PROXY STATEMENT

FOR

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON JUNE 22, 2011

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

1. Why did I receive these proxy materials?

We are providing this meeting notice, proxy statement and proxy card (the Proxy Materials) in connection with the solicitation by the Board of Directors of Rubicon Technology, Inc., a Delaware corporation (Rubicon, the Company, we, us, and our), of proxies to be voted at our 2011 Annual Meeting of Shareholders (the Annual Meeting). The proxies also may be voted at any continuations, adjournments or postponements of the Annual Meeting. This proxy statement contains information you may use when deciding how to vote in connection with the Annual Meeting. We are first sending the proxy materials to shareholders on or about May 19, 2011.

2. When and where is the Annual Meeting, and who may attend?

The Annual Meeting will be held on June 22, 2011 at 8:00 a.m. local time, at the Hyatt Regency O Hare, 9300 W. Bryn Mawr Avenue, Rosemont, Illinois 60018. Shareholders who are entitled to vote may attend the meeting, as well as our invited guests.

3. What do I need to attend the Annual Meeting?

Shareholders of Record. If you are a Shareholder of Record and plan to attend the meeting, please bring photo identification.

Beneficial Owners. If you are a Beneficial Owner and you plan to attend the meeting, you must present proof of your ownership of Rubicon shares as of April 29, 2011, such as a bank or brokerage account statement, as well as photo identification. If you wish to vote at the meeting, you must also bring a legal proxy.

The answer to Question 11 describes the difference between Shareholders of Record and Beneficial Owners.

4. What proposals are being presented for shareholder vote at the Annual Meeting?

There are five proposals from Rubicon to be considered and voted on at the meeting:

1. Proposal 1: To elect two directors named in this proxy statement to three-year terms (see page 6);
2. Proposal 2: To ratify the selection of Grant Thornton LLP as independent auditors of the Company for the fiscal year ending December 31, 2011 (see page 27);

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

3. Proposal 3: To approve Amendment No. 1 to our Eighth Amended and Restated Certificate of Incorporation (see page 28);
4. Proposal 4: To approve the amendment and restatement of the Rubicon Technology, Inc. 2007 Stock Incentive Plan (see page 29);
5. Proposal 5: To approve, on an advisory non-binding basis, the compensation of the Company's Named Executive Officers, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, as set forth in this proxy statement (see page 35); and

Table of Contents

6. Proposal 6: To vote, on an advisory non-binding basis, on the frequency (every one, two or three years) of the shareholders' advisory vote on executive compensation (see page 36).

5. How does the Board of Directors recommend that I vote?

Our Board of Directors recommends that you vote your shares (1) FOR the election of the two directors named in this proxy statement, (2) FOR the ratification of Grant Thornton LLP as independent auditors of the Company for the fiscal year ending December 31, 2011, (3) FOR the approval of Amendment No. 1 to our Eighth Amended and Restated Certificate of Incorporation, (4) FOR the approval of the amendment and restatement of the Rubicon Technology, Inc. 2007 Stock Incentive Plan, (5) FOR the resolution approving the compensation of the Company's Named Executive Officers, as described in the Compensation Discussion and Analysis and the related tabular and narrative disclosure, and (6) for every THREE YEARS as the frequency of the advisory vote on the compensation of the Company's Named Executive Officers.

6. Are there any other matters to be acted upon at the Annual Meeting?

We do not know of any other matter to be presented or acted upon at the meeting. If any matters not set forth in the meeting notice included in the Proxy Materials are properly brought before the meeting, the persons named in the enclosed proxy will vote thereon in accordance with their best judgment.

7. Who is entitled to vote at the Annual Meeting?

You are entitled to vote if you owned shares of our common stock, par value \$0.001, as of the close of business on the record date, April 29, 2011. Each share of common stock is entitled to one vote and there is no cumulative voting. At April 29, 2011 we had 23,036,046 shares of common stock outstanding. Both Delaware law and our bylaws require our Board to establish a record date in order to determine who is entitled to receive notice of the Annual Meeting, and to attend and vote at the Annual Meeting and any continuations, adjournments or postponements of the meeting.

8. How many votes must be present to hold the Annual Meeting?

In order for us to conduct the Annual Meeting, holders of a majority of our outstanding shares of common stock as of the close of business on April 29, 2011 must be present in person or by proxy. This is referred to as a quorum. At April 29, 2011, we had 23,036,046 shares of common stock outstanding. Accordingly, the presence of the holders of common stock representing at least 11,518,024 shares will be required to establish a quorum. Your shares are counted as present if you attend the meeting and vote in person or if you properly return a proxy over the Internet, by telephone or by mail. Abstentions and broker non-votes will be counted for purposes of establishing a quorum.

9. What are broker non-votes?

Your broker or nominee is not permitted to use discretion and vote your shares on non-routine matters, such as the election of directors and proposals related to compensation matters, without instructions. Shares that are not permitted to be voted by your broker are called broker non-votes. Votes that are withheld and broker non-votes will not be included in determining the number of votes cast and, therefore, will have no effect on these non-routine matters. Therefore, we urge you to give voting instructions to your broker on Proposal 1, 3, 4, 5 and 6.

10. How many votes are needed to approve the proposals?

Proposal 1: The election of each nominee for director named in this proxy statement requires the affirmative vote of the holders of shares representing a plurality of the votes cast in the election of directors. Votes that are withheld and broker non-votes will have no effect on the election of directors. The nominees would each be appointed to three-year terms if they individually receive enough votes.

Table of Contents

Proposal 2: The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the matter will be required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the current fiscal year.

Proposal 3: The affirmative vote of the holders of a majority of the outstanding shares of common stock on April 29, 2011 will be required to approve Amendment No. 1 to our Eighth Amended and Restated Certificate of Incorporation. Broker non-votes will have no effect on this proposal.

Proposals 4 and 5: The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the matter will be required (1) to approve the amendment and restatement of the Rubicon Technology, Inc. 2007 Stock Incentive Plan and (2) to approve the advisory resolution on executive compensation. Broker non-votes will have no effect on these proposals.

Proposal 6: The advisory vote on the frequency of advisory votes on executive compensation will be determined based on a plurality of the votes cast. This means that the option that receives the most votes will be recommended by the shareholders to the Board of Directors. Broker non-votes will have no effect on this proposal.

If any other matter is properly submitted to the shareholders at the annual meeting, its adoption generally will require the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on that matter.

In accordance with Delaware law, only votes cast for a matter constitute affirmative votes. A properly executed proxy marked abstain with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Since abstentions will not be votes cast for the particular matter, they will have the same effect as negative votes or votes against that matter.

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions with respect to a non-discretionary matter, such as the election of directors, your shares will not be voted on such matter and will not be counted as shares entitled to vote on such matter. Therefore, we urge you to give voting instructions to your broker on the election of directors. Shares represented by such broker non-votes will be counted in determining whether there is a quorum. As broker non-votes are not considered entitled to vote, they will have no effect on the outcome other than reducing the number of shares present in person or by proxy and entitled to vote from which a majority is calculated.

11. What is the difference between holding shares as a Shareholder of Record and as a Beneficial Owner?

If your shares are registered in your name on the books and records of our transfer agent, you are a Shareholder of Record. Rubicon sent the Proxy Materials directly to you.

If your shares are held for you in the name of your broker or bank, your shares are held in Street Name and you are considered the Beneficial Owner. The Proxy Materials have been forwarded to you by your broker, bank or other holder of record, who is considered, with respect to those shares, the Shareholder of Record. As the Beneficial Owner, you have the right to direct your broker, bank or other Shareholder of Record on how to vote your shares by using the voting instruction card included in the mailing. The answer to Question 15 describes brokers' discretionary voting authority and when your bank or broker is permitted to vote your shares of stock without instructions from you. The answer to Question 3 describes how Beneficial Owners may attend the meeting.

12. How do I vote?

By mail: Be sure to complete, sign and date the proxy card or voting instruction card and return it in the prepaid envelope. If you are a Shareholder of Record and you return your signed proxy card but do not indicate your

Table of Contents

voting preferences, the persons named in the proxy card will vote the shares represented by that proxy as recommended by the Board of Directors. If you are a Beneficial Owner, please also see Question 15 below.

By telephone: You may vote by telephone using the toll-free phone number indicated on the proxy card. Be sure to have your proxy card in hand when you call and then follow the instructions.

By internet: You may vote by internet at the web site indicated on the proxy card. Be sure to have your proxy card when accessing the web site and then follow the instructions.

In person at the Annual Meeting: All shareholders may vote in person at the Annual Meeting. If you are a Beneficial Owner, you must obtain a legal proxy from your broker, bank or other Shareholder of Record and present it to the inspectors of election with your ballot to be able to vote at the meeting.

13. What can I do if I change my mind after I vote my shares?

If you are a Shareholder of Record, you can revoke your proxy before it is exercised by (1) sending written notice to our Secretary, (2) timely delivering a valid, later-dated proxy or (3) voting by ballot at the Annual Meeting.

If you are a Beneficial Owner of shares, you may submit new voting instructions by contacting your bank, broker or other Shareholder of Record. You may also vote in person at the Annual Meeting if you obtain a legal proxy as described in the answer to Question 12.

14. What if I do not specify a choice for a matter when returning a proxy?

Proxies that are signed and returned but do not contain voting instructions will be voted (1) FOR the election of the two directors named in this proxy statement to three-year terms, (2) FOR the ratification of Grant Thornton LLP as our independent auditors, (3) FOR the amendment and restatement of the Rubicon Technology, Inc. 2007 Stock Incentive Plan (4) FOR the resolution approving the compensation of the Company's Named Executive Officers, as described in the Compensation Discussion and Analysis and the related tabular and narrative disclosure, (5) for every THREE YEARS as the frequency of an advisory vote on the compensation of the Company's Named Executive Officers and (6) in accordance with the best judgment of the named proxies on any other matters properly brought before the meeting. If you are a Beneficial Owner, see Question 15 below.

If necessary, and unless the shares represented by the proxy are voted in a manner contrary to the manner described in the preceding paragraph, the persons named in the proxy may also vote in favor of a proposal to recess the Annual Meeting and to reconvene it on a subsequent date or dates, without further notice, in order to solicit and obtain sufficient votes to approve or disapprove any matters being considered at the Annual Meeting.

15. Will my shares be voted if I do not provide my proxy or instruction form?

If you are a Shareholder of Record and do not provide a proxy, you must attend the Annual Meeting in order to vote. If you are a Beneficial Owner and hold shares through an account with a bank or broker, your shares may be voted if you do not provide voting instructions. Brokerage firms have the authority under the NASDAQ Global Market rules to vote shares for which their customers do not provide voting instructions on routine matters. The ratification of the selection of independent auditors is considered a routine matter. The election of directors, the amendment and restatement of the Rubicon Technology, Inc. 2007 Stock Incentive Plan, the advisory vote on executive compensation and the approval of the frequency of the advisory vote on executive compensation are not considered routine matters. When a proposal is not routine and the brokerage firm has not received voting instructions from the beneficial owner, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote. We urge you to give voting instructions to your broker on the election of directors.

Table of Contents

16. What does it mean if I receive more than one proxy card?

If you received multiple proxy cards, it means that you hold your shares in different ways (e.g., trust, custodial accounts, joint tenancy) or in multiple accounts. You should complete, sign, date and return your proxy card(s), as described in each proxy card you receive.

17. Who will pay for the cost of this proxy solicitation?

We will bear the cost of this proxy solicitation. In addition to solicitation by mail, some of our directors, officers and employees may solicit proxies in person or by telephone at no additional compensation. We will also ask Shareholders of Record who are brokerage firms, custodians and fiduciaries to forward proxy materials to the beneficial owners of such shares and upon request we will reimburse such Shareholders of Record for the customary costs of forwarding the proxy materials.

PROPOSAL 1:

ELECTION OF DIRECTORS

Our Board of Directors currently consists of five directors, who are divided into three classes with staggered terms. Our bylaws permit our Board of Directors to establish by resolution the authorized number of directors. The terms of Raja M. Parvez and Raymond J. Spencer as directors of the Company will expire at the time of the Annual Meeting. Following the recommendation of the Nominating and Governance Committee, the Board of Directors recommends the re-election of Messrs. Parvez and Spencer to three-year terms.

Although both the nominees have indicated their willingness to serve if elected, if at the time of the meeting any nominee is unable or unwilling to serve, shares represented by properly executed proxies will be voted at the discretion of the persons named therein for such other person as the Board may designate.

All our directors bring to our Board a wealth of executive leadership experience derived from their service as corporate executives as well as service as directors on other boards. When evaluating director candidates, the Nominating and Governance Committee takes into account all factors it considers appropriate, which include (a) ensuring that the Board of Directors, as a whole, is diverse and consists of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise (including expertise that could qualify a director as a financial expert, as that term is defined by the rules of the Securities and Exchange Commission (the "SEC"), local or community ties and (b) minimum individual qualifications, including strength of character, mature judgment, familiarity with the Company's business and industry, independence of thought and an ability to work collegially. The Committee also considers geographical, cultural, experiential and other forms of diversity when evaluating director candidates. In addition, the Committee also may consider the extent to which the candidate would fill a present need on the Board of Directors. Information about the nominees for election as directors and about our other directors whose terms of office do not expire this year, including their business experience for the past five years, appears below.

CORPORATE GOVERNANCE

Director Independence

Our Board of Directors undertook a review of the independence of each director and considered whether any director has a material relationship with us that could compromise his ability to exercise independent judgment in carrying out his responsibilities. As a result of this review, our Board of Directors determined that Messrs. Aquilano, Caldwell, Mikolajczyk and Spencer, representing four of our five directors, are independent directors as defined under the rules of the NASDAQ Global Market, constituting a majority of our Board of Directors as required by the rules of the NASDAQ Global Market.

Board Leadership Structure

Our Board of Directors is led by an independent Chairman, Mr. Aquilano. Our Chief Executive Officer, Mr. Parvez, is the only member of the board who is not an independent director. We believe that this is the most appropriate structure for the Company in light of the differences between the roles of Chairman of the Board and Chief Executive Officer. The Chief Executive Officer is responsible for setting the strategic direction of the Company and for the day-to-day leadership and performance of the Company, whereas the Chairman of the Board provides guidance to the Chief Executive Officer. Furthermore, this structure enhances the accountability of the Chief Executive Officer to the board and strengthens the board's independence from management. We have had this leadership structure since our inception.

Board Oversight of Risk

Our executive management team is responsible for its day-to-day risk management activities. The Board of Directors oversees these risk management activities, delegating its authority in this regard to the Audit Committee. The Audit Committee is responsible for discussing with executive management policies with respect to financial risk and enterprise risk management. The Audit Committee also oversees the Company's corporate compliance programs. In addition to the Audit Committee's risk management oversight, the Board of Directors regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed.

The board believes that the Audit Committee's risk oversight function, together with the efforts of the full board and the Chief Executive Officer in this regard, enables the board to effectively oversee the Company's risk management activities.

Committees of the Board of Directors and Meetings

Our Board of Directors has established three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Each of these committees is composed entirely of non-employee directors who have been determined by our Board of Directors to be independent under the current requirements of the NASDAQ Global Market and the rules and regulations of the SEC and operates under a charter approved by the Board of Directors setting out the purposes and responsibilities of the committee. All committee charters are available for review on our web site, www.rubicon-es2.com. Policies and Procedures Governing Director Nominations

The Nominating and Governance Committee considers candidates for nomination to the Board of Directors from a number of sources, including recommendations by current members of the Board of Directors and members of management. Current members of the Board of Directors are considered for re-election unless they have notified us that they do not wish to stand for re-election. The Nominating and Governance Committee will also consider director candidates recommended by our shareholders. Shareholders desiring to submit recommendations for director candidates must follow the following procedures:

The Nominating and Governance Committee will accept recommendations of director candidates throughout the year; however, in order for a recommended candidate to be considered by the Committee for nomination for election at an upcoming annual meeting of shareholders, the recommendation must be received by the Secretary of the Company not less than 120 days prior to the anniversary date of our most recent annual meeting of shareholders.

This recommendation must be in writing and must include the following initial information: (i) the shareholder's name and address, number of shares owned and proof of ownership; (ii) the name of the candidate; (iii) the candidate's resumé or a listing of his or her qualifications to be a director of the

Company; (iv) all other information regarding the candidate that would be required to be disclosed in a proxy statement filed with the SEC if the candidate were nominated for election to the Board of Directors; and (v) the candidate's written consent to be named as a director if selected by the Nominating and Governance Committee and nominated by the Board of Directors. The Nominating and Governance Committee may subsequently request additional information regarding the candidate.

Recommendations must be sent by U.S. Mail, courier or expedited delivery service to William F. Weissman, Secretary, Rubicon Technology, Inc., 900 East Green Street, Bensenville, Illinois 60106.

In evaluating nominees for director, the Nominating and Governance Committee is guided by, among other things, the objective that the board be composed of qualified, dedicated and highly regarded individuals who have experience relevant to our operations and who understand the complexities of our business environment. See Proposal 1: Election of Directors on page 6 for a discussion of the evaluation of director candidates. The Nominating and Governance Committee may also consider other factors such as whether the candidate is independent within the meaning of the listing standards of the NASDAQ Global Market and whether the candidate meets any additional requirements for service on the Audit Committee. The Nominating and Governance Committee does not intend to evaluate candidates recommended by shareholders any differently than other candidates.

Rubicon's independent auditors, Grant Thornton LLP, are responsible for performing an independent audit of the financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States.

The Audit Committee conducted its oversight activities in accordance with the duties and responsibilities outlined in the Audit Committee charter. These activities included, but were not limited to, the following during the fiscal year ended December 31, 2010:

Reviewed and discussed with management and the independent auditors the audited financial statements, the quarterly financial statements, and the earnings press releases for the year ended December 31, 2010. Management has the primary responsibility for such financial statements and press releases.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our named executive officers for 2010 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Executive Summary

Our compensation programs are intended to align our named executive officers' interests with those of our shareholders by rewarding performance that meets or exceeds the goals the Compensation Committee establishes with the objective of increasing shareholder value. Consistent with our pay for performance philosophy, the total compensation received by our named executive officers will vary based on individual and corporate performance measured against annual and long-term performance goals. Our named executive officers' total compensation is comprised of a mix of base salary, annual incentive compensation and long-term incentive awards.

Table of Contents

Our executive team successfully managed our company through the recent severe economic downturn and drove dramatic growth in revenue and earnings in 2010. Below is a comparison of 2010 and 2009 revenue and earnings, which are key metrics on which the Compensation Committee measures management performance. Please see *Management's Discussion and Analysis of Financial Conditions and Results of Operations* in our Annual Report on Form 10-K for a more detailed description of our fiscal year 2010 financial results.

	Year Ended December 31, 2010	Year Ended December 31, 2009
Revenue (in millions)	\$ 77,362	\$ 19,808
Net income (loss) (in millions)	\$ 29,111	\$ (9,630)
Diluted income (loss) per share	\$ 1.28	\$ (0.48)

Our financial performance is a key factor in the compensation decisions and outcomes for the fiscal year. In 2009, there were no bonuses earned by our executive officers due to performance below targets. In 2010, based on the exceptional performance of the business, executive officers were awarded bonuses at target levels and were awarded additional cash bonuses in recognition of substantially exceeding performance targets.

We believe that the compensation of our executive officers should facilitate the achievement of short-term corporate goals as well as the performance of long-term business objectives. It is the responsibility of the Compensation Committee of our Board of Directors to administer our compensation practices to ensure that they are competitive and include incentives which are designed to appropriately drive corporate performance. Our Compensation Committee reviews and approves all of our compensation policies, including executive officer salaries, bonuses and equity incentive compensation.

We endeavor to maintain the highest level of corporate governance over our executive pay programs. The following policies were in effect during 2009 and remained in effect in 2010:

No significant perquisites offered: Our executives participate in broad-based Company-sponsored programs on the same basis as other full-time employees (other than with respect to Mr. Parvez's reimbursement for commuting expenses during 2008 and 2009).

Separation of Governance Positions: In line with corporate governance best practices, we have separated the roles of Board chairman and chief executive officer.

No SERPs: Our executives participate in the same retirement plan generally available to other full-time employees, and we do not offer supplemental executive retirement programs to our executives.

Independence of executive compensation consultant: The advisor historically used by the Compensation Committee does not provide any services to management and has no prior relationship with our named executive officers.

Objectives of Our Executive Compensation Programs

Our compensation programs for our named executive officers are designed to achieve the following objectives:

attract and retain talented and experienced executives in our industry;

motivate and reward executives whose knowledge, skills and performance are critical to our success;

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

align the interests of our executives and shareholders, by encouraging executives to increase long-term shareholder value and rewarding executives when shareholder value increases; and

motivate our executives to manage our business to meet our short-term and long-term corporate goals and business objectives, and reward them for meeting these objectives.

We use a mix of short-term compensation in the form of base salaries and cash incentive bonuses and long-term compensation in the form of equity incentive compensation to provide a total compensation structure that is designed to encourage our executives to achieve these objectives.

Table of Contents

Determining Executive Compensation

The Compensation Committee is responsible for developing, administering and interpreting the compensation program for executive officers and other key employees. Our Compensation Committee was appointed by our Board of Directors and consists entirely of directors who are outside directors, for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and non-employee directors for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act).

The Compensation Committee may delegate some or all of its responsibilities to one or more subcommittees whenever necessary to comply with any statutory or regulatory requirements or otherwise deemed appropriate by the committee. The Compensation Committee has the authority to retain consultants and other advisors to assist with its duties and has sole authority to approve the fees and other retention terms of such consultants and advisors.

Historically, our chief executive officer makes recommendations to the Compensation Committee regarding the salaries, bonus arrangements and option grants, if any, for all key employees other than himself. For executive officers whose bonus awards are based partly on individual performance, the chief executive officer's evaluation of such performance is provided to and reviewed by the Compensation Committee. Based on the foregoing, the Compensation Committee uses its judgment in making compensation decisions that will best carry out our philosophy and objectives for executive compensation.

Within the context of the overall objectives of our compensation programs, we determined the specific amounts of compensation to be paid to each of our executives in 2010 based on a number of factors, including, but not limited to:

the roles and responsibilities of our executives;

the individual experience and skills of our executives;

the amounts of compensation being paid to our other executives;

the performance of the company against targets pre-established by the Board;

our executives' historical compensation at our Company; and

our understanding of the amount of compensation generally paid by similarly situated companies to their executives with similar roles and responsibilities.

In evaluating the compensation generally paid by similarly situated companies, our Compensation Committee has obtained guidance on appropriate executive compensation practices from executive search firms in the course of recruiting executives for Rubicon. In addition, we have historically taken into account available data relating to the compensation practices of other companies within and outside our industry. In 2009, the Compensation Committee engaged the consulting firm of Hewitt Associates, LLC to assist us in analyzing our compensation structure and making suggestions for our future compensation structure. The Compensation Committee does not engage in formal benchmarking of compensation, but rather considers the data provided by our compensation consultant along with the other factors described above in making suggestions for our compensation structure.

Elements of Our Executive Compensation Programs

Our executive compensation primarily consists of base salary, cash incentive and discretionary bonuses, equity-based incentives and benefit programs. We believe it is important that the interests of our executives are aligned with those of our long-term shareholders; therefore, equity incentive compensation constitutes a significant portion of our total executive compensation.

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

We discuss each of the primary elements of our executive compensation in detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to complement each other and collectively serve all of our executive compensation objectives described above.

Table of Contents

Annual cash compensation

Base salary

Base salaries are intended to provide a level of compensation sufficient to attract and retain an effective management team when considered in combination with the performance-based and other components of our compensation program. The base salary of each executive officer is reviewed annually to determine if it is equitably aligned with our other executive officers and is at a sufficient level to attract and retain top talent. Salaries are adjusted to reflect individual roles and performance and may be increased at other times if a change in the scope of the officer's responsibilities justifies such consideration or in order to maintain salary equity among executive officers. We believe that a competitive base salary is a necessary element of any compensation program designed to attract and retain talented and experienced executives. We also believe that attractive base salaries can serve as an effective reward for the executives' overall performance.

Our executives' base salaries reflect the initial base salaries that we negotiated with each of them at the time of his or her initial employment and our subsequent adjustments to these amounts. We formally evaluate executive performance on an annual basis, and these evaluations are one of the factors considered in making adjustments to base salaries. The base salaries for our executive officers, including our chief executive officer, were increased by 4%, which was the average increase in salary for all of our employees in 2010. The size of the increase reflects the Compensation Committee's perception as to the general increase in wages in our industry during the past year. In addition, our chief executive officer, who has historically received a separate annual allowance to cover the cost of commuting from his home in Pennsylvania to the Company headquarters, received a separate base salary increase in lieu of that separate annual allowance.

Cash incentive bonuses

The primary objectives of our incentive bonus plan are to provide an incentive for superior work, to motivate our executives toward even higher achievement and business results, to tie our executives' goals and interests to ours and our shareholders' and to enable us to attract and retain highly qualified individuals. Under the plan, each executive is entitled to receive a bonus based on our attainment of corporate performance targets set by the Compensation Committee. These targets are typically set in the first four months of the year. The targets under our incentive bonus plan are based on internal financial goals set in connection with our Board of Directors' consideration and approval of our annual operating plan. These targets are set at levels that we believe can be achieved if our executive officers perform at a high level and if the assumptions underlying our annual operating plan prove correct. For 2010, these targets were gross revenues of \$46 million and net income of \$4.2 million. The Compensation Committee believed these were the most appropriate criteria for a company at our stage of development and considering current and projected market conditions. Incentive bonuses are set at a percentage of salary, which, in 2010, ranged from 35% to 50% for our named executive officers. The higher percentages are set for the executives with the greater levels of responsibility, thus furthering the Compensation Committee's objective to have a greater percentage of compensation at risk as an executive's level of responsibility increases. Revenue for 2010 was \$77.4 million (compared to the target of \$46 million) and net income for 2010 was \$29.1 million (compared to the target of \$4.2 million). Because financial performance significantly exceeded performance targets, incentive bonuses and discretionary cash bonuses were paid to executive officers for fiscal 2010. Discretionary bonus amounts were determined based on the collective experiences of the members of the Compensation Committee with respect to bonus awards to executives of similarly situated companies for exceptional financial performance.

Equity incentive compensation

We grant equity incentive awards in the form of stock options to align the interests of our executives with our shareholders by providing our executives with strong incentives to increase shareholder value. These awards typically represent a significant portion of total executive compensation. In most cases, stock options vest at the rate of 25% of the total option shares on each of the first four anniversaries of the date of grant, thus providing added incentive for the executive to continue his or her employment with us. However, in connection with the

Table of Contents

beginning of an aggressive two year expansion plan, in December 2009, we also granted stock options to our named executive officers that are performance-based and vest upon the achievement of specified annual revenue and earnings targets.

Historically, the Board of Directors has granted stock options at various times during the year based on recommendations from the Compensation Committee. However, in 2008 the board adopted a policy generally to grant stock options to executives once per year (except in the case of newly hired executives, as described below). As such, in the future, such grants normally will be made at a meeting of the Board of Directors held within a prescribed period following our release of year-end financial results. This period runs from the fourth until the 12th business day following the release. However, following our grant of stock options to our named executive officers in December 2009 in connection with our expansion plan, no stock options were granted to our named executives in 2010. Otherwise, we do not have any program, plan or practice to time stock option grants in coordination with the release of material non-public information. With respect to newly hired executives, our practice is typically to make stock option grants at the first meeting of the Board of Directors following such executive's hire date. In 2010, we granted options to purchase a total of 238,826 shares of common stock, none of which were granted to our named executive officers.

The exercise price of each stock option granted under our stock incentive plans is based on the fair market value of our common stock on the grant date. Prior to our initial public offering, the fair market value of our common stock for purposes of determining the exercise price of stock options was determined by our Board of Directors based on a number of factors applicable to common stock of privately-held companies.

In connection with and shortly prior to our initial public offering, our Board of Directors and shareholders adopted the 2007 Stock Incentive Plan, or 2007 Plan. The 2007 Plan permits the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards and bonus shares. The 2007 Plan replaced our 2001 Equity Plan effective upon the consummation of our initial public offering. For a further description, please see [Employee Benefit Plans 2007 Stock Incentive Plan](#) below.

As discussed above, we did not grant any stock options to our named executive officers in 2010, following the grant of stock options at the beginning of our two year expansion project in December 2009. The December 2009 stock options were granted in order to incentivize our named executive officers to execute on the aggressive expansion project, which includes establishing two new production facilities and significantly increasing revenue and earnings. The Compensation Committee, in consultation with Hewitt Associates, LLC, determined that performance-based vesting would be used for the majority of this option grant. The revenue and net income chosen as the applicable performance measures that govern the vesting were based on internal financial goals set in connection with the expansion plan. The performance targets for one half of the performance-based options issued in this grant were set at levels that we believe can be achieved if our executive officers perform at a high level and if the assumptions underlying our annual operating plan prove correct. The performance targets on the other half of the options were set at levels that we believe would require our executives to significantly outperform the plan. The stock options with time-based vesting were granted in recognition of the effort required to execute on the expansion plan.

Benefits

All of our executive officers are eligible for benefits offered to employees generally, including life, health, disability and dental insurance and our 401(k) plan. Consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our executive officers. The Compensation Committee, in its discretion, may revise the executive officers' benefits if it deems it advisable.

Severance and change in control arrangements

Our named executive officers have employment and/or other agreements that provide various benefits triggered by such employment-related actions as termination without cause, resignation with good reason and/or termination without cause following a change in control. Such benefits may include salary continuation,

Table of Contents

guaranteed bonuses, lump sum severance and/or the acceleration of stock option vesting. See [Employment and Severance Arrangements](#) below for a description of the severance and change in control arrangements for our named executive officers. In addition, each of our equity incentive plans provides for a potential acceleration of vesting of outstanding awards in the event that we undergo a change in control, as defined in such plans. See [Employee Benefit Plans](#) below for a description of the change in control provisions contained in our equity incentive plans.

In setting the terms of and determining whether to approve these severance and change in control arrangements, our Compensation Committee or Board of Directors, as applicable, recognized that executives often face challenges securing new employment following a termination of their existing employment and that distractions created by uncertain job security may have a detrimental impact on their performance. With the exception of the acceleration of stock option vesting, none of these benefits are triggered by a change in control unless the named executive officer's employment is terminated without cause following such change in control. The acceleration of stock option vesting upon a change in control occurs only if the option is not assumed, or an equivalent right substituted, by the successor corporation. We believe the acceleration of option vesting under such circumstances is appropriate to preserve the benefit intended to be provided to the executive while avoiding the acceleration of benefits where the executive is enjoying a continuation of the same or comparable benefit following the change in control. The levels of severance benefits were set based on our Board of Directors' collective experience and insight regarding severance benefits offered to executives at comparable companies.

Effect of accounting and tax treatment on compensation decisions

In the review and establishment of our compensation programs, we consider the anticipated accounting and tax implications to us and our executives. In this regard, we may begin utilizing restricted stock and/or restricted stock units as additional forms of equity compensation incentives in response to changes in the accounting treatment of equity awards under FASB ASC Topic 718 Stock Compensation. While we consider the applicable accounting and tax treatment, these factors alone are not dispositive, and we also consider the cash and non-cash impact of the programs and whether a program is consistent with our overall compensation philosophy and objectives.

Section 162(m) of the Code imposes a limit on the amount of compensation that we may deduct in any one year with respect to our chief executive officer and each of our next three most highly compensated executive officers other than our chief financial officer, unless certain specific and detailed criteria are satisfied. Performance-based compensation, as defined in the Code, is fully deductible if the programs are approved by shareholders and meet other requirements. We will continue to assess the impact of Section 162(m) on our compensation practices and determine whether to qualify equity and cash awards as performance-based compensation.

COMPENSATION COMMITTEE REPORT

As detailed in its charter, the Compensation Committee of the Board of Rubicon oversees Rubicon's executive compensation program on behalf of the Board. In the performance of this function, the Compensation Committee, among other things, reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement and the Annual Report on Form 10-K. Based upon the review and discussions referred to above, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and the Annual Report on Form 10-K.

Table of Contents**COMPENSATION RISKS**

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. In addition, the Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

The Compensation Committee reviewed the elements of executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded:

significant weighting towards equity incentive compensation discourages short-term risk taking;

the majority of equity incentive compensation is based on time vesting rather than performance vesting, which discourages short-term risk taking;

rolling three-year performance targets discourage short-term risk taking; and

cash incentive bonus awards are capped by the Compensation Committee and awards for exceeding targets are discretionary. Furthermore, as described in our Compensation Discussion and Analysis, compensation decisions include subjective considerations, which restrain the influence of formulae or objective factors on excessive risk taking.

EMPLOYMENT AND SEVERANCE ARRANGEMENTS**Raja M. Parvez**

We entered into an employment agreement with Raja Parvez, our president and chief executive officer, dated January 29, 2009. Mr. Parvez previously had an employment agreement with the Company that expired January 2, 2009. The terms of Mr. Parvez's current agreement are as follows:

Term. The term of the agreement commenced on January 1, 2009 and expires not less than 60 days prior to the effective date of termination by the Company or resignation by Mr. Parvez.

Compensation. Under the terms of the agreement, Mr. Parvez is entitled to an annual base salary of \$427,500, subject to annual review and adjustment, and an annual discretionary bonus of up to \$175,000 based upon the achievement of certain business objectives. Mr. Parvez's actual salary and bonus for 2010 are shown in the Summary Compensation Table above. The agreement also provides for the grant of an option to purchase 300,000 shares of common stock of the Company, which option was granted on February 27, 2009 (the Parvez Options) at an exercise price of \$4.01 per share. Subject to certain exceptions, the Parvez Options are subject to the Company's standard terms and conditions for stock option grants under the 2007 Plan.

Table of Contents

Severance. In the event that Mr. Parvez's employment is terminated by us without cause or if he resigns for good reason, he will be entitled to receive a severance payment equal to his annual base salary in effect at that time, payable 50% on the termination date and 50% on the six month anniversary of the termination date, and health and welfare benefits for a period of 12 months after his termination date. Furthermore, the vesting of the Parvez Options will be accelerated by rounding up to the full vesting year, provided that Mr. Parvez delivers a release of claims to the Company. For purposes of the agreement, (i) cause generally is defined as Mr. Parvez's willful misconduct materially and adversely affecting us; theft, fraud, embezzlement or similar behavior; indictment or conviction of a felony; or willfully failing to substantially perform the material duties of his position, other than a failure resulting from incapacity due to physical or mental illness, following a demand for performance delivered by the Board of Directors and a specified cure period of not less than 30 days; and (ii) good reason generally is defined as a material reduction in base salary or a material diminution in benefits; substantial diminution in Mr. Parvez's duties, responsibilities or title; or relocation for a period of greater than six consecutive months greater than 100 miles from the Chicago metropolitan area, in each case if uncured 60 days after written notice of the condition is delivered to us by Mr. Parvez. Mr. Parvez's employment agreement provides further that if, within two years after a change in control of the Company, the Company terminates Mr. Parvez without cause or he resigns for good reason, he will be entitled to the benefits described above, except that he will receive a lump sum severance payment equal to two times his annual base salary and maximum annual bonus amount in effect at that time and all of Mr. Parvez's options will immediately vest.

Restrictive covenants. Mr. Parvez's agreement contains customary non-competition and non-solicitation covenants on the part of Mr. Parvez. These restrictions survive for a period of 12 months after Mr. Parvez's resignation or termination; and, in the event of a breach of his employment agreement by Mr. Parvez, the period automatically will be extended by the period of the breach.

William F. Weissman

We entered into an employment agreement with Mr. Weissman, our chief financial officer, effective as of July 30, 2007. The key terms of the agreement are summarized below.

Term. The term of the agreement commenced on July 30, 2007 and expires on June 30, 2008, subject to automatic one-year extensions unless either party provides the other with written notice of non-renewal at least 60 days prior to the end of the then-current term.

Compensation. Under the terms of his agreement, Mr. Weissman was originally entitled to a 2007 annual base salary of \$200,000 (now \$218,400) and an annual discretionary bonus targeted at 25% (now between 35% and 40%) of his annual base salary.

Severance terms. In the event that Mr. Weissman's employment agreement is terminated by us without cause or if he resigns for good reason, he will receive a continuation of his annual base salary for six months thereafter and certain of his options will become vested, provided that Mr. Weissman delivers a release of claims to the Company. In addition, he will receive a continuation of his medical and welfare benefits for a period of six months thereafter. If within one year after a change in control, we terminate Mr. Weissman without cause, he will be entitled to a lump sum payment equal to six months of his annual base salary in lieu of the salary continuation described above.

For purposes of Mr. Weissman's agreement (i) cause generally is defined as willful misconduct materially and adversely affecting us; theft, fraud, embezzlement or similar behavior; indictment or conviction of a felony; or willfully failing to substantially perform the material duties of his position, other than failure resulting from incapacity due to physical or mental illness, following a demand for performance delivered by the Board of Directors and a specified cure period of not less than 10 days; and (ii) good reason generally is defined as a material reduction in base salary or benefits; substantial diminution in Mr. Weissman's duties, responsibilities or title, if uncured by us within 30 days of receipt of notice from Mr. Weissman; or relocation for a period of greater than six consecutive months greater than 100 miles from the Chicago metropolitan area.

Table of Contents

Restrictive covenants. Mr. Weissman's agreement contains customary non-competition and non-solicitation covenants on the part of Mr. Weissman. These restrictions survive for a period of 12 months after Mr. Weissman's resignation or termination, and in the event of a breach of his employment agreement, the period is automatically extended by the period of the breach.

Amendments of Employment Agreement. In January 2009, the Company and Mr. Weissman entered into a first amendment (the "First Amendment") of Mr. Weissman's employment agreement. Under the First Amendment, Mr. Weissman received an option to purchase 100,000 shares of common stock of the Company on or about February 27, 2009 (the "Weissman Options") at an exercise price determined in accordance with the 2007 Plan at the time of the grant. Subject to certain exceptions, the Weissman Options are subject to the Company's standard terms and conditions for stock option grants under the 2007 Plan. Under the First Amendment, if Mr. Weissman is terminated without cause or he resigns for good reason, (i) the vesting of the Weissman Options will be accelerated by rounding up to the full vesting year and (ii) he will continue to be entitled to the severance benefits described under "Severance terms" above, provided that Mr. Weissman delivers a release of claims to the Company.

In August 2009, the Company and Mr. Weissman entered into a second amendment (the "Second Amendment") of Mr. Weissman's employment agreement. Under the Second Amendment, if within two years following a change in control, the Company terminates Mr. Weissman without cause or he resigns for good reason, any unvested options under any then existing option agreements will become fully vested, provided that Mr. Weissman delivers a release of claims to the Company.

POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT

The table below shows the estimated amount of payments and benefits that we would provide to the named executive officers assuming that their employment was terminated as of December 31, 2010 by us without cause, including following a change in control, or by the officer with good reason (each as defined in the respective named executive officer's employment agreement). The table also shows the estimated amount of benefits that we would provide upon the occurrence of a change in control as of December 31, 2010, if the named executive officer's options were not assumed, or an equivalent right substituted, by the successor corporation.

EMPLOYEE BENEFIT PLANS

2007 Stock Incentive Plan

Our 2007 Stock Incentive Plan, or 2007 Plan, was adopted by our Board of Directors and approved by our shareholders in August 2007. Our 2007 Plan will automatically terminate in 2017, unless we terminate it sooner. In addition, our Board of Directors has the authority to amend, suspend or terminate the 2007 Plan, provided such action does not impair the rights of any participant.

The 2007 Plan permits us to make grants of incentive stock options, within the meaning of Section 422 of the Code, to our employees and any parent and subsidiary corporation's employees, non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards, bonus shares, and dividend equivalents to our employees, directors and consultants and our parent and subsidiary corporation's employees and consultants. These are referred to in the 2007 Plan as awards. No awards covering more than 300,000 shares of our common stock may be granted to any one individual during any single calendar year, except for calendar year 2009, when this limit was 600,000 shares (including awards that are denominated with reference to our common stock that may be payable in cash). In addition, the maximum amount of awards denominated in cash (including awards that are denominated in cash that may be payable in shares of our common stock) that may be granted to any one individual in any single year is \$2,400,000.

We reserved 2,307,692 shares of our common stock for the issuance of awards under the 2007 Plan. This number is subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization. Under certain circumstances, shares that are the subject of a previously-issued award can become available again for future grants under the 2007 Plan. As of December 31, 2010, awards with respect to 1,531,534 shares were outstanding under the 2007 Plan.

On March 23, 2011, our Compensation Committee, on behalf of the Board of Directors, approved the amendment and restatement of the 2007 Plan, subject to shareholder approval. The amendment and restatement, if approved by our shareholders as more fully discussed in Proposal 4 on page 29, would increase the maximum number of shares of our common stock with respect to which awards may be granted under the 2007 Plan by 2,100,000, from 2,307,692 to 4,407,692.

2001 Equity Plan

Our 2001 Equity Plan, or 2001 Plan, was adopted by our Board of Directors on July 30, 2001 and approved by our shareholders on August 2, 2001. Our Board of Directors determined not to grant any additional awards under the 2001 Plan after the completion of our initial public offering on November 21, 2007. However, the 2001 Plan continues to govern the terms and conditions of the outstanding awards granted under it. As of December 31, 2010, options to purchase 298,863 shares of our common stock were issued and outstanding and 139,961 shares remained available for future awards under the plan. The 2001 Plan permitted us to make grants of incentive stock options, non-qualified stock options, and stock purchase rights. No stock purchase rights were ever granted under such plan. Our 2001 Plan automatically will terminate in 2011, unless we terminate it sooner. In addition, our Board of Directors has the authority to amend, suspend, or terminate the 2001 Plan, provided such action does not impair the rights of any participant.

Administrative committee. The administrator of our 2001 Plan is either the Board of Directors or any of its committees or any delegate of the board or of the committee appointed by the Board of Directors. The 2001 Plan may be administered by different committees for different groups of person eligible to receive awards.

Options. The exercise price of incentive stock options awarded under the 2001 Plan may not be less than the fair market value of our common stock on the date of the option grant. The term of each option may not exceed ten years from the date of grant. The committee will specify in the option agreement at what time or times each option may be exercised, including the period of time after disability, death, or other termination of employment during which options that have become exercisable may be exercised.

Table of Contents

Dissolution, liquidation, merger, reorganization or sale. Our 2001 Plan provides for the following in the event of a dissolution, merger, reorganization or sale:

In the event of any proposed dissolution or liquidation, the administrator may provide holders of outstanding options with a 10-day period in which to exercise all outstanding options and may provide for the lapse of any Company repurchase option right. In the event of any merger, consolidation or similar reorganization in which the outstanding options and stock purchase rights will not be assumed or an equivalent option or right is not substituted by the successor entity, the options and stock purchase rights will fully vest and become exercisable for a period of 15 days, after which, the unexercised options and stock purchase rights will terminate.

LIMITATION ON LIABILITY AND INDEMNITY

Our amended and restated certificate of incorporation contains provisions that limit or eliminate the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our shareholders for monetary damages for any breach of fiduciary duties as a director, except liability for:

any breach of the director's duty of loyalty to us or our shareholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered into agreements and intend to continue to enter into agreements to indemnify our executive officers and directors. With certain exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding for which indemnification is available. We believe these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' insurance.

At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

PROPOSAL 2:
RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Grant Thornton LLP (Grant Thornton) to serve as the Company s independent auditors for the fiscal year ending December 31, 2011 and is submitting this matter to the shareholders for their ratification. Grant Thornton has served as the Company s independent auditors since 2002. One or more representatives of Grant Thornton will be present at the Annual Meeting to make a statement if they desire to do so and to be available to respond to appropriate questions that may be asked by shareholders.

In the event the proposal to ratify the selection of Grant Thornton is defeated, the adverse vote will be considered as a direction to the Board of Directors to select other independent auditors for the next fiscal year ending December 31, 2012. However, because of the expense and difficulty in changing independent auditors after the beginning of a year, the Board of Directors intends to allow the appointment for fiscal 2011 to stand unless the Board of Directors finds other reasons for making a change.

Audit Fees

The aggregate fees billed by Grant Thornton for audit services (audit of the Company s annual financial statements, reviews of the Company s interim unaudited financial statements, and assistance with and review of SEC filings, including those in connection with the Company s secondary offering) for fiscal 2010 and fiscal 2009 were \$294,040 and \$259,538, respectively.

Audit-Related Fees

There were no audit-related fees billed by Grant Thornton in fiscal 2010 or fiscal 2009.

Tax Fees

The aggregate fees billed by Grant Thornton in fiscal 2010 for tax planning services were \$52,050. There were no fees billed by Grant Thornton in fiscal 2009 for tax planning services.

All Other Fees

There were no other fees billed by Grant Thornton in fiscal 2010 or fiscal 2009 for any other services.

Pre-Approval Policy and Procedures

In accordance with provisions of the Sarbanes-Oxley Act of 2002, the Audit Committee pre-approves all audit and non-audit services provided to the Company by its independent auditors.

Our Board of Directors recommends that you vote FOR the ratification of the selection of Grant Thornton LLP to serve as the Company s independent auditors for the fiscal year ending December 31, 2011.

PROPOSAL 3:

APPROVAL OF AMENDMENT NO. 1 TO

OUR EIGHTH AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

A proposal will be presented at the annual meeting to approve Amendment No. 1 to our Eighth Amended and Restated Certificate of Incorporation (the Amendment). On April 14, 2011, our Board of Directors approved the Amendment, subject to the approval of the Company's shareholders. The Amendment decreases the number of authorized shares of common stock that are authorized under the existing Certificate of Incorporation by 40,000,000, from 85,000,000 to 45,000,000.

As of April 29, 2011, 23,036,046 shares of our common stock were issued and outstanding (excluding treasury shares) and 2,398,878 shares were reserved for the issuance of common stock upon the exercise of awards under the 2001 Stock Incentive Plan and the existing 2007 Stock Incentive Plan (without taking into account the amendment to the proposed amendment to the 2007 Stock Incentive Plan). In addition, 281,561 shares of our common stock are reserved for issuance upon the exercise of outstanding warrants. Accordingly, a total of 59,283,515 shares of our common stock have not been reserved for any specified purpose and are available for future issuance.

The Board of Directors believes that a decrease in our authorized shares of common stock is advisable because such a reduction will significantly lower franchise tax due to the State of Delaware, the state in which we are incorporated. The Company's Delaware franchise tax is calculated annually and is based on the Company's authorized shares. The amount of this tax will be decreased if we reduce the number of our authorized shares of common stock. The Board of Directors believe that having 45,000,000 authorized shares of common stock will give the Company sufficient flexibility for corporate purposes in the foreseeable future.

If the amendment to decrease the authorized shares of our common stock is approved by our stockholders, it will become effective upon the filing of the Amendment with the Secretary of State of Delaware. The affirmative vote of the outstanding shares of the Company's common stock as of April 29, 2011 is necessary to approve this proposal and amend our Certificate of Incorporation. A copy of the Amendment is included in Appendix A to this proxy statement.

Our Board of Directors recommends that you vote FOR Amendment No. 1 to our Eighth Amended and Restated Certificate of Incorporation.

PROPOSAL 4:

**APPROVAL OF THE AMENDMENT AND RESTATEMENT OF
OUR 2007 STOCK INCENTIVE PLAN**

A proposal will be presented at the annual meeting to approve the amendment and restatement of the Rubicon Technology, Inc. 2007 Stock Incentive Plan (the Amended and Restated 2007 Plan). On March 23, 2011, our Compensation Committee, on behalf of the Board of Directors, approved the Amended and Restated 2007 Plan, subject to the approval of the Company s shareholders. The Amended and Restated 2007 Plan (i) increases the maximum number of shares of common stock that may be issued under the existing 2007 Stock Incentive Plan by 2,100,000, from 2,307,692 to 4,407,692; and (ii) clarifies that the repricing prohibition with respect to options and stock appreciation rights also applies to cancelling an underwater option or stock appreciation right in exchange for cash.

Approval of the Amended and Restated 2007 Plan requires the affirmative vote of the majority of shares present in person or represented by proxy at our annual meeting and entitled to vote.

The principal features of the proposed Amended and Restated 2007 Plan are summarized below. This summary does not contain all information about the Amended and Restated 2007 Plan. A copy of the complete text of the Amended and Restated 2007 Plan is included in Appendix B to this proxy statement, and the following description is qualified in its entirety by reference to the text of the Amended and Restated 2007 Plan.

Summary of the Amended and Restated 2007 Plan

Overview. Our existing 2007 Stock Incentive Plan was adopted by our Board of Directors and approved by our shareholders in August 2007. On March 23, 2011, our Compensation Committee, on behalf of the Board of Directors, approved an amendment and restatement of the 2007 Stock Incentive Plan (i.e. , the Amended and Restated 2007 Plan), subject to the approval of our shareholders. Our Amended and Restated 2007 Plan will terminate automatically in 2017, unless we terminate it sooner. In addition, our Board of Directors has the authority to amend, suspend or terminate the Amended and Restated 2007 Plan, provided that such action does not impair the rights of any participant. Prior to the issuance of any shares of our common stock in settlement of an award under the Amended and Restated 2007 Plan, the Compensation Committee (the Committee) of the Board of Directors may require an award holder to satisfy conditions relating to the issuance of shares that the Committee deems necessary. The Amended and Restated 2007 Plan is unfunded; any obligations relating to the Amended and Restated 2007 Plan constitute unfunded, unsecured obligations of the Company.

The Amended and Restated 2007 Plan permits us to make grants of incentive stock options, within the meaning of Section 422 of the Code, to our employees and any parent and subsidiary corporation s employees, and non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards and bonus shares to our employees, directors and consultants and our parent and subsidiary corporation s employees and consultants. These are referred to in the Amended and Restated 2007 Plan as awards.

Without taking into account the amendment, we reserved 2,307,692 shares of our common stock for the issuance of awards under the existing 2007 Stock Incentive Plan. Pursuant to the Amended and Restated 2007 Plan, 4,407,692 shares of our common stock will be reserved for the issuance of awards. This number is subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization. Under certain circumstances, shares that are the subject of a previously-issued award can become available again for future grants under the Amended and Restated 2007 Plan. As of December 31, 2010, 503,881 shares were available for future issuance under the Amended and Restated 2007 Incentive Plan.

Plan Administration. The Amended and Restated 2007 Plan is administered by the Committee. The Board of Directors may appoint different committees to administer the Amended and Restated 2007 Plan for different

Table of Contents

groups of persons eligible to receive awards. The Board of Directors also may delegate all or part of the Committee's duties to our chief executive officer, including the granting of awards, for awards to individuals other than (i) officers covered by Section 16 of the Exchange Act, (relating to certain reporting requirements and short-swing profits disgorgement provisions of the U.S. securities laws), or (ii) our officers who are covered employees for purposes of Section 162(m) (relating to certain limitations on our federal income tax deduction for compensation paid to covered employees) (discussed below).

If the Committee desires that the awards granted to our officers who are covered employees qualify as performance-based compensation for purposes of Section 162(m) (Section 162(m) generally limits a company's deduction for compensation paid to any covered employee to \$1,000,000 annually, subject to certain exceptions, including an exception for performance-based compensation), the Committee must be comprised of two or more directors who qualify as outside directors for purposes of Section 162(m). If the Committee desires that the grants of awards to our officers who are subject to Section 16 of the Exchange Act be exempt under Rule 16b-3 of the Exchange Act from application of the short-swing profits liability provisions of Section 16, the Committee must be comprised of two or more directors who qualify as non-employee directors for purposes of Rule 16b-3 of the Exchange Act. If required by the rule of any stock exchange, the Amended and Restated 2007 Plan will be administered by independent directors, as defined by any applicable rule.

The Committee has full power and authority to select the eligible persons to whom awards will be granted, to make any combination of awards to the persons selected, to accelerate the exercisability or vesting of any award and to determine the specific terms and conditions of each award, subject to the provisions of the Amended and Restated 2007 Plan. The Committee is prohibited from repricing any option or stock appreciation right without the prior approval of the Company's shareholders.

Eligibility. The Committee may grant awards to our officers, employees, non-employee directors and consultants. However, incentive stock options may be granted only to employees. No awards covering more than 300,000 shares of common stock (or, in 2009 only, 600,000 shares of common stock) may be granted to any one individual during any single calendar year (including awards that are denominated with reference to our common stock that may be payable in cash). In addition, the maximum amount of awards denominated in cash (including awards that are denominated in cash that may be payable in shares of our common stock) that may be granted to any one individual in any single year is \$2,400,000.

Options. Options to purchase our common stock may be granted under our Amended and Restated 2007 Plan. The exercise price of options awarded under the Amended and Restated 2007 Plan may not be less than the fair market value of our common stock on the date of the option grant. The term of each option may not exceed ten years from the date of grant. The Committee will specify in the option agreement at what time or times each option may be exercised, including the period of time after disability, death, or other termination of employment during which options that have become exercisable may be exercised.

To qualify as incentive stock options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options which first become exercisable in any one calendar year, and a shorter term and higher minimum exercise price in the case of certain large shareholders.

Stock Appreciation Rights. Stock appreciation rights may be granted under our Amended and Restated 2007 Plan. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant. The Committee determines the terms of the stock appreciation rights granted, including when such rights become exercisable and whether to pay the increased appreciation in cash or with shares of our common stock, or a combination thereof.

Restricted Stock. Restricted stock may be granted under our Amended and Restated 2007 Plan. Restricted stock awards are shares of our common stock issued to an employee or other service provider that vest in accordance with terms and conditions established by the Committee. The Committee will determine the number

Table of Contents

of shares of restricted stock granted to any employee or other service provider. The Committee may impose whatever conditions to vesting it determines to be appropriate and may grant restricted stock without requiring the payment of any purchase price. For example, the Committee may set restrictions based on continuous employment and (or) the achievement of specific performance goals. However, restricted stock that vests solely based on employment and the passage of time may not fully vest less than three years from the grant date, and restricted stock that vests solely based on the achievement of performance factors or other performance conditions may not fully vest less than one year from the grant date, unless the Committee determines that the vesting of a restricted stock award may be accelerated in the event of the recipient's death, disability, retirement or involuntary termination or a change in control. Shares of restricted stock that do not vest are forfeited. Except as otherwise provided in the applicable restricted stock agreement, the recipient of a restricted stock award has all the rights of a shareholder of our common stock, including the right to vote shares and the right to receive any cash dividends.

Restricted Stock Units. Our Amended and Restated 2007 Plan also permits us to grant restricted stock units. A restricted stock unit is a contingent right to receive a share of our common stock in the future in accordance with terms and conditions established by the Committee. The Committee will determine the number of shares of restricted stock granted to any employee or other service provider and the conditions under which the restricted stock units will vest. The Committee may impose vesting conditions based on continuous employment and (or) the achievement of specific performance goals. However, restricted stock units that vest solely based on employment and the passage of time may not fully vest less than three years from the grant date, and restricted stock units that vest solely based on the achievement of performance factors or other performance conditions may not fully vest less than one year from the grant date, unless the Committee determines that the vesting of restricted stock units may be accelerated in the event of the recipient's death, disability, retirement or involuntary termination or a change in control. Restricted stock units that do not vest are forfeited.

Dividend equivalents may be granted with respect to restricted stock units under our Amended and Restated 2007 Plan. A dividend equivalent entitles the recipient to an amount equal to the dividend payable on the shares underlying a grant of restricted stock units. Dividend equivalents are credited as additional restricted stock units as of the date on which a dividend on our common stock is paid and are subject to the same terms and conditions and to the same payment provisions as the restricted stock units to which they relate.

Performance Awards. Our Amended and Restated 2007 Plan also permits us to grant performance awards. A performance award is a right to receive a payment that is contingent upon the attainment of one or more performance objectives established by the Committee for a performance period. A performance award may be denominated in cash or in shares of our common stock. The Committee will determine the number of performance awards granted to any employee or other service provider, the length of the performance period, the performance objectives, the formula for determining the amount earned under the performance award, any related forfeiture conditions, and any other terms and conditions that it determines to establish.

Bonus Shares. Our Amended and Restated 2007 Plan also permits us to grant bonus shares to employees, directors and consultants. A bonus share is a grant of common stock to an employee, director or consultant without any payment from the recipient and without any restrictions, in recognition of past performance or as an incentive to become an employee or to provide services to us or any of our subsidiaries.

Repricing. The Committee is prohibited from repricing any option or stock appreciation right without the prior approval of the Company's shareholders. The prohibition applies to the lowering of the exercise price following the grant date, and the cancellation of an option or stock appreciation right at a time when the exercise price exceeds the fair market value of the underlying shares in exchange for cash or another award (unless the cancellation and exchange occurs in connection with a change in control). In addition, the Company may not offer to buy out any option or stock appreciation right in exchange for cash or shares at a time when the exercise price exceeds the fair market value of the underlying shares.

Table of Contents

Non-Transferability. Our Amended and Restated 2007 Plan does not allow for the transfer of restricted stock units and performance awards. Only the recipient of an option or stock appreciation right may exercise the option or stock appreciation right during his or her lifetime. A recipient of restricted stock may not transfer the restricted stock until the restrictions established by the Committee in connection with the grant have lapsed. A recipient of bonus shares may not transfer the bonus shares until they actually have been delivered. The Committee may impose any additional restrictions on the transfer of common shares delivered in payment of an award that it deems appropriate. The Committee may approve exceptions to the transfer restrictions for restricted stock, option and stock appreciation right awards.

Designation of Awards as Performance-Based Compensation. The Committee may designate awards of restricted stock, restricted stock units or performance awards as intended to qualify as performance-based compensation for purposes of Section 162(m). Awards so qualified are not subject to the \$1,000,000 federal annual deduction limit that applies to compensation paid by a company to each of its covered employees (generally, a company's chief executive officer and its next three highest compensated executive officers other than the chief financial officer). If the Committee intends to qualify an award as performance-based compensation for purposes of Section 162(m), additional requirements apply to such awards, including a requirement that only one or more of the performance factors set forth in the Amended and Restated 2007 Plan may constitute the performance objectives for the award. Additionally, the Committee can have no discretion to increase the award above the amount payable under the award for any given level of performance. Stock options and stock appreciation rights generally will qualify by their terms as performance-based compensation for purposes of Section 162(m).

The performance factors in connection with performance-based compensation under the Amended and Restated 2007 Plan are the following: revenue; net revenue; revenue growth; net revenue growth; earnings (including on a per share basis); earnings growth rate (including on a per share basis); earnings before interest, taxes, depreciation and amortization; total shareholder return; profitability; return on equity; return on capital; return on assets; cash flow, including free cash flow; cost savings; process improvement goals; achievement of balance sheet or income statement objective goals; product units shipped; and capital expenditures. Any of these performance factors may be used to measure the performance of the Company or any subsidiary, division, business unit or individual. When establishing performance factors for a performance period, the Committee may exclude any or all extraordinary items, as determined under U.S. generally accepted accounting principles, including without limitation, the charges or costs associated with restructurings of the Company, discontinued operations, other unusual or nonrecurring items, and the cumulative effects of accounting changes.

Cancellation and Rescission. The Amended and Restated 2007 Plan also provides that unless the applicable award agreement provides otherwise, the Committee may cancel any unvested, unexercised or unpaid award if the recipient is not in compliance with the terms of the award agreement and the Amended and Restated 2007 Plan, or if the award recipient has engaged in any adverse conduct. In addition, the Amended and Restated 2007 Plan provides that unless the applicable award agreement provides otherwise, for a period of two years following the exercise, payment or delivery of an award, the Committee may rescind the award upon its determination that the recipient has engaged in adverse conduct prior to the delivery of the award or during the two-year rescission period.

Change in Control. The Amended and Restated 2007 Plan provides that in the event of our change in control, as defined in the Amended and Restated 2007 Plan, each outstanding award will be treated as the Committee determines, including that the successor corporation or its parent or subsidiary may be required to assume or substitute an equivalent award for each outstanding award. The Committee is not required to treat all awards similarly. If there is no assumption or substitution of outstanding awards, the award recipient will fully vest in and have the right to exercise all of his or her outstanding options and stock appreciation rights, all restrictions on restricted stock and restricted stock units will lapse and all performance goals or other vesting requirements for performance awards will be deemed achieved at 100% of target levels and all other terms and conditions will be deemed met. If an option or stock appreciation right is not assumed or substituted, the Committee will provide

Table of Contents

notice to the award recipient that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the Committee in its discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

Federal Income Tax Consequences

The following is a summary of the material United States federal income tax consequences to us and to recipients of certain awards under the Amended and Restated 2007 Plan. The summary is based on the Code and the U.S. Treasury Regulations promulgated thereunder in effect as of the date of this proxy statement, all of which may change with retroactive effect. The summary is not intended to be a complete analysis or discussion of all potential tax consequences that may be important to recipients of awards under the Amended and Restated 2007 Plan. The Amended and Restated 2007 Plan addresses several issues related to recent deferred compensation legislation under Section 409A of the Code (Section 409A) and contains an express provision stating that it is the intent of the Company that the awards will satisfy the requirements of Section 409A, and to make it clear that the Committee is to administer the Amended and Restated 2007 Plan accordingly.

Nonqualified Stock Options and Stock Appreciation Rights. A recipient generally will not have taxable income at the time a nonqualified stock option or stock appreciation right is granted, nor will the Company be entitled to a deduction at that time. When a nonqualified stock option is exercised, the recipient generally will recognize ordinary income (whether the option price is paid in cash or by surrender of shares of our common stock), in an amount equal to the excess of the fair market value of the shares to which the option exercise pertains over the option price, and the Company generally will have a corresponding deduction. When a stock appreciation right is exercised, the recipient will recognize ordinary income equal to the sum of (i) any gross cash proceeds payable and (ii) the fair market value on the exercise date of any shares received, and the Company generally will have a corresponding deduction.

Incentive Stock Options. A recipient will not have any income at the time an incentive stock option (ISO) is granted. Furthermore, a recipient will not have regular taxable income at the time the ISO is exercised. However, the excess of the fair market value of the shares at the time of exercise over the option price will be a preference item that could create an alternative minimum tax liability for the recipient. If a recipient disposes of the shares acquired on exercise of an ISO after the later of two years after the grant of the ISO and one year after exercise of the ISO, the gain recognized by the recipient (*i.e.*, the excess of the proceeds received over the option price), if any, will be long-term capital gain eligible for favorable tax rates under the Code. Conversely, if the recipient disposes of the shares within two years of the grant of the ISO or within one year of exercise of the ISO, the disposition generally will be a disqualifying disposition, and the recipient will recognize ordinary income in the year of the disqualifying disposition equal to the lesser of (i) the excess of the fair market value of the stock on the date of exercise over the option price and (ii) the excess of the amount received for the shares over the option price. The balance of the gain or loss, if any, will be long-term or short-term capital gain, depending on how long the shares were held.

Restricted Stock, Restricted Stock Units, Performance Awards. A participant generally will not have taxable income upon grant of restricted stock, restricted stock units, or performance awards. Instead, the participant will recognize ordinary income at the time of vesting or payout equal to the fair market value (on the vesting or payout date) of the shares or cash received minus any amount paid. For restricted stock only, a participant instead may elect to be taxed at the time of grant.

The Company generally will be entitled to a tax deduction in connection with an award under the Amended and Restated 2007 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income, provided that the deduction is not disallowed by Section 162(m) or otherwise limited by the Code.

Section 162(m) Awards and Other Awards. Under Section 162(m), in order for compensation in excess of \$1 million paid in any year to certain executive officers to be deductible by the Company, such compensation must

Table of Contents

qualify as performance-based. As discussed above, the Amended and Restated 2007 Plan allows the Committee to make awards that would be performance-based for purposes of exemption from the limitations of Section 162(m). Nothing precludes the Committee from making any payments or granting any awards that do not qualify for tax deductibility under Section 162(m).

New Plan Benefits

The Compensation Committee has discretion to determine the type, term and conditions and recipients of awards granted under the Amended and Restated 2007 Plan. Accordingly, it is not possible to determine the amounts of the awards that will be received by any director, officer, consultant or employee under the Amended and Restated 2007 Plan if the Amended and Restated 2007 Plan is approved by shareholders.

On April 15, 2011, the NASDAQ Global Market reported a closing price of \$28.08 for our common stock.

PROPOSAL 5:

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company is providing its shareholders an advisory vote on executive compensation as required by Section 14A of the Exchange Act. The advisory vote on executive compensation is a non-binding vote to approve the compensation of the Company's Named Executive Officers (NEOs), as described under "Compensation Discussion and Analysis", the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this proxy statement. The advisory vote on executive compensation is not a vote on the Company's general compensation policies, compensation of the Board, or the Company's compensation policies as they relate to risk management, as described under "Compensation Risks" on page 20.

The Company's executive compensation programs are designed to attract, motivate and retain highly qualified executive officers who are able to achieve corporate objectives and create stockholder value. The Compensation Committee believes the Company's executive compensation programs reflect a strong pay-for-performance philosophy and are well aligned with the shareholders' long-term interests. For a more detailed discussion of the Company's executive compensation programs, see "Compensation Discussion and Analysis". The Compensation Committee believes the Company's executive compensation programs have been effective at incentivizing the achievement of improved financial performance and returns to shareholders.

Shareholders are being asked to vote on the following resolution:

RESOLVED, that the shareholders of Rubicon Technology, Inc. approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as described under "Compensation Discussion and Analysis", the tabular disclosure regarding such compensation and the accompanying narrative disclosure, set forth in the Company's proxy statement relating to the 2011 Annual Meeting of Shareholders.

While this advisory vote on executive compensation is not binding on the Board, the Board will take into account the result of the vote when determining future executive compensation arrangements.

Advisory approval of this resolution requires the affirmative vote of the majority of shares present in person or represented by proxy at our annual meeting and entitled to vote.

Our Board of Directors recommends that you vote FOR the resolution approving the compensation of the Company's Named Executive Officers, as described in the "Compensation Discussion and Analysis" and the related tabular and narrative disclosure, set forth in this Proxy Statement.

PROPOSAL 6:

ADVISORY VOTE ON FREQUENCY OF THE VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act, the Company is also providing its shareholders an advisory vote on whether future advisory votes on executive compensation should be held every one, two or three years. For convenience, in this Proposal 5 the shareholders' advisory vote on executive compensation provided for in Proposal 4 above is referred to as the say-on-pay vote.

The advisory vote on the frequency of the say-on-pay vote is a non-binding vote as to how often the say-on-pay vote should occur: every year, every two years or every three years. In addition, shareholders may abstain from voting.

The Board believes that a frequency of every three years is the optimal frequency for the say-on-pay vote to provide shareholders with an appropriate timeframe to evaluate the Company's overall executive compensation program. As described in detail in the Compensation Discussion and Analysis section of this proxy statement, our executive compensation program is designed to provide a competitive level of total compensation necessary to attract and retain executive qualified to execute our business strategy and to motivate them to contribute to our short-and long-term success. Accordingly, certain of compensation awards are contingent upon successful completion of multi-year performance and service periods. For example, stock options granted under our 2007 Stock Incentive Plan most often vest at the rate of 25% of the total option shares on each of the first four anniversaries of the date of grant, thus providing added incentive for the executive to continue his or her employment with us. Voting every three years, rather than every one or two years, will provide our shareholders with the opportunity to conduct thoughtful analyses of our compensation program over a time period similar to the periods associated with our compensation awards and in relation to our long-term performance.

A vote every three years will also provide us with sufficient time to evaluate and respond effectively to shareholder input, engage with shareholders to understand and respond to prior voting results and implement any appropriate changes to our program. In addition, a vote every three years will provide time for any implemented changes to take effect and allow shareholders sufficient time to evaluate the effectiveness of our compensation program and any changes made to the program. Furthermore, as discussed under the heading Interested Party Communications with the Board of Directors, shareholders or other interested parties may provide additional feedback to our Board of Directors even in years when the say-on-pay vote does not occur.

Shareholders are being asked to vote, on an advisory basis, on the frequency with which the shareholders of the Company shall have an advisory vote on the compensation of the Company's Named Executive Officers set forth in the Company's proxy statement with the following choices:

Choice 1 every year;

Choice 2 every two years;

Choice 3 every three years; or

Choice 4 abstain from voting.

While this advisory vote on the frequency of the say-on-pay vote is not binding on the Board, the Board will take into account the result of the vote when determining the frequency of future say-on-pay votes.

The choice among the four choices included above which receives the highest number of votes will be deemed the choice of the shareholders.

Our Board recommends that you vote for every THREE YEARS as the frequency of the shareholders' say-on-pay advisory vote on the compensation of the Company's Named Executive Officers set forth in the Company's proxy statement.

Security Ownership of Certain Beneficial Owners and Management

Unless otherwise noted, the following table sets forth, as of April 15, 2011, the beneficial ownership of our common stock by:

each person that is a beneficial owner of 5% or more of our outstanding shares of common stock;

each of our named executive officers;

each of our directors, including the director nominees; and

all of our executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. Except as described below, in computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options or warrants held by that person that are currently exercisable or exercisable within 60 days of April 15, 2011 are deemed outstanding but are not deemed outstanding for computing the percentage ownership of any other person. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to such securities. Except as otherwise indicated, all of the shares reflected in the table are shares of common stock and all persons listed below have sole voting and investment power with respect to the shares beneficially owned by them, subject to applicable community property laws. Percentage of beneficial ownership is based on 23,036,046 shares of common stock outstanding as of April 15, 2011. Unless otherwise indicated in the footnotes below, the address for each beneficial owner is c/o Rubicon Technology, Inc., 900 East Green Street, Bensenville, Illinois 60106.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policy and Procedures for Review, Approval or Ratification

We recognize that transactions between Rubicon and related persons present a potential for actual or perceived conflicts of interest. Our general policies with respect to such transactions are included in our Code of Ethics which is administered by our Audit Committee. All employees and members of our Board of Directors agree to be bound by the Code of Ethics. As a supplement to the Code of Ethics, the Audit Committee adopted a policy setting out the procedures and standards to be followed for the identification and evaluation of related party transactions. For purposes of the policy, a related party transaction is any transaction or series of related transactions in excess of \$120,000 in which we are a party and in which a related person has a material interest. Related persons include our directors, director nominees, executive officers, beneficial owners of 5% or more of any class of our voting securities and members of their immediate families. The Audit Committee has determined that certain transactions are deemed to be pre-approved under this policy. These include (i) transactions with another company in which the related person's only interest is as a director or beneficial owner of less than 10% of the equity interests in that other company and (ii) certain compensation arrangements that have either been disclosed in our public filings with the SEC or approved by our Compensation Committee.

We collect information about potential related party transactions in our annual questionnaires completed by directors, executive officers and certain beneficial owners of 5% or more of any class of our voting securities. Potential related party transactions are first reviewed and assessed by our corporate secretary to consider the materiality of the transactions and then reported to the Audit Committee. If a related party transaction is identified during the year, it is reported promptly to the Audit Committee. The Audit Committee reviews and considers all relevant information available to it about each related party transaction. A related party transaction is approved or ratified only if the Audit Committee determines that it is in, or is not inconsistent with, our best interests and those of our shareholders and is in compliance with the Code of Ethics.

The following related party transactions have been ratified by the Audit Committee in accordance with the policy described above. We believe that we have executed all of the transactions set forth below on terms no less favorable to us than we could have obtained from unaffiliated third parties.

Registration Rights Agreement

We granted registration rights to the holders of our preferred stock pursuant to an amended and restated registration rights agreement, dated November 30, 2005. Under the terms of that agreement, the registration rights were extended to the common stock into which our preferred stock was converted immediately prior to the closing of our initial public offering in November 2007. The shareholders who are currently entitled to such registration rights with respect to their shares of common stock are Cross Atlantic Technology Fund, L.P., Cross Atlantic Technology Fund II, L.P., and The Co-Investment 2000 Fund, L.P. The agreement provides these shareholders with demand and piggyback registration rights and includes customary expense reimbursement and cross indemnification provisions. The registration rights terminate at such time as the earlier of (i) when all registrable securities may be sold during any three-month period without registration under the Securities Act of 1933, as amended (the Securities Act), (ii) when no registrable securities remain outstanding and (iii) November 21, 2012.

Employment and Severance Arrangements with Executive Officers

We have entered into employment and severance arrangements with our executive officers as described under the caption Executive Compensation Employment and Severance Arrangements.

Indemnification Agreements

We have entered and expect to continue to enter into agreements to indemnify our directors and executive officers. For a description of these agreements, see Executive Compensation Limitation on Liability and Indemnity.

Type of Awards; Shares Subject to the Plan

- 3.1 Types of Awards. The following types of Awards may be granted under the Plan: Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Awards, and Bonus Shares. Options granted under the Plan may be Incentive Stock Options or Nonstatutory Stock Options, as determined by the Committee at the time of grant.
- 3.2 Shares Subject to the Plan. Subject to adjustment as provided in Article 13 of the Plan, the maximum number of Shares which may be awarded or sold under the Plan is 4,407,692 Shares. All of the Shares that

may be issued under this Plan may be issued upon the exercise of Options that qualify as Incentive Stock Options. The Shares may be authorized, but unissued, or reacquired Common Stock.

- (a) If an Award covered by one or more Shares is settled in cash or is forfeited without the delivery of Shares, such Shares shall again become available for future grant or sale under the Plan (unless the Plan has been terminated).
- (b) If an Option or Stock Appreciation Right expires or becomes unexercisable without having been exercised in full, the unpurchased Share or Shares which were subject thereto shall become available for future grant or sale under the Plan (unless the Plan has terminated); provided, however, that Shares that have actually been issued under the Plan shall not be returned to the Plan and shall not become available for future distribution under the Plan;
- (c) If an Optionee tenders previously-acquired Shares in payment of the exercise price of an Option or if Shares are withheld in payment of the Option exercise price, the number of Shares represented thereby shall again be available for further Awards under the Plan;
- (d) If a Stock Appreciation Right is exercised and settled in Shares, the difference between the total Shares exercised and the net Shares delivered shall again be available for further awards under the Plan; and
- (e) If an Awardee tenders previously-acquired Shares in satisfaction of applicable tax withholding obligations, or if any Shares covered by an Award are not delivered to the Awardee because such Shares are withheld to satisfy applicable tax withholding obligations, such Shares shall again be available for further Awards under the Plan.

3.3 **Individual Award Limits.** The maximum number of Shares with respect to which Awards (including but not limited to Options and Stock Appreciation Rights) may be granted in a single calendar year to an individual Awardee (including Awards that are denominated in Shares but may be settled by payment of an equivalent amount in cash) may not exceed 300,000 Shares (except with respect to calendar year 2009, for which such maximum number of Shares for an individual Awardee shall be 600,000). The maximum amount of Awards denominated in cash (including Awards that are denominated in cash but may be settled by payment of an equivalent amount in Shares) that may be granted in a single calendar year to an individual Awardee may not exceed \$2,400,000.

3.4 **Substitute Awards.** The Committee may grant Awards under the Plan in substitution for stock and stock based awards held by service providers of another corporation in connection with a merger or consolidation of the other corporation with the Company or a Subsidiary or the acquisition by the Company or a Subsidiary of property or stock of the other corporation. The Committee may direct that the substitute Awards be granted on such terms and conditions as the Committee considers appropriate in the circumstances. Such substitution of any outstanding stock option or stock appreciation right must satisfy the requirements of Treasury Regulation § 1.424-1 and Code Section 409A, as applicable. Any substitute Awards granted under the Plan shall not count against the share limitation set forth in Section 3.2 of the Plan.

ARTICLE 4

Administration of the Plan

4.1 **Procedure.**

- (a) **Multiple Administrative Bodies.** The Board shall appoint a committee of the Board to administer the Plan. The committee so appointed may consist of the Board itself.

- (1) The Board may appoint different committees to administer the Plan with respect to different groups of Service Providers, in which case, the Board shall specify the duties and authority of each such committee, and, to the extent such authority has been delegated by the Board, each such committee shall be the Committee for purposes of the Plan.

B-7

Table of Contents

- (2) The Board may delegate to the Company's chief executive officer all or part of the Committee's duties with respect to Awards, including the granting thereof, to individuals who are not subject to the reporting and other provisions of Section 16 of the Exchange Act or covered employees within the meaning of Code Section 162(m). To the extent such authority has been delegated by the Board, the Company's chief executive officer shall be the Committee for purposes of the Plan.
 - (3) The Board may revoke or amend the terms of a delegation at any time but such action shall not invalidate any prior actions of the Board's delegate or delegates that were consistent with the terms of the Plan.
 - (4) Unless expressly delegated, the Board has reserved to itself the authority to amend, alter, suspend or terminate the Plan.

 - (b) Code Section 162(m). To the extent that the Committee determines it to be desirable to qualify Awards granted hereunder as performance-based compensation within the meaning of Code Section 162(m), the Plan shall be administered by a Committee of two or more outside directors within the meaning of Code Section 162(m).
 - (c) Rule 16b-3. To the extent that the Committee determines it to be desirable to qualify transactions hereunder as exempt under Rule 16b-3, the Plan shall be administered by a Committee of two or more non-employee directors within the meaning of Rule 16-3 and the transactions contemplated hereunder shall be structured to satisfy the requirements for exemption under Rule 16b-3.
 - (d) Exchange Requirements. To the extent required, the Plan shall be administered by a Committee of independent directors within the meaning of any applicable stock exchange rule.
- 4.2 Powers of the Committee. Subject to the provisions of the Plan and subject to the specific duties delegated by the Board to such Committee, the Committee shall have the authority, in its sole discretion:
- (a) to determine type of Awards (*i.e.*, Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Awards and/or Bonus Shares) to be granted hereunder;
 - (b) to determine the Fair Market Value;
 - (c) to select the Service Providers to whom Awards may be granted;
 - (d) to determine the number of shares of Common Stock to be covered by each Award granted hereunder;
 - (e) to approve forms of agreements for use under the Plan;
 - (f) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to:

- (1) in the case of an Option or Stock Appreciation Right, the time or times when Options may be exercised (which may be based on performance objectives);
 - (2) in the case of a grant of Restricted Stock, the amount (if any) of the consideration to be paid by a Service Provider for such Restricted Stock;
 - (3) any vesting acceleration or waiver of forfeiture restrictions with respect to Awards, and any restriction or limitation regarding any Award or the shares of Common Stock relating thereto, based in each case on such factors as the Committee, in its sole discretion, shall determine;
- (g) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;
- (h) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of qualifying for preferred tax treatment under foreign tax laws;

- (j) to allow Optionees to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Award that number of Shares having a Fair Market Value equal to the amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by an Optionee to have Shares withheld for this purpose shall be made in such form and under such conditions as the Committee may deem necessary or advisable;
- (k) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Committee;
- (l) to cancel any unexpired or unpaid Options if at any time the Committee determines the Optionee is not in compliance with the terms and conditions (including, but not limited to any noncompete or nonsolicitation provisions) of the Option Agreement related to such Options; and
- (m) to make all other determinations deemed necessary or advisable for administering the Plan.

4.3 Effect of Committee's Decision. The Committee's decisions, determinations and interpretations shall be final and binding on all Awardees and any other holders of Awards. No member of the Board or of any of the Committees administering the Plan shall be liable for any action or determination made with respect to the Plan or any grant thereunder.

4.4 Repricing.

- (a) Repricing means, with respect to an Option or Stock Appreciation Right, any of the following: (i) the lowering of the exercise price after the Date of Grant; (ii) the taking of any other action that is treated as a repricing under generally accepted accounting principles; or (iii) the cancellation of the Option or Stock Appreciation Right at a time when its exercise price (or, with respect to the Stock Appreciation Right, the Fair Market Value of the Shares covered by the Stock Appreciation Right on the Date of Grant) exceeds the Fair Market Value of the underlying Shares in exchange for cash or any Award, unless the cancellation and exchange occurs in connection with a Change in Control.
- (b) The Committee is prohibited from Repricing any Option or Stock Appreciation Right without the prior approval of the shareholders of the Company with respect to the proposed Repricing.

ARTICLE 5

Eligibility

5.1 The Committee may grant Nonstatutory Stock Options, Restricted Stock, Restricted Stock Awards, Performance Awards, and Bonus Shares to all Service Providers. Incentive Stock Options may be granted only to Employees. The provisions of Awards need not be the same with respect to each recipient. Each grant of an Award shall be confirmed by, and subject to the terms of an Award Agreement.

ARTICLE 6

Options

6.1 Generally. Subject to the limitations of the Plan, the Committee may make grants of Options to Service Providers.

- 6.2 Designation As Either An Incentive Stock Option or As A Nonstatutory Stock Option; \$100,000 Limitation. Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds One Hundred Thousand Dollars (\$100,000), such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6.2, Incentive Stock Options shall be taken into

account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

- 6.3 Option Term. The term of each Option shall be ten (10) years from the date of grant or such shorter term as may be provided in the Option Agreement. In the case of an Incentive Stock Option granted to an Optionee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Option Agreement.
- 6.4 Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Committee, subject to the following:
- (a) In the case of an Incentive Stock Option,
 - (1) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than one hundred ten percent (110%) of the Fair Market Value per Share on the Date of Grant.
 - (2) granted to any Employee other than an Employee described in paragraph (1) immediately above, the per Share exercise price shall be no less than one hundred percent (100%) of the Fair Market Value per Share on the Date of Grant.
 - (b) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be determined by the Committee; provided, however, that the per Share exercise price shall not be less than one hundred percent (100%) of the Fair Market Value per Share on the Date of Grant.
- 6.5 Waiting Period and Exercise Dates. At the time an Option is granted, the Committee shall fix the period within which the Option may be exercised and shall determine any conditions which must be satisfied before the Option may be exercised.
- 6.6 Form of Consideration. The Committee shall determine the acceptable form of consideration for exercising an Option, including the method of payment. Such consideration may consist entirely of:
- (a) cash;
 - (b) check;
 - (c) other Shares which (1) in the case of Shares acquired upon exercise of an Option, have been owned by the Optionee for more than six (6) months on the date of surrender, and (2) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;
 - (d)

consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan to the extent permitted by Applicable Laws;

(e) a reduction in the amount of any Company liability to the Optionee;

(f) any combination of the foregoing methods of payment; or

(g) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws. In the case of an Incentive Stock Option, the Committee shall determine the acceptable form of consideration at the time of grant.

6.7 Procedure for Exercise; Rights as a Shareholder. Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Committee and set forth in the Option Agreement. Unless the Committee provides otherwise, vesting of

any Option granted hereunder shall be tolled during any unpaid leave of absence. An Option may not be exercised for a fraction of a Share.

- (a) An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, (ii) full payment for the Shares with respect to which the Option is exercised, and (iii) any written representations, covenants, and undertakings that the Company may prescribe in the Option Agreement. Full payment may consist of any consideration and method of payment authorized by the Committee and permitted by the Option Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee or, if requested by the Optionee, in the name of the Optionee and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Article 13 of the Plan.
- (b) Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.
- (c) The Committee may suspend the right to exercise a Stock Option at any time when the Committee determines that allowing the exercise and issuance of Stock would violate any federal or state securities or other laws. The Committee may provide that any time periods to exercise the Stock Option are extended during a period of suspension.

- 6.8 Notification under Code Section 83(b). If the Optionee, in connection with the exercise of any Option, makes the election permitted under Code Section 83(b) to include in such Optionee's gross income in the year of transfer the amounts specified in Code Section 83(b), then such Optionee shall notify the Company of such election within ten (10) days of filing the notice of the election with the Internal Revenue Service, in addition to any filing and notification required pursuant to regulations issued under Code Section 83(b). The Committee may, in connection with the grant of an Option or at any time thereafter prior to such an election being made, prohibit an Optionee from making the election described above.
- 6.9 Buyout Provisions. Subject to Section 4.4, the Committee may at any time offer to buy out for a payment in cash or Shares an Option previously granted based on such terms and conditions as the Committee shall establish and communicate to the Optionee at the time that such offer is made.
- 6.10 Modifications Generally Prohibited. Once granted, no Modification shall be made in respect to any Option if such Modification would result in the Option constituting a deferral of compensation or having an additional deferral feature within the meaning of applicable Treasury Regulations under Code Section 409A.
- 6.11 Non-Transferability of Options. An Option that is an Incentive Stock Option may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee. Unless determined otherwise by the Committee, a Nonstatutory Stock Option may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee. If the Committee grants a Nonstatutory Stock Option that is transferable, the Option Agreement for such Nonstatutory Stock Option shall contain such additional terms and conditions governing the Option's transferability as the Committee deems appropriate.
- 6.12 Termination of Service Provider For Cause. If a Service Provider is terminated for Cause, any unexercised Option shall terminate effective immediately upon such termination.

Table of Contents

- 6.13 **Disability of Optionee.** If an Optionee ceases to be a Service Provider as a result of the Optionee's Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent the Option is vested and exercisable on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement); provided, however, that the time specified in the Option Agreement shall not be less than six (6) months. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the Optionee's termination. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.
- 6.14 **Death of Optionee.** If an Optionee dies while a Service Provider, the Option may be exercised within such period of time as is specified in the Option Agreement (but in no event later than the expiration of the term of such Option as set forth in the Notice of Grant), by the Optionee's estate or by a person who acquires the right to exercise the Option by bequest or inheritance, but only to the extent that the Option is vested and exercisable on the date of death; provided, however, that the time specified in the Option Agreement shall not be less than six (6) months. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for six (6) months following the Optionee's death. If, at the time of death, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall immediately revert to the Plan. The Option may be exercised by the executor or administrator of the Optionee's estate or, if none, by the person(s) entitled to exercise the Option under the Optionee's will or the laws of descent or distribution. If the Option is not so exercised within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.
- 6.15 **For Any Other Reason.** If an Optionee ceases to be a Service Provider, other than for Cause or upon the Optionee's death or Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent that the Option is vested and exercisable on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement); provided, however, that the time specified in the Option Agreement shall not be less than thirty (30) days. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for three (3) months following the Optionee's termination. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified by the Committee, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

ARTICLE 7

Stock Appreciation Rights

- 7.1 **Generally.** Subject to the limitations of the Plan, the Committee may grant Stock Appreciation Rights to Service Providers. Stock Appreciation Rights may be granted in connection with, and on the same Date of Grant, as all or any part of an Option to a Service Provider or may be granted as a separate Award.
- 7.2 **Stock Appreciation Rights Not Granted In Connection With Options.** The following provisions apply to all Stock Appreciation Rights that are not granted in connection with Options:
- (a) **Described.** A Stock Appreciation Right shall entitle the Awardee, upon exercise of all or any part of the Stock Appreciation Right, to receive in exchange from the Company an amount equal to the excess of (x) the Fair Market Value on the date of exercise of the Shares covered by the surrendered Stock Appreciation Right over (y) the Fair Market Value of the Shares on the Date of Grant of the Stock Appreciation Right. The Committee may not revise or amend a Stock Appreciation Right to reduce the Fair Market Value of the Stock Appreciation Right on the Date of Grant, except as provided in Article 13 of the Plan.

Table of Contents

- (b) Term. The term of each Stock Appreciation Right shall be ten (10) years from the Date of Grant or such shorter term as may be provided in the Award Agreement. No Stock Appreciation Right may be exercised after the expiration of its term.
- (c) Waiting Period and Exercise Dates. At the time a Stock Appreciation Right is granted, the Committee shall fix the period within which the Stock Appreciation Right may be exercised and shall determine any conditions which must be satisfied before the Stock Appreciation Right may be exercised. A Stock Appreciation Right may only be exercised at a time when the Fair Market Value of the Shares covered by the Stock Appreciation Right exceeds the Fair Market Value of the Shares on the Date of Grant of the Stock Appreciation Right.
- (d) Exercise. Any Stock Appreciation Right granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Committee and set forth in the Award Agreement. Unless the Committee provides otherwise, vesting of any Stock Appreciation Right granted hereunder shall be tolled during any unpaid leave of absence. A Stock Appreciation Right may not be exercised for a fraction of a Share.
- (e) Effect of Exercise Upon Available Shares. Exercising a Stock Appreciation Right in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Stock Appreciation Right, by the number of Shares as to which the Stock Appreciation Right is exercised.
- (f) Notification under Code Section 83(b). If the Awardee, in connection with the exercise of any Stock Appreciation Right, makes the election permitted under Code Section 83(b) to include in such Awardee's gross income in the year of transfer the amounts specified in Code Section 83(b), then such Awardee shall notify the Company of such election within ten (10) days of filing the notice of the election with the Internal Revenue Service, in addition to any filing and notification required pursuant to regulations issued under Code Section 83(b). The Committee may, in connection with the grant of a Stock Appreciation Right or at any time thereafter prior to such an election being made, prohibit an Awardee from making the election described above.
- (g) Buyout Provisions. Subject to Section 4.4, the Committee may at any time offer to buy out for a payment in cash or Shares a Stock Appreciation Right previously granted based on such terms and conditions as the Committee shall establish and communicate to the Awardee at the time that such offer is made.
- (h) Non-Transferability of Stock Appreciation Rights. Unless determined otherwise by the Committee, a Stock Appreciation Right may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Awardee, only by the Awardee. If the Committee grants a Stock Appreciation Right that is transferable, the Award Agreement for such Stock Appreciation Right shall contain such additional terms and conditions governing the Stock Appreciation Right's transferability as the Committee deems appropriate.
- (i) Termination of Service Provider For Cause. If a Service Provider is terminated for Cause, any unexercised Stock Appreciation Right shall terminate effective immediately upon such termination.
- (j) Disability of Awardee. If an Awardee ceases to be a Service Provider as a result of the Awardee's Disability, the Awardee may exercise his or her Stock Appreciation Right within such period of time as is specified in the Award Agreement to the extent the Stock Appreciation Right is vested and exercisable on the date of termination (but in no event later than the expiration of the term of such Stock Appreciation Right as set forth in the Award Agreement); provided, however, that the time specified in the Award Agreement shall not be less than six (6) months. In the absence of a specified time in the Award Agreement, the Stock Appreciation Right shall remain exercisable for twelve (12) months following the Awardee's termination. If, on the date of termination, the Awardee is not vested as to his or her entire Stock Appreciation Right, the Shares covered by the unvested portion of the Stock Appreciation Right shall revert to the Plan. If, after termination, the Awardee does not

exercise his or her Stock Appreciation Right within the time specified herein, the Stock Appreciation Right shall terminate, and the Shares covered by such Stock Appreciation Right shall revert to the Plan.

- (k) Death of Awardee. If an Awardee dies while a Service Provider, the Stock Appreciation Right may be exercised within such period of time as is specified in the Award Agreement (but in no event later than the expiration of the term of such Stock Appreciation Right as set forth in the Notice of Grant), by the Awardee's estate or by a person who acquires the right to exercise the Stock Appreciation Right by bequest or inheritance, but only to the extent that the Stock Appreciation Right is vested and exercisable on the date of death; provided, however, that the time specified in the Award Agreement shall not be less than six (6) months. In the absence of a specified time in the Award Agreement, the Stock Appreciation Right shall remain exercisable for six (6) months following the Awardee's death. If, at the time of death, the Awardee is not vested as to his or her entire Stock Appreciation Right, the Shares covered by the unvested portion of the Stock Appreciation Right shall immediately revert to the Plan. The Stock Appreciation Right may be exercised by the executor or administrator of the Awardee's estate or, if none, by the person(s) entitled to exercise the Stock Appreciation Right under the Awardee's will or the laws of descent or distribution. If the Stock Appreciation Right is not so exercised within the time specified herein, the Stock Appreciation Right shall terminate, and the Shares covered by such Stock Appreciation Right shall revert to the Plan.

- (l) For Any Other Reason. If an Awardee ceases to be a Service Provider, other than for Cause or upon the Awardee's death or Disability, the Awardee may exercise his or her Stock Appreciation Right within such period of time as is specified in the Award Agreement to the extent that the Stock Appreciation Right is vested and exercisable on the date of termination (but in no event later than the expiration of the term of such Stock Appreciation Right as set forth in the Award Agreement); provided, however, that the time specified in the Award Agreement shall not be less than thirty (30) days. In the absence of a specified time in the Award Agreement, the Stock Appreciation Right shall remain exercisable for three months following the Awardee's termination. If, on the date of termination, the Awardee is not vested as to his or her entire Stock Appreciation Right, the Shares covered by the unvested portion of the Stock Appreciation Right shall revert to the Plan. If, after termination, the Awardee does not exercise his or her Stock Appreciation Right within the time specified by the Committee, the Stock Appreciation Right shall terminate, and the Shares covered by such Stock Appreciation Right shall revert to the Plan.

7.3 Stock Appreciation Rights Granted In Connection With Options. The following provisions apply to all Stock Appreciation Rights that are granted in connection with Options:

- (a) A Stock Appreciation Right granted in connection with an Option must be granted on the same Date of Grant as the Option to which it relates.

- (b) A Stock Appreciation Right granted in connection with an Option shall entitle the Awardee, upon exercise of all or any part of the Stock Appreciation Right, to surrender to the Company unexercised that portion of the underlying Option relating to the same number of Shares as is covered by the Stock Appreciation Right (or the portion of the Stock Appreciation Right so exercised) and to receive in exchange from the Company an amount equal to the excess of (x) the Fair Market Value on the date of exercise of the Shares covered by the surrendered portion of the underlying Option over (y) the exercise price of the Shares covered by the surrendered portion of the underlying Option.

- (c) Upon the exercise of a Stock Appreciation Right and surrender of the related portion of the underlying Option, the Option, to the extent surrendered, shall not thereafter be exercisable.

- (d) Subject to any further conditions upon exercise imposed by the Committee, a Stock Appreciation Right shall be exercisable only to the extent that the related Option is exercisable and a Stock Appreciation Right shall lapse or be forfeited no later than the date on which the related Option lapses or is forfeited.

Table of Contents

- (e) A Stock Appreciation Right shall terminate and shall no longer be exercisable upon the exercise of the related Option.
 - (f) The Stock Appreciation Right is only transferable when the related Options are otherwise transferable.
 - (g) A Stock Appreciation Right may only be exercised at a time when the Fair Market Value of the Shares covered by the Stock Appreciation Right exceeds the exercise price of the Shares covered by the underlying Option.
- 7.4 **Form of Payment.** The manner in which the Company's obligation arising upon the exercise of a Stock Appreciation Right shall be paid shall be determined by the Committee and shall be set forth in the Award Agreement. The Award Agreement may provide for payment in (i) Shares, (ii) cash, (iii) a fixed combination of Shares or cash, or (iv) the Committee may reserve the right to determine the manner of payment at the time the Stock Appreciation Right is exercised. Shares of Common Stock issued upon the exercise of a Stock Appreciation Right shall be valued at their Fair Market Value on the date of exercise. Any Shares issued upon exercise of a Stock Appreciation Right shall be issued in the name of the Awardee or, if requested by the Awardee, in the name of the Awardee and his or her spouse. Until Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), in payment of a Stock Appreciation Right, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Stock Appreciation Right, notwithstanding the exercise of the Stock Appreciation Right. The Company shall issue (or cause to be issued) Shares that are to be issued in payment of a Stock Appreciation Right promptly after the Stock Appreciation Right is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Article 13 of the Plan.
- 7.5 **Procedure for Exercise; Rights As a Shareholder.** A Stock Appreciation Right shall be deemed exercised when the Company receives a written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Stock Appreciation Right. In addition, if the Stock Appreciation Right provides for the delivery of Shares in settlement of the Company's obligation under the Stock Appreciation Right, prior to the delivery of Shares, the Company must also receive from the person entitled to exercise the Stock Appreciation Right any written representations, covenants, and undertakings that the Company may prescribe in the Award Agreement.
- 7.6 **Modifications Generally Prohibited.** Once granted, no Modification shall be made in respect to any Stock Appreciation Right if such Modification would result in the Stock Appreciation Right constituting a deferral of compensation or having an additional deferral feature within the meaning of applicable Treasury Regulations under Code Section 409A.

ARTICLE 8

Restricted Stock

- 8.1 **Generally.** Subject to the limitations of the Plan, the Committee may make grants of Restricted Stock to Service Providers.
- 8.2 **Administration.** Shares of Restricted Stock may be granted either alone or in addition to other Awards granted under the Plan. The Committee shall determine the Service Providers to whom, and the time(s) at which grants of Restricted Stock will be made, the number of shares to be awarded to any Service Provider, the amount of the consideration (if any) that is to be paid, the time(s) within which, and the conditions under which such Restricted Stock may be subject to forfeiture, and any other terms and conditions of the Awards, in addition to those contained in this Article 8.
- 8.3 **Awards and Certificates.** As a condition to the grant of Restricted Stock under the Plan, each Awardee shall execute and deliver to the Company (i) an agreement in form and substance satisfactory to the Committee reflecting the conditions and restrictions imposed upon the Shares awarded, (ii) the consideration, if any, to be paid for the Shares, and (iii) any written representations, covenants, and

undertakings that the Committee may prescribe in the Restricted Stock Agreement. Certificates for Shares delivered pursuant to such Awards may, if the Committee so determines, bear a legend referring to the restrictions and the instruments to which such Shares of Restricted Stock are subject.

- 8.4 **Form of Consideration.** The consideration for Restricted Stock (if any) shall consist entirely of cash.
- 8.5 **Notification under Code Section 83(b).** If, in connection with a grant of Restricted Stock, the Awardee makes the election permitted under Code Section 83(b) to include in such Awardee's gross income in the year of transfer the amounts specified in Code Section 83(b), then such Awardee shall notify the Company of such election within ten (10) days of filing the notice of the election with the Internal Revenue Service, in addition to any filing and notification required pursuant to regulations issued under Code Section 83(b). The Committee may, in connection with the grant of Restricted Stock or at any time thereafter prior to such an election being made, prohibit an Awardee from making the election described above.
- 8.6 **Buyout Provisions.** The Committee may at any time offer to buy out for a payment in cash, Restricted Stock previously granted based on such terms and conditions as the Committee shall establish and communicate to the Awardee at the time that such offer is made.
- 8.7 **Terms and Conditions.** Subject to the provisions of the Plan and the applicable Restricted Stock Agreement, during a period set by the Committee, commencing with the date of such Award (the Restriction Period), the Awardee shall not be permitted to sell, assign, transfer, pledge or otherwise encumber shares of Restricted Stock. The Committee may provide for the lapse of such restrictions in installments or otherwise and may accelerate or waive such restrictions, in whole or in part, in each case based on period of service, performance of the Awardee or of the Company for which the Awardee is employed or such other factors or criteria as the Committee may determine.
- 8.8 **Rights as a Shareholder.** Except as otherwise provided in this Plan and the applicable Restricted Stock Agreement, the Awardee shall have, with respect to the Shares of Restricted Stock, all of the rights of a stockholder of the Company holding the class or series of stock that is the subject of the Restricted Stock, including, if applicable, the right to vote the Shares and the right to receive any cash dividends. Absent a provision regarding the disposition of dividends in the applicable Restricted Stock Agreement, any dividend payable with respect to Restricted Stock shall be paid to the Service Provider no later than the end of the calendar year in which the same dividends on Shares are paid to the shareholders of such Shares generally, or if later, the 15th day of the third month following the date on which the same dividends on Shares are paid to the Shares' shareholders.
- 8.9 **Termination for Cause.** If a Service Provider is terminated for Cause, any Restricted Stock previously granted to the Service Provider that remains unvested as of the date of termination shall be forfeited effective immediately upon such termination.
- 8.10 **Termination Other Than for Cause.** Except as otherwise provided in the applicable Restricted Stock Agreement or as determined by the Committee, if a Service Provider ceases to be a Service Provider other than for Cause, any Restricted Stock previously granted to the Service Provider that remains unvested as of the date of cessation shall be forfeited immediately upon such cessation.

ARTICLE 9

Restricted Stock Units

- 9.1 **Generally.** Subject to the limitations of the Plan, the Committee may make grants of Restricted Stock Units to Service Providers. A Restricted Stock Unit is the grant of a right to receive a Share of Common Stock or the Fair Market Value in cash of a Share of Common Stock, in the future, at such time and contingent upon such terms as the Committee shall establish.

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

- 9.2 Administration. Restricted Stock Units may be granted either alone or in addition to other Awards granted under the Plan. The Committee shall determine the Service Providers to whom, and the time(s) at which grants of Restricted Stock Units will be made, the number of Restricted Stock Units to be awarded to any

Service Provider, the time(s) within which, and the conditions under which such Restricted Stock Unit may be subject to forfeiture, and any other terms and conditions of the Awards, in addition to those contained in this Article 9.

- 9.3 **Terms and Conditions.** The Committee shall establish as to each grant of Restricted Stock Units the terms and conditions upon which such Restricted Units shall become vested. The Committee may base the vesting of Restricted Stock Units upon (i) the continued employment or service of the Awardee, (ii) the achievement of performance objectives, or (iii) a combination thereof. The Committee may provide for the vesting of Restricted Stock Units in installments or otherwise and may accelerate or waive such restrictions, in whole or in part, in each case based on period of service, performance of the Awardee or of the Company for which the Awardee is employed or such other factors or criteria as the Committee may determine. Restricted Stock Units with vesting conditioned solely on employment and the passage of time shall not vest less than three (3) years from the Date of Grant of the Restricted Stock Units. Restricted Stock Units with vesting conditioned on the achievement of Performance Factors or other performance conditions shall not vest less than one (1) year from the Date of Grant. Notwithstanding the foregoing, the Committee may, in its discretion and without limitation, provide in the Restricted Stock Unit Agreement that vesting of the Restricted Stock Units will accelerate to any degree determined by the Committee as a result of the Disability, death, retirement or involuntary termination of the Awardee or the occurrence of a Change of Control.
- 9.4 **Dividend Equivalents.** If (and only if) expressly authorized in the applicable Award Agreement, in the event that the Company pays any cash or other dividend or makes any other distribution in respect of the Common Stock, a Service Provider will be credited with an additional number of Restricted Stock Units (including fractions thereof) determined by dividing (i) the amount of cash, or the value (as determined by the Committee) of any securities or other property, paid or distributed in respect of a Share by (ii) the Fair Market Value of a Share for the date of such payment or distribution, and multiplying the result of such division by (iii) the number of Restricted Stock Units that were credited to a Service Provider immediately prior to the date of the dividend or other distribution. Credits shall be made effective as of the date of the dividend or other distribution in respect of the Common Stock to the bookkeeping account to which the Service Provider's Restricted Stock Units are credited. Dividends credited to a Service Provider shall be subject to the same restrictions and shall be distributed at the same time and in the same manner as the Restricted Stock Units to which they relate.
- 9.5 **Non-Transferability.** Restricted Stock Units may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner.
- 9.6 **No Rights as a Shareholder.** A Service Provider who is to receive settlement of his or her vested Restricted Stock Units by the delivery of Shares shall have no rights as a shareholder of the Company until the Shares are actually issued to the Service Provider pursuant to the terms of the applicable Award Agreement. The Shares may be issued without consideration.
- 9.7 **Termination for Cause.** If a Service Provider is terminated for Cause, any Restricted Stock Units previously granted to the Service Provider that have not been settled by the delivery of cash or Shares shall be forfeited effective immediately upon such termination. Restricted Stock for which forfeiture is conditioned solely on employment and the passage of time shall not fully vest less than three (3) years from the Date of Grant of the Restricted Stock. Restricted Stock for which forfeiture is conditioned on the achievement of Performance Factors or other performance conditions shall not be fully vested less than one (1) year from the Date of Grant. Notwithstanding the foregoing, the Committee may, in its discretion and without limitation, provide in the Restricted Stock Agreement that vesting of the Restricted Stock will be accelerated to any degree determined by the Committee as a result of the Disability, death, retirement or involuntary termination of the Awardee or the occurrence of a Change of Control.
- 9.8 **Termination Other Than for Cause.** Except as otherwise provided in the applicable Award Agreement or as determined by the Committee, if a Service Provider ceases to be a Service Provider other than for Cause,

any Restricted Stock Units previously granted to the Service Provider that remain unvested as of the date of cessation shall be forfeited immediately upon such cessation.

- 9.9 **Form of Payment.** The manner in which the Company shall settle its obligation (if any) arising out of the grant of a grant of Restricted Stock Units shall be determined by the Committee and shall be set forth in the Award Agreement. The Award Agreement may provide for payment in (i) Shares, (ii) cash, (iii) a fixed combination of Shares or cash, or (iv) the Committee may reserve the right to determine the manner of payment at the time that the Restricted Stock Units are settled.
- (a) Shares of Common Stock issued in settlement of Restricted Stock Units shall be valued at (i) their Fair Market Value on the date of payment for purposes of determining the amount of compensation paid to the Awardee, and (ii) as provided in the Award Agreement for any other purpose.
 - (b) In addition, if the Award Agreement for a grant of Restricted Stock Units provides for the delivery of Shares in settlement of the Company's obligation under the Award, prior to the delivery of any Shares, the Company must also receive from the Awardee any written representations, covenants, and undertakings that the Company may prescribe in the Award Agreement.
 - (c) Any Shares issued upon settlement of Restricted Stock Units shall be issued in the name of the Awardee or, if requested by the Awardee, in the name of the Awardee and his or her spouse. Until Shares are actually issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), in settlement of Restricted Stock Units, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Article 13 of the Plan.

ARTICLE 10

Performance Awards

- 10.1 **Generally.** Subject to the limitations of the Plan, the Committee may make grants of Performance Awards to Service Providers who are Employees. A Performance Award shall consist of the right to receive a payment that is contingent upon the attainment of one or more performance objectives during a Performance Period. Performance Awards may be denominated in cash (*e.g.*, units valued at \$100 at target level of performance) or Shares. Each grant of Performance Awards shall be evidenced by an Award Agreement, which shall set forth the terms and conditions of the Performance Award.
- 10.2 **Establishment of Performance Criteria.** On or prior to the Date of Grant of a Performance Award, the Committee shall establish for such Performance Award:
- (a) The Performance Period;
 - (b) One or more performance objectives;
 - (c) The formula for determining the amount or amounts that shall be earned under the Performance Award, if any, based upon the degree of attainment of the applicable performance objectives;

(d) The conditions under which an Awardee shall forfeit the Performance Award;

(e) Such other terms and conditions that the Committee shall establish.

10.3 Performance Objectives. Performance objectives may include a threshold level of performance below which no payout or vesting will occur, target levels of performance at which a full payout of full vesting will occur, and/or a maximum level of performance at which a specified additional payout or vesting will occur. Unless otherwise provided in the Award Agreement, the Committee shall have the right to reduce or increase the amount payable to an Awardee with respect to an Award from the amount that would be payable by application of the Award's formula.

10.4 Determination of Award Amount. At the expiration of the Performance Period, the Committee shall determine (i) the extent to which the predetermined performance objectives have been achieved during the

B-18

Performance Period, (ii) the resulting value of the Performance Awards, and (iii) the payment, if any, owed to the Awardee.

10.5 Non-Transferability. Performance Awards may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner.

10.6 Form of Payment. The manner in which the Company shall settle its obligation (if any) arising out of the grant of a Performance Award shall be determined by the Committee and shall be set forth in the Award Agreement. The Award Agreement may provide for payment in (i) Shares, (ii) cash, (iii) a fixed combination of Shares or cash, or (iv) the Committee may reserve the right to determine the manner of payment at the time the Performance Award is settled.

- (a) Shares of Common Stock issued in settlement of a Performance Award shall be valued at (i) their Fair Market Value on the date of payment for purposes of determining the amount of compensation paid to the Awardee, and (ii) as provided in the Award Agreement for any other purpose (*e.g.*, for purpose of converting a Performance Award denominated in cash into Shares for purposes of payment).
- (b) In addition, if the Award Agreement for a Performance Award provides for the delivery of Shares in settlement of the Company's obligation under the Award, prior to the delivery of any Shares, the Company must also receive from the Awardee any written representations, covenants, and undertakings that the Company may prescribe in the Award Agreement.
- (c) Any Shares issued upon settlement of Performance Awards shall be issued in the name of the Awardee or, if requested by the Awardee, in the name of the Awardee and his or her spouse. Until Shares are actually issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), in settlement of a Performance Award grant, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Article 13 of the Plan.

ARTICLE 11

Bonus Shares

11.1 Generally. Subject to the limitations of the Plan, the Committee may grant Bonus Shares to any Service Provider, in such amount and upon such terms, at any time and from time to time as the Committee in its sole discretion shall determine.

11.2 Awards and Certificates. Prior to the delivery of any Shares to the Awardee in payment of a grant of Bonus Shares, the Company must receive from the Awardee any written representations, covenants, and undertakings that the Company may prescribe in the Award Agreement. Any Shares issued with respect to a grant of Bonus Shares shall be issued in the name of the Awardee or, if requested by the Awardee, in the name of the Awardee and his or her spouse. Until Shares are actually issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Article 13 of the Plan.

11.3 Non-Transferability. Until actually delivered to the Awardee, Bonus Shares may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner.

ARTICLE 12

Designation of Awards as Performance-Based Compensation

The Committee may designate an Award of Restricted Stock, Restricted Stock Units, or Performance Awards as intended to qualify as performance based compensation within the meaning of Code Section 162(m).

- 12.1 Any Award of Restricted Stock, Restricted Stock Units, or any Performance Award that is intended to qualify as performance-based compensation shall be, to the extent required by Code Section 162(m), either (i) conditioned upon the attainment of one or more Performance Factors, or (ii) granted based upon the achievement of one or more Performance Factors.
- 12.2 Any Award of Restricted Stock, Restricted Stock Units, or any Performance Award that is intended to qualify as performance-based compensation shall also be subject to the following:
- (a) No later than ninety (90) days following the commencement of each performance period (or such other time as may be required or permitted by Code Section 162(m)), the Committee shall, in writing, (1) grant a target number of Shares or units, (2) select the performance goal or goals applicable to the performance period and specify the relationship between performance goals and the number of Shares or units that may be earned by an Awardee for such Performance Period.
 - (b) Following the completion of each Performance Period, the Committee shall certify in writing whether the applicable performance objectives have been achieved and the number of units or Shares, if any, earned by an Awardee for such Performance Period.
 - (c) In determining the number of units or Shares earned by an Awardee for a given Performance Period, subject to any applicable Award Agreement, the Committee shall have the right to reduce (but not increase) the amount earned at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period.

ARTICLE 13

Adjustments Upon Changes in Capitalization, Dissolution, Merger or Asset Sale

- 13.1 Changes in Capitalization. Subject to any required action by the shareholders of the Company, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan as well as the price per Share covered by each outstanding Option and the base amount per Share of each Stock Appreciation Right, shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Share, or any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration ; provided, however, that with respect to Incentive Stock Options, no such adjustment shall be authorized to the extent that such adjustment would cause the Plan to violate Code Section 422(b)(1); provided further, that with respect to Options and Stock Appreciation Rights, no such adjustment shall be authorized to the extent such adjustment would cause the Options and Stock Appreciation Rights to become deferred compensation subject to Code Section 409A. Such adjustment shall be made by the Committee, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an Award.

ARTICLE 14

Cancellation and Rescission of Awards

- 14.1 **Cancellation of Awards.** Unless the Award Agreement specifies otherwise, the Committee may cancel, rescind, suspend, withhold, or otherwise limit or restrict any unexercised (in the case of Options or Stock Appreciation Rights), unvested, or unpaid Award at any time if the Awardee is not in compliance with all applicable provisions of the Award Agreement and the Plan, or if the Awardee has engaged in any Adverse Conduct.
- 14.2 **Certification of Compliance May Be Required.** Upon exercise, payment or delivery pursuant to an Award, the Committee may require the Awardee to certify, in a manner acceptable to the Company, that the Awardee is in compliance with the terms and conditions of the Plan.
- 14.3 **Rescission of Awards.** Unless the Award Agreement specifies otherwise, for a period of two (2) years following the exercise, payment or delivery of an Award (the Rescission Period), the Committee may rescind any such exercise, payment, or delivery of the Award upon its determination that the Awardee has engaged in Adverse Conduct prior to the delivery of the Award or during the Rescission Period. In the event of any such rescission, the Awardee shall pay to the Company the amount of any gain realized or payment received as a result of the rescinded exercise, payment or delivery, in such manner and on such terms and conditions as may be required.

ARTICLE 15

Change in Control Provisions

- 15.1 In the event of a merger or Change in Control, each outstanding Award will be treated as the Committee determines, including, without limitation, that each Award be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. The Committee will not be required to treat all Awards similarly in the transaction.
- 15.2 In the event that the successor corporation does not assume or substitute for the Award, the Awardee will fully vest in and have the right to exercise all of his or her outstanding Options and Stock Appreciation Rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met. In addition, if an Option or Stock Appreciation Right is not assumed or substituted in the event of a Change in Control, the Committee will notify the Awardee in writing or electronically that the Option or Stock Appreciation Right will be fully vested and exercisable for a period of time determined by the Committee in its sole discretion, and the Option or Stock Appreciation Right will terminate upon the expiration of such period.
- 15.3 For the purposes of this Article 15, an Award will be considered assumed if, following the Change in Control, the Award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Committee may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of an Option or Stock Appreciation Right or upon the payout of a Restricted Stock Unit, or Performance Award, for each Share subject to such Award (or in the case of an Award settled in cash, the number of implied shares determined by dividing the value of the Award by the per share consideration received by holders of Common Stock in the Change in Control), to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the Change in Control.

Table of Contents

- 15.4 Notwithstanding anything in this Article 15 to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more performance goals will not be considered assumed if the Company or its successor modifies any of such performance goals without the Awardee's consent; provided, however, a modification to such performance goals only to reflect the successor corporation's post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

ARTICLE 16

Amendment and Termination of the Plan

- 16.1 Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.
- 16.2 Shareholder Approval. The Company shall obtain shareholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.
- 16.3 Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Awardee, unless mutually agreed otherwise between the Awardee and the Committee, which agreement must be in writing and signed by the Awardee and the Company. Termination of the Plan shall not affect the Committee's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

ARTICLE 17

Conditions Upon Issuance of Shares

- 17.1 Legal Compliance. Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance. Under no circumstances shall the Company be obligated to effect or maintain any registration under the Securities Act or other similar Applicable Laws.
- 17.2 Investment Representations. As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.
- 17.3 Restrictions on Share Transferability.
- (a) Generally. The Committee may include in the Award Agreement such restrictions on any Shares acquired pursuant to the exercise or vesting of an Award as it may deem advisable, including restrictions under applicable federal securities laws.
 - (b) Market Standoff. In the event of an underwritten public offering by the Company of its equity securities pursuant to an effective registration statement filed under the Securities Act, including the Company's Initial Public Offering, no person may sell, make any short sale of, loan, hypothecate, pledge, grant any option for the purchase of, or otherwise dispose of or transfer for value or otherwise agree to engage in any of the foregoing transactions with respect to any Shares issued pursuant to an Award granted under the Plan without the prior written consent of the Company or its underwriters. Such limitations shall be in effect for such period of time as may be requested by the Company or such underwriters; provided, however, that in no event shall such period exceed two hundred fourteen (214) days following the effective date of the registration statement. The limitations of this Section 17.3(b) shall in all events terminate two years after the effective date of the Company's Initial Public Offering.

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

- (1) In the event of any stock split, stock dividend, recapitalization, combination of Shares, exchange of Shares or other change affecting the Company's outstanding Common Stock effected as a class without the Company's receipt of consideration, any new, substituted or

additional securities distributed with respect to the purchased Shares shall be immediately subject to the provisions of this Section 17.3(b), to the same extent the purchased Shares are at such time covered by such provisions.

- (2) In order to enforce the limitations of this Section 17.3(b), the Company may impose stop-transfer instructions with respect to the purchased shares until the end of the applicable stand off period.

ARTICLE 18

Additional Provisions

- 18.1 **Term of Plan.** Subject to Section 18.6 of the Plan, the Plan became effective upon its original adoption by the Board. It shall continue in effect for a term of ten (10) years from such original adoption by the Board unless terminated earlier under Article 16 of the Plan.
- 18.2 **Unfunded Status of Plan.** It is intended that the Plan shall constitute an unfunded plan for incentive and deferred compensation. The Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver stock or make payments; provided, however, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.
- 18.3 **No Right to Continue As A Service Provider.** Neither the Plan nor any Award shall confer upon an Awardee any right with respect to continuing the Awardee's relationship as a Service Provider with the Company, nor shall they interfere in any way with the Awardee's right or the Company's right to terminate such relationship at any time, with or without Cause.
- 18.4 **Inability to Obtain Authority.** The inability or failure of the Company to obtain authority from any regulatory body having jurisdiction (including, without limitation, effectiveness of a registration statement under the Securities Act), which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.
- 18.5 **Reservation of Shares.** The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.
- 18.6 **Shareholder Approval.** The Plan shall be subject to approval by the shareholders of the Company within twelve (12) months after the date the Plan is adopted. Such shareholder approval shall be obtained in the manner and to the degree required under Applicable Laws. If such shareholder approval is not obtained, all Awards granted under the Plan shall be cancelled.
- 18.7 **No Right to Participation.** No Employee, Director or Consultant shall have the right to be selected to receive an Award, or, having been so selected, to be selected to receive a future Award.
- 18.8 **Successors.** All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise of all or substantially all of the business or assets of the Company.
- 18.9 **Severability.** If any part of the Plan is declared by any court or governmental authority to be unlawful or invalid, such unlawfulness or invalidity shall not invalidate any other part of the Plan. Any Section or part of a Section so declared to be unlawful or invalid shall, if possible, be construed in a manner which will give effect to the terms of such Section or part of a Section to the fullest extent possible

while remaining lawful and valid.

- 18.10 Designation of Beneficiary. The Committee may establish procedures allowing an Awardee to designate a beneficiary or beneficiaries to exercise any Award or receive any payment under any Award payable on or after the Awardee's death.

B-23

Table of Contents

18.11 Governing Law. The Plan shall be construed in accordance with and governed by the laws of the State of Illinois.

18.12 Code Section 409A. To the extent that any Award shall constitute deferred compensation subject to Code Section 409A, such Award shall be administered in accordance with the requirements of Code section 409A(a)(2)(A)(i), which prohibits the distribution of compensation subject to Code section 409A to a specified employee of a publicly traded company any earlier than six months after the date of separation of service in the case of a distribution by reason of a separation of service.
