hardware, setup and implementation services. Revenue allocated to the SaaS/software subscription performance obligations are recognized on an output basis ratably as the service is provided over the non-cancellable term of the SaaS/subscription service and are reported as Cloud revenue on the Consolidated Statement of Comprehensive Loss. Revenue allocated to other performance obligations included in the arrangement is recognized as outlined in the paragraphs below.

Hardware devices sold to customers (typically time clocks, LCD panels, sensors and other peripheral devices) are sold as either a standard product sell arrangement where title to the hardware passes to the customer or under a hardware-as-a-service (“HaaS”) arrangement where the title to the hardware remains with Asure. Revenue allocated to hardware sold as a standard product are recognized on an output basis when title passes to the customer, typically the date we ship the hardware. Revenue allocated to hardware under a hardware-as-a-service (“HaaS”) arrangement are recognized on an output basis, recorded ratably as the service is provided over the non-cancellable term of the HaaS arrangement, typically one year. Revenue recognized from hardware devices sold to customers via either of the two above types of arrangements are reported as Hardware revenue on the Consolidated Statement of Comprehensive Loss.

Our professional services offerings typically include data migration, set up, training, and implementation services. Set up and implementation services typically occur at the start of the software arrangement while certain other professional services, depending on the nature of the services and customer requirements, may occur several months later. We can reasonably estimate professional services performed for a fixed fee and we recognize allocated revenue on an output basis on a proportional performance basis as the service is provided. We recognize allocated revenue on an output basis for professional services engagements billed on a time and materials basis as the service is provided. We recognize allocated revenue on an output basis on all other professional services engagements upon the earlier of the completion of the service’s deliverable or the expiration of the customer’s right to receive the service. Revenue recognized from professional services offerings are reported as Professional service revenue on the Consolidated Statement of Comprehensive Loss.

We recognize allocated revenue for maintenance/support on an output basis ratably over the non-cancellable term of the support agreement. Initial maintenance/support terms are typically one to three years and are renewable on an annual basis. Revenue recognized from maintenance/support are reported as Maintenance and support revenue on the

Consolidated Statement of Comprehensive Loss.

We do not recognize revenue for agreements with rights of return, refundable fees, cancellation rights or substantive acceptance clauses until these return, refund or cancellation rights have expired or acceptance has occurred. Our arrangements with resellers do not allow for any rights of return.

Our payment terms vary by the type of customer and the customer's payment history and the products or services offered. The term between invoicing and when payment is due is not significant and as such our contracts do not include a significant financing component. The transaction prices of our contracts do not include consideration amounts that are variable and do not include noncash consideration.

Deferred revenue includes amounts invoiced to customers in excess of revenue we recognize, and is comprised of deferred Cloud, HaaS, Maintenance and support, and Professional services revenue. We recognize deferred revenue when we complete the service and over the terms of the arrangements, primarily ranging from one to three years.

CONTINGENCIES

Although we have been, and in the future may be, the defendant or plaintiff in various actions arising in the normal course of business, as of September 30, 2018, we were not party to any pending legal proceedings.

NOTE 3 – INVESTMENTS AND FAIR VALUE MEASUREMENTS

During the three months ended September 30, 2018, \$4,217 of Funds Held for Clients were invested in short-term available-for-sale securities consisting of government and commercial bonds, including mortgage backed securities. There were no investments in securities during the first six months of 2018 and the three and nine months ended September 30, 2017. At September 30, 2018, we also had \$10,000 in money market funds, classified as cash equivalents.

(Amounts in thousands, except share and per share data unless otherwise noted)

Investments classified as short-term available-for-sale as of September 30, 2018 consisted of the following:

As of September 30, 2018	Amortized Cost	Gross Unrealized Gains ⁽¹⁾	Gross Unrealized Losses ⁽¹⁾	Aggregate Estimated Fair Value
Corporate debt securities ⁽²⁾	\$ 4,318	\$ 14	\$ (115)	\$ 4,217

Unrealized gains and losses on available-for-sale securities are included as a component of comprehensive loss. At September 30, 2018, there were 27 securities in an unrealized gain position and there were 29 securities in an unrealized loss position. These unrealized losses were less than \$25,000 individually and \$115,000 in the aggregate. These securities have not been in a continuous unrealized gain or loss position for more than 12 months. The Company does not intend to sell these investments and it is not more likely than not that the Company will be (1) required to sell these investments before recovery of their amortized cost basis, which may be at maturity. The Company reviews its investments to identify and evaluate investments that have an indication of possible other-than-temporary impairment. Factors considered in determining whether a loss is other-than-temporary include the length of time and extent to which fair value has been less than the cost basis, the financial condition and near-term prospects of the investee, and the Company's intent and ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in market value.

(2) At September 30, 2018, none of these securities were classified as cash and cash equivalents on the Company's balance sheet and none of these securities were scheduled to mature outside of one year.

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* defines fair value, establishes a framework for measuring fair value in U.S. generally accepted accounting principles and expands disclosures about fair value measurements.

ASC 820 establishes a three-tier fair value hierarchy, which is based on the reliability of the inputs used in measuring fair values. These tiers include:

Level 1: Quoted prices in active markets for *identical* assets or liabilities;

Level 2: Quoted prices in active markets for *similar* assets or liabilities; quoted prices in markets that are not active for identical or similar assets or liabilities; and model-driven valuations whose significant inputs are observable; and

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

At September 30, 2018, we had \$10,000 in money market funds, classified as cash equivalents. Short-term available-for-sale securities consist of government and commercial bonds, including mortgage backed securities, and are classified as Funds Held for Clients on the accompanying condensed consolidated balance sheet.

NOTE 4 – ACQUISITIONS

2018 Acquisitions

In January 2018, we acquired all of the outstanding shares of common stock of Pay Systems of America, Inc. (“Pay Systems”), a provider of HR, payroll and employee benefits services. The aggregate consideration for the shares consisted of (i) \$19,194 in cash and (ii) a subordinated promissory note (the “Pay Systems Note”) in the principal amount of \$1,572, subject to adjustment. We funded the cash payment with cash on hand. The Pay Systems Note bears interest at an annual rate of 2.0% and is payable in two installments – one-half, plus accrued interest, on July 1, 2018 and the remaining principal balance and accrued interest on January 1, 2019.

In January 2018, we also completed the acquisitions of two other companies that are current resellers of our leading Human Resource Information System platform. We funded these two acquisitions with cash on hand, subordinated promissory notes and shares of Asure common stock.

In April 2018, we acquired all of the assets of a provider of outsourced HR, consulting, and professional services around payroll and employee benefits; and we acquired all of the share capital of a provider of a sensor-based solution that allows organizations across the world to streamline operations, create efficiencies, enhance productivity, and analyze employee engagement. We funded these acquisitions with cash (using borrowed funds under our Second Restated Credit Agreement) and subordinated promissory notes.

In April 2018, we also purchased a portfolio of customer accounts and the related contracts for payroll processing services (known as Evolution Payroll) from Wells Fargo for an aggregate purchase price of \$10,450. The aggregate purchase price consisted of (i) \$10,000 in cash and (ii) a subordinated promissory note (the “Evolution Payroll Note”) in the principal amount of \$450. The Evolution Payroll Note bears interest at an annual rate of 2.0%, and the unpaid principal and all accrued interest under the Evolution Payroll Note is payable on April 9, 2020. To finance this transaction, we borrowed approximately \$10,000 under our Second Restated Credit Agreement.

In July 2018, we acquired all of the capital stock of USA Payroll, Inc. and assets of its affiliates (“USA Payroll”), a payroll processing company based in Rochester, New York and a licensee of our Evolution software. The aggregate purchase price consisted of (i) \$18,561 in cash; (ii) a subordinated promissory note (the “USA Payroll Notes”) in the principal amount of \$3,263; and (iii) 225,089 unregistered shares of our common stock valued at \$3,600 based on a volume-weighted average of the closing prices of our common stock during a 90-day period. We funded the cash payment with cash on hand. The USA Payroll Notes bear interest at an annual rate of 3.0%. Interest payments are due on July 1, 2019, July 1, 2020 and accrued interest and principal is due on July 1, 2021.

Except for the purchase of Pay Systems Evolution Payroll portfolio and USA Payroll, the 2018 acquisitions, individually, were not material to our results of operations, financial position, or cash flows. We have treated the purchase of the Evolution Payroll portfolio as an acquisition of assets, rather than as an acquisition of a business.

Purchase Price Allocation

Following is the purchase price allocation for the 2018 business acquisitions. We based the preliminary fair value estimate for the assets acquired and liabilities assumed for these acquisitions upon preliminary calculations and valuations. Our estimates and assumptions for these acquisitions are subject to change as we obtain additional information for our estimates during the respective measurement periods (up to one year from the acquisition date). The primary areas of those preliminary estimates that we have not yet finalized relate to certain tangible assets and liabilities acquired, and income and non-income based taxes.

We recorded the transactions, with the exception of the Evolution Payroll portfolio purchase, using the acquisition method of accounting and recognized assets and liabilities assumed at their fair value as of the dates of acquisitions. The \$36,960 of intangible assets subject to amortization consist of \$32,200 allocated to Customer Relationships, \$2,100 for Developed Technology, \$2,330 for Trade Names, and \$330 for Noncompete Agreements. To value the Trade Names, we employed the relief from royalty method under the market approach. For the Noncompete Agreements, we employed a form of the income approach which analyzes the Company’s profitability with these assets in place, in contrast to the Company’s profitability without them. For the Customer Relationships and Developed Technology, we employed a form of the excess earnings method, which is a form of the income approach. The discount rate used in valuing these assets ranged from 13.0% to 33.0%, which reflects the risk associated with the

intangible assets related to the other assets and the overall business operations to us. We estimated the fair values of the Trade Names using the relief from royalty method based upon a 1.0% royalty rate.

We believe significant synergies are expected to arise from these strategic acquisitions. This factor contributed to a purchase price that was in excess of the fair value of the net assets acquired and, as a result, we recorded goodwill for each acquisition. A portion of acquired goodwill will be deductible for tax purposes.

The purchase of the Evolution Payroll portfolio has been accounted for as an asset acquisition under the acquisition method of accounting. The amendments in ASU 2017-01 provide a screen to determine when a set of assets and activities is not a business. The screen requires that when substantially all of the fair value of the gross assets acquired (or disposed of) is concentrated in a single identifiable asset or a group of similar identifiable assets, the set of assets and activities is not a business. Since the acquisition was determined to be an asset acquisition, the total value of the purchase consideration is allocated to the asset acquired. Management assessed the fair value of the promissory note and cash consideration as of April 1, 2018, which was as follows:

	Fair Value
Cash	\$ 10,000
Promissory note	450
Debt discount	(46)
Total	\$ 10,404

Fair value of asset acquired, Customer Relationships **\$ 10,404**

As an asset acquisition, we also capitalized approximately \$40 of total costs incurred to complete the acquisition consisting of legal fees of approximately \$30 and accounting fees of approximately \$10. The total intangible asset of \$10,444 is recorded in our consolidated balance sheet within Intangible Assets- Customer Relationships, and is being amortized over its estimated useful life of eight years.

Transaction costs incurred for the 2018 business acquisitions were \$1,000 and \$3,301 in the three and nine months ended September 30, 2018, respectively, and were expensed as incurred and included in selling, general and administrative expenses.

Contingent consideration

In connection with the acquisition of all of the assets of a provider of outsourced human resources, consulting, and professional services in April 2018, we recorded contingent consideration based upon the expected achievement of certain milestone goals. We will record any changes to the fair value of contingent consideration due to changes in assumptions used in preparing the valuation model in selling, general and administrative expenses in the Consolidated Statements of Comprehensive Income (Loss).

Contingent consideration is valued using a multi-scenario discounted cash flow method. The assumptions used in preparing the discounted cash flow method include estimates for outcomes if milestone goals are achieved and the probability of achieving each outcome. Management estimates probabilities and then applies them to management's conservative case forecast, most likely case forecast and optimistic case forecast with the various scenarios. The Company retained a third party expert to assist in determining the value of the contingent consideration as of April 1, 2018.

Table of Contents**ASURE SOFTWARE, INC.****NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

(Unaudited)

(Amounts in thousands, except share and per share data unless otherwise noted)

As of April 1, 2018, the third party expert determined the value of the contingent consideration for the acquisition was \$489. The valuation of the contingent consideration was based on a Monte Carlo simulation model for fiscal 2017 to 2019. Management provided revenue projections (an unobservable input) of \$3,075 for fiscal 2018 (partial year), and \$4,408 for fiscal 2019, respectively. Based on current projections, we released the liability for the contingent consideration as of September 30, 2018, and recorded \$489 of Other Income in the accompanying condensed consolidated statement of operations.

Unaudited Pro Forma Financial Information

The following unaudited summary of pro forma combined results of operations for the three and nine months ended September 30, 2018 and September 30, 2017 gives effect to our 2017 and 2018 business and asset acquisitions as if we had completed them on January 1, 2017. This pro forma summary does not reflect any operating efficiencies, cost savings or revenue enhancements that we may achieve by combining operations. In addition, we have not reflected certain non-recurring expenses, such as legal expenses and other transactions expenses for the first 12 months after the acquisition, in the pro forma summary. We present this pro forma summary for informational purposes only and it is not necessarily indicative of what our actual results of operations would have been had the acquisitions taken place as of January 1, 2017, nor is it indicative of future consolidated results of operations.

NOTE 5 – GOODWILL AND OTHER INTANGIBLE ASSETS

We accounted for our historical acquisitions in accordance with ASC 805, *Business Combinations*. We recorded the amount exceeding the fair value of net assets acquired at the date of acquisition as goodwill. We recorded intangible assets apart from goodwill if the assets had contractual or other legal rights or if the assets could be separated and sold, transferred, licensed, rented or exchanged. Our goodwill relates to acquisitions from 2011 through 2018.

Table of Contents**ASURE SOFTWARE, INC.****NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

(Unaudited)

(Amounts in thousands, except share and per share data unless otherwise noted)

In accordance with ASC 350, *Intangibles-Goodwill and Other*, we review and evaluate our long-lived assets, including intangible assets with finite lives, for impairment whenever events or changes in circumstances indicate that we may not recover their net book value. We test goodwill for impairment on an annual basis in the fourth fiscal quarter of each year, and between annual tests, if indicators of potential impairment exist, using a fair-value-based approach. There has been no impairment of goodwill for the periods presented. We amortize intangible assets not considered to have an indefinite useful life using the straight-line method over their estimated period of benefit, which generally ranges from one to nine years. Each reporting period, we evaluate the estimated remaining useful life of intangible assets and assess whether events or changes in circumstances warrant a revision to the remaining period of amortization or indicate that impairment exists. We have not identified any impairments of finite-lived intangible assets during any of the periods presented.

The following table summarizes the changes in our goodwill:

Balance at December 31, 2017	\$77,348
Goodwill recognized upon acquisitions	31,632
Adjustments to Goodwill associated with acquisitions	(1,490)
Foreign exchange adjustment to goodwill	67
Balance at September 30, 2018	\$107,557

The gross carrying amount and accumulated amortization of our intangible assets as of September 30, 2018 and December 31, 2017 are as follows:

On January 1, 2016, we adopted ASU 2015-03 for debt issuance costs on our term loan, on a retrospective basis. Term Loan - Wells Fargo

In March 2014, we entered into a credit agreement (the “Credit Agreement”) with Wells Fargo, as administrative agent, and the lenders that are party thereto. The Credit Agreement contains customary events of default, including, among others, payment defaults, covenant defaults, judgment defaults, bankruptcy and insolvency events, cross defaults to certain indebtedness, incorrect representations or warranties, and change of control. In some cases, the defaults are subject to customary notice and grace period provisions. In March 2014 and in connection with the Credit Agreement, we and our wholly-owned active subsidiaries entered into a Guaranty and Security Agreement with Wells Fargo Bank. Under the Guaranty and Security Agreement, we and each of our wholly-owned active subsidiaries have guaranteed all obligations under the Credit Agreement and granted a security interest in substantially all of our and our subsidiaries’ assets.

Second Amended and Restated Credit Agreement

In March 2018, we entered into a second amended and restated credit agreement (the “Second Restated Credit Agreement”) with Wells Fargo, and the lenders that are parties thereto, amending and restating the terms of the Amended and Restated Credit Agreement dated as of May 2017.

The Second Restated Credit Agreement provides for a total of \$175,000 in available financing consisting of (a) \$105,000 in the aggregate principal amount of term loans, an increase of approximately \$36,750; (b) a \$5,000 line of credit, (c) a \$25,000 delayed draw term loan commitment for the financing of permitted acquisitions, which is a new financing option for us; and (d) a \$40,000 accordion, an increase of \$30,000. The accordion allows us to increase the amount of financing we receive from our lenders at our option. Financing under the delayed draw term loan commitment and accordion are subject to certain conditions as described in the Second Restated Credit Agreement.

The Second Restated Credit Agreement amends the applicable margin rates for determining the interest rate payable on the loans as follows:

Leverage Ratio	First Out Revolver Base Rate Margin	First Out Revolver LIBOR Rate Margin	First Out TL Base Rate Margin	First Out TL LIBOR Rate Margin	Last Out Base Rate Margin	Last Out LIBOR Rate Margin

The outstanding principal amount of the term loans is payable as follows:

\$263 beginning on June 30, 2018 and the last day of each fiscal quarter thereafter up to March 31, 2020, plus an additional amount equal to 0.25% of the principal amount of all delayed draw term loans;
\$656 beginning on June 30, 2020 and the last day of each fiscal quarter thereafter up to March 31, 2021, plus an additional amount equal to 0.625% of the principal amount of all delayed draw term loans; and
\$1,313 beginning on June 30, 2021 and the last day of each fiscal quarter thereafter, plus an additional amount equal to 1.25% of the principal amount of all delayed draw term loans.

The outstanding principal balance and all accrued and unpaid interest on the term and revolving loans is due on May 25, 2022.

The Second Restated Credit Agreement also:

amends our leverage ratio covenant to increase the maximum ratio to 6.50:1 at March 31, 2018 and June 30, 2018, 6.00:1 at September 30, 2018 and December 31, 2018 and then stepping down each quarter-end thereafter;
amends our fixed charge coverage ratio to be not less than 1.25:1 at March 31, 2018 and each quarter-end thereafter;
and
removes the TTM recurring revenue covenant.

As of September 30, 2018 and December 31, 2017, \$0 was outstanding and \$5,000 was available for borrowing under the revolver.

As of September 30, 2018, we were in compliance with all covenants and all payments remain current. We expect to be in compliance or be able to obtain compliance through debt repayments with available cash on hand or cash we expect to generate from the ordinary course of operations over the next twelve months.

NOTE 7 – Contracts with Customers

Receivables

Receivables from contracts with customers, net of allowance for doubtful accounts of \$706, were \$15,878 at September 30, 2018. Receivables from contracts with customers, net of allowance for doubtful accounts of \$425, were \$12,032 at December 31, 2017.

Deferred Commissions

Deferred commissions costs from contracts with customers were \$3,371 and \$636 at September 30, 2018 and December 31, 2017, respectively. The amount of amortization recognized in the period was \$251.

Deferred Revenue

Revenue of \$2,483 was recognized during the three months ended September 30, 2018 that was included in the deferred revenue balance at the beginning of the period.

Transaction Price Allocated to the Remaining Performance Obligations

As of September 30, 2018, approximately \$54,651 of revenue is expected to be recognized from remaining performance obligations. We expect to recognize revenue on approximately 51% of these remaining performance obligations over the next 12 months, with the balance recognized thereafter.

NOTE 8 – SHARE BASED COMPENSATION

In May 2018, our stockholders approved the Asure Software, Inc. 2018 Incentive Award Plan (the “2018 Plan”). The 2018 Plan supersedes and replaces in its entirety the 2009 Equity Plan (the “2009 Plan”), and no further awards will be granted under the 2009 Plan; however, the terms and conditions of the 2009 Plan will continue to govern any outstanding awards granted thereunder.

The number of shares available for issuance under the 2018 Plan is equal to the sum of (i) 750,000 shares, and (ii) any shares subject to issued and outstanding awards under the 2009 Plan as of the effective date of the 2018 Plan that expire, are cancelled or otherwise terminate following the effective date of the 2018 Plan. We have 1,568,398 options granted and outstanding and 224,589 shares available for grant pursuant to the 2018 Plan as of September 30, 2018.

Share based compensation for our stock option plans for the three months ended September 30, 2018 and September 30, 2017 were \$363 and \$138, respectively, and \$887 and \$363 for the nine months ended September 30, 2018 and 2017, respectively. We issued 2,000 shares of common stock related to exercises of stock options for the three months ended September 30, 2018 and 51,000 for the three months ended September 30, 2017, respectively.

NOTE 9 – OTHER COMPREHENSIVE LOSS

Comprehensive income (loss) represents a measure of all changes in equity that result from recognized transactions and other economic events other than those resulting from investments by and distributions to shareholders. Our other comprehensive income (loss) includes foreign currency translation adjustments.

The following table presents the changes in each component of accumulated other comprehensive income (loss), net of tax:

	Foreign Currency Items	Accumulated Other Comprehensive Loss Items

NOTE 10 – NET LOSS PER SHARE

We compute net loss per share based on the weighted average number of common shares outstanding for the period. Diluted net loss per share reflects the maximum dilution that would have resulted from incremental common shares issuable upon the exercise of stock options. We compute the number of common share equivalents, which includes stock options, using the treasury stock method. We have excluded stock options to acquire 1,568,000 shares for the three and nine months ended September 30, 2018, and 904,000 shares for the nine months ended September 30, 2017 from the computation of the dilutive stock options because the effect of including the stock options would have been anti-dilutive.

The following table sets forth the computation of basic and diluted net income (loss) per common share for the three and nine months ended September 30, 2018 and September 30, 2017:

	For the Three Months Ended September 30,		For the Nine Months Ended September 30,

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Certain statements in this Report represent forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results of operations, levels of activity, economic performance, financial condition or achievements to be materially different from future results of operations, levels of activity, economic performance, financial condition or achievements as expressed or implied by such forward-looking statements. Asure has attempted to identify these forward-looking statements with the words “believes,” “estimates,” “plans,” “expects,” “anticipates,” “may,” “could” and other similar expressions. Although these forward-looking statements reflect management’s current plans and expectations, which we believe are reasonable as of the filing date of this report, they inherently are subject to certain risks and uncertainties. These risks and uncertainties include — but are not limited to — adverse changes in the economy, financial markets, and credit markets; delays or reductions in information technology spending; the development of the market for cloud based workplace applications; product development; market acceptance of new products and product improvements; our ability to retain or increase our customer base; security breaches; errors, disruptions or delays in our services; privacy concerns and laws; changes in our sales cycle; competition, including pricing pressures, entry of new competitors, and new technologies; intellectual property enforcement and litigation; our ability to obtain additional capital; our ability to hire, retain and motivate employees; our ability to manage our growth; our ability to realize benefits from acquisitions; the level of our indebtedness; changes in sales may not be immediately reflected in our operating results due to our subscription model; changes in laws and regulations; changes in the Internet infrastructure; disruptions in computing and communication infrastructure; and changes in accounting standards. Asure is under no obligation to update any of the forward-looking statements after the date of this Form 10-Q to conform such statements to actual results.

OVERVIEW

The following review of Asure’s financial position as of September 30, 2018 and December 31, 2017 and the results of operations and cash flows for the three and nine months ended September 30, 2018 and September 30, 2017 should be read in conjunction with our 2017 Annual Report on Form 10-K filed with the Securities and Exchange Commission. Asure’s internet website address is <http://www.asuresoftware.com>. Our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 are available through the investor relations page of our internet website free of charge as soon as reasonably practicable after they are electronically filed, or furnished to, the Securities and Exchange Commission. Asure’s internet website and the information contained therein or connected thereto is not incorporated into this Quarterly Report on Form 10-Q.

Asure is a leading provider of Human Capital Management (“HCM”) and Workplace Management, offering intuitive and innovative cloud-based solutions designed to help organizations of all sizes and complexities build companies of the future. Our cloud platforms enables clients worldwide to better manage their people and space in a mobile, digital, multi-generational, and global landscape. Asure’s offerings include a fully-integrated HCM platform, flexible benefits and compliance administration, HR consulting, and time and labor management as well as a full suite of Agile Workplace solutions for conference room scheduling, desk sharing programs, and real estate optimization.

Asure’s platform vision is to help clients proactively manage costs associated with their three most expensive assets, real estate, labor and technology, while creating an employee experience that fosters efficiency, productivity and engagement.

The Asure product strategy is driven by three primary trends in the market: mobilization, globalization and technology. Asure offers four product lines: AsureSpace™, AsureForce®, AsureHCM and AsureEvolution. AsureHCM and AsureEvolution are our Mid-market and SMB/Channel HCM platforms respectively, which include AsureBenefits and AsureConsulting. AsureSpace™ Agile Workplace solutions enable organizations to optimize their real estate investment and create a digital workplace that empowers mobile and virtual employees, while streamlining internal operations. AsureForce® Time and Labor Management helps organizations optimize their workforce while controlling labor administration costs and activities.

For all of the Asure product lines, support and professional services are key elements of our value proposition and overall solution. In addition to state-of-the-art hosting platforms and regular software upgrades and releases, Asure gives our clients easy access to our skilled support team. Our services and support representatives are knowledgeable not just in the Asure solution, but also in their respective industries and provide advice and guidance on best practices and change management strategies. From installation to training and post-live support, our professional services team delivers a proficient customer experience on a global scale.

THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017 (Amounts in thousands)**Revenue**

Our revenue was derived from the following sources (in thousands):

FOR THE THREE	Increase
--------------------------	-----------------

**MONTHS

Revenue	2018	2017	(Decrease)	%
Cloud	\$18,390	\$11,062	\$ 7,328	66.2

Total revenue	\$23,458	\$15,527	\$ 7,931	51.1

FOR THE NINE**MONTHS

Revenue	2018	2017	(Decrease)	%
Cloud	\$51,149	\$27,724	\$ 23,425	84.5
Hardware	3,612	3,651	(39)	(1.1)
Maintenance and support	3,985	4,325	(340)	(7.9)
Professional services	5,783	3,434	2,349	68.4
Total revenue	\$64,529	\$39,134	\$ 25,395	64.9

Total revenue represents our consolidated revenue, including sales of our scheduling software, time and attendance and human resource software, as well as complementary hardware devices to enhance our software products. Most product groupings include cloud revenue, hardware revenue, maintenance and support revenue, as well as installation and services and other professional services revenue. Revenue mix varies by product.

Revenue for the three months ended September 30, 2018 was \$23,458, an increase of \$7,931, or 51.1%, from the \$15,527 reported for the three months ended September 30, 2017. The largest increase was in cloud revenue, which increased \$7,328, or 66.2% from the third quarter of 2017. Cloud revenue increased primarily due to our 2017 and 2018 acquisitions and our continued emphasis on selling integrated cloud based solutions. Hardware and professional services revenue also increased as compared to the three months ended September 30, 2017, due to increased demand of our cloud based services.

Table of Contents

Revenue for the nine months ended September 30, 2018 were \$64,259, an increase of \$25,395, or 64.9%, from the \$39,134 reported for the nine months ended September 30, 2017. This increase was primarily due to an increase in cloud and professional services revenue. Cloud revenue increased \$23,425, or 84.5%, primarily as a result of the cloud revenue recognized by the 2017 and 2018 acquisitions and our continued emphasis on selling integrated cloud based solutions. Professional services revenue also increased as compared to the nine months ended September 30, 2017, due to an increase in consulting services revenue offset by slight reduction in hardware and maintenance and support revenue.

Although our total customer base is widely spread across industries, our sales are concentrated in certain industry sectors, including corporate education, healthcare, government, legal and non-profit. We continue to target small and medium sized businesses and divisions of larger enterprises in these same industries as prospective customers. Geographically, we sell our products worldwide, but sales are largely concentrated in the United States, Canada and Europe. Additionally, we have reseller partners in North America, UK, South Africa and Asia Pacific.

In addition to continuing to develop our workforce and Agile Workplace management solutions and release of new software updates and enhancements, we continue to explore opportunities to acquire additional products or technologies to complement our current software and services.

Gross Profit and Gross Margin

Consolidated gross profit for the three months ended September 30, 2018 was \$14,987, an increase of \$2,856, or 23.5%, from the \$12,131 reported for the three months ended September 30, 2017. Gross profit increased in line with the increase in revenue. However, due in part to a shift in product mix, inventory write-offs and amortization of capitalized software, gross margin as a percentage of revenue decreased to 63.9% from 78.1% for the three months ended September 30, 2018 and September 30, 2017, respectively. Consolidated gross margin for the nine months ended September 30, 2018 was \$43,281, an increase of \$12,807 or 42.0%, from the \$30,474 reported for the nine months ended September 30, 2017. Gross margins as a percentage of revenue were 67.1% and 77.9% for the nine months ended September 30, 2018 and 2017, respectively. HCM revenue, which typically has lower gross margins, represents a larger portion of our revenue mix, therefore, resulting in a decrease in the gross margin as a percentage of revenue.

Selling, General and Administrative Expenses

Selling, general and administrative (“SG&A”) expenses for the three months ended September 30, 2018 were \$11,052, an increase of \$1,593, or 16.8%, from the \$9,459 reported for the three months ended September 30, 2017. SG&A expenses as a percentage of revenue were 47.1% and 60.9% for the three months ended September 30, 2018 and

September 30, 2017, respectively.

SG&A expenses for the nine months ended September 30, 2018 were \$33,394, an increase of \$8,108, or 32.1%, from the \$25,286 reported for the nine months ended September 30, 2017. SG&A expenses as a percentage of revenue were 51.8% and 64.6% for the nine months ended September 30, 2018 and 2017, respectively.

SG&A expenses were higher in the three and nine months ended September 30, 2018 as compared to the same period in 2017 primarily due to the acquisitions and integration expenses related to the acquisitions in 2017 and 2018. We continue to evaluate any unnecessary expenses and any increases in SG&A designed to enhance future revenue growth.

Research and Development Expenses

Research and development (“R&D”) expenses for the three months ended September 30, 2018 were \$3,514, an increase of \$2,631, or 298.0%, from the \$883 reported for the three months ended September 30, 2017. R&D expenses as a percentage of revenue were 15.0% and 5.7% for the three months ended September 30, 2018 and September 30, 2017, respectively.

R&D expenses for the nine months ended September 30, 2018 were \$6,495, an increase of \$4,007, or 161.1%, from the \$2,488 reported for the nine months ended September 30, 2017. R&D expenses as a percentage of revenue were 10.1% and 6.4% for the nine months ended September 30, 2018 and 2017, respectively.

We continue to enhance our products and technologies through organic improvements as well as through acquired intellectual property. We believe that our expanded investment in SaaS hosting, mobile and hardware technologies lays the ground work for broader market opportunities, and represents a key aspect of our competitive differentiation. Native mobile applications, reporting and analytics, expanded web service integration and other technologies are all part of our initiatives.

Table of Contents

Our development efforts for future releases and enhancements are driven by feedback received from our existing and potential customers and by gauging market trends. We believe we have the appropriate development team to design and further improve our workforce management solutions.

Amortization of Intangible Assets

Amortization expenses for the three months ended September 30, 2018 were \$2,447, an increase of \$1,106, or 82.5%, from the \$1,341 reported for the three months ended September 30, 2017. Amortization expenses as a percentage of revenue were 10.4% and 8.6% for the three months ended September 30, 2018 and 2017, respectively. Amortization expenses for the nine months ended September 30, 2018 were \$6,038, an increase of \$2,808, or 86.9% compared to \$3,230, reported for the nine months ended September 30, 2017. Amortization expenses as a percentage of revenue were 9.4% and 8.3% for the nine months ended September 30, 2018 and 2017, respectively. The increases are due to the amortization recorded on the intangibles acquired in the acquisitions during 2017 and 2018.

Other Income and Loss

Other loss for the three months ended September 30, 2018 was \$1,861, an increase of \$217, or 13.2%, from the \$1,644 reported for the three months ended September 30, 2017. Other loss as a percentage of revenue was 7.9% and 10.6% for the three months ended September 30, 2018 and September 30, 2017, respectively. Other loss for the nine months ended September 30, 2018 was \$6,343, an increase of \$3,064, or 93.4%, from the \$3,279 reported for the nine months ended September 30, 2017. Other expense as a percentage of revenue was 9.8% and 8.4% for the nine months ended September 30, 2018 and 2017, respectively. Other loss for the three and nine months ended September 30, 2018 and 2017 are composed primarily of interest expense on notes payable. The increases over the same periods in 2017 are primarily due to the additional debt amount we incurred under our amended and restated credit agreement and a higher interest rate payable on a portion of such debt. In addition, in the three months ended September 30, 2018, we recorded \$489 of other income related to the release of contingent consideration.

Income Taxes

Provision for income tax expense/(benefit) was \$(303) and \$85 for the three months ended September 30, 2018 and 2017, respectively, a decrease of \$388, or (456.5)%. Provision for income tax expense for the nine months ended September 30, 2018 was \$288, a decrease of \$80, or 21.7%, from the \$368 reported for the nine months ended September 30, 2017, respectively. The decrease in income tax expense over these periods is primarily due to the Company determining that indefinite lived goodwill would provide a source of income to realize indefinite lived deferred tax assets. The Company continues to analyze changes under the Tax Act and anticipates recording any additional resulting adjustment within the measurement period.

Net Income (Loss)

We incurred a net loss of \$3,584, or \$(0.24) per share, during the three months ended September 30, 2018, compared to net loss of \$1,281, or \$(0.10) per share, during the three months ended September 30, 2017. Net loss as a percentage of total revenue was 15.3% and 8.3% for the three months ended September 30, 2018 and 2017, respectively.

We incurred a net loss of \$9,277, or \$(0.68) per share, during the nine months ended September 30, 2018, compared to a net loss of \$4,177, or \$(0.40) per share reported for the nine months ended September 30, 2017. Net loss as a percentage of total revenue was 14.4% for the nine months ended September 30, 2018 compared to net loss of 10.7% of total revenue for the nine months ended September 30, 2017.

We intend to continue to implement our corporate strategy for growing our software and services business by modestly investing in areas that directly generate revenue and positive cash flows for the Company. However, uncertainties and challenges remain and there can be no assurance that we can successfully grow our revenue or achieve profitability during the remainder of fiscal year 2018.

Table of Contents**LIQUIDITY AND CAPITAL RESOURCES (Amounts in thousands)**

	September 30, 2018	December 31, 2017
Working capital	\$ 17,844	\$ 17,026

Net Cash used in investing activities		(53,788) (38,351)
Net Cash provided by financing activities		51,380 55,123

Working Capital. We had working capital of \$17,844 at September 30, 2018, an increase of \$818 from working capital of \$17,026 at December 31, 2017. Working capital at September 30, 2018 and December 31, 2017 includes \$12,110 and \$13,078 of short-term deferred revenue, respectively. Deferred revenue is an obligation to perform future services. We expect that deferred revenue will convert to future revenue as we perform our services, but this does not represent future payments. Deferred revenue can vary based on seasonality, expiration of initial multi-year contracts and deals that are billed after implementation rather than in advance of service delivery.

We attribute the increase in our working capital to the sale of 2,375,000 shares of common stock through our public offering in June 2018. We realized net proceeds of approximately \$39,156 after deducting underwriting discounts and estimated offering expenses. This is offset by the use of \$65,966 of cash to fund the acquisitions in 2018.

Operating Activities. Net cash used in operating activities was \$6,062 for the nine months ended September 30 2018. The \$6,062 of cash used in operating activities during the first nine months of 2018 was primarily driven by a net loss of \$9,277, an increase in accounts receivable of \$6,587 and an increase in other assets of \$2,250. This was offset by non-cash adjustments of \$10,493.

Net cash used in operating activities was \$2,083 for the nine months ended September 30, 2017. The \$2,083 of cash used in operating activities during the first nine months of 2017 was primarily driven by a net loss of \$4,177, an increase in accounts receivable of \$4,450, an increase in prepaids and other assets of \$471, and a decrease in accounts payable of \$569. This was offset by non-cash adjustments to net loss of \$5,027, an increase in deferred revenue of \$1,963, and an increase in accrued expenses and other long-term obligations of \$881.

Investing Activities. Net cash used in investing activities was \$53,788 and \$38,351 for the nine months ended September 30, 2018 and 2017, respectively. Cash used in investing activities for the nine months ended September 30, 2018 is primarily due to acquisitions in 2018. Cash used in investing for the nine months ended September 30, 2017 is primarily due to acquisitions in 2017, partially offset by an increase in funds held for clients.

Financing Activities. Net cash provided by financing activities of \$51,380 for the nine months ended September 30, 2018 was primarily due to an increase of \$41,290 in our indebtedness and net proceeds of approximately \$39,156 from the issuance of our common stock in an underwritten public offering we completed in June 2018, partially offset by payments on debt of \$10,312, and debt financing fees of \$1,693.

Net cash provided by financing activities was \$55,123 for the nine months ended September 30, 2017. We recognized net proceeds from the issuance of common stock of \$27,820 in an underwritten public offering in June 2017, as well as incurred \$45,777 of indebtedness in connection with the 2017 acquisitions. This was offset by payments on notes payable of \$8,098 and debt financing fees of \$1,433. In connection with the 2017 public offering, we issued 2,185,000 shares of common stock, including 285,000 shares of common stock pursuant to the exercise of the underwriters' over-allotment option, at the public offering price of \$13.50 per share.

Sources of Liquidity. As of September 30, 2018, Asure's principal sources of liquidity consisted of \$19,194 of cash and cash equivalents, cash we expect to generate in the future from our business operations, and \$5,000 available for borrowing under our revolving line of credit and \$25,000 delayed draw term loan commitment with Wells Fargo. We believe that we have and/or will generate sufficient cash for our operational needs, including any required debt payments, for at least the next twelve months. However, we may need to raise additional capital or incur additional indebtedness to grow our existing business operations and to seek additional strategic acquisitions in the near future.

Table of Contents

Our management team is focused on growing our existing software operations and is seeking additional strategic acquisitions for the near future. At present, we plan to fund any future acquisition with equity, existing cash and cash equivalents, cash we expect to generate in the future from our business operations, funds under credit facilities, and cash generated from the issuance of equity or debt securities.

We cannot assure that we can grow our cash balances or limit our cash consumption and thus maintain sufficient cash balances for our planned operations or future acquisitions. Future business demands may lead to cash utilization at levels greater than recently experienced. We may need to raise additional capital in the future in order to grow our existing software operations and to seek additional strategic acquisitions in the near future. However, we cannot assure that we will be able to raise additional capital on acceptable terms, or at all. Subject to the foregoing, management believes that we have sufficient capital and liquidity to fund and cultivate the growth of our current and future operations for at least the next twelve months and to maintain compliance with the terms of our debt agreements and related covenants or to obtain compliance through debt repayments made with our available cash on hand or anticipated for receipt in the ordinary course of operations.

Capital Resources. At September 30, 2018, we had \$104,476 outstanding under our Second Restated Credit Agreement with Wells Fargo and our Syndicate Partner. Under the line of credit at September 30, 2018, we have available funds of \$5,000, as well as \$25,000 on a delayed draw term loan. For further discussion regarding our Second Restated Credit Agreement, see Note 6 to the accompanying condensed consolidated financial statements.

OFF-BALANCE SHEET ARRANGEMENTS

As of September 30, 2018, we did not have any off-balance sheet arrangements, as defined in the rules and regulations of the Securities and Exchange Commission.

CRITICAL ACCOUNTING POLICIES

During the three months ended March 31, 2018, we adopted ASC Topic 606. Refer to Note 2 in Item 1 of this Form 10-Q for disclosure of the changes related to this adoption. There have been no additional material changes to our critical accounting policies as discussed in our 2017 Annual Report on Form 10-K.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no material changes to our exposure from market risks from those disclosed in our 2017 Annual Report on Form 10-K.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Control and Procedures

Our management is responsible for establishing and maintaining adequate internal control over financial reporting for us. Based on an evaluation under the supervision and with the participation of our management, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act were effective as of as of September 30, 2018 to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms and (ii) accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Change in Internal Controls over Financial Reporting

During the period ended September 30, 2018, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Although we have been, and in the future may be, the defendant or plaintiff in various actions arising in the normal course of business, as of September 30, 2018, we were not party to any pending legal proceedings.

ITEM 1A. RISK FACTORS

There have been no material changes from the risk factors previously disclosed in the Company's Annual Report on Form 10-K, filed with the Commission on March 16, 2018, and investors are encouraged to review such risk factors prior to making an investment in the Company.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On July 2, 2018, we issued 225,089 shares of our common stock in connection with our acquisition of USA Payrolls Inc. The issuance and sale of such shares of common stock were exempt from the registration requirements of the Securities Act of 1933 pursuant to Section 4(a)(2) thereof and Rule 506(b) of Regulation D thereunder.

ITEM 5. OTHER INFORMATION

Amendments to Bylaws

On November 8, 2018, our board of directors approved the amendment and restatement of our Bylaws. The amendments contained in the Bylaws delete (i) the requirement that the Chair of each board committee have a maximum term of 5 years and (ii) the requirement that, in order to be eligible for election as Chair of a board committee, candidates must have served on the board committee prior to the election.

The foregoing description of the amendments is qualified in its entirety by reference to the complete text of the Third Amended and Restated By-Laws, a copy of which is attached as Exhibit 3.1 and incorporated herein by reference.

Election of Director

On November 8, 2018, our board of directors elected Bradford S. Oberwager to serve as a director until the next annual meeting of stockholders or until his successor is duly elected and qualified, effective immediately. Mr. Oberwager will serve as Chair of our audit committee and serve as a member of our compensation committee and governance and nominating committee.

Mr. Oberwager does not have any family relationships with any of our executive officers or directors. There are no arrangements or understandings between Mr. Oberwager and any other person pursuant to which Mr. Oberwager was elected as a director. There are no related party transactions between Mr. Oberwager and our company.

Upon his election as a director, Mr. Oberwager was granted 4,000 restricted stock units and options to purchase 10,000 shares of our common stock. The restricted stock units vest in two equal installments of 2,000 restricted stock units: one on November 8, 2018 and the other on March 31, 2019. All of the options awarded to Mr. Oberwager vest in one installment on March 31, 2019. In addition, as a non-employee director, Mr. Oberwager will participate in our standard non-equity compensation plan for non-employee directors, under which he will be eligible to receive a base compensation of \$22,500 per year, plus applicable committee and attendance fees, for his service as a director. Mr. Oberwager will also be eligible to receive stock options or other equity awards as a non-employee director, as approved by our board upon the recommendation of the compensation committee.

Table of Contents

In addition, in connection with his election to our board, Mr. Oberwager will enter into our standard form of indemnification agreement, a copy of which was filed as Exhibit 10.1 to our Current Report on Form 8-K filed with the Securities and Exchange Commission on December 21, 2017.

Director Resignation

On November 8, 2018, Matt Behrent resigned as a member of our board and all board committees for personal reasons, effective as of the effectiveness of Mr. Oberwager’s election to our board. Mr. Behrent’s resignation was not due to any disagreement with us on any matter relating to our operations, policies or practices.
