Section 5 Corporate Governance and Management

Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensation Arrangements of Certain Officers.

On June 7, 2010 at the annual meeting of stockholders, the stockholders of DaVita Inc. (DaVita) approved an amendment (the Amendment) to the DaVita Inc. 2002 Equity Compensation Plan (the Plan), which was approved by DaVita s Board of Directors on April 23, 2010, subject to stockholder approval. The Amendment to the Plan increases the number of shares of common stock available for issuance under the Plan by 10,000,000 shares.

The Plan permits the issuance of stock options, stock appreciation rights (SARs), including stock-settled stock appreciation rights (SSARs), restricted stock units and other forms of stock-based awards, including stock issuances and restricted stock. Generally, all employees, directors, and other persons providing bona fide services to us or any of our subsidiaries are eligible to receive awards under the Plan, and incentive stock options may only be awarded to employees. The maximum number of shares of common stock that may be subject to awards of stock options and SARs made to any single recipient in any consecutive twenty-four month period is 2,250,000 shares. The Plan is administered by our Compensation Committee, which has the authority to interpret the Plan and to adopt rules and procedures relating to the administration of the Plan. To the extent permitted by applicable law and the requirements of the NYSE, the Board of Directors may delegate the ability to make awards under the Plan.

Under the Plan, the number of shares available for issuance is reduced by 3.0 times the number of shares subject to an award of restricted stock units or other stock award and is reduced by 1.0 times the number of shares included in an award of options or SARs. Shares subject to outstanding options or other awards under the Plan that expire prior to the issuance of the shares subject to those options or awards will be available for subsequent issuance under the Plan. In addition, unvested shares issued under the Plan and subsequently forfeited to DaVita will be added back to the number of shares reserved for issuance under the Plan and will be available for subsequent issuance. Further, if any award under the Plan is settled for cash, the shares subject to the award will be available for subsequent issuance. In each case, the shares that are added back will be equal to the number of shares by which the shares available for issuance was reduced when the corresponding award was made. The following shares will not be added back to the shares available for use under the Plan: shares tendered or withheld to pay the option exercise price, shares tendered or withheld to satisfy tax withholding obligations upon the exercise or vesting of an award, or shares subject to SARs that are not issued in connection with the stock settlement of the SAR. In addition, any grants issued in substitution of a grant previously awarded by an entity acquired by DaVita to an individual who performed service for the acquired entity will not reduce the shares available for use under the Plan. The maximum number of shares that may be issued pursuant to incentive stock options under the Plan is 7,500,000 shares. This amount will not change as a result of the increase in authorized shares under the Amendment.

The foregoing summary description of the Plan is qualified in its entirety by reference to the actual terms of the Plan attached as Appendix A to DaVita s Definitive Proxy Statement on Schedule 14A, as filed with the Securities and Exchange Commission on April 28, 2010.
