Item 1.01 Entry into a Material Definitive Agreement.

On November 2, 2010, the Company entered into definitive agreements to refinance its existing debt, which are described below in more detail. Consistent with these agreements, the Company plans to (i) exercise its existing right to retire debt under its senior secured first lien credit facility for 100% of the contractual make-whole price, (ii) retire debt under its senior secured second lien credit facility at a discount to the contractual make-whole price, and (iii) cause the conversion of all outstanding third lien convertible notes. During the fourth quarter of 2010, the Company will seek to refinance this existing debt with a new senior secured term loan having significantly lower interest rates and less restrictive covenants. Completion of a refinancing on such terms (as to which there can be no assurance) will provide the Company greater flexibility to operate and grow its business.

Master Agreement for Repayment of First Lien Loans and Second Lien Loans

On November 2, 2010, Vonage Holdings Corp. (the Company) and Vonage America Inc. entered into a master agreement (the Master Agreement) to repay in full amounts due under the Company's senior secured first lien credit facility and senior secured second lien credit facility (the Repayment Transaction). The Master Agreement has been executed by lenders holding approximately 71% of the loans outstanding (the First Lien Lenders) under the Company's senior secured first lien credit facility (the First Lien Loans) and lenders holding 100% of the loans outstanding (the Second Lien Lenders) under the Company's senior secured second lien credit facility (the Second Lien Loans). The holders that signed the Master Agreement held a sufficient amount of First Lien Loans and Second Lien Loans to modify the credit documentation for such loans.

The prepayment in full of the First Lien Loans pursuant to the terms of the senior secured first lien credit facility, including the payment of the make-whole price thereunder, is a condition precedent to the repayment of the Second Lien Loans on the terms described below. As of October 31, 2010, the principal amount of the First Lien Loans was \$99.5 million, accrued but unpaid interest was \$3.9 million, and the required make-whole payment was \$20.6 million. The Company has paid to the First Lien Lenders that executed the Master Agreement (and will pay to any other First Lien Lender that becomes a party to the Master Agreement as provided therein) an amendment fee of 1% of the principal amount of First Lien Loans held by the lender, with such amount to be credited against any payment in full of all First Lien Loans on or before March 2, 2011.

The Second Lien Lenders have agreed to accept from the Company on any business day through March 2, 2011 as repayment in full of the Second Lien Loans an amount equal to the principal amount of the Second Lien Loans plus accrued but unpaid interest thereon, which was \$89.7 million as of August 30, 2010, plus a payment of \$72.8 million, representing an 81% premium above par and a more than 25% discount to the full make-whole price. The Company will also pay accrued but unpaid interest on this amount from August 30, 2010 through repayment. The Master Agreement also provides for the payment by the Company of an option fee to the Second Lien Lenders equal to 6% of the sum of the principal amount of the Second Lien Loans plus accrued but unpaid interest on the Second Lien Loans at August 30, 2010. As a result, the Company paid an option fee equal to \$5.4 million, of which \$4.5 million may be credited against the amount required to repay the Second Lien Loans. The Company has agreed to make an additional cash payment to the Second Lien Lenders in an aggregate amount of \$9.0 million if the Company engages in Qualifying Discussions (as defined in the Master Agreement) prior to June 30, 2011 that result in an M&A Transaction (as defined in the Master Agreement) that is consummated prior to June 30, 2012.

If the Repayment Transaction is consummated, the Company will repay in full all of the then outstanding First Lien Loans and Second Lien Loans, totaling approximately \$194.0 million.

Agreement for Conversion of Third Lien Notes

On November 2, 2010, the Company separately entered into an agreement (the Third Lien Agreement) with holders of 100% of the Company's outstanding 20% senior secured third lien notes due 2015 (the Third Lien Notes). The Company currently has \$2.4 million aggregate principal amount of Third Lien Notes outstanding, which are convertible into 8.3 million shares of the Company's common stock. Pursuant to the Third Lien Agreement, the holders of the Third Lien Notes have agreed to convert their Third Lien Notes into shares of the Company's common stock on or before March 2, 2011. The Company has agreed to make a cash payment to the

holders of the Third Lien Notes in the amount of \$2.2 million plus accrued but unpaid interest on the Third Lien Notes to the date of conversion. As of October 31, 2010, accrued but unpaid interest on the Third Lien Notes was \$1.1 million.
