Investors should rely on the Form 10-K and amendments thereto for information regarding the fiscal year ended June 30, 2007.

PART III

**Item 11. Executive Compensation.
Compensation Discussion and Analysis**

Introduction

Our Compensation Committee is responsible for establishing and administering policies governing the compensation of our named executive officers: Irwin D. Simon, our Chairman, President and CEO, Ira J. Lamel, our Executive Vice President and CFO and John Carroll, our Executive Vice President and President of Grocery and Snacks and Personal Care. The Compensation Committee consists of three directors, each of whom is independent as defined by the listing standards of NASDAQ and is not an officer or employee of the Company. The Compensation Committee operates under a written charter adopted by the Board of Directors, which is available at our corporate website at www.hain-celestial.com under Investor Relations.

Philosophy and Objectives of Our Compensation Program

The primary objectives of the Company's executive compensation program is to attract, retain and motivate qualified executives who will provide strong, competitive leadership in the natural and organic food and personal care products industry, provide competitive levels of remuneration, motivate the performance of such executives in order to achieve the Company's strategic, financial and operating performance objectives, reward performance and align the interests of our executives with the interests of our stockholders. In order to ensure that management's interests are aligned with those of stockholders and to motivate and reward individual initiative and effort, an emphasis is placed on performance-based compensation so that attainment of Company and reporting unit goals, are rewarded.

In accordance with its charter, during fiscal year 2007, the Compensation Committee reviewed the Company's compensation strategy and determined that, given the Company's growth, a more formal compensation philosophy and more structured approach to compensation going forward was required. We have provided a general description of this more structured approach below.

Administration of our Compensation Program

The Compensation Committee reviews the compensation of our named executive officers at least on an annual basis to ensure that remuneration levels and benefits adequately incentivize such officers to perform at high levels, are reasonable in light of our corporate performance and continue to achieve the philosophy and objectives of our compensation program described above.

Generally, during the first quarter following the completion of each fiscal year, the Compensation Committee conducts an evaluation of each named executive officer to determine if any changes in the officer's compensation are appropriate. At the Compensation Committee's request, the CEO reviews with the Compensation Committee the performance of the other two named executive officers, but the other named executive officers do not have any input into executive compensation decisions. The Compensation Committee

gives considerable weight to the CEO's evaluation of the other named executive officers because of his direct knowledge of each officer's performance and contributions. For each named executive officer, the Compensation Committee members independently determine each component of compensation based on their collective assessment of the officer's performance.

The Compensation Committee had previously retained the services of Mercer Human Resource Consulting for the purpose of providing the Compensation Committee with a comprehensive review of the Company's long-term, non-cash incentives to ensure that they are competitive and appropriately linked to our long term success and creation of stockholder value, as well as to assist the Compensation Committee with issues relating to CEO compensation and Mr. Simon's ungranted stock options. The Compensation Committee also periodically sought input from Mercer on a range of external market factors, including evolving compensation trends, appropriate peer group companies and market survey data. Although the Compensation Committee reviews the compensation practices of its peer companies, due to the unique nature of the Company given its rapid growth through numerous acquisitions, and expansion of categories, the Compensation Committee does not adhere to strict formulas or survey data to determine the mix of compensation elements. In addition, Richard C. Berke, since his appointment to the Board of Directors in April 2007, has provided the Compensation Committee with additional assistance regarding ungranted stock options which Mr. Simon is entitled to receive under his employment agreement. It is expected that after the next annual stockholders meeting he will be appointed Chairperson of the Compensation Committee. In October 2007, the Compensation Committee retained the services of Towers Perrin to assist with some of the issues relating to Mr. Simon's ungranted stock options and to expand upon the review of the Company's long-term, non-cash incentives that was prepared by Mercer.

Elements of Our Compensation Program and How We Determine the Amount for Each Element

The elements of our compensation program are (a) base compensation or salary; (b) annual cash incentives; (c) long-term, equity-based incentives; and (d) other compensation (including perquisites) and employee benefits generally available to all of our employees.

The current compensation program for the named executive officers, including the CEO, does not include cash bonuses other than the annual cash incentives described below or any deferred compensation plans.

Base Salary

The base salary component of our compensation program is intended to compensate our named executive officers commensurate with their job responsibilities and allows us to attract and retain top talent, consistent with our objectives. The salary ranges for each of our executive positions are based on appropriate external comparisons, internal responsibilities and relationships to other corporate positions. Because performance most significantly influences an individual executive's compensation level, compensation levels in any particular year may be above or below those of our competitors, depending upon company and individual performance.

Base salaries are generally reviewed annually, but may be adjusted from time to time taking into account the named executive officer's responsibilities, performance and experience. In reviewing base salaries, the Compensation Committee considers several factors, including cost of living increases, levels of responsibility, experience, a comparison to our own base salaries for other employees (including considering the named executive officers' base salaries as a percentage of the CEO's base salary), and achievement of corporate and individual performance goals.

For fiscal year 2007, the base salary for the CEO was established pursuant to the extension of his employment agreement, while the base salaries for the CFO and the other named executive officer were established by the Compensation Committee based upon the recommendation of the CEO. Base salaries for our named executive officers increased in fiscal year 2007 from salaries paid in fiscal year 2006. Generally, the increases in base salaries were the result of each individual's and the Company's performance in fiscal year 2006. Mr. Carroll's increase in base salary also reflected his increasing level of responsibility within the Company.

Annual Cash Incentives

Annual cash incentive compensation is designed to motivate our executive officers to achieve annual financial and other targeted goals based on the strategic, financial and operating performance objectives of the Company, consistent with our emphasis on maintaining a performance-based compensation program. In general, executive annual cash incentives are based on performance targets such as sales volume; profit; earnings before interest, taxes, depreciation and amortization; acquisition integration; cost efficiencies; new product introductions; and distribution growth as well as other objective criteria specific to each named executive officer's responsibilities.

At the beginning of each fiscal year, the Compensation Committee establishes specific objectives for the CEO for the upcoming fiscal year. The objectives established for the CEO for the 2007 fiscal year included targeted sales growth, earnings per share, acquisition success, and succession planning. Generally, during the first quarter following the completion of each fiscal year, the Compensation Committee evaluates the CEO's performance against the pre-set objectives, together with the results, observations and proposals submitted by the CEO with respect to his compensation, and takes the results of this evaluation into consideration when determining the amount of his annual cash incentive for the prior fiscal year. The CEO does not participate in the Compensation Committee's deliberations or final decision-making with regard to his own compensation. The results of this evaluation are shared with the full Board of Directors for their final approval.

A similar process of setting objectives and reviewing performance against these objectives is used by the CEO for each member of his leadership team, which includes the other named executive officers. During the first quarter following the completion of the fiscal year, the CEO provides his evaluation of the other two named executive officers' performance as well as a recommendation for their annual cash incentive award for the Compensation Committee's consideration and approval.

With respect to Messrs. Lamel and Carroll, the performance objectives evaluated by the CEO historically have been the achievement of financial targets, succession planning and mentoring of staff, and the successful acquisition and integration of new brands. In the case of Mr. Lamel, other factors included such items as balance sheet management, capital structuring, Sarbanes-Oxley compliance and maintenance of our internal control structure. In the case of Mr. Carroll, sales growth and improvements in gross and operating margins in the reporting units for which he is responsible are factors that were also considered.

The Compensation Committee may in its discretion award additional bonus amounts based upon unanticipated significant achievements by the named executive officer.

Annual Cash Incentives for Fiscal Years 2007 and 2008

The determination of incentive compensation for our named executive officers for fiscal year 2007 was delayed pending the completion of the previously reported review of the Company's stock options practices. However, in February 2008, the Compensation Committee recommended, and the Board of Directors approved, a non-equity incentive payment to Mr. Simon, and cash bonuses to Messrs. Lamel and Carroll for fiscal year 2007.

In accordance with the terms of the extension to his employment agreement, Mr. Simon had the opportunity to earn annual incentive compensation of up to 200% of his annual base salary for fiscal year 2007, which was the amount that the Compensation Committee ultimately recommended and the Board of Directors approved. The Compensation Committee's recommendation was based on objective metrics related to the Company's performance against the Company's budget, as well as qualitative determinations regarding Mr. Simon's personal performance and leadership contributions. From a financial perspective, the Compensation Committee considered the Company's successful fiscal year in terms of sales, net income, operating income, EBITDA, operating free cash flow and the Company's share price, taking into consideration slowing global and domestic economic performance and significantly increasing commodity and transportation costs. The Compensation Committee also considered Mr. Simon's operational involvement, including his taking a more active role at

Celestial Seasonings in leading various initiatives for that business, his role in the Company's successful acquisitions and integration of past acquisitions, his development of other members of the management team, and his representation of the Company to investors and the broader financial community.

In considering bonus compensation for Mr. Lamel, Mr. Simon considered many of the same objective metrics of Company performance as the Compensation Committee used in their evaluation of him. Mr. Simon also considered qualitative evaluations of Mr. Lamel's contributions in finance and accounting matters, maintenance of the internal control structure, planning and maintenance of the capital structure, significant participation in strategic planning for, and execution of, the acquisition strategy, his role in hiring and mentoring other members of the management team, and his representation of the Company to the financial community.

In considering cash incentive compensation for Mr. Carroll, Mr. Simon considered the financial and operating performance of the reporting units that Mr. Carroll oversees, taking into consideration slowing global and domestic economic performance and significantly increasing commodity and transportation costs, the integration of the business unit management structure, participation in the strategic planning for, and execution of, the acquisition strategy relevant to his reporting units, as well as Mr. Carroll's increased responsibilities (including his leadership role with respect to the Company's personal care reporting unit).

Based on his evaluations of their performance, in consultation with the Compensation Committee as to maximum bonus levels and appropriate metrics, Mr. Simon recommended that each of Mr. Lamel and Mr. Carroll receive a cash bonus for fiscal year 2007 equal to 100% of their respective base salaries for that fiscal year, and the Compensation Committee and, ultimately, the Board of Directors concurred with that recommendation.

For fiscal year 2008, given the Company's rapid growth and the evolving roles of Messrs. Lamel and Carroll within the Company, the Compensation Committee has adopted a more structured approach for determining the annual cash incentives for all of our named executive officers. To this end, the Compensation Committee has adopted annual performance measures for each of the named executive officers in accordance with their responsibilities for the Company's overall corporate performance and, with respect to Mr. Carroll, the performance of the reporting units he manages. There are multiple performance measures and each measure is assigned a weight expressed in points. For each performance measure, the Compensation Committee has approved a threshold, target and maximum goal. In order to receive the target bonus, the named executive officer is required to achieve a certain number of points. Target bonus opportunities approved by the Compensation Committee are stated as a percentage of annual base salary. The maximum bonus the CEO may receive based on the performance measures is capped at 200% of his annual base salary. The maximum bonus Messrs. Lamel and Carroll may receive based on the performance measures is capped at 100% of his annual base salary.

Long-term Incentive Program

Historically, the principal method for long-term incentive compensation has been stock option grants under our 2002 Plan. These grants are designed to promote the convergence of long-term interests between our key employees and our stockholders, since the value of options granted will increase or decrease with the value of our common stock. The 2002 Plan was approved by stockholders for the purpose of promoting the interests of our stockholders by: (1) attracting and retaining executives and other key employees of outstanding ability; (2) strengthening our capability to develop, maintain and direct a competent management team; (3) motivating executives and other key employees, by means of performance-related incentives, to achieve longer-range performance goals; (4) providing incentive compensation opportunities which are competitive with those of other comparably situated companies; and (5) enabling such employees to participate in our long-term growth and financial success.

During our fiscal years ended June 30, 2007 and 2006 we did not grant any stock options or other equity awards to our employees, including our named executive officers. Although it is the Compensation Committee's belief that a significant portion of each named executive officer's compensation should consist of long-term

equity compensation, we have not issued any equity-based compensation to any of our named executive officers since August 2004 due to external factors. Stock options were not granted in fiscal year 2006 in part due to insufficient shares available for grant under the 2002 Plan. Although the Company's shareholders have since approved an increase in the number of shares available for grant under the 2002 Plan, the Company continued to not grant stock options during fiscal years 2006 and 2007 pending the completion of a comprehensive review of our compensation policies by a compensation consultant, including a review of long-term non-cash incentives to ensure that they are competitive and appropriately linked to the Company's long-term success and the creation of stockholder value. The implementation of any equity compensation plan was further delayed due to the review by a group of independent directors of the stock option practices of the Company. Future long-term incentive programs are in development as we work with our compensation consultants to adopt plans that are attractive to key employees while serving the interests of our stockholders.

On September 21, 2006, the Company's Board of Directors approved revised approval procedures for equity grants. Pursuant to those procedures, all equity grants will be recommended by the Compensation Committee to the full Board for approval. All option grants will have an exercise price equal to the closing price of the Company's stock on the date of the Board's approval of the grant.

Following completion of the stock option review, a group of independent directors recommended and the Board of Directors approved, on January 29, 2008, the following additional changes:

the Compensation Committee will be reconstituted and will be chaired by an independent director;

all equity awards other than new hire grants will generally be considered by the Compensation Committee and Board of Directors annually following a fiscal year end;

the Board of Directors will delegate to the Compensation Committee the authority to grant new hire grants during meetings on a quarterly basis, and will provide that these options will have an exercise price equal to the closing price of the Company's stock on the last day of the quarter in which they were granted;

details of recommended grants will be circulated to the Compensation Committee in advance of meeting;

corporate counsel will attend all Compensation Committee meetings as secretary and will promptly prepare minutes of the meetings;

corporate counsel will oversee the documentation of equity grants; and

one Board meeting per year will be focused on corporate governance and compliance matters.

Other Compensation

Our named executive officers are eligible for the same level and offering of benefits that we make available to other employees, including our 401(k) plan, health care, dental and vision plans, life insurance plans, and other employee benefit programs. In addition to the standard benefits offered to other employees, the Company provides Mr. Simon with a Medical Reimbursement Plan, which reimburses any expenses for health, prescription, dental and vision not covered by the Company's Insurance Plan incurred by him and his dependents. In addition, we reimburse Mr. Simon for a portion of the premium associated with his life insurance policy. For additional information regarding other compensation, see the Summary Compensation Table, page 26.

The Company does not have any defined benefit pension or retirement plans.

Perquisites and Other Benefits

The Company provides named executive officers with perquisites and other benefits that we believe are reasonable and consistent with our overall executive compensation program. The costs of these benefits constitute only a small portion of each named executive officer's total

compensation. The Company offers

perquisites and other benefits that we believe to be competitive with benefits offered by companies with whom we compete for talent for purposes of recruitment and retention. For additional information regarding perquisites and other benefits, see the Summary Compensation Table, page 26.

We purchase tickets to various cultural, charitable, civic, entertainment and sporting events for business development and relationship-building purposes, as well as to maintain our involvement in communities in which the Company operates and our employees live. Occasionally, our employees, including our named executive officers, make personal use of tickets that would not otherwise be used for business purposes.

The Role of Consultants

Since 2005, the Compensation Committee has retained the services of compensation consultants. No member of the Compensation Committee or any named executive officer has any affiliation with these consultants. At least annually, the Compensation Committee seeks input from the consultants on a range of external market factors, including evolving compensation trends and market survey data. The consultants also provide general observations on the Company's compensation programs, but do not determine or recommend the amount or form of compensation for any of the named executive officers.

Tax Deductibility of Compensation

We attempt to ensure that both cash and equity components of the named executive officers' total compensation are tax deductible for the Company by the use of stockholder-approved plans that are intended to comply, to the extent practicable, with Section 162(m) of the Code. However, our cash annual incentive plan is not stockholder approved and therefore an award made under that plan to our CEO or any of our other named executive officers would not be deductible by the Company to the extent that such officer's total compensation for the fiscal year in which the award was made exceeded \$1 million. The Compensation Committee will continue to review and evaluate, as necessary, the impact of Section 162(m) on our executive compensation programs.

Employment Agreement - Irwin D. Simon

We have previously entered into an employment agreement with Mr. Simon, our founder, which was effective from July 1, 2003, through June 30, 2007. The agreement provided for a minimum annual base salary of \$875,000 for the fiscal year ended June 30, 2005, \$950,000 for the fiscal year ended June 30, 2006 and \$1,050,000 for the fiscal year ended June 30, 2007. The Compensation Committee increased Mr. Simon's base salary for the fiscal year ended June 30, 2005 to \$980,000, and to \$1,100,000 for the fiscal year ended June 30, 2006, in each case, based on Mr. Simon's prior year's performance. Mr. Simon's employment agreement also provided for an annual bonus ranging from 0% to 150% of his annual base salary upon the achievement of sales and profitability objectives to be determined by the Compensation Committee. During the term of the agreement, Mr. Simon is entitled to receive an annual grant of options under our 2002 Plan exercisable for 300,000 shares of our common stock at an exercise price equal to the market price on the date of the grant. Pursuant to this employment agreement, during the 2004 fiscal year, Mr. Simon also received an award of 150,000 shares of restricted stock under the 1994 Plan, which vested as of June 30, 2007. After a portion of these shares was withheld for the payment of taxes, Mr. Simon received the remaining 102,417 shares.

On October 30, 2006, the Compensation Committee recommended, and the Board of Directors approved, an extension of Mr. Simon's employment agreement through June 30, 2009, two years beyond its previously-scheduled expiration. Pursuant to the extension, Mr. Simon receives an annual base salary of \$1.25 million per year during the extension period. In addition, he will have the opportunity to earn an annual bonus of up to 200% of his base salary (based on his and the Company's performance during each fiscal year, as determined by the Board of Directors and/or the Compensation Committee). The extension also provides for Mr. Simon to receive the equity equivalent (based on the then-current long-term incentive plan applicable to other executives, including similar vesting provisions) of 300,000 options to purchase common stock of the Company on July 1, 2007 and 2008, and a bonus of \$300,000 upon execution of definitive documentation of the extension.

Pursuant to the terms of his employment agreement, on July 1, 2005, Mr. Simon was entitled to a grant of 300,000 options to purchase common stock of the Company under the 2002 Plan or any substantially similar plan. However, insufficient shares were available for grant under the 2002 Plan at that time. Also pursuant to the terms of his employment agreement, Mr. Simon was entitled to a grant, on July 1, 2006, of 300,000 options to purchase common stock of the Company under the 2002 Plan or any substantially similar plan as well as a grant, on July 1, 2007, of the equity equivalent of 300,000 options to purchase common stock of the Company pursuant to the terms of the extension; however, such grants have not been made pending completion of a comprehensive review of our long-term, non-cash incentives to ensure that they are competitive and appropriately linked to our long term success and creation of stockholder value.

Severance Agreements

In the event that Mr. Simon is terminated without cause or he resigns for good reason, which will include resignation upon a change of control, he will be entitled to, among other things, three years' annual salary and three years' average annual bonus, all options and other stock awards previously granted, but unvested, shall become fully vested and he will be entitled to the Black-Scholes value of all options contemplated but not yet granted pursuant to the employment agreement. In addition, if his contract is not renewed at the end of its term, Mr. Simon will be entitled to three years' annual salary and three years' average annual bonus. Mr. Simon has also agreed not to compete with us during his employment term or for a period of three years thereafter and has agreed to customary provisions regarding confidentiality and proprietary rights.

We have entered into change of control agreements with Mr. Lamel and Mr. Carroll that provide that in the event that, following a change of control of the Company, the surviving corporation takes certain actions, including a termination without cause, diminution in duties or forced relocation, such employee will be entitled to terminate his employment and receive up to three times his annual base salary and annual bonus, up to three years' benefits continuation, immediate vesting of all outstanding options and other stock awards and reimbursement of certain tax obligations. A copy of the form of these change in control agreements is filed with the SEC as Exhibit 10.2 to the Company's Quarterly Report on Form 10-Q for the quarter ended December 31, 2004.

The Compensation Committee believes that change in control benefits are important for attracting and retaining executive talent and help to ensure that executive officers can remain focused during periods of uncertainty. These are particularly important in an environment where merger and acquisition activity is high. We believe that our change in control benefits are consistent with those maintained by comparable companies.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the materials under the caption *Compensation Discussion and Analysis* included in the Company's Annual Report on Form 10-K/A and in the Company's proxy statement with the management of the Company. Based on such review and discussion, the Compensation Committee has recommended to the Board of Directors that such Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K/A for the fiscal year ended June 30, 2007 and in the Company's Proxy Statement.

The foregoing Report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Executive Compensation Tables

The following table sets forth the compensation paid by us for services rendered during the fiscal year ended June 30, 2007 to or for the accounts of our named executive officers:

Summary Compensation Table

Name and Principal Position	Fiscal Year	Salary	Bonus	Stock Awards (1)	Option Awards	Non-equity Incentive Plan Compensation	Change in Pension Value and Non-Qualified Deferred Earnings	All Other Compensation (2)	Total
Irwin D. Simon President, Chief Executive Officer and Chairman of the Board	2007	\$ 1,250,000			\$ 48,000(1)	\$ 2,500,000		\$ 53,133	\$ 3,851,133
Ira J. Lamel Executive Vice President, Chief Financial Officer, Treasurer and Secretary	2007	\$ 500,000	\$ 500,000					\$ 21,875	\$ 1,021,875
John Carroll Executive Vice President, President Grocery & Snacks, and President Personal Care	2007	\$ 410,000	\$ 410,000					\$ 12,506	\$ 832,506

- (1) There were no stock awards or option awards made to the named executive officers for the fiscal year ended June 30, 2007. In accordance with his employment agreement, Mr. Simon was entitled to receive an option grant to acquire 300,000 shares of the Company's common stock in July 2005 and July 2006, which remain un-granted. The requisite service period related to the July 2005 un-granted options was completed on June 30, 2005, which was prior to the required implementation of SFAS No. 123(R) and, therefore, no expense has been recorded for the July 2005 options. The requisite service period related to the July 2006 un-granted options was completed during the fiscal year ended June 30, 2006 and as a result, \$3.2 million of compensation cost was charged to earnings during the fiscal year ended June 30, 2006. The Company had previously disclosed the \$3.2 million of compensation cost in the Option Awards column in the table. However, upon reconsideration, the Company believes that such inclusion is no longer appropriate. During the year ended June 30, 2007, \$48,000 was included in compensation expense as a result of the mark-to-market adjustment required under SFAS No. 123(R). In addition, on July 1, 2007 (in fiscal year 2008), Mr. Simon became entitled, under his employment agreement extension, to an additional grant of 300,000 options, which have not yet been granted, the value of which are not included in the amount above.
- (2) The table below details the components of this column:

Name	401(k) Plan Match (1)	Life Insurance Premiums (2)	Car Allowance (3)	Supplemental Medical Benefit Premiums (4)	Perquisites (5)	Total
Irwin D. Simon	\$ 2,250	\$ 3,394		\$ 29,775	\$ 15,714	\$ 53,776
Ira J. Lamel	\$ 3,000		\$ 5,400		\$ 13,475	\$ 21,875
John Carroll	\$ 2,250		\$ 7,000		\$ 3,256	\$ 12,506

- (1) The Company's 401(k) match is calculated based upon the plan year, which is a calendar year. The amounts provided for each of the above named executive officers represent a matching contribution by the Company on behalf of such officer under the Company's 401(k) Plan for the 2006 plan year (January 1, 2006 through December 31, 2006). The Company's matching contribution has not yet been determined for the 2007 plan year.
- (2) Represents an amount paid by the Company to Mr. Simon as reimbursement for 25% of the total premium for his life insurance policy.
- (3) Represents amounts paid to Mr. Lamel (for four months) and Mr. Carroll (for ten months) for car allowances prior to the date on which each were provided with the use of a Company owned vehicle. See footnote (5) below.
- (4) Represents premiums paid during the fiscal year ended June 30, 2007 on behalf of Irwin Simon for a supplemental medical benefits plan which reimburses Mr. Simon and his dependents for any out-of-pocket medical expenses not covered by the Company's employee health benefit plans.
- (5) Represents the incremental cost to the Company in connection with its providing each of the above named executive officers with the use of a Company owned vehicle.

- (1) Represents the aggregate value realized with respect to all options exercised during the fiscal year ended June 30, 2007. The value realized in connection with each option exercise is calculated as the difference between the per share exercise price of the option and the closing price of the Company's common stock on the date of exercise, multiplied by the number of shares of common stock for which such option was exercised on that date.
- (2) Represents the aggregate value realized with respect to all shares of common stock vesting on June 30, 2007 of a restricted stock award of 150,000 shares granted on February 24, 2004. After a portion of these shares was withheld for the payment of taxes, Mr. Simon received the remaining 102,417 shares. The value realized in connection with the vesting of such shares is calculated as the closing price of the Company's common stock on the date of vesting multiplied by the number of shares of common stock vesting on that date.

Potential Payments upon Termination or Change in Control

We believe it is in the best interest of our stockholders to foster the continued employment of key executive management personnel. In order to provide our named executive officers with an incentive to continue their employment, we entered into an employment agreement with Irwin Simon and a Change in Control Agreement with each of Mr. Lamel and Mr. Carroll.

Irwin D. Simon

In the event that Mr. Simon is terminated without cause or he resigns for good reason, which will include resignation upon a change of control, he will be entitled to: (i) any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination; (ii) three years' annual salary and three years' average annual bonus paid to Mr. Simon over the two immediately preceding fiscal years; (iii) all options and other stock awards previously granted, but unvested, shall become fully vested and he will be entitled to the Black-Scholes value of all options contemplated but not yet granted pursuant to the employment agreement and (iv) to continue participation in all of the Company's medical, dental and vision plans until the third anniversary of his termination. If any payments or benefits to be provided to Mr. Simon in connection with a change in control are subject to the excise tax imposed under Section 4999 of the United States Internal Revenue Code, Mr. Simon is entitled to an additional gross-up payment so that the net amount retained by Mr. Simon is equal to such payments and benefits.

If Mr. Simon's employment had terminated on December 31, 2007, without cause or he resigns for good reason, Mr. Simon would be entitled to severance and other benefits having a value of approximately \$21,737,780. If Mr. Simon's employment had terminated on December 31, 2007, due to a change in control, Mr. Simon would have been entitled to severance having a value of approximately \$24,421,994. The amounts in the two preceding sentences have been calculated using the bonus amounts granted to Mr. Simon for fiscal year 2007 even though such amount was approved after the change in control date of December 31, 2007. Of the amounts set forth in the first two sentences, in each case \$12,587,780 is attributable to three stock option grants to purchase a total of 900,000 shares of the Company's common stock to which Mr. Simon is entitled to receive

pursuant to the terms of his employment agreement, but have yet to be granted and a fourth stock option grant to purchase a total of 300,000 shares of the Company's common stock to which Mr. Simon will be entitled to receive on July 1, 2008. As disclosed in the Compensation Committee Report, on July 1, 2005, Mr. Simon was entitled to a grant of 300,000 options to purchase common stock of the Company under the 2002 Plan or any substantially similar plan. However, insufficient shares were available for grant under the 2002 Plan at that time. Also pursuant to the terms of his employment agreement, Mr. Simon was entitled to a grant, on July 1, 2006, of 300,000 options to purchase common stock of the Company under the 2002 Plan or any substantially similar plan as well as a grant, on July 1, 2007, of the equity equivalent of 300,000 options to purchase common stock of the Company pursuant to the terms of the extension; however, such grants have not been made pending completion of a comprehensive review of our long-term, non-cash incentives to ensure that they are competitive and appropriately linked to our long-term success and creation of stockholder value.

In the event that Mr. Simon's employment terminates due to death or disability he will be entitled to: (i) any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination; (ii) two years' annual salary and two years' average annual bonus paid to Mr. Simon over the two immediately preceding fiscal years; (iii) all options and other stock awards previously granted, but unvested, shall become fully vested and (iv) to continue participation (or his dependents in the case of his death) in all of the Company's medical, dental and vision plans until the second anniversary of his termination. If Mr. Simon's employment were to terminate due to his death or disability, Mr. Simon currently would be entitled to severance having a value of approximately \$6,100,000.

In the event that Mr. Simon's employment terminates for cause or not for good reason he will be entitled to any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination, and any amounts which are vested at the time of termination.

If Mr. Simon's contract is not renewed at the end of its term, Mr. Simon will be entitled to: (i) any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination; (ii) three years' annual salary and three years' average annual bonus paid to Mr. Simon over the two immediately preceding fiscal years; (iii) all options and other stock awards previously granted, but unvested, shall become fully vested and (iv) to continue participation in all of the Company's medical, dental and vision plans until the third anniversary of his termination. In this instance, Mr. Simon would be entitled to receive approximately \$9,150,000.

Mr. Simon has also agreed not to compete with us during his employment term or for a period of three years thereafter and has agreed to customary provisions regarding confidentiality and proprietary rights.

Other Named Executive Officers

We have entered into change of control agreements with Mr. Lamel and Mr. Carroll that provide that in the event that, following a change of control of the Company, the surviving corporation takes certain actions, including a termination without cause, diminution in duties, reduction in base salary or certain benefits, or forced relocation, within thirteen months following the change of control, such employee will be entitled to terminate his employment and receive, at the executive's discretion, either a lump sum payment or salary continuation of: (i) three times the highest annual base salary paid to such executive during the thirty-six month period immediately preceding the month in which the change in control occurs; (ii) three times the highest annual bonus paid to such executive during the thirty-six month period immediately preceding the month in which the change in control occurs; (iii) all unpaid accrued vacation through the date of termination; (iv) up to three years' benefits continuation; (v) immediate vesting of all outstanding options and other stock awards and reimbursement of certain tax obligations; (vi) the automobile allowance and other automobile benefits the Executive was receiving immediately prior to the change in control for a period of twelve months following the date of termination and (vii) the cost of outplacement services. Unless another time period is provided, all payments provided herein shall be made no later than the fifteenth day following the date of termination.

If any payments or benefits to be provided to Messrs. Lamel and Carroll in connection with a change in control are subject to the excise tax imposed under Section 4999 of the United States Internal Revenue Code, they are entitled to an additional gross-up payment so that the net amount retained by them is equal to such payments and benefits.

If Mr. Lamel's employment had terminated on December 31, 2007 in accordance with the change in control agreement, Mr. Lamel would have been entitled to severance having a value of approximately \$3,336,958. If Mr. Carroll's employment had terminated on December 31, 2007 in accordance with the change in control agreement, Mr. Carroll would have been entitled to severance having a value of approximately \$2,782,042. The amounts in the two preceding sentences have been calculated using the bonus amounts granted to each executive officer for fiscal year 2007 even though such amounts were approved after the change in control date of December 31, 2007. In addition, such amounts do not include the cost of outplacement services.

Compensation of Directors

Each year, our Board of Directors and the Compensation Committee of the Board review and determine compensation for our non-employee directors. The Compensation Committee and our Board believe that compensation should fairly compensate non-employee directors for work required in a company of our size and scope. In fiscal year 2007, each non-employee director received a cash payment of \$25,000, which was paid in quarterly installments of \$6,250. Mr. Simon did not receive any compensation for his Board service.

2007 Director Compensation

Name	Fees Earned or Paid in Cash	Stock Awards	Option Awards	Non-Equity Incentive Plan Compensation	Change in Pension on Value and Nonqualified Deferred Compensation Earnings	All Other Compensation	Total
Barry J. Alperin	\$ 25,000						\$ 25,000

Mitchell A. Ring	\$ 25,000						\$ 25,000
Lewis D. Schiliro	\$ 25,000						\$ 25,000
Lawrence Zilavy	\$ 25,000						\$ 25,000

(1) On April 10, 2007, Richard C. Berke was elected to the Company's Board of Directors and therefore, was only entitled to receive a pro-rated portion of the fees paid to directors for the fiscal year ended June 30, 2007.

The Board of Directors has determined that for fiscal year 2008 each non-employee director will receive cash compensation of \$50,000 per annum. Committee Chairs also receive additional compensation for their increased responsibilities. In addition, at the time the Company completes its comprehensive review of compensation policies and makes grants to all eligible employees, the Board of Directors is expected to receive equity in an amount not to exceed the annual cash compensation. In order to continue to align their interests with those of stockholders, the Board determined that it was appropriate for a portion of the annual compensation to be in the form of equity, but only when the long-term incentive program had been approved for, and granted to,

eligible employees. Historically, the Company had compensated its non-employee directors largely with equity, but has not made any equity grants to directors since April 2005, as a result of the review by a group of independent directors of the stock option practices of the Company and the Company's comprehensive review of its compensation policies. The Board of Directors determined that, given the period of time since the last equity grants and the significant time commitment and effort made by the members of the Board of Directors, it was appropriate for them to receive increased compensation.

**Item 13. Certain Relationships and Related Transactions.
Transactions with Related Persons**

Mr. Meltzer, who is nominated for re-election as a director, is a partner at the law firm DLA Piper US LLP. DLA Piper US LLP acts as our regular outside counsel. In addition, Mr. Simon's spouse has been the Director of International Sales of the Company since September 1996. She is paid at a competitive rate with employees serving other companies in a comparable position. Mr. Simon's brother-in-law has served as the Company's Vice President-Purchasing and Procurement since June 2000 and as the Company's representative in our joint venture relationship with Yeo Hiap Seng Limited. He earned \$163,649 in salary, a car allowance of \$8,400 and \$28,639 in bonus during the fiscal year ended June 30, 2007, and participates in the Company's benefit programs. He also received a one-time bonus of \$50,000 for successfully achieving goals related specifically to the promotion and licensing of the Company's proprietary patented snack frying technology.

Review, Approval or Ratification of Transactions with Related Persons

The Board of Directors has adopted a written policy for approval of transactions between the Company and its directors, director nominees, executive officers and greater than five percent beneficial owners and their

respective family members, where the amount involved in the transaction exceeds or is expected to exceed \$120,000 in a single fiscal year. This policy is incorporated within the Audit Committee charter and provides that the Audit Committee shall review and approve all such transactions.

Director Independence

A majority of the Board, consisting of Mses. Bronner and Hahn, and Messrs. Alperin, Berke, Futterman, Glickman, Heyer, Ring, Schiliro, and Zilavy, are independent directors as defined in the listing standards of the Nasdaq Global Select Market. The members of each committee of the Board are also independent under the listing standards of the Nasdaq Global Select Market.
