Proxy Statement

The proxy you received is solicited by the Board of Directors of Marshall & Ilesley Corporation (the Company or M&I) for use at the Annual Meeting of Shareholders (the Annual Meeting) to be held at 10:00 a.m., local time, on Tuesday, April 26, 2005 at the Pabst Theater, 144 East Wells Street, Milwaukee, Wisconsin. At the Annual Meeting, the shareholders of the Company will (1) elect five Class III directors, each of whom will hold office until April 2008 and, with respect to each director, until his or her successor is elected and qualified, and (2) vote on the ratification of the appointment of Deloitte & Touche LLP as the Company s independent auditors for the fiscal year ending December 31, 2005.

The expense of printing and mailing proxy materials, including expenses involved in forwarding materials to beneficial owners of common stock held in the name of another person, will be borne by the Company. No solicitation other than by mail is contemplated, except that officers or employees of the Company or its subsidiaries may solicit the return of proxies from certain shareholders by telephone. In addition, the Company has retained Morrow & Co., Inc. to assist in the solicitation of proxies for a fee of approximately \$6,500 and any reasonable out-of-pocket disbursements. The Proxy Statement and the Proxy Card are being sent to the Company s shareholders commencing on or about March 15, 2005. Shareholders who have consented to electronic delivery of the Proxy Statement and the Company s Annual Report to Shareholders will receive those documents via posting on M&I s web site: www.micorp.com/ereports.html.

Each shareholder of record at the close of business on March 1, 2005 will be entitled to one vote for each share of common stock registered in such shareholder s name. The Company has one class of capital stock outstanding: its \$1.00 par value common stock (the Common Stock). As of March 1, 2005, the Company had 228,507,909 shares of Common Stock outstanding. The presence, in person or by proxy, of the holders of a majority of the shares of the Common Stock outstanding on the record date is required for a quorum with respect to the matters on which action is to be taken at the Annual Meeting.

Any shareholder executing and delivering his or her proxy may revoke the same at any time before it is voted by advising the Secretary of the Company in writing (including executing a later-dated proxy or voting via the Internet) or by telephone of such revocation.

The Company has instituted the Dividend Reinvestment and Cash Investment Plan (the Reinvestment Plan) administered by Continental Stock Transfer & Trust Company, as Trustee. Under the provisions of the Reinvestment Plan, shares of Common Stock are acquired and held in nominee name by Continental Stock Transfer & Trust Company for participating shareholders. Shares so held have been separately designated on the proxy card pertaining to each participant and will be voted at the Annual Meeting in the same manner in which the participant votes those shares registered in his or her own name either by proxy or in person.

If you are a participant in the 2000 Employee Stock Purchase Plan or the M&I Retirement Program, shares held in your account have been separately designated on the proxy card and will be voted at the Annual Meeting in the same manner in which you vote those shares registered in your name either by proxy or in person. Plan shares not voted by participants will be voted by the plan administrator or trustee in accordance with the terms of the respective plan.

The Company's Annual Report to Shareholders for the fiscal year ended December 31, 2004 is being provided to shareholders with this Proxy Statement.

Unless otherwise directed, all proxies will be voted FOR the election of each of the individuals nominated to serve as a Class III director and FOR ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors. Abstentions and broker non-votes (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owners to vote shares as to a particular matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining a quorum.

1. ELECTION OF DIRECTORS

The Company's Restated Articles of Incorporation provide that the Company's directors are divided into three classes, designated Class I, Class II and Class III, with staggered terms of three years each. At the Annual Meeting, shareholders will elect five Class III directors to serve until the Company's 2008 Annual Meeting of Shareholders and, with respect to each director, until his or her successor is elected and qualified. Each incumbent Class III director's term expires at the 2005 Annual Meeting. Messrs. Baur, Mellows, O Toole and Shiely are standing for re-election. David L. Andreas and Robert A. Schaefer are not standing for re-election. The Company expresses its gratitude to Messrs. Andreas and Schaefer for their loyal service. Messrs. Kuester and Wigdale recommended Mr. Daniels to the Nominating Committee as a candidate for director. After consideration, the Nominating Committee recommended Mr. Daniels as a candidate to the full Board. The following table sets forth certain information with regard to each of the nominees for election as a director as well as each of the Company's continuing Class I and Class II directors.

Directors are elected by a plurality of the votes cast by holders of the Company's Common Stock entitled to vote at a meeting at which a quorum is present. In other words, the five nominees who receive the largest number of votes will be elected as directors. Any shares not voted, whether by withheld authority, broker non-vote or otherwise, will have no effect in the election of directors except to the extent that the failure to vote for an individual results in another individual receiving a larger number of votes. Any votes attempted to be cast against a candidate are not given legal effect and are not counted as votes cast in an election of directors.

The Board of Directors recommends a vote FOR the election of each of the individuals nominated to serve as a Class III director.

CORPORATE GOVERNANCE MATTERS

Board of Directors

The Board of Directors has determined that as of February 17, 2005, 14 of 19 (74%) of the current directors of M&I are independent under the listing standards of the New York Stock Exchange (the NYSE Standards) and the categorical independence standards adopted by the Board. The independent directors are: Ms. Lyall, Ms. Waller and Messrs. Abdo, Chait, Jacobs, Mellowes, Meyer, Orr, O Toole, Platten, Schaefer, Shiely, Urdan and Wardeberg.

Under the Company's categorical standards, a director will not fail to be deemed independent solely as a result of banking or other business relationships between the Company and its subsidiaries, on the one hand, and the director or a company with which the director is affiliated, on the other hand, provided that:

such banking relationships are in the ordinary course of business of the Company and are on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons;

any extensions of credit by the Company or its subsidiaries to any such person or company have been made in compliance with applicable securities and banking laws and regulations, and no event of default has occurred and is continuing under the loan; and

such business relationships would not cause the director not to be independent under the listing standards of the New York Stock Exchange.

The complete text of the categorical standards is available on M&I's website as described below.

The non-management directors of M&I have regularly scheduled executive sessions. The Board of Directors, based upon the review and recommendation of the Nominating and Corporate Governance Committee (the Nominating Committee), has appointed Mr. Urdan to preside at the executive sessions of the non-management directors. Parties who wish to communicate directly with the presiding director or with the non-management directors as a group may direct written communications to Mr. Urdan at:

Mr. James A. Urdan

c/o Secretary

Marshall & Ilsley Corporation

770 North Water Street

Milwaukee, Wisconsin 53202

The Secretary of the Company will forward all communications to Mr. Urdan unless otherwise instructed by the non-management directors.

The Board of Directors of the Company has Compensation and Human Resources, Audit, Nominating, Retirement Investment, and Executive Committees. The Board of Directors has adopted written charters for all of its standing committees. The charters for the Compensation and Human Resources, Audit, and Nominating Committees are available on the Company's web site described below.

Directors are expected to attend each regular and special meeting of the Board and of each Board committee on which the director serves. Directors are also expected to attend the Annual Meeting. Although the Company's By-laws authorize members of the Board and Board committees to participate in and act at a meeting through the use of telephonic or other communication equipment, the personal attendance of directors at such meetings is preferred. The Board of Directors held seven meetings and took action by written consent twice in 2004. Each incumbent director attended at least 75% of the meetings of the Board and Board committees on which the director served except for Mr. Mellowes, who was absent from two meetings of the Board. All of the Company's current directors attended last year's Annual Meeting.

Board on corporate governance matters and practices. The members of the Nominating Committee are Messrs. Platten (Chairman), Chait and Urdan, all of whom are independent under the NYSE Standards. The Nominating Committee held three meetings in 2004.

The Nominating Committee will consider candidates nominated by shareholders in accordance with the procedures set forth in the Company's By-laws. Under the Company's By-laws, nominations other than those made by the Board of Directors or the Nominating Committee, must be made pursuant to timely notice in proper written form to the Secretary of the Company. To be timely, a shareholder's request to nominate a person for election to the Board, together with the written consent of such person to serve as a director, must be received by the Secretary of the Company not less than 90 days prior to the anniversary date of the annual meeting of shareholders in the immediately preceding year. To be in proper written form, the notice must contain certain information concerning the nominee and the shareholder submitting the nomination.

Under the Company's By-laws, no person is eligible to be elected a director at a meeting of shareholders held on or after the date he or she attains the age of 72, although the Board, at its discretion, may waive the age limitation or establish a greater age from time to time. In addition, the Nominating Committee has adopted guidelines for evaluating and selecting candidates for election to the Board of Directors. Under these guidelines, each director should:

be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others;

be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;

possess substantial and significant experience which would be of value of the Company in the performance of the duties of a director;
and

have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director.

The Nominating Committee will evaluate eligible shareholder-nominated candidates for election to the Board of Directors in accordance with the selection guidelines. The full text of the guidelines can be found in the Nominating Committee's charter, which is available on the Company's web site described above.

Jacobs, Urdan, Wardeberg and Wigdale. The Executive Committee held four meetings in 2004.

LOANS AND OTHER TRANSACTIONS WITH THE COMPANY

Customers of the bank subsidiaries of the Company include nominees, directors and officers of the Company and their associates. Since January 1, 2004, such persons and firms have been indebted to the

Company's bank subsidiaries for loans made in the ordinary course of business. All such loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with others and did not involve more than the normal risk of collectibility or present other unfavorable features. In addition to loans, bank subsidiaries of the Company provide other banking services in the ordinary course of business to directors and executive officers and their associates.

From time to time, directors and officers of the Company and their associates may sell shares of their Common Stock to the Company pursuant to the Company's stock repurchase program. The purchase price for any such sales is the prevailing market price at the time of such sale.

On December 15, 2004, the Company entered into a consulting agreement with Mr. Wigdale. Under the consulting agreement, Mr. Wigdale agreed to consult with the executive officers and Board of Directors of the Company and its affiliates with respect to such matters as may be reasonably requested by the Company, and to continue to foster and maintain relationships with area businesses and community-based organizations on the Company's behalf. The consulting agreement will remain in effect for as long as Mr. Wigdale continues to serve on the Board of Directors, unless it is sooner terminated by the mutual written consent of the parties or by Mr. Wigdale's disability such that he is unable to perform his duties.

Mr. Wigdale will not receive any cash remuneration under the consulting agreement. As compensation for the services described above, Mr. Wigdale will receive reimbursement for all reasonable travel and other expenses incurred in the performance of his duties under the consulting agreement; continued access to the Company's facilities and services, with secretarial services and office space sufficient for Mr. Wigdale to perform his duties; a company car; access to the company aircraft for company business use or personal use subject, in the case of personal use, to an annual maximum of \$30,000; club dues; and financial planning services. The maximum annual benefit provided by the Company on behalf of Mr. Wigdale for his personal expenses is limited to \$50,000, after which Mr. Wigdale must reimburse the Company for the excess amount.

In connection with the Company's merger with Mississippi Valley Bancshares, Inc. on October 1, 2002, Mr. Baur entered into an employment agreement with M&I Marshall & Ilsley Bank under which Mr. Baur was employed until December 31, 2004. Under this agreement, Mr. Baur received a base salary of \$311,000 per year and an annual incentive bonus of \$200,000, and was entitled to certain other benefits, including the right to participate in M&I's benefit and qualified retirement plans, the use of a car, and the payment of club dues until he reaches the age of 65 in 2009. Mr. Baur also will be provided with office space until December 31, 2009 and health insurance coverage until he reaches the age of 65 and, thereafter, he will be entitled to participate in M&I's Medicare supplemental insurance plan. Mr. Baur is entitled to receive payments of \$2,000 per month until he reaches the age of 65.

On December 15, 2004, Southwest Bank of St. Louis, a subsidiary of the Company, entered into a consulting agreement with Mr. Baur under which, beginning on January 1, 2005, Mr. Baur agreed to consult with the executive officers and Board of Directors of Southwest and its affiliates with respect to such matters as may reasonably be requested by Southwest or its affiliates. Mr. Baur will continue to serve as the Chairman of the Board of Southwest, and will maintain continued involvement with area businesses and community-based organizations on Southwest's behalf and continue to cultivate business development and expansion opportunities within Missouri and the surrounding markets. The consulting agreement will remain in effect until it is terminated by written notice, at least 90 days in advance, by either of the parties, or by Mr. Baur's death or disability such that he is unable to perform his duties.

As compensation for such services, Southwest will pay Mr. Baur a consulting fee equal to \$10,000 per month, in addition to the \$2,000 monthly payment payable to Mr. Baur during the term of the consulting agreement under the post-employment obligations of the employment agreement described above. Southwest will also pay or reimburse Mr. Baur for all reasonable travel and other expenses incurred by Mr. Baur in performance of his duties under the consulting agreement, and will continue to provide Mr. Baur with a company car.

A son of each of Messrs. Baur and Wigdale and a daughter and former daughter-in-law of Mr. Kuester were employed by the Company or its subsidiaries and received compensation and benefits that exceeded \$60,000 in 2004. None of these employees was an executive officer of the Company. The compensation and benefits received by each were established by the Company in accordance with its employment and compensation practices applicable to employees holding comparable positions. Messrs. Baur, Kuester and Wigdale are not among the directors who have been determined by the Board of Directors to be independent under the NYSE Standards and the categorical independence standards adopted by the Board.

In June 2004, the Company paid approximately \$273,000 to Fiduciary Real Estate Development, Inc., an affiliate of Mr. Kellner, to resolve a matter that arose in connection with services provided by the Company to Fiduciary Real Estate Development. The resolution was the product of arm's-length negotiations by the parties and was approved by the Company's Audit Committee. Mr. Kellner is not among the directors who have been determined by the Board of Directors to be independent under the NYSE Standards and the categorical independence standards adopted by the Board.

During 2004, the Company retained Quarles & Brady, L.L.P., a law firm in which Mr. Daniels is a Partner, to provide legal services to the Company and its subsidiaries.

- (2) As of December 31, 2004, the following executives had unreleased Key Restricted Stock: Mr. Kuester 45,000 shares valued at \$1,989,000; Mr. Furlong 35,000 shares valued at \$1,539,000; Mr. Martire 14,200 shares valued at \$627,640; and Mr. O'Neill 13,750 shares valued at \$606,150. The values were calculated using a year end 2004 closing market price of \$44.20 per share less any consideration which is paid by the executive upon issuance of award. Dividends are paid on restricted stock.
- (3) LTIP payouts in any given year are based on the number of LTIP units awarded with respect to the prior three-year period and the Company's performance during such period. Accordingly, the amount of LTIP payouts may vary from year to year and in some years there may be no payouts under the LTIP. For 2004, the named executive officers received payouts for awards made with respect to the three-year period from January 2002 through December 2004. The performance criteria for this three-year cycle were based upon both the Company's total shareholder return in relation to companies in the Keefe, Bruyette & Woods 50 Bank Index (the KBW 50 Index) and the Company's cumulative three-year earnings per share relative to predetermined goals. During this period, the Company's total shareholder return was below the target level under the LTIP and earnings per share performance exceeded the target level under the LTIP, which when combined exceeded the cumulative target level under the LTIP.
- (4) Includes the following amounts paid by M&I under the Retirement Program for 2004: Mr. Kuester \$22,550; Mr. Wigdale \$22,550; Mr. Furlong \$22,550; Mr. Martire \$22,550; and Mr. O'Neill \$22,550. Includes the following employer contributions under the Executive

- (5) Mr. Wigdale served as Chairman of the Board through December 31, 2004.

The Company provides perquisites to each of the named executive officers that may include any or all of the following: payment of club dues, personal use of Company cars and aircraft and personal financial planning and tax preparation services, all of which are valued for disclosure purposes at their incremental cost to the Company in accordance with SEC regulations. In addition, the named executive officers are allowed to reimburse the Company for such perquisites at the incremental cost of such perquisites to the Company. The aggregate value of these perquisites, net of any such reimbursements, for each of the named executive officers did not exceed \$50,000 in 2004, 2003 or 2002.

The following table provides information on options granted to the named executive officers during 2004.

OPTION/SAR GRANTS IN LAST FISCAL YEAR

Individual Grants

Thomas J. O'Neill	50,000	1.4	41.95	10/27/2014	349,950

- (1) Options for the named executive officers generally become exercisable based on the following schedule: one-third on the first anniversary of the date of grant, an additional one-third on the second anniversary of the date of grant and the remaining one-third on the third anniversary of the date of grant. All options will become immediately exercisable upon a triggering event (which relates to a change of control of the Company). Employees who have attained age 55 and have at least ten years of service with the Company or a subsidiary receive options which are fully vested on the date of grant.
- (2) All options have an exercise price equal to 100% of the fair market value of the Company's Common Stock on the effective date of grant. The exercise price may be paid in cash or by delivery of shares of the Company's Common Stock.
- (3) The grant date present values were determined using a binomial model with the following common assumptions: an expected period of time to exercise of 5.15 years; a risk-free rate of return of 3.13%; an expected dividend yield of 1.92%; and a volatility factor of 18.0%. The actual value, if any, realized on the exercise of an option will depend on the excess of the fair market value of the stock over the exercise price on the date the option is exercised and may be substantially different from the value estimated by this binomial model.

The following table provides information on options exercised during 2004, and options held at year end, by the named executive officers.

LONG-TERM INCENTIVE PLAN AWARDS IN LAST FISCAL YEAR

Awards Granted under the LTIP and the Metavante Corporation

Long-Term Incentive Plan in December 2004 for the Performance

Name	Period Beginning January 2005		
	Number of Shares, Units or Other Rights(1)	Targeted Cash Payment(2)	Performance or Other Period Until Maturation or Payout
Dennis J. Kuester	18,000		3 Years
James B. Wigdale			
Mark F. Furlong	12,000		3 Years
Frank R. Martire		\$ 250,000	3 Years
Thomas J. O Neill	5,000		3 Years

(1) Units awarded represent share equivalents of the Company's Common Stock. The performance period is the three years commencing on January 1, 2005 and ending on December 31, 2007 for awards granted in December 2004. Additional units will be credited to each participant's account when dividends are paid on shares of the Company's Common Stock. Vesting of units occurs at the end of the three-year period except in the case of the death or disability of the participant, termination of a participant's employment due to retirement, or the occurrence of a triggering event (which relates to a change in control of the Company). Upon the occurrence of a triggering event,

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form DEF 14A

units vest notwithstanding continued employment by the acquiring company. A payout multiple is applied to the units awarded to a participant based on the Company's performance in relation to two equally weighted performance criteria, which represent (a) the total return of the Company's Common Stock for the three-year period when compared with the total return for those stocks composing the KBW 50 Index and (b) the Company's cumulative earnings per share for the three-year period, adjusted for certain items. The Company's performance in relation to the performance criteria is calculated independently, thereby allowing a participant to receive a payout under one of the criterion but not under the other. For each criterion, the threshold payout multiple is 12.5% and the maximum is 137.5%, resulting in a combined maximum of 275.0%. No payout will be made under a criterion for performance below threshold. The resulting payout multiple is applied to the units awarded and units awarded to the participant in lieu of the payment of dividends. Before awards are paid, the Compensation Committee must certify the extent to which the performance criteria have been met.

- (2) Cash-based awards are made under the Metavante Corporation Long-Term Incentive Plan. The performance period is the three years commencing on January 1, 2005 and ending on December 31, 2007. The award vests at the end of the three-year period except in the case of death or disability, termination of employment due to retirement or the occurrence of a triggering event (which relates to a change of control of Metavante or the Company). Upon the occurrence of a triggering event, the award vests notwithstanding continued employment by the Company. A payout multiple will be applied to an amount equal to the cash award made to a participant based on the performance of Metavante or the Company, as the case may be, in relation to the following equally weighted performance criteria: (a) Metavante's cumulative net income for the three-year period; (b) Metavante's cumulative revenue for the three-year period; (c) the total return of the Company's common stock for the three-year period when compared with the total return for those stocks composing the KBW 50 Index; and (d) the Company's cumulative earnings per share for the three-year period, adjusted for certain items. The performance of Metavante or the Company, as the case may be, in relation to the performance criteria is calculated independently, which may allow a participant to receive a payout under one or more, but less than all, of the criteria. For each criterion, the threshold payout multiple is 6.25% and the maximum payout multiple is 68.75%, resulting in a combined maximum payout multiple of 275.0% or \$687,500. No payout will be made under a performance criterion for performance below threshold. Before the award is paid, the Compensation Committee must certify the extent to which the performance criteria have been met.

- (1) The Metavante Acquisition Incentive Plan is designed to provide an incentive to senior personnel at Metavante to achieve and exceed interim financial performance targets through December 31, 2005 and cumulative financial performance targets through December 31, 2006 related to companies acquired by Metavante in 2004 and Metavante as a whole. The cash incentive paid to each participant will be determined based on the cumulative net income (adjusted for financing and purchase price amortization and accrual of cash incentives under the plan) of the acquired company or companies for which such participant has responsibility and Metavante as a whole from the date or dates on which such company or companies were acquired. The Compensation Committee has approved target, over-achieve and maximum performance levels for the interim and cumulative performance periods. No cash incentives will be paid to any participant in the event of performance below either target performance level. Payouts for the interim performance period will be made in the first quarter of 2006 and payouts for the cumulative performance period will be made in the first quarter of 2007. The Compensation Committee will review the results of the acquired companies before the payouts are made. Participants must be employed at the end of the applicable performance period in order to be eligible to receive a cash incentive. The Company's executive management and the Compensation Committee retain discretion to alter the incentive awards under the plan for any circumstances they deem appropriate and to require deferral of any payouts to the extent necessary to meet the requirements for deductibility of the payouts under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).
- (2) The performance period with respect to a particular acquired company will begin on the date on which such company was acquired. The interim performance period will end on December 31, 2005 and the cumulative performance period will end on December 31, 2006.

The following table sets forth certain information about shares of M&I Common Stock that are authorized for issuance under the Company's equity compensation plans as of December 31, 2004.

- (1) The table does not include information regarding the Company's Dividend Reinvestment and Cash Investment Plan and the M&I Retirement Program (an employee benefit plan intended to meet the qualification requirements of Section 401(a) of the Code).
- (2) Includes 22,878,097 shares to be issued upon exercise of outstanding options under all of the Company's stock option plans. This includes 202,996 shares to be issued upon exercise of outstanding options under plans assumed by the Company in mergers. The weighted-average exercise price of outstanding options granted under plans assumed in mergers as of December 31, 2004 was \$17.87. There will be no further grants under these assumed plans. Also includes 625,854 shares held in the Directors Deferred Compensation Plan. These shares were not included in computing the weighted average exercise price. Under the Directors Deferred Compensation Plan, directors may elect to defer all or a portion of their directors' fees into one of two accounts: (i) a cash account, earning interest at a rate equal to that earned on U.S. Treasury Bills with maturities of 13 weeks or (ii) a Common Stock account in which shares are purchased on the open market and held in trust until the director's retirement.
- (3) Does not include 363,500 outstanding units awarded and 1,227,600 units available for issuance under the 1994 Long-Term Incentive Plan (not including additional units credited to the accounts of participants in lieu of the payment of cash dividends). See Note (1) in the long-term incentive plan awards table for a description of the 1994 Long-Term Incentive Plan. Although the Compensation Committee has the discretion to pay LTIP awards in cash, Common Stock or a combination of both, all awards have been paid in cash and the Company is currently not aware of any circumstances which would cause the Compensation Committee to pay these awards in Common Stock. Also does not include 271,281 shares held in the Executive Deferred Compensation Plan. Under the Executive Deferred Compensation Plan, participants had the ability to elect to defer the receipt of restricted stock and shares issued upon the exercise of stock options. However, participants are currently entitled to defer shares issued upon the exercise of stock options only to the extent allowable under Section 409A of the Code.
- (4) Includes 60,000 shares available for issuance under the 1995 Directors Stock Option Plan; 2,330 shares available for issuance under the 1997 Executive Stock Option and Restricted Stock Plan; 72,743 shares available for issuance under the 2000 Executive Stock Option and Restricted Stock Plan; 1,260,483 shares available for issuance under the 2000 Employee Stock Purchase Plan; and 7,857,289 shares available for issuance under the 2003 Executive Stock Option and Restricted Stock Plan. Under the 2000 Employee Stock Purchase Plan, eligible employees may purchase shares annually by payroll deductions, subject to certain aggregation limitations, at a purchase price equal to 85% of the lesser of the fair market value of the Company's Common Stock on the first day or last day of the offering period. The number of shares available for sale under this plan may be increased on January 1 of each year by an amount equal to the lesser of (i) 200,000 shares, (ii) the number of shares purchased by employees under the plan in the previous year or (iii) a lesser amount determined by the Board of Directors.

- (5) All of the Company's equity compensation plans under which shares of M&I Common Stock are authorized for issuance have been approved by shareholders.

RETIREMENT PLANS

The Marshall & Ilsley Corporation Nonqualified Retirement Benefit Plan (the Nonqualified Plan) provides Messrs. Kuester and Wigdale with a supplemental retirement benefit. The purpose of the Nonqualified Plan is to provide an annual retirement benefit such that the sum of the benefits from the Retirement Growth Plan, the Corporation's Amended and Restated Supplementary Retirement Benefits Plan (the SERP), the SERP Account of the Company's Amended and Restated Deferred Compensation Plan, Social Security and the Nonqualified Plan equals 60% of the sum of the participant's average salary and annual short-term incentive compensation for his last five years of employment. The total benefit under the Nonqualified Plan is adjusted in the event of death or early retirement before age 62, and can be paid for life with a 120-month certain pay-out or on a joint and survivor basis at the option of the participant. The pay-out option elected may also affect the amount of the annual benefit. For Mr. Wigdale, the monthly retirement benefit under the Nonqualified Plan is \$41,313. For Mr. Kuester, the estimated monthly retirement benefit beginning at age 65 is \$53,557, determined based on the five year average compensation earned through December 31, 2004 and various actuarial and interest rate assumptions. In the event of a Change in Control (as defined in the Nonqualified Plan), each participant who is actively employed will be deemed to retire on the date of the Change of Control but will have no reduction in benefits under the Nonqualified Plan for retiring prior to age 62. A participant has the option, in certain circumstances, to elect to receive the present value of the benefits to which he is entitled under the Nonqualified Plan upon a Change of Control regardless of his age at that point. Under the terms of the Nonqualified Plan, Mr. Wigdale was eligible to begin receiving benefits in January 2002. However, in connection with his continued full-time active employment, Mr. Wigdale elected to forego the payments otherwise due to him for 2002, 2003 and 2004. Mr. Wigdale began receiving benefits under the Nonqualified Plan in 2005 in connection with his retirement as a full time active employee of the Company.

In December 2004 the Compensation Committee approved the terms of a nonqualified supplemental retirement plan (the Plan) that provides Mr. Furlong with a supplemental retirement benefit. The purpose of the Plan is to provide an annual retirement benefit such that the sum of the benefits from the Company's contributions into its qualified and non-qualified retirement programs, Social Security and the Plan equals 45% of the sum of Mr. Furlong's highest average salary and annual short-term incentive compensation for any five of his last ten years of employment. The benefits under the Plan will begin vesting at age 55, and will be fully vested at age 62. If Mr. Furlong's employment terminates prior to his attaining age 55 other than by reason of death or disability or in connection with a change of control of the Company, he will receive no benefits under the Plan. The total benefit under the Plan will be adjusted in the event of death or disability before age 62, and can be paid for life with a 120-month certain pay-out or on a joint and survivor basis at Mr. Furlong's option. The payout option elected may also affect the amount of the annual benefit. Mr. Furlong's estimated monthly retirement benefit beginning at age 65 is \$25,803, determined based on the five year average compensation earned through December 31, 2004 and various actuarial and interest rate assumptions. In the event of a change of control before Mr. Furlong attains age 55, 40% of the benefits under the Plan will be vested if the change of control occurs within 12 months of adoption of the Plan and an additional 4% of the benefits will vest for each year following the adoption of the Plan. In the event of a change of control after Mr. Furlong attains age 55, the benefits under the Plan will be fully vested.

The 2005 Marshall & Ilsley Corporation Executive Deferred Compensation Plan (the Deferred Compensation Plan) provides selected key employees of M&I, including the named executive officers, with the ability to defer up to 80% of base salary and 100% of bonus. Those employees electing to participate have two investment options for amounts deferred: a fixed rate option equal to the Moody's A Long-Term Corporate Bond Rate for the month of September of the previous year and an equity option equal to the total return of the S&P 500 Index. The percentage allocated to any investment option may not be less than 10% and elections may be changed semi-annually. The Deferred Compensation Plan also allows participants to defer the receipt of restricted stock and shares issued upon the exercise of stock options. However, participants are not entitled to defer shares issued upon exercise of stock options until such time as the administrator of the Deferred Compensation Plan determines that such a deferral is permissible under Section 409A of the Code. Amounts

deferred are distributable upon termination of employment at the election of the participant. The election choices for 2005 plan year deferrals range from lump sum distribution to a pay-out over 15 years if a participant's employment terminates on or after age 55, other than because of death or disability, with at least 10 years of service. For future plan year deferrals, distribution choices may change, but only those distribution methods permitted under Section 409A of the Code will be allowed. Amounts deferred and investment returns thereon are held in the Marshall & Ilsley Corporation Deferred Compensation Trust II of which Marshall & Ilsley Trust Company N.A. is the trustee (the Trust). In addition to participant-directed deferrals, the Compensation Committee may require deferrals of any amount necessary to ensure the deductibility of compensation paid to a named executive officer under federal income tax law. Participants in the Deferred Compensation Plan are also eligible to receive an employer contribution equal to the amount that would have been allocated to such participant's account under the M&I Retirement Growth Plan absent statutory limitations on compensation. This contribution is credited to an account which vests after an employee has five years of vesting service (as defined in M&I's Retirement Growth Plan). Participants have the same investment and pay-out elections with respect to these accounts as with other accounts in the Deferred Compensation Plan, and amounts credited are held in the Trust.

Because of changes in the federal income tax law governing the taxation of split-dollar life insurance benefits, in 2003 M&I entered into death benefit award agreements with Messrs. Wigdale and Kuester and certain other senior executives under which a nonqualified death benefit plan was substituted for their previous life insurance arrangements. Originally, the life insurance arrangements were provided in lieu of certain benefits to which Messrs. Kuester and Wigdale were entitled under the Deferred Compensation Plan. Pursuant to the death benefit award agreements, the beneficiaries of Messrs. Wigdale and Kuester are provided with a death benefit that is a formula amount based primarily on certain life insurance proceeds. On a present value basis, the new arrangements were structured to be economically neutral to M&I as compared to the life insurance arrangements.

CHANGE OF CONTROL AGREEMENTS AND RELATED MATTERS

In order to assure management continuity and stability, as of February 1, 2005, M&I had substantially similar Change of Control Agreements (the M&I Change of Control Agreements) outstanding with all of the named executive officers (except for Mr. Wigdale, who retired as of December 31, 2004), 12 additional executive officers and 17 other officers and employees of the Company and its subsidiaries (collectively, the Executives). The M&I Change of Control Agreements with the named executive officers and John M. Presley, Senior Vice President and Chief Financial Officer of the Company, each have a term of three years. The M&I Change of Control Agreements with the other Executives each have a term of two years.

The M&I Change of Control Agreements guarantee the Executives specific payments and benefits upon a termination of employment as a result of a change of control of M&I. If a change of control occurs, the contract becomes effective and continues for the relevant term. The employment term renews on a daily basis until M&I gives notice to terminate the daily renewal.

The M&I Change of Control Agreements provide for specified benefits after a change of control if the Executive voluntarily terminates for good reason or is involuntarily terminated other than for cause (as such terms are defined in the M&I Change of Control Agreements). In addition, in the case of some M&I Change of Control Agreements, at the end of six months after a change of control, the Executive may terminate employment for any reason and is entitled to receive full benefits. Upon a termination, the Executive is entitled to (a) a lump sum payment equal to two or three times (depending on whether the contract is a two- or three-year contract) the sum of the Executive's current base salary plus the higher of the Executive's bonus for the last year or the Executive's average bonus for the past three years, (b) a proportionate amount of any unpaid bonus deemed earned for the year of termination, (c) a lump sum payment equal to the retirement benefits lost as a result of not having been employed for the remaining contract term, (d) health and other benefits for the remaining contract

term, and (e) payments for certain other fringe benefits. In the event of a termination of employment as a result of his death, the Executive's beneficiary is entitled to six months of base salary. No additional benefits are guaranteed under the contract upon an Executive's disability or termination of employment by M&I for cause.

The M&I Change of Control Agreements provide that upon a change of control most restrictions limiting the exercise, transferability or other incidents of ownership of any outstanding award, restricted stock, options, stock appreciation rights, or other property rights of M&I granted to the Executive shall lapse, and such awards shall become fully vested, except in certain circumstances. In addition, upon certain events following a change of control, some option agreements, including certain options held by the named executive officers, provide that options will remain exercisable for the lesser of (a) the remainder of their respective terms or (b) one year after the Executive's death. The M&I Change of Control Agreements also provide for gross-up payments in the event payments to an Executive under the M&I Change of Control Agreement are subject to the excise tax (the Excise Tax) provided for under Section 4999 of the Code, or any similar federal, state or local tax which may be imposed, in an amount such that the net amount retained by the Executive, after deduction of any Excise Tax on the payments and any federal, state and local income tax and Excise Tax on the gross-up payment, shall be equal to the payments then due.

In addition, as of February 1, 2005, M&I had substantially similar change of control agreements (the Metavante Change of Control Agreements) for six officers of Metavante Corporation (Metavante), including one executive officer of M&I, who also have M&I Change of Control Agreements. The Metavante Change of Control Agreements are triggered upon a change of control of Metavante rather than M&I. In no event will payments be made or benefits be paid to the Metavante employees under both agreements. The Metavante Change of Control Agreements provide for specified benefits upon a change of control of Metavante if an employee voluntarily terminates employment for good reason, or is involuntarily terminated other than for cause (as such terms are defined in the Metavante Change of Control Agreements), within a three-year period following the change of control. In these events, the employee is entitled to substantially the same compensation as described above under the M&I Change of Control Agreements, including an Excise Tax gross-up payment. However, the restrictions limiting the exercise, transferability or other incidents of ownership of equity awards do not lapse upon a change of control of Metavante. The treatment of an employee under the Metavante Change of Control Agreements in the event of termination of employment because of death, disability or termination for cause is the same as under the M&I Change of Control Agreements.

NON-EMPLOYEE DIRECTOR COMPENSATION

Directors of M&I who are not employees are paid a retainer fee of \$24,000 per year. In addition, non-employee directors receive a fee of \$1,500 for each Board meeting which they attend and \$1,000 for each committee meeting which they attend. The chairs of the Audit, Compensation, Nominating, and Retirement Investment Committees are paid a retainer fee of \$5,000 per year. Mr. Urdan is also paid \$5,000 per year to act as presiding director at the non-management executive sessions of the Board. M&I has established a deferred compensation plan for its directors. Under such plan, all or part of the fees received by a director may be deferred at the election of the director. Amounts deferred may be allocated to one of two accounts as selected by the participating director: (i) the Common Stock account or (ii) a cash account, earning interest at a rate equal to that earned on U.S. Treasury Bills with maturities of 13 weeks. Payment of benefits from the Common Stock account is made in shares of Common Stock. The deferred compensation plan also allows directors to defer the receipt of shares issued upon the exercise of stock options, but only to the extent allowable under Section 409A of the Code. Deferred amounts are payable to a participating director at the election of the participating director. The election choices for 2005 plan year deferrals range from lump sum distribution after termination to five or ten annual installments after termination of service. Messrs. Jacobs, Johnson, Kellner, Mellowes, Meyer, O Toole, Schaefer and Urdan elected to defer compensation under the plan during 2004. Directors of M&I who are also directors of subsidiaries of M&I receive compensation from such subsidiaries in varying amounts based on the director compensation schedule of such subsidiaries. Directors of subsidiaries of M&I may also elect to defer compensation under the plan.

Directors of M&I who are not employees of M&I or its subsidiaries also participate in the Company's stock option plans. On the date of each Annual Meeting of Shareholders, each participant in the plan elected or re-elected as a director at such Annual Meeting receives an option for that number of shares of Common Stock equal to the multiple of 5,000 and the number of years in the term to which such participant has been elected. In addition, a participant who is appointed to fill a vacancy on the Board of Directors, or a director who becomes a participant because such director ceases to be employed by the Company or its subsidiaries, will receive, on the date of the next Annual Meeting, an option for that number of shares of Common Stock equal to a multiple of 5,000 and the number of years remaining in such participant's term as a director of the Company. Under the terms of this plan, the option price per share will not be less than 100% of the fair market value of the shares on the date the option is granted, the options will not be exercisable more than 10 years after the date of grant, and the options will terminate no later than three years after the participant ceases to be a director of the Company for any reason. Such options may be exercised at any time after they are granted. The exercise price of an option may, at the participant's election, be paid in cash or previously owned shares of Common Stock or a combination thereof.

M&I allows directors and their spouses incidental use of Company aircraft for personal purposes. Under this incidental use arrangement, the director and the director's spouse are, on occasion, allowed to use otherwise unoccupied space on Company aircraft for a flight which was otherwise scheduled.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT

General Policy

The Compensation and Human Resources Committee (the "Compensation Committee") determines the compensation policy for executive officers, makes awards and sets performance criteria under the Company's incentive plans, and determines the salary levels for executive officers. The Company's compensation program is designed to offer a competitive total compensation value that will attract and retain high quality talent and ensure alignment of a significant portion of the executive's total compensation to the annual and long-term performance of the Company as well as the creation of stockholder value. The Compensation Committee bases its compensation decisions primarily on its overall assessment of the executive's contribution to the profitability of the Company on both a long-term and short-term basis and the relevant market relationship of the executive officer's compensation. The Compensation Committee reviews the executive's performance in light of both the historical financial performance of the Company and the Compensation Committee's assessment of the executive's role in ensuring the future financial success of the Company. In this respect, the Compensation Committee seeks to reward leadership, innovation and entrepreneurship. The compensation package for senior executives has both objective (performance based) and subjective elements. Awards under the Annual Executive Incentive Plan are based on the achievement of specified performance criteria determined by the Compensation Committee. For certain executive officers, the financial performance of the business unit or division for which that executive has responsibility may receive a proportionately larger consideration by the Compensation Committee in determining that executive's compensation. The Compensation Committee reviews the compensation plans for executives in order to determine whether such plans are consistent with the Company's objectives and financial performance.

Federal income tax law prohibits publicly held companies, such as M&I, from deducting certain compensation paid to a named executive officer that exceeds one million dollars during the tax year. To the extent that compensation is based upon the attainment of performance goals set by the Compensation Committee pursuant to plans approved by the Company's shareholders, the compensation is not included in the computation of the limit. Although the Compensation Committee intends, to the extent feasible and where it believes it is in the best interests of the Company and its shareholders, to attempt to qualify executive compensation as tax deductible, it does not intend to permit this arbitrary tax provision to distort the Compensation Committee's development and execution of effective compensation plans. Thus, the Compensation Committee will continue to exercise discretion in those instances where the mechanistic approaches necessary under tax law considerations could compromise the interests of shareholders.

2004 Compensation

Overview

With regard to 2004 compensation decisions, the Compensation Committee reviewed the Company's financial performance on both a long-term and short-term basis, the compensation paid to the Company's executive officers relative to similar companies and other information which the Compensation Committee deemed relevant in the case of any particular individual. The Compensation Committee's compensation consultants, Hewitt Associates LLC, presented a report to the Compensation Committee comparing the Company's performance, size and compensation levels to a group of seventeen regional bank holding companies and reviewed with the Compensation Committee the base salaries, annual bonuses, total cash compensation, long-term compensation and total compensation of the Company's senior executive officers relative to those companies. The Compensation Committee also considered other analyses of the Company's compensation levels and financial performance, including comparisons to the companies in the KBW 50 Index, which is the same peer group used in the performance graph, and a more defined group of similarly sized bank holding companies.

The Compensation Committee analyzed the peer group data and other information in order to reflect competitive factors and performance in the compensation of the Company's executives. In the case of any particular individual, circumstances unique to such individual such as increased responsibilities or extraordinary effort may also be reflected. In assessing the Company's performance, the Compensation Committee considered, among other things, the profitability of the Company as a whole on both a long-term and short-term basis (including net income, earnings per share, return on average shareholders' equity and return on average assets). The Compensation Committee also considered total shareholder return in comparison to the Company's peers. The Compensation Committee's decisions with respect to compensation generally reflect all of the factors considered, including objective factors and the Compensation Committee's subjective assessment of the executive's performance.

Base Salary

In determining the base salaries for the Company's executive officers, the Compensation Committee takes a long-term view of the executive's job performance, the Company's financial performance and the salaries paid in the marketplace to executives with similar responsibilities. Based on its review of these factors and the Hewitt Associates report, as well as the total compensation opportunities of each senior executive officer, the Compensation Committee deemed it appropriate to increase the 2004 base salaries of certain executive officers. The Compensation Committee believes the base salaries are commensurate with the Compensation Committee's evaluation of the factors and information it reviewed.

Annual Executive Incentive Plan

The Annual Executive Incentive Plan provides for annual cash incentives (bonuses) to the participants, which include all but one of the executive officers, based upon one or more objective financial performance criteria selected by the Compensation Committee. Metavante Corporation's President and Chief Executive Officer participates in a separate plan related to the performance of Metavante Corporation. The Annual Executive Incentive Plan rewards eligible senior executives with an incentive award based on a percentage of each participant's base salary if the performance goals set by the Compensation Committee are met for that year. In evaluating the participants' bonus opportunity under the Annual Executive Incentive Plan, the Compensation Committee considers bonus amounts provided by peer companies. The performance criterion for 2004 was based upon earnings per share adjusted for certain items as approved by the Compensation Committee. Results under the plan exceeded the target performance levels established by the Compensation Committee for 2004, and resulted in eligible senior executives receiving payouts ranging from 56% to 165% of their respective 2004 base salaries as compared to payouts ranging from 54% to 175% of base salaries in 2003. In future years, the Compensation Committee may use performance criteria different than earnings per share.

Long-Term Compensation

It is the intention of the Compensation Committee to continue to emphasize long-term awards in the compensation provided to the Company's executive officers. In arriving at the 2004 long-term award levels, the Compensation Committee compared the total compensation opportunities and the total value of each executive's long-term award package in relation to those provided by peer companies for similar positions. The Compensation Committee also determined the allocation of long-term awards to each long-term compensation component, which includes awards under the Company's Executive Stock Option and Restricted Stock Plan and long-term incentive plans.

The Compensation Committee determined to grant a combination of stock options and restricted stock awards in 2004. In determining the total number of options to be granted in 2004 to all employee recipients, including the executive officers, the Compensation Committee reviewed the annual option awards and cumulative options outstanding of the peer group companies in relation to outstanding shares. In 2004, option grants to employees totaled 3,668,145 options, or approximately 1.6% of shares outstanding as of December 31, 2004, and restricted stock awards to employees totaled 172,700 restricted shares, or 0.1% of shares outstanding as of December 31, 2004. The Compensation Committee believes annual awards at this level are comparable to the award levels of the peer group companies, and that the total value of such awards, as well as the allocation of such awards under the Company's Executive Stock Option and Restricted Stock Plan and long-term incentive plans, are fair and appropriate.

The Compensation Committee has approved awards for participants in the Company's 1994 Long-Term Incentive Plan, including the Company's executive officers, with respect to the three-year period from January 2005 through December 2007. The performance criteria for this three-year cycle will be based upon both the Company's total shareholder return in relation to companies in the KBW 50 Index and the Company's cumulative three-year earnings per share adjusted for certain items relative to predetermined goals. Payment of long-term incentive awards is contingent upon the Company's achievement of specified performance criteria, and no payouts will occur if the Company does not meet those criteria.

Chief Executive Officer Compensation

In determining Mr. Kuester's salary, annual incentive opportunity and long-term awards, the Compensation Committee's review concentrated on the prevailing market rates of compensation for his position and the Company's current and prior year's financial performance. The Compensation Committee also considered the compensation of the chief executive officers of the peer group companies, taking into account the Company's size and performance relative to the companies in the peer groups, in order to determine whether Mr. Kuester is compensated on a basis which is reasonably consistent. The Compensation Committee reviewed the total value of Mr. Kuester's long-term awards and determined the allocation of such awards to each compensation component. Mr. Kuester received a payout under the Annual Executive Incentive Plan of approximately 165% of his base salary, resulting from the Company's 2004 financial performance in relation to the goals established under the plan. It is the Compensation Committee's conclusion that Mr. Kuester's compensation is fair and appropriate.

Pre-Approval Policy

The Audit Committee must pre-approve all audit and non-audit services to be provided by the Company's independent auditors, subject to a de minimus exception as provided in its charter. The Audit Committee has adopted a pre-approval policy relating to audit and non-audit services. This policy provides that the Company's auditors may only provide those tax and other services that the Audit Committee believes will not impair the auditors' independence. The Audit Committee believes that the provision of audit-related services, which are traditionally performed by the independent auditors, does not impair the independence of the auditors.

The pre-approval policy describes the permitted audit, audit-related, tax and other services that have the pre-approval of the Audit Committee, including the pre-approved fee levels for all services. Unless a type of service to be provided by the independent auditors has received general pre-approval, it must receive specific pre-approval by the Audit Committee. Any proposed services exceeding the pre-approved fee levels require specific pre-approval by the Audit Committee. The term of any pre-approval is generally one year from the date of pre-approval or, if the pre-approval relates to a specific project, for the term of the project. The chair of the Audit Committee has the authority to grant pre-approvals of audit and non-audit services between meetings, provided that any such pre-approval must be presented to the full Audit Committee at its next scheduled meeting. The Audit Committee will annually review and pre-approve services that that may be provided by the independent auditors.

2. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has appointed Deloitte & Touche as the Company's independent auditors for the fiscal year ending December 31, 2005 and is seeking the ratification of their appointment by the shareholders. Deloitte & Touche audited the Company's financial statements for the fiscal year ended December 31, 2004. Representatives of Deloitte & Touche will be present at the Annual Meeting to make any statement they may desire and to respond to questions from shareholders.

Ratification of Deloitte & Touche as the Company's independent auditors for the fiscal year ending December 31, 2005 requires that the votes cast in favor of ratification exceed the votes cast opposing ratification. If the appointment of Deloitte & Touche is not ratified, the Audit Committee will consider the shareholders' action in deciding whether to appoint Deloitte & Touche as the Company's independent auditors for 2006.

The Board of Directors recommends a vote FOR ratification of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending December 31, 2005.
