- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

**Explanatory Note:**

Effective January 1, 2008, NATCO Group Inc. realigned its business segments into three segments: Integrated Engineered Solutions, Standard & Traditional Equipment and Automation & Controls. This Form 8-K presents our 2006 and 2007 segment-level financial information that has been reclassified to reflect the realigned business segments. This realignment has no impact on NATCO's previously reported historical consolidated net revenues, gross profit (loss), income (loss) from continuing operations, net income (loss) or earnings (loss) per share.

**Item 2.02 Results of Operation and Financial Condition**

*The information in this Form 8-K that is furnished under Item 2.02, Results of Operations and Financial Condition and Exhibit 99.1 to this report shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall they be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.*

Effective January 1, 2008, we realigned our financial segment reporting by consolidating all of our global built-to-order business and related activities, formerly reported in our Gas Technologies segment and, in part, in our Oil & Water Technologies segment, into a single financial reporting segment. Activities related to the sale of standard and traditional equipment and aftermarket parts sales and services, formerly reported as part of the Oil & Water Technologies segment, will be reported as a standalone segment. Our Automation & Controls segment remains unchanged. As a result of these changes, we will report our first quarter of 2008 financial results based on the following defined segments:

*Integrated Engineered Solutions:* consisting of sales and related activities associated with all built-to-order projects delivered to global markets including oil, water and gas technologies as well as the Company's West Texas CO<sub>2</sub> processing facility.

*Standard & Traditional:* consisting of sales and related activities associated with the sale of standard and traditional equipment, as well as aftermarket parts sales and services both in the US and other areas of the world.

*Automation & Controls:* consisting of sales and related activities associated with the sale of control panels, packaged automation systems and field services.

This Form 8-K is being filed in order to assist investors in making accurate comparisons of our historical segment financial information with future segment financial information. Reclassifications have been made to previously reported quarterly and annual segment financial information for 2006 and 2007 to conform to the realigned business structure. Upon filing this report, we will post on the Investor Relations page of our website, [www.natcogroup.com](http://www.natcogroup.com), the Adjusted Unaudited Segment Information attached to this filing as Exhibit 99.1.

**Item 9.01 Financial Statements and Exhibits.**

Exhibits

99.1 Adjusted Unaudited Segment Information tables for the four quarters and full years of 2006 and 2007.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
