This presentation must not be a prospectus. Certain statements in this presentation are forward-looking statements. The forward-looking statements include statements regarding the timing of development projects, future production volumes, increases in production and infrastructure capacity, the identification of potential risks and, without limitation, other statements typically containing words such as "intends", "expects", "anticipates", "targets", "plans" and "may". All forward-looking statements speak only as at the date of this presentation. These statements are based on current expectations and beliefs and, but for risks and uncertainties that could cause actual results, performance and achievements to differ materially from any expected future results by such forward-looking statements. The forward-looking statements are based on numerous assumptions regarding BHP Billiton and Rio Tinto in which BHP Billiton and Rio Tinto will operate in the future and such assumptions may or may not prove to be correct.

Summary of the offer for Rio Tinto

BHP Billiton has made a pre-conditional offer for Rio Tinto, it will be capable of acceptance by shareholders following regulatory approvals and posting of offer documents

The offer is being made direct to the shareholders of Rio Tinto

Rio Tinto shareholders are being offered 3.4 BHP Billiton shares for every Rio Tinto share held

The 3.4:1 offer represents a 45%

(a)

premium

The offer is conditional on more than 50% acceptances of the publicly held shares in each of Rio Tinto plc and Rio Tinto Ltd

BHP Billiton has conducted global roadshows speaking to the major shareholders of BHP Billiton and Rio Tinto which has confirmed that shareholders have a clear understanding of the industrial logic of the deal

BHP Billiton believes this offer is compelling for Rio Tinto shareholders, and value enhancing for BHP Billiton shareholders

and it makes even more sense if you own both

Conclusion

Strength, stability and growth

BHP Billiton on a standalone basis has a bright future

The core strategy remains unchanged

Focused on producing volumes from low cost assets

A combination of BHP Billiton and Rio Tinto can generate substantial additional value for shareholders

we are a natural fit

In addition to the synergies, combining the two would create a company that is:

Unique in character;

Capable of delivering superior returns for its shareholders; and

An Australian champion on the global stage
