**NEWS RELEASE**

**Enbridge Energy Partners Restarts Line 14**

**HOUSTON, TEXAS August 7, 2012** Enbridge Energy Partners, LP (NYSE: EEP) ( the Partnership ) announced today that its Line 14 has been safely restarted.

The Partnership received approval to restart Line 14 from the Pipeline and Hazardous Materials Safety Administration (PHMSA) on Monday, August 6, after the agency approved the required Restart Plan.

Line 14 is a 24-inch, pipeline with capacity of 317,600 barrels per day, installed in 1998. It predominantly transports light crude oil to Chicago area refineries. It is part of the Partnership's Lakehead System and owned by Enbridge Energy, Limited Partnership, a subsidiary of the Partnership.

**About Enbridge Energy Partners, L.P.**

*Enbridge Energy Partners, L.P. (www.enbridgepartners.com) owns and operates a diversified portfolio of crude oil and natural gas transportation systems in the United States. Its principal crude oil system is the largest transporter of growing oil production from western Canada. The system's deliveries to refining centers and connected carriers in the United States account for approximately 13 percent of total U.S. oil imports; while deliveries to Ontario, Canada satisfy approximately 70 percent of refinery demand in that region. The Partnership's natural gas gathering, treating, processing and transmission assets, which are principally located onshore in the active U.S. Mid-Continent and Gulf Coast area, deliver approximately 2.5 billion cubic feet of natural gas daily.*

NEWS RELEASE

**Enbridge Repays U.S. Federal Transmission Infrastructure Program Loan  
on Montana-Alberta Tie-Line (MATL) Project**

**CALGARY, Alberta Aug. 27, 2012** Enbridge Inc. (TSX:ENB) (NYSE:ENB) today announced the repayment of the approximately U.S.\$151 million principal outstanding under the U.S.\$161 million *Transmission Infrastructure Program* (TIP) loan granted in 2009 by the Western Area Power Administration (WAPA), an agency of the U.S. Department of Energy, to help kick start construction of MATL.

MATL is a 345-kilometre (215-mile), 230 kv transmission line from Great Falls, Montana to Lethbridge, Alberta, designed to support the electric transmission needs of new wind power facilities in north-central Montana and buoyant power demand in Alberta. Subject to certain remaining regulatory approvals, MATL is expected to be in service in the fourth quarter of 2012.

Funding from WAPA was essential to getting the MATL power transmission project off the ground, said Richard Bird, Executive Vice President, Chief Financial Officer and Corporate Development for Enbridge Inc. Their continued support has been of great assistance during the development phase of the project. Now, as the MATL project approaches completion, it is beneficial for us to replace WAPA's initial funding with conventional financing sources available to us. We look forward to working with WAPA on future transmission projects.

**About Enbridge Inc.**

*Enbridge Inc. is a North American leader in delivering energy and one of the Global 100 Most Sustainable Corporations. As a transporter of energy, Enbridge operates, in Canada and the U.S., the world's longest crude oil and liquids transportation system. The Company also has a significant and growing involvement in natural gas gathering, transmission and midstream businesses, and an increasing involvement in power transmission. As a distributor of energy, Enbridge owns and operates Canada's largest natural gas distribution company, and provides distribution services in Ontario, Quebec, New Brunswick and New York State. As a generator of energy, Enbridge has interests in almost 1,000 megawatts of renewable and alternative energy generating capacity and is expanding its interests in wind and solar energy, geothermal and hybrid fuel cells. Enbridge employs about 7,000 people, primarily in Canada and the U.S. and is ranked as one of Canada's Greenest Employers, and one of the Top 100 Companies to Work for in Canada. Enbridge's common shares trade on the Toronto and New York stock exchanges under the symbol ENB. For more information, visit [www.enbridge.com](http://www.enbridge.com).*
