As a stockholder, you are invited to attend the annual meeting and are requested to vote on the items of business described in this proxy statement.

A: The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of our directors and most highly paid executive officers in 2004, and certain other required information.

Q: How may I obtain Google's Annual Report for 2004?

A: A copy of our Annual Report for 2004 is enclosed.

Stockholders may request another free copy of our Annual Report for 2004 from:

Investor Relations

Google Inc.

1600 Amphitheatre Parkway

Mountain View, CA 94043

Current and prospective investors can also access or order free copies of our Form 10-K, proxy statement and other financial information on our Investor Relations web site at:

<http://investor.google.com>

Edgar Filing: Google Inc. - Form DEF 14A

Alternatively, you can request copies of such information by emailing investors@google.com or calling 1-866-INV-GOOG (866-468-4664).

Q: What items of business will be voted on at the annual meeting?

A: The items of business scheduled to be voted on at the annual meeting are:

The election of nine directors;

The ratification of Google's independent registered public accounting firm for the fiscal year ending December 31, 2005; and

The approval of an amendment to Google's 2004 Stock Plan to, among other things, increase the number of authorized shares of Class A common stock issuable under the 2004 Stock Plan from 6,431,660 to 13,431,660 and to provide Google with the ability to grant certain performance based awards that are fully deductible for federal income tax purposes.

We will also consider any other business that properly comes before the annual meeting.

Q: How does the board of directors recommend that I vote?

A: Our board of directors recommends that you vote your shares (1) **FOR** each of the nominees to the board of directors (2) **FOR** the ratification of our independent registered public accounting firm for the 2005

Table of Contents

fiscal year and (3) FOR the amendment to our 2004 Stock Plan to, among other things, increase the number of authorized shares of Class A common stock issuable under the 2004 Stock Plan from 6,431,660 to 13,431,660 and to provide Google with the ability to grant certain performance based awards that are fully deductible for federal income tax purposes.

Q: What shares can I vote?

A: Each share of Google Class A common stock and Class B common stock issued and outstanding as of the close of business on March 28, 2005, which we refer to as the Record Date, is entitled to be voted on all items being voted on at the annual meeting. You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the *stockholder of record* and (2) shares held for you as the beneficial owner through a broker, trustee or other nominee such as a bank. On the Record Date we had approximately 277,282,937 shares of common stock issued and outstanding consisting of 162,550,115 shares of Class A common stock and 114,732,822 shares of Class B common stock.

Q: How many votes am I entitled per share?

A: Each holder of shares of Class A common stock is entitled to one vote for each share of Class A common stock held as of the Record Date, and each holder of shares of Class B common stock is entitled to 10 votes for each share of Class B common stock held as of the Record Date. The Class A common stock and Class B common stock are voting as a single class on all matters described in these proxy materials for which your vote is being solicited.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most Google stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, EquiServe Trust Company, N.A., you are considered, with respect to those shares, the *stockholder of record*, and these proxy materials are being sent directly to you by Google. As the *stockholder of record*, you have the right to grant your voting proxy directly to Google or to vote in person at the annual meeting. Google has enclosed or sent a proxy card for you to use.

Beneficial Owner

Edgar Filing: Google Inc. - Form DEF 14A

If your shares are held in a brokerage account or by another nominee, you are considered the *beneficial owner* of shares held *in street name*, and these proxy materials are being forwarded to you together with a voting instruction card by your broker, trustee or nominee, as the case may be. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote, and you are also invited to attend the annual meeting.

Since a beneficial owner is not the *stockholder of record*, you may not vote your shares in person at the annual meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or other nominee how to vote your shares.

Q: How can I attend the annual meeting?

A: You are entitled to attend the annual meeting only if you were a Google stockholder or joint holder as of the close of business on March 28, 2005 or you hold a valid proxy for the annual meeting. Since seating is

Table of Contents

limited, admission to the meeting will be on a first-come, first-served basis. You should be prepared to present photo identification for admittance. If you are not a stockholder of record but hold shares through a broker or nominee (i.e., in street name), you should provide proof of beneficial ownership as of the Record Date, such as your most recent account statement prior to March 28, 2005, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the annual meeting. For security reasons, you will be subject to search prior to your admittance to the meeting.

Please let us know if you plan to attend the meeting by marking the appropriate box on the enclosed proxy card or, if you vote by telephone or Internet, indicating your plans when prompted.

The meeting will begin promptly at 2:00 p.m., local time. Check-in will begin at 12:00 p.m. local time, and you should allow ample time for the check-in procedures.

Q: How can I vote my shares in person at the annual meeting?

A: Shares held in your name as the stockholder of record may be voted by you in person at the annual meeting. Shares held beneficially in street name may be voted by you in person at the annual meeting only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. *Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.*

Q: How can I vote my shares without attending the annual meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the annual meeting. If you are a stockholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For directions on how to vote, please refer to the instructions below and those included on your proxy card or, for shares held beneficially in street name, the voting instruction card provided by your broker, trustee or nominee.

By Internet Stockholders of record of Google common stock with Internet access may submit proxies by following the Vote by Internet instructions on their proxy cards. Most Google stockholders who hold shares beneficially in street name may vote by accessing the web site specified on the voting instruction cards provided by their brokers, trustees or nominees. Please check the voting instruction card for Internet voting availability.

By Telephone Stockholders of record of Google common stock who live in the United States or Canada may submit proxies by following the Vote by Phone instructions on their proxy cards. Most Google stockholders who hold shares beneficially in street name and live in the United States or Canada may vote by phone by calling the number specified on the voting instruction cards provided by their brokers, trustees or nominees. Please check the voting instruction card for telephone voting availability.

Edgar Filing: Google Inc. - Form DEF 14A

By Mail Stockholders of record of Google common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Google stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by their brokers, trustees or nominees and mailing them in the accompanying pre-addressed envelopes.

Q: Can I change my vote?

A: You may change your vote at any time prior to the vote at the annual meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes

Table of Contents

the earlier proxy), by providing a written notice of revocation to Google's Corporate Secretary prior to your shares being voted, or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Google or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide on their proxy card written comments, which are then forwarded to Google management.

Q: How many shares must be present or represented to conduct business at the annual meeting?

A: The quorum requirement for holding the annual meeting and transacting business is that holders of a majority of the voting power of the issued and outstanding common stock of Google must be present in person or represented by proxy. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum.

Q: How are votes counted?

A: In the election of directors, you may vote **FOR** all or some of the nominees or your vote may be **WITHHELD** with respect to one or more of the nominees. You may not cumulate your votes for the election of directors.

For the other items of business, you may vote **FOR**, **AGAINST** or **ABSTAIN**. If you elect to **ABSTAIN**, the abstention has the same effect as a vote **AGAINST**. If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items.

Q: What is the voting requirement to approve each of the proposals?

A: In the election of directors, the nine persons receiving the highest number of **FOR** votes at the annual meeting will be elected. All other proposals require the affirmative **FOR** vote of a majority of those shares present in person or represented by proxy and entitled to vote on those proposals at the annual meeting. If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions have the same effect as votes against the matter.

Q: Is cumulative voting permitted for the election of directors?

A: No. You may not cumulate your votes for the election of directors.

Q: What happens if additional matters are presented at the annual meeting?

A: Other than the three items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Eric

Table of Contents

Schmidt and George Reyes, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the board of directors.

Q: Who will serve as inspector of elections?

A: The inspector of elections will be a representative from EquiServe.

Q: What should I do if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each Google proxy card and voting instruction card that you receive.

Q: How may I obtain a separate set of proxy materials or request a single set for my household?

A: If you share an address with another stockholder, each stockholder will receive a copy of our Annual Report and proxy materials. Stockholders may request additional copies of our Annual Report and proxy materials by sending an e-mail to investors@google.com, calling 1-866-INV-GOOG (866-468-4664) or writing to:

Investor Relations

Google Inc.

1600 Amphitheatre Parkway

Mountain View, CA 94043

Similarly, if you share an address with another stockholder, you may write us at the address above to request delivery of a single copy of these materials in the future.

Q: Who will bear the cost of soliciting votes for the annual meeting?

Edgar Filing: Google Inc. - Form DEF 14A

A: Google is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also have hired Georgeson Shareholder Communications Inc. to assist us in the distribution of proxy materials and the solicitation of votes described above. We will pay Georgeson Shareholder Communications Inc. a fee of \$3,500 plus customary costs and expenses for these services. Google has agreed to indemnify Georgeson Shareholder Communications Inc. against certain liabilities arising out of or in connection with its agreement.

Q: Where can I find the voting results of the annual meeting?

A: We intend to announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the second quarter ending June 30, 2005.

Table of Contents

Q: What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?

A: You may submit proposals, including director nominations, for consideration at future stockholder meetings.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting next year, the Corporate Secretary of Google must receive the written proposal at our principal executive offices no later than December 9, 2005. Such proposals also must comply with Securities and Exchange Commission regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Google Inc.

Attn: Corporate Secretary

1600 Amphitheatre Parkway

Mountain View, California 94043

Fax: (650) 618-1499

For a stockholder proposal that is not intended to be included in Google's proxy statement under Rule 14a-8, the stockholder must (1) deliver a proxy statement and form of proxy to holders of a sufficient number of shares of Google common stock to approve that proposal, (2) provide the information required by our bylaws and (3) give timely notice to the Corporate Secretary of Google in accordance with our bylaws, which, in general, require that the notice be received by the Corporate Secretary of Google:

not earlier than the close of business on January 12, 2006, and

not later than the close of business on February 13, 2006.

If the date of the stockholder meeting in 2006 is moved more than 30 days before or after the anniversary of the 2005 annual meeting, then notice of a stockholder proposal that is not intended to be included in Google's proxy statement must be received no earlier than the close of business 120 days prior to the meeting and no later than the close of business on the earlier of the following two dates:

the 10th day following the day on which notice of the meeting date is mailed; and

the 10th day following public disclosure of the meeting is made.

Edgar Filing: Google Inc. - Form DEF 14A

Nomination of Director Candidates: You may propose director candidates for consideration by the board of directors Nominating and Corporate Governance Committee. Any such recommendations should include the nominee's name and qualifications for board of directors membership and should be directed to the Corporate Secretary of Google at the address of our principal executive offices set forth above. For additional information regarding stockholder recommendations for director candidates, see Consideration of Director Nominees Stockholder Recommendations and Nominees on page 12.

In addition, our bylaws permit stockholders to nominate directors for election at an annual stockholder meeting. To nominate a director, the stockholder must provide the information required by our bylaws. In addition, the stockholder must give timely notice to our Corporate Secretary in accordance with our bylaws, which, in general, require that the notice be received by our Corporate Secretary within the time period described above under Stockholder Proposals for stockholder proposals that are not intended to be included in our proxy statement.

Copy of Bylaw Provisions: You may contact our Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS MATTERS

We are committed to maintaining the highest standards of business conduct and corporate governance, which we believe are essential to running our business efficiently, serving our stockholders well and maintaining our integrity in the marketplace. We have adopted a code of business conduct and ethics for directors, officers (including our principal executive officer and principal financial officer) and employees, known as the Google Code of Conduct. We have also adopted Corporate Governance Guidelines, which, in conjunction with our certificate of incorporation, bylaws and board of directors committee charters form the framework for governance of Google. The Google Code of Conduct is available at: <http://investor.google.com>. Google will post on this web site any amendments to the Google Code of Conduct or waivers of the Google Code of Conduct for directors and executive officers.

Board of Directors Independence

The board of directors has determined that each of the director nominees standing for election, except Eric Schmidt, Larry Page and Sergey Brin, has no material relationship with Google (either directly or as a partner, shareholder or officer of an organization that has a relationship with Google) and is an independent director as defined in the listing standards of The Nasdaq Stock Market, as currently in effect.

Board of Directors Structure and Committee Composition

As of the date of this proxy statement, our board of directors has nine directors and the following four committees: (1) Audit Committee, (2) Leadership Development and Compensation Committee, (3) Nominating and Corporate Governance Committee and (4) Executive Committee. The committee membership and meetings during 2004 and the function of each of the committees are described below. Each of the committees operates under a written charter adopted by the board of directors. All of the committee charters, except the Executive Committee's charter, are available on our web site at <http://investor.google.com/committees.html>.

During 2004, the board of directors held 15 meetings. Each director attended at least 75% of all board of directors and applicable committee meetings. We encourage our directors to attend our annual meetings. We did not hold an annual meeting in 2004.

PROPOSAL NUMBER 3

APPROVAL OF AMENDMENT AND RESTATEMENT OF GOOGLE S 2004 STOCK PLAN

In April 2005, the Leadership Development and Compensation Committee recommended, and the full board of directors approved, the amended Google 2004 Stock Plan (the "Stock Plan") and is asking its stockholders to approve the Stock Plan. The Stock Plan, as amended, will (1) assist Google in achieving its goals of increasing profitability and stockholder value by providing our employees, directors and consultants an opportunity to purchase shares of our Class A common stock, and (2) provide Google with the ability to grant certain performance based awards that are fully deductible for federal income tax purposes.

The amendments to the Stock Plan are subject to approval by our stockholders and will not become effective until the amended Stock Plan is approved by our stockholders. The Stock Plan, as amended, includes the following three amendments:

(1) An increase to the number of shares available under the Stock Plan by an additional seven million shares of Class A common stock, and removal of the requirement that the number of shares available under the Stock Plan be reduced by the number of shares subject to options granted after December 31, 2003 under our 1998 Stock Plan, 1999 Stock Option/Stock Issuance Plan, 2000 Stock Plan, 2003 Stock Plan, 2003 Stock Plan (No. 2), and 2003 Stock Plan (No. 3). If our stockholders approve the proposed amendment to the Stock Plan, a total of 13,431,660 shares of Class A common stock will be reserved for issuance pursuant to the Stock Plan.

(2) A provision that provides that the number of shares available under the Stock Plan will not be reduced by any shares that are withheld in satisfaction of tax withholding obligations.

(3) The addition of provisions that will provide Google with the ability to deduct for federal income tax purposes, if certain requirements are met, equity compensation in excess of \$1 million that Google may pay to certain of the executive officers in any single year pursuant to the Stock Plan in connection with restricted stock, stock appreciation rights, restricted stock units, performance units and performance shares, as well as options.

Awards granted under the amended Stock Plan may be designed to qualify as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code, as amended (the "Code"). Pursuant to Section 162(m) of the Code, Google generally may not deduct for federal income tax purposes compensation paid to the Chief Executive Officer or the four other highest paid employees to the extent that any of these persons receive more than \$1 million in compensation in any single year. However, if the compensation qualifies as performance-based for Section 162(m) purposes, Google may deduct for federal income tax purposes the compensation paid even if such compensation exceeds \$1 million in a single year. For certain awards granted under the Stock Plan to qualify as performance-based compensation under Section 162(m), among other things, the stockholders must approve the material terms of the Stock Plan, including the performance goals that may be permitted to apply to certain awards granted under the Stock Plan, and the per person annual award limits of the Stock Plan.

In March 2005, the board of directors approved changes to the prior version of the Stock Plan, subject to approval from our stockholders at the Annual Meeting. If the stockholders approve the Stock Plan, it will replace the current version of the Stock Plan. Otherwise, the current version of the Stock Plan will remain in effect. Our executive officers and directors have an interest in this proposal.

Summary of the Stock Plan

The following is a summary of the Stock Plan. The full text of the Stock Plan is attached included herein as Appendix D.

General. Our board of directors adopted the Stock Plan in April 2004, and it was subsequently approved by our stockholders. The Stock Plan provides for the grant of incentive stock options (within the meaning of Section

Table of Contents

422 of the Code) to our employees and nonstatutory stock options, restricted stock, stock appreciation rights, performance units, performance shares, restricted stock units and other stock based awards (each, an award) to our employees, directors, and consultants. The purpose of the Stock Plan is to attract and retain the best available personnel for positions of substantial responsibility with Google, to provide additional incentive to the employees, directors and consultants of Google and employees and consultants of its parent and subsidiary companies and to promote the success of our business.

Common Stock Available Under the Stock Plan. Assuming stockholders approve this proposal, a total of 13,431,660 million shares of Class A common stock will have been reserved for issuance pursuant to the Stock Plan. On December 31, 2004, options to purchase a total of 1,656,180 shares of Class A common stock were outstanding under the Stock Plan at a weighted average exercise price of \$161.58 per share. On December 31, 2004, 4,663,748 shares of our Class A common stock remained available for future issuance under our Stock Plan.

If an award expires or is terminated or canceled without having been exercised or settled in full, is forfeited back to or repurchased by Google, the terminated portion of the award (or forfeited or repurchased shares subject to the award) will become available for future grant or sale under our plan (unless our plan has terminated). Shares are not deemed to be issued under the Stock Plan with respect to any portion of an award that is settled in cash or to the extent such shares are withheld in satisfaction of tax withholding obligations. If the exercise or purchase price of an award is paid for through the tender of shares, or withholding obligations are met through the tender or withholding of shares, those shares tendered or withheld will again be available for issuance under the Stock Plan. However, shares that have actually been transferred to a financial institution or other person or entity selected by the plan administrator, will not be returned to the Stock Plan, will not be returned to our plan and will not be available for future distribution under our plan.

Administration of the Stock Plan. Our board of directors, or one or more committees appointed by our board of directors, will administer our Stock Plan (the administrator). In the case of awards intended to qualify as performance based compensation within the meaning of Section 162(m) of the Code, the committee will consist of two or more outside directors within the meaning of Section 162(m) of the Code (to enable Google to receive a federal tax deduction for certain compensation paid under the Stock Plan). The administrator has the power to determine the terms of the awards, including the exercise price (which may be changed by the administrator after the date of grant), the number of shares subject to each award (subject to the limits under the plan), the exercisability of the awards and the form of consideration payable upon exercise. The administrator also has the power to implement an award exchange program, an award transfer program, whereby awards may be transferred to a financial institution or other person or entity selected by the plan administrator, and a program through which participants may reduce cash compensation payable in exchange for awards, and to create other stock based awards that are valued in whole or in part by reference to (or are otherwise based on) shares of our Class A common stock (or the cash equivalent of such shares).

Eligibility. Nonstatutory stock options, restricted stock, stock appreciation rights, performance units, performance shares, restricted stock units and other stock based awards may be granted under the Stock Plan to employees, directors, and consultants of Google, and employees and consultants of any parent or subsidiary of Google. Incentive stock options may be granted only to employees. As of December 31, 2004, we had approximately 3,026 employees, nine directors (including three employee directors) and 1,147 consultants and temporary workers.

Limitations. Section 162(m) of the Code places limits on the deductibility for federal income tax purposes of compensation paid to certain executive officers of Google. In order to preserve our ability to deduct the compensation income associated with certain awards granted to such persons, the Stock Plan provides that no service provider may be granted, in any fiscal year of Google, options and/or stock appreciation rights to purchase more than an aggregate of 1,000,000 shares of Class A common stock or an aggregate of 500,000 restricted stock awards, restricted stock units, performance units and/or performance shares.

Table of Contents

Options. A stock option is the right to purchase shares of our Class A common stock at a fixed exercise price for a fixed period of time. Each option is evidenced by a stock option agreement between Google and the optionee, and is subject to the following terms and conditions:

Number of Options. The administrator also will determine the number of shares granted to a service provider pursuant to a stock option, but as discussed above, the administrator will not be permitted to grant to a service provider, in any fiscal year of Google, more than an aggregate of 1,000,000 shares of Class A common stock for issuance pursuant to awards of stock options and/or stock appreciation rights.

Exercise Price. The administrator will determine the exercise price of options granted under our Stock Plan at the time the options are granted, but with respect to nonstatutory stock options intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code and all incentive stock options, the exercise price generally must be at least equal to the fair market value of our Class A common stock on the date of grant. The exercise price of an incentive stock option granted to a 10% stockholder may not be less than 110% of the fair market value on the date such option is granted. The fair market value of the Class A common stock generally is determined with reference to the closing sale price for the Class A common stock (or the closing bid if no sales were reported) on the day the option is granted. As of December 31, 2004, the closing price of the Class A common stock as reported on the Nasdaq Stock Market was \$192.79 per share.

Exercise of Option; Form of Consideration. The administrator determines when options become exercisable, and may in its discretion, accelerate the vesting of any outstanding option. The means of payment for shares issued upon exercise of an option is specified in each option agreement. To the extent permitted by applicable law, the Stock Plan permits payment to be made by cash, check, promissory note, other shares of Google Class A common stock (with some restrictions), cashless exercises, a reduction in the amount of Google liability to the participant, any combination of the prior methods of payment or any other form of consideration permitted by applicable law.

Term of Option. The term of stock options will be stated in the stock option agreement; however, the term of an incentive stock option may not exceed ten years, except that with respect to any participant who owns 10% of the voting power of all classes of our outstanding capital stock, the term must not exceed five years. No option may be exercised after the expiration of its term.

Termination of Service. After termination of one of our employees, directors or consultants, he or she may exercise his or her option for the period of time determined by the administrator and stated in the option agreement. In the absence of a time specified in a participant's award agreement, a participant may exercise the option within three months of such termination, to the extent that the option is vested on the date of termination, (but in no event later than the expiration of the term of such option as set forth in the option agreement), unless such participant's service relationship terminates due to the participant's death or disability, in which case the participant or, if the participant has died, the participant's estate, beneficiary designated in accordance with the administrator's requirements or the person who acquires the right to exercise the option by bequest or inheritance may exercise the option, to the extent the option was vested on the date of termination, within 12 months from the date of such termination.

Nontransferability of Options. Unless otherwise determined by the administrator, options granted under the Stock Plan are not transferable other than by will or the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee.

Restricted Stock. Restricted stock awards are awards of shares of our Class A common stock that vest in accordance with terms and conditions established by the administrator. The administrator may impose whatever conditions to vesting it determines to be appropriate including, if the administrator has determined it is desirable for the award to qualify as performance-based compensation for purposes of Section 162(m) of the Code, the restricted stock will vest based on the achievement of performance goals. Each award of restricted stock is evidenced by an award agreement specifying the terms and conditions of the award. The administrator determines the purchase price of any grants of restricted stock

and, unless the administrator determines otherwise, shares that do not vest typically will be subject to forfeiture or to our right of repurchase, which we

Table of Contents

may exercise upon the voluntary or involuntary termination of the purchaser's service with us for any reason including death or disability.

The administrator will determine the number of shares of restricted stock granted to any employee, but as discussed above, the administrator will not be permitted to grant to a service provider, in any fiscal year of Google, more than an aggregate of 500,000 shares of Class A common stock for issuance pursuant to restricted stock awards, restricted stock units, performance units and/or performance shares.

Stock Appreciation Rights. A stock appreciation right is the right to receive the appreciation in the fair market value of our Class A common stock between the exercise date and the date of grant, for that number of shares of our Class A common stock with respect to which the stock appreciation right is exercised. We may pay the appreciation in either cash, in shares of our Class A common stock with equivalent value, or in some combination, as determined by the administrator. Each award of stock appreciation rights is evidenced by an award agreement specifying the terms and conditions of the award. The administrator determines the exercise price of stock appreciation rights, the vesting schedule and other terms and conditions of stock appreciation rights. The administrator also will determine the number of shares granted to a service provider pursuant to a stock appreciation right, but as discussed above, the administrator will not be permitted to grant to a service provider, in any fiscal year of Google, more than an aggregate of 1,000,000 shares of Class A common stock for issuance pursuant to awards of stock appreciation rights and/or stock options.

After termination of service with Google, a participant will be able to exercise the vested portion of his or her stock appreciation right for the period of time stated in the award agreement. If no such period of time is stated in a participant's award agreement, a participant will generally be able to exercise his or her stock appreciation right for (i) three months following his or her termination for reasons other than death or disability, and (ii) one year following his or her termination due to death or disability. In no event will a stock appreciation right be exercised later than the expiration of its term.

Performance Shares and Performance Units. Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the administrator are achieved or the awards otherwise vest. The administrator will establish performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. The performance goals may be based upon the achievement of company-wide, divisional or individual goals (including solely continued service), applicable securities laws or other basis determined by the administrator. Payment for performance units and performance shares may be made in cash or in shares of our Class A common stock with equivalent value, or in some combination, as determined by the administrator. Performance units will have an initial dollar value established by the administrator prior to the grant date. Performance shares will have an initial value equal to the fair market value of our Class A common stock on the grant date. Each performance unit and performance share is evidenced by an award agreement, and is subject to the terms and conditions determined by the administrator.

The administrator will determine the number of performance shares and performance units granted to any employee, but as discussed above, the administrator will not be permitted to grant to a service provider, in any fiscal year of Google, more than an aggregate of 500,000 shares of Class A common stock for issuance pursuant to performance shares, performance units, restricted stock awards and/or, restricted stock units.

Restricted Stock Units. Restricted stock units are awards of restricted stock, performance shares or performance units that are paid out in installments or on a deferred basis. The administrator determines the terms and conditions of restricted stock units. Each restricted stock unit award will be evidenced by an award agreement that will specify terms and conditions as the administrator may determine in its sole discretion, including, without limitation whatever conditions to vesting it determines to be appropriate. As with awards of restricted stock, performance shares and performance units, the administrator may set restrictions with respect to the restricted stock units based on the achievement of specific performance goals. The administrator will

Table of Contents

determine the number of shares granted pursuant to a restricted stock unit award, but as discussed above, the administrator will not be permitted to grant to a service provider, in any fiscal year of Google, more than an aggregate of 500,000 shares of Class A common stock for issuance pursuant to awards of restricted stock units, restricted stock, performance shares and/or performance units.

Other Stock Based Awards. The administrator has the authority to create awards under the Stock Plan in addition to those specifically described in the Stock Plan. These awards must be valued in whole or in part by reference to, or must otherwise be based on, the shares of our Class A common stock (or the cash equivalent of such shares). These awards may be granted either alone, in addition to, or in tandem with, other awards granted under the Stock Plan and/or cash awards made outside the Stock Plan. Each other stock based award will be evidenced by an award agreement that will specify terms and conditions as the administrator may determine.

Transferability of Awards. Unless the administrator determines otherwise, our Stock Plan does not allow for the transfer of awards other than by will or by the laws of descent and distribution, and only the participant may exercise an award during his or her lifetime.

Performance Goals. As discussed above, under Section 162(m) of the Code, the annual compensation paid to the chief executive officer and to each of the other four most highly compensated executive officers may not be deductible to the extent it exceeds \$1 million. However, we are able to preserve the deductibility of compensation in excess of \$1 million if the conditions of Section 162(m) of the Code are met. These conditions include stockholder approval of the Stock Plan, setting limits on the number of awards that any individual may receive, and for awards other than options and stock appreciation rights, establishing performance criteria that must be met before the award actually will vest or be paid.

We have amended the Stock Plan so that it permits us to pay compensation that qualifies as performance-based under Section 162(m) of the Code. Thus, the administrator (in its discretion) may make performance goals applicable to a participant with respect to administrator's discretion, one or more of the following performance goals may apply: annual revenue, cash position, controllable profits, customer satisfaction MBOs, earnings per share, individual objectives, net income, new orders, operating cash flow, operating income, return on assets, return on equity, return on sales, and total shareholder return. The performance goals may differ from participant to participant and from award to award. Any criteria used may be measured, as applicable, in absolute terms or in relative terms (including passage of time and/or against another company or companies), on a per-share basis, against the performance of Google as a whole or any segment of Google, and on a pre-tax or after-tax basis.

Adjustments upon Changes in Capitalization. In the event that the stock of Google changes by reason of any dividend or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of securities of Google, other similar change in the capital structure of Google such that the administrator determines an adjustment is appropriate in order to prevent dilution or enlargement of the benefits (or potential benefits) to be made available under the Stock Plan, the administrator will make the adjustments it deems equitable to the number and class of shares of Class A common stock subject to the Stock Plan, the maximum number of shares of Class A common stock that may be issued to service providers in any fiscal year pursuant to awards, and the number, class and price of shares of Class A common stock subject to any outstanding award.

Adjustments upon Liquidation or Dissolution. In the event of a liquidation or dissolution, any unexercised award will terminate. The administrator may, in its sole discretion, provide that each participant will have the right to exercise all or any part of the award, including shares as to which the award would not otherwise be exercisable.

Edgar Filing: Google Inc. - Form DEF 14A

Adjustments upon Merger or Change in Control. Our Stock Plan provides that in the event of a merger with or into another corporation or our change in control, including the sale of all or substantially all of our assets, the successor corporation will assume or substitute an equivalent award for each outstanding award. Unless

Table of Contents

determined otherwise by the administrator, any outstanding options or stock appreciation rights not assumed or substituted for will be fully vested and exercisable, including as to shares that would not otherwise have been vested and exercisable, for a period of up to 15 days from the date of notice to the optionee. The option or stock appreciation right will terminate at the end of such period. Unless determined otherwise by the administrator, any restricted stock, performance shares, performance units, restricted stock units or other stock based awards not assumed or substituted for will be fully vested as to all of the shares subject to the award, including shares which would not otherwise be vested. In the event an outside director is terminated immediately prior to or following a change in control, other than pursuant to a voluntary resignation, the awards he or she received under the Stock Plan will fully vest and become immediately exercisable.

Amendment and Termination of Our Stock Plan. Our Stock Plan will automatically terminate in 2014, unless we terminate it sooner. In addition, our board of directors has the authority to amend, suspend or terminate our Stock Plan provided it does not adversely affect any award previously granted under our plan.

Plan Benefits

The amount and timing of awards granted under the Stock Plan are determined in the sole discretion of the administrator and therefore cannot be determined in advance. No awards have been granted to our Chief Executive Officer, the other named officers or the current directors of Google under the Stock Plan. The future benefits or amounts that would be received under the Stock Plan by executive officers and other employees are discretionary and are therefore not determinable at this time.

Federal Income Tax Information

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise is an adjustment item for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon a disposition of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the holding period. Unless limited by Section 162(m) of the Code, Google is generally entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

Nonstatutory Stock Options. An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Any taxable income recognized in connection with an option exercise by an employee of Google is subject to tax withholding by Google. Unless limited by Section 162(m) of the Code, Google is generally entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period.

Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units. A participant generally will not have taxable income at the time an award of restricted stock and restricted stock units are granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the award becomes either (i) freely transferable or (ii) no longer subject to substantial

Edgar Filing: Google Inc. - Form DEF 14A

risk of forfeiture (e.g., vested). However, a holder of a restricted stock award may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the shares underlying the award (less any amount paid for the shares) on the date the award is granted.

Table of Contents

Stock Appreciation Rights. No taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Tax Effect for Google. We generally will be entitled to a tax deduction in connection with an award under the Stock Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our Chief Executive Officer and to each of its other four most highly compensated executive officers. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the Stock Plan and setting limits on the number of awards that any individual may receive per year. The Stock Plan, as amended, has been designed to permit the administrator to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m) of the Code, thereby permitting us to continue to receive a federal income tax deduction in connection with such awards.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND GOOGLE WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE STOCK PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A SERVICE PROVIDER'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE SERVICE PROVIDER MAY RESIDE.

Required Vote

Approval of the proposed amended Stock Plan requires the affirmative vote of a majority of the votes of the shares of our common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting.

Recommendation

We believe strongly that the approval of the Stock Plan is essential to our continued success. Our employees are its most valuable assets. Stock options and other awards such as those provided under the Stock Plan are vital to our ability to attract and retain outstanding and highly skilled individuals. Such awards also are crucial to our ability to motivate employees to achieve our goals. For the reasons stated above and to ensure Google can continue to deduct for federal income tax purposes equity compensation in excess of \$1 million that it may pay to certain of its executive officers in any single year, the stockholders are being asked to approve the Stock Plan.

Our board of directors recommends a vote FOR the approval of the amendment to increase by seven million shares the number of shares available pursuant to the Stock Plan and to provide Google with the ability to grant certain performance based awards that are fully deductible for federal income tax purposes.

Table of Contents**COMMON STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information, as of March 28, 2005, concerning:

Each person whom we know beneficially owns more than five percent of our Class A common stock or Class B common stock.

Each of our directors and nominees for the board of directors.

Each of our named executive officers.

All of our directors and executive officers as a group.

Unless otherwise noted below, the address of each beneficial owner listed in the table is c/o Google Inc., 1600 Amphitheatre Parkway, Mountain View, California 94043.

We have determined beneficial ownership in accordance with the rules of the Securities and Exchange Commission. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 162,550,115 shares of Class A common stock and 114,732,822 shares of Class B common stock outstanding at March 28, 2005. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of common stock subject to options or warrants held by that person that are currently exercisable or exercisable within 60 days of March 28, 2005. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person. Beneficial ownership representing less than one percent is denoted with an *.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since January 1, 2004, we have not been a party to, and we have no plans to be a party to, any transaction or series of similar transactions in which the amount involved exceeded or will exceed \$60,000 and in which any current director, executive officer, holder of more than 5% of our capital stock, or any member of the immediate family of any of the foregoing, had or will have a material interest, other than in connection with the transactions described below.

Stock Option Grants to Certain Directors

In April 2004, our newly elected directors, John Hennessy, Arthur Levinson and Paul Otellini each received an option to purchase 65,000 shares of common stock. The grant to John was made at an exercise price of \$20.00 per share, and the grants to Art and Paul were made at an exercise price of \$35.00 per share. Each of these grants is subject to vesting over a term of five years and otherwise is subject to the terms of our 2000 Stock Plan and 2003 Stock Plan (No. 2).

Investor Rights Agreement

We have entered into an investor rights agreement with certain purchasers of our common stock, and certain holders of warrants to purchase our common stock. Certain of our directors, including entities with which they are affiliated, executive officers and holders of 5% of our capital stock are parties to this agreement. Stockholders who are a party to this agreement are provided certain rights to demand registration of shares of common stock and to participate in a registration of our common stock that we may decide to do, from time to time. These registration rights survived our initial public offering and will terminate as to any holder at the later of such time as all of such holders' securities can be sold within a three month period without compliance with the registration requirements of the Securities Act of 1933 pursuant to Rule 144 and the five-year anniversary of our initial public offering.

Indemnification Agreements

We have entered into an indemnification agreement with each of our directors and officers. The indemnification agreements and our certificate of incorporation and bylaws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

Indebtedness of Management

In September 2001, in connection with the exercise of an option to purchase 14,331,708 shares of our Class B common stock, Eric Schmidt, our chief executive officer, delivered to us a full recourse promissory note dated September 28, 2001 in the aggregate principal amount of approximately \$4.3 million secured by shares of Class B common stock. Interest on the loan accrued at a rate of 7.38% per annum, compounded semi-annually.

Edgar Filing: Google Inc. - Form DEF 14A

The loan was secured by a security interest in 14,331,708 shares of our Class B common stock. The largest aggregate amount of indebtedness outstanding pursuant to the note was approximately \$5.2 million, which represented the full amount of principal and interest outstanding at April 28, 2004, the date the loan was repaid in full.

Corporate Use of Personal Aircraft

For portions of 2003 and 2004, Eric Schmidt owned one jet and an interest in a another jet that were managed and operated by Apex and which were made commercially available for lease to consumers. Eric allowed certain of our executive officers to use these aircraft for time-critical business trips that could not be accommodated by commercial airline services. In 2003 and 2004, we used these planes for business-related travel services for certain of our executive officers and for which services we paid Apex market rates. Eric was entitled to receive a portion of the profits earned by Apex resulting from its management and operation of these planes. Eric agreed to pay us any

Table of Contents

and all annual net profits distributed to him as a result of his ownership of an interest in the jets. In 2004, we paid Apex \$381,608 and made no reimbursement payments to Eric for the use of the planes previously owned by Eric. The reimbursements to Eric related to business flights where Eric was billed directly by Apex for use of the planes. These payments were approved by our board of directors and, based upon a competitive analysis of comparable leased aircraft, our board of directors determined that the amounts billed for our use of the aircraft and pilots were at or below market rates for the charter of similar aircraft. In 2004, Eric sold his ownership interests in these jets and as of December 31, 2004 had no ownership interest in any jets.

In February 2005, Eric purchased another jet. Our board of directors has agreed to reimburse Eric \$7,000 per hour for the use of the jet for business purposes, up to a maximum reimbursement of \$2.1 million in 2005. Based upon a competitive analysis of comparable leased aircraft, our board of directors determined that this hourly reimbursement rate is at or below market rates for the charter of similar aircraft. We anticipate that we will reimburse Eric up to \$177,800 based on our use of this jet for business purposes through March 31, 2005.

**EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT
AND CHANGE-IN-CONTROL ARRANGEMENTS**

Eric Schmidt Employment Agreement

On March 15, 2001, we entered into an employment agreement with Eric Schmidt, our chief executive officer. The agreement does not provide a specific term for Eric's employment, rather, Eric's employment with us is at-will and may be terminated at any time with or without notice, for any or no reason, at either Eric's or our option. The agreement provided that Eric will receive a base salary of \$250,000. However, beginning in 2004, Eric's salary was reduced to \$1 per year at Eric's request. Eric was also granted an option to purchase 14,331,708 shares of Class B common stock at an exercise price of \$0.30 per share pursuant to the March 15, 2001 agreement and was permitted to purchase 426,892 shares of Series C preferred stock at a purchase price of \$2.3425 per share, which shares of Series C preferred stock converted into shares of Class B common stock on a one-for-one basis in connection with our initial public offering. Eric may also earn a yearly performance bonus of up to 60% of his base salary if he meets the performance criteria set by our board of directors. If Eric is terminated without cause, he will receive 12 months base salary, six months accelerated vesting of any options and the greater of his performance bonus for the year of termination or for the prior year. If Eric resigns for good reason or if he is terminated without cause within 12 months after our change in control, then instead of the 6 months accelerated vesting of options, he will receive 12 months accelerated vesting of options. For purposes of this employment agreement, our change in control includes our merger or combination with or into a third party, the sale of all or substantially all our assets or a change in our board of directors composition over a two-year period resulting in fewer than a majority of directors remaining as incumbent directors. For purposes of this employment agreement, a termination without cause means a termination for reasons other than an act of material dishonesty in performing his duties, a felony conviction or plea of no contest to a felony or gross misconduct. For purposes of this employment agreement, good reason means a material reduction in Eric's base salary, performance bonus or in responsibilities or a relocation to more than 50 miles from our current facility.

We recently offered Eric a new employment agreement providing for an annual salary in excess of the salary provided for in his March 2001 employment agreement. Eric refused this offer, and is currently receiving a salary of \$1 per year.

In connection with his stock option exercise on September 28, 2001, we entered into a promissory note and security agreement with Eric. On April 28, 2004, Eric repaid the note in its entirety and the stock previously pledged as collateral was released from the security agreement. This arrangement is further described in *Certain Relationships and Related Party Transactions* *Indebtedness of Management*.

**REPORT OF THE LEADERSHIP DEVELOPMENT AND COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

Introduction

The Leadership Development and Compensation Committee (the Committee) reviews and recommends to our board approvals of or changes to our executive officer compensation programs and practices. It also reviews plans for officer development, leadership development at all levels, retention, and succession planning to support the long-term success of the company. Two independent, non-employee directors serve on the Committee.

Compensation Philosophy

Our compensation philosophy is to deliver pay in ways that support three primary business objectives:

Attract and retain the world's best talent.

Support Google's culture of innovation and performance.

Align employee interests with shareholder interests in the overall success of the company.

To achieve these objectives, we have developed compensation programs on a pay-for-performance platform intended to provide start-up-like reward opportunities for strong performance as well as downside exposure with underperformance. This philosophy applies to all our employees, with increasing proportions of leveraged or at-risk compensation with increasing levels of leadership and responsibility.

In light of impending FASB requirements to expense stock options and in consideration of competitive markets for talent in the technology industry, our board recently approved a new approach to equity compensation. In addition to stock options, most offers of employment will also include Google Stock Units (GSUs), commonly referred to as restricted stock units (RSUs). Unlike common RSU programs, GSUs will have a performance element that can increase or decrease the size of the award based on individual contributions and market considerations. The program was designed with our performance-based culture in mind and is expected to result in lower dilution levels for stockholders. Our board believes this new program will improve the flexibility and overall competitiveness of compensation in attracting the best talent.

After examination by the Committee, our board also approved a discretionary grant pool of GSUs under our Founders Award program. Founders Awards are designed to give start-up-like rewards to teams that create extraordinary value for Google. Teams that receive awards under the program are required to meet or exceed audacious goals in exemplary ways. The Committee believes that the program is an important driver of our culture of performance and innovation.

Executive Compensation Practices

To help assess the retention and motivational value of our named executive officer compensation programs, the Committee reviews all components of direct compensation on an annual basis and compares them to market. Direct compensation includes but is not limited to salary, cash incentives, and stock-based incentives. To assess relevant market pay practices, we use multiple executive compensation surveys as well as publicly available data reflecting practices of appropriate peer company comparables. Peer companies are considered high performing public high technology companies as determined appropriate by the Committee. Market pay data are also supplemented with information from outside compensation consultants regarding market trends and other factors. In 2004, we engaged an independent external compensation consultant to assess our alignment to market. The Committee takes an analytic approach to determining competitiveness of our pay programs and assessing their alignment with its pay philosophy.

Table of Contents

Components of Executive Compensation

Cash

Based on the Committee's review of competitive data, salaries and target total cash opportunities for executives are set below the competitive norm; however, actual total cash opportunities are set to be competitive with market when warranted by individual and company performance.

We deliver variable cash incentives through our Senior Executive Bonus Plan, which is designed to motivate participants to achieve our financial and other performance objectives and to reward them for their achievements when those objectives are met. All named executive officers were eligible to participate in 2004; however, Eric, Larry, and Sergey volunteered to forego participation in an annual incentive plan.

Bonuses were calculated using a formula that included: (a) the executive's salary, (b) the executive's target bonus, (c) an Individual Multiplier, and (d) a Company Multiplier. The Individual Multiplier reflected the participant's contributions relative to individual performance expectations for the performance period, where an on target assessment yields a 100% multiplier. The Company Multiplier was consistent for all participants and based on company financial performance against pre-established annual goals (e.g., revenue, operating profit), where an on target assessment yields a 100% multiplier.

The 2005 Senior Executive Bonus Plan has been disclosed on a Form 8-K which was filed with the SEC on February 18, 2005.

Stock-based compensation

We made no stock-based compensation awards to any named executive officers in 2004; however, stock-based compensation remains a fundamental driver of our pay-for-performance philosophy and achievement of long-term business objectives. Each year, as part of the Committee's annual compensation review, each officer's performance and contributions are reviewed and considered relative to their existing equity stakes in Google and their overall competitiveness to market.

Compensation of the CEO and Presidents

In the second quarter of 2004, Eric, Larry, and Sergey requested that their salaries each be reduced to an annual rate of \$1. Prior to these salary reductions, Eric's annual salary was \$250,000 and each of Larry and Sergey's annual salaries was \$150,000.

During the first quarter of 2005, the non-employee directors met in executive session to evaluate the performance of our Presidents and CEO. Due to Google's continued strong performance, the leadership by Eric, Larry, and Sergey throughout the year, and below-market cash compensation levels, the Committee determined that an increase in cash compensation opportunities was merited and we offered each an increase in salary and bonus for 2005. Due to their own preferences not to receive salary and bonus compensation at this time, Eric, Larry, and

Edgar Filing: Google Inc. - Form DEF 14A

Sergey rejected the offers and continue to receive salaries of \$1. Their primary compensation continues to come from returns on their ownership stakes in Google. As significant shareholders, their personal wealth is tied directly to sustained stock price appreciation and performance, which provides direct alignment with shareholder interests. The Committee will continue to review their compensation opportunities on an ongoing basis and recommend changes, if needed, to maintain alignment with business objectives.

162(m) Tax Deductibility

Internal Revenue Code Section 162(m) precludes Google from deducting certain forms of non-performance-based compensation in excess of \$1,000,000 to named executive officers. To date, we have not exceeded the \$1,000,000 limit for any executive, and the Committee has not defined a policy that all compensation must be deductible. However, since stock-based awards comprise a significant portion of total compensation, the Committee has taken appropriate steps to preserve deductibility for such awards in the future, when appropriate.

(c) 162(m) Limitation. The following limitations shall apply to Awards under the Plan:

(i) Option and SAR Share Annual Limit. No Service Provider will be granted, in any Fiscal Year, Options and/or SARs to purchase more than 1,000,000 Shares.

(ii) Restricted Stock, Restricted Stock Units, Performance Units and Performance Shares Annual Limit. No Service Provider will be granted, in any Fiscal Year, Restricted Stock, Restricted Stock Units, Performance Units and/or Performance Shares to purchase more than 500,000 Shares.

(iii) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals shall be set by the Administrator on or before the latest date permissible to enable the Restricted Stock Units, Restricted Stock, Performance Shares or Performance Units to qualify as performance-based compensation under Section 162(m) of the Code. In granting Restricted Stock Units, Restricted Stock, Performance Shares or Performance Units which are intended to qualify under Section 162(m) of the Code, the Administrator shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

Edgar Filing: Google Inc. - Form DEF 14A

(iv) The foregoing limitations will be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 15 of the Plan.

(v) If an Award is cancelled in the same Fiscal Year in which it was granted (other than in connection with a transaction described in Section 15 of the Plan), the cancelled Award will be counted against the limits set forth in subsections (i) and (ii) above. For this purpose, if the exercise price of an Option is reduced, the transaction will be treated as a cancellation of the Option and the grant of a new Option.

7. Stock Options.

(a) **Term of Option.** The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten (10) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(b) Option Exercise Price and Consideration.

(i) **Exercise Price.** The per Share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator, subject to the following:

(1) In the case of an Incentive Stock Option

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than 110% of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price will be no less than 100% of the Fair Market Value per Share on the date of grant.

(2) In the case of a Nonstatutory Stock Option, the per Share exercise price will be determined by the Administrator. In the case of a Nonstatutory Stock Option intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the per Share exercise price will be no less than 100% of the Fair Market Value per Share on the date of grant.

(3) Notwithstanding the foregoing, Incentive Stock Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a merger or other corporate transaction.

(ii) **Waiting Period and Exercise Dates.** At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(c) **Form of Consideration.** The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration to the extent permitted by Applicable Laws may consist entirely of:

(i) cash;

(ii) check;

(iii) promissory note;

(iv) other Shares which meet the conditions established by the Administrator to avoid adverse accounting consequences (as determined by the Administrator);

(v) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

D-9

Table of Contents

(vi) a reduction in the amount of any Company liability to the Participant, including any liability attributable to the Participant's participation in any Company-sponsored deferred compensation program or arrangement;

(vii) any combination of the foregoing methods of payment; or

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

(d) Exercise of Option.

(i) Procedure for Exercise: Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (x) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option, and (y) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Awarded Stock, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 15 of the Plan or the applicable Award Agreement.

Exercising an Option in any manner will decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised.

(ii) Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan on the date one (1) month following the Participant's termination. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the

Edgar Filing: Google Inc. - Form DEF 14A

Shares covered by the unvested portion of the Option will revert to the Plan on the date one (1) month following the Participant's termination. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan on the date one (1) month following the Participant's death. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(e) Buyout Provisions. The Administrator may at any time offer to buy out for a payment in cash or Shares an Option previously granted based on such terms and conditions as the Administrator shall establish and communicate to the Participant at the time that such offer is made.

8. Restricted Stock

(a) Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine. Subject to Section 6(c)(ii) hereof, the Administrator shall have complete discretion to determine (i) the number of Shares subject to a Restricted Stock award granted to any Participant, and (ii) the conditions that must be satisfied, which typically will be based principally or solely on continued provision of services but may include a performance-based component, upon which is conditioned the grant, vesting or issuance of Restricted Stock.

(b) Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Unless the Administrator determines otherwise, Shares of Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

(c) Transferability. Except as provided in this Section 8, Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction.

(d) Other Restrictions. The Administrator, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate.

(e) Removal of Restrictions. Except as otherwise provided in this Section 8, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

Edgar Filing: Google Inc. - Form DEF 14A

(f) Voting Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.

(g) Dividends and Other Distributions. During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to

such Shares unless otherwise provided in the Award Agreement. If any such dividends or distributions are paid in Shares, the Shares will be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

(h) Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

9. Stock Appreciation Rights.

(a) Grant of SARs. Subject to the terms and conditions of the Plan, a SAR may be granted to Service Providers at any time and from time to time as will be determined by the Administrator, in its sole discretion.

(b) Number of Shares. Subject to Section 6(c)(i) of the Plan, the Administrator will have complete discretion to determine the number of SARs granted to any Service Provider.

(c) Exercise Price and Other Terms. The Administrator, subject to the provisions of the Plan, will have complete discretion to determine the terms and conditions of SARs granted under the Plan.

(d) Exercise of SARs. SARs will be exercisable on such terms and conditions as the Administrator, in its sole discretion, will determine.

(e) SAR Agreement. Each SAR grant will be evidenced by an Award Agreement that will specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(f) Expiration of SARs. An SAR granted under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement. Notwithstanding the foregoing, the rules of Sections 7(d)(ii), 7(d)(iii) and 7(d)(iv) also will apply to SARs.

(g) Payment of SAR Amount. Upon exercise of an SAR, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

(i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times

(ii) The number of Shares with respect to which the SAR is exercised.

Edgar Filing: Google Inc. - Form DEF 14A

At the discretion of the Administrator, the payment upon SAR exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

(h) Buyout Provisions. The Administrator may at any time offer to buy out for a payment in cash or Shares a Stock Appreciation Right previously granted based on such terms and conditions as the Administrator shall establish and communicate to the Participant at the time that such offer is made.

10. Performance Units and Performance Shares.

(a) Grant of Performance Units/Shares. Subject to the terms and conditions of the Plan, Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. Subject to Section 6(c)(ii), the Administrator will have complete discretion in determining the number of Performance Units and Performance Shares granted to each Participant.

D-12

Table of Contents

(b) Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

(c) Performance Objectives and Other Terms. The Administrator will set performance objectives in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Service Providers. The time period during which the performance objectives must be met will be called the Performance Period. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. The Administrator may set performance objectives based upon the achievement of Company-wide, divisional, or individual goals, applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

(d) Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives for such Performance Unit/Share.

(e) Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon after the expiration of the applicable Performance Period at the time determined by the Administrator. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

11. Restricted Stock Units. Restricted Stock Units shall consist of a Restricted Stock, Performance Share or Performance Unit Award that the Administrator, in its sole discretion permits to be paid out in installments or on a deferred basis, in accordance with rules and procedures established by the Administrator.

12. Other Stock Based Awards. Other Stock Based Awards may be granted either alone, in addition to, or in tandem with, other Awards granted under the Plan and/or cash awards made outside of the Plan. The Administrator shall have authority to determine the Service Providers to whom and the time or times at which Other Stock Based Awards shall be made, the amount of such Other Stock Based Awards, and all other conditions of the Other Stock Based Awards including any dividend and/or voting rights.

13. Leaves of Absence. Unless the Administrator provides otherwise, vesting of Awards granted hereunder will be suspended during any unpaid leave of absence and will resume on the date the Participant returns to work on a regular schedule as determined by the Company; provided, however, that no vesting credit will be awarded for the time vesting has been suspended during such leave of absence. A Service Provider will not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company, its Parent, or any Subsidiary. For purposes of Incentive Stock Options, no such leave may exceed ninety (90) days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then three months following the 91st day of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

14. Non-Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate.

15. Adjustments; Dissolution or Liquidation; Merger or Change in Control.

(a) Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs such that an adjustment is determined by the Administrator (in its sole discretion) to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Administrator shall, in such manner as it may deem equitable, adjust the number and class of Shares which may be delivered under the Plan, the 162(m) annual share issuance limits under Section 6(c) of the Plan, and the number, class, and price of Shares subject to outstanding Awards. Notwithstanding the preceding, the number of Shares subject to any Award always shall be a whole number.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for a Participant to have the right to exercise his or her Award, to the extent applicable, until ten (10) days prior to such transaction as to all of the Awarded Stock covered thereby, including Shares as to which the Award would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option or forfeiture rights applicable to any Award shall lapse 100%, and that any Award vesting shall accelerate 100%, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised or vested, an Award will terminate immediately prior to the consummation of such proposed action.

(c) Merger or Change in Control.

(i) Stock Options and SARs. In the event of a merger or Change in Control, each outstanding Option and SAR shall be assumed or an equivalent option or SAR substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. With respect to Options and SARs granted to an Outside Director that are assumed or substituted for, if immediately prior to or after the merger or Change in Control the Participant's status as a Director or a director of the successor corporation, as applicable, is terminated other than upon a voluntary resignation by the Participant, then the Participant shall fully vest in and have the right to exercise such Options and SARs as to all of the Awarded Stock, including Shares as to which it would not otherwise be vested or exercisable. Unless determined otherwise by the Administrator, in the event that the successor corporation refuses to assume or substitute for the Option or SAR, the Participant shall fully vest in and have the right to exercise the Option or SAR as to all of the Awarded Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option or SAR is not assumed or substituted in the event of a merger or Change in Control, the Administrator shall notify the Participant in writing or electronically that the Option or SAR shall be exercisable, to the extent vested, for a period of up to fifteen (15) days from the date of such notice, and the Option or SAR shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option or SAR shall be considered assumed if, following the merger or Change in Control, the option or stock appreciation right confers the right to purchase or receive, for each Share of Awarded Stock subject to the Option or SAR immediately prior to the merger or Change in Control, the consideration (whether stock, cash, or other securities or property) received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or Change in Control is not solely common stock of

the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR, for each Share of Awarded Stock subject to the Option or SAR, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more performance goals will not be considered assumed if the Company or its successor modifies any of such performance goals without the Participant's consent; provided, however, a modification to such performance goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

(ii) Restricted Stock, Performance Shares, Performance Units, Restricted Stock Units and Other Stock Based Awards. In the event of a merger or Change in Control, each outstanding Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award and Restricted Stock Unit awards shall be assumed or an equivalent Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award and Restricted Stock Unit award substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. With respect to Awards granted to an Outside Director that are assumed or substituted for, if immediately prior to or after the merger or Change in Control the Participant's status as a Director or a director of the successor corporation, as applicable, is terminated other than upon a voluntary resignation by the Participant, then the Participant shall fully vest in such Awards, including Shares as to which it would not otherwise be vested. Unless determined otherwise by the Administrator, in the event that the successor corporation refuses to assume or substitute for the Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award or Restricted Stock Unit award, the Participant shall fully vest in the Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award or Restricted Stock Unit including as to Shares which would not otherwise be vested. For the purposes of this paragraph, a Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award and Restricted Stock Unit award shall be considered assumed if, following the merger or Change in Control, the award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the merger or Change in Control, the consideration (whether stock, cash, or other securities or property) received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received, for each Share and each unit/right to acquire a Share subject to the Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more performance goals will not be considered assumed if the Company or its successor modifies any of such performance goals without the Participant's consent; provided, however, a modification to such performance goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

16. Date of Grant. The date of grant of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

17. Term of Plan. Subject to Section 22 of the Plan, the Plan will become effective upon its adoption by the Board. It will continue in effect for a term of ten (10) years unless terminated earlier under Section 18 of the Plan.

18. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

Table of Contents

(b) Stockholder Approval. The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) Effect of Amendment or Termination. Subject to Section 20 of the Plan, no amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

19. Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares will not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares will comply with Applicable Laws and will be further subject to the approval of counsel for the Company with respect to such compliance.

(b) Investment Representations. As a condition to the exercise or receipt of an Award, the Company may require the person exercising or receiving such Award to represent and warrant at the time of any such exercise or receipt that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

20. Severability. Notwithstanding any contrary provision of the Plan or an Award to the contrary, if any one or more of the provisions (or any part thereof) of this Plan or the Awards shall be held invalid, illegal or unenforceable in any respect, such provision shall be modified so as to make it valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions (or any part thereof) of the Plan or Award, as applicable, shall not in any way be affected or impaired thereby.

21. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority will not have been obtained.

22. Stockholder Approval. The Plan will be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted. Such stockholder approval will be obtained in the manner and to the degree required under Applicable Laws.
