Item 1.01. Entry into a Material Definitive Agreement.

On May 22, 2012, Cardiovascular Systems, Inc. (the Company), in connection with a registered underwritten public offering of shares of its common stock (the Offering), entered into an underwriting agreement (the Underwriting Agreement) with Leerink Swann LLC, as representative of the underwriters named therein (the Underwriters), pursuant to which the Company agreed to sell 1,780,000 shares of its common stock, par value \$0.001 per share, at a public offering price of \$9.00 per share. The net proceeds to the Company, after deducting underwriting discounts and commissions and estimated expenses, are expected to be approximately \$15.0 million. The Offering is expected to close on or about May 25, 2012. The Underwriting Agreement contains customary representations, warranties and agreements by the Company and customary conditions to closing, obligations of the parties and termination provisions. Additionally, the Company has agreed to indemnify the Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the Underwriters may be required to make due to any such liabilities.

The Offering is being made pursuant to an effective registration statement on Form S-3 (Registration Statement No. 333-174681) previously filed with the Securities and Exchange Commission and a prospectus supplement thereunder. A copy of the Underwriting Agreement is attached as Exhibit 1.1 hereto and is incorporated by reference into this Item 1.01. The above description is qualified in its entirety by reference to such exhibit. A copy of the opinion of Fredrikson & Byron, P.A. related to the legality of the issuance and sale of the shares in the Offering is attached as Exhibit 5.1 hereto.

A copy of the Underwriting Agreement has been included to provide security holders with information regarding its terms. It is not intended to provide any other factual information about the Company. The representations, warranties and covenants contained in the Underwriting Agreement were made solely for purposes of the Offering and as of specific dates, were solely for the benefit of the parties to the Underwriting Agreement, may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures made for the purposes of allocating contractual risk between the parties to the Underwriting Agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to security holders. Security holders are not third-party beneficiaries under the Underwriting Agreement and should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of the Company. Moreover, information concerning the subject matter of the representations and warranties may change after the date of the Underwriting Agreement, which subsequent information may or may not be fully reflected in the Company's public disclosures.
