PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON APRIL 29, 2009

This proxy statement is furnished in connection with the solicitation of proxies by Asbury Automotive Group, Inc. (the Company, we, us or our) on behalf of the Board of Directors (the Board) for the annual meeting of stockholders, and all adjournments of the meeting. The accompanying Notice of Annual Meeting of Stockholders and Important Notice of Internet Availability of Proxy Materials for the Stockholders Meeting to be held on April 29, 2009, this proxy statement and proxy card are first being mailed to stockholders on or about March 31, 2009. A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2008, is included with these materials.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the annual meeting, stockholders are being asked to consider and vote on:

PROPOSAL 1. The election of three members of Class I of the Board to hold office until the 2012 Annual Meeting of Stockholders;

PROPOSAL 2. The ratification of the appointment of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2009;

PROPOSAL 3. The approval of the amendment and restatement of our 2002 Equity Incentive Plan; and

PROPOSAL 4. The approval of the amendment and restatement of our Key Executive Incentive Compensation Plan.

The stockholders will also transact any other business that may properly come before the meeting. Members of our management team and representatives from our former independent certified public accounting firm, Deloitte & Touche LLP, will be present at the meeting to make a statement if they so desire and to respond to appropriate questions from stockholders. Representatives from Ernst & Young LLP will also be present at the meeting.

Who is entitled to vote?

The record date for the annual meeting was March 5, 2009. Only stockholders of record at the close of business on that date are entitled to notice and to vote at the annual meeting. Attendance at the meeting will be limited to stockholders of record, their proxies, beneficial owners having evidence of ownership on the record date and our invited guests.

Our sole outstanding capital stock is our common stock, par value \$0.01 per share. Except as otherwise required by law, or as described in this proxy statement, each holder of our common stock is entitled to one vote per share on each matter submitted at the meeting. At the close of business on the record date there were 32,105,515 shares of our common stock outstanding, which number includes 200,872 shares of unvested restricted stock that have voting rights and are held by members of the Board and our employees, representing a total of 32,105,515 votes eligible to be cast at the meeting.

Table of Contents

What if my shares are held in street name by a broker?

If you are the beneficial owner of shares held in street name by a broker, your broker is the record holder of the shares and is required to vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker will be entitled to vote the shares FOR the election of directors (Proposal 1) and FOR the ratification of auditors (Proposal 2). Shares that a broker is not entitled to vote with respect to a proposal, pursuant to the rules of the New York Stock Exchange, are sometimes called broker non-votes. The treatment of broker non-votes is described in the Q&A below under How will broker non-votes be treated?

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of voting stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or broker non-votes (i.e., shares that your broker is not permitted to vote) will be included in the calculation of the number of shares considered to be present at the meeting.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the chairman of the meeting may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given. An adjournment will have no effect on the business that may be conducted at the meeting.

How do I vote?

1. ***You may vote by mail.*** If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, your shares will be voted in accordance with your instructions. The enclosed envelope requires no additional postage if mailed in the United States.
2. ***You may vote by telephone or on the Internet.*** If you hold your shares of record, you may give your voting instructions by telephone or on the Internet. Please follow the voting instructions on the proxy card. If your shares are held in street name by a broker or other nominee, you may also be able to give voting instructions by telephone or on the Internet. Please check the voting form provided by your broker or nominee to see if they offer such options.
3. ***You may vote in person at the meeting.*** If you hold your shares of record and attend the annual meeting and wish to vote in person, you will be given a ballot at the annual meeting. However, if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a proxy from the institution that holds your shares indicating that you were the beneficial owner of our voting stock on March 5, 2009, the record date for voting at the annual meeting. Please contact your broker or other institution directly if you would like to obtain a proxy to vote your shares directly at the meeting. Even if you plan to attend the meeting, please sign and return your proxy card to ensure that your shares are represented. If you do attend the meeting, any votes you cast at the meeting will supersede your proxy.

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote at any time before the polls close at the annual meeting by:

signing another proxy with a later date;

giving written notice of the revocation of your proxy to the Secretary of the Company prior to the annual meeting; or

voting in person at the annual meeting.

Table of Contents

How does the Board recommend I vote on the proposals?

The Board recommends that you vote:

FOR Proposal 1: the election of three members of Class I of the Board of Directors to hold office until the 2012 Annual Meeting of Stockholders (see page 8);

FOR Proposal 2: the ratification of the appointment of Ernst & Young LLP as our independent auditors for the year ending December 31, 2009 (see page 49);

FOR Proposal 3: the approval of the amendment and restatement of our 2002 Equity Incentive Plan (see page 51); and

FOR Proposal 4: the approval of the amendment and restatement of our Key Executive Incentive Compensation Plan. (see page 59).

What if I do not specify how my shares are to be voted?

If you submit an executed proxy but do not indicate any voting instructions, your shares will be voted FOR each of the proposals set forth in this proxy statement.

Will any other business be conducted at the meeting?

The Board knows of no other business that will be presented at the meeting. If any other proposal properly comes before the stockholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to elect the director nominees?

The affirmative vote of a plurality of the votes cast on this proposal is required to elect the three nominees as directors. This means that the three nominees will be elected if they receive more affirmative votes than any other person. If you vote Withheld with respect to the election of one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

How many votes are required to ratify the appointment of our independent auditors, approve the amendment and restatement of our 2002 Equity Incentive Plan and approve the amendment and restatement of our Key Executive Incentive Compensation Plan?

The ratification of the appointment of Ernst & Young LLP as independent auditors, the approval of the amendment and restatement of our 2002 Equity Incentive Plan and the approval of the amendment and restatement of our Key Executive Incentive Compensation Plan each require the affirmative vote of a majority of the voting power of the Company's common stock present at the meeting in person or by proxy and entitled to vote as of the record date.

How will abstentions be treated?

If you abstain from voting on a proposal, your shares will still be included for purposes of determining whether a quorum is present. Because directors are elected by a plurality of votes, an abstention will have no effect on the outcome of the vote and, therefore, is not offered as a voting option for Proposal 1. If you abstain from voting on Proposal 2, Proposal 3 or Proposal 4 your abstention will have the same practical effect as a vote against the proposal.

Table of Contents

How will broker non-votes be treated?

If your shares are held by a broker or other nominee in street name, your broker will generally be prohibited from voting your shares on any matter other than FOR the election of directors and FOR the ratification of the Company's auditors, unless you inform your broker how your shares should be voted. If you do not provide instructions to your broker, your shares will be treated as broker non-votes with respect to Proposals 3 and 4, and any other proposals raised at the meeting. Additionally, your broker may elect not to vote your shares FOR Proposals 1 and 2, in which case your shares would also be treated as broker non-votes. All broker non-votes will be included for purposes of calculating the presence of a quorum, but otherwise will be treated as shares not entitled to vote on a proposal.

Who pays for the costs of soliciting proxies?

We will pay the cost of soliciting proxies. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of voting stock. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies without additional compensation.

Table of Contents**SECURITIES OWNED BY MANAGEMENT AND CERTAIN BENEFICIAL OWNERS**

The following table sets forth information with respect to the ownership of shares of the Company's common stock by each director and named executive officer listed in the Summary Compensation Table and by all directors and named executive officers of the Company as a group. In addition, the table sets forth information about all other persons known to the Company to be the beneficial owner of more than five percent of the Company's common stock.

The following information is given as of March 5, 2009, the record date. In the case of percentage ownership, the information is based on 32,105,515 shares of the Company's common stock outstanding, which number includes 200,872 shares of unvested restricted stock that have voting rights and are held by members of the Board and the Company's employees. Shares issuable upon exercise of options within 60 days of the record date are deemed to be outstanding for the purpose of computing the percentage ownership and overall voting power of persons believed to beneficially own such securities, but are not deemed to be outstanding for the purpose of computing the percentage ownership. The number of shares beneficially owned by each director, named executive officer and principal stockholder is determined under rules promulgated by the Securities and Exchange Commission (the "SEC"), and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares as to which the individual has sole or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days after the record date through the exercise of any stock option or other right. Inclusion in the table below of such shares, however, does not constitute an admission that the director, named executive officer or principal stockholder is a direct or indirect beneficial owner of such shares. So far as is known to the Company, the persons listed below have sole voting and investment power with respect to the shares listed beside its, his or her name, except as noted.

Equity Ownership Guidelines

On October 21, 2008, upon the recommendation of the Compensation Committee of the Board, the Board adopted the following guidelines for Board members and our named executive officers pertaining to his or her ownership of our equity:

each member of the Board should own the value of shares of our equity equal to three times his or her annual retainer;

the Chief Executive Officer should own the value of shares of our equity equal to three times his base salary;

the Chief Financial Officer should own the value of shares of our equity equal to two times his base salary; and
the other named executive officers should own the value of shares of our equity equal to his or her base salary.

Edgar Filing: ASBURY AUTOMOTIVE GROUP INC - Form DEF 14A

The number of shares that each director and named executive officer must own will be set as specific numbers of shares using the 36-month average shares price of our common stock. These guidelines may be reset in the event of significant changes in the price of our common stock (+/-30%). Unvested restricted shares will factor toward the achievement of these guidelines, but vested and unvested options will not be applicable. We expect that our Board members and named executive officers will achieve the requirements of these guidelines within three years through standard equity grants awarded to them.

PROPOSAL NO. 1.

ELECTION OF DIRECTORS

Except as disclosed in this proxy statement, there are no arrangements or understandings between any of the nominees and any other person pursuant to which such nominee was selected.

Three directors are to be elected to hold office as Class I directors for terms of three years, or until their respective successors have been duly elected and qualified. If a proxy does not withhold authority for the election of any or all of the nominees for directors, the proxy holders will vote the shares represented by such proxy for the election of the three nominees. If a proxy withholds a vote from one or more nominees for directors, the proxy holders will follow the instructions.

Each nominee has consented to being named in this proxy statement and has agreed to serve if elected. Management has no reason to believe that any of the nominees will not serve if elected. If a nominee is unable to stand for election, the Board will designate a substitute nominee or choose to reduce the size of the Board. If a substitute nominee is designated, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

Directors and Nominees for Election as Directors

Pursuant to the Company's Restated Certificate of Incorporation and a resolution adopted by the Board, the size of the Board is twelve directors. The Board is classified into three classes, each with three-year terms. The term of each Class I director expires this year, the term of each Class II director expires in 2010 and the term of each Class III director expires in 2011. Fewer nominees are being nominated to be elected as directors than the number authorized because at the time of mailing this proxy statement, our Board is not nominating persons to fill the vacancies created by the resignation of one of our former directors in 2008, John Roth, and a previous resignation of a member of our Board in 2007. Proxies cannot be voted for a greater number of persons than the number of nominees named.

The biographies below give information provided by the nominees about their principal occupation, business experience and other matters. For additional information regarding the directors and nominees, see Securities Owned By Management and Certain Beneficial Owners, Governance of The Company, and Related Person Transactions.

GOVERNANCE OF THE COMPANY

Independence of Directors

The Board has determined that the following eight of its ten directors qualify as independent directors under the rules of the New York Stock Exchange (the NYSE): Ms. Clarke and Ms. James, and Messrs. Clements, DeLoach, Durham, Jordan, Katz and Maritz. Mr. Roth, who resigned as a member of our Board in July 2008, also qualified as an independent director. The Board has adopted the categorical standards set forth below to assist it in making determinations of independence. These standards comply with the NYSE's categorical standards for director independence.

He or she has not been employed by, and none of his or her immediate family members¹ has been an executive officer of, the Company or its consolidated subsidiaries (together, the Company) at any time within the three years preceding the date of this determination;

He or she has not received, and none of his or her immediate family members has received, more than \$120,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), at any time within the three years preceding the date of this determination;

In order to qualify as an independent director of the Company, the Board must affirmatively determine, based upon all relevant facts and circumstances, whether any director has a material relationship with the Company that would affect his or her independence, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company.

A director cannot qualify as independent for Audit Committee purposes if the director, other than in his or her capacity as a member of the Audit Committee, the Board or any other Board committee:

Accepts directly or indirectly any consulting, advisory or other compensatory fee from the Company. Compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Company provided that such compensation is not contingent in any way on continued service; or

Is an affiliated person of the Company.

¹ An immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home.

Table of Contents

In addition to satisfying the above-described independence criteria, in order to qualify as independent for Compensation Committee purposes, the director must also be deemed (i) a non-employee director for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act), and (ii) an outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Rule 16b-3 defines non-employee director as a director who:

is not currently an officer of, or is not otherwise currently employed by, the Company or a parent or subsidiary of the Company;

does not possess an interest in any other transaction with the Company for which disclosure would be required under the Related Person Transactions section of this proxy statement.

Section 162(m) of the Code and its corresponding regulation, Regulation 1.162-27, defines outside director as a director who:

is not a current employee of the Company;

is not a former employee of the Company receiving compensation for prior service (other than benefits under a tax-qualified retirement plan);

has not been an officer of the Company; and

The Board has affirmatively determined, by applying the categorical standards set forth above, that none of the Company's independent directors has any material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company.

Nomination of Directors

The Governance Committee performs the nominating duties on behalf of the Board. The nominees for election at the annual meeting are all current directors and were originally recommended to the Board by various sources, including other directors, the Company's dealers, stockholders and a third-party executive search firm. In addition to these sources, new director candidates are identified by management or additional third-party executive search firms that may assist in identifying and evaluating potential nominees. Candidates are evaluated in light of the current composition of the Board, the operating requirements of the Company and the long-term interests of the stockholders. In performing this evaluation, the Governance Committee considers the diversity, age, skills and experience of the candidate, and other factors it deems appropriate, given the needs of the Board and the Company, to maintain a balance of knowledge, experience and capabilities. Qualified director nominees should possess an appropriate balance of the following qualities: high moral character and personal integrity, a high level of leadership or managerial experience, experience and knowledge relative to matters affecting the Company, the ability and willingness to contribute to the Board, the ability to exercise sound, independent business judgment, a long-term commitment to the interests of stockholders and growth of the Company, freedom from conflicts of interest, the ability to dedicate sufficient time, energy and attention to Board activities and the diligent performance of his or her duties, and reflect the diversity of the Company's stockholders, employees, customers and communities.

The Board will consider director candidates recommended by the Company's stockholders. In order to make such a nomination, the stockholder must (i) be a record holder of shares of common stock on the record date, (ii) be entitled to vote for the election of such director(s) and (iii) comply with the notice procedures set forth in the Company's bylaws. If you would like a copy of the Company's bylaws, please notify the

- (1) The directors referenced in this table were our non-management directors who received compensation from us in 2008.
- (2) This column reports the amount of cash compensation earned in 2008 for Board and committee service. The figure in this column for Mr. Roth reflects compensation for his activities on the Board from January 1, 2008 to July 1, 2008, the date of his resignation from the Board.
- (3) The figures in this column represent the dollar amount of compensation costs recognized for financial statement reporting purposes for the fiscal year ended December 31, 2008, in accordance with FAS 123R, for shares of restricted stock granted to each non-management director.
- The aggregate grant date fair value of the 4,923 shares of restricted stock granted to each non-management director on January 31, 2008, was \$70,005. The aggregate grant date fair value of these shares of outstanding restricted stock is calculated in accordance with FAS 123R using the closing market price of our common stock on the date of grant, which price was \$14.22 per share. These shares of restricted stock vest in equal installments over a three-year period, which vesting began on January 31, 2009, the first anniversary of the grant.
- As of December 31, 2008, each non-management director held the number of shares of restricted stock set forth beside his or her name: Michael J. Durham: 7,487; Janet M. Clarke: 7,487; Dennis E. Clements: 7,086; Thomas C. DeLoach, Jr.: 6,653; Juanita T. James: 5,858; Vernon E. Jordan, Jr.: 7,487; Eugene S. Katz: 6,653; and Philip F. Maritz: 7,487.
- On July 22, 2008, the Compensation Committee approved the acceleration of 6,653 shares of unvested restricted stock owned by Mr. Roth at the time of his resignation.
- (4) Ms. James received an additional 935 shares of restricted stock on January 31, 2008, representing the pro-rated grant of restricted stock for her service on the Board in 2007. The aggregate grant date fair value of these 935 shares of restricted stock was \$13,296 and was calculated in accordance with FAS 123R using the closing market price of our common stock on the date of grant, which price was \$14.22 per share.
- (5) Represents the dollar amount of compensation costs recognized for financial statement reporting purposes for the fiscal year ended December 31, 2008, in accordance with FAS 123R. We did not grant any options to non-management directors in 2008, and thus the figures in this column represent option awards granted in fiscal years prior to 2008.

As of December 31, 2008, the following non-management directors had the number of outstanding options set forth beside his or her name: Michael Durham: 10,000; Janet M. Clarke: 5,000; Vernon E. Jordan, Jr.: 5,001; and Philip F. Maritz: 18,000.

Edgar Filing: ASBURY AUTOMOTIVE GROUP INC - Form DEF 14A

The aggregate grant date fair value of the outstanding options for these directors is as follows: Michael Durham: \$59,567; Janet M. Clarke: \$28,050; Vernon E. Jordan, Jr.: \$29,212; and Philip F. Maritz: \$115,641. The aggregate grant date fair value of these options was calculated in accordance with FAS 123R using the Black Scholes option valuation model.

- (6) The figures in this column represent the incremental cost to us for the respective use of the vehicle received by our non-management directors, except Mr. Roth who did not have the use of a vehicle from us. We calculate incremental costs of personal use vehicles as all direct costs (e.g., the cost of shipping the vehicle to the director and taxes). In addition, we include the difference between our cost for the vehicle and the ultimate sale price or the anticipated sale price, pro-rated for the amount of time the director had possession of the vehicle during the fiscal year, plus an estimate of lost interest income calculated as our initial cash outlay for the vehicle multiplied by our weighted average interest rate on invested cash. We do not estimate lost margin on an ultimate sale of the vehicle.

Table of Contents

The figures in this column also represent three quarterly dividend payments of \$0.225 per share for the 2008 fiscal year. As of December 31, 2008, the following non-management directors received the dollar amount of dividend payments set forth beside his or her name: Michael J. Durham: \$10,313; Janet M. Clarke: \$5,623; Dennis E. Clements: \$5,026; Thomas C. DeLoach, Jr.: \$4,685; Juanita T. James: \$3,954; Vernon E. Jordan, Jr.: \$5,623; Eugene S. Katz: \$4,685; Philip F. Maritz: \$5,623; and John M. Roth: \$3,188.

During 2008, there were six meetings of the Board, and the Board also acted by unanimous written consent on several occasions throughout the year. Each director attended at least 75% of the total meetings of the Board and committees on which he or she served. In accordance with the NYSE's rules, the non-management directors held two executive sessions during 2008. Mr. Durham presides over such executive sessions.

We do not have a policy with regard to the attendance of the members of its Board at annual meetings. At the time of our 2008 Annual Meeting of Stockholders, the Board was composed of ten members. All of the then-current members of the Board attended such meeting in person.

Code of Business Conduct and Ethics

In accordance with the NYSE's rules and the rules and regulations adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act), the Board has adopted Corporate Governance Guidelines and a Code of Business Conduct and Ethics applicable to all of our directors, officers and employees. These documents are available on our web site at www.asburyauto.com under Investor Relations at Corporate Governance.

We will provide you with copies of the above-mentioned documents as well as our Audit Committee, Compensation Committee, Executive Committee, Governance Committee and Risk Committee charters, free of charge, if you call or submit a request in writing to Investor Relations, Asbury Automotive Group, Inc., 2905 Premiere Parkway NW, Suite 300, Duluth, GA 30097.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee (also referred to in this Compensation Discussion and Analysis section of the proxy statement (the "CD&A") as the Committee) is charged with various duties concerning the compensation of our corporate officers and directors, including the determination of our compensation philosophy. Its primary functions as a committee are to (i) determine and recommend to the Board the compensation package of the Chief Executive Officer (also referred to as the CEO), (ii) approve the compensation of the other named executive officers, (iii) establish and periodically review, with the help of our named executive officers, our general compensation philosophy, and (iv) prepare the Compensation Committee Report and review and discuss with management our CD&A, each as required to be included in the Company's annual proxy statement or annual report on Form 10-K filed with the SEC. For a more detailed discussion of the Compensation Committee's function and composition, see Governance of the Company Committees of the Board Compensation Committee on page 14 of this proxy statement, and the charter of the Compensation Committee, which is available on our web site at www.asburyauto.com under Investor Relations at Corporate Governance.

We recognize that fostering an entrepreneurial spirit among our executives is essential to our success, especially as it pertains to the success of our dealerships. Accordingly, our compensation programs are designed to encourage our executive officers to operate like owners who not only have an equity stake in the business, but also have a personal commitment to the business' development and longevity. To further reinforce the commitment of our executives and Board, on November 22, 2008, our Board adopted equity ownership guidelines. These guidelines are discussed in more detail above under Securities Owned By Management and Certain Beneficial Owners Equity Ownership Guidelines on page 7. We encourage our executive officers to manage the business in a way that preserves local decision-making, especially concerning those decisions that directly affect our customers, while leveraging infrastructure activities for maximum efficiency and effectiveness.

Using our compensation programs, we endeavor to create an environment that encourages and rewards:

the attainment of our annual and long-term financial goals;

alignment with our shareholders' interests;

the development of each of our revenue sources: new cars, used cars, finance and insurance, and parts and service;

the application of corporate and regional resources to support the growth and profitability of our dealerships; and

the retention of our key employees.

In November 2006, the Committee retained Frederic W. Cook & Co. (Frederic Cook) to assist the Committee in executing its responsibilities. The Committee asked Frederic Cook to complete several strategic compensation projects. These projects included:

the development of a peer group to be used by the Committee to help it assess competitive compensation and compensation practices for senior executives and directors;

in January 2007, the Committee adopted a 15-company peer group, the members of which are detailed in the Elements of Compensation section below.

the development of a written compensation philosophy, which was adopted on July 24, 2007;

Edgar Filing: ASBURY AUTOMOTIVE GROUP INC - Form DEF 14A

this philosophy creates general guidelines for the approach the Committee will use in making its decisions related to the compensation of our named executive officers.

Table of Contents

On an annual basis, Frederic Cook provides the Committee with a competitive analysis of total executive compensation (including for our named executive officers) using the proxy disclosures of the peer group adopted by the Committee as well as general industry compensation surveys, including:

an evaluation of our annual and long-term incentive plans; and

an analysis of competitive compensation, which is presented to the Committee at its first quarter meeting when total compensation decisions are made.

The annual analysis described above helps the Committee understand how our incentive plan designs compare to the general practices of similar companies. The Committee has taken this approach in lieu of adopting a formal total compensation policy with pre-established levels of compensation in comparison to its peers, or a specific formula for allocating compensation between each element.

Elements of Compensation

With respect to compensation paid to our named executive officers in 2008, each such officer received compensation composed of the following four elements: (i) base salary; (ii) other benefits; (iii) an annual cash bonus; and (iv) an equity grant under the Company's 2002 Equity Incentive Plan, which is referred to in this CD&A as our long-term equity incentive plan.

The base salary of each named executive officer was established at the point of his or her hire or promotion, taking into account the executive's experience, skills, level in the organization and scope of responsibilities. Increases in base salary for the named executive officers (other than for the CEO) are recommended to the Committee by the CEO. For a further discussion of the 2008 salary increases for the named executive officers, please see the discussion under "Base Salaries" below.

Our named executive officers are eligible to participate in benefit plans that are of the same design and cost for other employees in our corporate office. Furthermore, each named executive officer receives an auto allowance. In addition, Charles R. Oglesby, our Chief Executive Officer, is granted additional benefits. For a further discussion of the benefits provided to our named executive officers, see the discussion under "Other Benefits" on page 24, and in the footnotes to the Summary Compensation Table, which begins on page 34. We do not provide a defined benefit or a supplemental retirement plan for our named executive officers or other employees, and our Wealth Accumulation Plan, which is a deferred compensation plan, does not include a company-funded match for the named executive officers.

The 2008 annual cash bonus plan for the named executive officers was based entirely on a pre-established net operating income from continuing operations metric, as the Committee believed that for 2008 this would be the best measure of our performance. For further discussion of the 2008 annual cash bonus plan please see the discussion under "Annual Cash Bonus Plan" below.

The 2008 equity grants to the named executive officers were generally in the form of (i) performance shares based on the payout of performance units that were previously granted, (ii) additional grants of performance shares, which are to be paid out in 2011 for the 2008, 2009 and 2010 performance periods, and (iii) restricted stock. In addition, one of our named executive officers also received an equity grant in the form of stock options. Each of these forms of equity was issued to the named executive officers pursuant to our long-term equity incentive plan.

The performance share grant contained performance goals relating to income from continuing operations and the performance of each of our four revenue sources: (i) new vehicle revenue growth vs. peers; (ii) used vehicle revenue growth vs. peers; (iii) finance and insurance revenue growth; and (iv) parts and service gross profit. The Committee believes that performance shares provide an incentive for management to build long-term value in our stock for our stockholders. The Committee also believes that grants of restricted stock, which vest

100% three years after the date of issue, promote the retention of our named executive officers and align the interests of our executives and our stockholders. For further discussion of the equity grants issued to the named executive officers under the long-term equity incentive plan in 2008, please see the discussion under **Equity-Based Compensation** below.

The Committee has adopted a peer group as one point of reference to evaluate executive compensation. The peer group adopted by the Committee was comprised of 15 companies (the **Peer Group**); however, due to the acquisition of CSK Auto, Inc. by AutoZone, the Peer Group has been reduced to the following 14 companies:

five similarly-sized public automotive retailers: Carmax Inc., Group One Automotive, Inc., Lithia Motors Inc., Penske Automotive Group, Inc. and Sonic Automotive Inc.;

four specialty automotive retailers that are of similar size: Advanced Auto Parts Inc., AutoZone Inc., O'Reilly Automotive, Inc. and Pep Boys Manny Moe and Jack; and

five specialty retailers that are of similar size: Barnes and Noble, Inc., BJ's Wholesale Club, Inc. Borders Group, Inc., Dick's Sporting Goods, Inc. and Office Max, Inc.

The Committee considers the competitive median levels using the proxy statement disclosures of the Peer Group as an important point of reference; a pre-established target for total compensation or for each element of compensation has not been adopted by the Committee. In cases in which proxy statement data from the Peer Group does not provide appropriate matches to the positions held by our named executive officers, the Committee considers the competitive median of general compensation survey data provided by Frederic Cook as a point of reference. When setting targeted compensation levels, the Committee uses its judgment in considering competitive data, an executive's performance, potential for promotion, and level of experience, and our financial health. By using performance-based equity plans and bonus plans, the Committee expects that when our performance exceeds targeted performance levels, total compensation for our named executive officers may be above competitive median levels.

Management Changes in 2008

On May 7, 2008, Mr. Gordon Smith, our then Senior Vice President and Chief Financial Officer since September 29, 2003, announced his resignation from the Company, effective May 9, 2008. For additional details regarding the terms of Mr. Smith's resignation, see the **Potential Payments upon Termination** section of this proxy statement on page 41. Craig Monaghan, who was formerly the Chief Financial Officer for Sears Holding Corp. and AutoNation, Inc., replaced Mr. Smith as our Senior Vice President and Chief Financial Officer, effective May 12, 2008. Please see the **Corporate Officers** section of this proxy statement beginning on page 18 for Mr. Monaghan's biography. The Committee evaluated the Peer Group and general survey data provided by Frederic Cook to establish each element of Mr. Monaghan's compensation.

Management Changes in 2009

On July 31, 2008, we announced our decision to relocate our headquarters to Duluth, Georgia, from New York City. Each of our named executive officers was offered the opportunity to relocate to Duluth, Georgia. However, Lynne A. Burgess, our Vice President, General Counsel and Secretary, and Brett A. Hutchinson, our then Vice President, Controller and Chief Accounting Officer, declined our offer to relocate, and will each receive the benefits provided in his or her respective severance agreement. In addition, because we requested that they continue their employment with us after their rights to severance were triggered in 2008, and this employment into 2009 would result in a forfeiture of their right to a 2008 bonus payment at target under their severance agreements, we agreed to pay each of them a retention incentive in an amount equal to the bonus amount forfeited. For a more detailed discussion of the severance benefits provided to Ms. Burgess and Mr. Hutchinson, see the discussion under **Potential Payments upon Termination** section of this proxy statement on page 41 below. The retention incentive was designed to provide for an orderly transition of duties and to be paid to each officer, respectively, only if both continued to work with us until at least March 31, 2009.

Table of Contents

On October 30, 2008, we announced that Keith Style, our Vice President, Finance would be assuming certain of the responsibilities previously held by Mr. Hutchinson, including having the controller function report to him. We are in the process of a search for a new General Counsel to replace Ms. Burgess.

Base Salaries

We believe that variable pay is an important motivator for our executive officers. Payments under the annual cash bonus plan and the long-term equity incentive plan are dependent upon our performance. Accordingly, the base salary provides a fixed level of income to each executive. In 2008, base salary, annual cash bonus and equity grant decisions for the named executive officers were made during the first quarter Committee meeting, with Mr. Oglesby's compensation package being so established at the meeting and recommended to the Board at the Board meeting on the next day.

Our compensation philosophy related to base salaries is as follows:

to provide base pay related to the individual's level of responsibility, talent, and experience;

to provide financial predictability;

to provide salaries that are market competitive; and

to promote retention of executives.

The base salary of each named executive officer was established at the point of his or her hire or promotion. In setting base salary, the Committee takes into account the executive's experience, skills, level in the organization and scope of responsibilities, as well as our financial health.

We began to feel the effects of the declining economy in the fourth quarter of 2007. With the anticipation of a challenging retail environment during 2008, the named executive officers and other senior managers in the corporate office did not receive base salary increases in 2008. Mr. Style, however, did receive a base salary increase during 2008 in connection with his promotion and with the controller function now reporting to him.

The base salaries for the named executive officers as of December 31, 2008, were as follows:

| Named Executive Officer | Title | 2008 Salary Increase | Base Salary |
|-------------------------|---------------------------------|----------------------|---------------|
| Charles R. Oglesby | President & CEO | | \$ 825,000 |
| Craig T. Monaghan | SVP & CFO | | \$ 600,000(1) |
| J. Gordon Smith | Former SVP & CFO | | \$ 650,000(2) |
| Lynne A. Burgess | VP, General Counsel & Secretary | | \$ 365,000(3) |
| Philip R. Johnson | VP, Human Resources | | \$ 350,000 |
| Brett A. Hutchinson | Former VP, Controller & CAO | | \$ 275,000(4) |
| Keith Style | VP, Finance | \$ 40,000 | \$ 275,000(5) |

(1) Mr. Monaghan became our Senior Vice President and Chief Financial Officer, effective May 12, 2008.

(2) Mr. Smith resigned as our Senior Vice President and Chief Financial Officer, effective May 9, 2008.

Edgar Filing: ASBURY AUTOMOTIVE GROUP INC - Form DEF 14A

- (3) In connection with her decision not to relocate with us to Duluth, Georgia, Ms. Burgess announced her resignation on September 3, 2008; however, it is anticipated that she will continue to act as our Vice President, General Counsel and Secretary until at least March 31, 2009.
- (4) In connection with his decision not to relocate with us to Duluth, Georgia, Mr. Hutchinson resigned from his position as Vice President, Controller and Chief Accounting Officer as of November 1, 2008. Mr. Hutchinson's last day of employment with us was March 31, 2009.
- (5) In connection with his promotion and with the controller function now reporting to Mr. Style, effective November 1, 2008, Mr. Style received an increase in his base salary of 17%, effective as of November 24, 2008.

Table of Contents

Due to the current economic times and the hardship that is being felt across the automotive retailing industry, effective February 9, 2009, Messrs. Oglesby, Monaghan, Johnson and Style have voluntarily agreed to reduce their current base salaries by 10% for the duration of 2009. To continue to provide incentive for our named executive officers to achieve our financial goals for 2009, the dollar bonus target amount was not reduced by 10%, but remains at the same dollar level as 2008.

Other Benefits

Our philosophy related to the benefits and perquisites offered to the named executive officers is as follows:

to be competitive in the markets where we compete for executive talent;

to avoid materially different approaches to benefits offered among our executive and non-executive employees;

to be cost effective through shared expense with executives; and

to provide perquisites only where they are job-related and market-driven.

The benefits offered to our named executive officers include medical, dental, life and disability insurance, as well as participation in our 401(k) plan, which plan included a company match component until the temporary suspension of such match for highly-paid executives in January 2009, an action we took due the challenging economic environment. The participation of our named executive officers in each of these plans is offered under the same terms and at the same cost as other employees who are employed in our corporate office.

In the automotive retailing industry, senior executives typically have the use of one or more demonstrator automobiles from a company's inventory of new vehicles. Executives use these vehicles for business and personal travel. To provide a similar benefit, we provide our named executive officers with a cash car allowance. Mr. Oglesby receives a car allowance of \$2,000 per month, and our other named executive officers receive a car allowance of \$800 per month.

In addition, prior to our relocation to Duluth, Georgia, we paid for, among other things, a New York City apartment for Mr. Oglesby's use, his living expenses in New York and his commuting expenses between New York City and Duluth, Georgia, where he lives and we maintained an additional office. In connection with his employment and his future relocation to Duluth, Georgia, we paid for Mr. Monaghan's travel and hotel expenses for the period of time he was commuting to the New York City office from Boca Raton, Florida, where he lived at the time of his hire, and from Delaware, where he also had a home. Also in connection to our relocation to Duluth, Georgia, we provided relocation benefits for certain corporate executives at the Vice President level and above. Our relocation packages provided for a \$100,000 cash payment as a relocation benefit for certain corporate executives not selling a home in connection with such relocation (including Mr. Style). We determined that this payment was an appropriate relocation benefit for such executives, because they did not receive other standard relocation benefits provided to executives selling a home in connection with such relocation (including payment of real estate commissions), which we determined would, on average, total more than \$100,000 per executive. Any amount from this relocation benefit not used by Mr. Style for his relocation to Duluth, Georgia would be an added benefit. We also provided gross-up payments to Messrs. Monaghan and Style for the tax obligations on their respective relocation benefits described above, because we requested that they relocate to Duluth, Georgia for our benefit and we determined that it was appropriate to minimize their out-of-pocket expenses incurred in connection with such relocation. Other executives who received the standard relocation package were also grossed up for their tax liability.

These additional benefits for Messrs. Oglesby, Monaghan and Style are detailed in the Summary Compensation Table of this proxy statement.

Annual Cash Bonus Plan

The Committee believes that a significant portion of each executive's total compensation should be at risk. There were no minimum or guaranteed payments in our annual cash bonus program in 2008. The Committee also believes that management is motivated by the opportunity to earn incremental compensation and that such additional compensation will foster effective management, innovative thinking, and the implementation of cost saving measures by our named executive officers, which may enable us to exceed specified targets. As such, our 2008 annual cash bonus program was not limited by a maximum payout.

The annual bonus plan was designed around the following goals in 2008:

to optimize annual operating results;

to align management with our stockholders;

to provide, along with base salary, market competitive cash compensation when our targeted performance objectives are met;

to pay incremental incentive when operating results exceed target; and

to encourage internal alignment and teamwork.

The annual cash bonus plan is based upon our Net Operating Income from Continuing Operations (NOI) for the fiscal year. We use this metric because we believe that NOI is the best overall measure of our annual performance. During the first quarter of 2008, the Committee established three NOI bonus levels: (i) a threshold level, below which no bonus would be paid; (ii) a target level; and (iii) a stretch level. The target NOI bonus level was set at the same NOI level used to establish our internal budget. The Committee used its discretion to set the threshold and stretch NOI bonus levels. The Committee also specified certain extraordinary items that may be excluded from the final bonus calculation (e.g., expenses associated with extraordinary transactions such as equity and debt offerings). If our actual NOI figure for a given year falls between the three NOI bonus levels, the bonus payout is calculated by interpolation. If our actual NOI figure for a given year exceeds the stretch NOI bonus level, the bonus payout is calculated by extrapolation. As described below, the target bonus percentage established for each named executive officer varies depending on the executive's position in the organization and the executive's responsibility for functions that directly contribute to the Company's profitability.

On May 4, 2007, when Mr. Oglesby was promoted to President and CEO, the Committee set his target annual bonus at 100% of his base salary.

For 2008, the Committee established a target annual bonus for Mr. Smith at 60% of his base salary, which was consistent with his target annual bonus for 2007.

As part of his initial employment offer, the Committee established the target annual bonus for Mr. Monaghan at 70% of his base salary. Mr. Monaghan's total compensation package was negotiated at the time of his hire with reference to the compensation package in effect for Mr. Smith, whose responsibilities were assumed by Mr. Monaghan. To compensate Mr. Monaghan for receiving a base salary lower than the base salary in effect for Mr. Smith at the time of his departure, Mr. Monaghan received a higher target annual bonus than applied for Mr. Smith.

In 2008, the Committee established a target annual bonus equal to 40% of annual base salary for Ms. Burgess and Messrs. Johnson, Hutchinson and Style. The Committee believes that this target bonus percentage is appropriate for these named executive officers in light of their respective positions, skills, and experience, as well as the degree of responsibility assumed by Company executives at the Vice President level for aspects of the organization that impact our financial performance.

Table of Contents

The percentage of base salary that would be payable to each named executive officer at each NOI bonus level for the 2008 fiscal year is set forth in the table below. For 2008, (i) the target NOI bonus level was set at \$61,400,000; (ii) the threshold NOI bonus level was set at \$49,120,000, or 80% of the target level; and (iii) the stretch NOI bonus level was set at \$73,380,000, or 120% of the target level. Since the actual NOI achieved by the Company was less than the established threshold NOI amount, there was no payment made to any of our named executive officers under this cash bonus plan for 2008, as reflected in the table below.

| Named Executive Officer | Title | Threshold(1,2) \$49,120,000 | Target(1) \$61,400,000 | Stretch(1,3) \$73,380,000 | Actual Bonus \$ |
|-------------------------|------------------------------------|--------------------------------|---------------------------|------------------------------|-----------------------|
| Charles R. Oglesby | President & CEO | 50% | 100% | 200% | \$ 0 |
| Craig T. Monaghan | SVP & CFO | 35% | 70% | 140% | \$ 0 |
| J. Gordon Smith | Former SVP & CFO | 30% | 60% | 120% | \$ 0 |
| Lynne A. Burgess | VP, General Counsel & Secretary | 20% | 40% | 80% | \$ 0 |
| Philip R. Johnson | VP, Human Resources | 20% | 40% | 80% | \$ 0 |
| Brett A. Hutchinson | Former VP, Controller & CAO | 20% | 40% | 80% | \$ 0 |
| Keith Style | VP, Finance | 20% | 40% | 80% | \$ 0 |

(1) The figures in this table represent the NOI bonus levels set for the named executive officers (other than the CEO) by the Committee, upon the recommendation of the CEO. The CEO's bonus levels were set in accordance with the terms of his employment agreement.

(2) The bonus payment for threshold performance is one-half of the target payout percentage.

(3) The bonus payout for stretch performance is two times the target percentage.

Equity-Based Compensation

Our long-term equity plan supports the following several key compensation objectives:

to balance the short-term orientation of other compensation elements;

to focus executives on the achievement of long-term results;

to support the growth and profitability of each revenue source;

to allow key executives to accumulate retirement assets; and

to retain key management talent.

The Committee did not use a specific formula for allocating equity-based compensation as a part of total compensation. Instead, each individual's position and responsibility were evaluated, and the Committee determined the appropriate level of long-term compensation for the fiscal year.

Edgar Filing: ASBURY AUTOMOTIVE GROUP INC - Form DEF 14A

Prior to fiscal year 2005, the equity compensation for the named executive officers was composed of annual grants of non-qualified stock options with three-year proportionate vesting and a ten-year term. The vesting schedule was established to balance the retention value of unvested options with the motivation of potential gains from options that have vested. The number of options granted to each executive was based upon the scope of his or her responsibilities.

The Committee suspended the issuance of options to management during fiscal years 2005 through 2007, due to the expense of issuing stock options under certain new accounting rules promulgated by the Financial Accounting Standards Board. In place of stock option grants, the Committee approved a new performance share plan. Under this plan, each executive is awarded a target number of performance shares, a percentage of which

Table of Contents

could be converted into shares of our stock at the end of a three-year period, subject to our achievement of certain pre-established performance goals set by the Committee. The number of shares awarded is dependent upon our performance during that period and may be zero. Pursuant to the terms of the plan, in order to be eligible to convert performance shares into equity, the executive must be an employee of the Company when the shares are issued after the three-year period, although there have been certain exceptions to this provision, as discussed below and in the

Potential Payments upon Termination section of this proxy statement. Because the performance share plan requires the recipient of the performance shares to both meet performance goals and remain employed until shares are issued, the Committee believes that the performance share plan is effective in aligning the interests of management and shareholders and in promoting retention.

In establishing the target number of performance shares granted to an executive, the Committee took into account the prevailing market price of our stock at the time of the grant and considered (i) the executive's level in the Company and (ii) the degree of responsibility for functions that most directly contributed to our profitability.

The percentage of the target number of performance shares that will be converted into equity at the end of the three-year performance period depends upon how our performance during that period compares with the performance objectives the Committee established at the time of the performance share grant. These performance objectives were based upon our total shareholder return model, which targets a 12% to 15% (including dividends) annual shareholder return. The shareholder return model was composed of performance goals for income from continuing operations growth and the performance of each of our four revenue sources: (i) new vehicle revenue growth vs. peers; (ii) used vehicle revenue growth vs. peers; (iii) finance and insurance revenue growth; and (iv) parts and service gross profit. Our performance will be scored on a point system for each of the three years and for the full three-year period to determine the final share award. The total number of points earned will determine the final number of shares awarded to the executive. If we attain the target performance goal, 100% of the target number of performance shares will be converted into the same number of shares of our common stock. If our performance exceeds (or falls below) the target performance goal, the percentage of the target number of performance shares that will be converted into equity may exceed (or fall below) 100% of the target number of performance shares. For the current outstanding performance share grants, the total potential equity award ranges from 0% to 180% of the target number of performance shares.

Except in the event of a change in control of the Company, upon Mr. Oglesby's retirement, termination of employment by the Company (for any reason other than death, disability or cause) or resignation for good reason, and pursuant to the terms of the separation agreement negotiated with Mr. Smith, there is no provision for partial or accelerated payout to executives who are not employed when the shares are issued.

We elected to make no equity grants during the calendar year 2005, as the Committee considered the elimination of time-vested options in favor of performance shares during that time. However, recognizing that no option awards were granted in 2005, the Committee approved a performance share grant in January 2006 covering the 2005 to 2007 performance period. A subsequent grant covering the 2006 to 2008 performance period was made in October 2006. Because these grants were not issued within the first 90 days of their respective calendar years, the 2005 grant did not, and the 2006 grant will not, qualify as performance-based compensation under Section 162(m) of the Code (Section 162(m)). We made the 2007 and the 2008 performance share grants to employees within the first quarters of 2007 and 2008, respectively, to comply with Section 162(m).

Dividends are an important part of our total shareholder return. We believe that the holders of performance shares and the holders of restricted shares should benefit from dividends. If and when dividends are declared by our Board, such dividends will be accrued and paid in cash on performance shares granted in 2006 and subsequent years, when and if the performance shares vest and are converted to equity. An executive who is not employed on the date that shares of common stock are issued upon the conversion of such performance shares will forfeit the right to receive payment for dividends. Under the terms of outstanding awards of restricted shares, dividends are also payable on unvested restricted shares, if and when such dividends are declared by the Board.

Table of Contents

As future grants of restricted shares are made by the Committee, any dividends will be accrued and paid out to executives only when these shares are vested. Due to the challenging retail environment and the resulting decline in our profitability, in October 2008, our Board elected to suspend our dividend program.

As the Committee decided upon the 2008 equity compensation approach for our named executive officers, the Committee considered the following unusual circumstances:

with the continuing decline of the economy and the negative impact such decline has had on the automotive retailing environment, it is difficult to set targets and performance goals for each of our four revenue sources due to the unpredictability of the economy; and

since each grant of performance shares is based on three years of our performance, previous grants of performance shares have greatly diminished in value as the economy started to decline in the last quarter of 2007, continued to decline in 2008 and is not forecasted to rebound in 2009.

To ensure that the equity plan addressed both the performance and retention objectives of our equity plans, the Committee decided that the equity compensation portion of each named executive officers' compensation package should include a blend of restricted stock that vests over time and performance shares. The Committee concluded that non-performance based restricted stock complements and balances the performance shares, and enhances retention. As a result of that conclusion, each named executive officer's equity award featured a 50/50% mix of performance shares and time-vesting restricted stock, with the exception of Mr. Monaghan's equity award, which featured a mix of performance shares and restricted stock that was negotiated in connection with his initial employment offer.

On February 6, 2008, the Committee approved equity awards for Mr. Smith, Ms. Burgess, and Mr. Johnson with respect to the same number of shares subject to the equity awards granted to each of them, respectively, in 2007. In 2008, however, each of his or her respective equity awards featured a 50/50% mix of performance shares and restricted shares. The Committee awarded Mr. Oglesby, Mr. Hutchinson and Mr. Style a larger total number of performance shares and restricted stock than the total number of equity shares they received in 2007 in order to make that portion of their equity compensation package more market competitive. On May 12, 2008, the Committee granted 20,000 performance shares and 30,000 shares of restricted stock to Mr. Monaghan as part of his initial employment offer. These restricted stock awards granted to our named executive officers feature three-year cliff vesting and include the right to receive quarterly dividend payments prior to vesting, if and when dividends are declared by our Board. The performance share grants are subject to performance metrics that are similar to the performance metrics applicable to the grants made from 2005 to 2007.

In addition, in light of the considerations described above, the Committee chose to resume the issuance of stock options to management and approved grants of stock options to certain executives, including Mr. Style. On November 21, 2008, the Committee approved a stock option grant for Mr. Style in recognition of his promotion and assumption of additional responsibilities as our Vice President, Finance. This option grant covers 50,000 shares and will vest proportionally over three years with a ten-year term.

The target number of performance shares, shares of restricted stock and stock options granted to each executive for the 2008 fiscal year is detailed below:

| Named Executive Officer | Title | Target Number of Performance Shares Granted | Restricted Stock Granted | Shares Subject to Stock Options Granted |
|-------------------------|---------------------------------|---|--------------------------|---|
| Charles R. Oglesby | President & CEO | 50,000 | 50,000 | |
| Craig T. Monaghan | SVP & CFO | 20,000 | 30,000 | |

On March 18, 2009, the Committee authorized the payment of shares related to the performance share grants issued in October 2006, for the 2006 to 2008 performance period to each of the named executive officers, except Mr. Oglesby, whose grant was ratified by the Board on March 25, 2009. These performance share grants were exchanged for shares of our common stock pursuant to the terms of the 2002 Equity Incentive Plan and the 2006 performance share grant document. For the purposes of the point system under the 2006 performance share program, a total of 6.5 points (out of a maximum of 18 points available) were earned based on the Company's degree of achievement of the following five performance elements during the three-year performance period: (i) EPS Growth (year-over-year percentage growth in earnings per share from continuing operations), (ii) New Vehicle Retail Revenue Same Store (percentage increase in same store new vehicle retail revenue compared to other public consolidators), (iii) Used Vehicle Retail Revenue Same Store (percentage increase in same store used vehicle retail revenue compared to other public consolidators), (iv) Dealership Same Store Finance and Insurance (F&I) PVR (percentage growth in same store platform F&I PVR), and (v) Fixed Operations Gross Profit Same Store (percentage growth in same store fixed operations gross profit). The 6.5 points earned corresponded to a payout level of 40%, which entitled the named executive officers to receive 40% of the targeted number of shares awarded under his or her performance share grant document.

The maximum number of points available and the actual number of points earned for each performance element for the 2006 to 2008 performance period is detailed in the table below. As of the date of this proxy statement, Sonic Automotive Group, Inc. (Sonic) had not released its earnings for 2008 and had filed an extension for the filing of its annual report on Form 10-K with the SEC. It was possible that the Sonic results might qualify the 2006 grant for a payment at the 60% level. The Committee decided that due to the uncertainty on the timing of the Sonic earnings release and that under any circumstance the minimum payout would be 40%, to authorize the payment at the 40% level. The Committee also agreed that if the Sonic results justified a 60% payment, an additional payment would be made at that time.

- (2) Pursuant to the terms of a separation agreement, dated April 29, 2008 and executed on May 7, 2008, between the Company and Mr. Smith, Mr. Smith is entitled to the continued vesting of any performance shares granted to him during fiscal years 2006 and 2007, if he had remained actively employed with the Company through the payment date of the shares. For a further discussion of the terms of this separation agreement with Mr. Smith, see Potential Payments upon Termination, beginning on page 41.

Employment, Severance and Change in Control Agreements

General Provisions of Employment and Severance Agreements

Each of our named executive officers has either an employment agreement or a severance agreement. These agreements provide for certain benefits in the event of involuntary termination without cause and additional benefits in the event of a change in control. In addition, each executive agrees to certain confidentiality, non-compete, and non-solicitation provisions contained in his or her agreement.

At their point of hire, Ms. Burgess and Mr. Johnson executed severance agreements which provided for one year of base salary, a prorated bonus and benefits continuation. We considered the terms of these agreements as typical for executives in the positions of Ms. Burgess and Mr. Johnson. Furthermore, the terms of these agreements were negotiated to provide a sense of security for, and to help retain, Ms. Burgess and Mr. Johnson, who, at the time of their hire, were joining a very young company from larger, more established organizations where severance agreements were typical. Each of these respective agreements was modified on April 23, 2003, to include change of control provisions providing for three years of base salary, benefits continuation, and a prorated bonus upon certain eligible terminations of employment within two years following a change of control of the Company. These modifications were negotiated at the beginning of a period during which we were considering certain strategic options.

Upon the commencement of employment of Mr. Smith and Mr. Monaghan on September 29, 2003, and May 12, 2008, respectively, they each entered into severance agreements which would provide severance benefits identical to those provided under the agreements of Ms. Burgess and Mr. Johnson because they were similarly situated senior executive officers.

Mr. Hutchinson executed a severance agreement with us which provided him with six months of base salary upon termination of employment. On August 1, 2005, in connection with certain strategic alternatives that were being considered by us, Mr. Hutchinson's severance agreement was modified to provide for one year of base salary, benefits continuation and a prorated bonus upon certain eligible terminations of employment with the Company.

Mr. Style executed a severance agreement with us which provided him with six months of base salary, benefits continuation and a prorated bonus upon certain eligible terminations of employment with the Company. His agreement also includes change of control provisions providing for one year of base salary, benefits continuation, and a prorated bonus upon certain eligible terminations of employment within two years following a change of control of the Company.

When Mr. Oglesby joined the Company in February 2002, his employment agreement provided that he would receive severance pay equal to one year of his base salary should he be terminated as an employee, except if he were terminated for cause. When Mr. Oglesby became President and Chief Executive Officer of our South Region in August 2004, he entered into a new employment agreement which provided for severance benefits, including severance pay equal to 200% of his base salary plus 200% of his target bonus upon certain eligible terminations of employment (or, in the event of such a termination within two years following a change of control or in the event of his resignation for any reason within 90 days following a change of control, 300% of his base salary plus 300% of his target bonus). These severance benefits were originally negotiated as a result of our desire to retain Mr. Oglesby at a time when he had received a competitive employment offer. As a result, the terms and provisions of Mr. Oglesby's employment agreement, including the terms of his severance arrangement, were necessary to retain his services. These benefits were extended to the employment agreement that he executed in September 2006, when he accepted the position of Chief Operating Officer of the Company.

When Mr. Oglesby was promoted to President and CEO on May 4, 2007, he entered into a new employment agreement which provided for the severance benefits detailed in the Potential Payments upon Termination section of this proxy statement beginning on page 41, including severance pay equal to 200% of his base salary,

Table of Contents

200% of his target bonus and a prorated bonus upon certain eligible terminations of employment, including in the event of such a termination within two years following a change of control or in the event of his resignation for any reason during the thirteenth month following a change of control. Mr. Oglesby's new employment agreement provided for these severance benefits, because he was entitled to certain similar benefits under his previous regional employment agreement. However, in exchange for extending such benefits to his new employment agreement, the amount payable upon an eligible termination after a change in control was reduced from 300% to 200% of his base salary and target bonus, plus a prorated bonus, and his right to receive severance upon his resignation for any reason after a change in control was revised to apply during the thirteenth month following such change in control (rather than during the 90 days following such change in control, as applied under his previous regional employment agreement).

On May 7, 2008, Mr. Oglesby's employment agreement was amended to provide that upon the termination of Mr. Oglesby's employment with the Company, all unvested stock options and shares of restricted stock will automatically become vested and exercisable, and remain exercisable for two years following such termination date, and any performance shares will be treated in the same manner as if Mr. Oglesby's employment were terminated by the Company (other than for cause) upon a change in control. In addition, any deferred compensation will automatically vest. The Committee recommended, and the Board agreed, to this amendment to Mr. Oglesby's contract because it would allow him to retire at the end of his contract and still receive the benefit of these equity grants and deferred compensation. The Board felt that Mr. Oglesby should also have the benefit of these equity grants and deferred compensation should his employment be terminated prior to the end of his contract (other than for cause).

On March 25, 2009, the Board approved a further amendment to Mr. Oglesby's employment agreement to eliminate Mr. Oglesby's right to resign for any reason during the thirteenth month following a change of control and his entitlement to severance payments and benefits in the event of such a termination. The definition of "Good Reason" was revised to update references to the location of the Company's headquarters to its current location in Duluth, Georgia and to provide that a material diminution in duties will be deemed to occur if, as a result of a change of control, Mr. Oglesby ceases to be the CEO of a public company. The employment agreement was also revised to provide for severance or retirement benefits, as applicable, upon certain eligible terminations of employment (including in the event of such a termination within two years following a change of control or in the event of his eligible retirement), including (i) continuation of his base salary for 12 months at twice the rate then in effect, (ii) 200% of such base salary, payable over the next 12 months following the first anniversary of such termination, and (iii) an amount equal to a prorated portion of his base salary, provided that the aggregate amount of such severance benefits may not exceed two and one-half times the sum of his base salary and target bonus then in effect.

The Committee believes that these agreements serve to retain these executives by providing security for unplanned termination of employment, with the exception of a termination for cause. Furthermore, from time to time, we examine various strategic alternatives, and the provisions of these severance agreements are important to retain these key people whose continued employment might be at risk in certain changes of control. In addition, the employment and severance agreements of our named executive officers do not contain a provision that would deny severance benefits in the event of a termination for performance-related issues, unless such officer should be terminated for cause. We as a company, and the Committee, feel that it may be difficult to attract and retain talented executives with such a provision in our severance arrangements, especially since the determination of the quality of an executive's performance may be highly subjective depending on the person making the assessment of such performance.

The severance arrangements for Messrs. Oglesby, Monaghan, Smith, Johnson, Style and Hutchinson and Ms. Burgess were not considered when establishing the elements of compensation discussed above.

Table of Contents

Additional Severance Arrangements

As discussed above, we have had during 2008, or will have during 2009, several management changes. Due to these management changes, we felt it necessary to negotiate additional separation arrangements with the departing officers for the reasons described below.

In connection with Mr. Smith's departure, we negotiated a separation agreement with Mr. Smith in addition to his severance agreement described above. The terms of this separation agreement included, among other things, (i) the extension of his ability to exercise his vested stock options until the second anniversary of the 90th day following his termination date, which would otherwise expire on the 90th day following such termination date, (ii) the accelerated vesting of his shares of unvested restricted stock, which would otherwise be cancelled as of his termination date, and (iii) the continued vesting of any unvested performance shares granted to him during fiscal years 2006 and 2007, which would otherwise be forfeited as of his termination date. Although it is not our typical practice to extend additional separation benefits beyond what is found in an executive's employment or severance agreement, we granted these additional benefits to Mr. Smith in consideration for his cooperation with us on certain matters concerning the transition of his areas of responsibilities after his departure, and as an incentive to remain with us until the filing of our quarterly report to the SEC on Form 10-Q.

In addition, the relocation of our corporate headquarters from New York City to Duluth, Georgia in 2008 triggered severance payments and benefits, including payment of the target bonus for the year in which employment is terminated, under the severance agreements of Ms. Burgess and Mr. Hutchinson, due to their respective decisions not to relocate with the Company. Because this continued employment beyond the termination date in their severance agreements would result in a forfeiture of the 2008 target bonus otherwise payable, at a meeting of the Committee on October 20, 2008, the Committee authorized us to enter into letter agreements with Ms. Burgess and Mr. Hutchinson pursuant to which their respective 2008 target bonuses would be paid to them in the form of stay bonuses, as incentive for them to continue their respective employment with the Company until March 31, 2009, or until they are otherwise released from employment by us at an earlier date.

For a more detailed summary of the severance benefits payable to the named executive officers upon termination of employment (including in connection with a change of control), including the separation agreement of Mr. Smith, and the respective letter agreements of Ms. Burgess and Mr. Hutchinson, described above, please see the section of this proxy statement entitled, "Potential Payments upon Termination" beginning on page 41.

Section 162(m)

Section 162(m) generally imposes a \$1,000,000 per taxable year ceiling on tax-deductible remuneration paid (not including amounts deferred) to the CEO and any one of the other four most highly compensated executive officers of a publicly held corporation (with the exception of the CFO), unless the remuneration is treated as performance-based or is otherwise exempt from the provisions of Section 162(m). While we intend to maximize the tax-efficiency of our compensation programs generally, we retain flexibility in the manner in which we award compensation to act in the best interests of the Company and its stockholders, including awarding compensation that may not be deductible by reason of Section 162(m).

Conclusion

The Committee believes that its compensation policies which are detailed in this CD&A are effective tools to retain and motivate our named executive officers and to reward them based on their performance.

The following table shows compensation for fiscal years 2006, 2007 and 2008 for the CEO, the former CFO, the CFO and the four most highly compensated executive officers of the Company, including our former Vice President, Controller and Chief Accounting Officer, other than the CEO and the CFO (collectively, the named executive officers), who were employed by the Company at the end of 2008. For a more detailed discussion about the compensation arrangements for these executive officers, see Compensation Discussion and Analysis on page 20 of this proxy statement.

(1) Base salary is the guaranteed element of a named executive officer's total compensation. Individuals whose job responsibilities have a greater potential to affect company performance have a smaller proportion of their total compensation tied to salary and a greater proportion tied to the incentive-based annual cash bonus.

(2) The figures in this column for fiscal year 2006 represent the portion of our annual cash bonus plan that was awarded on the basis of the named executive officer's individual contribution to our annual financial objectives for that year. For every named executive officer, 25% of the target annual cash bonus was determined by the individual contribution component of the plan. See footnote (5) below for more detail about the bonus to Mr. Oglesby in 2006 referenced in this column.

In 2007, the Committee eliminated the individual contribution component of the annual cash bonus plan. As such, any awards of cash in 2007 reflected in the Non-Equity Incentive Plan Compensation column of this table was based solely on our net income before taxes during that fiscal year, and any awards of cash for 2008 would have been based on our net operating income from continuing operations. For an additional discussion of the annual cash bonus plan, please see the section of this proxy statement entitled Compensation Discussion and Analysis Annual Cash Bonus Plan .

(3) The figures in this column represent the dollar amount of compensation costs recognized for financial statement reporting purposes in accordance with FAS 123R for the fiscal years ended December 31, 2008, 2007 and 2006, in connection with the awards of performance shares as described in the section of this proxy statement entitled Compensation Discussion and Analysis Equity Based Compensation and in footnote (2) of the Grants of Plan-Based Awards Table below, as well as shares of restricted stock granted during fiscal years 2007 and 2008 to our 2002 Equity Incentive Plan. discussion of the assumptions used to determine the valuation of the stock awards set forth in this column, please see a discussion of such valuation in the Note 23 of the Consolidated Financial Statements in our 2008 Annual Report on Form 10-K, filed with the SEC on March 16, 2009, which is incorporated into this proxy statement by reference.

(4) The figures in this column represent the dollar amount of compensation costs recognized for financial statement reporting purposes in accordance with FAS 123R for the fiscal year ended December 31, 2008, for stock options granted pursuant to our 2002 Equity Incentive Plan and 1999 Option Plan. For a more detailed discussion of the assumptions used to determine the valuation of the option awards set forth in this column, please see a discussion of such valuation in the Note 23 of the Consolidated Financial Statements in the Company's Annual Report on Form 10-K, filed with the SEC on March 16, 2009, which is incorporated into this proxy statement by reference.

(5) The figures in this column for 2007 represent the amount payable under the annual cash bonus plan that is awarded on the basis of our performance, as measured by net income before taxes, and for 2008 on the basis of our performance as measured by net operating income from continuing operations. The figures in this column for 2007 and 2008 represent the entire cash bonus paid to the named executive officers in those fiscal years. There were no cash bonuses paid out under the Annual Cash Bonus Plan for fiscal year 2008. For a more detailed discussion of the annual cash bonus plan, please see the section of this proxy statement entitled, "Compensation Discussion and Analysis Annual Cash Bonus Plan."

The figures in this column for 2006 represent the portion of the Company's annual cash bonus plan that is awarded on the basis of the Company's performance, as measured by net income before taxes for each of the named executive officers, except Mr. Oglesby. This element of the annual cash bonus plan determined 75% of the target annual cash bonus of the other named executive officers. For a more detailed discussion of the individual contribution component of the annual cash bonus, please see "Compensation Discussion and Analysis Annual Cash Bonus Plan" on page 22 of the proxy statement filed with the SEC on March 30, 2007.

Mr. Oglesby received a cash bonus of \$604,961 for 2006, which represented 0.5% of the net operating income for the South Region, plus a target bonus of 35% of his base salary based upon achievement of regional budgeted net operating income, pursuant to the South Region's bonus plan. In addition, because of Mr. Oglesby's increased responsibilities during 2006, the Company awarded him a discretionary cash bonus of \$150,000. Effective January 1, 2007, Mr. Oglesby joined the corporate office bonus plan, and as of May 4, 2007, the date on which he became President and CEO, terms of his employment agreement dictate his bonus.

(1) This column represents targeted payouts under our annual cash bonus plan for each named executive officer. For 2008, any cash bonus that would have been received would have been based on our net operating income from continuing operations (NOI). While the Compensation Committee establishes both threshold and target bonus levels, it does not set a maximum payout because there is no limit on our annual NOI. The numbers in these columns for Mr. Monaghan reflect the threshold and target bonus levels for his annual cash bonus. However, since Mr. Monaghan commenced employment with us on May 12, 2008, his cash bonus for 2008 would have been prorated to reflect the number of months worked in fiscal year 2008. For a more detailed discussion of this plan and the actual awards paid under this plan, please see the section of the proxy statement entitled, Compensation Discussion and Analysis Annual Cash Bonus Plan.

(2) The Compensation Committee approved a grant of performance shares to certain key employees, including our named executive officers listed in the table above, as part of compensation for the fiscal year ended December 31, 2008. The performance shares were granted pursuant to our 2002 Equity Incentive Plan, as amended. Each grant of performance shares is evidenced by an agreement between us and the award recipient. For a more detailed description of the Company's performance share program, see the section of this proxy statement entitled, Compensation Discussion and Analysis Equity-Based Compensation.

Each grant of performance shares provides an opportunity for the award recipient to receive a number of shares of the Company's common stock based on our performance during a three-year period (the Performance Cycle) as measured against objective performance goals related to our income from continuing operations growth and the performance of each of our four revenue sources: (i) new vehicle revenue growth as compared to peer companies, (ii) used vehicle revenue growth as compared to peer companies, (iii) finance and insurance revenue growth and (iv) parts and service gross profit. A targeted number of shares to be granted to the award recipient assuming the performance goals are met at the target level is established for each grant of performance shares. The actual number of shares earned by an award recipient may range from 0 to 180% of the target number of shares, depending upon achievement of the performance goals during the Performance Cycle. Dividends on the awards of performance shares will be accrued and paid in cash when and if shares are issued at the end of the Performance Cycle. The dividend

will accrue at each then-current rate and will not be preferential.

- (3) The Compensation Committee approved a grant of restricted stock to certain key employees, including our named executive officers listed in the table above, as part of the compensation for the fiscal year ended December 31, 2008. The shares of restricted stock were granted pursuant to our 2002 Equity Incentive Plan. Each grant of restricted stock is evidenced by an agreement between us and the award recipient. These grants of shares of restricted stock feature three-year cliff vesting beginning on the first anniversary of the date of the grants and include the right to receive quarterly dividend payments.
- (4) The Compensation Committee approved a grant of stock options on November 21, 2008 to certain key employees, including Mr. Style, as part of the compensation for the fiscal year ended December 31, 2008. The award of stock options was granted pursuant to our 2002 Equity Incentive Plan, as amended. These stock options feature three-year proportionate vesting beginning on the first anniversary of the date of the grants.

(1) These figures represent one-third of a grant of 20,000 shares of restricted stock issued to Mr. Oglesby on May 4, 2007, and the dollar value realized upon the vesting of such shares. We issued 2,164 fewer shares of our common stock to Mr. Oglesby to pay for the taxes on the issuance of these shares of restricted stock. As a result, on May 4, 2008, Mr. Oglesby received a total of 4,502 shares of our common stock.

(2) These figures represent a grant of 10,000 shares of restricted stock issued to Mr. Smith on May 4, 2007, as well as a grant of 15,000 shares of restricted stock issued on February 6, 2008, and the dollar value realized upon the vesting of such shares. One-third of the grant for 10,000 shares of restricted stock vested on May 4, 2008. We issued 1,127 fewer shares of our common stock to Mr. Smith to pay for the taxes on the issuance of these shares of restricted stock. As a result, on May 4, 2008, Mr. Smith received a total of 2,206 shares of our common stock.

Pursuant to the terms of his separation arrangements outlined in that certain letter agreement dated April 29, 2008, we permitted the acceleration of his unvested shares of restricted stock, which would have otherwise been cancelled after the date of Mr. Smith's departure on May 9, 2008. Upon the acceleration of these shares to a vesting date of May 14, 2008, we issued 7,324 fewer shares of our common stock to Mr. Smith to pay for the taxes on the issuance of these shares of restricted stock. As a result, Mr. Smith received a total of 14,343 shares of our common stock. For an additional discussion of Mr. Smith's separation arrangements, see footnote (1) to the table entitled "Severance Arrangements (No Change of Control)" on page 43 of this proxy statement.

(3) These figures represent one-third of a grant of 2,500 shares of restricted stock issued to Mr. Hutchinson on May 4, 2007, and the dollar value realized upon the vesting of such shares. We issued 315 fewer shares of our common stock to Mr. Hutchinson to pay for the taxes on the issuance of these shares of restricted stock. As a result, on May 4, 2008, Mr. Hutchinson received a total of 518 shares of our common stock.

(1) Our Wealth Accumulation Plan allows qualifying individuals to defer base salary and bonus payments to either in-service or retirement distributions. Our named executive officers may defer up to 100% of their base salary and/or bonus payments under this Plan. The deferred assets are held in a rabbi trust and are invested on behalf of the Company's participants in market investments managed by The Newport Group. In the event of termination of employment, all balances are paid out according to the terms of the Plan. We do not match deferrals by the named executive officers and we do not guarantee a minimum return. All gains and losses shown in the table above resulted from the investments selected by each participant. This Plan complies with regulations 409(a) of the Code.

(2) This figure represents the amount of Mr. Johnson's contribution to our Wealth Accumulation Plan during 2008 and is included as part of his base salary in the Summary Compensation Table of this proxy statement.

POTENTIAL PAYMENTS UPON TERMINATION

As discussed in the CD&A, each of our named executive officers has either an employment contract or a severance agreement. The information below describes and quantifies certain compensation that would become payable under his or her agreement with us if the named executive officer's employment was terminated on December 31, 2008, and, if applicable, is based on our closing stock price on that date.

J. Gordon Smith, who had been our Senior Vice President and Chief Financial Officer since September 29, 2003, ended his employment with the Company, effective May 9, 2008. As set forth in his severance agreement with the Company which was executed in September 2003, and amended in February 2008 to include provisions relating to Section 409A of the Code, upon his departure he received:

a lump sum cash payment of \$787,300, representing one year's salary (\$650,000) and a pro-rated bonus (\$137,300), which was subject to the required withholdings and was paid to him within 30 days after May 9, 2008, his termination date.

the continued participation in our benefit plans in which he was participating as of his termination date at the same level of coverage and contribution immediately prior to his termination date until June 30, 2009, or until notification to us that he has obtained other employment providing such benefits coverage; and

the continued participation in our benefit plans under COBRA after he is no longer eligible for coverage under such plans by us. In addition, on April 29, 2008, Mr. Smith executed a Separation Agreement with us, in connection with his resignation, which provides that, subject to the execution and non-revocation of release, Mr. Smith would receive the following additional severance benefits as consideration for his cooperation with us on certain matters, including consultation with us on matters relating to his areas of responsibility while serving as our Senior Vice President and Chief Financial Officer:

the ability to exercise 135,800 of his vested stock options, until the second anniversary of the 90th day following his termination date, which stock options would otherwise expire 90 days following his termination date.

the acceleration of 21,667 shares of unvested restricted stock; which would otherwise have been cancelled on his termination date. The closing price of the Company's common stock was \$15.98 on May 9, 2008. As a result, these 21,667 shares of restricted stock had a value of approximately \$346,239. The Company issued to Mr. Smith net shares of common stock upon the acceleration of these shares of restricted stock and withheld all applicable taxes.

the continued vesting of any unvested performance units granted to him during fiscal years 2006 and 2007 until the date upon which he would otherwise have received payment pursuant to the grant, as if he had remained actively employed with the Company through such payment date; these performance units would otherwise be cancelled on his termination date. On such payment date, he will receive the same percentage of the target number of performance units as other participants receive with respect to their respective performance unit grants. As of the termination date, Mr. Smith held 40,000 unvested performance units.

an additional cash payment of \$140,000 payable in a lump sum on June 27, 2008.

Under the terms of his severance agreement, for a period of one year Mr. Smith agreed not to (i) accept employment with, or render services to, any of our direct public competitors; or (ii) solicit any of our employees or any person who was an employee of ours during the twelve-month period preceding his departure, nor encourage any of our employees to terminate their employment with us.

Table of Contents

On November 2008, Mr. Smith notified us that he had secured other employment and so we terminated his participation in our benefits on December 31, 2008, which participation totaled \$10,819.

As stated above, we have relocated our headquarters from New York, New York to Duluth, Georgia and will close our New York office at the end of March 2009. Brett Hutchinson, our former Vice President, Controller and Chief Accounting Officer, and Lynne A. Burgess, our Vice President, General Counsel and Secretary, did not accept our offer to relocate to Georgia. Pursuant to their respective severance pay agreements, the relocation of the corporate office constitutes a termination triggering severance pay benefits, including payment of target bonus in the year in which employment is terminated. We have requested that Mr. Hutchinson and Ms. Burgess continue his and her respective employment with the Company until at least March 31, 2009, or until they are otherwise released by us at an earlier date. Because this continued employment beyond the termination date in their severance pay agreements would result in a forfeiture of the 2008 target bonus otherwise payable, at a meeting of the Compensation Committee on October 20, 2008, the Compensation Committee authorized us to enter into agreements with Mr. Hutchinson and Ms. Burgess pursuant to which their respective 2008 target bonuses would be paid to them in the form of stay bonuses.

As a result, on October 29, 2008, Mr. Hutchinson executed a letter agreement with us stating that upon termination he would receive the following:

\$110,000 in the form of a stay bonus, provided that he continued his employment with the Company until at least March 31, 2009 or his early release by us and is not otherwise terminated for cause by us prior to such date;

one year of base salary or \$275,000;

one year of benefits continuation at the same level of contribution as in effect immediately prior to his termination; and

a prorated target bonus for the portion of 2009 that he worked with us in the amount \$27,500.

On October 29, 2008, Ms. Burgess executed a letter agreement with us stating that she would receive the following:

\$150,000 in the form of a stay bonus, provided that she continues her employment with us until at least March 31, 2009 or her early release by us and must not otherwise be terminated for cause by us prior to such date;

one year of base salary or \$365,000;

one year of benefits continuation at the same level of contribution as in effect immediately prior to her termination;

a prorated target bonus for the portion of 2009 that she worked with us in the amount \$36,500; and

outplacement benefits not to exceed \$25,000.

Mr. Hutchinson and Ms. Burgess will not receive pay-outs under the 2008 bonus plan for the corporate office.

In the event of Mr. Oglesby's eligible retirement, or termination by the Company for any reason other than death, disability or cause, or by Mr. Oglesby for good reason prior to a change of control, he will be entitled to receive the following severance or retirement pay from the Company: (i) continuation of his base salary for 12 months at twice the rate then in effect, (ii) an amount equal to 200% of his base salary, payable over the 12-month period following the first anniversary of such termination, and (iii) an amount equal to a prorated portion of his base

Edgar Filing: ASBURY AUTOMOTIVE GROUP INC - Form DEF 14A

salary, payable over the 12-month period following such termination (or, in the case of his retirement, over the 24-month period following such termination); provided that the aggregate amount of such payments may not exceed two and one-half times the sum of his base salary and target bonus then in effect.

Table of Contents

Mr. Oglesby will also receive the continuation of his benefits for up to two years following such termination. In the event such a termination by the Company occurs within two years following a change of control, the Company will provide the foregoing payments and benefits, except that the payments described in clauses (i) through (iii) will be paid in a lump sum. Also, in the event of retirement, a change of control, or termination of employment by the Company for any reason other than death, disability or cause, or by Mr. Oglesby for good reason, all of Mr. Oglesby's unvested stock options and shares of restricted stock (and, in the case of retirement or a change of control, restricted stock units) will automatically become vested (and such options will remain exercisable for two years following such termination date), and any performance shares will be treated in the same manner as if Mr. Oglesby's employment were terminated by the Company (other than for cause) upon a change in control (or, in the case of retirement, such performance shares will automatically become vested). In addition, any deferred compensation will automatically vest.

Mr. Monaghan, Ms. Burgess and Mr. Johnson entered into severance agreements with us providing for one year of base salary, benefits continuation and a pro-rated bonus, if terminated without cause prior to a change in control. If the employment of any one of them is terminated without cause within two years following a change in control, as provided in their respective agreements, he or she is entitled to three years of base salary, a pro-rated bonus and benefits continuation. If any of their offices is relocated by more than 50 miles, their base salaries are reduced or duties or title are diminished, he or she may trigger the termination provisions of his or her agreement. Messrs. Monaghan and Johnson and Ms. Burgess are not entitled to severance in the event of termination due to death, disability, retirement, voluntary resignation or cause.

Mr. Hutchinson entered into a severance agreement with the Company providing for one year of base salary, benefits continuation and a pro-rated bonus, if terminated without cause. If his office is relocated by more than 50 miles, his base salary is reduced or duties or title is diminished, he may trigger the termination provisions of his agreement. Mr. Hutchinson is not entitled to severance in the event of termination due to death, disability, retirement, voluntary resignation or cause.

Mr. Style entered into a severance agreement with us which provides him with six months of base salary, benefits continuation and a prorated bonus upon certain eligible terminations of employment with the Company. His agreement also includes change of control provisions providing for one year of base salary, benefits continuation, and a prorated bonus if terminated within two years following a change of control of the Company.

In addition to the severance benefits provided in the agreements of our named executive officers, upon a change of control, our equity incentive plans provide for accelerated vesting of any unvested options and unvested shares of restricted stock, and an accelerated calculation and payout of the performance shares that may be outstanding.

The following table details the severance obligations for each named executive officer if they were terminated on December 31, 2008. This table assumes that there has been no change in control. Ms. Burgess and Mr. Hutchinson are not included in the following tables because their severance arrangements are set forth above.

RELATED PERSON TRANSACTIONS

We have adopted a written Policy Relating to Related Person Transactions which sets out the criteria for review of transactions between the Company and our affiliates and members of their immediate families. This Policy covers our directors and officers, the chief executive officers and chief financial officers of operating regions and each stockholder that holds directly or indirectly, more than 5% of our common stock. In addition, we have adopted a written Spending Approval Authority Policy which establishes approval and spending authority levels and procedures with respect to certain related person transactions. The Spending Approval Authority Policy requires that such related person transactions be reviewed by our Chief Executive Officer, Chief Financial Officer and General Counsel, and submitted to the Board for approval. This Policy also requires the approval of regional management and senior management, depending upon the size and nature of the transaction. In reviewing and approving related person transactions under these policies and procedures, management and the Board consider, among other things:

the nature of the related person's interest in the transaction;

whether the related person has a direct or indirect material interest;

the material terms of the transaction, including the amount and type of transaction;

the significance of the transaction to the Company and to the related person;

whether the terms of the transaction are arms-length; and

whether the transaction would violate the Conflicts of Interest provisions of our Code of Conduct or Fraud Control Policy .

Related Person Transactions with Jeffrey I. Wooley

Mr. Wooley is employed as the Chairman of our subsidiary, Asbury Automotive Tampa, L.P. (Asbury Tampa) and serves as a member of the Board. We lease from Mr. Wooley two properties used by our East Region in Florida for dealership lots and offices, for which we paid \$2,618,651 in rent during 2008.

Pursuant to an amended employment agreement effective as of March 31, 2005 with Asbury Tampa (the Wooley Agreement), Mr. Wooley was receiving an annual salary of \$100,000, is entitled to the use of an office located at one of Asbury Tampa's dealership locations and is reimbursed an additional \$3,333 per month for administrative support. Mr. Wooley participates in all life insurance, medical insurance, disability insurance and other benefits that may be provided to the employees of Asbury Tampa, subject to the terms and eligibility requirements of the plan documents of each respective insurance or other benefit plan. Due to the challenging economic environment, Mr. Wooley volunteered to take a temporary reduction in his salary from \$100,000 to \$50,000, effective December 1, 2008, and to waive his right to reimbursement of country club dues.

In addition to his salary, Mr. Wooley receives the use of four demonstrator vehicles, the use of which amounted to \$52,118 of imputed income to him during 2008.

If Mr. Wooley's employment is terminated without cause or by Mr. Wooley for good reason prior to the fifth anniversary of the date of his employment agreement, Mr. Wooley shall continue to receive certain benefits and perquisites pursuant to the agreement through the fifth anniversary of the date of the agreement, which include, among other things:

i. life insurance, medical insurance, disability insurance and other benefits comparable to those provided to Asbury Tampa's other senior executive officers and permitted under applicable law;

Edgar Filing: ASBURY AUTOMOTIVE GROUP INC - Form DEF 14A

ii. paid vacation time;

iii. reimbursement for annual dues for membership in two country clubs selected by Mr. Wooley, which dues are not to exceed \$20,000; and

iv. the use by Mr. Wooley and his family of four demonstrator vehicles selected from the inventory of the Asbury Tampa's dealerships.

After the fifth anniversary of his employment agreement, Mr. Wooley may continue to participate in Asbury Tampa's medical insurance plan at his own expense, subject to certain circumstances which may prevent such participation. Mr. Wooley is subject to non-competition and non-solicitation provisions under the Wooley Agreement while an employee of, and for one year upon the termination of his employment with, Asbury Tampa.

Mr. Wooley receives no compensation from us for his services rendered as a director on the Board.

PROPOSAL NO. 2

APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has appointed Ernst & Young LLP as our principal independent auditors for the year ending December 31, 2009, subject to ratification by the stockholders. Representatives from Deloitte & Touche LLP will be present at the annual meeting and have the opportunity to make a statement if they desire to and to answer appropriate questions. Representatives from Ernst & Young LLP will also be present at the meeting.

The board and management recommend you vote FOR the ratification of the selection of Ernst & Young LLP as our independent auditors for the year ending December 31, 2009.

CHANGE IN CERTIFYING ACCOUNTANT

In conjunction with the relocation of our corporate headquarters to Duluth, Georgia, our management issued a request for proposal to independent registered public accountants with the capability of serving us locally in Georgia for the audit of our consolidated financial statements for the fiscal year ending December 31, 2009.

On December 5, 2008, our Board's Audit Committee informed Deloitte & Touche LLP (D&T), our then current independent registered public accountants, that it had selected Ernst & Young LLP (E&Y) to audit our consolidated financial statements for the fiscal year ending December 31, 2009, and was therefore terminating our relationship with D&T as our independent registered public accountants. The decisions to terminate the relationship with D&T and engage E&Y were made and approved by the Audit Committee. D&T continued as our independent registered public accountants until the completion of the audit of our consolidated financial statements for the fiscal year ended December 31, 2008, which audit was completed on March 16, 2009.

Neither of D&T's audit reports on the consolidated financial statements for each of the fiscal years ended December 31, 2007 and 2008, contained an adverse opinion or disclaimer of opinion. D&T's audit report for the fiscal year ended December 31, 2007, dated February 29, 2008, was not qualified or modified as to uncertainty, audit scope or accounting principles, but it included an explanatory paragraph related to the adoption of Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109 effective January 1, 2007. D&T's audit report of the Company's financial statements for the fiscal year ended December 31, 2008, dated March 16, 2009, included explanatory paragraphs (i) stating that there is uncertainty that the Company will remain in compliance with certain debt covenants throughout 2009 which raises substantial doubt about the Company's ability to continue as a going concern and (ii) related to the adoption of Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109 effective January 1, 2007. During the periods covered by such reports and during the subsequent interim period between January 1, 2009 and March 16, 2009, the date D&T's audit was completed, there were no disagreements with D&T on any matter of accounting principles or practices, financial statement disclosure or auditing scope and procedures, which, if not resolved to the satisfaction of D&T, would have caused it to make reference to the subject matter of the disagreements in connection with its report. During the same periods, there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

We provided D&T a copy of the foregoing disclosures. Attached as Appendix A to this proxy statement is a copy of D&T's letter, dated March 27, 2009, filed as Exhibit 16.1 to our Form 8-K/A filed with the Commission on March 27, 2009.

On December 5, 2008, the Audit Committee notified E&Y that E&Y was selected to audit our consolidated financial statements for the fiscal year ending December 31, 2009. We executed an engagement letter with E&Y in connection with such audit on December 19, 2008. The engagement of E&Y will be presented to the stockholders for ratification at our 2009 Annual Meeting of Stockholders, as described in Proposal 2 Appointment of Independent Auditors , above.

Table of Contents

During the fiscal years ended December 31, 2006 and 2007, and during any subsequent period through December 19, 2008, the date of engagement of E&Y, we did not, nor did any person on our behalf, consult with E&Y with respect to either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, and no written report or oral advice was provided by E&Y to us that E&Y concluded was an important factor considered by us in reaching a decision as to the accounting, auditing, or financial reporting issue, or (ii) any matter that was the subject of either a disagreement as defined in Item 304(a)(1)(iv) of Regulation S-K or a reportable event as described in Item 304(a)(1)(v) of Regulation S-K.

PROPOSAL NO. 3.

APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE ASBURY AUTOMOTIVE GROUP, INC. 2002 EQUITY INCENTIVE PLAN

The stockholders are being asked to approve the Company's 2002 Equity Incentive Plan, as amended and restated (the 2002 Equity Incentive Plan). Upon stockholder approval of the 2002 Equity Incentive Plan, the aggregate number of shares available under the 2002 Equity Incentive Plan will be increased by 2,575,000 shares.

Background of the 2002 Equity Incentive Plan

Our 2002 Stock Option Plan was originally adopted by the Board on March 9, 2002. On February 25, 2003, the Board approved an amendment to the 2002 Stock Option Plan increasing the number of shares available for issuance under the 2002 Stock Option Plan from 1,500,000 to 4,750,000, an increase of 3,250,000 shares. Our 2002 Stock Option Plan, as amended, was approved by our stockholders at our annual stockholders meeting on May 8, 2003, and renamed the Asbury Automotive Group, Inc. 2002 Equity Incentive Plan. The 2002 Equity Incentive Plan was amended and restated, effective July 25, 2007, in light of Section 409A of the Code and the Treasury regulations and other guidance issued thereunder. As of March 19, 2009 there were 121,646 shares remaining available for delivery under the 2002 Equity Incentive Plan. On March 25, 2009, the Board approved the amendment and restatement of the 2002 Equity Incentive Plan to, among other things, increase the aggregate number of shares available under the 2002 Equity Incentive Plan as of the effective date of stockholder approval of the amendment and restatement (the Restatement Effective Date) by 2,575,000 shares, and expand the performance goals applicable to awards intended to qualify as performance-based compensation under Section 162(m) of the Code, subject to stockholder approval at our 2009 Annual Meeting of Stockholders.

The 2002 Equity Incentive Plan is designed to promote the interests of the Company and its stockholders by attracting and retaining exceptional directors, officers and other key employees of the Company and its subsidiaries and enabling such individuals to participate in the long-term growth and financial success of the Company.

This summary of the material terms of the 2002 Equity Incentive Plan is qualified in its entirety by reference to Appendix B attached to this Proxy Statement, which contains a copy of the 2002 Equity Incentive Plan as proposed to be amended and restated assuming stockholder approval of the 2002 Equity Incentive Plan. Stockholders are encouraged to review the 2002 Equity Incentive Plan. The Board recommends stockholders approve the 2002 Equity Incentive Plan. The Board believes that the proposed increase to the aggregate number of shares is necessary to assure that there will be a sufficient number of shares available for future issuance under the 2002 Equity Incentive Plan. We are also asking that the stockholders approve the expanded performance goals to preserve the tax status of certain awards intended to qualify as performance-based compensation, and thereby allow us to fully deduct the compensation expense related to such awards. The 2002 Equity Incentive Plan is intended to comply with the requirements of Section 162(m) of the Code.

Description of the 2002 Equity Incentive Plan

Administration. The Compensation Committee administers the 2002 Equity Incentive Plan. The Compensation Committee has the authority to designate participants; determine the type or types of awards to be granted to a participant and designate those awards which will constitute performance compensation awards; determine the number of shares to be covered by, or with respect to which payments, rights, or other matters are to be calculated in connection with, awards; determine the terms and conditions of any awards; determine whether, to what extent, and under what circumstances awards may be settled or exercised in cash, shares, other securities, other awards or other property, or canceled, forfeited, or suspended and the method or methods by which awards may be settled, exercised, canceled, forfeited, or suspended; determine whether, to what extent, and under what circumstances cash, shares, other securities, other awards, other property, and other amounts

payable with respect to an award (subject to Section 162(m) of the Code with respect to performance compensation awards) will be deferred; interpret, administer, reconcile any inconsistency, correct any default and/or supply any omission in the 2002 Equity Incentive Plan and any instrument or agreement relating to, or award made under, the 2002 Equity Incentive Plan; establish, amend, suspend, or waive such rules and regulations and appoint such agents as it deems appropriate for the proper administration of the 2002 Equity Incentive Plan; establish and administer performance goals and certify whether, and to what extent, they have been attained; and make any other determination and take any other action that it deems necessary or desirable for the administration of the 2002 Equity Incentive Plan. Unless otherwise expressly provided in the 2002 Equity Incentive Plan, all designations, determinations, interpretations, and other decisions under or with respect to the 2002 Equity Incentive Plan or any award is within the sole discretion of the Compensation Committee and will be final, conclusive, and binding upon all persons.

Shares. Under the current terms of the 2002 Equity Incentive Plan, a maximum of 4,750,000 shares, subject to adjustment as provided in the 2002 Equity Incentive Plan, may be issued under the 2002 Equity Incentive Plan. Subject to stockholder approval at our 2009 Annual Meeting of Stockholders, the maximum number of shares, subject to adjustment as provided in the 2002 Equity Incentive Plan, that may be granted under the 2002 Equity Incentive Plan as of the Restatement Effective Date will be equal to the sum of (x) 2,575,000 shares plus (y) any shares that remain available for delivery under the 2002 Equity Incentive Plan immediately prior to the Restatement Effective Date. The aggregate number of shares with respect to which incentive stock options may be granted shall be no more than the number of shares described in the preceding sentence. A maximum of 1,500,000 shares with respect to options, stock appreciation rights (SARs) or any other award that is not a

Full Value Award (as defined in the 2002 Equity Incentive Plan) may be granted to any participant during a rolling 36-month period (measured from the date of any grant), and a maximum of 750,000 shares with respect to Full Value Awards may be granted to any participant during a rolling 36-month period (measured from the date of any grant). Furthermore, a maximum of 1,500,000 shares (or, if paid in cash, the equivalent cash value of 1,500,000 shares on the last day of the applicable performance period) with respect to performance compensation awards may be granted to any participant during a rolling 36-month period (measured from the date of any grant). Shares deliverable under the 2002 Equity Incentive Plan may consist of authorized and unissued shares or treasury shares. As of March 25, 2009, the closing price of our common stock was \$4.20 per share.

Eligibility. Any director, officer or other key employee of the Company or any of its subsidiaries (including any prospective officer or key employee) is eligible to be designated to participate in the 2002 Equity Incentive Plan. The Compensation Committee selects those eligible persons who will receive awards under the 2002 Equity Incentive Plan. Currently, our Board consists of ten persons, and we have nine corporate officers who are not directors. As of March 25, 2009, approximately 76 additional persons were eligible to be designated to participate in the 2002 Equity Incentive Plan.

Awards. The 2002 Equity Incentive Plan provides the Compensation Committee with the discretion to provide for the award of incentive stock options, nonqualified stock options, SARs, restricted shares, restricted share units, dividend equivalents, other equity-based or equity-related awards (including deferred share units and performance share units), and/or performance compensation awards.

Options. Options granted under the 2002 Equity Incentive Plan are non-qualified options unless the applicable award agreement expressly states that the option is intended to be an incentive stock option. Subject to the provisions of the 2002 Equity Incentive Plan, the Compensation Committee has the sole and complete authority to determine the participants to whom options are granted, the number of shares to be covered by each option, and the conditions and limitations applicable to the exercise of the option. In the case of incentive stock options, the terms and conditions of such grants shall be subject to and comply with such rules as may be prescribed by Section 422 of the Code. If an option is intended to be an incentive stock option, and if for any reason such option (or any portion thereof) shall not qualify as an incentive stock option, then, to the extent of such nonqualification, such option (or portion thereof) shall be regarded as a non-qualified stock option

Table of Contents

appropriately granted under the 2002 Equity Incentive Plan; provided that such option (or portion thereof) otherwise complies with the 2002 Equity Incentive Plan's requirements relating to nonqualified stock options. Each option will be evidenced by a written or electronic agreement, contract, or other instrument or document evidencing the option, which is to be delivered to the participant and which will specify the terms and conditions of the option and any rules applicable to the option.

The exercise price of each share covered by an option shall be set by the Compensation Committee, but (except in the case of Substitute Awards as defined in the 2002 Equity Incentive Plan) shall not be less than 100% of the fair market value of such share on the date the option is granted (or, in the case of incentive stock options, on the date the incentive stock option is modified, extended or renewed for purposes of Section 424(h) of the Code). Options are intended to qualify as qualified performance-based compensation under Section 162(m) of the Code. Repricing of options granted under the 2002 Equity Incentive Plan (i.e., lowering the exercise price, cancelling the option in exchange for cash or another award when the exercise price exceeds the fair market value of the shares subject to the option or any other action that is treated as a repricing under generally accepted accounting principles or applicable stock exchange rules) shall not be permitted without prior shareholder approval, and any action that would be deemed to result in a repricing of an option shall be deemed null and void if any requisite shareholder approval related thereto is not obtained prior to the effective time of such action. Each option becomes vested and exercisable at such times and subject to such terms and conditions as the Compensation Committee may, in its sole discretion, specify in the award agreement or thereafter. Except as otherwise specified by the Compensation Committee in the award agreement, an option becomes vested and exercisable with respect to one-third of the shares subject to the option on each of the first three anniversaries of the option's grant date. The Compensation Committee may impose such conditions with respect to the exercise of options as it may deem necessary or advisable.

Each option will expire immediately, without any payment, upon the earlier of (1) the tenth anniversary of the option's grant date and (2) except as otherwise set forth in the applicable award agreements, the date the participant holding an option ceases to be employed by the Company or one of its subsidiaries. An option may not be exercised after the tenth anniversary of the option's grant date.

Shares will not be delivered pursuant to an option's exercise until the participant pays the exercise price in full. Payment of the exercise price may be made in cash, or its equivalent, (1) by exchanging shares owned by the participant (which are not the subject of any pledge or other security interest), (2) subject to such rules as may be established by the Compensation Committee, through delivery of irrevocable instructions to a broker to sell the shares otherwise deliverable upon the option's exercise and to deliver promptly to the Company an amount equal to the option's aggregate exercise price, or (3) subject to such rules as may be established by the Compensation Committee, by electing to have the Company withhold shares otherwise deliverable upon the exercise of the option, or by a combination of the foregoing methods. The combined value of all cash and cash equivalents and the fair market value of all shares tendered to the Company in payment of the option's exercise price must, as of the date of the option's exercise, at least equal the exercise price of the shares acquired upon the option's exercise.

Stock Appreciation Rights. SARs may be granted under the 2002 Equity Incentive Plan. SARs represent an unfunded and unsecured promise to deliver shares, cash, other securities, other awards or other property equal in value to the excess, if any, of the fair market value per share over the exercise price per share of the SAR, subject to the terms of the applicable award agreement. SARs may be granted in tandem with another award, in addition to another award or freestanding and unrelated to another award. SARs granted in tandem with or in addition to an award may be granted either at the same time as the award or at a later time. The exercise price of each share covered by a SAR shall be set by the Compensation Committee, but (except in the case of Substitute Awards) shall not be less than 100% of the fair market value of such share on the date the SAR is granted. To the extent permitted under Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, the exercise price of each share covered by a tandem SAR that is granted subsequent to the grant date of the related option may be less than 100% of the fair market value of such share on the date

Table of Contents

the tandem SAR is granted (but not less than the exercise price of the related option). Repricing of SARs (see explanation under Stock Options above) granted under the Plan shall not be permitted without prior shareholder approval, and any action that would be deemed to result in a repricing of a SAR shall be deemed null and void if any requisite shareholder approval related thereto is not obtained prior to the effective time of such action. The Compensation Committee shall determine, in its sole discretion, whether a SAR shall be settled in cash, shares, other securities, other awards or other property, or a combination of any of the foregoing. In no event may a SAR be exercisable after the tenth anniversary of the date the SAR is granted.

Restricted Shares and Restricted Share Units. Restricted shares may be granted under the 2002 Equity Incentive Plan. A restricted share is subject to certain transfer restrictions, forfeiture provisions and/or other terms and conditions specified herein and in the applicable award agreement. Restricted share units may also be granted under the 2002 Equity Incentive Plan. A restricted share unit represents an unfunded and unsecured promise to deliver shares, cash, other securities, other awards or other property in accordance with the terms of the applicable award agreement.

Dividends on any restricted shares may be paid directly to a participant, withheld by the Company subject to vesting of the restricted shares pursuant to the terms of the applicable award agreement, or reinvested in additional restricted shares or in additional restricted share units, as determined by the Compensation Committee in its sole discretion; provided that any such dividends on restricted shares designated as a performance compensation award shall be withheld by the Company subject to vesting of the restricted shares pursuant to the terms of the applicable award agreement, and, only after such restricted shares have vested pursuant to the terms of the applicable award agreement, any dividends so withheld may be paid directly to the participant or may be reinvested in additional restricted shares or in additional restricted share units, as determined by the Compensation Committee in its sole discretion.

Other Stock-Based Awards. Subject to the provisions of the 2002 Equity Incentive Plan, the Compensation Committee shall have the sole and complete authority to grant to participants other equity-based or equity-related awards (including deferred share units and performance share units) in such amounts and subject to such terms and conditions as the Compensation Committee shall determine; provided that any such awards must comply, to the extent deemed desirable by the Compensation Committee, with Rule 16b-3 and applicable law. A deferred share unit represents an unfunded and unsecured promise to deliver Shares in accordance with the terms of the applicable award agreement. A performance share unit represents an unfunded and unsecured promise to deliver shares, cash, other securities, other awards or other property upon the attainment of performance goals in accordance with the terms of the applicable award agreement.

Dividend Equivalents. Subject to the provisions of the 2002 Equity Incentive Plan, in the sole and complete discretion of the Compensation Committee, an award, other than an option or SAR, may provide the participant with dividends or dividend equivalents, payable in cash, shares, other securities, other awards or other property, on such terms and conditions as may be determined by the Compensation Committee in its sole discretion; including, without limitation, payment directly to the participant, withholding of such amounts by the Company subject to vesting of the award, or reinvestment in additional shares, restricted shares, restricted share units or other awards; provided that any such dividends or dividend equivalents with respect to restricted shares or restricted share units designated as a performance compensation award shall be withheld by the Company subject to vesting of the restricted shares or restricted share units pursuant to the terms of the applicable award agreement, and, only after such restricted shares have vested pursuant to the terms of the applicable award agreement, any dividends or dividend equivalents so withheld may be paid directly to the participant or may be reinvested in additional shares, restricted shares, restricted share units or other awards, as determined by the Compensation Committee in its sole discretion.

Performance Compensation Awards. The Compensation Committee shall have the authority, at the time of grant of any award, to designate such award (other than Options and SARs) as a performance compensation award in order to qualify such award as qualified performance-based compensation under Section 162(m) of the Code.

Table of Contents

The Compensation Committee shall have full discretion to select the length of a particular performance period, the type(s) of performance compensation awards to be issued, the performance criteria that will be used to establish the performance goal(s), the kind(s) and/or level(s) of the performance goals(s) that is (are) to apply to the Company or any of its subsidiaries, affiliates, divisions or operational units, or any combination of the foregoing, and the performance formula. Notwithstanding the foregoing, the performance criteria that will be used to establish the performance goal(s) shall be based on the attainment of specific levels of performance of the Company or any of its subsidiaries, affiliates, divisions or operational units, or any combination of the foregoing, and shall be limited to the following: (1) net income before or after taxes, (2) earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization), (3) operating income, (4) earnings per share, (5) return on shareholders' equity, (6) return on investment, (7) return on assets, (8) level or amount of acquisitions, (9) share price, (10) profitability/profit margins, (11) market share, (12) revenues or sales (based on units and/or dollars), (13) costs, (14) cash flow, (15) working capital, (16) objective measures of customer satisfaction, (17) objective measures of employee satisfaction, (18) expense levels and expense ratios, (19) gross margin and gross margin ratios, (20) employee turnover, (21) implementation of systems, (22) completion of projects, (23) level or amount of divestitures, (24) goals related to capitalization or restructuring of the balance sheet, and (25) goals related to management or expense restructuring. The performance criteria may be applied on an absolute basis and/or be relative to one or more peer companies or indices or any combination thereof. A participant must generally be employed by the Company on the last day of a performance period to be eligible for payment in respect of a performance compensation award for such performance period.

Change of Control. In the event of a Change of Control (as defined in the 2002 Equity Incentive Plan), unless otherwise provided in the award agreement, (i) any unexercisable or unvested outstanding options or SARs then held by participants will automatically be deemed exercisable or otherwise vested, as the case may be, as of immediately prior to such Change of Control, and (ii) all other outstanding awards then held by participants that are unexercisable, unvested or still subject to restriction, forfeiture or satisfaction of performance goals, will automatically be deemed exercisable or vested, all restrictions and forfeiture provisions related thereto will lapse, and all performance goals will be deemed to have been satisfied at the target level, as the case may be, as of immediately prior to such Change of Control.

Non-Transferability. Each award is exercisable only by the participant during his or her lifetime, or, if permissible under applicable law, by the participant's legal guardian or representative. No award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a participant other than by will or by the laws of descent and distribution, and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance will be void and unenforceable against the Company and its affiliates, except as otherwise permitted by the Compensation Committee with respect to permitted transferees (i.e., family members as defined under the instructions for registration statements under SEC Form S-8). The designation of a beneficiary will not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance.

Amendment and Termination of the 2002 Equity Incentive Plan. The Board may amend, alter, suspend, discontinue or terminate the 2002 Equity Incentive Plan or any portion thereof at any time. No amendment, alteration, suspension, discontinuation or termination may be made without stockholder approval if such approval is necessary to comply with any tax or regulatory requirement applicable to the 2002 Equity Incentive Plan, and no amendment to the definition of "Repricing" may be made without stockholder approval. Any amendment, alteration, suspension, discontinuation or termination that would impair the rights of any participant, holder or beneficiary of an outstanding award may not to that extent be effective without the consent of the affected participant, holder or beneficiary. Unless terminated earlier by the Board, the 2002 Equity Incentive Plan will terminate on March 9, 2012.

Forfeiture; Clawback. The Committee may, in its sole discretion, specify in the applicable award agreement that any realized gain with respect to options or SARs and any realized value with respect to other awards shall be subject to forfeiture or clawback, in the event of (1) a participant's breach of any non-competition,

Table of Contents

non-solicitation, confidentiality or other restrictive covenants with respect to the Company or its subsidiaries or (2) a financial restatement that reduces the amount of bonus or incentive compensation previously awarded to a participant that would have been earned had results been properly reported.

New Plan Benefits

Except with respect to automatic formula grants to our non-management directors, awards under the 2002 Equity Incentive Plan are subject to the discretion of the Compensation Committee, and no determination has been made as to the types or amounts of awards that will be granted in the future to specific individuals pursuant to the plan. Therefore, it is not possible to determine the future benefits that will be received by participants other than our non-management directors in the 2002 Equity Incentive Plan. Our non-management directors will be entitled to receive future automatic formula grants under the 2002 Equity Incentive Plan as described above under the general heading Governance of the Company, including the Director Compensation Table.

Certain tables above under the general heading Executive Compensation, including the Summary Compensation Table, Grants of Plan-Based Awards Table, Outstanding Equity Awards at Fiscal Year End Table, and Option Exercises and Stock Vested Table, set forth information with respect to prior awards granted to our individual named executive officers under the 2002 Equity Incentive Plan. In addition, the Securities Authorized for Issuance under Equity Compensation Plans Table below provides information as of December 31, 2008, regarding the equity outstanding under our equity compensation plans, the weighted average exercise price of outstanding equity, and the number of securities remaining available for issuance.

Federal Income Tax Considerations

The following discussion summarizes the federal income tax consequences to participants who may receive grants of awards under the 2002 Equity Incentive Plan. This discussion of federal income tax consequences does not purport to be a complete analysis of all of the potential tax effects of the 2002 Equity Incentive Plan. This discussion is based upon interpretations of laws, regulations, rulings and decisions now in effect, all of which are subject to change. No information is provided with respect to foreign, state or local tax laws, or estate and gift tax considerations.

Non-Qualified Stock Options. For federal income tax purposes, no income is recognized by a participant upon grant of a non-qualified stock option under the 2002 Equity Incentive Plan. Upon exercise of a non-qualified stock option, an amount equal to the excess of the fair market value of the shares acquired on the date of exercise of such option over the exercise price is taxable to the participant as ordinary income and deductible to the Company. The participant's basis for capital gains purposes in the shares acquired is equal to the sum of the exercise price and the amount taxable as ordinary income. Gain or loss on a subsequent disposition of shares acquired pursuant to an option will be treated as capital gain or loss, and will be long-term capital gain or loss if such shares were held for more than one year after the date of exercise.

If a participant uses previously acquired shares to pay all or a portion of the exercise price on the exercise of an option, no gain or loss is recognized with respect to the previously acquired shares. The shares received upon exercise of the option, to the extent of the number of previously acquired shares exchanged therefor, will have the same basis and holding period for capital gain purposes as the previously acquired shares. The additional shares received will have a basis equal to the sum of the cash paid on exercise and the ordinary income taxable to the participant as a result of the exercise.

Incentive Stock Options. A participant receiving incentive stock options will not recognize taxable income upon grant or at the time of exercise. However, the excess of the fair market value of the stock received over the option price is an item of tax preference income potentially subject to the alternative minimum tax. If stock acquired upon exercise of an incentive stock option is held for a minimum of two years from the date of grant and one year from the date of exercise, the gain or loss (in an amount equal to the difference between the fair

Table of Contents

market value on the date of sale and the exercise price) upon disposition of the stock will be treated as a long-term capital gain or loss, and the Company will not be entitled to any deduction. If the holding period requirements are not met, the incentive stock option will be treated as one which does not meet the requirements of the Code for incentive stock options and the tax consequences described for non-qualified stock options will apply as of the date of the sale of stock acquired upon the exercise of the incentive stock option.

Other Awards. Under the 2002 Equity Incentive Plan, stock-settled SARs are taxed and deductible in substantially the same manner as non-qualified stock options; nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value over the price paid, if any, only at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the date of grant); stock-based performance awards, dividend equivalents and other types of awards are generally subject to tax at the time of payment.

Compensation that is deferred is taxed when paid or otherwise made available, provided that the requirements of Section 409A are satisfied, as discussed below. Further, in each of the foregoing cases, the Company will generally have a corresponding deduction at the time the participant recognizes income, subject to Code Section 162(m) with respect to covered employees, as discussed below.

Deferred Compensation Subject to Section 409A. Certain types of awards under the 2002 Equity Incentive Plan, including cash-settled SARs, restricted stock units and deferred stock units may constitute, or provide for, a deferral of compensation subject to Section 409A of the Code. Unless certain requirements set forth in Section 409A of the Code are complied with, participants may be taxed earlier than would otherwise be the case (e.g., at the time of vesting instead of the time of payment) and may be subject to an additional 20% income tax (and, potentially, certain interest penalties). To the extent applicable, the 2002 Equity Incentive Plan and awards granted under the 2002 Equity Incentive Plan will be interpreted to comply with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance that may be issued under Section 409A of the Code. To the extent determined necessary or appropriate by the Compensation Committee, the 2002 Equity Incentive Plan and applicable award agreements may be amended to comply with Section 409A of the Code or to exempt the applicable awards from Section 409A of the Code.

Limitation on Company's Deduction. Under Section 162(m) of the Code, the Company's tax deduction for all compensation paid to the Company's chief executive officer and certain other highly paid executive officers of the Company in any one year is limited to \$1 million per officer. Compensation that qualifies as performance-based compensation is exempt from this deduction limitation. Under the 2002 Equity Incentive Plan, options and SARs are intended to qualify as qualified performance-based compensation under Section 162(m) of the Code. The Compensation Committee also has the authority, at the time of grant of any award, to designate such an award (other than options and SARs) as a performance compensation award in order to qualify such award as qualified performance-based compensation under Section 162(m) of the Code. The determination of whether compensation is performance-based is dependent upon a number of factors, including shareholder approval of the benefit plan pursuant to which compensation is paid. Although the Company has structured the 2002 Equity Incentive Plan to satisfy the performance-based criteria, there is no assurance that awards granted under the 2002 Equity Incentive Plan will satisfy such requirements.

Acceleration on Change of Control. If the exercisability of an option, SAR or other outstanding award is accelerated as a result of a Change of Control, all or a portion of the value of the award at that time may be taken into account for purposes of determining whether a participant is subject to an excise tax equal to 20% of the amount of the excess parachute payment within the meaning of Section 280G of the Code and the Company is to be denied a corresponding tax deduction under Section 280G of the Code.

PROPOSAL NO. 4

APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE ASBURY AUTOMOTIVE GROUP, INC. KEY EXECUTIVE INCENTIVE COMPENSATION PLAN

The stockholders are being asked to approve our Amended and Restated Key Executive Incentive Compensation Plan (also referred to in this proxy statement as, the Incentive Compensation Plan) to, among other things, permit the deductibility under the Code of cash bonuses awarded to certain executive officers of the Company and expand the list of performance criteria upon which performance goals may be based. Upon stockholder approval of the Incentive Compensation Plan, the Compensation Committee (the Committee) will be authorized to make incentive compensation awards, subject to a maximum annual award limitation, to executive officers of the Company based on the performance of the Company, its subsidiaries, affiliates, divisions or operating units, or any combination of the foregoing.

Description of the Incentive Compensation Plan

This summary of the material terms of the Incentive Compensation Plan is qualified in its entirety by reference to Appendix C attached to this Proxy Statement, which contains a copy of the Incentive Compensation Plan. Stockholders are encouraged to review the Incentive Compensation Plan.

Purpose. The purpose of the Incentive Compensation Plan is to attract, retain and motivate highly qualified individuals who are key executives of the Company and its subsidiaries and affiliates, to obtain the best possible performance from each plan participant, to further underscore the importance of achieving particular business objectives established for us, and to include the participants' compensation package a bonus component that is tied directly to the achievement of those objectives. Such bonus component is intended to qualify as performance-based compensation under Section 162(m) of the Code in order to permit the deductibility of such amounts to us.

Committee's Authority. The Committee has sole responsibility for selecting eligible employees and participants, establishing performance goals, setting performance periods, setting target/maximum award amounts, certifying whether performance goals have been attained and determining actual award amounts. However, the Board must approve all awards to the Chief Executive Officer that are recommended by the Committee. Subject to the terms of the plan, the Committee has the authority to determine the terms of any award made under the plan. Within the first 90 days of the performance period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), the Committee will establish in writing (1) the length of the performance period, (2) the eligible employees who will participate in the applicable performance period, (3) the target/maximum award payable to each participant and (4) the performance goal(s) for awards granted for that performance period.

Maximum Award. Awards payable to any individual participant under the Incentive Compensation Plan to any fiscal year may not exceed \$5,000,000.

Eligible Participants Any individual who is on our active payroll and its subsidiaries and affiliates during the applicable performance period and who is determined by the Committee to be an executive officer of the Company and its subsidiaries and affiliates is eligible to participate in the Incentive Compensation Plan. As of January 1, 2009, five persons are eligible to be designated to participate in the Key Executive Incentive Compensation Plan. Within the first 90 days of the applicable performance period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), the Committee will select those eligible executive officers who will participate in the plan for the performance period. The Committee may remove any participant from the plan at any time prior to payment of awards for the applicable performance period.

To be eligible to receive an award, the participant must generally be employed on the date the Company makes payments with respect to awards for the applicable performance period. The Committee may in its

Table of Contents

discretion, however, make payment of an award to any participant who has retired or whose employment has terminated after the beginning of the performance period, or to the designee or estate of a participant who died prior to the date on which the Company makes payments with respect to awards for the applicable performance period, but not unless and until the Committee has certified attainment of the relevant performance goals for the applicable performance period.

Performance Period. A performance period under the plan will be a full fiscal year of the Company or other period of time (which may be longer or shorter than a full fiscal year of the Company, to the extent consistent with Section 162(m) of the Code) determined by the Committee.

Performance Goals. The performance goal(s) that may be selected by the Committee may be based upon one or more of the following criteria: (1) net income before or after taxes, (2) earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization), (3) operating income, (4) earnings per share, (5) return on stockholders' equity, (6) return on investment, (7) return on assets, (8) level or amount of acquisitions, (9) share price, (10) profitability/profit margins, (11) market share, (12) revenues or sales (based on units and/or dollars), (13) costs, (14) cash flow, (15) working capital, (16) objective measures of customer satisfaction, (17) objective measures of objective measures of employee satisfaction, (18) expense levels and expense ratios, (19) gross margin and gross margin ratios, (20) employee turnover, (21) implementation of systems, (22) completion of projects, (23) level or amount of divestitures, (24) goals related to capitalization or restructuring of the balance sheet, and (25) goals related to management or expense restructuring. The foregoing criteria may, as determined by the Committee, relate to the Company, one or more of its subsidiaries, affiliates, divisions or operational units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer companies or indices or any combination thereof. To the extent required under Section 162(m) of the Code, within the first 90 days of the performance period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), the Committee will define, in writing and in an objective fashion, the manner of calculating the performance criteria it selects to use for the applicable performance period in order to determine whether the applicable performance goal(s) have been attained.

The Committee is authorized at any time during the first 90 days of the performance period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), or any time thereafter (but only to the extent the exercise of such authority after such time would not cause the awards to fail to qualify as qualified performance based compensation under Section 162(m) of the Code), in its sole and absolute discretion, to adjust or modify the calculation of performance goal(s) for the applicable performance period to the extent permitted under Section 162(m) of the Code (1) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development affecting the Company, or any of its subsidiaries, affiliates, divisions or operating units (to the extent applicable to such performance goal(s) or (2) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company or any of its subsidiaries, affiliates, divisions or operating units (to the extent applicable to such performance goal(s), or the financial statements of the Company or any of its subsidiaries, affiliates, divisions or operating units (to the extent applicable to such performance goal(s), or of changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange, accounting principles, law or business conditions.

Payment of Awards. Following the completion of the applicable performance period, the Committee will meet to review and certify in writing whether, and to what extent, the performance goal(s) for the performance period have been achieved. If the applicable performance goal(s) have been achieved, the Committee will then determine the actual size of each participant's award for the performance period. In determining the actual size of an individual award for a performance period, the Committee may, in its sole judgment, reduce or eliminate the maximum award payable to the participant for the performance period.

Awards will be paid in cash to participants as soon as administratively possible following completion of the Committee's certification of the attainment of the performance goals, unless the Committee determines that any

Table of Contents

award or any portion thereof will be deferred. In no event may a participant receive any payment (1) in respect of an award unless and until, and only to the extent that, the performance goal(s) for the applicable performance period are achieved and certified by the Committee and (2) of any award in excess of the annual limitation set forth under the plan.

Administration. The Incentive Compensation Plan is administered by the Committee. The Committee has full power to construe and interpret the plan, establish and amend rules and regulations for its administration, correct any defect, supply any omission and reconcile any inconsistency in the plan and any award granted thereunder, and perform all other acts relating to the plan, including the delegation of administrative responsibilities, that it believes reasonable and proper and in conformity with the purposes of the plan and the requirements of Section 162(m) of the Code. Any decision made, or action taken, by the Committee arising out of or in connection with the interpretation and/or administration of the plan is final, conclusive and binding on all persons affected thereby. In no event may the Committee use its discretionary authority to (1) provide payment in respect of any award for the applicable performance period have not been attained and certified by the Committee, (2) increase an award for any participant following the first 90 days of the performance period (or, if shorter, the maximum period allowed under Section 162(m) of the Code) or (3) increase an award above the maximum amount payable under the plan.

No member of the Board of Directors, the Committee or any employee of the Company or any of its subsidiaries or affiliates will be liable for any action taken or omitted or any determination made in good faith with respect to the plan or any award granted under the plan, and those persons will be indemnified in connection with such actions taken or omitted and such determination in accordance with the terms of the Incentive Compensation Plan.

Amendment/Termination. The Incentive Compensation Plan will continue in effect until terminated by the Board of Directors. The Committee may amend the Incentive Compensation Plan from time to time, repeal it entirely or direct the discontinuance of awards under the Incentive Compensation Plan either temporarily or permanently. Any plan amendment that changes (1) the persons eligible to receive awards under the Incentive Compensation Plan, (2) the criteria that may be used to set performance goals or (3) the maximum award payable to a plan participant, will not be effective prior to shareholder approval thereof.

Non-Transferability. No right or interest of any participant in the plan shall be assignable or transferable, or subject to any claims of any creditor or subject to any lien.

**The Board and management recommend a vote FOR the approval of the amendment and restatement
of our Incentive Compensation Plan.**

The foregoing right of indemnification shall not be available to a Covered Person to the extent that a court of competent jurisdiction in a final judgment or other final adjudication, in either case not subject to further appeal, determines that the acts or omissions of such Covered Person giving rise to the indemnification claim resulted from such Covered Person's bad faith, fraud or willful criminal act or omission or that such right of indemnification is otherwise prohibited by law. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which Covered Persons may be entitled under the Company's Restated Certificate of Incorporation or Restated Bylaws, as a matter of law, or otherwise, or any other power that the Company may have to indemnify such persons or hold them harmless.

(d) With respect to any Performance Compensation Award granted under the Plan, the Plan shall be interpreted and construed in accordance with Section 162(m) of the Code.

In any such case, the Board shall have all of the authority and responsibility granted to the Committee herein.

administrative authority shall only be permitted to the extent it is permissible under Section 162(m) of the Code, applicable securities laws (including, without limitation, Rule 16b-3 of the Exchange Act or any successor rule), and the rules of any Securities Exchange. Any delegation hereunder shall be subject to the restrictions and limits that the Board or Committee specifies at the time of such delegation, and the Board or Committee may at any time rescind the authority so delegated or appoint a new delegate. At all times, the delegatee appointed under this Section 3(f) shall serve in such capacity at the pleasure of the Board and the Committee.

Section 4. Shares Available for Awards.

(a) Shares Available. Subject to adjustment as provided in Section 4(b) and Section 7(c), (i) the aggregate number of Shares that may be delivered pursuant to Awards granted under the Plan shall be the sum of (x) 2,575,000 Shares and (y) any Shares which remained available for delivery under the Plan immediately prior to the effective date of shareholder approval of this amendment and restatement of the Plan; (ii) the maximum number of Shares with respect to which Options or SARs (or any other Award that is not a Full Value Award) may be granted to any Participant during a rolling 36-month period (measured from the date of any grant) shall be 1,500,000; (iii) the maximum number of Shares with respect to which Full Value Awards may be granted to any Participant during a rolling 36-month period (measured from the date of any grant) shall be 750,000; and (iv) the aggregate number of Shares with respect to which Incentive Stock Options may be granted shall be no more than the aggregate number of Shares authorized for delivery under the foregoing clause (i). If, after the effective date of shareholder approval of this amendment and restatement of the Plan, any Award granted under the Plan is forfeited, or otherwise expires, terminates, lapses or is canceled for any reason, or an Award is settled in cash without the delivery of Shares to the Participant, then the Shares covered by such Award shall again become available to be delivered pursuant to Awards under the Plan. Any Shares tendered or withheld to satisfy the grant or exercise price or tax withholding obligation pursuant to any Award, and any Shares subject to SARs that are not issued in connection with the stock settlement of such SARs on exercise thereof, shall again become available to be delivered pursuant to Awards under the Plan. The payment of Dividend Equivalents in cash in conjunction with any outstanding Awards shall not be counted against the Shares available to be delivered pursuant to Awards under the Plan.

Notwithstanding the provisions of this Section 4.1(a), no Shares may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify as an incentive stock option under Section 422 of the Code. To the extent that the aggregate fair market value of stock with respect to which incentive stock options (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by a Participant during any calendar year under the Plan, and all other plans of the Company and any subsidiary or parent corporation thereof (each as defined in Section 424(f) and (e) of the Code, respectively), exceeds \$100,000, the Options shall be treated as Nonqualified Stock Options to the extent required by Section 422 of the Code. The rule set forth in the preceding sentence shall be applied by taking Options and other incentive stock options into account in the order in which they were granted and the Fair Market Value of stock shall be determined as of the time the respective options were granted.

(b) Adjustments.

(i) In the event of any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), stock split, reverse stock split, reorganization, merger, consolidation, split-up, combination, repurchase, or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event, other than an Equity Restructuring, affects the Shares such that an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Award, then the Committee shall, in such manner as it may deem equitable, adjust any or all of (i) the number of Shares or other securities of the Company (or number and kind of other securities or property) with respect to which Awards may be granted (including, but not limited to, adjustments of the limitations in Section 4(a)) and (ii) the terms of any

Table of Contents

outstanding Award, including (A) the number of Shares or other securities of the Company (or number and kind of other securities or property) subject to outstanding Awards or to which outstanding Awards relate and (B) the Exercise Price with respect to any Award.

(ii) In connection with the occurrence of any Equity Restructuring, and notwithstanding anything to the contrary in Section 4(b)(i) or Section 7(c):

(A) The number and type of securities or other property subject to each outstanding Award and the exercise price or grant price thereof, if applicable, shall be equitably adjusted; and/or

(B) The Committee shall make such equitable adjustments, if any, as the Committee in its discretion may deem appropriate to reflect such Equity Restructuring with respect to the aggregate number and kind of Shares that may be issued under the Plan (including, but not limited to, adjustments of the limitations in Section 4(a)). The adjustments provided under this Section 4(b)(ii) shall be nondiscretionary and shall be final and binding on the affected Participant and the Company.

(c) Substitute Awards. Awards may, in the discretion of the Committee, be granted under the Plan in assumption of, or in substitution for, outstanding awards previously granted by a company acquired by the Company or with which the Company combines (Substitute Awards). The number of Shares underlying any Substitute Awards shall be counted against the aggregate number of Shares available for Awards under the Plan; provided, however, that Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding awards previously granted by an entity that is acquired by the Company or any of its Subsidiaries or Affiliates through a merger or acquisition shall not be counted against the aggregate number of Shares available for Awards under the Plan. In the event that an entity acquired by the Company or any of its Subsidiaries or Affiliates or with which the Company or any of its Subsidiaries or Affiliates combines has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the Shares authorized for grant under the Plan; provided that Awards using such available shares shall not be made after the date awards could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not employed by or providing services to the Company or its Affiliates immediately prior to such acquisition or combination.

(d) Sources of Shares Deliverable Under Awards. Any Shares delivered pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares or of treasury Shares.

Section 5. Eligibility. Any director, officer or other key employee (including any prospective officer or key employee) of the Company or any of its Subsidiaries (including any prospective officer or key employee) shall be eligible to be designated a Participant.

Section 6. Awards.

(a) Types of Awards. Subject to the provisions of the Plan (including, without limitation, Section 9(q)), Awards may be made under the Plan in the form of (i) Options, (ii) SARs, (iii) Restricted Shares, (iv) Restricted Share Units, (v) Deferred Share Units, (vi) Performance Share Units and (vii) other equity-based or equity-related Awards that the Committee determines are consistent with the purpose of the Plan and the interests of the Company. Awards may be granted in tandem with other Awards. No Incentive Stock Option (other than an Incentive Stock Option that may be assumed or issued by the Company in connection with a transaction to which Section 424(a) of the Code applies) may be granted to a person who is not eligible to receive an Incentive Stock Option under the Code.

Table of Contents

(b) Options.

(i) Grant. Subject to the provisions of the Plan (including, without limitation, Section 9(q)), the Committee shall have sole and complete authority to determine the Participants to whom Options shall be granted, the number of Shares to be covered by each Option, whether the Option will be an Incentive Stock Option or a Nonqualified Stock Option, and the conditions and limitations applicable to the exercise of the Option. In the case of Incentive Stock Options, the terms and conditions of such grants shall be subject to and comply with such rules as may be prescribed by Section 422 of the Code and any regulations related thereto, as may be amended from time to time. All Options granted under the Plan shall be Nonqualified Stock Options unless the applicable Award Agreement expressly states that the Option is intended to be an Incentive Stock Option. If an Option is intended to be an Incentive Stock Option, and if for any reason such Option (or any portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Option (or portion thereof) shall be regarded as a Nonqualified Stock Option appropriately granted under the Plan; provided that such Option (or portion thereof) otherwise complies with the Plan's requirements relating to Nonqualified Stock Options.

(ii) Exercise Price. The Exercise Price of each Share covered by an Option shall be set by the Committee, but, except in the case of Substitute Awards, shall not be less than 100% of the Fair Market Value of such Share on the date the Option is granted (or, in the case of Incentive Stock Options, on the date the Incentive Stock Option is modified, extended or renewed for purposes of Section 424(h) of the Code). Options are intended to qualify as qualified performance-based compensation under Section 162(m) of the Code. Repricing of Options granted under the Plan shall not be permitted without prior shareholder approval, and any action that would be deemed to result in a Repricing of an Option shall be deemed null and void if any requisite shareholder approval related thereto is not obtained prior to the effective time of such action.

(iii) Exercise. Each Option shall be vested and exercisable at such times and subject to such terms and conditions as the Committee may, in its sole discretion, specify in the applicable Award Agreement or thereafter. Except as otherwise specified by the Committee in the Award Agreement, Options shall become vested and exercisable with respect to one-third of the Shares subject to such Options on each of the first three anniversaries of the date of grant. The Committee may impose such conditions with respect to the exercise of Options, including without limitation, any relating to the application of Federal or state securities laws, as it may deem necessary or advisable.

(iv) Payment.

(A) No Shares shall be delivered pursuant to any exercise of an Option until payment in full of the aggregate Exercise Price therefor is received by the Company. Such payment may be made in cash, or its equivalent, or (x) by exchanging Shares owned by the Participant (which are not the subject of any pledge or other security interest), (y) subject to such rules as may be established by the Committee, through delivery of irrevocable instructions to a broker to sell the Shares otherwise deliverable upon the exercise of the Option and to deliver promptly to the Company an amount equal to the aggregate Exercise Price, or (z) subject to such rules as may be established by the Committee, by electing to have the Company withhold Shares otherwise deliverable upon the exercise of the Option, or by a combination of the foregoing; provided that the combined value of all cash and cash equivalents and the Fair Market Value of any such Shares so tendered to the Company as of the date of such tender is at least equal to such aggregate Exercise Price.

(B) Wherever in this Plan or any Award Agreement a Participant is permitted to pay the Exercise Price of an Option or taxes relating to the exercise of an Option by delivering Shares, the Participant may, subject to procedures satisfactory to the Committee, satisfy such delivery requirement by presenting proof of beneficial ownership of such Shares, in which case the Company shall treat the Option as exercised without further payment and shall withhold such number of Shares from the Shares acquired by the exercise of the Option.

Table of Contents

(v) Expiration. Each Option shall expire immediately, without any payment, upon the earlier of (A) the tenth anniversary of the date the Option is granted, or (B) except as otherwise set forth in the applicable Award Agreement, the date the Participant who is holding the Option ceases to be employed by the Company or one of its Subsidiaries. In no event may an Option be exercisable after the tenth anniversary of the date the Option is granted. An Award Agreement may provide that if on the last day of the term of an Option the Fair Market Value of one Share exceeds the Exercise Price of the Option, the Participant has not exercised the Option and the Option has not expired, the Option shall be deemed to have been exercised by the Participant on such day with payment made by withholding Shares otherwise issuable in connection with the exercise of the Option. In such event, the Company shall deliver to the Participant the number of Shares for which the Option was deemed exercised, less the number of Shares required to be withheld for the payment of the total purchase price and required withholding taxes; provided, however, any fractional Share shall be settled in cash.

(c) SARs.

(i) Grant. Subject to the provisions of the Plan (including, without limitation, Section 9(q)), the Committee shall have sole and complete authority to determine the Participants to whom SARs shall be granted, the number of Shares to be covered by each SAR Award, the Exercise Price thereof and the conditions and limitations applicable to the exercise thereof. SARs may be granted in tandem with another Award, in addition to another Award or freestanding and unrelated to another Award. SARs granted in tandem with or in addition to an Award may be granted either at the same time as the Award or at a later time.

(ii) Exercise Price. The Exercise Price of each Share covered by an SAR shall be set by the Committee, but, except in the case of Substitute Awards, shall not be less than 100% of the Fair Market Value of such Share on the date the SAR is granted; provided that, to the extent permitted under Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, the Exercise Price of each Share covered by a tandem SAR that is granted subsequent to the grant date of the related Option may be less than 100% of the Fair Market Value of such Share on the date the tandem SAR is granted (but in no event less than the Exercise Price of the related Option). SARs are intended to qualify as qualified performance-based compensation under Section 162(m) of the Code. Repricing of SARs granted under the Plan shall not be permitted without prior shareholder approval, and any action that would be deemed to result in a Repricing of an SAR shall be deemed null and void if any requisite shareholder approval related thereto is not obtained prior to the effective time of such action.

(iii) Exercise and Payment. An SAR shall entitle the Participant to receive an amount equal to the excess, if any, of the Fair Market Value of a Share on the date of exercise of the SAR over the Exercise Price thereof. The Committee shall determine, in its sole discretion, whether an SAR shall be settled in cash, Shares, other securities, other Awards or other property, or a combination of any of the foregoing.

(iv) Other Terms and Conditions. Subject to the terms of the Plan and any applicable Award Agreement, the Committee shall determine, at or after the grant of an SAR, the term, methods of exercise, methods and form of settlement, and any other terms and conditions of any SAR. Any such determination by the Committee may be changed by the Committee from time to time and may govern the exercise of SARs granted or exercised thereafter. The Committee may impose such conditions or restrictions on the exercise of any SAR as it shall deem appropriate or desirable. In no event may an SAR be exercisable after the tenth anniversary of the date the SAR is granted. An Award Agreement may provide that if on the last day of the term of an SAR the Fair Market Value of one Share exceeds the Exercise Price of the SAR, the Participant has not exercised the SAR or the tandem Option (if applicable), and neither the SAR nor the Option has expired, the SAR shall be deemed to have been exercised by the Participant on such day. In such event, the Company shall make payment to the Participant in accordance with this Section 6(c), reduced by the number of Shares (or cash) required for withholding taxes; provided, however, any fractional Share shall be settled in cash.

(d) Restricted Shares and Restricted Share Units.

(i) Grant. Subject to the provisions of the Plan (including, without limitation, Section 9(q)), the Committee shall have sole and complete authority to determine the Participants to whom Restricted Shares and Restricted Share Units shall be granted, the number of Restricted Shares and Restricted Share Units to be granted to each Participant, the duration of the period during which, and the conditions, if any, under which, the Restricted Shares and Restricted Share Units may be forfeited to the Company, and the other terms and conditions of such Awards.

(ii) Transfer Restrictions. Restricted Shares and Restricted Share Units may not be sold, assigned, transferred, pledged or otherwise encumbered except, in the case of Restricted Shares, as provided in the Plan or the applicable Award Agreement. Certificates issued in respect of Restricted Shares shall be registered in the name of the Participant and deposited by such Participant, together with a stock power endorsed in blank, with the Company or such other custodian as may be designated by the Committee or the Company, and shall be held by the Company or other custodian, as applicable, until such time as the restrictions applicable to such Restricted Shares lapse. Upon the lapse of the restrictions applicable to such Restricted Shares, the Company or other custodian, as applicable, shall deliver such certificates to the Participant or the Participant's legal representative.

(iii) Payment. Each Restricted Share Unit shall have a value equal to the Fair Market Value of a Share. Restricted Share Units shall be paid in cash, Shares, other securities, other Awards or other property, as determined in the sole discretion of the Committee, upon the lapse of restrictions applicable thereto, or otherwise in accordance with the applicable Award Agreement, but in any event within the period required by Section 409A of the Code such that it qualifies as a short-term deferral pursuant to Section 1.409A-1(b)(4) of the Department of Treasury regulations, unless the Committee shall determine that any such Award shall be deferred.

(iv) Dividends. Dividends paid on any Restricted Shares may be paid directly to the Participant, withheld by the Company subject to vesting of the Restricted Shares pursuant to the terms of the applicable Award Agreement, or may be reinvested in additional Restricted Shares or in additional Restricted Share Units, as determined by the Committee in its sole discretion; provided that any such dividends on Restricted Shares designated as a Performance Compensation Award shall be withheld by the Company subject to vesting of the Restricted Shares pursuant to the terms of the applicable Award Agreement, and, only after such Restricted Shares have vested pursuant to the terms of the applicable Award Agreement, any dividends so withheld may be paid directly to the Participant or may be reinvested in additional Restricted Shares or in additional Restricted Share Units, as determined by the Committee in its sole discretion.

(e) Other Stock-Based Awards. Subject to the provisions of the Plan (including, without limitation, Section 9(q)), the Committee shall have the sole and complete authority to grant to Participants other equity-based or equity-related Awards (including Deferred Share Units and Performance Share Units) in such amounts and subject to such terms and conditions as the Committee shall determine; provided that any such Awards must comply, to the extent deemed desirable by the Committee, with Rule 16b-3 and applicable law.

(f) Dividend Equivalents. Subject to the provisions of the Plan (including, without limitation, Section 9(q)), in the sole and complete discretion of the Committee, an Award, other than an Option or SAR, may provide the Participant with dividends or dividend equivalents, payable in cash, Shares, other securities, other Awards or other property, on a current or deferred basis, on such terms and conditions as may be determined by the Committee in its sole discretion, including, without limitation, payment directly to the Participant, withholding of such amounts by the Company subject to vesting of the Award, or reinvestment in additional Shares, Restricted Shares, Restricted Share Units or other Awards; provided that any such dividends or dividend equivalents with respect to Restricted Shares or Restricted Share Units designated as a Performance Compensation Award shall be withheld by the Company subject to vesting of the Restricted Shares or Restricted Share Units pursuant to the

Table of Contents

terms of the applicable Award Agreement, and, only after such Restricted Shares have vested pursuant to the terms of the applicable Award Agreement, any dividends or dividend equivalents so withheld may be paid directly to the Participant or may be reinvested in additional Shares, Restricted Shares, Restricted Share Units or other Awards, as determined by the Committee in its sole discretion.

(g) Performance Compensation Awards.

(i) General. The Committee shall have the authority, at the time of grant of any Award, to designate such Award (other than Options and SARs) as a Performance Compensation Award in order to qualify such Award as qualified performance-based compensation under Section 162(m) of the Code. Options and SARs granted under the Plan shall not be included among Awards that are designated as Performance Compensation Awards under this Section 6(g).

(ii) Eligibility. The Committee will, in its sole discretion, designate within the first 90 days of a Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) which Participants will be eligible to receive Performance Compensation Awards in respect of such Performance Period. However, designation of a Participant eligible to receive an Award hereunder for a Performance Period shall not in any manner entitle the Participant to receive payment in respect of any Performance Compensation Award for such Performance Period. The determination as to whether or not such Participant becomes entitled to payment in respect of any Performance Compensation Award shall be decided solely in accordance with the provisions of this Section 6(g). Moreover, designation of a Participant eligible to receive an Award hereunder for a particular Performance Period shall not require designation of such Participant eligible to receive an Award hereunder in any subsequent Performance Period and designation of one person as a Participant eligible to receive an Award hereunder shall not require designation of any other person as a Participant eligible to receive an Award hereunder in such period or in any other period.

(iii) Discretion of Committee with Respect to Performance Compensation Awards. With regard to a particular Performance Period, the Committee shall have full discretion to select the length of such Performance Period, the type(s) of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goals(s) that is (are) to apply to the Company or any of its Subsidiaries, Affiliates, divisions or operational units, or any combination of the foregoing, and the Performance Formula. Within the first 90 days of a Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), the Committee shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence and record the same in writing.

(iv) Performance Criteria. Notwithstanding the foregoing, the Performance Criteria that will be used to establish the Performance Goal(s) shall be based on the attainment of specific levels of performance of the Company or any of its Subsidiaries, Affiliates, divisions or operational units, or any combination of the foregoing, and shall be limited to the following: (1) net income before or after taxes, (2) earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization), (3) operating income, (4) earnings per share, (5) return on shareholders equity, (6) return on investment, (7) return on assets, (8) level or amount of acquisitions, (9) share price, (10) profitability/profit margins, (11) market share, (12) revenues or sales (based on units and/or dollars), (13) costs, (14) cash flow, (15) working capital, (16) objective measures of customer satisfaction, (17) objective measures of employee satisfaction, (18) expense levels and expense ratios, (19) gross margin and gross margin ratios, (20) employee turnover, (21) implementation of systems, (22) completion of projects, (23) level or amount of divestitures, (24) goals related to capitalization or restructuring of the balance sheet, and (25) goals related to management or expense restructuring. The Performance Criteria may be applied on an absolute basis and/or be relative to one or more peer companies or indices or any combination thereof. To the extent required under Section 162(m) of the Code, the Committee shall, within the first 90 days of the applicable Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), define in an objective fashion the manner of calculating the Performance Criteria it selects to use for such Performance Period.

Table of Contents

(v) Performance Goals. The Committee is authorized at any time during the first 90 days of a Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), or any time thereafter (but only to the extent the exercise of such authority after such 90-day period (or such shorter period, if applicable) would not cause the Performance Compensation Awards granted to any Participant for the Performance Period to fail to qualify as qualified performance-based compensation under Section 162(m) of the Code), in its sole and absolute discretion, to adjust or modify the calculation of a Performance Goal for such Performance Period to the extent permitted under Section 162(m) of the Code (1) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development affecting the Company, or any of its Affiliates, Subsidiaries, divisions or operating units (to the extent applicable to such Performance Goal) or (2) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company or any of its Affiliates, Subsidiaries, divisions or operating units (to the extent applicable to such Performance Goal), or the financial statements of the Company or any of its Affiliates, Subsidiaries, divisions or operating units (to the extent applicable to such Performance Goal), or of changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange, accounting principles, law or business conditions.

(vi) Payment of Performance Compensation Awards.

(A) Condition to Receipt of Payment. A Participant must be employed by the Company on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period. Notwithstanding the foregoing, in the discretion of the Committee, Performance Compensation Awards may be paid to Participants who have retired or whose employment has terminated after the beginning of the Performance Period for which a Performance Compensation Award is made, or to the designee or estate of a Participant who died prior to the last day of a Performance Period, but not unless and until the Committee has certified attainment of the relevant Performance Goal(s) in accordance with Section 6(g)(vi)(C).

(B) Limitation. A Participant shall be eligible to receive payments in respect of a Performance Compensation Award only to the extent that (1) the Performance Goal(s) for such period are achieved and certified by the Committee in accordance with Section 6(g)(vi)(C) and (2) the Performance Formula as applied against such Performance Goal(s) determines that all or some portion of such Participant's Performance Compensation Award has been earned for the Performance Period.

(C) Certification. Following the completion of a Performance Period, the Committee shall meet to review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, to calculate and certify in writing that amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee shall then determine the actual size of each Participant's Performance Compensation Award for the Performance Period and, in so doing, may apply negative discretion as authorized by Section 6(g).

(D) Negative Discretion. In determining the actual size of an individual Performance Compensation Award for a Performance Period, the Committee may, in its sole judgment, reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period.

(E) Timing of Award Payments. The Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively possible following completion of the certifications required by Section 6(g), but in any event within the period required by Section 409A of the Code such that it qualifies as a short-term deferral pursuant to Section 1.409A-1(b)(4) of the Department of Treasury regulations, unless the Committee shall determine that any Performance Compensation Award shall be deferred.

(F) Maximum Award Payable. Notwithstanding any provision contained in this Plan to the contrary, the maximum Performance Compensation Award that may be granted to any one Participant under the Plan during a rolling 36-month period (measured from the date of any grant) is 1,500,000

Table of Contents

Shares or, in the event the Performance Compensation Award is paid in cash, other securities, other Awards or other property, the equivalent cash value of 1,500,000 Shares on the last day of the Performance Period to which such Award relates, in each case subject to adjustment as provided in Section 4(b). Furthermore, any Performance Compensation Award that has been deferred shall not (between the date as of which the Award is deferred and the payment date) increase in a manner prohibited by Section 162(m) of the Code.

(G) Discretion. In no event shall any discretionary authority granted to the Committee by the Plan be used to (x) grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained, (y) increase a Performance Compensation Award for any Participant at any time after the first 90 days of the Performance Period (or, if shorter, the maximum period allowed under Section 162(m)) or (z) increase a Performance Compensation Award above the maximum amount payable under Sections 4(a) or 6(g) of the Plan.

Section 7. Amendment and Termination.

(a) Amendments to the Plan. The Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; provided that no such amendment, alteration, suspension, discontinuation or termination shall be made without shareholder approval, if such approval is necessary to comply with any tax or regulatory requirement applicable to the Plan (including, without limitation, the rules of any Securities Exchange), and no amendment to the definition of Repricing shall be made without shareholder approval; and provided further that any such amendment, alteration, suspension, discontinuance or termination that would impair the rights of any Participant or any holder or beneficiary of any Option theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary.

(b) Amendments to Awards. The Committee may waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any Award theretofore granted, prospectively or retroactively; provided that no such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination (including, without limitation, any Repricing) shall be made without shareholder approval if such approval is necessary to comply with any tax or regulatory requirement applicable to the Award (including, without limitation, the rules of any Securities Exchange); and provided further that any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would impair the rights of any Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary.

(c) Adjustment of Awards. Upon the Occurrence of Certain Unusual or Nonrecurring Events. The Committee is hereby authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4(b) hereof or the occurrence of a Change of Control), other than an Equity Restructuring, affecting the Company, any Affiliate, or the financial statements of the Company or any Affiliate, or of changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange, accounting principles or law (i) whenever the Committee, in its sole discretion, determines that such adjustments are appropriate or desirable, including, without limitation, providing for a substitution or assumption of Awards, accelerating the exercisability of, lapse of restrictions on, or termination of, Awards or providing for a period of time for exercise prior to the occurrence of such event and (ii) if deemed appropriate or desirable by the Committee, in its sole discretion, by providing for a cash payment to the holder of an Award in consideration for the cancellation of such Award, including, in the case of an Option or SAR, a cash payment to the holder of such Option or SAR in consideration for the cancellation of such Option or SAR in an amount equal to the excess, if any, of the Fair Market Value (as of a date specified by the Committee) of the Shares subject to the Option or SAR over the aggregate Exercise Price of such Option or SAR (it being understood that, in such event, any Option or SAR having a per Share Exercise Price equal to, or in excess of, the Fair Market Value of a Share

Table of Contents

subject to such Option or SAR may be canceled and terminated without any payment or consideration therefor); provided, however, that no adjustment pursuant to this Section 7(c) shall be authorized to the extent that such authority or adjustment would cause an Award designated by the Committee as a Performance Compensation Award under Section 6(g) of the Plan to fail to qualify as qualified performance-based compensation under Section 162(m) of the Code.

In the event of (i) a merger of the Company with or into another corporation, (ii) a merger of any Subsidiary with or into another corporation that requires the approval of the Company's stockholders under the law of the Company's jurisdiction of organization, or (iii) the sale or disposition of substantially all of the assets of the Company, each outstanding Option shall either continue in effect, be assumed or an equivalent option substituted therefor by the successor corporation or a parent corporation (as defined in Section 424(e) of the Code) or subsidiary corporation (as defined in Section 424(f) of the Code) of the successor corporation, subject to any accelerated vesting in accordance with Section 8 hereof. In the event that the Option does not continue in effect or the successor corporation refuses to assume or substitute for the Option, the Participant shall fully vest in and have the right to exercise the Option as to all Shares subject to the Option, including Shares as to which it would not otherwise be vested or exercisable (to the extent not otherwise vested under Section 8 hereof). If an Option becomes fully vested and exercisable in lieu of continuation, assumption or substitution as set forth in this paragraph, the Company shall notify the Participant in writing or electronically that the Option shall be fully vested and exercisable for a period of fifteen (15) days from the date of such notice, or such shorter period as the Committee may determine to be reasonable, and the Option shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option shall be considered assumed if, following the merger or sale or disposition of assets, the option confers the right to purchase or receive, for each Share subject to the Option immediately prior to the merger or sale or disposition of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale or disposition of assets by holders of Shares for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale or disposition of assets is not solely common stock of the successor corporation or its parent corporation or subsidiary corporation, the Committee may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option, for each Share subject to the Option, to be solely common stock of the successor corporation or its parent corporation or subsidiary corporation equal in fair market value to the per share consideration received by holders of Shares in the merger or sale or disposition of assets.

Section 8. Change of Control. Unless otherwise provided in the applicable Award Agreement, in the event of a Change of Control after the date of the adoption of this Plan, (a) any outstanding Options and SARs then held by Participants that are unexercisable or otherwise unvested shall automatically be deemed exercisable or otherwise vested, as the case may be, as of immediately prior to such Change of Control and (b) all other outstanding Awards (i.e., other than Options and SARs) then held by Participants that are unexercisable, unvested or still subject to restrictions, forfeiture or satisfaction of Performance Goals, shall automatically be deemed exercisable or vested, all restrictions and forfeiture provisions related thereto shall lapse, and all Performance Goals shall be deemed to have been satisfied at the target level, as the case may be, as of immediately prior to such Change of Control.

Section 9. General Provisions.

(a) Nontransferability. Each Award (and any rights and obligations thereunder) shall be exercisable only by the Participant during the Participant's lifetime, or, if permissible under applicable law, by the Participant's legal guardian or representative, and no Award (or any rights and obligations thereunder) may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant otherwise than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or any Affiliate; provided that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer or

Table of Contents

encumbrance. All terms and conditions of the Plan and all Award Agreements shall be binding upon any permitted successors and assigns. Notwithstanding the foregoing, the Committee, in its sole discretion, may determine to permit a Participant to transfer an Award other than an Incentive Stock Option to any one or more Permitted Transferees, subject to any state, federal, local or foreign tax and securities laws applicable to transferable Awards, and subject to the following terms and conditions: (i) an Award transferred to a Permitted Transferee shall not be assignable or transferable by the Permitted Transferee other than by will or the laws of descent and distribution, (ii) an Award transferred to a Permitted Transferee shall continue to be subject to all the terms and conditions of the Award as applicable to the original Participant (other than the ability to further transfer the Award), and (iii) the Participant and the Permitted Transferee shall execute any and all documents requested by the Committee, including, without limitation documents to (x) confirm the status of the transferee as a Permitted Transferee, (y) satisfy any requirements for an exemption for the transfer under applicable federal, state and foreign securities laws and (z) evidence the transfer.

(b) No Rights to Awards. No Participant or other Person shall have any claim to be granted any Award, and there is no obligation for uniformity of treatment of Participants, or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant (whether or not such Participants are similarly situated).

(c) Share Certificates. All certificates for Shares or other securities of the Company or any Affiliate delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan, the applicable Award Agreement or the rules, regulations, and other requirements of the SEC, any stock exchange upon which such Shares or other securities are then listed, and any applicable Federal or state laws, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(d) Withholding.

(i) A Participant may be required to pay to the Company or any Affiliate and the Company or any Affiliate shall have the right and is hereby authorized to withhold from any Award, from any payment due or transfer made under any Award or under the Plan or from any compensation or other amount owing to a Participant the amount (in cash, Shares, other securities, other Awards or other property) of any applicable withholding taxes in respect of an Award, its exercise, or any payment or transfer under an Award or under the Plan and to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for the payment of such taxes.

(ii) Without limiting the generality of clause (i) above, a Participant may satisfy, in whole or in part, the foregoing withholding liability by delivery of Shares owned by the Participant (which are not subject to any pledge or other security interest) with a Fair Market Value equal to such withholding liability or by having the Company withhold from the number of Shares otherwise issuable pursuant to the exercise of the Option a number of Shares with a Fair Market Value equal to such withholding liability. The number of Shares which may be so withheld shall be limited to the number of Shares which have a fair market value on the date of withholding equal to the aggregate amount of such liabilities not to exceed the minimum statutory withholding rates for federal, state, local and foreign income tax and payroll tax purposes that are applicable to such supplemental taxable income.

(e) Award Agreements. Each Award hereunder shall be evidenced by an Award Agreement, which shall be delivered to the Participant and shall specify the terms and conditions of the Award and any rules applicable thereto, including but not limited to the effect on such Award of the death, disability or termination of employment or service of a Participant, and the effect, if any, of such other events as may be determined by the Committee.

(f) No Limit on Other Compensation Arrangements. Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other compensation arrangements, which may,

but need not, provide for the grant of options restricted stock, shares and other types of Awards provided for hereunder (subject to shareholder approval if such approval is required), and such arrangements may be either generally applicable or applicable only in specific cases.

(g) No Right to Employment. The grant of an Award shall not be construed as giving a Participant the right to be retained in the employ of, or in any consulting relationship to, the Company or any Affiliate, nor shall it be construed as giving a Participant any rights to continued service on the Board. Further, the Company or an Affiliate may at any time dismiss a Participant from employment or discontinue any consulting relationship, free from any liability or any claim under the Plan, unless otherwise expressly provided in the Plan or in any Award Agreement.

(h) No Rights as Shareholder. No Participant or holder or beneficiary of any Award shall have any rights as a shareholder with respect to any Shares to be distributed under the Plan until he or she has become the holder of such Shares. In connection with each grant of Restricted Shares, the applicable Award Agreement shall specify if and to what extent the Participant shall not be entitled to the rights of a shareholder in respect of such Awards; provided, however, that Restricted Shares shall, unless otherwise provided in the Award Agreement, remain subject to the provisions of Section 6(d)(ii) and (iv). Except as otherwise provided in Section 4(b), Section 7(c) or the applicable Award Agreement, no adjustments shall be made for dividends or distributions on (whether ordinary or extraordinary, and whether in cash, Shares, other securities or other property), or other events relating to, Shares subject to an Award for which the record date is prior to the date such Shares are delivered or otherwise become vested.

(i) Governing Law. The validity, construction, and effect of the Plan and any rules and regulations relating to the Plan and any Award Agreement shall be determined in accordance with the laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.

(j) Severability. If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, Person or Award and the remainder of the Plan and any such Award shall remain in full force and effect.

(k) Other Laws. The Committee may refuse to issue or transfer any Shares or other consideration under an Award if, acting in its sole discretion, it determines that the issuance or transfer of such Shares or such other consideration might violate any applicable law or regulation or entitle the Company to recover the same under Section 16(b) of the Exchange Act, and any payment tendered to the Company by a Participant, other holder or beneficiary in connection with the exercise of such Award shall be promptly refunded to the relevant Participant, holder or beneficiary. Without limiting the generality of the foregoing, no Award granted hereunder shall be construed as an offer to sell securities of the Company, and no such offer shall be outstanding, unless and until the Committee in its sole discretion has determined that any such offer, if made, would be in compliance with all applicable requirements of the U.S. Federal and any other applicable securities laws.

(l) No Trust or Fund Created. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company or any Affiliate.

(m) No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash, other securities, or other property shall be paid or

transferred in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be canceled, terminated, or otherwise eliminated.

(n) Requirement of Consent and Notification of Election Under Section 83(b) of the Code or Similar Provision. No election under Section 83(b) of the Code (to include in gross income in the year of transfer the amounts specified in Section 83(b) of the Code) or under a similar provision of law may be made unless expressly permitted by the terms of the applicable Award Agreement or by action of the Committee in writing prior to the making of such election. If an Award recipient, in connection with the acquisition of Shares under the Plan or otherwise, is expressly permitted under the terms of the applicable Award Agreement or by such Committee action to make any such election and the Participant makes the election, the Participant shall notify the Committee of such election within ten days of filing notice of the election with the Internal Revenue Service or other governmental authority, in addition to any filing and notification required pursuant to regulations issued under Section 83(b) of the Code or other applicable provision.

(o) Requirement of Notification Upon Disqualifying Disposition Under Section 421(b) of the Code. If any Participant shall make any disposition of Shares delivered pursuant to the exercise of an Incentive Stock Option under the circumstances described in Section 421(b) of the Code (relating to certain disqualifying dispositions) or any successor provision of the Code, such Participant shall notify the Company of such disposition within ten days thereof.

(p) Headings. Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

(q) Section 409A. To the extent applicable, the Plan and Award Agreements shall be interpreted in accordance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder. Notwithstanding any provision of the Plan to the contrary, in the event that the Committee determines that any Award may be subject to Section 409A of the Code, the Committee may adopt such amendments to the Plan and the applicable Award Agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Committee determines are necessary or appropriate to (i) exempt the Award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (ii) comply with the requirements of Section 409A of the Code and related Department of Treasury guidance and thereby avoid the application of penalty taxes under Section 409A of the Code.

(r) Forfeiture; Clawback. The Committee may, in its sole discretion, specify in the applicable Award Agreement that any realized gain with respect to Options or SARs and any realized value with respect to other Awards shall be subject to forfeiture or clawback, in the event of (i) a Participant's breach of any non-competition, non-solicitation, confidentiality or other restrictive covenants with respect to the Company or its Subsidiaries or (ii) a financial restatement that reduces the amount of bonus or incentive compensation previously awarded to a Participant that would have been earned had results been properly reported.

Section 10. Term of the Plan.

(a) Effective Date. The Plan shall be effective as of the date of its approval by the Board.

(b) Expiration Date. No Award shall be granted under the Plan after the tenth anniversary of the date the Plan is approved under Section 10(a). Unless otherwise expressly provided in the Plan or in an applicable Award Agreement, any Award granted hereunder may, and the authority of the Board or the Committee to amend, alter, adjust, suspend, discontinue, or terminate any such Award or to waive any conditions or rights under any such Award shall, nevertheless continue thereafter.

SECTION 4. *Maximum Awards.* Awards payable with respect to any fiscal year of the Company to any Participant shall not exceed \$5,000,000.

SECTION 5. *Eligibility.* (a) Within the first 90 days of the applicable Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) (the *Establishment Period*), the Committee shall select those Eligible Employees who shall participate in the Plan for such Performance Period. In determining those Eligible Employees who are selected to participate in the Plan, the Committee shall give consideration to the contribution made by the Employee to the achievement of Asbury's established objectives and such other matters as it shall deem relevant. The Committee shall have the authority at any time prior to the payment of Awards for the applicable Performance Period to remove Participants from the Plan for that Performance Period.

(b) To be eligible to receive an Award, the Eligible Employee must be employed on the date Asbury makes payments with respect to Awards for the applicable Performance Period. Notwithstanding the foregoing, in the discretion of the Committee, Awards may be made to Eligible Employees who have retired or whose employment has terminated after the beginning of the Performance Period for which an Award is made, or to the designee or estate of an Eligible Employee who died prior to the date on which Asbury makes payments with respect to Awards for the applicable Performance Period, but not unless and until the Committee has certified attainment of the relevant performance goals in accordance with Section 7(b).

SECTION 6. *Awards.* (a) Subject to the terms of the Plan, the Committee shall have the authority to determine the terms of any Award.

(b) Within the Establishment Period, the Committee shall establish in writing (i) the length of the Performance Period, (ii) the Eligible Employees who shall participate in the applicable Performance Period, (iii) the target/maximum Award payable to each Participant and (iv) the performance goal(s) for Awards granted for that Performance Period. The performance goal(s) that may be selected by the Committee shall be based upon one or more of the following criteria: (A) net income before or after taxes, (B) earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization), (C) operating income, (D) earnings per share, (E) return on stockholders' equity, (F) return on investment, (G) return on assets, (H) level or amount of acquisitions, (I) share price, (J) profitability/profit margins, (K) market share, (L) revenues or sales (based on units and/or dollars), (M) costs, (N) cash flow, (O) working capital, (P) objective measures of customer satisfaction, (Q) objective measures of objective measures of employee satisfaction, (R) expense levels and expense ratios, (S) gross margin and gross margin ratios, (T) employee turnover, (U) implementation of systems, (V) completion of projects, (W) level or amount of divestitures, (X) goals related to capitalization or restructuring of the balance sheet, and (Y) goals related to management or expense restructuring. The foregoing criteria may, as determined by the Committee, relate to the Company, one or more of its subsidiaries, affiliates, divisions or operational units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer companies or indices or any combination thereof. To the extent required under Section 162(m) of the Code, within the Establishment Period, the Committee shall define, in writing and in an objective fashion, the manner of calculating the performance criteria it selects to use for the applicable Performance Period in order to determine whether the applicable performance goal(s) have been attained.

(c) The Committee is authorized at any time during the Establishment Period, or any time thereafter (but only to the extent the exercise of such authority after the Establishment Period would not cause the applicable Awards to fail to qualify as qualified performance-based compensation under Section 162(m) of the Code), in its sole and absolute discretion, to adjust or modify the calculation of performance goal(s) for the applicable Performance Period to the extent permitted under Section 162(m) of the Code (i) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development affecting the Company, or any of its subsidiaries, affiliates, divisions or operating units (to the extent applicable to such performance goal(s)) or (ii) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company or any of its subsidiaries, affiliates, divisions or operating units (to the extent applicable).

to such performance goal(s)), or the financial statements of the Company or any of its subsidiaries, affiliates, divisions or operating units (to the extent applicable to such performance goal(s)), or of changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange, accounting principles, law or business conditions.

SECTION 7. *Payment of Awards.* (a) Awards payable under the Plan for a Performance Period shall be paid in cash to Participants as soon as administratively possible following completion of the performance goal certifications required by Section 7(b), but in any event within the period required by Section 409A such that it qualifies as a short-term deferral pursuant to Section 1.409A-1(b)(4) of the Department of Treasury regulations, unless the Committee shall determine that any Award or any portion thereof shall be deferred pursuant to an approved deferred compensation plan in accordance with Section 409A. In no event may a Participant receive any payment (i) in respect of an Award unless and until, and only to the extent that, the performance goal(s) for the applicable Performance Period are achieved and certified by the Committee in accordance with Section 7(b) and (ii) of any Award in excess of the limitation set forth in Section 4.

(b) Following the completion of the applicable Performance Period, the Committee shall meet to review and certify in writing whether, and to what extent, the performance goal(s) for the Performance Period have been achieved. If the applicable performance goal(s) have been achieved, the Committee shall then determine the actual size of each Participant's Award for the Performance Period. In determining the actual size of an individual Award for a Performance Period, the Committee may, in its sole judgment, reduce or eliminate the maximum Award payable to the Participant for the Performance Period.

SECTION 8. *Administration and Interpretation.* (a) The Committee shall have full authority to administer the Plan. The Committee shall have full power to construe and interpret the Plan, establish and amend rules and regulations for its administration, correct any defect, supply any omission and reconcile any inconsistency in the Plan and any Award, and perform all other acts relating to the Plan, including the delegation of administrative responsibilities, that it believes reasonable and proper and in conformity with the purposes of the Plan and the requirements of Section 162(m) of the Code.

(b) The Committee has sole responsibility for selecting Eligible Employees and Participants, establishing performance goals, setting Performance Periods, setting target/maximum Award amounts, certifying whether performance goals have been attained and determining actual Award amounts.

(c) Any decision made, or action taken, by the Committee arising out of or in connection with the interpretation and/or administration of the Plan shall be final, conclusive and binding on all persons affected thereby.

(d) In no event shall any discretionary authority granted to the Committee by the Plan be used to (i) provide payment in respect of any Award if the performance goal(s) for the applicable Performance Period have not been attained and certified by the Committee, (ii) increase an Award for any Participant following the Establishment Period or (iii) increase an Award above the maximum amount payable under Section 4 of the Plan.

SECTION 9. *Amendment/Termination.* The Committee shall have the right to amend the Plan from time to time or to repeal it entirely or to direct the discontinuance of Awards either temporarily or permanently; *provided, however*, that no amendment of the Plan that changes (i) the persons eligible to receive Awards under the Plan, (ii) the criteria that may be used to set performance goals under the Plan, as set forth in Section 6(b), or (iii) the maximum Award payable to an Eligible Employee, as set forth in Section 4, shall be effective before approval by shareholders in a manner that complies with the requirements of Section 162(m) of the Code.

SECTION 10. *Special Awards and Other Plans.* (a) Nothing contained in the Plan shall prohibit Asbury from establishing other special awards or incentive compensation plans providing for the payment of incentive compensation to Employees (including Eligible Employees).

Table of Contents

(b) Payments or benefits provided to an Eligible Employee under any stock, deferred compensation, savings, retirement or other employee benefit plan are governed solely by the terms of such plan.

SECTION 11. *Rights of Eligible Employees.* (a) Neither the Plan, nor the adoption or operation of the Plan, nor any documents describing or referring to the Plan (or any part hereof) shall confer upon any Employee any right to continue in the employ of Asbury.

(b) No individual to whom an Award has been made or any other party shall have any interest in any asset of Asbury until such amount has been paid.

(c) No right or interest of any Participant in the Plan shall be assignable or transferable, or subject to any claims of any creditor or subject to any lien.

SECTION 12. *Miscellaneous.* (a) All expenses and costs incurred in connection with the operation of the Plan shall be borne by Asbury, and no part therefor (other than the amounts of Awards under the Plan) shall be charged against the maximum limitation of Section 4.

(b) All Awards are subject to withholding, where applicable, for Federal, state, local and foreign taxes.

(c) Any provision of the Plan that is held to be invalid, illegal or unenforceable (whether in whole or in part) shall be deemed modified to the extent, but only to the extent, of such invalidity, illegality or unenforceability and the remaining provisions of the Plan shall not be affected thereby.

(d) The Plan and the rights and obligations of the parties to the Plan shall be governed by, and construed and interpreted in accordance with, the laws of the State of Delaware (without regard to principles of conflicts of law).

(e) All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, including any purchaser of all or substantially all the assets of the Company.

(f) No member of the Board of Directors, the Committee or any employee of Asbury (each such person, a Covered Person) shall be liable for any action taken or omitted to be taken or any determination made in good faith with respect to the Plan or any Award hereunder. Each Covered Person shall be indemnified and held harmless by the Company against and from (i) any loss, cost, liability or expense (including attorneys' fees) that may be imposed upon or incurred by such Covered Person in connection with or resulting from any action, suit or proceeding to which such Covered Person may be a party or in which such Covered Person may be involved by reason of any action taken or omitted to be taken under the Plan or any Award Agreement and (ii) any and all amounts paid by such Covered Person, with the Company's approval, in settlement thereof, or paid by such Covered Person in satisfaction of any judgment in any such action, suit or proceeding against such Covered Person; *provided* that the Company shall have the right, at its own expense, to assume and defend any such action, suit or proceeding and, once the Company gives notice of its intent to assume the defense, the Company shall have sole control over such defense with counsel of the Company's choice. The foregoing right of indemnification shall not be available to a Covered Person to the extent that a court of competent jurisdiction in a final judgment or other final adjudication, in either case not subject to further appeal, determines that the acts or omissions of such Covered Person giving rise to the indemnification claim resulted from such Covered Person's bad faith, fraud or willful criminal act or omission or that such right of indemnification is otherwise prohibited by law. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which Covered Persons may be entitled under the Company's Restated Certificate of Incorporation or Restated Bylaws, as a matter of law, or otherwise, or any other power that the Company may have to indemnify such persons or hold them harmless.

(g) To the extent applicable, the Plan and the Awards shall be interpreted in accordance with Section 409A. Notwithstanding any provision of the Plan to the contrary, in the event that the Committee determines that any Award may be subject to Section 409A, the Committee may adopt such amendments to the Plan and the applicable Award or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Committee determines are necessary or appropriate to (i) exempt the Award from Section 409A and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (ii) comply with the requirements of Section 409A and thereby avoid the application of penalty taxes under Section 409A.
