PROXY STATEMENT

This proxy statement is being mailed to shareholders of Northeast Bancorp on or about October 24, 2011, and is furnished in connection with the solicitation of proxies by the Board of Directors of Northeast Bancorp for use at the 2011 annual meeting of shareholders of Northeast Bancorp to be held on Friday, November 18, 2011 at 10:00 a.m., Eastern Time, at the offices of Goodwin Procter LLP located at Exchange Place, 53 State Street, Boston, Massachusetts 02109, and at any adjournments or postponements thereof.

In this proxy statement, the terms Northeast, the company, we, our and us refer to Northeast Bancorp and its subsidiaries.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At the annual meeting, holders of shares of voting common stock of Northeast (Voting Shareholders) will be asked to vote upon the matters set forth in the accompanying notice of annual meeting, including the election of directors, an advisory, non-binding resolution on named executive officer compensation and the ratification of the appointment of our independent registered public accounting firm.

Who is entitled to vote?

If you were a shareholder of record as of the close of business on October 17, 2011, the record date, you are entitled to receive notice of the annual meeting and to vote the shares of voting common stock that you held as of the close of business on the record date, if any. Each Voting Shareholder is entitled to one vote for each share of voting common stock held by such Voting Shareholder on the record date.

May I attend the meeting?

All shareholders of record at the close of business on the record date, or their designated proxies, are authorized to attend the annual meeting. Each shareholder of record and proxy will be asked to present a valid government-issued photo identification, such as a driver's license or passport, before being admitted. If you are not a shareholder of record but you hold your shares in street name, you should provide proof of beneficial ownership as of the record date, such as an account statement reflecting your stock ownership as of the record date, a copy of the voting instruction card provided by your broker, bank or other nominee, or other similar evidence of ownership. We reserve the right to determine the validity of any purported proof of beneficial ownership. If you do not have proof of ownership, you may not be admitted to the annual meeting. Cameras, recording devices and other electronic devices will not be permitted, and attendees may be subject to security inspections and other security precautions.

Table of Contents

What constitutes a quorum?

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of voting common stock entitled to vote is necessary to constitute a quorum for the transaction of business at the annual meeting. As of the record date, there were 3,312,173 shares of voting common stock outstanding and entitled to vote at the annual meeting. Each share of voting common stock outstanding on the record date is entitled to one vote on each matter properly submitted at the annual meeting and, with respect to the election of directors, one vote for each director to be elected. Abstentions or broker non-votes (i.e., shares represented at the meeting held by brokers, as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which, on one or more but not all matters, the broker does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the annual meeting.

How do I vote?

Voting in Person at the Meeting. If you are a Voting Shareholder of record and attend the annual meeting, you may vote in person at the meeting. If your shares of voting common stock are held in street name and you wish to vote in person at the meeting, you will need to obtain a proxy from the broker, bank or other nominee that holds your shares of voting common stock of record.

Voting by Proxy for Shares Registered Directly in the Name of the Shareholder. If you hold your shares of voting common stock in your own name as a holder of record with our transfer agent, Registrar and Transfer Company, you may instruct the proxy holders named in the proxy card how to vote your shares of voting common stock in one of the following ways:

Voting Instructions by Internet. You may provide voting instructions via the Internet by following the instructions provided on your proxy card. The website for Internet proxy voting is printed on your proxy card. Please have your proxy card in hand. Internet proxy voting is available 24 hours per day until 11:59 p.m., Eastern Time, on November 17, 2011. You will receive a series of instructions that will allow you to provide voting instructions to your proxy agents for your shares of voting common stock. You will also be given the opportunity to confirm that your instructions have been properly recorded. If you provide voting instructions via the Internet, you do not need to return your proxy card.

Voting Instructions by Telephone. You also have the option to provide voting instructions by calling the toll-free number listed on your proxy card. Telephone proxy voting is available 24 hours per day until 11:59 p.m., Eastern Time, on November 17, 2011. When you call, please have your proxy card in hand. You will receive a series of voice instructions that will allow you to provide voting instructions to your proxy agents for your shares of voting common stock. You will also be given the opportunity to confirm that your instructions have been properly recorded. If you vote by telephone, you do not need to return your proxy card.

Voting Instructions by Mail. If you would like to provide voting instructions to your proxy agents by mail, then please mark, sign and date your proxy card and return it promptly to our transfer agent, Registrar and Transfer Company, in the postage-paid envelope provided.

Voting by Proxy for Shares Registered in Street Name. If your shares of voting common stock are held in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares of common stock voted.

Will other matters be voted on at the annual meeting?

We are not currently aware of any other matters to be presented at the annual meeting other than those described in this proxy statement. If any other matters not described in the proxy statement are properly presented at the meeting, any proxies received by us will be voted in the discretion of the proxy holders.

Table of Contents

May I revoke my proxy instructions?

You may revoke your proxy at any time before it has been exercised by:

filing a written revocation with the Clerk of Northeast, 500 Canal Street, Lewiston, Maine 04240.

submitting a new proxy by telephone, Internet or proxy card after the time and date of the previously submitted proxy; or

appearing in person and voting by ballot at the annual meeting.

If you are a Voting Shareholder of record as of the record date attending the annual meeting you may vote in person whether or not a proxy has been previously given, but your presence (without further action) at the annual meeting will not constitute revocation of a previously given proxy.

What is householding?

If you and other residents at your mailing address own shares of voting common stock in street name, your broker, bank or other nominee may have sent you proxy materials that your household will receive only one annual report and proxy statement. This procedure, known as householding, is intended to reduce the volume of duplicate information shareholders receive and also reduce our printing and postage costs. Under applicable law, if you consented or were deemed to have consented, your broker, bank or other nominee may send one copy of our annual report and proxy statement to your address for all residents that own shares of voting common stock in street name. If you wish to revoke your consent to householding, you must contact your broker, bank or other nominee. If you are receiving multiple copies of our annual report and proxy statement, you may be able to request householding by contacting your broker, bank or other nominee.

If you wish to request extra copies free of charge of our annual report or proxy statement, please send your request to our executive offices at c/o Suzanne Carney, Clerk, Northeast Bancorp, 500 Canal Street, Lewiston, Maine 04240 or visit our website at <http://www.northeastbank.com>.

THE MERGER

This is the first proxy statement and annual meeting of shareholders since the closing of the merger (the Merger) with FHB Formation LLC, a Delaware limited liability company, with Northeast continuing as the surviving company on December 29, 2010. FHB Formation LLC is an entity through which a group of independent accredited investors purchased 937,933 of the outstanding shares of common stock of Northeast prior to the Merger and 1,161,166 newly-issued shares of voting and non-voting common stock of the surviving company, at a price equal to \$13.93 per share. As a result of this transaction, \$16.2 million of new capital was contributed to Northeast and the investors collectively owned approximately 60% of the outstanding shares of common stock of Northeast at the effective time of the Merger.

Effective upon the Merger, all of the existing members of the Board of Directors, other than John C. Orestis and Judith E. Wallingford, resigned from the Board of Directors and all committees of the Board of Directors. Effective upon the Merger, Richard Wayne became the President and Chief Executive Officer, Claire Bean became the Treasurer, Chief Financial Officer and Chief Operating Officer, and Heather Campion became the Secretary and Chief Administrative Officer of Northeast. In addition, effective upon the Merger, each of Robert G. Glauber, Matthew B. Botein, Cheryl Lynn Dorsey, Peter W. McClean, Adam J. Shapiro, David A. Tanner and Richard Wayne joined the Board of Directors of Northeast.

Table of Contents

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

The Board of Directors

The Board of Directors, which is elected by the Voting Shareholders, is responsible for the overall management of the business and affairs of Northeast. It has the ultimate decision-making authority, except with respect to those matters reserved to shareholders. The Board and its committees review Northeast's long-term strategic plans and exercise direct decision-making authority in a number of areas, such as declaring a dividend. The Board of Directors selects, advises and monitors the performance of the senior management team, which is charged with the conduct of Northeast's business and the implementation of the Board's strategic plan. The Board of Directors also reviews development and succession plans for Northeast's senior executive officers, as needed.

The Board of Directors currently consists of nine members divided into three classes. Class I directors are Robert R. Glauber, Adam J. Shapiro and Richard Wayne; Class II directors are Matthew B. Botein, Cheryl Lynn Dorsey and Peter W. McClean; and Class III directors are David A. Tanner, John C. Orestis and Judith E. Wallingford. The terms of the Class I directors, the Class II directors, and the Class III directors will expire at the 2011 annual meeting, the 2012 annual meeting and the 2013 annual meeting, respectively.

Prior to the Merger, the Board of Directors consisted of Judith E. Wallingford, John Rosmarin, Conrad L. Ayotte, James D. Delamater, James P. Day, Ronald J. Goguen, Philip C. Jackson, Pender J. Lazenby, John C. Orestis, John H. Schiavi and Stephen W. Wight.

Directors of the company are also directors of Northeast Bank (the Bank), which is a wholly-owned subsidiary of Northeast.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that govern the structure of the Board of Directors and outline the Board's policies on a number of Northeast's corporate governance issues and procedures. These guidelines embody long-standing practices of Northeast and also include procedures designed to incorporate current corporate governance best practices. Northeast's corporate governance practices are designed to align the interests of the Board and management with those of Northeast's shareholders and to promote honesty and integrity throughout the company. The Corporate Governance Guidelines are available on the company's website at www.northeastbank.com/investor-relations.

Director Qualifications and Independence

Applicable rules of The NASDAQ Stock Market, the exchange on which Northeast's voting common stock is listed, and the Corporate Governance Guidelines require that the Board of Directors consist of a majority of independent directors. The Board of Directors determines independence pursuant to the NASDAQ Listing Rules.

The Board of Directors evaluates the relationships between each director (or his or her immediate family members and related interests) and the company to determine a director's independence under the NASDAQ Listing Rules. Based on that review, the Board of Directors has affirmatively determined that each director, other than Mr. Wayne, is independent under the NASDAQ Listing Rules.

Among the directors prior to the Merger, each of Messrs. Rosmarin, Ayotte, Day, Goguen, Orestis and Wight and Ms. Wallingford was determined to be independent under the NASDAQ Listing Rules.

Executive Sessions of the Board

As provided in the Corporate Governance Guidelines, the independent directors will normally meet in executive session at least four times per year following a meeting of the Board of Directors. The chairman of the Nominating and Corporate Governance Committee (the Governance Committee) will preside at these sessions.

Table of Contents**Board Attendance and Annual Meeting Policy**

It is Northeast's policy that directors should make every effort to attend each meeting of the Board of Directors, each meeting of the committees on which they serve, and the annual meeting of shareholders. During the fiscal year ended June 30, 2011 (the 2011 fiscal year), there were 14 meetings of the Board of Directors, and each of the directors attended at least 75% of the meetings of the Board of Directors (held during the period for which he or she had been a director) and committees on which he or she served (during the periods that he or she served). Directors are expected to attend annual meetings of shareholders in person unless doing so is impracticable due to unavoidable conflicts. Judith E. Wallingford and John C. Orestis are the only members of the Board of Directors that attended the 2010 annual meeting of shareholders. All other members of the Board of Directors joined the Board of Directors following the 2010 annual meeting of shareholders.

Board Leadership

In accordance with the company's bylaws, the Board elects an independent director as the Chairman of the Board and also appoints the President, who also serves as Chief Executive Officer. Following the Merger, the Board analyzed its Board leadership structure and determined that it was in the best interests of the company to separate the Chief Executive Officer and Chairman positions. As a result, the Board elected Mr. Glauber to serve as Chairman of the Board and appointed Mr. Wayne to serve as Chief Executive Officer.

The Chairman of the Board is responsible for the management, development and effective functioning of the Board and provides leadership in every aspect of the Board's oversight of the company. The Chairman also acts in an advisory capacity to the Chief Executive Officer, and to other executive officers in matters concerning the interests of the company and the Board, as well as serving as the liaison between management and the Board.

Board Committee Membership and Meetings

After the consummation of the Merger, the Board of Directors established four committees: Audit Committee, Compensation Committee, Governance Committee and Risk Management Committee. These committees assist the Board in fulfilling its responsibilities. All of the members of the committees are nominated by the Governance Committee and appointed by the Board of Directors. Members of these committees are elected annually at the Board of Directors' meeting following the annual meeting of shareholders. Each of these committees is composed entirely of independent directors. Each of the Audit Committee, the Compensation Committee, the Risk Management Committee and the Governance Committee operates under a committee charter approved by the Board of Directors setting out the purposes and responsibilities of the committee and reviews and reassesses the adequacy of its committee charter annually.

Audit Committee. The Audit Committee currently consists of Ms. Wallingford and Messrs. McClean, Shapiro and Tanner. Each member of the Audit Committee is independent pursuant to the NASDAQ Listing Rules and meets the criteria for independence as set forth in the SEC rules applicable to an audit committee.

The Audit Committee (i) oversees the accounting, financial reporting and internal control processes and the audits of financial statements; (ii) takes, or recommend that the Board take, appropriate action to oversee the qualifications, independence and performance of independent auditors; and (iii) prepares the report required by the rules of the SEC to be included in the proxy statement.

Table of Contents

The Audit Committee held 7 meetings during the 2011 fiscal year. The Board of Directors has determined that each of Ms. Wallingford, Mr. Tanner and Mr. McClean qualifies as an audit committee financial expert as that term is defined in the rules of the SEC. The Audit Committee's charter is available on the company's website at www.northeastbank.com/investor-relations.

Compensation Committee. The Compensation Committee currently consists of Messrs. McClean, Shapiro and Tanner and Ms. Dorsey. Each member of the Compensation Committee is independent under the NASDAQ Listing Rules.

The Compensation Committee oversees overall compensation structure, policies and programs, reviews processes and procedures for the consideration and determination of director and executive compensation, and is responsible for producing a report for inclusion in the proxy statement relating to the company's annual meeting of shareholders or annual report on Form 10-K, in accordance with applicable rules and regulations. The primary objective of the Compensation Committee is to develop and implement compensation policies and plans that ensure the attraction and retention of key management personnel, the motivation of management to achieve Northeast's corporate goals and strategies, and the alignment of the interests of management with the long-term interests of Northeast's shareholders.

The Compensation Committee determines the compensation of all executive officers other than the Chief Executive Officer. The Compensation Committee also reviews and makes recommendations to the full Board of Directors regarding the compensation of non-employee directors. During the 2011 fiscal year, the Compensation Committee engaged Deloitte LLP to conduct market compensation reviews for its named executive officers and directors. For additional information on the Compensation Committee's process for the consideration and determination of the executive officer and director compensation and the engagement of the compensation consultant, please see *TARP-Related Actions* and *Compensation Discussion and Analysis*.

The Compensation Committee held 7 meetings during the 2011 fiscal year. The Compensation Committee's charter is available on the company's website at www.northeastbank.com/investor-relations.

Governance Committee. The Governance Committee currently consists of Messrs. Glauber and Orestis and Ms. Dorsey and Wallingford. Each member of the Governance Committee is independent under the NASDAQ Listing Rules.

The Governance Committee is responsible for identifying individuals qualified to become board members, consistent with criteria approved by the Board, and recommending that the Board select the director nominees for election at each annual meeting of shareholders. The Governance Committee is also responsible for developing and recommending to the Board a set of corporate governance guidelines applicable to Northeast, periodically reviewing such guidelines and recommending any changes thereto, and overseeing the evaluation of the Board and management.

The Governance Committee held 1 meeting during the 2011 fiscal year. The Governance Committee Charter is available on the company's website at www.northeastbank.com/investor-relations.

Risk Management Committee. The Risk Management Committee currently consists of Messrs. McClean, Botein and Glauber and Ms. Wallingford. The Risk Management Committee monitors and approves the company's levels of risk tolerance and related metrics on a comprehensive, enterprise-wide basis, as well as identifying and monitoring key Company risks individually, approving levels of risk tolerance for each, and evaluating arrangements for the management thereof. The Committee further provides a forum for consideration and discussion of trends and emerging risks.

The Risk Management Committee held 3 meetings during the 2011 fiscal year.

Risk Oversight

The Board of Directors plays an important role in the risk oversight of the company and is involved in risk oversight through direct decision-making authority with respect to significant matters, including the development of limits and specific risk tolerances, and the oversight of management by the Board of Directors and its committees. The Board of Directors and its committees also are each directly responsible for considering risks and the oversight of risks relating to decisions that each committee is responsible for making. In light of Northeast's overall business and market, the extensive regulatory schemes under which Northeast operates, and the complexities of Northeast's operations as a whole, the Board has established a Risk Management Committee, tasked with specific responsibility for direct oversight of all of the risks inherent in Northeast's business, along with management of the enterprise-wide risk management program.

In addition to the Risk Management Committee, the Board of Directors administers its risk oversight function through (1) the review and discussion of regular periodic reports to the Board of Directors and its committees on topics relating to the risks that Northeast faces, including, among others, credit risk, interest rate risk, regulatory risk and various other matters relating to Northeast's business; (2) the required approval by the Board of Directors (or a committee thereof) of significant transactions and other decisions, including, among others, final budgets, material uses of capital, strategic direction, and executive management hiring and promotions; (3) the direct oversight of specific areas of Northeast's business by the Risk Management Committee, the Audit Committee, the Compensation Committee, and the Governance Committee; and (4) regular periodic reports from the company's internal and external auditors and other third party consultants regarding various areas of potential risk, including, among others, those relating to the company's internal controls and financial reporting. The Board of Directors also relies on management to bring significant matters impacting the company to the Board's attention.

For a description of the specific risk oversight review performed by the Compensation Committee with respect to the company's incentive compensation plans, please see the section titled *TARP-Related Actions*.

Consideration of Director Nominees

Shareholder Recommendations. The Governance Committee's current policy is to review and consider any director candidates who have been recommended by shareholders in compliance with the procedures established from time to time by the Governance Committee. All security holder recommendations for director candidates must be submitted to Clerk at Northeast Bancorp, 500 Canal Street, Lewiston, ME 04240, who will forward all recommendations to the Governance Committee.

Board Membership Criteria. The Governance Committee has established criteria for the Governance Committee-recommended director nominees. These criteria include the following specific, minimum qualifications that the Governance Committee believes must be met by each Governance Committee-recommended nominee for a position on the Board:

The nominee shall have experience at a strategic or policymaking level in a business, government, non-profit or academic organization of high standing.

The nominee shall be highly accomplished in his or her respective field, with superior credentials and recognition.

The nominee shall be well regarded in the community and shall have a long-term reputation for the highest ethical and moral standards.

The nominee shall have sufficient time and availability to devote to the affairs of the company, particularly in light of the number of boards on which the nominee may serve.

To the extent such nominee serves or has previously served on other boards, the nominee shall have a demonstrated history of actively contributing at board meetings.

Table of Contents

In addition to the minimum qualifications for each nominee set forth above, the Governance Committee shall recommend that the Board select persons for nomination to help ensure that:

A majority of the Board shall be independent pursuant to the NASDAQ Listing Rules.

Each of its Audit, Compensation and Governance Committees shall be comprised entirely of independent directors.

At least one member of the Audit Committee shall have such experience, education and other qualifications necessary to qualify as an audit committee financial expert as defined by the rules of the Securities and Exchange Commission.

Finally, in addition to any other standards the Governance Committee may deem appropriate from time to time for the overall structure and composition of the Board, the Governance Committee may consider the following factors when recommending that the Board select persons for nomination:

Whether the nominee has direct experience in the financial services industry or in the markets in which the company operates.

Whether the nominee, if elected, assists in achieving a mix of Board members that represents a diversity of background and experience.

Identifying and Evaluating Nominees. The Governance Committee may solicit recommendations for director nominees from any or all of the following sources: non-management directors, the Chief Executive Officer, other executive officers, third-party search firms or any other source it deems appropriate.

The Governance Committee will review and evaluate the qualifications of any proposed director candidate that it is considering or has been recommended to it by a securityholder in compliance with the Governance Committee's procedures for that purpose, and conduct inquiries it deems appropriate into the background of these proposed director candidates. In identifying and evaluating proposed director candidates, the Governance Committee may consider, in addition to the minimum qualifications for Governance Committee-recommended director nominees, all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of the proposed director candidate, his or her depth and breadth of business experience, his or her independence and the needs of the Board. Neither the Governance Committee nor the Board has a specific policy with regard to the consideration of diversity in identifying director nominees, although both may consider diversity when identifying and evaluating proposed director candidates. As noted above, the Governance Committee, when recommending director candidates to the full Board for nomination, may consider whether a director candidate, if elected, assists in achieving a mix of Board members that represents a diversity of background and experience. Other than circumstances in which Northeast may be legally required by contract or otherwise to provide third parties with the ability to nominate directors, the Governance Committee will evaluate all proposed director candidates that it considers or who have been properly recommended to it by a securityholder based on the same criteria and in substantially the same manner, with no regard to the source of the initial recommendation of the proposed director candidate.

Communications with Directors

The Board of Directors has established a process for shareholders and other interested parties to communicate with the Board or a particular director. A shareholder may send a letter to Northeast Bancorp, Attention: Corporate Clerk, 500 Canal Street, Lewiston, ME 04240. The mailing envelope should contain a clear notation indicating that the enclosed letter is a Board communication or director communication. All such letters should state whether the intended recipients are all members of the Board or just certain specified individual directors. The Corporate Clerk will circulate the communications (with the exception of commercial solicitations) to the appropriate director or directors. Botein, Cheryl Lynn Dorsey, Peter W. McClean, Adam J. Shapiro, David A. Tanner and Richard Wayne became a director.

Pursuant to the Amended and Restated Articles of Incorporation, which became effective upon the merger, the Board is divided into three classes (Class I, Class II and Class III). At the 2011 annual meeting, three Class I directors will be elected to serve for a three-year term until the 2014 annual meeting of shareholders and until their respective successors are duly elected and qualified. Following the recommendation of the Governance Committee, the Board has nominated all of the current Class I directors for re-election.

Vote Required

Directors are elected by a plurality of the votes cast by the holders of the shares of voting common stock present in person or represented by proxy and entitled to vote on the election of directors at the annual meeting. Votes may be cast for or withheld from each nominee. Votes cast for the nominees will count as yes votes; votes that are withheld from the nominees will not be voted with respect to the director or directors indicated. Withheld votes and broker non-votes will have no effect on the outcome of the director elections.

Recommendation

The Board of Directors unanimously recommends a vote FOR its nominees, Robert R. Glauber, Adam J. Shapiro and Richard Wayne. Properly authorized proxies solicited by the Board will be voted FOR each of the nominees unless instructions to the contrary are given.

TARP-Related Actions

Effective December 8, 2008, Northeast became a participant in the Capital Purchase Program pursuant to the United States Department of the Treasury's Troubled Asset Relief Program (TARP) under the Emergency Economic Stabilization Act of 2008 (EESA). Under EESA, as amended by the American Recovery and Reinvestment Act of 2009 (ARRA), and expanded and clarified by an Interim Final Rule, effective June 15, 2009 (the Rule) promulgated by the United States Department of the Treasury (Treasury), the company is required to comply with certain limitations and restrictions concerning executive compensation through the date that the company repays all TARP funds to Treasury. These executive compensation restrictions and limitations generally apply to Northeast's senior executive officers (SEOs) and up to 20 of Northeast's and its subsidiaries' most highly paid employees. For each year in which any TARP funds remain unpaid, Northeast's SEOs are and will be Northeast's named executive officers identified in Northeast's annual proxy statement (and discussed under *Compensation Discussion and Analysis* in this proxy statement) and the next two most highly compensated executive officers who would have been named executive officers if the Company were not a smaller reporting company, and the 20 most highly compensated employees of Northeast and its subsidiaries are and will be the employees whose annual compensation is the highest among all of Northeast's and its subsidiaries' employees, determined in accordance with the provisions of the Rule.

The executive compensation restrictions and requirements applicable to Northeast under TARP, and Northeast's actions intended to comply with these restrictions and requirements for the most recent fiscal year, are described below:

Bonus Limitation. Pursuant to ARRA and the Rule, Northeast and its subsidiaries may not pay or accrue any bonus, retention award or incentive compensation to the most highly compensated employee of Northeast and its subsidiaries. For the 2011 fiscal year, James Delamater was subject to this limitation. For the 2012 fiscal year, Richard Wayne will be subject to this limitation. Northeast has not made or accrued payments in violation of this limitation.

The Rule permits individuals subject to this restriction to receive awards of long-term restricted stock that meet certain criteria set forth in the Rule. Pursuant to this exception, Northeast granted restricted stock intended to qualify as long-term restricted stock under the Rule to James Delamater on December 29, 2010. The Rule also permits the company to accrue bonuses to subject employees for (i) periods prior to June 14, 2009 (the date prior to the effective date of the Rule), or (ii) with respect to a period that this restriction did not apply to the employee, to be paid at such time as the limitation on accrual or payment of bonuses is no longer applicable to such individual.

Limit on Tax Deduction. The EESA added a new Section 162(m)(5) to the Internal Revenue Code of 1986, as amended, which reduces the tax deduction for compensation paid to CEOs of TARP participant institutions from \$1 million to \$500,000 per year. For purposes of the \$500,000 deduction limit, all executive compensation is subject to the deductibility cap, including performance-based compensation that was previously excluded from the cap under Section 162(m) of the Code. This limitation on deductibility will not affect the CEOs' receipt of compensation under the existing compensation arrangements. Each of Northeast's CEOs has also entered into waiver agreements acknowledging this limitation.

Claw-back Requirement. Under the Rule, Northeast is required to claw-back, or recover, any bonus or incentive compensation paid to an SEO or any of the next 20 most highly compensated employees of Northeast or its subsidiaries that is based on materially inaccurate financial statements or any other material inaccurate performance metric criteria. The CEOs have entered into waiver agreements acknowledging this requirement. To date, Northeast and its subsidiaries have not identified any bonus payments to subject individuals based on materially inaccurate financial statements or other materially inaccurate performance metric criteria that would be subject to claw-back.

Golden Parachute Restriction. The Rule further prohibits Northeast from paying any golden parachute to an SEO or any of the next 5 most highly compensated employees of Northeast and its subsidiaries, so long as Northeast is a TARP recipient. The Rule defines the term golden parachute broadly to encompass any

Table of Contents

severance payments or payments due to a change in control. The company's CEOs entered into waiver agreements with Northeast acknowledging this restriction. To date, Northeast has not paid any golden parachute payment to any individual subject to this restriction.

Prohibition on Gross-up Payment. Under the Rule, Northeast and its subsidiaries are prohibited from paying any gross-up to its CEOs and any of the next 20 most highly compensated employees of Northeast or its subsidiaries. The Rule defines the term gross-up broadly to include most reimbursements for taxes owed with respect to any compensation. Again, CEOs have entered into waiver agreements acknowledging this prohibition and Northeast has received certifications from all affiliates impacted by the restrictions, that gross-up payments were not made.

Say-on-Pay Proposal. ARRA and the Rule require TARP recipients to permit an advisory, non-binding shareholder vote to approve the executive compensation disclosed in the TARP recipient's compensation discussion and analysis, and compensation tables and related materials, commonly referred to as a say-on-pay proposal. This advisory say-on-pay proposal is included as Proposal 2 to this proxy statement.

Risk Review and Analysis. Pursuant to TARP, the Compensation Committee is required to discuss, evaluate and review with Northeast's Chief Risk Officer, at least semi-annually, (1) the CEO compensation plans to ensure that such plans do not encourage CEOs to take unnecessary and excessive risks that threaten the value of Northeast, (2) employee compensation plans in light of the risks posed to Northeast by such plans and how to limit these risks, and (3) employee compensation plans to ensure these plans do not encourage the manipulation of reported earnings to enhance compensation. CEO Compensation Plans are identified in the *Compensation Discussion and Analysis*. The Compensation Committee must also certify within the Compensation Committee Report included in its annual proxy statement and directly to Treasury that it has performed the review described above with Northeast's Chief Risk Officer.

In accordance with these requirements, the Compensation Committee, with the assistance of Deloitte LLC, its compensation consultant, evaluated and reviewed the incentive compensation arrangements in place for its named executive officers. The Compensation Committee concluded that the overall structure of the Corporation's incentive compensation arrangements does not encourage the taking of unnecessary or excessive risks by the executives.

Principal Executive Officer and Principal Financial Officer Certifications. The Principal Executive Officer and Principal Financial Officer Certifications required by EESA and the Rule were filed with Northeast's Annual Report on Form 10-K on September 27, 2011. These certifications have also been provided to Treasury in accordance with the Rule.

Compensation Consultant Disclosure. As noted above, the Compensation Committee consulted with Deloitte LLP for guidance on the Compensation Committee's process for determining whether existing and contemplated executive incentive compensation practices encouraged excessive or unnecessary risk. Please see *Risk Review and Analysis* above.

Perquisite Disclosure. With respect to each CEO and any employee subject to the limitation on bonus payments discussed above, Northeast must annually disclose perquisites with a total value in excess of \$25,000, including a description of the amount and nature of the perquisite, the name of the recipient and a justification for offering each perquisite. The company intends to make this disclosure to Treasury and its primary regulatory agency within the time required under the Rule. Perquisites paid to CEOs are discussed in the footnotes to the Summary Compensation Table on page 29 of this proxy statement.

Luxury Expenditure Policy. As a TARP recipient, Northeast was required to adopt and maintain an excessive or luxury expenditure policy, provide a copy of this policy to Treasury and Northeast's primary regulatory authority and post the text of this policy on its website. The company adopted an excessive or luxury expenditure policy on August 27, 2010, provided the policy to all relevant regulators and has made the policy available in the Corporate Governance section of its website at www.northeastbank.com/investor-relations.

Richard Wayne, President and Chief Executive Officer

James D. Delamater, President and Chief Executive Officer, Northeast Bank Community Banking Division

Claire S. Bean, Chief Financial Officer and Chief Operating Officer

All compensation actions taken in the 2011 fiscal year reflect the company's commitment to align the interests of the named executive officers with those of the company's shareholder interests. This Compensation Discussion and Analysis describes the company's executive compensation programs and policies, but the following is a brief summary of significant changes and results occurring in the 2011 fiscal year:

Upon the consummation of the Merger on December 29, 2010:

The Board was reconstituted, with seven new directors joining two continuing directors;

Board committee membership, including Compensation Committee membership, changed significantly. The Compensation Committee currently consists of Peter W. McClean (Chair), Adam J. Shapiro, Cheryl Lynn Dorsey and David A. Tanner;

The Board appointed Richard Wayne as the Chief Executive Officer (CEO) and President;

Other leadership transitions include the following:

Heather Campion was appointed the Chief Administrative Officer and Claire S. Bean was appointed the Chief Financial Officer and Chief Operating Officer;

James Delamater, Robert Johnson, and Marcel Blais, who were the Chief Executive Officer, Chief Financial Officer, and Chief Operating Officer, respectively, of the company prior to the Merger continued with the company as senior managers of the Bank's Northeast Community Bank Division. Pender J. Lazenby, who was the Chief Risk Officer of the company prior to the Merger, remains the Chief Risk Officer of the company.

Edgar Filing: NORTHEAST BANCORP /ME/ - Form DEF 14A

The compensation for executive officers after the Merger was determined in conjunction with the Merger, and included the following principal elements:

Base salary;

Equity incentive awards;

Employment agreements.

These elements of compensation are described in more detail below. Established as of the Merger date, there were no changes to executive officer compensation for the remainder of the 2011 fiscal year.

As a TARP recipient, the company believes it is in full compliance with all TARP-related compensation limits and restrictions. TARP compliance is and has been overseen by the Compensation Committee.

Compensation Program Objectives

The company seeks to attract and retain talented and committed employees, including its executive team. Our compensation program is intended to meet the following primary objectives:

Attract, develop, retain and motivate talented leadership to achieve the company’s strategic objectives;

Align management’s interests with those of the shareholders through the use of equity plans approved by the Board and shareholders; and

Reward high performance, promote accountability and adherence to the company’s values and its Code of Ethics;

Total Compensation Market Benchmarking and Peer Group

After the consummation of the Merger, the Compensation Committee asked its independent compensation consultant, Deloitte LLP, to conduct market compensation reviews for its named executive officers and directors for the remainder of the 2011 fiscal year and the 2012 fiscal year.

The Compensation Committee approved an updated peer group on May 27, 2011 to be used for future market comparisons in the 2012 fiscal year. The new peer group, listed below, includes 16 banks of similar asset and revenue size, revenue mix and business orientation.

Bar Harbor Bankshares	Legacy Bancorp Inc.
Camden National Corporation	Merchants Bancshares Inc.
Chemung Financial Corporation	New England Bancshares Inc.
Community Bancorp	New Hampshire Thrift Bancshares
Enterprise Bancorp Inc.	Newport Bancorp
First Bancorp	Salisbury Bancorp
Hampden Bancorp Inc.	SBT Bancorp
Hingham Institution for Savings	Union Bankshares

This peer group will be used as one market frame of reference for future compensation comparisons. In addition, Deloitte LLP will provide other relevant market reference points such as broader financial services and general industry compensation survey data covering companies of similar size to augment this peer group data. Given the number of recent executive transitions, as well as the company’s objective to attract and retain the talent necessary to meet its strategic objectives, the company currently relies primarily on the internal judgment of the Compensation Committee for performance and compensation benchmarking using an evaluation of both financial and non-financial goals. These goals include launching and growing to scale two new strategic business initiatives, as well as enhancing the operational capacity of the Bank’s Northeast Community Bank Division. As a result, the Compensation Committee has, and will likely continue to place less emphasis on total compensation benchmarking during this transition period.

Role of Compensation Committee, Outside Advisors and Management in Compensation Decisions

The Compensation Committee, pursuant to its charter, provides management and the Board with guidance on matters of executive and director compensation and related benefits. The Compensation Committee meets in executive sessions when discussing CEO performance and specific actions related to CEO compensation. The Compensation Committee recommends all compensation actions with respect to the company’s CEO, such action subject to the approval of the Board of Directors. The Compensation Committee approves all compensation actions for the company’s other executive officers after reviewing the recommendations of the CEO. The Compensation Committee relies on management and outside advisers for staff work and technical guidance in

conducting its affairs. It retains full authority to engage independent third party advisers, including Deloitte LLP, a consulting firm in Boston, Massachusetts, to conduct independent studies and provide objective advice on executive and director compensation. Deloitte LLP's primary role with the company is as independent adviser to the Compensation Committee on executive compensation matters. In the 2011 fiscal year, Deloitte LLP played a significant advisory role with respect to structuring of compensation for the new Board of Directors and plays an ongoing role in supporting the Compensation Committee in executive compensation matters.

The company also retains Goodwin Procter LLP for legal and advisory services on executive compensation matters, including the drafting of legal plan documents. The company may use other firms from time to time in the normal course of business.

Principles for Setting Compensation Levels

The factors considered by the company in setting executive compensation levels are:

Achievement of the company's long-term strategic objectives;

Alignment of management's interests with those of stockholders;

Risk tolerances, and in particular whether compensation programs encourage excessive risk-taking;

Retention of its executive team;

Cost considerations; and

Regulatory constraints and guidelines.

The company believes that the aggregate total compensation as reported in the Summary Compensation Table for its named executive officers is reasonable and fair based on the above factors. Specifically:

named executive officer compensation is tied to, and varies with, the overall performance of the company;

the equity grants made in the 2011 fiscal year include a significant performance-based equity incentive component; and

named executive officer compensation is appropriate in light of the competitive environment for recruiting executive officers, and what competitors pay.

Elements of Executive Compensation

Base Salary

The Compensation Committee intends to review the base salaries of its named executive officers each year with any salary increases taking effect on July 1. Salary increases are generally based on the executive's performance within specific areas of accountability, external market competitiveness and internal budget considerations.

The salary actions and/or increases in the 2011 fiscal year reflect the following considerations:

Base salaries for Mr. Wayne, Ms. Campion and Ms. Bean, shown in the table below, were negotiated with FHB Formation LLC prior to the Merger as part of their overall total compensation packages, and were approved by the Compensation Committee and the Board upon the consummation of the Merger. The Compensation Committee's review considered the experience and qualifications of the executives, ability to execute the company's business plan, cost relative to expected near-term and long-term financial results, as well as peer compensation data. The executives' base salaries remain at the levels established on the Merger date.

Table of Contents

Mr. Delamater's base salary increased by 1.9% to \$275,137 for the 2011 fiscal year, an action taken by the Compensation Committee prior to the Merger, based on a review of Mr. Delamater's performance for the 2010 fiscal year and consideration of peer data. Prior to the Merger, the Compensation Committee's subjective evaluation considered performance against the 2010 operating budget, maintenance of balance sheet integrity, achievement of satisfactory regulatory results and enhancement of shareholder value.

The table below presents actual annualized salaries for the company's named executive officers in the 2010 and 2011 fiscal years.

ANNUALIZED SALARIES AS OF JUNE 30, 2011

Executive	2010 Actual	2011 Actual	2011 % Increase
Richard Wayne	N/A	\$ 250,000	N/A
James Delamater	\$ 269,946	275,137	1.9%
Claire Bean	N/A	250,000	N/A
Heather Campion	N/A	250,000	N/A

Equity-Based Long-Term Incentives

The Compensation Committee considers long-term equity-based compensation to be an integral part of the company's compensation program. In the 2011 fiscal year, the equity awards made to the company's named executive officers in connection with the Merger consisted of a combination of time-vested options and performance-based options, with the exception of Mr. Delamater who received all of his equity value in time-vested restricted stock due to TARP restrictions. Equity awards made to Mr. Wayne, Ms. Campion and Ms. Bean were negotiated with FHB Formation LLC prior to the Merger as part of their overall total compensation packages. These equity awards were approved by the Compensation Committee upon the consummation of the Merger. The Compensation Committee's evaluation considered the benefit to the company of having a significant portion of the executives' compensation tied to the long-term financial performance of the company, and thereby to shareholder value. The Compensation Committee's review also considered the experience and qualifications of the executives, their ability to execute the company's business plan, the retention value of long-term equity incentives and peer compensation data.

Actual equity grants awarded to the company's named executive officers in the 2011 fiscal year are set forth in the table below:

Executive	Grant Date	# Options (1)	Grant Date Fair Value	# Stock Awards	Grant Date Fair Value
Richard Wayne	12/29/10	237,616	\$ 746,114		
James Delamater	12/29/10			13,026	\$ 181,452
Claire Bean	12/29/10	118,808	373,057		
Heather Campion	12/29/10	118,808	373,057		

- (1) For Mr. Wayne, Ms. Campion and Ms. Bean, 118,808, 59,404, and 59,404 options, respectively, vest ratably over a five-year period, and were determined to have a fair value of \$3.85 per share on the date of grant. An equal number of options for each are performance-based, and were divided into three tranches, each of which will vest if certain qualitative conditions are satisfied and the stock price exceeds a specified hurdle price for a period of 50 of the previous 75 consecutive trading days. The performance-based options were determined to have a fair value of \$2.43 per share on the date of grant. The strike price for all awards is \$13.93 per share, based on the average price at which the company's common stock traded on the date of grant. All have a contractual life of 10 years from the date of grant, and are subject to recoupment if (i) the Board determines that gross negligence, intentional misconduct or fraud by the awardee caused or was a significant contributing factor to a materially adverse restatement of the company's financial statements and

Table of Contents

- (ii) the vesting of an award was calculated or contingent upon the achievement of financial or operating results that were affected by the restatement and the vesting would have been less had the financial statements been correct. For additional information, refer to *Outstanding Equity Awards at June 30, 2011* on page 30.
- (2) The time-vested restricted stock awarded to Mr. Delamater vests over five years. Forty percent of the award will vest on December 29, 2012, and the remainder will vest in three equal annual installments commencing on December 29, 2013. This award was determined to have a fair value of \$13.93 per share, based on the average price at which the company's common stock traded on the date of grant.
- Non-Equity Incentive Compensation*

The company's practice prior to the Merger was to award cash non-equity compensation based upon achievement of annual performance objectives. The advent of the Merger at mid-year brought a new executive team, a change to the company's strategic plan and substantial initial investments in new business initiatives. These factors, and the relatively short period of time between the Merger and the fiscal year end, led the Compensation Committee to set aside making non-equity incentive awards under the existing non-equity incentive compensation plan for the 2011 fiscal year. The Compensation Committee intends to develop a new non-equity incentive compensation plan in the 2012 fiscal year, one appropriate to the company's traditional community banking activities as well as to the new business initiatives recently launched or under development.

Executive Benefits

All named executive officers are eligible for Company-sponsored benefit programs available broadly to Company employees, including healthcare and dental benefits, disability insurance and life insurance. The company also maintains a traditional 401(k) plan pursuant to which the company matches half of an employee's contribution, up to 6% of the employee's salary.

Deferred Compensation Agreements

Prior to the Merger, the company had nonqualified deferred compensation agreements with five senior officers. The Merger was deemed a change of control and, under the terms of the agreements, accrued retirement benefits as of November 30, 2010 were distributed and the agreements were terminated upon the consummation of the Merger. The Compensation Committee intends to replace the previous deferred compensation agreements for these five individuals in the 2012 fiscal year. The expected approximate annual cost of these deferred compensation agreements for the 2012 fiscal year is \$162,000.

Employment Agreements

Northeast Bancorp. Upon the consummation of the Merger, the company entered into employment agreements with each of Mr. Wayne, Ms. Bean and Ms. Campion. Each of the employment agreements has an initial term of three years. Upon expiration of the initial term, each employment agreement will be renewed for successive terms of one year, unless either party gives written notice not less than 90 days prior to the date of any such anniversary of the election not to extend the term.

Pursuant to the employment agreements, each of the executives is entitled to receive an annual base salary equal to \$250,000. The base salary may be increased from time to time in accordance with normal business practices and in the sole discretion of the company. Each of the executives is also eligible to participate in the company's non-equity incentive compensation plan as determined by the company's Compensation Committee and in any benefit programs that the company establishes and makes available to its employees. In addition, pursuant to the employment agreements, at the effective time of the Merger, each of the executives received options to purchase the company's voting common stock (see *Equity-Based Long Term Incentives* above for further details).

Table of Contents

The employment agreements contain restrictive covenants, including non-competition and non-solicitation covenants that will survive, for Mr. Wayne, 24 months, and for each of Mses. Bean and Campion, 12 months, following the termination of employment. In connection with the employment agreements, each of the executives entered into a waiver agreement acknowledging and agreeing to the restrictions and limitations on executive compensation applicable to the company pursuant to the TARP and any TARP restrictions that may be applicable to the executives.

The employment agreements describe the payments and benefits to which the executives would be entitled upon termination of their employment under certain circumstances. Specifically, if (i) any such executive's employment is terminated either by the company without cause or by such executive for good reason or if the company makes an election not to extend the term of any such employment agreement, and (ii) such executive executes a release of claims prepared by the company, the non-competition restrictions in the applicable employment agreement will terminate unless the company (in the sole discretion of the Board) pays such executive an amount equal to the base salary such executive would have received for the duration of the restricted period.

Northeast Bank. On March 30, 2010, the Bank entered into an employment agreement with Mr. Delamater, which became effective upon the consummation of the Merger. Mr. Delamater's employment agreement has an initial term of one year. Upon expiration of the initial term, his employment agreement will be renewed for successive terms of one year, unless either party gives written notice not less than 90 days prior to the date of any such anniversary of the election not to extend the term.

Pursuant to the employment agreement, Mr. Delamater is entitled to receive an annual base salary equal to \$269,946. The base salary may be increased from time to time in accordance with normal business practices and in the sole discretion of the Bank. Mr. Delamater is also eligible to participate in the company's non-equity incentive compensation plan as determined by the Chief Executive Officer of the Bank and the Compensation Committee of the Bank and in any and all benefit programs that the Bank establishes and makes available to its employees. In addition, pursuant to the employment agreement, at the effective time of the Merger, Mr. Delamater received a grant of restricted stock (see *Equity-Based Long Term Incentives* above for further details).

The employment agreement contains a non-solicitation covenant that will survive for 12 months following the termination of employment. In connection with the employment agreement, Mr. Delamater entered into a waiver agreement acknowledging and agreeing to the restrictions and limitations on executive compensation applicable to the Bank pursuant to the United States Department of Treasury's TARP and any TARP restrictions that may be applicable to him.

The employment agreement describes the payments and benefits to which Mr. Delamater would be entitled upon termination of his employment under certain circumstances. Specifically, if (i) Mr. Delamater's employment is terminated either by the Bank without cause or by him for good reason or if the Bank makes an election not to extend the term of his employment agreement and (ii) Mr. Delamater executes a release of claims prepared by the Bank, he will be entitled to receive an amount equal to the remaining salary he would have received if he had been employed through the end of the term of the employment agreement, plus an additional amount equal to the salary he would have received for the one-year period following the expiration of the term.

Change in Control

In the event of a change in control, the equity award documents for each of the named executive officers provide that all time-vested options (in the case of Mr. Wayne and Mses. Bean and Campion) and time-vested restricted stock (in the case of Mr. Delamater) would immediately vest in full. The performance-based options held by Mr. Wayne and Mses. Bean and Campion would vest to the extent the per share sale price in such change in control exceeded the applicable hurdle price.

Tax, Regulatory and Accounting Implications

The company believes it is in compliance with respect to all tax, regulatory and accounting standards. Furthermore, the Compensation Committee will continue to review each element of compensation and take the appropriate steps to ensure tax deductibility to the extent permitted under applicable law (including the EESA and the ARRA) and to the extent this can be accomplished without sacrificing flexibility and other important objectives of the overall compensation program for its executives. As noted above, under TARP, the company is prohibited from deducting compensation to named executive officers to the extent compensation exceeds \$500,000 while the Treasury has an interest in the company, even if such compensation would qualify as performance based. Therefore, a portion of base salary, annual incentive bonus and long-term equity incentive paid or awarded to its named executive officers during a year that the company is subject to TARP may not be deductible.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on this review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the company's Proxy Statement.

The Compensation Committee certifies that:

It has reviewed with the company's senior risk officer, the senior executive officer compensation plans and as disclosed in *TARP-Related Actions Risk Review and Analysis* has made all reasonable efforts to ensure that these plans do not encourage named executive officers to take unnecessary risks that threaten the value of the company;

It has reviewed with the company's senior risk officer, the employee compensation plans and has made all reasonable efforts to limit any unnecessary risk these plans pose to the company; and

It has reviewed the employee compensation plans to eliminate any features of these plans that would encourage manipulation of reported earnings of the company to enhance the compensation of any employee.

PROPOSAL 2: ADVISORY, NON-BINDING VOTE ON NAMED EXECUTIVE OFFICER

COMPENSATION

On February 17, 2009, President Obama signed the American Recovery and Reinvestment Act of 2009 (the ARRA) into law. The ARRA contains a requirement that participants in TARP, such as Northeast, permit an advisory, non-binding shareholder vote to approve executive compensation. This proposal is commonly known as a say-on-pay proposal, and gives shareholders the opportunity to endorse the company's compensation of executive officers. The Board of Directors is submitting for Voting Shareholder approval, on an advisory basis, the compensation paid to our named executive officers as described in this proxy statement.

The resolution that is the subject of this proposal is a non-binding advisory resolution and will not have any binding legal effect regardless of whether or not it is approved, and may not be construed as overruling a decision by the company or the Board or creating or implying any change to the fiduciary duties of the Board. However, the Compensation Committee intends to take the results of the vote on this proposal into account in its future decisions regarding the compensation of the company's named executive officers.

Northeast believes that its compensation programs and policies are designed to attract, motivate and retain executive talent, and are aligned with the long-term interests of its shareholders. In June 2011, in accordance with the TARP executive compensation requirements, the Compensation Committee completed a review of Northeast's executive incentive plans with the company's Chief Risk Officer to ensure that incentive arrangements do not encourage its senior executive officers to take unnecessary and excessive risks that threaten the value of the company. For details on this review, please see the section titled *TARP-Related Actions Risk Review and Analysis*.

For these reasons, the Board of Directors recommends that Voting Shareholders vote in favor of the following resolution:

RESOLVED, that the compensation of Northeast's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion, be approved.

Vote Required

The affirmative vote of a majority of the votes cast by the holders shares of voting common stock present in person represented by proxy at the meeting and entitled to vote on this proposal is required for the approval of this proposal. Since only votes that are cast in favor of or in opposition to the proposal are taken into account, neither abstentions nor broker non-votes will have any effect on the outcome.

Recommendation

The Board of Directors unanimously recommends a vote FOR this proposal. Properly authorized proxies solicited by the Board will be voted FOR this proposal unless instructions to the contrary are given.
