### Commentary

SABB recorded a net profit of SAR1,251 million (US\$334 million) for the six months ended 30 June 2007. This represents a 30.8 per cent decline compared with the first half of 2006. However, net profit in the first half of 2007 increased by 1.6 per cent compared with the second half of 2006.

John Coverdale, managing director of SABB, said: "I am greatly encouraged by the progress that SABB has made during the first half of 2007 especially with regard to core banking activities. The 24.3 per cent increase in loans and advances compared to 30 June 2006, together with customer deposit growth, has generated a sustainable SAR221 million, or 17.3 per cent, increase in net interest income and positions SABB well for the future. Brokerage and mutual funds business continues to be subdued, significantly reducing SABB's first half 2007 profits, but core-banking non-funds income has grown by SAR28 million or 9.2 per cent compared to the first half of 2006.

"Our cost base has reduced by SAR91 million, or 12.4 per cent, due to last year's one-off cost of re-branding the bank and lower 2007 profit-related bonus accruals. Increased bad debts reflect growth in our card and consumer loan book and our penetration of new market sectors. However, overall credit quality is sound, supported by the strong underlying Saudi economy that is also helping to drive high levels of corporate activity, particularly in the construction and infrastructure development sectors.

"The market remains very liquid but SABB has effectively used the increase in customer deposits over the last year to fund loan growth. The bank's capital and liquidity positions remain strong.

"We are pleased to announce that our insurance company, SABB Takaful, has obtained all necessary operating authorisations and began trading on 1 July 2007. This, together with the 2006 formation of our joint venture investment bank, HSBC Saudi Arabia Limited, is a major step towards our goal of becoming a comprehensive provider of financial services to our clients within the Kingdom.

"We thank our customers for their continued support, and our staff for their commitment and contribution to the bank's success."

SABB's Board of Directors has recommended an interim dividend of SAR1.50 per share for the first half of 2007, after the deduction of Zakat.
