Report of Independent Registered Public Accounting Firm

To ArvinMeritor, Inc. Employee Benefit Plan Committee, Savings Plan and Participants:

We have audited the accompanying statement of net assets available for benefits of ArvinMeritor, Inc. Savings Plan (the Plan) as of December 31, 2006 and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2006 and the changes in net assets for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2006 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To ArvinMeritor, Inc. Employee Benefit Plan Committee, Savings Plan and Participants:

We have audited the accompanying statement of net assets available for benefits of ArvinMeritor, Inc. Savings Plan (the Plan) as of December 31, 2005. This financial statement is the responsibility of the Plan's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such 2005 statement of net assets available for benefits presents fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

As described in Note 2 to the financial statements, the accompanying 2005 financial statements have been retrospectively adjusted for Financial Accounting Standards Board Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans*.

ARVINMERITOR, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2006 AND 2005, AND FOR THE YEAR ENDED DECEMBER 31, 2006

1. DESCRIPTION OF THE PLAN

The following description of the amended and restated ArvinMeritor, Inc. Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General The Plan is a defined contribution savings plan covering eligible salaried employees of ArvinMeritor, Inc. and certain affiliated companies (the Company or ArvinMeritor). Eligible employees may participate in the Plan immediately on the date they become employees. The Plan is administered by the Company's Employee Benefit Plan Committee and the Plan Administrator. The Trustee for the Plan assets is T. Rowe Price Trust Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions Eligible employees may elect to contribute up to 20% of their compensation, by electing to defer receipt of compensation (pre-tax contribution) or authorizing deductions from compensation (after-tax contribution), subject to the limits prescribed under the Internal Revenue Code (IRC). Participants can elect to have their contributions invested in 5% increments in various investment funds. The Plan allows participants who are at least age 50 by the end of the plan year to make additional pre-tax contributions up to the limits prescribed under the IRC.

Employer Matching Contributions Participants are immediately eligible for matching contributions. The Company matches 100% of the participant's contribution up to the first 3% of eligible compensation and 50% of the participant's contribution on the next 3% of eligible compensation. Company matching contributions are invested according to the investment mix participants have elected for their own contributions. Prior to June 1, 2005, Company contributions were in the form of ArvinMeritor common stock or cash invested in ArvinMeritor common stock.

Employer Pension Contributions Salaried employees hired after October 1, 2005 receive a Pension Contribution into the Plan in lieu of accruing benefits under the Company's defined benefit plan. The Pension Contributions are fully funded by the Company and are made to all eligible employees regardless of whether they choose to contribute to the Savings Plan. Pension Contributions range between 2% and 4% of participants' compensation. Pension Contributions are invested according to the investment mix participants have elected for their own contributions. Pension Contributions vest in annual 20% increments beginning with the completion of the second year of service. Participants become fully vested after they reach 6 years of service. Forfeited pension contributions are netted against employer contributions.

Participant Accounts Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, Pension Contributions, if applicable, and an allocation of Plan earnings, and is charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Participants direct the investment of their contributions into various investment options offered by the Plan. Investment of employer contributions is participant-directed effective June 1, 2005, as described above. The Plan currently offers 12 mutual funds, 2 common collective trust funds and the Company's common stock as investment options for participants.

ARVINMERITOR, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

AS OF DECEMBER 31, 2006 AND 2005, AND FOR THE YEAR ENDED DECEMBER 31, 2006

Vesting Amounts attributable to participant contributions and Company matching contributions are fully vested at all times. Pension Contributions become fully vested after participants reach 6 years of service.

Plan Withdrawals Amounts contributed may be withdrawn by, or distributed to, a participant only upon (1) termination of employment or (2) attaining the age of 59½. Pre-tax withdrawals prior to attaining age 59½ are not permitted except in the event of retirement, disability or as a hardship distribution. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Payment of Benefits On termination of service due to death, disability, retirement or other reasons, a participant would generally receive an amount equal to the value of the participant's vested interest in their account as a lump-sum distribution.

Transfers The Company also has a savings plan for hourly employees. The Plan allows for employees changing status between hourly and salaried to move invested assets to the Plan that corresponds to their current status.

Participant Loans Participants may borrow from their fund accounts an amount not less than \$1,000 and not greater than the lesser of (i) \$50,000 less the amount of loans outstanding during the preceding 12-month period, (ii) amounts in the participant's account attributable to participant contributions, or (iii) one-half of the participant's vested account balance. The loans are secured by the balances in the respective participants' accounts.

Interest is charged at 1% over the prime rate, which is defined as the base rate on corporate loans posted by at least 75% of the 30 largest U.S. banks. The loans are repaid through payroll deductions over periods not to exceed 60 months unless for the purchase of a primary residence. Payments of principal and interest are reinvested under the participant's current investment election for new contributions. Participants may have only one outstanding loan at a time.

Plan Termination Although the Company has not expressed any intent to terminate the Plan, it reserves the right to do so at any time. In the event of termination of the Plan, participants with outstanding Pension Contribution balances would become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation The Plan's investments are stated at fair value, except for a common collective trust fund that primarily invests in benefit-responsive investment contracts (commonly referred to as a stable value fund), which is valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the stable value common collective trust fund is based on discounting the related cash flows of the underlying guaranteed investment contracts based on current yields of similar instruments with comparable durations. The fair value of the remaining common collective trust fund is based on the quoted market values of the underlying investments. Mutual funds and common stock are reported at fair value based on quoted market prices. Participant loans are reported at their outstanding balances, which approximate fair value.

ARVINMERITOR, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

AS OF DECEMBER 31, 2006 AND 2005, AND FOR THE YEAR ENDED DECEMBER 31, 2006

Security Transactions and Investment Income Purchases and sales of securities are reported on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis.

Administrative Expenses Administrative expenses for services required by the Plan document are paid by the Plan. All expenses not required by the plan are paid by the Company. The amounts reported in the financial statements represent administrative expenses paid by the Plan.

Benefit Payments Benefit payments to participants are recorded upon distribution.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties The Plan utilizes various investment instruments which are exposed to various risks related to, among other things, interest rate, foreign currency, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Change in Presentation In December 2005, the Financial Accounting Standards Board (FASB) issued FASB Staff Position AAG INV-1 and SOP 94-4-1 (FSP), *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans*. This FSP requires investments in benefit-responsive investment contracts to be presented at both fair value and contract value on the statement of net assets available for benefits. The result of the implementation of the FSP was to decrease investments and to increase the adjustment from fair value to contract value by \$330,600 and \$364,528 as of December 31, 2006 and 2005, respectively. There was no impact to total net assets as of December 31, 2006 and 2005.

NOTES TO FINANCIAL STATEMENTS (Continued)

AS OF DECEMBER 31, 2006 AND 2005, AND FOR THE YEAR ENDED DECEMBER 31, 2006

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid T. Rowe Price Trust Company trustee, administrative and other fees of \$5,000 during the Plan year ended December 31, 2006.

At December 31, 2006 and 2005, the Plan held 2,267,896 and 3,553,335 shares, respectively, of common stock of the sponsoring employer, with a fair value of \$41,343,737 and \$51,132,490, respectively. During the year ended December 31, 2006, the Plan recorded dividend income from common stock of the sponsoring employer of \$1,174,600.

6. RECONCILIATION TO FORM 5500

The net assets on the financial statements differ from the net assets on the Form 5500 due to a common collective trust fund being recorded at contract value on the financial statements and at fair value on the Form 5500. The net assets on the financial statements were higher than Form 5500 at December 31, 2006 by \$330,600. Additionally, the investment income on the Form 5500 for the year ended December 31, 2006 is lower by \$330,600.

7. SUBSEQUENT EVENTS

The Company has approved changes that will freeze the accrual of benefits under its defined benefit plan effective on December 31, 2007. Beginning on January 1, 2008, salaried employees will instead receive Pension Contributions into the ArvinMeritor, Inc. Savings Plan in the same manner as it is currently done for salaried employees hired after October 1, 2005.
