For Immediate Release

Bennett Environmental Inc. Announces Settlement Agreement Between Ontario Securities Commission and CEO Allan Bulckaert

Oakville, Ontario, June 20, 2006 Bennett Environmental Inc. (TSX:BEV, AMEX:BEL) announced today that the Ontario Securities Commission has approved a settlement agreement with President and Chief Executive Officer Allan G. Bulckaert. The settlement agreement fully resolves an OSC inquiry insofar as it relates to Mr. Bulckaert

The investigation followed a Bennett Environmental announcement on July 22, 2004, that the Company did not expect to receive the quantity of contaminated soil it had originally estimated in June 2003 when it was awarded a remediation subcontract in New Jersey.

At the time of the July 2004 announcement, Mr. Bulckaert had been with the Company less than six months. Prior to the announcement, as the Settlement Agreement notes, although he had been attempting to gather the necessary information about the subcontract, Certain members of former management and other individuals hindered that effort by, among other things, providing him with inconsistent and/or incomplete information and not providing him with all of the relevant documents in their custody.

On July 24, 2004, the Board of Directors formed a Special Committee of independent directors to investigate, among other things, the facts regarding the subcontract.

On August 26, 2004, after the Special Committee commenced its investigation, John A. Bennett, former President and Chief Executive Officer, resigned as Chairman of the Board. Robert A. Griffiths, Vice President, United States Sales, and Richard L. Stern, former Chief Financial Officer, also resigned in August and September 2004, respectively. The OSC enforcement proceeding is continuing against these three former executives.

Mr. Bulckaert cooperated fully with the Commission in its inquiry and has agreed to continue to cooperate in the ongoing investigation into other parties. No penalties or injunctive measures are imposed by the Settlement Agreement, but, consistent with his ongoing cooperation, Mr. Bulckaert has agreed to make a payment of approximately \$64,165, reflecting unrealized additional losses on the sale of Company shares that Mr. Bulckaert sold in June 2004 for a realized loss of approximately \$31,000.

As noted in the Settlement Agreement, as soon as Mr. Bulckaert became fully aware of potential disclosure issues arising from the New Jersey subcontract, he moved quickly and effectively to address the situation. Over the past two years, he also has driven the development and implementation of a broad array of corporate and regulatory compliance initiatives aimed at ensuring full compliance with both the spirit and the letter of the Securities Act.

For more information about the settlement agreement between the Commission and Mr. Bulckaert, please visit the Commission's website at <http://www.osc.gov.on.ca>.
