GENERAL INFORMATION ABOUT VOTING

Who can vote?

You can vote your shares of Common Stock if our records show that you owned the shares on the Record Date. As of the close of business on the Record Date, a total of 40,180,056 shares of Common Stock are entitled to vote at the Annual Meeting. Each share of Common Stock is entitled to one vote on matters presented at the Annual Meeting.

How do I vote by proxy?

You may vote by proxy by simply completing, signing and returning your proxy card. If you hold your shares in street name, you may also vote by proxy over the Internet or by telephone.

If I am a stockholder of record, how do I cast my vote?

If you are a stockholder of record, you may vote in person at the Annual Meeting. We will give you a ballot when you arrive. Stockholders of record may also vote via the Internet as set forth on the proxy card. Stockholders of record may not vote by telephone.

If you do not wish to vote in person or via the Internet, you may vote by proxy. You may vote by proxy using the enclosed proxy card. Please complete, sign and date your proxy card and return it promptly in the envelope provided.

If I hold my shares in street name, how do I cast my vote?

Many of our stockholders who hold their shares in street name through a nominee have the option to submit their proxies or voting instructions to their nominee electronically by telephone or the Internet. These stockholders should review and follow the voting instructions forwarded by their nominee.

You also may vote your shares at the Annual Meeting if you attend in person. If you hold your shares in street name and wish to vote in person at the Annual Meeting, you must obtain a legal proxy from your nominee.

What if other matters come up at the Annual Meeting?

The matters described in this proxy statement are the only matters we know of that will be voted on at the Annual Meeting. If other matters are properly presented at the meeting, the proxy holders will vote your shares as they see fit.

Can I change or revoke my vote after I return my proxy card?

Yes. You can revoke your proxy at any time before it is exercised at the Annual Meeting in any of three ways:

by submitting written notice revoking your proxy card to the Secretary of the Company;

by submitting another proxy that is later dated and, if by mail, that is properly signed; or

by voting in person at the Annual Meeting.

Can I vote in person at the Annual Meeting rather than by completing the proxy card?

Although we encourage you to vote by proxy to ensure that your vote is counted, you can attend the Annual Meeting and vote your shares in person.

How are votes counted?

We will hold the Annual Meeting if holders representing a majority of the shares of Common Stock issued and outstanding and entitled to vote at the Annual Meeting either submit a proxy or attend the meeting. If you submit a proxy, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card.

The election of directors under Proposal 1 will be by the affirmative vote of a plurality of the shares of Common Stock represented in person or by proxy at the Annual Meeting.

Proposal 2 will be approved upon the vote of a majority of shares present in person or represented by proxy at the meeting. An abstention with respect to Proposal 2 will have the effect of a vote AGAINST such proposal. Broker non-votes will have no effect. Unless otherwise stated, the enclosed proxy will be voted in accordance with the instructions thereon.

The frequency of an advisory vote to approve the compensation of the Company's named executive officers under Proposal 3 will be determined by the affirmative vote of a plurality of the shares of Common Stock represented in person or by proxy at the Annual Meeting.

Proposal 4 will be approved upon the affirmative vote of a majority of shares cast at the meeting (provided that the total votes cast on the proposal represent 50% of the outstanding shares of our Common Stock entitled to vote on the proposal). Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.

Proposal 5 will be approved upon the vote of a majority of shares present in person or represented by proxy at the meeting. An abstention with respect to Proposal 5 will have the effect of a vote AGAINST such proposal. Broker non-votes will have no effect. Unless otherwise stated, the enclosed proxy will be voted in accordance with the instructions thereon.

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed non-routine. Brokers holding shares of the Common Stock in street name who do not receive instructions from the beneficial owners of those shares are entitled to vote on routine proposals.

Who pays for this proxy solicitation?

We do. In addition to sending you these materials, some of our employees may contact you by telephone, by mail, by fax, by email, or in person. None of these employees will receive any extra compensation for doing this. We may reimburse brokerage firms and other custodians for their reasonable out-of-pocket costs in forwarding these proxy materials to stockholders.

What am I voting on?

Proposal No. 1: To elect two (2) directors to the Board of Directors of the Company to serve for a three year term and until their successors are duly elected and qualified.

Proposal No. 2: To approve, in an advisory vote, the compensation of the Company's named executive officers.

Proposal No. 3: To recommend, in an advisory vote, whether an advisory vote to approve the compensation of the Company's named executive officers should occur every one, two or three years.

DIRECTOR INDEPENDENCE

Effective March 19, 2010, our Common Stock became listed on the New York Stock Exchange (NYSE). A majority of the members of our Board of Directors must be independent under Section 303A.01 of the listing standards of the NYSE. Section 303A.02 of the NYSE listing standards provide that no director can qualify as independent unless the Board of Directors affirmatively determines that the director has no material relationship with the listed company. Our Board of Directors has adopted the following standards in determining whether or not a director has a material relationship with the Company and these standards are contained in our Corporate Governance Guidelines and can be found on our website at www.kennedywilson.com and can be made available in print free of charge to any stockholder who requests it.

No director who is an employee or a former employee of the Company can be independent until three years after termination of such employment.

No director who is, or in the past three years has been, affiliated with or employed by the Company's present or former independent auditor can be independent until three years after the end of the affiliation, employment or auditing relationship.

No director can be independent if he or she is, or in the past three years has been, part of an interlocking directorship in which an executive officer of the Company serves on the compensation committee of another company that employs the director.

No director can be independent if he or she is receiving, or in the last three years has received, more than \$120,000 during any 12-month period in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

Directors with immediate family members in the foregoing categories are subject to the same three-year restriction.

No director can be independent if he or she is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

Based on these independence standards and all of the relevant facts and circumstances, our Board of Directors determined that none of the following directors had any material relationship with the Company and, thus, are independent under Section 303A.02 of the listing standards of NYSE: Norman Creighton, Cathy Hendrickson, David Minella and Stanley R. Zax. In accordance with NYSE rules, a majority of our Board of Directors is independent.

BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

The Board of Directors is responsible for risk oversight of the Company. Risks facing the Company include competitive, economic, operational, financial, accounting, liquidity, tax, regulatory, foreign country, safety, employment, political and other risks. Risks are reported to the Board of Directors through the Company's executive officers, who are responsible for the identification, assessment and management of the Company's risks. The Board of Directors regularly discusses the risks reported by the Company's executive officers and reviews with management strategies and actions to mitigate the risks and the status and effectiveness of such strategies and actions.

The Board of Directors is structured, in part, to optimize its risk oversight capabilities, including by combining the positions of Chief Executive Officer and Chairman and delegating certain risk oversight functions to its committees. Although the Board of Directors does not have a formal policy with respect to its leadership

structure, the Company believes that currently combining the positions of Chief Executive Officer and Chairman serves as an effective link between management's role of identifying, assessing and managing risks and the Board of Directors' role of risk oversight. Mr. McMorrow possesses in-depth knowledge of the issues, opportunities and challenges we face, and is thus best positioned to develop agendas and highlight issues that ensure that the Board of Directors' time and attention are focused on the most critical matters. In addition, the Board of Directors has determined that this leadership structure is optimal because it believes that having one leader serving as both the Chairman and Chief Executive Officer provides decisive, consistent and effective leadership, as well as clear accountability. Having one person serve as Chairman and Chief Executive Officer also enhances our ability to communicate our message and strategy clearly and consistently to our stockholders, employees, and business partners, particularly during times of turbulent economic and industry conditions. Although we believe that the combination of the Chairman and Chief Executive Officer roles is appropriate under current circumstances, we will continue to review this issue periodically to determine whether, based on the relevant facts and circumstances, separation of these offices would serve our best interests and the best interests of our stockholders. We do not currently have a lead independent director.

To efficiently oversee the Company's risks, the committees of the Board of Directors are delegated with oversight responsibility for particular areas of risk. For example, the Audit Committee oversees management of risks related to accounting, auditing and financial reporting and maintaining effective internal controls for financial reporting. The Nominating Committee oversees risks related to the effectiveness of the Board of Directors. The Compensation Committee oversees risks related to the Company's executive compensation policies and practices.

MEETINGS OF THE BOARD OF DIRECTORS

In 2010, the Board of Directors held ten meetings and no director attended less than 75% of the aggregate number of meetings of the Board of Directors and any committee of which the director was a member. We do not have a policy with regard to directors' attendance at annual meetings of stockholders.

BOARD COMMITTEES

Our Board of Directors has a Compensation Committee, a Nominating Committee and an Audit Committee.

The Compensation Committee may also form and delegate responsibilities to subcommittees. The Compensation Committee also reviews and recommends to the full Board of Directors compensation of directors. The Compensation Committee administers our 2009 Equity Participation Plan.

Nominating Committee

The purpose of the Nominating Committee is to, among other things, discharge the responsibilities of our Board of Directors relating to the appropriate size, functioning and needs of our Board of Directors, including, but not limited to, recruitment and retention of high quality board members and the composition and structure of committees of the Board of Directors. The Nominating Committee did not meet during 2010.

The letter must set forth certain biographical information regarding the nominees as specified in the Nominating Committee charter. Recommendations by security holders must be received no later than thirty (30) days after the end of the Company's fiscal year.

Candidates will be reviewed in the context of the current composition of the Board of Directors, the operating requirements of the Company and the long-term interests of the Company's stockholders. Although there are no specific minimum qualifications or any specific qualities or skills that the Nominating Committee believes that the potential nominees must have, the Nominating Committee considers and evaluates each candidate upon an assessment of certain criteria as set forth in the Nominating Committee charter. Although diversity may be a consideration in the nomination process, the Nominating Committee does not have a formal policy with regard to the consideration of diversity in identifying director nominees.

The Nominating Committee does not have a formal procedure for identifying or evaluating director nominees except as set forth in the Nominating Committee charter. A potential director nominee recommended by a security holder will not be evaluated any differently than any other potential nominee. Although it has not done so in the past, the Nominating Committee may retain search firms to assist in identifying suitable director candidates.

Audit Committee

The Audit Committee operates under a written charter. The Audit Committee charter can be found on our website at www.kennedywilson.com and can be made available in print free of charge to any stockholder who requests it.

The Audit Committee charter states that the responsibilities of the Audit Committee shall include, among other things, to assist the Board of Directors in monitoring (i) the integrity of the annual, quarterly and other financial statements of the Company, (ii) the independent auditor's qualifications and independence, (iii) the performance of the Company's internal audit function and independent auditor and (iv) the compliance by the Company with legal and regulatory requirements. Compensation Discussion and Analysis

I. NEOs

As required by SEC rules, the following compensation discussion explains compensation decisions with respect to those executive officers who constitute our Named Executive Officers (NEOs) under SEC rules. These rules provide that the NEOs are the principal executive officer, the principal financial officer, and the three most highly compensated executive officers other than the principal executive officer and the principal financial officer. For 2010, our NEOs were the following (titles are those at year end):

William J. McMorrow	Chairman and Chief Executive Officer
Freeman A. Lyle	Executive Vice President and Chief Financial Officer
Mary Ricks	Vice Chairman of Kennedy-Wilson, Inc. and CEO, KW Commercial Investment Group
Robert E. Hart	President, KW Multi-Family Management Group
Barry S. Schlesinger	Chief Administrative Officer

II. Executive Compensation Philosophy and Objectives

Our core compensation philosophy has been to pay our executive officers a competitive level of compensation that best reflects individual performance, overall responsibility to us, and our performance and the performance of our business units.

This philosophy was implemented for the NEOs through a combination of base salary, the opportunity to earn significant bonuses, long-term incentives and executive benefits. Our Compensation Committee (the Committee) determines the compensation of all of the NEOs. In this process it receives input as necessary and appropriate from Company management, including the Chief Executive Officer and the Chief Administrative Officer. The Committee has retained an independent compensation consultant, Frederic W. Cook & Co., Inc. (Cook) to advise it in connection with its responsibilities and during 2010 provided advice to the Committee with respect to the several executive compensation issues, including consulting with respect to long-term incentives, the structure of the annual bonus plan applicable to executive officers and related matters.

In connection with the implementation of its compensation philosophy, the Committee periodically evaluates the Company's compensation practices in order to determine if the risks arising from such practices are reasonably likely to have a material adverse impact on the Company. As a result of this evaluation, the Committee concluded that the practices were not reasonably likely to have such an impact. In reaching this conclusion, the Committee considered the structure of the Company's short and long-term incentive compensation plans (both of which will be described below) and noted, among other factors, the fact that restricted stock grants to senior executives tie a significant portion of compensation to the long-term success of the Company, and that the annual bonus plan is not mechanical in nature since, after the Committee has determined the overall size of any bonus pool, the portion of such pool allocated to an employee is based on both a quantitative and qualitative evaluation of that employee's achievements.

III. Elements of Compensation

With respect to the Company's NEOs, the three primary elements of compensation are base salary, annual bonuses and long-term incentives. As will be discussed below, long-term incentives became a significant element of executive compensation for our NEOs in 2009 in connection with Kennedy-Wilson, Inc.'s becoming a public company through its November 13, 2009 merger with Prospect Acquisition Corp. (which was then renamed Kennedy-Wilson Holdings, Inc.). In light of the significant grants of restricted stock issued in connection with the merger to the NEOs, the Committee's compensation decision making in 2010 primarily focused on base pay and bonuses for the NEOs. Reflecting the Committee's view that the Company's real estate activities and its manner of operations are not readily comparable to other companies of a similar size in the real estate industry, in determining the overall amounts of compensation to be awarded the NEOs and the relative portion of compensation to be divided between base pay, bonus, and long-term incentives, the Committee does not adhere to a specific formula or utilize specific benchmarking or survey data. Thus, in 2010 the Committee set base pay levels based on the Committee's conclusions as to what constituted appropriate levels of base pay taking into account the Committee's conclusions as to competitive levels of base pay and a desire to set levels of base pay that were internally equitable. Similarly, as will be explained, in 2010 bonus levels were set by first determining an appropriate overall bonus pool for Company employees and then allocating that pool among the NEOs in a manner that reflected their relative levels of contribution.

A. Base Salary

Base salary is set to attract and retain executive talent taking into consideration competitive market conditions with respect to comparable companies. Base salary is determined by the level of the position within the Company and the individual's current and sustained performance results. Base salary for all NEOs, is set by the Committee, taking into account input as appropriate from the Chief Executive Officer.

In determining the appropriate level of base salary for NEOs, a number of considerations may be taken into account. Historically, the following are some of the most important factors that have been considered: the number of employees supervised by the officer; the effort expended by the officer in soliciting and bringing new business or capital investments to his or her business unit; the extent to which the officer's business unit generated new business or new capital; the travel demands placed upon the officer; and the extent to which the officer engaged in investor relation activities. While these factors are critical to our success, many of them cannot be evaluated quantitatively, so a portion of the evaluations by the Committee are subjective.

With respect to Messrs. McMorrow, Schlesinger, Hart, Lyle, and Ms. Ricks, salary adjustments were made effective January 1, 2008 by the Committee (with respect to Mr. McMorrow) and by Mr. McMorrow with respect to the other four executives. Mr. McMorrow's salary was increased to \$950,000. The salaries of Ms. Ricks, Mr. Schlesinger and Mr. Hart were each increased to \$600,000 (effective January 1, 2008), and Mr. Lyle's salary was increased to \$450,000 (effective June 1, 2008).

Except for Ms. Ricks, the Chief Executive Officer did not recommend and the Committee did not consider any salary adjustments for these executives during 2009 or 2010. In addition, the Committee determined not to increase the CEO's salary. The Committee concluded that increases in base salary were not appropriate for these NEOs in light of several factors, including its view as to what levels of base salary were competitive and the continued unsettled state of the real estate market. With regard to Ms. Ricks, the Committee determined in May 2010 that an adjustment to her salary to \$750,000 was appropriate in light of the significant increase in her responsibilities since the January 1, 2008 salary adjustment, including Ms. Ricks' heading of a substantial new group engaged in lending activities, her increased involvement with respect to the Company's Japanese real estate activities and her increased responsibilities with respect to capital raising.

Mr. Schlesinger receives payment for his services as an independent contractor working through a loan out company. This is taken into account by increasing the payments otherwise due by an amount equal to the employer portion of the federal self-employment taxes that would be due on his payments if he were an employee.

B. Annual Bonus

Our Committee believes that annual bonuses should play a primary role in motivating executives to undertake efforts that provide increases in company value and that executive officers should be potentially eligible for bonuses that are a very significant percentage of base pay and, in the case of the most senior officers, may be a significant multiple of base pay. For years prior to 2010, the primary determinant of the bonus to be paid an NEO has been the financial performance of the business unit over which the NEO has responsibility (in the case of the Chief Executive Officer and the Chief Financial Officer, the primary determinant has been the financial performance of the Company as a whole). While the Committee continues to believe that the financial performance of an NEO's business unit should continue to be a critical component of his or her bonus calculation, it also determined that overall Company performance should be factored into the bonus methodology for all NEOs. The Committee determined that overall company results would be used to determine the size of a bonus pool and the bonus pool would be allocated among all employees by taking into account their individual contributions and the success of their business units.

As the first step in implementing this concept, the Committee awarded performance units in March 2010 to the four NEOs who are subject to 162(m) of the Internal Revenue Code of 1986, as amended (the Tax Code) (performance units were not awarded to Mr. Lyle, who is not subject to section 162(m), because this section does not apply to a company's chief financial officer). Section 162(m) generally limits the corporate compensation deduction for a covered employee to \$1 million, with an exception for payments that are considered performance-based compensation. The performance units were structured to be performance-based compensation. The performance units awarded to the four NEOs entitled them to a specified percentage of a bonus pool based on Company income. Specifically, the bonus pool was based on adjusted EBITDA, which was defined as GAAP net income or loss prior to subtraction of the bonus pool, but then adjusted by (1) adding back/subtracting income tax expense/benefit, (2) adding back charges for stock-based compensation, non-cash charges for depreciation and amortization, and interest expense (including the Company's share of unconsolidated amounts), and (3) excluding extraordinary items. The Company's 8-K filing of March 31, 2010 contains the formula for computing the portion of the bonus pool potentially available as a bonus to Ms. Ricks and Messrs. McMorrow, Schlesinger and Hart. The award agreements provide that the Committee retained complete discretion to decrease the bonus awarded to each participant to such lesser number as it considered appropriate.

In March 2011, the Committee met to review Company performance, compute the final size of the bonus pool and determine bonuses for the NEOs and other corporate employees. It was determined that the final pool would be based on 20% of adjusted EBITDA. Adjusted EBITDA was computed as net income before bonus, adjusted by adding back merger related expenses, non-cash loss on debt extinguishment, income taxes, depreciation and amortization, and stock based compensation. The Committee then determined the portion of this pool to be paid the NEOs. In the case of an NEOs with performance units, the bonus amount payable pursuant to the original terms of the performance unit was reduced to be equal to the amount finally determined by the Committee. In deciding upon the amount of bonuses to be paid each NEO, the Committee did not focus on one particular factor, but, consistent with the rationale for using an overall bonus pool, initially focused on overall Company performance and then evaluated each NEO's contribution to that performance. In this regard, the Committee determined that 2010 was a very successful year for the Company. Particular factors that the Committee took into account in this regard with respect to 2010 performance were: the Company's strengthened balance sheet; the Company's improved operating metrics; the Company's success in 2010 in raising capital and its robust acquisition program; the significant expansion and high occupancy rates with respect to the Company's multifamily platform; reductions in the cost of debt and successful access to debt financing; and significant expansion of the Company's service businesses. Based on these factors and the Committee's qualitative evaluation of the NEO's contributions to these factors, as well as their individual performance and, where applicable, the performance of their business units, the Committee awarded the following bonuses: Mr. McMorrow \$2.5 million; Ms. Ricks \$2.0 million; Mr. Hart \$900,000; Mr. Schlesinger \$850,000; and Mr. Lyle \$125,000.

C. Bonus Arrangements for 2011

In March 2011, the Committee met to consider bonus arrangements for the NEOs for 2011. While no final decisions have been made, the Committee's current thinking is that the overall maximum bonus payable to an NEO should again be based upon overall Company financial performance, subject to the Committee's complete discretion to make individual downward adjustments to the maximum bonus to reflect individual performance, performance of the executive's bonus unit, and other appropriate factors. In order to implement this concept and to ensure that bonuses to NEOs would be deductible as performance-based compensation under section 162(m) of the Tax Code, certain NEOs were awarded performance units in March 2011, the value of which will be dependent on the overall adjusted Company EBITDA for 2011.

D. Long-Term Incentive Compensation

Restricted Stock. With the exceptions set forth in the next paragraph, the source of long-term incentives for the NEOs continues to be the substantial grants of restricted stock they received upon the closing of the merger. At that time, Mr. McMorrow and Ms. Ricks were each granted 556,875 restricted shares and Mr. Lyle, Mr. Schlesinger and Mr. Hart were each granted 77,344 restricted shares. Under the terms of the restricted stock award agreements, the restricted shares are scheduled to vest in equal installments over a five year period from the date of grant if on each vesting date: (i) the total acquisition cost of assets owned or managed on behalf of third parties by the Company (Gross Assets Under Management) meets certain targets as of such vesting date and (ii) the grantee is an employee of the Company or its subsidiaries, as of such vesting date (or, in the case of an independent contractor, the grantee continues to provide services). The agreements further provide that, if the awardee remains employed until a vesting date, but the Gross Assets Under Management target is not met, the shares shall nevertheless become vested if the Gross Assets Under Management target is met as of a subsequent vesting date. Also, the agreements further provide that the Gross Assets Under Management target may be increased and additional vesting requirements may be provided for annually in the Company's sole discretion upon written notice to the Awardee.

Vesting Date of Restricted Shares Granted as of November 13, 2009	Target Gross Assets Under Management
November 13, 2010	\$ 3.00 billion
November 13, 2011	\$ 3.30 billion
November 13, 2012	\$ 3.63 billion
November 13, 2013	\$ 3.99 billion
November 13, 2014	\$ 4.39 billion

Notwithstanding the foregoing, if the engagement of a grantee that is an employee or consultant of the Company or its subsidiaries is terminated by the Company or its subsidiaries without cause (as defined in the award agreements) or by the grantee for "Good Reason", the requirement that the grantee be engaged by the Company or its subsidiaries as of each vesting date shall no longer apply going forward, so that, assuming the target Gross Assets Under Management is met as of a particular vesting date, all restricted shares subject to vesting as of such vesting date shall thereupon become fully vested. As used herein, "Good Reason" means the voluntary termination of the engagement of the grantee with the Company or its subsidiaries within 6 months of the Company or the Company's subsidiaries: (1) instructing the grantee to provide services full-time or substantially full-time at any location not acceptable to the grantee (other than the Company's main headquarters) that is more than 50 miles from the grantee's principal place of work and more than 50 miles from the grantee's principal residence; (2) eliminating or materially reducing the grantee's duties with the Company or the Company's subsidiaries or (3) materially reducing the grantee's base pay (or base compensation). In addition, in the event of a "Change of Control" as defined in the 2009 Equity Participation Plan, any unvested restricted shares of Common Stock that have not previously been forfeited will become vested, subject to certain limitations.

In general, the Committee concluded that, given the magnitude of the 2009 restricted stock awards and their multi-year vesting award, further long-term incentive grants were not necessary in 2010. There were two

exceptions. In connection with Mr. Schlesinger's becoming the Chief Administrative Officer of the Company in 2010 (in addition to his continuing to be primarily responsible for the portfolio management activities of the Commercial Investment Group), the Committee determined in March 2010 that an additional grant of 50,000 shares of restricted stock was appropriate. In addition, Mr. Hart was granted an additional 8,000 shares of restricted shares in May 2010 due to the success of the Mercury transaction for which he was responsible for sourcing and closing, his contribution to KW Multi-Family Management Group, LLC and his efforts in capital raising for the Company.

Long-Term Cash Incentives. In connection with the merger, in 2009 the Committee amended Mr. McMorrow's and Ms. Ricks' employment agreements to make certain long-term cash incentives available, contingent upon the consummation of the merger. The decisions to make these incentives available took into account several factors, including the primary roles they played in negotiating the terms of the merger and the merger agreement and the amendments to their agreements, eliminating their rights to receive cash lump sum payments otherwise due upon a change in control. These amendments entitled them to receive \$2.425 million and \$1.0 million, respectively, on April 1, 2010, provided that the Company's assets under management were at least \$3.0 billion as of March 31, 2010 and the executive remained employed through such date. This performance target was met and these awards have been paid.

E. Other Executive Benefits

NEOs are entitled to employee benefits generally available to all full time employees (subject to fulfilling any minimum service period). These employee benefits include, among other things, vacation and health and welfare benefits generally available to all employees. We believe these benefits are generally competitive with those offered by similar companies in the markets in which we operate.

The Company's employees, including the NEOs participate in a tax-qualified 401(k) plan, pursuant to which the Company may match a certain portion of employee contributions. The Company may annually match 50% of employee contributions to the plan, limited to employee contributions equal to 4% of compensation, but not to exceed \$1,500 for any participant.

The Chief Executive Officer receives certain additional benefits, which includes a car allowance of \$18,000 and the use of certain club memberships that are maintained by the Company for business purposes only. Further details regarding these benefits are contained in the summary compensation table and accompanying footnotes. These benefits are provided because the Committee has concluded that they are generally competitive with those provided to comparable executives or provide benefits to the Company which are appropriate in light of their cost.

F. Employment Agreements

During 2010, the Company was a party to employment agreements with certain NEOs. Additional information regarding the employment agreements of the NEOs may be found under the subheadings below *Termination and Change in Control Benefits*.

Mr. McMorrow. As amended effective February 1, 2009, the employment agreement in effect with Mr. McMorrow generally provides for base salary of \$950,000, a bonus at the sole discretion of the Committee, and insurance coverages and other benefits generally available to officers. In addition, it provides for entrance fees and monthly dues for two country clubs, \$13,989 of dues which were paid in 2010 for one club in the U.S. and no dues were paid in 2010 for one club in Japan. The term of Mr. McMorrow's agreement extends through December 31, 2019. Mr. McMorrow received a \$2.0 million signing bonus in connection with the execution of this agreement. In connection with the merger, Mr. McMorrow's employment agreement was amended to provide for cash payments on October 15, 2009, April 1, 2010, and January 1, 2011 (this last payment of \$4.25 million was subsequently voluntarily waived). It also provided for a note forgiveness that occurred in 2009 and for the grant of 556,875 restricted shares upon the terms and conditions set forth above. The amendments further provided for the removal of certain benefits in the event of a change in control, the addition of certain severance

benefits if the executive resigns on account of a change in location or a material reduction in duties, a reduction in the amount of payments or benefits payable or provided to him under his employment agreement or otherwise to ensure that no payment or benefit is subject to the excise tax imposed by Section 4999 of the Tax Code (certain golden parachute payments) which reduction may, in certain circumstances, result in the repayment of certain previously paid amounts (plus earnings) to the Company, and to achieve compliance with Section 409A of the Tax Code.

Ms. Ricks. Ms. Ricks entered into an employment agreement with Kennedy-Wilson, Inc. effective February 1, 2009. The agreement extends through January 31, 2014. The employment agreement provides for base salary of \$600,000, a bonus at the sole discretion of the Committee, and other benefits generally available to its employees. Ms. Ricks received a \$1.0 million signing bonus in connection with the execution of this agreement. In connection with the merger, Ms. Ricks' employment agreement was amended to provide for cash payments on October 15, 2009, April 1, 2010 and January 1, 2011 (this last payment of \$1.0 million was subsequently voluntarily waived). It further provided for the grant of 556,875 restricted shares upon the terms and conditions set forth above. The amendments further provided for the removal of certain benefits in the event of a change in control, the addition of certain severance benefits if the executive resigns on account of a change in location or a material reduction in duties, a reduction in the amount of payments or benefits payable or provided to her under her employment agreement or otherwise to ensure that no payment or benefit is subject to the excise tax imposed by Section 4999 of the Tax Code (certain golden parachute payments) which reduction may, in certain circumstances, result in the repayment of certain previously paid amounts (plus earnings) to the Company, and to achieve compliance with Section 409A of the Tax Code.

- (1) The amounts in this column reflect the aggregate grant date fair value of each restricted stock or option award computed in accordance with FASB ASC Topic 718. Information regarding the valuation assumptions used in the calculations are included in Note 2 to the Company's financial statements for the fiscal year ended December 31, 2010 contained in the Company's Annual Report on Form 10-K. For additional information on these awards, see Grant of Plan-Based Awards Table and Compensation Discussion and Analysis.
- (2) The amount of the stock award was calculated by taking the incremental value of the grant date fair value of the restricted stock award less the fair value of the option award on the date of modification. The share price on the date of modification for the restricted stock award was \$9.25 per share. The fair value of the option award on the date of modification was calculated using the Black-Scholes-Merton option pricing model. The option pricing model inputs used to determine the fair value were an expected stock option term of 6.29 years, expected volatility of 41.9%, expected risk free rate of 2.95% and no expected dividends.
- (3) Includes \$18,000 in car allowance payments in 2008, 2009 and 2010, \$1,500 in Company contributions to Mr. McMorrow's account in the Company's tax qualified 401(k) savings plan for 2009 and 2010. Also included for 2009 is \$3,454,972 of note forgiveness and the related accrued interest of \$763,539, \$62,068 of payroll taxes related to the note forgiveness and \$300,000 related to the cancellation of stock option awards. Kennedy-Wilson maintains two corporate club memberships, one in the U.S. and one in Japan, that are made available to the Chief Executive Officer. Since all use during 2008, 2009 and 2010 was business use, accordingly no amount is recorded as All Other Compensation with respect to these memberships.
- (4) Consists of \$1,500 in Company contributions to Mr. Lyle's account in the Company's tax qualified 401(k) savings plan for 2009 and 2010 and \$40,000 related to the cancellation of stock option awards in 2009.

Edgar Filing: Kennedy-Wilson Holdings, Inc. - Form PRE 14A

- (5) Consists of \$750 in Company contributions to Ms. Rick's account in the Company's tax qualified 401(k) savings plan for 2009 and \$300,000 related to the cancellation of stock option awards.
- (6) Consists of \$1,500 in Company contributions to Mr. Hart's account in the Company's tax qualified 401(k) savings plan for 2009 and 2010 and \$200,000 related to the cancellation of stock option awards and \$5,304 in commissions in 2009.

- (8) Consists of \$2.45 million for merger-related long-term cash incentive and \$2.5 million in performance unit bonus.
- (9) Consists of \$1.0 million for merger-related long-term cash incentive and \$2.0 million in performance unit bonus.

Termination and Change in Control Benefits

This section quantifies the additional amounts that would be payable to the NEOs in the event of their termination or a change in control as of December 31, 2010. For this purpose, the closing stock price of \$9.99 on that date has been used.

The restricted stock agreements applicable to all the NEOs provide that, in the event of a change in control, as defined in the 2009 Equity Participation Plan, the restricted shares become immediately vested. If an awardee is fired without cause or quits for good reason, the continued employment requirement with respect to the restricted shares is waived, but the Gross Assets Under Management target must continue to be satisfied.

Mr. McMorrow

Mr. McMorrow's employment agreement provides that, in the event his employment with the Company is terminated: (i) by the Company without cause; (ii) due to death or disability; or (iii) by Mr. McMorrow with cause, he will receive basic salary and benefit continuation (as described under the employment agreement) throughout the remaining term of the agreement. If Mr. McMorrow's employment is terminated by the Company with cause or by Mr. McMorrow without cause, he will receive compensation earned to the date of termination.

Ms. Ricks

Pursuant to her employment agreement, if Ms. Ricks is terminated without cause, she will be entitled to base salary and benefit continuation (as described under the employment agreement) through the remainder of the term of her agreement.

The table below sets forth estimated payments with respect to Mr. McMorrow and Ms. Ricks upon the termination of employment with the Company under various circumstances and upon a change in control. The amounts in the table assume that, in the case of accelerated vesting with respect to the restricted stock granted these individuals and the cash performance awards granted Mr. McMorrow and Ms. Ricks, any applicable performance contingencies will be subsequently satisfied.

(1) The employment agreements of these executives provide that, in the event that CIC benefits would trigger the excise tax under Section 4999 of the Code, benefits are to be cut back to \$1 below the tax threshold. This row reflects any necessary cutbacks in benefits.
Mr. Lyle, Mr. Hart and Mr. Schlesinger

As of December 31, 2010, neither Messrs. Lyle, Hart nor Schlesinger was subject to an employment agreement. Accordingly, the only payments to which Mr. Lyle would be entitled is \$618,131, the value attributable to the accelerated vesting of the remaining 61,875 restricted shares that have been issued to him, \$698,051 to Mr. Hart, the value attributable to the accelerated vesting of the remaining 69,875 restricted shares that have been issued to him and \$1,117,631 to Mr. Schlesinger, the value attributable to the accelerated vesting of the remaining 111,875 restricted shares that have been issued to him. The acceleration of the vesting of the restricted stock grants occurs under the circumstances and subject to the conditions set forth in the second paragraph of this section.

THE TWO NOMINEES FOR DIRECTOR SET FORTH HEREIN.**

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act, we are providing the Company's stockholders the opportunity to vote on a non-binding, advisory resolution to approve the compensation of our NEOs, as disclosed in the section entitled "Compensation Discussion and Analysis," the accompanying compensation tables and the related narrative disclosures in this Proxy Statement. Accordingly, the following resolution will be submitted for a stockholder vote at the 2011 Annual Meeting:

RESOLVED, that the stockholders of the Company approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in the section entitled "Compensation Discussion and Analysis," the accompanying compensation tables and the related narrative disclosure in the Proxy Statement for this Annual Meeting.

As described in the section entitled "Compensation Discussion and Analysis," our executive compensation philosophy is intended to pay our executive officers a competitive level of compensation that best reflects individual performance, overall responsibility to us, and our performance and the performance of our business units. As a result, a key component of executive compensation is bonuses which are contingent upon performance. In periods where we experienced improvements in financial performance higher bonuses were paid and in periods where we experienced declines, much lower bonuses or no bonuses were paid. We believe that this heavily incentive based compensatory structure aligns the efforts of our executive officers with our business objectives and the interests of our stockholders. In addition, to avoid an overemphasis on short term financial performance, we pay our executives long-term incentive compensation to promote the achievement of the long term goals and interests of our Company and stockholders.

We believe that the elements of our executive compensation program provide a well-proportioned mix of security-oriented compensation, at-risk or performance-based compensation, and retention-based compensation that produces short-term and long-term incentives and rewards. The Company believes this compensation mix provides the NEOs a measure of security as to the minimum levels of compensation they are eligible to receive, while motivating the NEOs to focus on the business measures that will produce a high level of performance for the Company, as well as reducing the risk of recruitment of highly qualified executive talent by our competitors. The mix of annual incentives and equity-based awards likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance.

Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement which more thoroughly discusses how our compensation policies and procedures implement our compensation philosophy.

This vote is merely advisory and will not be binding upon the Company or the Board of Directors. However, the Board of Directors values constructive dialogue on executive compensation and other important governance topics with the Company's stockholders and encourages all stockholders to vote on this matter.

REQUIRED VOTE

To be approved, the compensation of the Company's NEOs requires the affirmative vote of a majority of shares present in person or represented by proxy at the meeting.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RESOLUTION APPROVING
THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.**

PROPOSAL 3

FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act, we are providing the Company's stockholders the opportunity to cast a non-binding, advisory vote on whether a non-binding stockholder resolution to approve the compensation of the Company's NEOs should occur every one, two or three years. The Board of Directors recommends that stockholders vote to hold an advisory vote on executive compensation every three years, or a triennial vote.

As described in the section entitled "Compensation Discussion and Analysis," our executive compensation program is designed to motivate executives to achieve both short-term and long-term corporate goals that enhance stockholder value. To facilitate the creation of long-term, sustainable stockholder value, certain of our compensation awards are contingent upon successful completion of multi-year service periods. A triennial vote will provide stockholders the ability to evaluate our compensation program over a time period similar to the periods associated with certain of our compensation awards, allowing them to compare the Company's compensation program to the long-term performance of the Company.

The Compensation Committee would similarly benefit from this longer time period between advisory votes. Three years will give the Compensation Committee sufficient time to fully analyze the Company's compensation program (as compared to the Company's performance over that same period) and to implement necessary changes. In addition, this period will provide the time necessary for implemented changes to take effect and the effectiveness of such changes to be properly assessed. The greater time period between votes will also allow the Compensation Committee to consider various factors that impact the Company's financial performance, stockholder sentiments and executive pay on a long-term basis. The Board of Directors believes anything less than a triennial vote will yield a short-term mindset and detract from the long-term interests and goals of the Company.

Although this advisory vote on the frequency of the advisory vote on the compensation of the Company's NEOs is non-binding, the Board of Directors and the Compensation Committee will take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

REQUIRED VOTE

The frequency of an advisory vote to approve the compensation of the Company's NEOs will be determined by a plurality vote of the shares present in person or represented by proxy at the Annual Meeting, provided a quorum exists.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE THAT THE ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS BE INCLUDED IN THE COMPANY'S PROXY STATEMENT EVERY THREE YEARS.

PROPOSAL 4

Each share of Series B Preferred Stock is convertible into shares of Common Stock at the holder's option at any time prior to November 3, 2018. At any time on or after May 3, 2017 and prior to November 3, 2018, the Company has the option to convert all or part of the outstanding shares of Series B Preferred Stock into shares of Common Stock. On November 3, 2018, each outstanding share of Series B Preferred Stock will automatically be converted into shares of Common Stock. Each share of Series B Preferred Stock is convertible into approximately 93 shares of Common Stock, subject to adjustment upon the occurrence of certain events.

NYSE Stockholder Approval Requirements

Since our Common Stock is listed on the NYSE, we are subject to NYSE rules and regulations, including NYSE Listed Company Manual Sections 312.03(b) and 312.03(c).

Subject to certain limited exceptions, Section 312.03(b) requires stockholder approval prior to the issuance of Common Stock, or securities convertible into or exercisable for Common Stock, in any transaction or series of related transactions to substantial security holders or affiliates or other closely-related persons of a director of the Company.

In addition, subject to certain limited exceptions, Section 312.03(c) requires stockholder approval prior to the issuance of Common Stock, or securities convertible into or exercisable for Common Stock, in any transaction or series of related transactions if (i) the Common Stock has, or will have upon issuance, voting power equal to 20% or more of the voting power outstanding before the issuance of Common Stock or securities convertible into or exercisable for Common Stock, or (ii) the number of shares of Common Stock to be issued is, or will be upon issuance, equal to or in excess of 20% of the number of shares of Common Stock outstanding before the issuance of the Common Stock or securities convertible into or exercisable for Common Stock.

In addition to the Series B Preferred Stock, certain affiliates of Fairfax Financial Holdings Limited own 100,000 shares of Series A Preferred Stock. The Series A Preferred Stock and the Series B Preferred Stock are convertible into an aggregate of 11,100,074 shares of our Common Stock (approximately 21.6% of the outstanding shares of our Common Stock), subject to adjustment under certain circumstances. In addition, one of our directors, Stanley R. Zax, is Chairman and President of Zenith National Insurance Corp., a subsidiary of Fairfax Financial Holdings. Zenith National Insurance Corp. holds 10,000 shares of Series A Preferred Stock.

In connection with the sale and issuance of the Series B Preferred Stock, we agreed to include a proposal in this proxy statement to authorize the additional issuance of Common Stock upon conversion of the Series B Preferred Stock in accordance with the requirements of Section 312.03 of the NYSE Listed Company Manual. The Company has included this proposal to approve the issuance of shares of Common Stock upon conversion of the Series B Preferred Stock in accordance with Sections 312.03(b) and 312.03(c) of the NYSE Listed Company Manual.

If our stockholders do not approve this proposal, until the date such stockholder approval is obtained, the dividend rate of the Series B Preferred Stock will be increased by 14% per annum. Currently, the dividend rate is 6.452% per annum.

Interest of Certain Persons in Matters to Be Acted Upon

As noted above, our director, Stanley R. Zax, is Chairman and President of Zenith National Insurance Corp., a subsidiary of Fairfax Financial Holdings. Zenith National Insurance Corp. holds 10,000 shares of Series A Preferred Stock.

REQUIRED VOTE

The rules of the NYSE require that this proposal be approved by our stockholders representing a majority of the votes cast on the proposal (provided that the total votes cast on the proposal represent 50% of the outstanding shares of our Common Stock entitled to vote on the proposal). Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO APPROVE THE ISSUANCE OF SHARES OF COMMON STOCK UPON CONVERSION OF SERIES B PREFERRED STOCK IN ACCORDANCE WITH APPLICABLE NEW YORK STOCK EXCHANGE RULES

PROPOSAL 5

**RATIFICATION OF THE APPOINTMENT OF THE
INDEPENDENT PUBLIC ACCOUNTANTS**

On December 15, 2009, McGladrey & Pullen, LLP (M&P) was replaced by KPMG, LLP (the independent registered public accounting firm of Kennedy-Wilson, Inc.) as the independent registered public accounting firm of Kennedy-Wilson Holdings, Inc. by the Board of Directors.

The report issued by M&P on the financial statements of the Company for the period from inception in July 2007 through December 31, 2007, did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principle. The report issued by M&P on the financial statements of the Company for the fiscal year ended December 31, 2008, did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principle, except that such report was modified by the inclusion of an explanatory paragraph indicating that there was substantial doubt about the Company's ability to continue as a going concern as a result of the Company's mandatory liquidation on November 14, 2009 in the event a business combination was not consummated.

The decision to change accountants was approved by the Audit Committee of the Company.

From the Company's inception in July 2007 through the date of replacement, there were no disagreements between the Company and M&P on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of M&P would have caused them to make reference thereto in their reports on the financial statements for such period.

There were no reportable events as that term is used in Item 304(a)(1)(v) of Regulation S-K occurring during the period beginning on the Company's inception in July 2007 and ending on September 30, 2009.

On December 15, 2009, the Company retained KPMG LLP (KPMG), as its new independent registered public accounting firm. The Company engaged KPMG to audit the Company's financial statements for the year ending December 31, 2009. From inception in July 2007 through the date of engagement, neither the Company nor anyone on the Company's behalf had consulted with KPMG regarding (i) the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or (ii) any matter that was either the subject of a disagreement as that term is used in Item 304 (a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K or a reportable event as that term is used in Item 304(a)(1)(v).

The Company provided M&P with a copy of the Company's Current Report on Form 8-K filed with the SEC on December 18, 2009, which disclosed the above information regarding the replacement of M&P. The Company requested that M&P furnish it with a letter addressed to the SEC stating whether or not it agreed with the statements in the Current Report. M&P furnished the Company with a letter dated December 15, 2009 addressed to the SEC stating that it agreed with the Company's statements in Item 4.01 of the Current Report.

A representative from KPMG is expected to be present at the Annual Meeting to respond to appropriate questions from stockholders and to make a statement if such representative desires to do so.
