Item 5. Other Events

InterDigital Communications Corporation (InterDigital) announced today that it and its wholly-owned subsidiary InterDigital Technology Corporation (ITC , collectively with InterDigital, the Company) have received from Samsung Electronics Co., Ltd. (Samsung) a request for arbitration filed with the International Chamber of Commerce, International Court of Arbitration (ICC). Samsung is seeking to have the ICC determine that its obligations under our existing patent license agreement with Samsung are not defined by our license agreements with Ericsson and Sony Ericsson or, in the alternative, to determine the amount of the appropriate royalty due. Samsung also has requested the ICC to consolidate the matter with the ICC arbitration involving Nokia Corporation and the Company and to make a determination that Samsung is entitled to seek access to documents previously sealed by the Federal Court related to the now-settled Ericsson litigation. The Company intends to contest Samsung's claims and has thirty days after receipt from the ICC of notice of the arbitration to respond, file counterclaims, and seek other appropriate relief.
