**Item 8.01. Other Events.**

**Report of the Special Litigation Committee**

On December 6, 2007, UnitedHealth Group Incorporated (the Company) issued a press release announcing that the Special Litigation Committee (the SLC), an independent committee comprised of two former Minnesota Supreme Court Justices, has concluded its review of claims relating to the Company's historical stock option practices brought against certain of the Company's current and former officers and directors in federal and state derivative lawsuits, consolidated as *In re UnitedHealth Group Inc. Shareholder Derivative Litigation* filed in the United States District Court for the District of Minnesota and *In re UnitedHealth Group Inc. Derivative Litigation* filed in the Hennepin County District Court, State of Minnesota (collectively the derivative actions). A copy of the press release is filed herewith as Exhibit 99.1 and is incorporated by reference herein.

Based on its exhaustive review, the SLC reached settlement agreements on behalf of the Company with the Company's former Chairman and CEO William W. McGuire, M.D. (the McGuire Agreement), former General Counsel David J. Lubben (the Lubben Agreement), and former director William G. Spears (the Spears Agreement) and together with the McGuire Agreement and the Lubben Agreement, the Settlement Agreements).

In addition, the SLC concluded that all claims against all named defendants in the derivative actions, including current and former Company officers and directors should be dismissed. The SLC's conclusions are reflected in the Report of the Special Litigation Committee (the SLC Report) delivered to the United States District Court for the District of Minnesota (the Federal Court) and the Hennepin County District Court, State of Minnesota (the State Court) on December 6, 2007. A copy of the SLC Report is available on the Newsroom page of the Company's website at [www.unitedhealthgroup.com](http://www.unitedhealthgroup.com).

**Settlement Agreements**

Under the McGuire Agreement, the parties agree that:

Dr. McGuire will surrender to the Company (1) all of his right, title and interest in stock options to acquire 9,223,360 shares of Company common stock, including all options unvested as of November 30, 2006; (2) all rights he has under the Company's Supplemental Executive Retirement Plan, amounting to approximately \$91 million; and (3) his rights to approximately \$8 million in his Executive Savings Plan Account. Dr. McGuire will retain all of his other stock options for the purchase of Company common stock, and the exercise period for such options that are not subject to an injunction preventing their exercise will expire 90 days from the effective date of his agreement.

Dr. McGuire will relinquish claims to (1) Company-paid health care for himself and his family; (2) participation in any Company life, dental, short-term or long-term disability insurance plans; and (3) a Company-paid office, secretarial and administrative support, and the use of Company aircraft for personal business.

Under the Lubben Agreement, the parties agree that:

Mr. Lubben will surrender to the Company all of his right, title and interest in stock options to acquire 273,000 shares of Company common stock.

Mr. Lubben will repay to the Company \$20.55 million of the compensation realized by him as a result of his March 2007 option exercises.

Under the Spears Agreement, the fair settlement value of the Company's claims against Mr. Spears will be determined by binding arbitration.

Each of the McGuire Agreement and the Lubben Agreement contains customary mutual releases. The Settlement Agreements also provide that Dr. McGuire, Mr. Lubben and Mr. Spears will not seek indemnification from the Company or assert any right to any insurance coverage with respect to any property or rights paid or relinquished pursuant to their respective Settlement Agreements.

Each individual's Settlement Agreement is also conditioned upon (1) final approval by the Federal Court and the State Court of all of its terms; and (2) the dismissal, with prejudice, of all claims against the individual and all other defendants in the derivative actions. If either condition is not satisfied, then that individual's Settlement Agreement will become null and void in its entirety and will have no force or effect. In addition, pursuant to the requirements of the Minnesota Human Rights Act, Dr. McGuire and Mr. Lubben may revoke their Settlement Agreements at any time up to 15 days after signing, in which case the Settlement Agreements will become null and void in its entirety and will have no force or effect.

The Settlement Agreements and the dismissal of the derivative actions are subject to notice to the Company's shareholders and approval by the Federal Court and the State Court.

The above summary of the Settlement Agreements is qualified by reference to the complete text of the McGuire Agreement and the Lubben Agreement filed herewith as Exhibits 10.1 and 10.2 and incorporated by reference herein.

**Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensation Arrangements of Certain Officers**

(e)

The information contained in Item 8.01 relating to the McGuire Agreement and the Lubben Agreement is incorporated by reference herein.

**Forward-Looking Statements**

This press release may contain statements, estimates, projections, guidance or outlook that constitute forward-looking statements as defined under U.S. federal securities laws. Generally the words believe, expect, intend, estimate, anticipate, plan, project, will and similar e identify forward-looking statements, which generally are not historical in nature. These statements may contain information about financial prospects, economic conditions, trends and uncertainties. We caution that actual results could differ materially from those that management expects, depending on the outcome of certain factors. These forward-looking statements involve risks and uncertainties that may cause UnitedHealth Group's actual results to differ materially from the results discussed in the forward-looking statements. Some factors that could cause results to differ materially from the forward-looking statements include: the potential consequences of the findings announced on October 15, 2006 of the investigation by an Independent Committee of directors of our historic stock option practices; the consequences of the restatement of our previous financial statements, related governmental reviews, including a formal investigation by the Securities and Exchange Commission, and review by the Internal Revenue Service, U.S. Congressional committees, U.S. Attorney for the Southern District of New York and Minnesota Attorney General, a related review by the Special Litigation Committee of the Company, and related shareholder derivative actions, including whether court approval of the settlement agreements between the Company and certain named defendants and the dismissal of the derivative claims against all named defendants is obtained, shareholder demands and purported securities and Employee Retirement Income Security Act class actions, the resolution of matters currently subject to an injunction issued by the United States District Court for the District of Minnesota, a purported notice of acceleration with respect to certain of the Company's debt securities based upon an alleged event of default under the indenture governing such securities, and recent management and director changes, and the potential impact of each of these matters on our business, credit ratings and debt; increases in health care costs that are higher than we anticipated in establishing our premium rates, including increased consumption of or costs of medical services; heightened competition as a result of new entrants into our market, and consolidation of health care companies and suppliers; events that may negatively affect our contract with AARP; uncertainties regarding changes in Medicare, including coordination of information systems and accuracy of certain assumptions; funding risks with respect to revenues received from Medicare and Medicaid programs; failure to achieve business growth targets, including membership and enrollment; increases in costs and other liabilities associated with increased

litigation, legislative activity and government regulation and review of our industry; our ability to execute contracts on competitive terms with physicians, hospitals and other service providers; regulatory and other risks associated with the pharmacy benefits management industry; failure to maintain effective and efficient information systems, which could result in the loss of existing customers, difficulties in attracting new customers, difficulties in determining medical costs estimates and appropriate pricing, customer and physician and health care provider disputes, regulatory violations, increases in operating costs, or other adverse consequences; possible impairment of the value of our intangible assets if future results do not adequately support goodwill and intangible assets recorded for businesses that we acquire; potential noncompliance by our business associates with patient privacy data; misappropriation of our proprietary technology; failure to complete or receive anticipated benefits of acquisitions; and change in debt to total capital ratio that is lower or higher than we anticipated.

This list of important factors is not intended to be exhaustive. A further list and description of some of these risks and uncertainties can be found in our reports filed with the Securities and Exchange Commission from time to time, including annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K. Any or all forward-looking statements we make may turn out to be wrong. You should not place undue reliance on forward-looking statements, which speak only as of the date they are made. Except to the extent otherwise required by federal securities laws, we do not undertake to publicly update or revise any forward-looking statements.
