PROSPECTUS SUPPLEMENT

(To Prospectus Dated June 28, 2012)

América Móvil, S.A.B. de C.V.

1,000,000,000 3.000% Senior Notes due 2021

We are offering 1,000,000,000 aggregate principal amount of our 3.000% senior notes due 2021 (the notes). We will pay interest on the notes on July 12 of each year, beginning on July 12, 2013. The notes will mature on July 12, 2021.

The notes will rank equally in right of payment with all of our other unsecured and unsubordinated debt obligations from time to time outstanding. The notes will not be guaranteed by any of our subsidiaries.

In the event of certain changes in the applicable rate of Mexican withholding taxes on interest, we may redeem the notes, in whole but not in part, at a price equal to 100% of their principal amount plus accrued interest to the redemption date. We may redeem, in whole or in part, the notes at any time by paying the greater of the principal amount of the notes to be redeemed and the make-whole amount, plus accrued interest to the redemption date. See Description of Notes Optional Redemption in this prospectus supplement.

We will apply to list the notes on the Official List of the Luxembourg Stock Exchange for trading on the Euro MTF Market.

Investing in the notes involves risks. See Risk Factors beginning on page S-10 of this prospectus supplement and page 4 of the accompanying prospectus.

Recent Developments

Revocation of Fine Against Telcel by the Mexican Federal Antitrust Commission

On May 2, 2012, Telcel was notified of a resolution issued by the Mexican Federal Antitrust Commission (*Comisión Federal de Competencia*, or *Cofeco*) that revoked the Ps.11,989 million fine imposed by Cofeco in April 2011 for alleged monopolistic practices in the mobile termination market. As a condition to the revocation of the fine, Telcel must comply with certain undertakings that were proposed by it to Cofeco in March 2012. These undertakings are described in our 2011 Form 20-F (as defined below). Certain of the operators that were parties to that proceeding have challenged the revocation of the fine.

Investment in KPN

On May 29, 2012, our subsidiary AMOV Europa B.V. (*AMOV*) commenced a partial tender offer in cash to all holders of ordinary shares of Koninklijke KPN N.V. (*KPN*). KPN is the leading telecommunications service provider in The Netherlands, which offers fixed-line and wireless telecommunications services, internet and Pay TV to consumers, and end-to-end telecommunications services to business customers. AMOV offered to purchase up to the number of shares that would result in AMOV and América Móvil holding 393,283,000 shares (representing a total of up to approximately 27.7% of all outstanding shares of KPN). The offer is subject to Dutch disclosure and procedural requirements, which differ from those of the United States. We purchased shares of KPN prior to commencing and during the offer, and as of June 27, 2012, América Móvil and AMOV held a total of 353,283,000 shares of KPN, representing 24.9% of the outstanding shares of KPN. The offer expired on June 27, 2012, and more than a sufficient number of shares needed for us to reach the maximum ownership amount of 27.7% of the outstanding shares was tendered. Upon closing of the tender offer, the total aggregate cost of our investment in KPN is expected to be approximately 3,070 million (Ps.53,255 million).

Investment in Telekom Austria

On June 15, 2012, we agreed to acquire approximately 21% of the outstanding shares of Telekom Austria AG (Telekom Austria) from Marathon Zwei Beteiligungs GmbH, a wholly-owned subsidiary of RPR Privatstiftung, a private trust established by Mr. Ronny Pecik. Under the agreement, we acquired 5% of the outstanding shares of Telekom Austria, and upon receipt of certain governmental approvals and other authorizations customary in this type of transaction, we have agreed to acquire additional shares representing approximately 16% of the outstanding shares of Telekom Austria. We have not disclosed the price of this acquisition, but based on recent market prices of Telekom Austria shares the total purchase price would be approximately 875 million (Ps.15.0 billion). The acquisition of the additional shares is expected to close during 2012. Telekom Austria is the largest telecommunications company in Austria, and also provides telecommunications services in Belarus, Bulgaria, Croatia, Liechtenstein, Macedonia, Serbia and Slovenia.

Acquisition of Simple Mobile, Inc.

On June 19, 2012, our subsidiary Tracfone Wireless Inc. acquired 100% of the mobile virtual network business of Simple Mobile, Inc. for approximately U.S.\$118 million (Ps.1,652 million). Simple Mobile, Inc. is one of the fastest growing mobile virtual network operators (MVNOs) in the United States, with more than 2.5 million customer activations.

Consent Solicitation and Offers to Guarantee Certain Telmex Bonds

On June 28, 2012, we commenced a solicitation (the Consent Solicitation) to holders of Telmex s 5.50% Senior Notes due 2015, with an outstanding aggregate principal amount of US.\$554,823,000, 8.75% Senior Notes due 2016, with an outstanding aggregate principal amount of Ps.4,500,000,000 and 5.500% Senior Notes due 2019, with an outstanding aggregate principal amount of U.S.\$377,382,000 (together, the Telmex Notes) to consent to amend Telmex s reporting covenants and other provisions in the indentures governing the Telmex Notes in exchange for our guarantee of the Telmex Notes and a consent fee. If the terms and conditions of the Consent Solicitation are satisfied, our guarantees of the Telmex Notes will be our unsecured and unsubordinated obligations and will rank equally in right of payment with all of our other unsecured and unsubordinated debt (including guarantees of subsidiaries indebtedness). The Consent Solicitation expires on July 12, 2012 unless extended or earlier terminated.

América Móvil, S.A.B. de C.V. is a *sociedad anónima bursátil de capital variable* organized under the laws of Mexico with its principal executive offices at Lago Zurich 245, Edificio Telcel, Colonia Granada Ampliación, Delegación Miguel Hidalgo, 11529, México D.F., México. SUMMARY OF THE OFFERING

The following summary contains basic information about the notes and is not intended to be complete. It does not contain all the information that is important to you. For a more complete description of the terms and conditions of the notes, see Description of Notes in this prospectus supplement and Description of Debt Securities in the accompanying prospectus.

Issuer	América Móvil, S.A.B. de C.V.
Notes Offered	1,000,000,000 aggregate principal amount of 3.000% Senior Notes due 2021.
Issue Price	99.977%, plus accrued interest, if any, from July 12, 2012.
Issue Date	The notes will be issued on July 12, 2012.
Maturity	The notes will mature on July 12, 2021.
Interest Rate	The notes will bear interest at the rate of 3.000% per year from July 12, 2012.
Interest Payment Dates	Interest on the notes will be payable on July 12 of each year, beginning on July 12, 2013.
Currency of Payment	All payments of principal of and premium, if any, and interest on the notes will be made in euro.
Calculation of Interest	Interest will be computed on the basis of a 365-day year or 366-day year, as applicable and the actual number of days elapsed.
Ranking	The notes will be our unsecured and unsubordinated obligations and will rank equally in right of payment with all of our other unsecured and unsubordinated debt. The notes will be effectively subordinated to all of our existing and future secured obligations and to all existing and future liabilities of our subsidiaries. All of our outstanding debt securities that were issued in the Mexican and international markets through mid-September 2011 are unconditionally guaranteed by Telcel. Accordingly, the holders of those outstanding debt securities will have priority over the holders of the notes with respect to claims to the assets of Telcel. The notes do not restrict our ability or the ability of our subsidiaries to incur additional indebtedness in the future.

As of March 31, 2012, we had, on an unconsolidated basis (parent company only), unsecured and unsubordinated indebtedness of (a) approximately Ps.272.8 billion (U.S.\$21.3 billion) excluding guarantees of subsidiaries indebtedness and (b) approximately Ps.283.4 billion (U.S.\$22.1 billion) including guarantees of subsidiaries indebtedness. As of March 31, 2012, our subsidiaries had indebtedness (excluding

guarantees of indebtedness of us and our other subsidiaries) of approximately Ps.105.6 billion (U.S.\$8.2 billion).

Table of Contents

Use of Proceeds	We intend to use the net proceeds from the sale of the notes for general corporate purposes, principally the repayment of indebtedness in U.S. dollars and euro incurred after March 31, 2012 under our existing revolving credit facilities in order to finance our recent investments and acquisition. See Recent Developments , Use of Proceeds and Capitalization in this prospectus supplement.
Further Issuances	We may, from time to time without the consent of holders of the notes, issue additional notes on the same terms and conditions as the notes, which additional notes will increase the aggregate principal amount of, and will be consolidated and form a single series with, the notes.
Payment of Additional Amounts	If you are not a resident of Mexico for tax purposes, payments of interest on the notes to you will generally be subject to Mexican withholding tax at a rate of 4.9% or, in certain circumstances, 10%. See Taxation Mexican Tax Considerations in this prospectus supplement and in the accompanying prospectus. We will pay additional amounts in respect of those payments of interest so that the amount you receive after Mexican withholding tax is paid equals the amount that you would have received if no such Mexican withholding tax had been applicable, subject to some exceptions as described under Description of Notes Payment of Additional Amounts in this prospectus supplement and Description of Debt Securities Payment of Additional Amounts in the accompanying prospectus.
Optional Redemption	We may redeem any of the notes at any time in whole or in part by paying the greater of the principal amount of the notes to be redeemed and the make-whole amount, plus accrued interest to the redemption date, as described under Description of Notes Optional Redemption in this prospectus supplement and Description of Debt Securities Optional Redemption in the accompanying prospectus.
Tax Redemption	If, due to changes in Mexican laws relating to Mexican withholding taxes, we are obligated to pay additional amounts on the notes in excess of those attributable to a Mexican withholding tax rate of 4.9%, we may redeem the outstanding notes, in whole but not in part, at any time, at a price equal to 100% of their principal amount plus accrued interest to the redemption date.
Listing	We will apply to list the notes on the Official List of the Luxembourg Stock Exchange for trading on the Euro MTF Market. However, we will not be required to maintain such listing.
ISIN, Common Code and WKN	The ISIN for the notes is XS0802174044. The Common Code for the notes is 080217404. The WKN for the notes is A1G64N.
Form and Denominations	The notes will be issued only in registered form without coupons and in minimum denominations of 100,000 and integral multiples of 1,000 in excess thereof.

PRESENTATION OF FINANCIAL INFORMATION

This prospectus supplement incorporates by reference our audited consolidated financial statements as of December 31, 2010 and 2011 and for each of the years ended December 31, 2009, 2010 and 2011, which are included in our annual report on Form 20-F for the year ended December 31, 2011. This prospectus supplement also incorporates by reference our unaudited consolidated financial data as of March 31, 2012 and for the three months ended March 31, 2011 and 2012, which are included in our report on Form 6-K filed with the U.S. Securities and Exchange Commission (the "SEC") on June 28, 2012. See "Incorporation of Certain Documents by Reference" in this prospectus supplement.

Our consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board as of December 31, 2011. Our consolidated financial statements are presented in Mexican pesos. Our date of transition to IFRS was January 1, 2009. The financial statements of our non-Mexican subsidiaries have been translated to Mexican pesos. Note 2(b)(ii) to our audited consolidated financial statements describes how we translate the financial statements of our non-Mexican subsidiaries.

References herein to "Mexican pesos" or "Ps." are to the lawful currency of Mexico. References herein to "U.S. dollars" or "U.S.\$" are to the lawful currency of the United States. References herein to "euro" or "€" are to the lawful currency of the member states of the European Monetary Union that have adopted or that will adopt the single currency in accordance with the Treaty Establishing the European Community, as amended by the Treaty on European Union.

This prospectus supplement contains translations of various Mexican peso amounts into U.S. dollars at specified rates solely for your convenience. You should not construe these translations as representations by us that the Mexican peso amounts actually represent the U.S. dollar amounts or could be converted into U.S. dollars at the rate indicated. Unless otherwise indicated, we have translated U.S. dollar amounts from Mexican pesos at the exchange rate of Ps.12.8039 to U.S.\$1.00, which was the rate reported by Banco de México for March 31, 2012, as published in the Official Gazette of the Federation (*Diario Oficial de la Federación*, or "Official Gazette").

INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE

This prospectus supplement incorporates important information about us that is not included in or delivered with the prospectus supplement. The SEC allows us to incorporate by reference the information we file with it, which means that we can disclose important information to you by referring you to those documents. USE OF PROCEEDS

The net proceeds from the sale of the notes, after payment of underwriting discounts and transaction expenses, are expected to be approximately 997 million (or approximately Ps.17,295 million). We intend to use the net proceeds from the sale of the notes for general corporate purposes, principally the repayment of indebtedness in U.S. dollars and euro incurred after March 31, 2012 under our existing revolving credit facilities in order to finance our recent investments and acquisition. See Prospectus Supplement Summary Recent Developments and Capitalization in this prospectus supplement. Our indebtedness under these credit facilities matures between 2014 and 2016 and bears interest based on LIBOR. See our 2011 Form 20-F, which is incorporated by reference in this prospectus supplement. Affiliates of Deutsche Bank AG, London Branch, HSBC Bank plc and other underwriters are lenders under these credit facilities.

Table of Contents**CAPITALIZATION**

The following table sets forth our consolidated capitalization as of March 31, 2012, as adjusted to reflect the issuance and sale of the notes, but not the application of the net proceeds of the offering. During the second quarter of 2012, we borrowed approximately U.S.\$1.6 billion (Ps.21,065 million) and 1.2 billion (Ps.20,745 million) under our existing revolving credit facilities in order to finance our investments, including recent acquisitions. See Prospectus Supplement Summary Recent Developments in this prospectus supplement. This additional indebtedness is not reflected in the following table.

U.S. dollar amounts in the table are presented solely for your convenience using the exchange rate of Ps.12.8039 to U.S.\$1.00, which was the rate reported by Banco de México for March 31, 2012, as published in the Official Gazette.

DESCRIPTION OF NOTES

The following description of the specific terms and conditions of the notes supplements the description of the general terms and conditions set forth under *Description of Debt Securities* in the accompanying prospectus. It is important for you to consider the information contained in the accompanying prospectus and this prospectus supplement before making an investment in the notes. If any specific information regarding the notes in this prospectus supplement is inconsistent with the more general terms and conditions of the notes described in the accompanying prospectus, you should rely on the information contained in this prospectus supplement.

In this section of this prospectus supplement, references to *we*, *us* and *our* are to América Móvil, S.A.B. de C.V. only and do not include our subsidiaries or affiliates. References to *holders* mean those who have notes registered in their names on the books that we or the trustee maintain for this purpose, and not those who own beneficial interests in notes issued in book-entry form through Clearstream and Euroclear, or in notes registered in street name. Owners of beneficial interests in the notes should refer to *Form of Securities, Clearing and Settlement Debt Securities Denominated in a Currency other than U.S. Dollars* in the accompanying prospectus.

General

Base Indenture and Supplemental Indenture

The notes will be issued under a base indenture, dated as of June 28, 2012, and under an additional supplemental indenture in respect of the notes. References to the *indenture* are to the base indenture as supplemented by the supplemental indenture. The indenture is an agreement among us, The Bank of New York Mellon, as trustee, and The Bank of New York Mellon (Luxembourg) S.A., as Luxembourg transfer agent and paying agent.

The notes will not be guaranteed by any of our subsidiaries. All of our outstanding debt securities that were issued in the Mexican and international markets through mid-September 2011 are unconditionally guaranteed by Telcel.

Trustee

The trustee has the following two main roles:

First, the trustee can enforce your rights against us if we default in respect of the notes. There are some limitations on the extent to which the trustee acts on your behalf, which are described under *Description of Debt Securities Defaults, Remedies and Waiver of Defaults* in the accompanying prospectus.

Second, the trustee performs administrative duties for us, such as making interest payments and sending notices to holders of notes.

Principal and Interest

The aggregate principal amount of the notes will initially be 1,000,000,000. The notes will mature on July 12, 2021. The notes will bear interest at a rate of 3.000% per year from July 12, 2012.

Interest on the notes will be payable on July 12 of each year, beginning on July 12, 2013, to the holders in whose names the notes are registered at the close of business on July 1 immediately preceding the related interest payment date.

We will pay interest on the notes on the interest payment dates stated above and at maturity. Each payment of interest due on an interest payment date or at maturity will include interest accrued from and including the last date to which interest has been paid or made available for payment, or from the issue date, if none has been paid

Table of Contents

or made available for payment, to but excluding the relevant payment date. Interest on the notes will be computed on the basis of a 365-day year or 366-day year, as applicable, and the actual number of days elapsed.

If any payment is due on the notes on a day that is not a business day, we will make the payment on the next business day. Payments postponed to the next business day in this situation will be treated under the indenture as if they were made on the original payment date. Postponement of this kind will not result in a default under the notes or the indenture, and no interest will accrue on the postponed amount from the original payment date to the next business day.

Business day means each Target System Day. A Target System Day is any day on which the Trans-European Automated Real Time Gross Settlement Express Transfer (TARGET2) System (or any successor thereto) is open for business and a day on which commercial banks are open for dealings in euro deposits in the London interbank market.

With respect to notes in certificated form, the reference to business day will also mean a day on which banking institutions generally are open for business in the location of each office of a transfer agent, but only with respect to a payment or other action to occur at that office.

Currency of Payment

All payments of principal of and premium, if any, and interest on the notes will be made in euro.

Ranking of the Notes

We are a holding company, and our principal assets are shares that we hold in our subsidiaries. The notes will not be secured by any of our assets or properties. As a result, by owning the notes, you will be one of our unsecured creditors. The notes will not be subordinated to any of our other unsecured debt obligations. In the event of a bankruptcy or liquidation proceeding against us, the notes would rank equally in right of payment with all our other unsecured and unsubordinated debt.

As of March 31, 2012, we had, on an unconsolidated basis (parent company only), unsecured and unsubordinated indebtedness of (a) approximately Ps.272.8 billion (U.S.\$21.3 billion) excluding guarantees of subsidiaries indebtedness and (b) approximately Ps.283.4 billion (U.S.\$22.1 billion) including guarantees of subsidiaries indebtedness. As of March 31, 2012, our subsidiaries had indebtedness (excluding guarantees of indebtedness of us and our other subsidiaries) of approximately Ps.105.6 billion (U.S.\$8.2 billion).

Claims of creditors of our subsidiaries, including trade creditors and bank and other lenders, will have priority over the holders of the notes in claims to assets of our subsidiaries. All of our outstanding debt securities that were issued in the Mexican and international markets through mid-September 2011 are unconditionally guaranteed by Telcel. Accordingly, the holders of those outstanding debt securities will have priority over the holders of the notes with respect to claims to the assets of Telcel.

Stated Maturity and Maturity

The day on which the principal amount of the notes is scheduled to become due is called the stated maturity of the principal of the notes. On the stated maturity of the principal for the notes, the full principal amount of the notes will become due and payable. The principal may become due before the stated maturity by reason of redemption or acceleration after a default. The day on which the principal actually becomes due, whether at the stated maturity or earlier, is called the maturity of the principal.

We also use the terms stated maturity and maturity to refer to the dates when interest payments become due. For example, we may refer to a regular interest payment date when an installment of interest is scheduled to become due as the stated maturity of that installment. When we refer to the stated maturity or the maturity of the notes without specifying a particular payment, we mean the stated maturity or maturity, as the case may be, of the principal.

Table of Contents

Form and Denominations

The notes will be issued only in registered form without coupons and in minimum denominations of 100,000 and integral multiples of 1,000 in excess thereof.

Except in limited circumstances, the notes will be issued in the form of global notes. See Form of Securities, Clearing and Settlement Debt Securities Denominated in a Currency other than U.S. Dollars in the accompanying prospectus.

Further Issues

We reserve the right, from time to time without the consent of holders of the notes, to issue additional notes on terms and conditions identical to those of the notes (except for issue date, issue price and the date from which interest shall accrue and, if applicable, first to be paid), which additional notes will increase the aggregate principal amount of, and will be consolidated and form a single series with the notes.

Payment of Additional Amounts

We are required by Mexican law to deduct Mexican withholding taxes from payments of interest to investors who are not residents of Mexico for tax purposes as described under Taxation Mexican Tax Considerations.

Subject to the limitations and exceptions described in Description of Debt Securities Payment of Additional Amounts in the accompanying prospectus, we will pay to holders of the notes all additional amounts that may be necessary so that every net payment of interest or principal or premium, if any, to the holder will not be less than the amount provided for in the notes. By net payment, we mean the amount that we or our paying agent will pay the holder after deducting or withholding an amount for or on account of any present or future taxes, duties, assessments or other governmental charges imposed with respect to that payment by a Mexican taxing authority. See Description of Debt Securities Payment of Additional Amounts in the accompanying prospectus.

Any references in this prospectus supplement to principal, premium, if any, interest or other amounts payable in respect of the notes by us will be deemed to also refer to any additional amounts that may be payable in accordance with the provisions described under Description of Debt Securities Payment of Additional Amounts in the accompanying prospectus.

Optional Redemption

We will not be permitted to redeem the notes before their stated maturity, except as set forth below. The notes will not be entitled to the benefit of any sinking fund (meaning that we will not deposit money on a regular basis into any separate account to repay your notes). In addition, you will not be entitled to require us to repurchase your notes from you before the stated maturity.

Optional Redemption With Make-Whole Amount

We will have the right at our option to redeem the notes, in whole at any time or in part from time to time, prior to their maturity, on at least 30 days but not more than 60 days notice, at a redemption price equal to the greater of (1) 100% of the principal amount of the notes to be redeemed and (2) the sum of the present values of each remaining scheduled payment of principal and interest thereon (exclusive of interest accrued to the redemption date) discounted to the redemption date on an annual basis (calculated using a 365-day year or a 366-day year, as applicable, and the actual number of days elapsed) at the Bund Rate plus 34 basis points (the Euro Make-Whole Amount), plus, in each case, accrued interest on the principal amount of the notes being redeemed to the redemption date.

Table of Contents

Bund Rate means, as of any redemption date, the rate per annum equal to the yield to maturity as of such redemption date of the Comparable German Bund Issue, assuming a price for the Comparable German Bund Issue (expressed as a percentage of its principal amount) equal to the Comparable German Bund Price for such redemption date.

Comparable German Bund Issue means the German Bundesanleihe security selected by any Reference German Bund Dealer as having a fixed maturity most nearly equal to the remaining term of the notes to be redeemed and that would be utilized at the time of selection and in accordance with customary financial practice, in pricing new issues of euro-denominated corporate debt securities in a principal amount approximately equal to the then outstanding principal amount of the notes to be redeemed and of a maturity most nearly equal to the remaining term of the notes to be redeemed; *provided, however*, that, if the remaining term of the notes to be redeemed is not equal to the fixed maturity of the German Bundesanleihe security selected by such Reference German Bund Dealer, the Bund Rate shall be determined by linear interpolation (calculated to the nearest one-twelfth of a year) from the yields of German Bundesanleihe securities for which such yields are given, except that if the remaining term of the notes to be redeemed is less than one year, a fixed maturity of one year shall be used.

Comparable German Bund Price means, with respect to any redemption date, the average of all Reference German Bund Dealer Quotations for such date (which, in any event, must include at least two such quotations), after excluding the highest and lowest such Reference German Bund Dealer Quotations, or if the trustee obtains fewer than four such Reference German Bund Dealer Quotations, the average of all such quotations.

Reference German Bund Dealer means each of Deutsche Bank AG, London Branch and HSBC Bank plc, or their affiliates, which are dealers of German Bundesanleihe securities and one other leading dealer of German Bundesanleihe securities reasonably designated by us; *provided, however*, that if any of the foregoing shall cease to be a dealer of German Bundesanleihe securities, we will substitute therefor another dealer of German Bundesanleihe securities.

Reference German Bund Dealer Quotation means, with respect to each Reference German Bund Dealer and any redemption date, the average, as determined by the trustee, of the bid and asked prices for the Comparable German Bund Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the trustee by such Reference German Bund Dealer at 3:30 p.m. (Frankfurt, Germany time) on the third business day preceding such redemption date.

On and after the redemption date, interest will cease to accrue on the notes or any portion of the notes called for redemption (unless we default in the payment of the redemption price and accrued interest). On or before the redemption date, we will deposit with the trustee money sufficient to pay the redemption price of and (unless the redemption date shall be an interest payment date) accrued interest to the redemption date on the notes to be redeemed on such date. If less than all of the notes are to be redeemed, the notes to be redeemed shall be selected by the trustee by such method as the trustee shall deem fair and appropriate.

Tax Redemption

We will have the right to redeem the notes upon the occurrence of certain changes in the tax laws of Mexico as a result of which we become obligated to pay additional amounts on the notes in respect of withholding taxes at a rate in excess of 4.9%, in which case we may redeem the notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued interest to the redemption date. See **Description of Debt Securities** **Optional Redemption** **Redemption for Taxation Reasons** in the accompanying prospectus.

Table of Contents

Covenants

Holders of the notes will benefit from certain covenants contained in the indenture and affecting our ability to incur liens to secure debt, enter into sale and leaseback transactions, sell shares of capital stock of Telcel, merge or consolidate with other entities and take other specified actions, as well as requiring us to provide certain reports or information to holders of notes. You should read the information under Description of Debt Securities Covenants and Description of Debt Securities Merger, Consolidation or Sale of Assets in the accompanying prospectus.

Defaults, Remedies and Waiver of Defaults

Holders of the notes will have special rights if an event of default with respect to the notes occurs and is not cured. You should read the information under Description of Debt Securities Defaults, Remedies and Waiver of Defaults in the accompanying prospectus.

Defeasance

The notes will be subject to the defeasance provisions described in the accompanying prospectus under Description of Debt Securities Defeasance.

Currency Indemnity

The notes will be subject to the currency indemnity provisions described in the accompanying prospectus under Description of Debt Securities Currency Indemnity.

Notices

So long as the notes are represented by a global security deposited with The Bank of New York, London Branch as the common depository (the Common Depository) for Clearstream and Euroclear, notices to be given to holders will be given to Clearstream and Euroclear in accordance with their applicable policies as in effect from time to time. If we issue notes in certificated form, notices to be given to holders will be sent by mail to the respective addresses of the holders as they appear in the trustee's records, and will be deemed given when mailed.

In addition, so long as the notes are listed on the Official List of the Luxembourg Stock Exchange for trading on the Euro MTF Market and it is required by the rules of such exchange, all notices to holders of notes will be published in English:

(1) in a leading newspaper having a general circulation in Luxembourg (which currently is expected to be *Luxemburger Wort*); or

(2) on the website of the Luxembourg Stock Exchange at <http://www.bourse.lu>.

Notices will be deemed to have been given on the date of mailing or of publication as aforesaid or, if published on different dates, on the date of the first such publication. If publication as provided above is not practicable, notices will be given in such other manner, and shall be deemed to have been given on such date, as the trustee may approve.

Neither the failure to give any notice to a particular holder, nor any defect in a notice given to a particular holder, will affect the sufficiency of any notice given to another holder.

Our Relationship with the Trustee

The Bank of New York, London Branch is initially serving as the trustee for the notes. The Bank of New York Mellon is also serving as the Common Depository for Clearstream and Euroclear. The Bank of New York Mellon and its affiliates may have other business relationships with us from time to time.

Table of Contents

TAXATION

The following summary of certain Mexican federal and U.S. federal income tax considerations contains a description of the principal Mexican federal and U.S. federal income tax consequences of the purchase, ownership and disposition of the notes, but does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase the notes. This summary does not describe any tax consequences arising under the laws of any state, locality or taxing jurisdiction other than the United States and Mexico, or U.S. federal taxes other than income taxes (except certain European Union related taxes discussed below).

This summary is based on the tax laws of Mexico and the United States as in effect on the date of this prospectus supplement (including the tax treaty described below), as well as on rules and regulations of Mexico and regulations, rulings and decisions of the United States available on or before such date and now in effect. All of the foregoing are subject to change, which change could apply retroactively and could affect the continued validity of this summary.

Prospective purchasers of notes should consult their own tax advisors as to the Mexican, United States or other tax consequences of the purchase, ownership and disposition of the notes, including, in particular, the application to their particular situations of the tax considerations discussed below, as well as the application of state, local, foreign or other tax laws.

Mexican Tax Considerations

The following is a general summary of the principal consequences under the Mexican *Ley del Impuesto sobre la Renta* (the Mexican Income Tax Law) and rules and regulations thereunder, as currently in effect, of the purchase, ownership and disposition of the notes by a holder that is not a resident of Mexico and that will not hold notes or a beneficial interest therein in connection with the conduct of a trade or business through a permanent establishment in Mexico (a foreign holder).

For purposes of Mexican taxation, tax residency is a highly technical definition that involves the application of a number of factors. Generally, an individual is a resident of Mexico if he or she has established his or her home in Mexico, and a corporation is considered a resident if it has established in Mexico its principal place of business management or its effective seat of business management. However, any determination of residence should take into account the particular situation of each person or legal entity.

U.S./Mexico and Other Tax Treaties

The United States and Mexico have entered into a Convention for the Avoidance of Double Taxation (collectively, with subsequent Protocols thereto, referred to as the tax treaty). Provisions of the tax treaty that may affect the taxation of certain United States holders are summarized below. The United States and Mexico have also entered into an agreement that covers the exchange of information with respect to tax matters. Mexico has also entered into and is negotiating several other tax treaties that may reduce the amount of Mexican withholding tax to which payments of interest on the notes may be subject. Prospective purchasers of the notes should consult their own tax advisors as to the tax consequences, if any, of such treaties.

Payments of Interest, Principal and Premium in Respect of the Notes

Under the Mexican Income Tax Law, payments of interest we make in respect of the notes (including payments of principal in excess of the issue price of such notes, which, under Mexican law, are deemed to be interest) to a foreign holder will generally be subject to a Mexican withholding tax assessed at a rate of 4.9% if (1) the notes are placed through banks or brokerage houses (*casas de bolsa*) in a country with which Mexico has entered into a tax treaty for the avoidance of double taxation, which is in effect, (2) the documents evidencing

Table of Contents

this offer and the notes are notified to the CNBV, pursuant to the Mexican Securities Market Law, and (3) the information requirements specified by the Ministry of Finance and Public Credit (*Secretaría de Hacienda y Crédito Público*, or the SHCP) under its general rules are satisfied. In case such requirements are not met, the applicable withholding tax rate will be 10%. We believe that because the conditions described in (1) through (3) above will be satisfied, except as described below, the applicable withholding tax rate will be 4.9% and we expect to withhold tax at such rate.

A higher income tax withholding rate will be applicable when the effective beneficiaries of payments treated as interest, whether directly or indirectly, individually or collectively with related persons, who receive more than 5% of the aggregate amount of such payments on the notes are (1) our shareholders who own, directly or indirectly, individually or collectively with related persons, more than 10% of our voting stock, or (2) legal entities more than 20% of whose stock is owned by us, directly or indirectly, individually or collectively with related persons, as set forth in the Mexican Income Tax Law.

Under the Mexican Income Tax Law, payments of interest we make with respect to the notes to a non-Mexican pension or retirement fund generally will be exempt from Mexican withholding taxes, provided that (1) the fund is the effective beneficiary of such interest income, (2) the fund is duly established pursuant to the laws of its country of origin, (3) the relevant interest income is exempt from taxation in such country, and (4) the fund is duly registered with the SHCP's Registry of Banks, Finance Entities, Pension Funds and Foreign Investment Funds.

We have agreed, subject to specified exceptions and limitations, to pay additional amounts to the holders of notes in respect of the Mexican withholding taxes mentioned above. If we pay additional amounts in respect of such Mexican withholding taxes, any refunds of such additional amounts will be for our account. See *Description of Debt Securities Payment of Additional Amounts* in the accompanying prospectus.

Holders or beneficial owners of notes may be requested to provide certain information or documentation necessary to enable us to establish the appropriate Mexican withholding tax rate applicable to such holders or beneficial owners. In the event that the specified information or documentation concerning the holder or beneficial owner, if requested, is not provided on a timely basis, our obligations to pay additional amounts may be limited as set forth under *Description of Debt Securities Payment of Additional Amounts* in the accompanying prospectus.

In the event of certain changes in the applicable rate of Mexican withholding taxes, we may redeem the notes, in whole (but not in part) at any time, at a redemption price equal to 100% of their principal amount plus accrued interest and any additional amounts due thereon to the redemption date. See *Description of Debt Securities Optional Redemption Redemption for Taxation Reasons* in the accompanying prospectus.

Under the Mexican Income Tax Law, payments of principal we make to a foreign holder of the notes will not be subject to any Mexican withholding or similar taxes.

Taxation of Disposition of Notes

The application of the Mexican Income Tax Law provisions to capital gains realized on the disposition of notes by foreign holders is unclear. We expect that no Mexican tax will be imposed on transfers of notes between foreign holders effected outside of Mexico.

Other Mexican Taxes

A foreign holder will not be liable for estate, gift, inheritance or similar taxes with respect to its holdings of notes. There are no Mexican stamps, issue registration or similar taxes payable by a foreign holder with respect to the notes.

Table of Contents

U.S. Federal Income Tax Considerations

The following is a summary of the principal U.S. federal income tax considerations that may be relevant to a beneficial owner of notes that is a citizen or resident of the United States or a domestic corporation or otherwise subject to U.S. federal income tax on a net income basis in respect of the notes (a "U.S. holder") and certain U.S. federal income tax considerations that may be as relevant to, a beneficial owner of notes (other than a partnership or other entity treated as a partnership for U.S. federal income tax purposes) that is not a U.S. holder (a "non-U.S. holder"). It does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a particular investor's decision to invest in the notes.

This summary is based on provisions of the Internal Revenue Code of 1986, as amended (the "Code"), and regulations, rulings and judicial decisions as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in U.S. federal income tax consequences different from those summarized below. In addition, except where noted, this summary deals only with investors that are U.S. holders who acquire the notes in the United States as part of the initial offering of the notes, who will own the notes as capital assets, and whose functional currency is the U.S. dollar. It does not address U.S. federal income tax considerations applicable to investors who may be subject to special tax rules, such as banks, financial institutions, partnerships (or entities treated as a partnership for U.S. federal income tax purposes) or partners therein, tax-exempt entities, insurance companies, traders in securities that elect to use the mark-to-market method of accounting for their securities, persons subject to the alternative minimum tax, dealers in securities or currencies, certain short-term holders of notes, or persons that hedge their exposure in the notes or will hold notes as a position in a straddle or conversion transaction or as part of a synthetic security or other integrated financial transaction. U.S. holders should be aware that the U.S. federal income tax consequences of holding the notes may be materially different for investors described in the prior sentence.

You should consult your tax advisor about the consequences of the acquisition, ownership and disposition of the notes, including the relevance to your particular situation of the considerations discussed below, as well as any foreign, state, local or other tax laws.

Payments of Interest and Additional Amounts

Payments of the gross amount of interest and additional amounts (as defined in "Description of Debt Securities—Payment of Additional Amounts" in the accompanying prospectus), i.e., including amounts withheld in respect of Mexican withholding taxes, with respect to a note will be taxable to a U.S. holder as ordinary interest income at the time that such payments are accrued or are received, in accordance with the U.S. holder's regular method of tax accounting. Thus, accrual method U.S. holders will report stated interest on the note as it accrues, and cash method U.S. holders will report interest when it is received or unconditionally made available for receipt.

It is expected that the notes will not be considered as issued with original issue discount ("OID") in excess of a *de minimis* amount. In general, however, if the notes are issued with OID that is more than a *de minimis* amount, regardless of a U.S. holder's regular method of accounting for U.S. federal income tax purposes, such holder will have to include OID as ordinary gross income under a constant yield method before the receipt of cash attributable to such income.

The amount of interest income realized by a cash method U.S. holder will be the U.S. dollar value of the euro (the "foreign currency") received, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted to U.S. dollars. A cash method U.S. holder will not recognize foreign currency gain or loss with respect to the receipt of such payment, but may have foreign currency gain or loss attributable to the actual disposition of the foreign currency so received.

A U.S. holder that uses an accrual method of tax accounting must accrue interest in accordance with either of two methods. Under the first method, an accrual method U.S. holder will accrue interest income on the note in

Table of Contents

the foreign currency, and translate the amount accrued into U.S. dollars based on the average exchange rate in effect during the interest accrual period (or portion thereof within the U.S. holder's taxable year). Under the second method, an electing accrual method U.S. holder will accrue interest income at the spot rate of exchange on the last day of the accrual period (or the last day of the taxable year within such accrual period if the accrual period spans more than one taxable year), or at the spot rate of exchange on the date of receipt, if such date is within five business days of the last day of the accrual period. A U.S. holder that makes an election under the second method must apply it consistently to all debt instruments from year to year and cannot change the election without the consent of the U.S. Internal Revenue Service (the IRS).

An accrual method U.S. holder will recognize foreign currency gain or loss with respect to accrued interest income on the receipt of the interest payment if the exchange rate in effect on the date the payment is received (determined at the spot rate on the date such payment is received) differs from the exchange rate applicable to the previous accrual of that interest income (as determined above).

Foreign currency gain or loss will generally (i) be treated as ordinary income or loss, (ii) not be treated as an adjustment to interest income received on the note, and (iii) be treated as U.S. source income or as an offset to U.S. source income, respectively. The Mexican withholding tax that is imposed on interest will be treated as a foreign income tax eligible, subject to generally applicable limitations and conditions under the Code, for credit against a U.S. holder's federal income tax liability or, at the U.S. holder's election, for deduction in computing the holder's taxable income provided that the U.S. holder does not elect to claim a foreign tax credit for any foreign income taxes paid or accrued for the relevant taxable year. Interest and additional amounts paid on the notes generally will constitute foreign source passive category income.

The calculation and availability of foreign tax credits or deductions involve the application of complex rules (including, in the case of foreign tax credits, relating to a minimum holding period) that depend on a U.S. holder's particular circumstances. U.S. holders should consult their own tax advisors regarding the availability of foreign tax credits and the treatment of additional amounts.

Sale or Other Taxable Disposition of Notes

A U.S. holder generally will recognize gain or loss on the sale or other taxable disposition of the notes in an amount equal to the difference between (i) the amount realized on such sale or other taxable disposition (less any amounts attributable to accrued but unpaid interest, including any additional amounts thereon, which will be taxable as ordinary income to the extent not previously included in income) and (ii) the U.S. holder's adjusted tax basis in the notes.

A U.S. holder's adjusted tax basis in a note generally will be the U.S. dollar value of the purchase price of that note on the date of purchase, calculated at the exchange rate in effect on that date. In the case of maturity or retirement of a note, the amount realized generally will be the U.S. dollar value of the foreign currency received, calculated at the exchange rate in effect on the date the note matures or is retired. Similarly, if a note is sold before maturity for an amount denominated in foreign currency, the amount realized generally will be the U.S. dollar value of the foreign currency received, calculated at the exchange rate in effect on the date the note is sold. If the notes are traded on an established securities market, however, a cash method U.S. holder (or an electing accrual method U.S. holder) will determine its adjusted tax basis or amount realized by using the exchange rate in effect on the settlement date of the purchase or disposition, as the case may be.

Subject to the foreign currency rules discussed below, gain or loss realized by a U.S. holder on such sale or other taxable disposition generally will be capital gain or loss and will be long-term capital gain or loss if, at the time of the disposition, the notes have been held for more than one year. Certain non-corporate U.S. holders (including individuals) may be eligible for preferential rates of taxation in respect of long-term capital gains. The deductibility of capital losses is subject to limitations.

Table of Contents

A portion of a U.S. holder's gain or loss with respect to the principal amount of the note may be treated as foreign currency gain or loss, which is treated as ordinary income or loss, and will generally be treated as U.S. source income or as an offset to U.S. source income, respectively. For these purposes, the principal amount of the note will be the U.S. holder's purchase price for the note in the foreign currency, and the amount of foreign currency gain or loss recognized is equal to the difference between (i) the U.S. dollar value of the principal amount determined on the date of the sale or other taxable disposition of the note and (ii) the U.S. dollar value of the principal amount determined on the date the U.S. holder purchased the note. In addition, upon the sale or other taxable disposition of a note, an accrual method U.S. holder may realize foreign currency gain or loss attributable to amounts received in respect of accrued and unpaid interest. The amount of foreign currency gain or loss realized with respect to principal and accrued interest will, however, be limited to the amount of overall gain or loss realized on the sale or other taxable disposition of the note.

Capital gain or loss recognized by a U.S. holder, as well as any foreign currency gain or loss, generally will be U.S. source gain or loss. Consequently, if any such gain would be subject to Mexican income tax, a U.S. holder may not be able to credit the tax against its U.S. federal income tax liability unless such credit can be applied (subject to applicable conditions and limitations) against tax due on other income treated as derived from foreign sources. U.S. holders should consult their own tax advisors as to the foreign tax credit implications of a disposition of the notes.

Non-U.S. Holders

A non-U.S. holder generally will not be subject to U.S. federal income or withholding tax on interest received on the notes or on gain realized on the sale or other taxable disposition of the notes unless (i) the interest or gain is effectively connected with the non-U.S. holder's conduct of a U.S. trade or business (and, if required by an applicable income tax treaty, attributable to a U.S. permanent establishment), or (ii) in the case of gain realized by an individual non-U.S. holder, the non-U.S. holder is present in the United States for 183 days or more in the taxable year of the sale or other taxable disposition and certain other conditions are met.

Information Reporting and Backup Withholding

Payments on the notes, and proceeds of the sale or other taxable disposition of the notes, that are paid within the United States or through certain U.S. related financial intermediaries to a U.S. holder generally are subject to information reporting and backup withholding unless (i) the U.S. holder is a corporation or other exempt recipient and demonstrates this fact when so required or (ii) in the case of backup withholding, the U.S. holder provides an accurate taxpayer identification number, certifies that it is not subject to backup withholding and otherwise complies with applicable requirements of the backup withholding rules.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against the U.S. holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS.

Although non-U.S. holders generally are exempt from information reporting and backup withholding, a non-U.S. holder may, in certain circumstances, be required to comply with certification procedures to prove entitlement to this exemption.

European Union Tax Considerations

Under Council Directive 2003/48/EC on the taxation of savings income (the Savings Directive), each Member State of the European Union, or EU, is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or secured by such person for, an individual beneficial owner resident in, or certain limited types of entities established in, that other Member State. However, for a transitional period, Austria and Luxembourg will (unless during such period such Member States elect otherwise) instead operate a withholding system in relation to such payments.

Table of Contents

Under such withholding system, tax will be deducted unless the beneficial owner of the interest payment elects instead for an exchange of information procedure. The rate of withholding is 35%.

The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to exchange of information procedures relating to interest and other similar income.

A number of non-EU countries and certain dependent or associated territories of certain Member States have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within their respective jurisdictions to, or secured by such a person for, an individual beneficial owner resident in, or certain limited types of entities established in, a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those countries and territories in relation to payments made by a person in a Member State to, or secured by such a person for, an individual beneficial owner resident in, or certain limited types of entities established in, one of those countries or territories.

A proposal for amendments to the Savings Directive has been published, including a number of suggested changes which, if implemented, would broaden the scope of the rules described above. Investors who are in any doubt as to their position should consult their professional advisors.

If a payment under a note were to be made by a person in a Member State or another country or territory which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment pursuant to the Savings Directive or any law implementing or complying with, or introduced in order to conform to, the Savings Directive, neither we nor any paying agent nor any other person would be obliged to pay additional amounts under the terms of the note as a result of the imposition of such withholding tax. Holders should consult their tax advisors regarding the implications of the Savings Directive in their particular circumstances.

Table of Contents**UNDERWRITING (CONFLICTS OF INTEREST)**

Subject to the terms and conditions in the underwriting agreement between us and the underwriters, we have agreed to sell to the underwriters, and the underwriters have agreed to purchase from us, severally and not jointly, the principal amounts of notes set forth below:

Underwriter	Principal Amount of Notes
Deutsche Bank AG, London Branch	450,050,000
HSBC Bank plc	450,050,000
Banca IMI S.p.A.	33,300,000
Banco Bilbao Vizcaya Argentaria, S.A.	33,300,000
Credit Suisse Securities (Europe) Limited	33,300,000
Total	1,000,000,000

The underwriting agreement provides that the obligations of the underwriters to purchase the notes are subject to approval of legal matters by counsel and to other conditions. The underwriting agreement provides that the underwriters are obligated to purchase all of the notes, if any are purchased.

The underwriters initially may offer part of the notes directly to the public at the offering price described on the cover page of this prospectus supplement. After the initial offering of the notes, the underwriters may from time to time vary the offering price and other selling terms. The underwriters may offer and sell the notes through certain of their affiliates.

We estimate that our out-of-pocket expenses for this offering will be approximately U.S.\$350,000.

The notes are a new issue of securities with no established trading market. Application will be made to list the notes on the Official List of the Luxembourg Stock Exchange for trading on the Euro MTF Market of such Exchange. However, even if admission to listing is obtained, we will not be required to maintain it. The underwriters intend to make a secondary market for the notes. However, the underwriters are not obligated to do so and may discontinue making a secondary market for the notes at any time without notice. We provide no assurance concerning the liquidity of the trading market for the notes.

We have agreed to indemnify the underwriters against liabilities under the U.S. Securities Act of 1933, as amended, or contribute to payments which the underwriters may be required to make in that respect.

Stabilization and Short Positions

In connection with the offering of the notes, Deutsche Bank AG, London Branch, or any person acting for it, may, subject to applicable law, engage in over-allotment, stabilizing transactions and syndicate covering transactions. Over-allotment involves sales in excess of the offering size, which creates a short position for the underwriters. Stabilizing transactions involve bids to purchase the notes in the open market for the purpose of pegging, fixing or maintaining the price of the notes. Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover short positions. Stabilizing transactions and syndicate covering transactions may cause the price of the notes to be higher than it would otherwise be in the absence of those transactions. If Deutsche Bank AG, London Branch, or any person acting for it, engages in stabilizing or syndicate covering transactions, they may discontinue them at any time.

Selling Restrictions

The notes are offered for sale in those jurisdictions in the United States, Europe, Asia and elsewhere where it is lawful to make such offers.

European Economic Area

Each underwriter has represented and agreed that, in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), with effect

Table of Contents

from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date), it has not made and will not make an offer of notes to the public in that Relevant Member State prior to the publication of a prospectus in relation to the notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of notes to the public in that Relevant Member State at any time:

- (1) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (2) to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the representative or representatives nominated by América Móvil for any such offer; or
- (3) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of notes shall require América Móvil or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of notes to the public in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe for the notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State; Prospectus Directive means European Council Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive) and includes any relevant implementing measure in the Relevant Member State; and 2010 PD Amending Directive means Directive 2010/73/EU.

United Kingdom

Each underwriter has represented, warranted and agreed that:

- (1) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the FSMA)) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to us; and
- (2) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

Hong Kong

The notes may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), or (ii) to professional investors within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a prospectus within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to notes which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

Table of Contents

Japan

The notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (as amended, the FIEL) and each underwriter has agreed that it will not offer or sell any notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEL and any other applicable laws, regulations and ministerial guidelines of Japan.

Singapore

This prospectus supplement and the accompanying prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the notes may not be circulated or distributed, nor may the notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the SFA), (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is: (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries rights and interest in that trust will not be transferable for six months after that corporation or that trust has acquired the notes under Section 275 of the SFA except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A) of the SFA and in accordance with the conditions specified in Section 275 of the SFA; (2) where no consideration is given for the transfer; or (3) by operation of law.

Mexico

The notes have not been registered in Mexico with the Sección de Valores (Securities Section) of the Registro Nacional de Valores (National Securities Registry) maintained by the CNBV, and that no action has been or will be taken that would permit the offer or sale of the notes in Mexico absent an available exemption under Article 8 of the Mexican Securities Market Law.

T+7 Settlement

We expect that delivery of the notes will be made against payment therefor on or about the closing date specified on the cover page of this prospectus supplement, which is the seventh U.S. business day following the date hereof (this settlement cycle being referred to as T+7). Pursuant to Rule 15c6-1 under the U.S. Securities Exchange Act of 1934, as amended (the Exchange Act), trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date hereof or the next three succeeding U.S. business days will be required, by virtue of the fact that the notes initially will settle in T+7, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisor.

Other Matters

The underwriters and their respective affiliates have engaged in, and may in the future engage in, investment banking, commercial banking, financial advisory and other transactions and matters in the ordinary course of business with us and our affiliates. They have received customary fees and commissions for these transactions.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of our company or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may, at any time, hold or recommend to clients that they acquire, long or short positions in such securities and instruments.

Each underwriter of notes that is not a broker-dealer registered with the SEC will make any sales of notes in the United States, or to persons in the United States, solely through one or more registered broker-dealers in compliance with the Exchange Act and the rules of FINRA.

Banco Bilbao Vizcaya Argentaria, S.A., one of the underwriters, is not a broker-dealer registered with the SEC. Banco Bilbao Vizcaya Argentaria, S.A. will only make sales of notes in the United States, or to nationals or residents of the United States, through BBVA Securities Inc., an affiliated U.S. registered broker-dealer. Banco Bilbao Vizcaya Argentaria, S.A. and BBVA Securities Inc. have entered into an agreement pursuant to which BBVA Securities Inc. has referred this offering to Banco Bilbao Vizcaya Argentaria, S.A. and provides certain advisory and/or other services with respect to this offering. In return for such referral and the provision of such services by BBVA Securities Inc., Banco Bilbao Vizcaya Argentaria, S.A. will pay to BBVA Securities Inc. a mutually-agreed fee.

Conflicts of Interest

We intend to use a portion of the proceeds of this offering to refinance long-term indebtedness incurred under our existing revolving credit facilities. See Use of Proceeds . Affiliates of Deutsche Bank AG, London Branch, HSBC Bank plc and other underwriters are lenders under these credit facilities. Affiliates of certain of the underwriters will receive more than 5% of the net proceeds of this offering, and, accordingly, this offering is being made in compliance with the requirements of Rule 5121 of FINRA. Because the notes to be offered will be rated investment grade, pursuant to Rule 5121, the appointment of a qualified independent underwriter is not necessary. Deutsche Bank AG, London Branch and HSBC Bank plc will not confirm sales to discretionary accounts without prior written approval of the customer.

An affiliate of Deutsche Bank AG, London Branch serves as our financial advisor with respect to our investments in KPN and Telekom Austria.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the SEC using a shelf registration process. Under this shelf process, América Móvil, S.A.B. de C.V. may from time to time offer debt securities, warrants to purchase debt securities or guarantees of debt securities issued by others.

As used in this prospectus, América Móvil, we, our and us refer to América Móvil, S.A.B. de C.V. and its consolidated subsidiaries, unless the context otherwise requires or unless otherwise specified.

This prospectus only provides a general description of the securities that we may offer. Each time we offer securities, we will prepare a prospectus supplement containing specific information about the particular offering and the terms of those securities. We may also add, update or change other information contained in this prospectus by means of a prospectus supplement or by incorporating by reference information we file with the SEC. The registration statement that we filed with the SEC includes exhibits that provide more detail on the matters discussed in this prospectus. Before you invest in any securities offered by this prospectus, you should read this prospectus, any related prospectus supplement and the related exhibits filed with the SEC, together with the additional information described under the headings Where You Can Find More Information and Incorporation of Certain Documents by Reference.

FORWARD-LOOKING STATEMENTS

Some of the information contained or incorporated by reference in this prospectus may constitute forward-looking statements within the meaning of the safe harbor provisions of The Private Securities Litigation Reform Act of 1995. Although we have based these forward-looking statements on our expectations and projections about future events, it is possible that actual events may differ materially from our expectations. In many cases, we include together with the forward-looking statements themselves a discussion of factors that may cause actual events to differ from our forward-looking statements. Examples of forward-looking statements include the following:

projections of operating revenues, net income (loss), net income (loss) per share, capital expenditures, indebtedness levels, dividends, capital structure or other financial items or ratios;

statements of our plans, objectives or goals, including those relating to acquisitions, competition, regulation and rates;

statements about our future economic performance or that of Mexico or other countries in which we operate;

competitive developments in the telecommunications sector in each of the markets where we operate or into which we may expand;

other factors and trends affecting the telecommunications industry generally and our financial condition in particular; and

statements of assumptions underlying the foregoing statements.

We use words such as believe, anticipate, plan, expect, intend, target, estimate, project, predict, forecast, guideline, should, or similar expressions to identify forward-looking statements, but they are not the only way we identify such statements.

Forward-looking statements involve inherent risks and uncertainties. We caution you that a number of important factors could cause actual results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in such forward-looking statements. These factors, some of which are discussed under Risk Factors in our most recent annual report on 20-F, which is incorporated in this prospectus by reference, any reports on Form 6-K that may be incorporated in this prospectus by reference or a prospectus supplement, include economic and political conditions and government policies in Mexico, Brazil or elsewhere, inflation rates, exchange rates, regulatory developments, technological improvements, customer demand and competition. See Where You Can Find More Information for information about how to obtain a copy of these documents. We caution you that the foregoing list of factors is not exclusive and that other risks and uncertainties may cause actual results to differ materially from those in forward-looking statements.

Forward-looking statements speak only as of the date they are made. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.

You should evaluate any statements made by us in light of these important factors.

RISK FACTORS

We have set forth risk factors in our most recent annual report on Form 20-F, which is incorporated by reference in this prospectus. We have also set forth below certain additional risk factors that relate specifically to securities we may offer using this prospectus. We may include further risk factors in more recent reports on Form 6-K incorporated in this prospectus by reference, or in a prospectus supplement. You should carefully consider all these risk factors in addition to the other information presented or incorporated by reference in this prospectus.

Risks Relating to Debt Securities

There may not be a liquid trading market

If an active market for our debt securities does not develop, the price of our debt securities and the ability of a holder of debt securities to find a ready buyer will be adversely affected. As a result, we cannot assure you as to the liquidity of any trading market for our debt securities.

Creditors of our subsidiaries will have priority over the holders of our debt securities in claims to assets of our subsidiaries

Our debt securities will be obligations of América Móvil and not any of our subsidiaries. We conduct substantially all of our business and hold substantially all of our assets through our subsidiaries. Claims of creditors of our subsidiaries, including trade creditors and bank and other lenders, will have priority over the holders of our debt securities in claims to assets of our subsidiaries. In addition, our ability to meet our obligations, including under our debt securities, will depend, in significant part, on our receipt of cash dividends, advances and other payments from our subsidiaries.

All of our outstanding debt securities that were issued in the Mexican and international markets through mid-September 2011 are unconditionally guaranteed by our subsidiary Radiomóvil Dipsa, S.A. de C.V. (Telcel). Accordingly, the holders of those outstanding debt securities will have priority over the holders of the unguaranteed debt securities offered by this prospectus with respect to claims to the assets of Telcel.

Judgments of Mexican courts enforcing our obligations under the debt securities would be payable only in Mexican pesos

If proceedings were brought in Mexico seeking to enforce in Mexico our obligations in respect of debt securities, we would be required to discharge our obligations in Mexico in Mexican pesos. Under the *Ley Monetaria de los Estados Unidos Mexicanos* (the Mexican Monetary Law), an obligation denominated in a currency other than Mexican pesos that is payable in Mexico may be satisfied in Mexican pesos at the rate of exchange in effect on the date of payment. This rate is currently determined by *Banco de México* and published in the Official Gazette of Mexico (*Diario Oficial de la Federación*). As a result, the amount paid by us in Mexican pesos to holders of debt securities may not be readily convertible into the amount of U.S. dollars or other currency that we are obligated to pay under the applicable indenture. In addition, our obligation to indemnify these holders against exchange losses may be unenforceable in Mexico.

Our obligations under the debt securities would be converted in the event of bankruptcy

Under Mexico's *Ley de Concursos Mercantiles* (Law on Mercantile Reorganization), if we were declared bankrupt or in *concurso mercantil* (bankruptcy reorganization), our obligations under our debt securities:

would be converted into Mexican pesos and then from Mexican pesos into inflation-adjusted units, or *Unidades de Inversión*;

would be satisfied at the time claims of all our creditors are satisfied;

would be subject to the outcome of, and priorities recognized in, the relevant proceedings;

would cease to accrue interest; and

would not be adjusted to take into account any depreciation of the Mexican peso against the U.S. dollar or other currency occurring after such declaration.

USE OF PROCEEDS

Unless otherwise disclosed in connection with a particular offering of securities, we intend to use the net proceeds from the sale of the securities for general corporate purposes.

DESCRIPTION OF DEBT SECURITIES

Unless otherwise specified in the applicable prospectus supplement, our debt securities will be issued under a base indenture, dated as of June 28, 2012 (the *base indenture*), and supplemental indentures relating to particular series of debt securities (collectively, the *indenture*). The indenture is an agreement among us, The Bank of New York Mellon, as trustee, and any other applicable party thereto.

Our debt securities will not be guaranteed by any of our subsidiaries. All of our outstanding debt securities that were issued in the Mexican and international markets through mid-September 2011 are unconditionally guaranteed by Telcel.

The following section summarizes the material terms that are common to all series of debt securities issued by América Móvil under the indenture, unless otherwise indicated in this section or in the prospectus supplement relating to a particular series. We will describe the particular terms of each series of debt securities offered in a supplement to this prospectus.

Because this section is a summary, it does not describe every aspect of the debt securities and the indenture. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture, including the definition of various terms used in the indenture. For example, we describe the meanings for only the more important terms that have been given special meanings in the indenture. We also include references in parentheses to some sections of the base indenture.

The indenture and the documents relating to each series of debt securities contain the full legal text of the matters summarized in this section. We have filed a copy of the base indenture with the SEC as an exhibit to the registration statement of which this prospectus forms a part. We will file a copy of the supplemental indentures relating to particular series of debt securities with the SEC. Upon request, we will provide you with a copy of the indenture. See *Where You Can Find More Information* for information concerning how to obtain a copy.

In this section, references to *we*, *us* and *our* are to América Móvil, S.A.B. de C.V. only and do not include our subsidiaries or affiliates. References to *holders* mean those who have debt securities registered in their names on the books that we or the trustee maintain for this purpose, and not those who own beneficial interests in debt securities issued in book-entry form through The Depository Trust Company or in debt securities registered in street name. Owners of beneficial interests in debt securities should refer to *Form of Debt Securities, Clearing and Settlement*.

The debt securities will be issued in one or more series. The following discussion of provisions of the debt securities, including, among others, the discussion of provisions described under *Optional Redemption*, *Defaults, Remedies and Waiver of Defaults*, *Modification and Waiver* and *Defeasance*, applies to individual series of debt securities.
