<u>Exhibit</u>	<u>Description</u>
99.1	Invitrogen Corporation press release dated July 21, 2004.

Item 12. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On Jul 21, 2004, the Company issued a press release regarding the Company's financial results for the fiscal quarter ended June 30, 2004. The full text of the Company's press release is attached hereto as Exhibit 99.1

Certain of the information set forth in the press release may be considered non-GAAP financial measures. We regularly have reported pro forma results for net income and earnings per share in addition to, and not as a substitute for, or superior to, financial measures calculated in accordance with GAAP. The pro forma results exclude merger related non-cash items and other similar costs.

Our financial results under GAAP include substantial non-cash charges and tax benefits related to acquired businesses. Our pro forma calculations of net income and earnings per share, excluding merger related amortization and business integration costs, are limited because they do not reflect the entirety of our business costs. However, management believes that the pro forma presentation is a useful supplemental disclosure to investors as it provides an indication of the profitability and cash flows of the combined businesses apart from the initial, sunk cost of the acquisition. Management believes that this information is therefore useful to investors in analyzing and assessing our past and future operating performance.

In addition to the non-cash charges above, we exclude from our pro forma results the costs to integrate our acquired businesses or significant costs to restructure existing businesses as well as related tax benefits. Management views these costs as not indicative of the profitability or cash flows of its ongoing or future operations and excludes these costs as a supplemental disclosure to assist investors in evaluating and assessing our past and future operational performance.

We encourage investors to carefully consider our results under GAAP, as well as our pro forma disclosures and the reconciliation between these presentations to more fully understand our business.
