PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON MAY 13, 2008

INTRODUCTION

General

This Proxy Statement and the accompanying 2007 Annual Report to Shareholders are being furnished to the shareholders of Northwest Pipe Company, an Oregon corporation (the Company), as part of the solicitation of proxies by the Company's Board of Directors (the Board of Directors) for use at the Company's annual meeting of shareholders (the Annual Meeting) to be held on Tuesday, May 13, 2008 at the Heathman Hotel, 1001 SW Broadway, Portland, OR 97205, at 9:00 a.m., local time. At the Annual Meeting, shareholders will be asked to elect one member to the Board of Directors and to transact such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof. This Proxy Statement, together with the enclosed proxy card and the 2007 Annual Report to Shareholders, are first being mailed to shareholders of the Company on or about April 17, 2008.

Solicitation, Voting and Revocability of Proxies

The Board of Directors has fixed the close of business on March 17, 2008 as the record date for the determination of the shareholders entitled to notice of and to vote at the Annual Meeting. Accordingly, only holders of record of shares of Common Stock at the close of business on such date will be entitled to vote at the Annual Meeting, with each such share entitling its owner to one vote on all matters properly presented at the Annual Meeting. On the record date, there were 9,137,633 shares of Common Stock then outstanding. The presence in person or by proxy of a majority of the total number of outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If the enclosed form of proxy is properly executed and returned in time to be voted at the Annual Meeting, the shares represented thereby will be voted in accordance with the instructions marked thereon. **Executed but unmarked proxies will be voted FOR the nominee for election to the Board of Directors.** The Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy upon such matters as determined by a majority of the Board of Directors.

Shareholders who execute proxies retain the right to revoke them at any time prior to the exercise of the powers conferred thereby by filing a written notice of revocation with, or by delivering a duly executed proxy bearing a later date to, Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington, 98661, or by attending the Annual Meeting and voting in person. All valid, unrevoked proxies will be voted at the Annual Meeting.

ELECTION OF DIRECTORS

At the Annual Meeting, one director will be elected for a three-year term. Unless otherwise specified on the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election of the nominee named below. The Board of Directors believes that the nominee will stand for election and will serve if elected as a director. However, if the person nominated by the Board of Directors fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person as the Board of Directors may recommend.

The Company's Articles of Incorporation and Bylaws provide that the Board of Directors shall be composed of not less than six and not more than nine directors. Effective after the election of directors at the Annual Meeting, the number of directors will be fixed at six. The Company's directors are divided into three classes. The term of office of only one class of directors expires each year, and their successors are generally elected for terms of three years, and until their successors are elected and qualified. There is no cumulative voting for election of directors.

The Board of Directors unanimously recommends that shareholders vote FOR the election of its nominee for director. If a quorum is present, the Company's Bylaws provide that directors are elected by a plurality of the votes cast by the shares entitled to vote. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Annual Meeting, but are not counted and have no effect on the determination of whether a plurality exists with respect to a given nominee.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Philosophy

The Board of Directors and executive management at Northwest Pipe Company believe that the performance and contribution of its executive officers are critical to the overall success of the Company. To attract, retain, and motivate the executives to accomplish the Company's business strategy, the Compensation Committee of the Board of Directors (the "Compensation Committee") establishes executive compensation policies and oversees executive compensation practices at Northwest Pipe Company. The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual and long-term goals by the Company, and which aligns executives' interests with those of the shareholders by rewarding performance above established goals, with the ultimate objective of improving shareholder value. The Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of the Company's peer companies. To that end, the Compensation Committee believes executive compensation packages provided by the Company to its executives should include both cash and share-based compensation that reward performance as measured against established goals.

There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Compensation Committee exercises business judgment in determining the appropriate level and mix of executive compensation. The Compensation Committee and the Chief Executive Officer annually review the performance of each named executive officer (other than the Chief Executive Officer whose performance is reviewed by the Committee). Based on these reviews, the compensation committee makes compensation decisions, including salary adjustments and annual bonus awards, for the named executive officers.

Elements of Compensation

For the year ended December 31, 2007, the principal components of compensation for executive officers were:

base salary;

performance-based incentive compensation;

long-term incentive compensation;

retirement benefits; and

perquisites and other personal benefits.

Base Salary. The Company provides executive officers and other employees with a base salary to compensate them for services rendered during the fiscal year. Base salaries are determined for each executive based on his or her position and responsibility by using market data; internal review of the executive's compensation, both individually and relative to other executive officers; and individual performance of the executive. Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries are based on the Compensation Committee's assessment of the individual executive's performance.

Performance-Based Incentive Compensation. The Company provides executive officers and other employees with bonus compensation to compensate them for high performance and achievement of corporate goals. The bonus program gives the Compensation Committee the latitude to award cash incentive compensation

to executive officers as a reward for the growth and profitability of the Company, and places a significant percentage of each executive officer's compensation at risk. Awards are based on the Company's achievement of certain financial performance measures for the year, including sales and net income measures. Awards to named executive officers under the bonus program for performance in 2007 had not been determined by the Compensation Committee as of the date of this Proxy Statement.

Long-Term Incentive Compensation. The Long Term Incentive Plan encourages participants to focus on long-term Company earnings and performance and provides an opportunity for executive officers and certain designated key employees to increase their compensation through cash-based performance unit awards based on a three-year performance cycle. Each annual award of performance units specifies a three-year cycle for determining the amount to be paid with respect to each award. For example, the performance units awarded in fiscal year 2007 were based upon the Company's performance from 2004 through 2006. The performance measurement for the performance units awarded is the Company's average return on assets as compared to a hurdle rate determined by the Compensation Committee.

Retirement Benefits. In order to provide competitive total compensation, the Company offers to its executive officers and certain designated key employees a nonqualified retirement savings plan, which provides executive officers with the opportunity to defer salary and bonus compensation for a period of years or until termination of employment. Executive officers who defer salary or bonus under this plan are credited with market-based returns. The Company may make a discretionary matching contribution based on deferrals made by the executive officer. In addition, the Company will make a contribution based on a target benefit projected for each participant. The target benefit projected is 1% of base salary in the year before attaining normal retirement age per year of employment (up to 35 years) with the Company.

The Company also offers a qualified 401(k) defined contribution plan. The ability of executive officers to participate fully in this plan is limited under IRS and ERISA requirements. The 401(k) plan encourages employees to save for retirement by investing on a regular basis through payroll deductions.

Perquisites and Other Personal Benefits. The Company provides executive officers with perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract, retain and motivate employees for key positions. The Company is selective in its use of perquisites, utilizing perquisites that are commonly provided, the value of which is generally modest. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to executive officers. The primary perquisites are car allowances, payment of spousal travel, club membership dues and life insurance premiums.

Change in Control Agreements

The Company has entered into change in control agreements (the "Agreements") with its executive officers. Each of the Agreements was originally for a term ending July 19, 2001, provided that on that date and each anniversary thereafter, the term of the Agreements will be automatically extended by one year unless either party gives 90 days prior written notice that the term of an agreement shall not be so extended. If a Change in Control (as defined in the Agreements and described below) occurs during the term of Agreements, the Agreements will continue in effect until two years after the Change in Control.

If an executive officer's employment with the Company is terminated within two years after a Change in Control either by the Company without Cause (as defined in the Agreements and described below) or by the executive officer for Good Reason (as defined in the Agreements and described below), the executive officer will be entitled to receive his or her full base salary through the date of termination and any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination plus (i) a lump sum payment equal to two years' base salary (three years in the case of Mr. Dunham) and (ii) an amount equal to two times (three times in the case of Mr. Dunham) the average cash bonuses paid to the executive officer during the previous three years. In addition, the executive officer would be entitled to the continuation of health and insurance benefits for certain periods and all outstanding unvested stock options would immediately become fully vested. In the event that the payments made to an executive officer would be deemed to be a parachute payment under the Internal Revenue Code of 1986, an executive officer may choose to accept payment of a reduced amount that would not be deemed to be a parachute payment.

If an executive officer's employment with the Company is terminated within two years after a Change in Control either by the Company for Cause or as a result of the executive officer's disability or death, the executive officer will be entitled to receive his or her full base salary through the date of termination plus any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination.

For purposes of the Agreements, a **Change in Control** includes (i) any merger or consolidation transaction in which the Company is not the surviving corporation, unless shareholders of the Company immediately before such transaction have the same proportionate ownership of common stock of the surviving corporation in the transaction, (ii) the acquisition by any person of 30 percent or more of the Company's total combined voting power, (iii) the liquidation of the Company or the sale or other transfer of substantially all of its assets, and (iv) a change in the composition of the Board of Directors during any two-year period such that the directors in office at the beginning of the period and/or their successors who were elected by or on the recommendation of two-thirds of the directors in office at the beginning of the period do not constitute at least a majority of the Board of Directors. For purposes of the Agreements, **Good Reason** includes (i) an adverse change in the executive officer's status, title, position(s) or responsibilities or the assignment to the executive of duties or responsibilities which are inconsistent with the executive officer's status, title or position, (ii) a reduction in the executive officer's base salary or the failure to pay compensation otherwise due to the executive officer, (iii) a requirement that the executive officer be based anywhere other than within 10 miles of his or her job location before the Change in Control, (iv) the Company's failure to continue in effect any compensation or employee benefit plan or program in effect before the Change in Control or any act or omission that would adversely effect the executive officer's continued participation in any such plan or program or materially reduce the benefits under such plan or program, and (v) the failure by the Company to require any successor to the Company to assume the Company's obligations under the Agreements within 30 days after a Change in Control. For purposes of the Agreements, **Cause** means the willful and continued failure to satisfactorily perform the duties assigned to the executive officer within a certain period after notice of such failure is given and commission of certain illegal conduct.

The amount of compensation payable to each named executive officer in each situation under a change in control is listed in the tables below. The amounts shown assume that a change in control occurred and that the employment of each executive was terminated effective as of December 31, 2007.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is comprised of three directors who are considered independent under applicable SEC and Nasdaq listing rules. The Audit Committee operates under a written charter adopted by the Board of Directors.

The purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company. The primary responsibilities of the Audit Committee are to oversee and monitor the integrity of the Company's financial reporting process on behalf of the Board of Directors and report the results of its activities to the Board of Directors. The Audit Committee annually reviews and selects the Company's independent registered public accounting firm and preapproves any non-audit work required of the public accounting firm.

Management is responsible for preparing the Company's financial statements. The independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue a report thereon, and for performing an independent audit of the effectiveness of the Company's internal controls over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes. The Audit Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the independent accountants on the basis of the information it receives, discussions with the independent accountants and the experience of the Audit Committee's members in business, financial and accounting matters.

In this context, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent accountants. The Audit Committee also has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Company's independent accountants also provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence.

Based on the above discussions and review with management and the independent accountants, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 for filing with the U.S. Securities and Exchange Commission.

Respectfully submitted by the Audit Committee of the Board of Directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company entered into a separation agreement with Mr. Murakami, former Vice President, Chief Financial Officer and Secretary, effective as of January 14, 2008. The agreement provides for a continuation of Mr. Murakami's base salary of \$225,000 for a period of twelve months, an immediate payment to Mr. Murakami of \$150,000, and three payments of \$10,000 each, payable over three months beginning in February 2008, provided Mr. Murakami complies with certain noncompete provisions. The Company will also pay the premiums for continuation of Mr. Murakami's health insurance coverage for twelve months. The Company and Mr. Murakami have also entered into a consulting agreement pursuant to which Mr. Murakami will provide professional consulting services to the Company as requested at a rate of \$125 per hour after the first 120 hours of such service. Mr. Murakami has agreed that, for a period of three months after the termination of his employment, he will not engage in any activity that would be in competition or conflict with the Company's business, and that he will not solicit business from any customer of the Company or induce any person to leave the employment of the Company.

We believe that there has not been any other transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$120,000 and in which any director, executive officer or holder of more than 5% of our common stock, or members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation described in Executive Compensation and Mr. Murakami's termination agreement. We intend that any such future transactions will be approved by the Board of Directors and will be on terms no less favorable to our Company than could be obtained from unaffiliated third parties.

Deloitte and Touche LLP served as the Company's independent registered public accountants for the year ended December 31, 2007. Representatives of Deloitte and Touche LLP are expected to be present at the Annual Meeting and will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.
