**Section 1 Registrant's Business and Operations**

**Item 1.01 Entry into a Material Definitive Agreement.**

On April 6, 2006, Avista Corporation (Avista Corp. or the Company) amended its committed line of credit agreement with various banks. The committed line of credit was originally entered into on December 17, 2004. Amendments to the committed line of credit include a reduction in the total amount of the facility to \$320.0 million from \$350.0 million and an extension of the expiration date to April 5, 2011 from December 16, 2009. The Company chose to reduce the facility based on forecasted liquidity needs. Under the amended credit agreement, the Company can request the issuance of up to \$320.0 million in letters of credit, an increase from \$150.0 million prior to the amendment. The amended committed line of credit is secured by \$320.0 million of non-transferable First Mortgage Bonds of the Company issued to the agent bank. Such First Mortgage Bonds would only become due and payable in the event, and then only to the extent, that the Company defaults on its obligations under the committed line of credit.

The amended committed line of credit agreement contains customary covenants and default provisions, including a covenant requiring the ratio of earnings before interest, taxes, depreciation and amortization to interest expense of Avista Utilities for the preceding twelve-month period at the end of any fiscal quarter to be greater than 1.6 to 1. The committed line of credit agreement also has a covenant not to permit the ratio of consolidated total debt to consolidated total capitalization of Avista Corp. to be greater than 70 percent at the end of any fiscal quarter. Under the amendment, this ratio will be increased to 75 percent during the period between the completion of the proposed change in the Company's corporate organization (see description below) and December 31, 2007.

In February 2006, the Board of Directors of Avista Corp. made the decision to ask shareholders to approve a change in the Company's organization, which would result in the formation of a holding company. The proposed holding company would become the parent to the regulated utility Avista Corp. (Avista Utilities) and Avista Capital, which is the parent to the Company's non-utility subsidiaries. If the proposed change in organization becomes effective, the committed line of credit agreement will remain at Avista Corp. (Avista Utilities). The proposal for the formation of a holding company will be described for shareholders in Avista Corp.'s Proxy Statement-Prospectus to be distributed to shareholders in connection with the annual meeting of shareholders. Avista Corp. has filed for regulatory approval from the Federal Energy Regulatory Commission and the utility regulators in Washington, Idaho, Oregon and Montana, conditioned on approval by shareholders. If shareholders approve the proposal, and if state and federal regulatory approvals are received, the holding company organization could be implemented by the end of 2006.
