PROXY STATEMENT

The Board of Directors of Ruth's Hospitality Group, Inc. (the "Company" or "Ruth's") is soliciting proxies from its stockholders to be used at the annual meeting of stockholders to be held on Thursday, May 30, 2013, beginning at 1:00 P.M., at Mitchell's Fish Market, Winter Park Village, 460 North Orange Avenue, Suite 122, Winter Park, Florida 32789, and at any postponements or adjournments thereof. This proxy statement contains information related to the annual meeting. This proxy statement, accompanying form of proxy and the Company's annual report are first being sent or made available to stockholders on or about April 19, 2013.

NOTICE OF ELECTRONIC AVAILABILITY OF PROXY MATERIALS

In accordance with regulations adopted by the Securities and Exchange Commission (the "SEC"), instead of mailing a printed copy of our proxy materials, including our annual report to stockholders, to each stockholder of record, we may now furnish these materials on the Internet unless the stockholder has previously requested to receive these materials by mail or e-mail. On or about April 19, 2013, we mailed to our stockholders who have not previously requested to receive these materials by mail or e-mail a Notice of Internet Availability of Proxy Materials containing instructions on how to access this proxy statement and our annual report and to vote online. The Notice instructs you as to how you may access and review all of the important information contained in the proxy materials. The Notice also instructs you as to how you may submit your proxy on the Internet or by telephone. If you received the Notice by mail, you will not automatically receive a printed copy of our proxy materials or annual report unless you follow the instructions for requesting these materials included in the Notice.

ABOUT THE ANNUAL MEETING

Why did I receive these materials?

Our Board of Directors is soliciting proxies for the 2013 annual meeting of stockholders. You are receiving a proxy statement because you owned shares of our common stock on April 4, 2013 and that entitles you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. This proxy statement describes the matters on which we would like you to vote and provides information on those matters so that you can make an informed decision.

What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, our Board and Board committees, the compensation of directors and executive officers and other information that the SEC requires us to provide annually to our stockholders.

Table of Contents

If I previously signed up to receive stockholder materials, including proxy statements and annual reports, by mail and wish to access these materials via the Internet or via electronic delivery in the future, what should I do?

If you have previously signed up to receive stockholder materials, including proxy statements and annual reports, by mail, you may choose to receive these materials by accessing the Internet or via electronic delivery in the future, which can help us achieve a substantial reduction in our printing and mailing costs. If you choose to receive your proxy materials by accessing the Internet, then before next year's annual meeting, you will receive a Notice of Internet Availability of Proxy Materials when the proxy materials and annual report are available over the Internet. If you choose instead to receive your proxy materials via electronic delivery, you will receive an email containing the proxy materials.

If your shares are registered in your own name (instead of through a broker or other nominee), sign up to receive proxy materials in the future by accessing the Internet or via electronic delivery by visiting the following website: www.proxyvote.com.

Your election to receive your proxy materials by accessing the Internet or by electronic delivery will remain in effect for all future stockholder meetings unless you revoke it before the meeting by following the instructions on the Notice of Internet Availability of Proxy Materials or by calling or sending a written request addressed to:

Ruth's Hospitality Group, Inc.

Attn: John F. McDonald, III

1030 W. Canton Avenue, Suite 100

Winter Park, Florida 32789

(407) 333-7440

If you hold your shares in an account at a brokerage firm or bank participating in a street name program, you can sign up for electronic delivery of proxy materials in the future by contacting your broker.

How can I obtain paper copies of the proxy materials, 10-K and other financial information?

Stockholders can access the 2013 proxy statement, Form 10-K and our other filings with the SEC as well as our corporate governance and other related information on the Investor Relations page of our website at www.rhgi.com.

If you elected to receive our stockholder materials via the Internet or via electronic delivery, you may request paper copies by written request addressed to:

Ruth's Hospitality Group, Inc.

Attn: John F. McDonald, III

1030 W. Canton Avenue, Suite 100

Winter Park, Florida 32789

We will also furnish any exhibit to the 2012 Form 10-K if specifically requested.

Who is entitled to vote at the meeting?

Holders of common stock, as of the close of business on the record date, April 4, 2013, will receive notice of, and be eligible to vote at, the annual meeting and at any adjournment or postponement of the annual meeting. At the close of business on the record date, we had outstanding and entitled to vote 35,823,574 shares of common stock.

Table of Contents

How many votes do I have?

Each outstanding share of our common stock you owned as of the record date will be entitled to one vote for each matter considered at the meeting. There is no cumulative voting.

Who can attend the meeting?

Only persons with evidence of stock ownership as of the record date or who are invited guests of the Company may attend and be admitted to the annual meeting of the stockholders. Stockholders with evidence of stock ownership as of the record date may be accompanied by one guest. Photo identification will be required (a valid driver's license, state identification or passport). If a stockholder's shares are registered in the name of a broker, trust, bank or other nominee, the stockholder must bring a proxy or a letter from that broker, trust, bank or other nominee or their most recent brokerage account statement that confirms that the stockholder was a beneficial owner of shares of stock of the Company as of the record date. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration will begin at 12:00 noon, and seating will begin at 12:30 P.M.

Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the conduct of business at the meeting.

Proxies received but marked as abstentions and broker non-votes, if any, will be included in the calculation of the number of votes considered to be present at the meeting for the purposes of a quorum.

How do I vote?

If you are a holder of record (that is, your shares are registered in your own name with our transfer agent), you can vote either in person at the annual meeting or by proxy without attending the annual meeting. We urge you to vote by proxy even if you plan to attend the annual meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you attend the meeting in person, you may vote at the meeting and your proxy will not be counted. You can vote by proxy by any of the following methods.

Our Board of Directors has designated Michael P. O'Donnell and Arne G. Haak, and each or any of them, as proxies to vote the shares of common stock solicited on its behalf.

Voting by Telephone or Through the Internet. If you are a registered stockholder (that is, if you own shares in your own name and not through a broker, bank or other nominee that holds shares for your account in a street name capacity), you may vote by proxy by using either the telephone or Internet methods of voting. Proxies submitted by telephone or through the Internet must be received by May 29, 2013. Please see the Notice of Internet Availability or proxy card for instructions on how to access the telephone and Internet voting systems.

Voting by Proxy Card. Each stockholder electing to receive stockholder materials by mail may vote by proxy by using the accompanying proxy card. When you return a proxy card that is properly signed and completed, the shares represented by your proxy will be voted as you specify on the proxy card.

If you hold your shares in street name, you must either direct the bank, broker or other record holder of your shares as to how to vote your shares, or obtain a proxy from the bank, broker or other record holder to vote at the meeting. Please refer to the voter instruction cards used by your bank, broker or other record holder for specific instructions on methods of voting, including by telephone or using the Internet.

Your shares will be voted as you indicate. If you return the proxy card but you do not indicate your voting preferences, then your shares will not be voted on any proposal other than the ratification of our auditors and the

Table of Contents

individuals designated as proxies will vote your shares FOR the ratification of our auditors. Our Board and management do not intend to present any matters at this time at the annual meeting other than those outlined in the notice of the annual meeting. Should any other matter requiring a vote of stockholders arise, stockholders returning the proxy card confer upon the individuals designated as proxies discretionary authority to vote the shares represented by such proxy on any such other matter in accordance with their best judgment.

Can I change my vote?

Yes. If you are a stockholder of record, you may revoke or change your vote at any time before the proxy is exercised by filing a notice of revocation with the secretary of the Company, mailing a proxy bearing a later date, submitting your proxy again by telephone or over the Internet or by attending the annual meeting and voting in person. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares, by attending the meeting and voting in person. In either case, the powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

How are we soliciting this proxy?

We are soliciting this proxy on behalf of our Board of Directors and will pay all expenses associated with this solicitation. In addition to mailing these proxy materials, certain of our officers and other employees may, without compensation other than their regular compensation, solicit proxies through further mailing or personal conversations, or by telephone, facsimile or other electronic means. We will also, upon request, reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their reasonable out-of-pocket expenses for forwarding proxy materials to the beneficial owners of our stock and to obtain proxies.

Will stockholders be asked to vote on any other matters?

To our knowledge, stockholders will vote only on the matters described in this proxy statement. However, if any other matters properly come before the meeting, the individuals designated as proxies for stockholders will vote on those matters in the manner they consider appropriate.

What vote is required to approve each item?

Directors are elected by a plurality of the votes cast at the meeting, which means that the six nominees who receive the highest number of properly executed votes will be elected as directors, even if those nominees do not receive a majority of the votes cast. A properly executed proxy marked withhold authority with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

The ratification of the appointment of KPMG LLP to serve as the Company's independent auditors for fiscal 2013 and the amendment to the Company's 2005 Long-Term Equity Incentive Plan require the affirmative vote of the majority of the votes present, in person or by proxy, and entitled to vote at the meeting.

How are votes counted?

In the election of directors, you may vote FOR all or some of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. You may not cumulate your votes for the election of directors.

Table of Contents

For proposals other than the election of directors, you may vote FOR, AGAINST or ABSTAIN. Abstentions are considered to be present and entitled to vote at the meeting and, therefore, will have the effect of a vote against the matter.

If you hold your shares in street name, the Company has supplied copies of its proxy materials for its 2013 annual meeting of stockholders to the broker, bank or other nominee holding your shares of record and they have the responsibility to send these proxy materials to you. Your broker, bank or other nominee is permitted to vote your shares on the appointment of KPMG LLP as our independent auditor without receiving voting instructions from you. In contrast, the election of directors and the proposed amendment to the 2005 Long-Term Equity Incentive Plan are non-discretionary items. This means brokerage firms that have not received voting instructions from their clients on the election of directors may not vote on such proposals. These so-called broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum, but will not be considered in determining the number of votes necessary for approval and will have no effect on the outcome of the vote for directors or the vote for the proposed amendment to the 2005 Long-Term Equity Incentive Plan.

What happens if a nominee for director declines or is unable to accept election?

If any nominee should become unavailable, which is not anticipated, the persons voting the accompanying proxy may vote for a substitute nominee designated by our Board or our Board may reduce the number of directors.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement, proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please vote your shares applicable to each proxy card and voting instruction card that you receive.

Where can I find the voting results of the annual meeting?

The Company intends to announce the preliminary voting results at the annual meeting and publish the final results in a Form 8-K within four business days following the annual meeting.

PROPOSAL NO. 2

PROPOSED AMENDMENT TO THE 2005 LONG-TERM EQUITY INCENTIVE PLAN

Our Board of Directors has unanimously approved and recommends that our stockholders vote **FOR** the proposal to amend and restate the Ruths Hospitality Group, Inc. Amended and Restated 2005 Long-Term Equity Incentive Plan (the **Plan**) to increase the number of shares covered by the Plan by 2,000,000 shares to 5,862,500 shares, extend the expiration date of the Plan from August 8, 2015 to May 30, 2018 and approve the material terms of performance goals under the Plan.

General

Our Board of Directors adopted the Plan in August 2005 in connection with the initial public offering. In May 2008, our Board and our stockholders adopted an amendment to the Plan to increase the maximum number of shares of common stock available for award by 1,500,000, totaling 3,862,500 shares.

Our Board has recently adopted, subject to stockholder approval, an amendment to the Plan to (i) increase the maximum number of shares of common stock available for award by 2,000,000 shares, totaling 5,862,500 shares, (ii) extend the expiration date of the Plan from August 8, 2015 to May 30, 2018 and (iii) approve the material terms of performance goals under the Plan. Our Board believes that this amendment is desirable in order for the Company to be able to continue to attract and provide incentives to directors, officers and other employees.

As of March 31, 2013, there were 255,840 shares available for issuance under the Plan. Also as of March 31, 2013, there were 1,408,910 stock options outstanding in aggregate (weighted average exercise price of \$8.05 and weighted average remaining term of 4.93 years), and 1,264,474 unvested full-value awards outstanding in aggregate.

Rationale for and Possible Effects of Proposed Amendments

We believe that the ability to grant options, restricted stock and other stock-based incentive compensation improves our ability to attract and retain qualified personnel. To align the interests of our officers, directors and employees with those of our stockholders, the Company needs to be able to have a sufficient pool of stock-based and performance-based incentives, commensurate with our growth, to attract and motivate key personnel. There are approximately 5,700 persons eligible to participate in the Plan and we need additional shares available to grant in order to keep up with our growing employee base. Authorizing the additional shares under the Plan may cause dilution to our current stockholders.

Extending the expiration date of the Plan from August 8, 2015 to May 30, 2018, along with the additional shares available for issuance under the Plan, will allow us to utilize the Plan for a number of years.

It is the judgment of our Board of Directors that approval of the proposed amendments to the Plan is in the best interest of our Company and our stockholders.

Description of the Plan

The following is a summary of the material terms of the Plan, but does not include all of the provisions of the Plan. For further information about the Plan, please refer to a copy of the Plan and its proposed amendment which we have filed as Appendix A to this proxy statement.

Eligibility

Our directors (including non-employee directors), officers (including non-employee officers) and employees, as well as other individuals performing services for us, are eligible to receive grants under the Plan (including participants located outside the United States). Incentive stock options may only be granted to our employees. In each case, our Compensation Committee will select the actual grantees. As of March 31, 2013, approximately 5,700 persons are eligible to receive grants under the Plan.

Share Limits

The maximum number of shares of our common stock that may be granted under the Plan during any fiscal year to any non-employee director is 500,000 shares. To the extent required for rewards to qualify as performance-based compensation, the maximum number of shares of our common stock subject to any award which may be granted under the Plan during any fiscal year to any participant is 500,000 shares per type of award, provided that the maximum number of shares for all types of awards shall not exceed 500,000 shares during any fiscal year. However, there are no individual share limitations applicable to participants on awards (other than stock options) for which the grant, vesting or payment (as applicable) of any such award is not subject to the attainment of performance goals.

Stock Options

Under the Plan, our Compensation Committee may award grants of incentive stock options conforming to the provisions of Section 422 of the Internal Revenue Code, and other non-qualified stock options. Our Compensation Committee may not, however, award to any one person in any calendar year options to purchase more than 500,000 shares of common stock, and it may not award incentive stock options first exercisable by

any individual in any calendar year whose underlying shares have a fair market value greater than \$100,000, determined at the time of grant.

Table of Contents

The exercise price of an option granted under the Plan may not be less than 100% of the fair market value of a share of common stock on the date of grant, and the exercise price of an incentive stock option awarded to a person who owns stock constituting more than 10% of the Company's voting power may not be less than 110% of such fair market value on such date.

Unless our Compensation Committee determines otherwise, the exercise price of any option may be paid in any or in any combination of the following ways:

in cash;

by delivery of shares of common stock with a fair market value on the date of exercise equal to the exercise price, and/or

by simultaneous sale through a broker of shares of common stock acquired upon exercise.

Our Compensation Committee determines the term of each option in its discretion. However, no term may exceed ten years from the date of grant or, in the case of an incentive stock option granted to a person who owns stock constituting more than 10% of the voting power of the Company, five years from the date of grant. In addition, all options under the Plan, whether or not then exercisable, generally cease vesting when a grantee ceases to be a director, officer or employee of, or to otherwise perform services for, us. Options generally expire 30 days after the date of cessation of service, so long as the grantee does not compete with us during that 30-day period without our permission.

There are, however, exceptions depending upon the circumstances of cessation. In the case of a grantee's death or disability, a number of options equal to the sum of (1) the number of options that were exercisable on the date of the grantee's death or disability and (2) the number of options that would become exercisable within one year after the date of the grantee's death or disability, will become fully vested and exercisable and remain so for up to 180 days after the date of death or disability (but in no event after the expiration date of the options), provided the grantee does not compete with us during that 180-day period without our written permission. In the event of retirement, a grantee's vested options will remain exercisable for up to 90 days after the date of retirement, while his or her unvested options may become fully vested and exercisable in whole or in part in the discretion of our Compensation Committee. In each of the foregoing circumstances, our Board or Compensation Committee may elect to further extend the applicable exercise period in its discretion. Upon termination for cause, all options will terminate immediately. If we undergo a change in control, our Compensation Committee may provide that the options become exercisable and that such options may terminate if not exercised on the date of the change in control, and if a grantee is terminated from service other than for cause within one year thereafter, all options will become fully vested and exercisable and remain so for up to one year after the date of termination, but in no event after the expiration date of the options.

Restricted Stock

Under the Plan, our Compensation Committee may award restricted stock subject to the conditions and restrictions, and for the duration, which will generally be at least six months (and which shall be at least three years in order for shares to avoid being classified as Excluded Shares, which cannot constitute more than 10% of the shares authorized for issuance under the Plan), that it determines in its discretion. Unless our Compensation Committee determines otherwise, all restrictions on a grantee's restricted stock will lapse when the grantee ceases to be a director, officer or employee of, or to otherwise perform services for, the Company, if the cessation occurs due to a termination within one year after a change in control of the Company. In addition, unless our Compensation Committee determines otherwise, if a grantee ceases to be a director, officer or employee of, or to otherwise perform services for us due to death or disability during any period of restriction, in addition to the grantee's restricted stock in which restrictions have already lapsed, restrictions will lapse on all shares of restricted stock for which restrictions would have lapsed within one year following the date of death or disability. If termination of employment or service occurs for any other reason, all of a grantee's restricted stock as to which the applicable restrictions have not lapsed will be forfeited immediately. If we undergo a change in control and a grantee is terminated from service other than for cause within one year thereafter, restrictions will lapse on all the grantee's shares of restricted stock.

Table of Contents

Restricted Stock Units; Deferred Stock Units

Under the Plan, our Compensation Committee may award restricted stock units subject to conditions and restrictions, and for the duration, which will generally be at least six months (and which shall be at least three years in order for shares to avoid being classified as Excluded Shares, which cannot constitute more than 10% of the shares authorized for issuance under the Plan), that it determines in its discretion. Each restricted stock unit is equivalent in value to one share of common stock and entitles the grantee to receive one share of common stock for each restricted stock unit at the end of the applicable restricted stock unit's vesting period. Unless our Compensation Committee determines otherwise, all restrictions on a grantee's restricted stock units will lapse when the grantee ceases to be a director, officer or employee of, or otherwise perform services for, the Company, if the cessation occurs due to a termination from service other than for cause within one year after a change in control of the Company or due to death, disability or retirement. If termination of employment or service occurs for any other reason, all of a grantee's restricted stock units as to which the applicable restrictions have not lapsed will be forfeited immediately.

Except as otherwise provided by our Compensation Committee, prior to the later of (1) the close of the tax year preceding the year in which restricted stock units are granted or (2) 30 days of first becoming eligible to participate in the plan (or, if earlier, the last day of the tax year in which the participant first becomes eligible to participate in the plan) and on or prior to the date the restricted stock units are granted, a grantee may elect to defer the receipt of all or a portion of the shares due with respect to the restricted stock units and convert such restricted stock units into deferred stock units by written notice. Subject to specified exceptions, the grantee will receive shares in respect of such deferred stock units at the end of the deferral period.

Performance Awards

Under the Plan, our Compensation Committee may grant performance awards contingent upon achievement by the Company or specified business units of set goals and objectives regarding specified performance criteria as designated by our Compensation Committee; provided that any shares issued or issuable under performance awards with restrictions that have a duration of less than one year will be classified as Excluded Shares, which cannot constitute more than 10% of the shares authorized for issuance under the Plan. Performance awards may include specific dollar-value target awards, performance units, the value of which is established by our Compensation Committee at the time of grant, and/or performance shares, the value of which is equal to the fair market value of a share of common stock on the date of grant. The value of a performance award may be fixed or fluctuate on the basis of specified performance criteria. A performance award may be paid out in cash and/or shares of our common stock or other securities.

Under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), we are generally prohibited from deducting compensation in excess of \$1 million per year paid to our covered employees. Covered employees are defined as the chief executive officer and the three other most highly compensated named executive officers (excluding the chief financial officer). Compensation that qualifies as performance-based is excluded for purposes of calculating the amount of compensation subject to the \$1 million limit. One of the requirements that must be satisfied to qualify as performance-based compensation under Section 162(m) of the Code is that the material terms of the performance goals under which compensation may be paid must be disclosed to and approved by our stockholders. Such performance goals must be reapproved by our stockholders once every five years or, if earlier, following a change of the material terms of the performance goals by the Committee. Thus, in addition to approving the amendment, our stockholders are being asked to reapprove the material terms of the performance goals under the Plan. Stockholder approval of the performance goals under the Plan will provide additional flexibility to grant awards under the Plan that qualify as performance-based compensation under Section 162(m) of the Code. Notwithstanding the foregoing, we retain the ability to grant awards under the Plan that do not qualify as performance-based compensation under Section 162(m) of the Code.

Table of Contents

The performance criteria for any award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be based on the attainment of certain target levels of, or a specified increase or decrease (as applicable) in one or more of the following performance goals specified by the Compensation Committee, applied to either the Company on a consolidated basis and/or for specified business units of the Company (except with respect to the total stockholder return and earnings per share criteria): (a) earnings per share; (b) operating income; (c) gross income; (d) net income (before or after taxes); (e) cash flow; (f) gross profit; (g) gross profit return on investment; (h) gross margin return on investment; (i) gross margin; (j) operating margin; (k) working capital; (l) earnings before interest and taxes; (m) earnings before interest, tax, depreciation and amortization; (n) return on equity; (o) return on assets; (p) return on capital; (q) return on invested capital; (r) net revenues; (s) gross revenues; (t) revenue growth; (u) annual recurring revenues; (v) recurring revenues; (w) license revenues; (x) sales or market share; (y) total stockholder return; (z) economic value added; (aa) specified objectives with regard to limiting the level of increase in all or a portion of the our bank debt or other long-term or short-term public or private debt or other similar financial obligations; (bb) fair market value of our common stock; (cc) growth in value of an investment in our common stock assuming the reinvestment of dividends; and/or (dd) reduction in operating expenses. Performance awards may be settled in cash or shares. No participant may receive share-based performance awards in excess of 500,000 shares during any fiscal year. No participant may receive a cash performance award in excess of \$5,000,000 during any fiscal year.

To the extent consistent with Section 162(m) of the Code, our Compensation Committee shall appropriately exclude or adjust the applicable performance criteria to eliminate the effects of extraordinary or unusual items all as determined in accordance with applicable accounting provisions. Section 162(m) of the Code requires that our Compensation Committee certify that performance goals were achieved before the payment of the performance-based compensation.

Unless our Compensation Committee determines otherwise, if a grantee ceases to be a director, officer or employee of, or to otherwise perform services for, the Company prior to completion of a performance cycle, due to death, disability or retirement, the grantee will receive the portion of the performance award payable to him or her based on achievement of the applicable performance criteria over the elapsed portion of the performance cycle; provided that, with respect to any performance award intended to qualify as performance-based compensation for purposes of Section 162(m) of the Code, payment of such portion shall also be conditioned on satisfaction of the performance goals applicable to such performance award. If termination of employment or service occurs for any other reason prior to completion of a performance cycle, the grantee will become ineligible to receive any portion of a performance award. If we undergo a change in control, a grantee will earn no less than the portion of the performance award that he or she would have earned if the applicable performance cycle had terminated as of the date of the change of control.

Vesting, Withholding Taxes, Transferability and Recoupment of All Awards

The terms and conditions of each award made under the Plan, including vesting requirements, will be set forth consistent with the Plan in a written agreement with the grantee. Except in limited circumstances, no award under the Plan may vest and become exercisable within six months of the date of grant, unless our Compensation Committee determines otherwise.

Unless our Compensation Committee determines otherwise, a participant may elect to deliver shares of common stock, or to have us withhold shares of common stock otherwise issuable upon exercise of an option or upon grant or vesting of restricted stock or a restricted stock unit, in order to satisfy our minimum withholding obligations in connection with any such exercise, grant or vesting.

Unless our Compensation Committee determines otherwise, no award made under the Plan will be transferable other than by will or the laws of descent and distribution or to a grantee's family member by gift or a qualified domestic relations order, and each award may be exercised only by the grantee, his or her qualified family member transferee, or any of their respective executors, administrators, guardians, or legal representatives.

Table of Contents

The rights contained in the Plan shall be subject to any right that the Company may have under any other recoupment policy or other agreement or arrangement with a participant, or any right or obligation that the Company may have regarding the clawback of incentive-based compensation under applicable law.

Amendment and Termination of the Plan

Our Board or our Compensation Committee may amend or terminate the Plan in its discretion, except that no amendment will become effective without prior approval of our stockholders if stockholder approval would be required by applicable law or regulations, including if required for continued compliance with the performance-based compensation exception of Section 162(m) of the Internal Revenue Code or by any listing requirement of the principal stock exchange on which our common stock is then listed. Furthermore, any amendment to the terms of an outstanding award may not materially and adversely affect any participant's rights or obligations under the equity incentive plan without the affected participant's consent. Except for adjustments made in the event of a reorganization, recapitalization, stock split, stock dividend, combination of shares, merger, consolidation, distribution of assets, or any other change in the corporate structure or shares of the Company, the terms of any outstanding options granted under the Plan may not be amended to reduce the exercise price of such options or cancel, convert, exchange, replace, regrant, buyout, substitute or surrender outstanding options in exchange for cash in an amount greater than the excess of the fair market value of the stock underlying the option over the applicable exercise price, or options with an exercise price that is less than the exercise price of the original options, in each case without stockholder approval. If not previously terminated by our Board, the Plan will terminate on May 30, 2018.

New Plan Benefits

Awards granted under the Plan will be subject to our Compensation Committee's discretion, and the Compensation Committee has not determined future awards or who might receive them. As a result, the benefits that will be awarded or paid under the Plan going forward are not currently determinable. The awards granted for fiscal 2012 would not have changed if the proposed amendments to the Plan had been in place during fiscal 2012 and are set forth in the following table and, for our named executives, in the Summary Compensation Table and Grants of Plan-Based Awards table herein.

This summary is not intended to be exhaustive, does not constitute tax advice and, among other things, does not describe state, local or foreign tax consequences, which may be substantially different.

Restricted Stock Grants

A participant generally will not be taxed at the time a restricted stock grant is awarded, but will recognize taxable income when the award vests or otherwise is no longer subject to a substantial risk of forfeiture. The amount of taxable income recognized will equal the fair market value of the shares subject to the award that are then vesting. Participants may elect to be taxed based on the fair market value of the shares at the time of grant by making an election under section 83(b) of the Internal Revenue Code within 30 days of the award date. If an award with respect to which a participant has made such an election under section 83(b) is subsequently canceled, no deduction or tax refund will be allowed for the amount previously recognized as income.

Unless a participant makes a section 83(b) election, any dividends paid to a participant on shares of an unvested restricted stock grant will be taxable to the participant as ordinary income. If the participant made a section 83(b) election, the dividends will be taxable to the participant as dividend income. Except as provided under *Certain Limitations on Deductibility of Executive Compensation* below, we will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant with respect to a stock grant award. Unless a participant has made a section 83(b) election, we will also be entitled to a deduction, for federal income tax purposes, for any dividends paid on awards of unvested restricted stock grants.

Incentive Stock Options

A participant is not subject to any federal income tax upon the grant of an Incentive Stock Option (ISO). In addition, normally he or she will not recognize income for federal income tax purposes as the result of the exercise of an ISO and the related transfer of shares of our common stock to him or her. However, the excess of the fair market value of the shares transferred upon exercise of the ISO over the exercise price will constitute an adjustment to income for purposes of calculating alternative minimum tax for the year in which the ISO is exercised, and a participant's federal income tax liability may be increased as a result under the alternative minimum tax rules of the Code.

If a participant holds the shares acquired upon exercise of an ISO for at least two years following grant of the option and at least one year following exercise, he or she generally will recognize long-term capital gain or loss upon the disposition of the shares equal to the difference between the amount realized on the disposition and the exercise price for the shares. If a participant disposes of shares acquired upon exercise of an ISO before satisfying the one- and two-year holding periods described above, he or she may recognize both ordinary income and capital gain in the year of disposition. The amount of the ordinary income generally will be the lesser of (i) the amount realized on disposition less the exercise price for the shares, and (ii) the amount by which the fair market value of the shares transferred to the participant upon exercise exceeded the exercise price for the shares. The balance, if any, of the gain recognized on the disposition will be taxable as long-term or short-term capital gain (depending upon whether the shares have been held for more than one year).

We generally are not entitled to any federal income tax deduction on the grant or the exercise of an ISO or upon a participant's disposition of the shares acquired after satisfying the holding periods described above. If the holding periods are not satisfied, we may be entitled to a federal income tax deduction in the year shares are disposed of in an amount equal to any ordinary income recognized by a participant.

Table of Contents

Non-Qualified Stock Options

Generally, a participant will not recognize taxable income on the grant of a non-qualified stock option provided the exercise price of the option is equal to the fair market value of the underlying stock at the time of grant. Upon the exercise of a non-qualified stock option, a participant will recognize ordinary income in an amount equal to the difference between the fair market value of the common stock received on the date of exercise and the option cost (number of shares purchased multiplied by the exercise price per share). The participant will recognize ordinary income upon the exercise of the option even though the shares acquired may be subject to further restrictions on sale or transferability. Except as provided under *Certain Limitations on Deductibility of Executive Compensation* below, we will ordinarily be entitled to a deduction on the exercise date equal to the ordinary income recognized by the participant upon exercise.

Generally, upon a subsequent sale of shares acquired in an option exercise, the difference between the sale proceeds and the cost basis of the shares sold will be taxable as a capital gain or loss.

Withholding

The Company retains the right to deduct or withhold, or require the participant to remit to his or her employer, an amount sufficient to satisfy federal, state and local and foreign taxes required by law or regulation to be withheld with respect to any taxable event as a result of the Plan.

Certain Limitations on Deductibility of Executive Compensation

With certain exceptions, section 162(m) of the Internal Revenue Code limits the deduction to the Company for compensation paid to certain executive officers to \$1 million per executive per taxable year unless such compensation is considered *qualified performance based compensation* within the meaning of section 162(m) or is otherwise exempt from section 162(m). The Plan is designed so that options qualify for this exemption, and it permits the administrator to grant other awards designed to qualify for this exemption.

Treatment of Excess Parachute Payments

The accelerated vesting of awards under the Plan upon a change of control of the Company could result in a participant being considered to receive *excess parachute payments* (as defined in section 280G of the Code), which payments are subject to a 20% excise tax imposed on the participant. The Company would not be able to deduct the excess parachute payments made to a participant.

Additional Taxes to Participants

Under regulations issued under section 409A of the Internal Revenue Code, if awards under the Plan are neither exempt from section 409A nor compliant with section 409A, the participant will be required to include the value of the award in income at the time the award vests and will be required to pay an additional 20% income tax, plus interest. All awards under the Plan are intended either to be exempt or compliant with section 409A of the Internal Revenue Code.

Our Board recommends a vote FOR the amendment of the Plan.

PROPOSAL NO. 3

RATIFICATION OF THE APPOINTMENT OF KPMG LLP

Our Audit Committee has appointed KPMG LLP as our independent registered public accounting firm for fiscal year 2013 and has further directed that our Board submit the selection of KPMG LLP for ratification by the stockholders at the annual meeting. During fiscal year 2012, KPMG LLP served as our independent registered public accounting firm and also provided certain audit-related and tax services as described below. The stockholder vote is not binding on our Audit Committee. If the appointment of KPMG LLP is not ratified, our Audit Committee will evaluate the basis for the stockholders' vote when determining whether to continue the firm's engagement, but may ultimately determine to continue the engagement of the firm or another audit firm without re-submitting the matter to the stockholders. Even if the appointment of KPMG LLP is ratified, our Audit Committee may, in its sole discretion, terminate the engagement of the firm and direct the appointment of another independent auditor at any time during the year if it determines that such an appointment would be in the best interests of our Company and our stockholders.

Representatives of KPMG LLP are expected to attend the annual meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

Our Board recommends a vote FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2013.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Leadership Structure

Our Board does not have a policy on whether the same person should serve as both the Chief Executive Officer and Chairman of the Board or, if the roles are separate, whether the Chairman should be selected from the non-employee directors or should be an employee. Our Board believes that it should have the flexibility to periodically determine the leadership structure that it believes is best for the Company. Our Board believes that its current leadership structure, with Mr. O'Donnell serving as both Chief Executive Officer and Chairman of the Board, is appropriate given Mr. O'Donnell's past experience serving in these roles, the efficiencies of having the Chief Executive Officer also serve in the role of Chairman and our strong corporate governance structure.

Since the Company's current Chairman also serves as Chief Executive Officer, our Board appointed Robin P. Selati as our Lead Director. The Chairman and Chief Executive Officer consults periodically with the Lead Director on Board matters and on issues facing the Company. In addition, the Lead Director serves as the principal liaison between the Chairman of the Board and the independent directors and presides at executive sessions of non-management directors at regularly scheduled Board meetings. Our Board believes that these executive sessions are beneficial to the Company because it provides a forum where the independent directors can discuss issues without management present.

Board Role in Risk Oversight

Our Board is actively involved in the oversight of risks that could affect the Company. This oversight is conducted primarily through committees of our Board, as disclosed in the descriptions of each of the committees below and in the charters of each of the committees. However, the full Board has retained responsibility for the general oversight of risks. Our Board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company.

Risk Considerations in our Compensation Program

Our Board believes that our compensation policies and practices are reasonable and properly align our employees' interests with those of our stockholders. Our Board believes that there are a number of factors that cause our compensation policies and practices to not have a material adverse effect on the Company. The fact that our executive officers and other employees have their incentive compensation tied to earnings, rather than revenues, encourages actions that improve the Company's profitability over the short and long term. Furthermore, our stock option plan further aligns the interests of our executive officers and other employees with the long term interests of our stockholders. In addition, our Compensation Committee reviews our compensation policies and practices to ensure that such policies and practices do not encourage our executive officers and other employees to take action that is likely to create a material adverse effect on the Company.

Code of Conduct and Ethics Policy

The Company's employees, officers and directors are required to abide by the Company's Code of Conduct and Ethics Policy (the "Code of Ethics"), which is intended to ensure that the Company's business is conducted in a consistently legal and ethical manner. The Code of Ethics covers all areas of professional conduct, including, among other things, conflicts of interest, competition and fair dealing, corporate opportunities and the protection of confidential information, as well as strict compliance with all laws, regulations and rules. Any waiver or changes to the policies or procedures set forth in the Code of Ethics in the case of officers or directors may be granted only by our Board and will be disclosed on our website within four business days. The full text of the Code of Ethics is published on the Investor Relations section of our website at www.rhgi.com.

Table of Contents

Number of Meetings of our Board of Directors

Our Board held eight meetings during fiscal 2012. Directors are expected to attend Board meetings and committee meetings for which they serve, and to spend time needed to meet as frequently as necessary to properly discharge their responsibilities. Each director attended at least 75% of the aggregate number of meetings of our Board and our Board committees on which he or she served during the period.

Attendance at Annual Meetings of the Stockholders

The Company has no policy requiring directors and director nominees to attend its annual meeting of stockholders; however, all directors and director nominees are encouraged to attend.

Director Independence

The rules of the NASDAQ Global Select Market require that our Board be comprised of a majority of independent directors and that our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee each be comprised solely of independent directors, as defined under applicable NASDAQ rules.

Our Board has determined that each of the director nominees standing for election, except Michael P. O'Donnell, our Chairman and Chief Executive Officer, have no relationship which, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is an independent director. In determining the independence of our directors, our Board has adopted independence standards that mirror the criteria specified by applicable laws and regulations of the SEC and NASDAQ.

Communications between Stockholders and our Board

Stockholders may send communications to the Company's directors as a group or individually by writing to those individuals or the group: c/o the Corporate Secretary, 1030 W. Canton Avenue, Suite 100, Winter Park, Florida 32789. The Corporate Secretary will review all correspondence received and will forward all correspondence that is relevant to the duties and responsibilities of our Board or the business of the Company to the intended director(s). Examples of inappropriate communication include business solicitations, advertising and communication that are frivolous in nature, communication that relates to routine business matters (such as product inquiries, complaints or suggestions) or communication that raises grievances which are personal to the person submitting them. Upon request, any director may review communication that is not forwarded to the directors pursuant to this policy.

Committees of our Board of Directors

Our Board currently has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The composition, duties and responsibilities of these committees are set forth below. Committee members hold office for a term of one year.

Stock Ownership Guidelines for Non-Employee Directors; Anti-Hedging Policy

In July 2012, based on the recommendation of our Compensation Committee's independent compensation consultant, Towers Watson, our Compensation Committee approved stock ownership guidelines for our non-employee directors, based on the belief that stock ownership guidelines further align the interests of our non-employee directors with those of our stockholders. Pursuant to our non-employee director stock ownership guidelines, each non-employee director is generally expected to accumulate and hold shares of our common stock equal in value to two times his or her base annual retainer for service on our Board. For purposes of our non-employee director stock ownership guidelines, a director's annual retainer excludes any retainer for serving as a member or as a chair of any Board committees and any meeting fees. Shares subject to stock options and unvested or unearned performance shares will not count toward the minimum ownership requirement. Restricted stock and restricted stock units (whether or not vested) will count toward the minimum ownership requirement. Non-employee directors have three years to achieve their targeted level. All non-employee directors satisfied our stock ownership guidelines as of the end of fiscal 2012 with the exception of Mr. Vituli, who has until July 2015 to meet the stock ownership guidelines.

Pursuant to our insider trading policy, our directors may not engage in any hedging or monetization transactions involving our securities.

Kevin W. Toomy, our Chief Operating Officer of Ruth's Chris Steak House; and

Peter J. Beaudrault, our Chief Operating Officer of Mitchell's Fish Market (collectively, our named executive officers).

Compensation Objectives and Program Structure

Our executive compensation philosophy, policies, plans and programs are under the direction of the Compensation Committee of our Board of Directors. Our Compensation Committee is responsible for determining the compensation elements and amounts paid to named executive officers.

Our Compensation Committee considered the results from the stockholder advisory vote on executive compensation for fiscal year 2010 as support for the compensation policies and practices in place for 2010. At the 2011 annual meeting of stockholders, more than 98% of the votes cast on the stockholder advisory vote on executive compensation were in favor of our executive compensation. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and are committed to ongoing engagement with our stockholders on executive compensation practices. At the 2011 annual meeting, our stockholders approved the Company holding an advisory vote on executive compensation every three years.

Generally, the types of compensation and benefits provided to our named executive officers are similar to those provided to executive officers of other national restaurant companies. The overall philosophy is to create value for our stockholders by using all elements of executive compensation to reinforce a results-oriented management culture focusing on our level of earnings and performance as compared to our annual operating plan and industry competitors, the achievement of longer-term strategic goals and objectives and specific individual performance. Accordingly, our executive compensation program has been designed to achieve the following objectives:

reinforce a results-oriented management culture with total executive compensation that varies according to performance;

focus executive officers on both annual and long-term business results with the goal of enhancing stockholder value;

align the interests of our executives and stockholders; and

Edgar Filing: Ruths Hospitality Group, Inc. - Form DEF 14A

provide executive compensation packages that attract, retain and motivate individuals of the highest qualifications, experience and ability.

review compensation for the Company’s executive officers on an annual basis, with the exception of their own as those are determined by our Compensation Committee. A recommendation is then presented to our Compensation Committee for review and approval. Any salary increase or other adjustments are determined by our Compensation Committee and are approved by our Board of Directors.

Our Compensation Committee considers Company performance, both operational and financial, to determine compensation. In connection with its compensation review for fiscal 2012, our Compensation Committee engaged Towers Watson to review and evaluate our compensation objectives and program structure relative to the marketplace. For purposes of this review, Towers Watson relied on both its own and other compensation databases, as well as its experience with restaurant sector and general industry companies with annual revenues similar to that of the Company, and research from the proxy statements of companies considered peers of the Company. Towers Watson also developed marketplace base salary, target annual incentive opportunity, target total annual compensation, actual total annual compensation, long term incentive award level, target total direct compensation, and actual total direct compensation rates at the 25th, 50th, and 75th percentiles which were used as a reference to assist the Committee in designing and maintaining the Company’s compensation programs. Towers Watson reviewed all methods of compensation and compared the Company’s levels and method of compensation to a selected peer group. During 2012, Towers Watson and our Compensation Committee considered restaurant sector organizations that have similar business operations as ours in order to provide us with a comprehensive basis for evaluating compensation relative to those companies that compete with us for executives. These organizations included:

Benihana Inc.	Darden Restaurants, Inc.	P.F. Chang’s China Bistro, Inc.
BJ’s Restaurants, Inc.	Denny’s Corporation	Red Robin Gourmet Burgers Inc.
Brinker International	Dunkin’ Brands Group, Inc.	Ruby Tuesday, Inc.
Buffalo Wild Wings, Inc.	Famous Dave’s of America Inc.	Sonic Corp.
The Cheesecake Factory Incorporated	Morton’s Restaurant Group, Inc.	Texas Roadhouse Inc.

O Charley’s Inc.

Our Compensation Committee has assessed the independence of Towers Watson and has concluded that no conflict of interest exists that would prevent Towers Watson from serving as an independent consultant to our Compensation Committee. Our Compensation Committee considers the following factors in determining that its compensation consultant is independent: SEC rules regarding compensation consultant independence; the amount of fees paid by us as a percentage of the consulting firm’s total revenue; conflict of interest policies of the consulting firm; and business or personal relationships between the consulting firm and the members of our Compensation Committee.

Elements of Compensation

Consistent with our compensation objectives described above, our executive compensation program is designed to be similar to the programs that are offered at nationwide restaurant companies comparable to us. We attempt to set our total compensation levels at the median level because of the desire to attract and retain top-level executives in the market in which we operate and compete for talent in. We believe that this benchmarking process is an important part of our Compensation Committee’s decision making process; however, we do deviate from these surveys for a number of reasons, where appropriate.

The total compensation program for the named executive officers includes base salary, performance-based cash incentive compensation under our bonus plans, long-term equity incentive compensation benefits and perquisites. It is our Compensation Committee’s practice to target each of these elements to deliver compensation to each executive and all executives as a group within the mid-level range of compensation for persons having similar responsibilities at other comparable nationwide restaurant companies.

We allocate the majority of the total annual compensation paid to the named executive officers to base salary and bonus payments, with a substantial portion allocated to equity incentive awards. Our Compensation

Table of Contents

Committee is focused on providing a total compensation package that delivers short and long-term incentives. We do this primarily so that we can compete with compensation packages provided by nationwide restaurant companies similar to ours. We believe this increases our ability to attract and retain our named executive officers. In addition, allocating a larger percentage of compensation to bonus payments aligns the interest of our named executive officers with our stockholders because our goals for our Bonus Plans were based on earnings before interest, taxes, depreciation and amortization (EBITDA) and operating income, as we believe that EBITDA and operating income tend to provide true measures of profitability by aligning incentives with stockholder value.

A significant portion of the compensation paid to executive officers is designed to reward them based on our financial performance compared to financial objectives, the growth of the Company, and increased stockholder value, as reflected in increases in the Company's share price. Our base salary structure and its periodic salary reviews are designed to reward individual achievement and our overall performance. Our Bonus Plans are designed to reward executive officers with cash awards for the achievement of annual objectives tied to the financial performance of the Company and their individual performance. In fiscal 2012, our performance goals for the Home Office Bonus Plan were based on EBITDA targets and performance versus the prior year's EBITDA, while our performance goals for the Management Bonus Plans for our Chief Operating Officers were based on brand-specific operating income targets and performance versus the prior year's operating income; however, we may consider using other performance goals in the future. The equity component of their compensation, in the form of stock options and / or restricted stock, is designed to reward relative total stockholder return and corresponding stock price improvement over the grant-date stock price.

Base Salary

Base salary is established based on the experience, skills, knowledge and responsibilities required of the executive officers in their roles. When establishing the base salaries of the executive officers, a number of factors are considered, including the individual's duties and responsibilities, the individual's experience, the ability to replace the individual, the base salary at the individual's prior employment, market data on similar positions with competitive companies and information derived from our directors' experience at other companies. We seek to provide base salaries that are competitive with the marketplace and allow us to attract and retain executive talent.

Effective February 2012, we hired Mr. Beaudrault as the President and Chief Operating Officer of Mitchell's Fish Market with a base salary of \$250,000. Our Compensation Committee assigned Mr. Beaudrault his starting salary based on executives in similar positions, the experience level of the individual, the competitive value of the position in the market, and salaries of comparable positions with our peer companies.

In 2012, our Compensation Committee reviewed the actual salary for each executive officer against salary ranges for similar positions in the restaurant industry. Peer company data provided by Towers Watson indicated that the 2011 base salary levels for certain named executive officers were significantly below the median of similarly situated executives at peer companies. In July 2012, we increased the base salaries of our Chief Executive Officer, Chief Financial Officer and Chief Branding Officer consistent with peer median levels after considering individual performance, assumption of additional responsibilities, market competition and salaries of comparable positions with our peer companies. Mr. O'Donnell's base salary was increased by \$110,000 to \$610,000. Mr. Haak's base salary was increased by \$45,000 to \$345,000. Ms. Henry's base salary was increased by \$30,000 to \$280,000.

Bonuses

Our performance-based cash incentive awards focus on closely aligning rewards with results. The philosophy of our performance-based annual cash incentive awards is simple: a basic reward for reaching minimum expectations and an upside for reaching the Company's goals.

Table of Contents*Home Office Bonus Plan*

We adopted a Home Office Bonus Plan pursuant to which Mr. O'Donnell, Mr. Haak and Ms. Henry were eligible to receive cash bonuses based on personal and Company performance over the course of the 2012 fiscal year. The purpose of the Home Office Bonus Plan is to encourage a consistent high standard of excellence and continued employment. Bonus awards under the Home Office Bonus Plan are determined by our Compensation Committee, subject to approval by our Board, and are based on (i) the financial performance of the Company during the applicable fiscal period as measured against the prior year's EBITDA and our Board's previously approved plan with targeted EBITDA or other Board-approved thresholds adjusted for changes in accounting policies and non-recurring extraordinary transactions and (ii) individual performance. Mr. Toomy and Mr. Beaudrault did not participate in the Home Office Bonus Plan but rather participated in the Management Bonus Plans for the Chief Operating Officers described below.

Individual performance is measured against goals developed prior to the period in question. The goals typically address whether the individual complied with budget objectives and managed to achieve department specific objectives oriented toward facilitating the Company achieving its EBITDA goal. These goals differ by person and include, among others, same store sales, entrée count, development of additional operating units, addition of operating weeks, increase in check average, completion of transactions, settlement of litigation and management of third party vendor costs.

In fiscal 2012, our goals for the Home Office Bonus Plan were based on EBITDA as they tend to provide a true measure of profitability by aligning incentives with stockholder value. The 2012 EBITDA target range under the Home Office Bonus Plan was approximately \$44,000,000 to \$45,000,000.

The percentage of base salary for each cash bonus is established based on the individual's level of responsibility. During 2012, the target and maximum cash bonuses were as follows:

Name	Target Base Salary %	Maximum Base Salary %
Michael P. O'Donnell	100%	200%
Cheryl J. Henry	45%	90%
Arne G. Haak	60%	120%

These percentages are used to calculate the annual bonus amounts and are prorated at a percentage based on the number of weeks worked by the individual in the fiscal year. The actual cash bonuses payable to our executive officers may be equal to or greater than the target cash bonus, depending on the operational performance, the individual's performance and certain other factors that may be considered by our Board and our Compensation Committee. There are no minimum cash bonuses established by the Home Office Bonus Plan. Each award may, subject to recommendation by our Compensation Committee and approval by our Board, be increased up to 100%, based on our Company's performance.

Cash bonuses of \$747,250, \$253,575 and \$154,350 were paid to Mr. O'Donnell, Mr. Haak and Ms. Henry, respectively, under the Home Office Bonus Plan for fiscal 2012.

Management Bonus Plans for Chief Operating Officers

We also adopted two additional Management Bonus Plans for each of the Chief Operating Officers with a purpose consistent to the Management Bonus Plan described above. Similar to the Home Office Bonus Plan described above, the bonus awards for the Chief Operating Officers are reviewed and approved by our Compensation Committee and Board. However, the awards are based on the financial performance of the respective concept each Chief Operating Officer oversees as measured against an approved brand-specific operating income targets. The 2012 brand-specific operating income target for Mr. Toomy was \$68,424,000 and the 2012 brand-specific operating income target for Mr. Beaudrault was \$2,448,000.

Table of Contents

Under the Management Bonus Plans for the Chief Operating Officers, Mr. Toomy and Mr. Beaudrault are eligible for a bonus for achieving the prior year's brand-specific operating income and an additional bonus for achieving their respective brand-specific operating income targets. In addition, they receive a bonus equal to 10% of the amount over their brand-specific cash flow targets. The maximum total bonus payout under the Management Bonus Plans for the Chief Operating Officers is one times the annual salary of the respective officer. There are no minimum cash bonuses established by the Management Bonus Plans for the Chief Operating Officers.

Bonuses of \$300,000 and \$100,000 were paid to Mr. Toomy and Mr. Beaudrault, respectively, under their respective Management Bonus Plans for fiscal 2012.

Discretionary Bonuses

Our Compensation Committee also periodically considers bonuses outside of the Home Office Bonus Plan and the Management Bonus Plans, based on both individual and corporate performance, in the form of discretionary bonuses. In light of the performance of the Ruth's Chris Steak House brand, the Compensation Committee awarded a discretionary cash bonus of \$76,737 to Mr. Toomy.

Long-Term Incentive Awards

The Company's equity programs are designed to encourage creation of long-term value for our stockholders, employee retention and stock ownership. The programs currently consist of stock option grants and restricted stock awards. Our equity incentive programs are intended to promote a long-term focus on results and to align employee and stockholder interests.

Executive officers receive a portion of their overall targeted compensation in the form of equity in order to align interests of management and stockholders and promote a focus on long-term results. Based on the recommendation of our Compensation Committee's independent compensation consultant, Towers Watson, we adopted a new equity award grant policy for executive officers and key employees in July 2012 that provides that each of the Company's executive officers and key employees may receive an annual award under the 2005 Long-Term Equity Incentive Plan. The annual award is anticipated to consist of 50% restricted shares and 50% performance shares, of a value relative to base salary that is consistent with the median long-term incentive plan practices of peer companies. The restricted shares will vest in equal annual installments over the three years following the grant date, subject to continued service as an employee and other certain exceptions. The performance shares were granted in March 2013, taking into account the Compensation Committee's policy and based upon EBITDA and EPS performance for the prior calendar year and will vest on the second anniversary of the grant date, subject to continued service as an employee and certain other exceptions.

Consistent with the above, our Board granted restricted stock awards to Messrs. O'Donnell, Haak, Toomy, Beaudrault and Ms. Henry.

Benefits

The Company's benefits philosophy for executive officers is that benefits should provide employees protection from catastrophic events, enable employees to plan for their future and be competitive in order to attract and retain a high-quality workforce. The types of benefits provided to the named executive officers consist of medical benefits plans, life and accidental death and dismemberment insurance plans, long-term disability plans, 401(k) matching contributions and automobile allowances.

The Company maintains a non-qualified deferred compensation plan that is unsecured and allows certain high-level employees, including executive officers, to voluntarily defer receipt of their salary above specified amounts and bonus payments into accounts established under the plan. These accounts are credited with earnings from amounts invested in funds available through Fidelity Investments, the plan's record keeper, as selected by each participant.

Table of Contents

The Company also allows its executive officers to dine in its restaurants free of charge in order to permit these officers to conduct quality control tests.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the annual tax deductibility of compensation paid to each named executive officer (other than the Chief Financial Officer) to \$1.0 million. However, certain types of performance-based compensation are excluded from the \$1.0 million deduction limit if specific requirements are met. Our Compensation Committee considers the impact of Section 162(m) when reviewing our executive compensation programs and structuring our bonus plans so that a number of awards would be granted under these programs and plans in a manner that preserves federal income tax deductibility under Section 162(m). However, tax deductibility is not the primary factor used by our Compensation Committee in setting compensation and corporate objectives may not necessarily align with the requirements for full tax deductibility under Section 162(m). Our Compensation Committee has chosen and may in the future again choose to provide compensation that may not be deductible if it believes that certain awards are in the best interests of our Company and our stockholders and help ensure that our named executive officers receive total compensation that is competitive with our peer group or reflects superior performance.

Severance and Termination Arrangements

Our named executive officers have employment agreements that provide for payments upon a termination of employment by the executive for good reason, by the Company without cause or upon death or disability as described later in this proxy statement in the section entitled Employment Agreements. The Company believes that these agreements effectively create incentives for our executives to build stockholder value without the fear of losing employment for situations other than for cause. These arrangements are intended to attract and retain qualified executives who could have other job alternatives that may appear to them to be less risky absent these arrangements.

As of December 30, 2012, there were 2,475,145 shares of common stock issuable upon exercise of currently outstanding options and restricted stock awards and 496,944 shares available for future grants. Directors, officers and other employees of the Company, as well as others performing services for us, are

Executive Stock Ownership Guidelines; Anti-Hedging Policy

In July 2012, based on the recommendation of our Compensation Committee's independent compensation consultant, Towers Watson, our Compensation Committee approved stock ownership guidelines for our executive officers, based on the belief that stock ownership guidelines further align the interests of our executive officers with those of our stockholders. Pursuant to our executive officer stock ownership guidelines, each executive officer is generally expected to accumulate and hold shares of our common stock equal in value to two times his or her annual tenure-based equity grant, with the exception of the Chief Executive Officer who is required to hold shares of our common stock equal in value to three times his or her annual tenure-based equity grant. Shares subject to stock options and unvested/unearned performance shares will not count toward the minimum ownership requirement. Restricted stock and restricted stock units (whether or not vested) will count toward the minimum ownership requirement. Executive officers have three years to achieve their targeted level. All named executive officers satisfied our stock ownership guidelines as of the end of fiscal 2012.

Pursuant to our insider trading policy, our executive officers may not engage in any hedging or monetization transactions involving our securities.

Michael P. O'Donnell. In August 2008, we entered into an employment agreement with Mr. O'Donnell outlining the terms by which Mr. O'Donnell would serve as our Chairman and Chief Executive Officer and a member of our Board. Mr. O'Donnell's current base salary is \$610,000 and is subject to annual review and any annual bonus is under the Home Office Bonus Plan. Pursuant to his employment agreement, if Mr. O'Donnell's employment is terminated by us without cause, or by Mr. O'Donnell for good reason (as those terms are defined below) during the employment term, Mr. O'Donnell will be entitled to continue to receive his base salary for 12 months after the date of such termination (with an additional fifty percent (50%) of his base salary payable if terminated within the first two years of employment due to a change in the majority of the current Board of Directors) and 12 monthly payments in the aggregate equal to 50% of his prior year bonus compensation. Mr. O'Donnell would also receive 12 months continued health, welfare and retirement benefits, 12 months of automobile allowance pursuant to current Company guidelines and continued vesting rights for his options and restricted stock for 12 months. We have the option of paying the severance on a monthly or lump-sum basis. Upon commencement of his employment, Mr. Haak received 100,000 restricted stock units, all of which will vest on August 8, 2014 (assuming that Mr. Haak remains employed by the Company on such date). If Mr. Haak's employment is terminated by the Company without cause, or by the executive for good reason (as those terms are defined below), then the executive will be entitled to receive (i) his base salary for twelve months after the date of such termination, (ii) twelve monthly payments in the aggregate equal to 50% of his prior year bonus compensation, (iii) continued health, welfare and retirement benefits for twelve months, (iv) twelve monthly payments of his automobile allowance, (v) all unreimbursed expenses, and (vi) continued vesting rights for his options and restricted stock for twelve months. The employment agreements for our executive officers define cause as meaning, subject to any applicable cure periods, (i) an officer's theft, embezzlement, perpetration of fraud, misappropriation of property or attempts at such; (ii) any act of disloyalty, misconduct or moral turpitude by an officer that is injurious to the Company; or (iii) an officer's willful disregard of a lawful directive given by a superior or our Board of Directors or a violation of the Company's employment policy.

The employment agreements for our executive officers define good reason to mean (i) the assignment by our Board of Directors to an officer of any material duties that are clearly inconsistent with the officer's status, title and position or (ii) failure by the Company to pay the officer any amounts required under the officer's employment agreement with which failure continues uncured for a period of 15 days after written notice is given. Additionally, with respect to our employment agreements with Mr. O'Donnell, Mr. Haak, and Ms. Henry, good reason also includes a material relocation of the Company requiring the executive to relocate or upon notice of the Company's intent not to renew the agreement.

Except as specifically described above, all options and restricted stock issued under the Company's equity incentive plans, whether or not then exercisable (as applicable), generally cease vesting when a grantee ceases to

be an employee. Options generally expire 30 days after the date of cessation of service, so long as the grantee does not compete with us during that 30-day period without our permission. Upon termination for cause, all options will terminate immediately.

All of the restricted stock and options issued under the 2005 Long-Term Equity Incentive Plan will become fully vested if a grantee is terminated within one year of a change in control. If we undergo a change in control, the committee administering the 2005 Long-Term Equity Incentive Plan may provide that the options issued under such plan become exercisable and that such options may terminate if not exercised on the date of the change in control. Such committee may also accelerate the vesting of restricted stock grants under the 2005 Long-Term Equity Incentive Plan. Assuming all outstanding restricted stock was fully vested and all options were exercisable, the table below provides the estimated value to our named executive officers as of December 30, 2012:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related-Party Transactions Policy and Procedure

During fiscal 2012, we were not a party to any transaction or series of similar transactions in which the amount involved exceeded or will exceed \$120,000 and in which any current director, executive officer, holder of more than 5% of our capital stock, or any member of the immediate family of any of the foregoing, had or will have a direct or indirect material interest.

The Audit Committee is responsible for review, approval or ratification of related-person transactions between Ruth s Hospitality Group, Inc. or its subsidiaries and related persons. Under SEC rules, a related person is a director, officer, nominee for director or 5% stockholder of the company since the beginning of the last fiscal year and their immediate family members. In the course of its review and approval or ratification of a related-party transaction, the Audit Committee considers:

the nature of the related-party s interest in the transaction;

the material terms of the transaction, including the amount involved and type of transaction;

the importance of the transaction to the related-party and to the Company;

whether the transaction would impair the judgment of a director or executive officer to act in our best interest and the best interest of our stockholders; and

any other matters that the Audit Committee deems appropriate.

Any member of the Audit Committee who is a related-party with respect to a transaction under review may not participate in the deliberations or vote on the approval or ratification of the transaction. However, such a director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction.

(ii) The maximum number of shares of Common Stock subject to any performance goal (as described in Section 9) which may be granted under the Plan during any fiscal year of the Company to any participant shall be 500,000 shares (which shall be subject to any further increase or decrease pursuant to Section 15) with respect to any fiscal year of the Company.

(iii) The maximum value of a cash payment made under a Performance Award (as described in Section 9) which may be granted under the Plan with respect to any fiscal year of the Company to any participant shall be \$5,000,000.

The individual participant limitations set forth in this Section 4(b) (other than Section 4(b)(iii)) shall be cumulative; that is, to the extent that shares of Common Stock for which Awards are permitted to be granted to a participant during a fiscal year are not covered by an Award to such participant in a fiscal year, the number of shares of Common Stock available for Awards to such participant shall automatically increase in the subsequent fiscal years during the term of the Plan until used.

5. Participation.

Participation in the Plan shall be limited to those directors (including Non-Employee Directors), officers (including non-employee officers) and employees of, and other individuals performing services for, the Company and its Subsidiaries selected by the Committee (including participants located outside the United States). Nothing in the Plan or in any grant thereunder shall confer any right on a participant to continue in the service or employ as a director or officer of or in the performance of services for the Company or a Subsidiary or shall interfere in any way with the right of the Company or a Subsidiary to terminate the employment or performance of services or to reduce the compensation or responsibilities of a participant at any time. By accepting any Award under the Plan, each participant and each person claiming under or through him or her shall be conclusively deemed to have indicated his or her acceptance and ratification of, and consent to, any action taken under the Plan by the Company, the Board or the Committee.

Incentive Stock Options or Non-qualified Stock Options, restricted stock awards, restricted stock unit or deferred stock unit awards, Performance Awards, or any combination thereof, may be granted to such persons and for such number of Shares as the Committee shall determine (such individuals to whom grants are made being sometimes herein called optionees or grantees, as the case may be). Determinations made by the Committee under the Plan need not be uniform and may be made selectively among eligible individuals under the Plan, whether or not such individuals are similarly situated. A grant of any type made hereunder in any one year to an eligible participant shall neither guarantee nor preclude a further grant of that or any other type to such participant in that year or subsequent years.

6. Incentive and Non-qualified Options.

The Committee may from time to time grant to eligible participants Incentive Stock Options, Non-qualified Stock Options, or any combination thereof; provided that the Committee may grant Incentive Stock Options only to eligible employees of the Company or its subsidiaries (as defined for this purpose in Section 424(f) of the Code or any successor thereto). In any one calendar year, the Committee shall not grant to any one participant options to purchase a number of shares of Common Stock in excess of 1,465,625. The options granted shall take such form as the Committee shall determine, subject to the following terms and conditions.

It is the Company's intent that Non-qualified Stock Options granted under the Plan not be classified as Incentive Stock Options, that Non-qualified Stock Options not give rise to plan failure income inclusion, under Section 409A(a)(1) of the Code, that Incentive Stock Options be consistent with and contain or be deemed to contain all provisions required under Section 422 of the Code and any successor thereto, and that any ambiguities in construction be interpreted in order to effectuate such intent. If an Incentive Stock Option granted under the Plan does not qualify as such for any reason, then to the extent of such non-qualification, the stock option represented thereby shall be regarded as a Non-qualified Stock Option duly granted under the Plan, provided that such stock option otherwise meets the Plan's requirements for Non-qualified Stock Options. If a Non-qualified Stock Option granted under the Plan would give rise to plan failure inclusion under Section 409A(a)(1) of the Code in the absence of either restrictions on the circumstances under which the Non-qualified Stock Option may be exercised or other terms limiting the rights of the holder with respect to the Non-qualified Stock Option, the Committee may (but shall have no obligation to) impose such restrictions or other terms in the agreement pursuant to which the Non-qualified Stock Option is granted.

(a) **Price.** The price per Share deliverable upon the exercise of each option (exercise price) may not be less than 100% of the Fair Market Value of a share of Common Stock as of the date of grant of the option, and in the case of the grant of any Incentive Stock Option to an employee who, at the time of the grant, owns more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries, the exercise price may not be less than 110% of the Fair Market Value of a share of Common Stock as of the date of grant of the option, in each case unless otherwise permitted by Section 409A and Section 422 of the Code or any successor thereto.

Table of Contents

(b) **Payment.** Options may be exercised, in whole or in part, upon payment of the exercise price of the Shares to be acquired. Unless otherwise determined by the Committee, payment shall be made (i) in cash (including check, bank draft, money order or wire transfer of immediately available funds), (ii) by delivery of outstanding shares of Common Stock with a Fair Market Value on the date of exercise equal to the aggregate exercise price payable with respect to the options exercise, (iii) by simultaneous sale through a broker reasonably acceptable to the Committee of Shares acquired on exercise, as permitted under Regulation T of the Federal Reserve Board or (iv) by any combination of the foregoing.

In the event a grantee elects to pay the exercise price payable with respect to an option pursuant to clause (ii) above, (A) only a whole number of share(s) of Common Stock (and not fractional shares of Common Stock) may be tendered in payment and (B) Common Stock must be delivered to the Company. Delivery for this purpose may, at the election of the grantee, be made either by (1) physical delivery of the certificate(s) for all such shares of Common Stock tendered in payment of the price, accompanied by duly executed instruments of transfer in a form acceptable to the Company, or (2) direction to the grantee's broker to transfer, by book entry, such shares of Common Stock from a brokerage account of the grantee to a brokerage account specified by the Company. When payment of the exercise price is made by delivery of Common Stock, the difference, if any, between the aggregate exercise price payable with respect to the option being exercised and the Fair Market Value of the shares of Common Stock tendered in payment (plus any applicable taxes) shall be paid in cash. No grantee may tender shares of Common Stock having a Fair Market Value exceeding the aggregate exercise price payable with respect to the option being exercised (plus any applicable taxes).

(c) **Terms of Options.** The term during which each option may be exercised shall be determined by the Committee, but if required by the Code and except as otherwise provided herein, no option shall be exercisable in whole or in part more than ten years from the date it is granted, and no Incentive Stock Option granted to an employee who at the time of the grant owns more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries shall be exercisable more than five years from the date it is granted. All rights to purchase Shares pursuant to an option shall, unless sooner terminated, expire at the date designated by the Committee. The Committee shall determine the date on which each option shall become exercisable and may provide that an option shall become exercisable in installments. The Shares constituting each installment may be purchased in whole or in part at any time after such installment becomes exercisable, subject to such minimum exercise requirements as may be designated by the Committee. Prior to the exercise of an option and delivery of the Shares represented thereby, the optionee shall have no rights as a stockholder with respect to any Shares covered by such outstanding option (including any dividend or voting rights).

(d) **Limitations on Grants.** If required by the Code, the aggregate Fair Market Value (determined as of the grant date) of Shares for which an Incentive Stock Option is exercisable for the first time by any individual during any calendar year under all equity incentive plans of the Company and its Subsidiaries (as defined in Section 422 of the Code or any successor thereto) may not exceed \$100,000.

(e) **Termination: Forfeiture.**

(i) **Death or Disability.** If a participant ceases to be a director, officer or employee of, or to perform other services for, the Company or any Subsidiary due to death or Disability, a number of options equal to the sum of (i) the number of options that were exercisable on the date of the participant's death or Disability plus (ii) such additional number of options to which the participant would have been entitled had the participant's employment continued for one year following the date of termination, shall become fully vested and exercisable and shall remain so for a period of 180 days from the date of such death or Disability, but in no event after the expiration date of the options; provided that the participant does not engage in Competition during such 180-day period unless he or she received written consent to do so from the Board or the Committee; provided further that the Board or Committee may extend such exercise period (and related non-competition period) in its discretion, but in no event may such extended exercise period extend beyond the expiration date of the options. Remaining options that were not exercisable on the date of a

Table of Contents

Participant's death or Disability as set forth in the preceding sentence shall expire and be forfeited. Notwithstanding the foregoing, if the Disability giving rise to the termination of employment is not within the meaning of Section 22(e)(3) of the Code or any successor thereto, Incentive Stock Options not exercised by such participant within 90 days after the date of termination of employment will cease to qualify as Incentive Stock Options and will be treated as Non-qualified Stock Options under the Plan if required to be so treated under the Code.

(ii) Retirement. If a participant ceases to be a director, officer or employee of, or to perform other services for, the Company or any Subsidiary upon the occurrence of his or her Retirement, (A) all of the participant's options that were exercisable on the date of Retirement shall remain exercisable for, and shall otherwise terminate at the end of, a period of 90 days after the date of Retirement, but in no event after the expiration date of the options; provided that the participant does not engage in Competition during such 90 day period unless he or she receives written consent to do so from the Board or the Committee; provided further that the Board or the Committee may extend such exercise period (and related non-competition period) in its discretion, but in no event may such extended exercise period extend beyond the expiration date of the options, and (B) all of the participant's options that were not exercisable on the date of Retirement shall be forfeited immediately upon such Retirement; provided, however, that such options may become fully vested and exercisable in whole or in part in the discretion of the Committee. Notwithstanding the foregoing, Incentive Stock Options not exercised by such participant within 90 days after Retirement will cease to qualify as Incentive Stock Options and will be treated as Non-qualified Stock Options under the Plan if required to be so treated under the Code.

(iii) Termination for Cause. If a participant ceases to be a director, officer or employee of, or to perform other services for, the Company or a Subsidiary due to Cause, all of the participant's options shall expire and be forfeited on the date the Company or a Subsidiary delivers to the Participant notice of termination of employment for Cause, whether or not then exercisable.

(iv) Other Termination. Unless otherwise determined by the Committee, if a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company or a Subsidiary for any reason other than death, Disability, Retirement or discharge for Cause, (A) all of the participant's options that were exercisable on the date of such cessation shall remain exercisable for, and shall otherwise terminate at the end of, a period of 30 days after the date of such cessation, but in no event after the expiration date of the options; provided that the participant does not engage in Competition during such 30-day period unless he or she receives written consent to do so from the Board or the Committee; provided further that the Board or Committee may extend such exercise period (and related non-competition period) in its discretion, but in no event may such extended exercise period extend beyond the expiration date of the options, and (B) all of the participant's options that were not exercisable on the date of such cessation shall be forfeited immediately upon such cessation. Notwithstanding the foregoing, Incentive Stock Options not exercised within 90 days after termination will cease to qualify as Incentive Stock Options and will be treated as a Non-qualified Stock Option under the Plan if required to be so treated under the Code.

(v) Change in Control. If there is a Change in Control of the Company and a Participant is terminated other than for Cause from being a director, officer or employee of, or from performing other services for, the Company or a Subsidiary within one year after such Change in Control, all of the participant's options shall become fully vested and exercisable upon such termination and shall remain so for up to one year after the date of termination, but in no event after the expiration date of the options. Notwithstanding the foregoing, Incentive Stock Options not exercised within 90 days after a participant's termination will cease to qualify as an Incentive Stock Option and will be treated as a Non-qualified Stock Option under the Plan if required to be so treated under the Code.

7. Restricted Stock.

The Committee may at any time and from time to time grant Shares of restricted stock under the Plan to such participants and in such amounts as it determines. Each grant of Shares of restricted stock shall specify the applicable restrictions on such Shares, the duration of such restrictions (which shall be at least six months except as otherwise determined by the Committee or provided in the third paragraph of this Section 7; provided that any such Shares issued with restrictions that have a duration of less than three years will constitute Excluded Shares), and the time or times at which such restrictions shall lapse with respect to all or a specified number of Shares that are part of the grant.

The participant will be required to pay the Company the aggregate par value of any Shares of restricted stock (or such larger amount as the Board may determine to constitute capital under Section 154 of the Delaware General Corporation Law, as amended, or any successor thereto) within ten days of the date of grant, unless such Shares of restricted stock are treasury shares. Unless otherwise determined by the Committee, certificates representing Shares of restricted stock granted under the Plan will be held in escrow by the Company on the participant's behalf during any period of restriction thereon and will bear an appropriate legend specifying the applicable restrictions thereon, and the participant will be required to execute a blank stock power therefor. Except as otherwise provided by the Committee, during such period of restriction the participant shall have all of the rights of a holder of Common Stock, including but not limited to the rights to receive dividends (so long as such dividends are paid by March 15 of the year following the year in which the participant's right to receive the dividends vests) and to vote, and any stock or other securities received as a distribution with respect to such participant's restricted stock shall be subject to the same restrictions as then in effect for the restricted stock.

Except as otherwise provided by the Committee, if a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company and its Subsidiaries due to death or Disability during any period of restriction, a number of shares of restricted stock equal to the sum of (i) the number of shares of restricted stock for which the restrictions have lapsed plus (ii) the number of shares of restricted stock for which the restrictions will have lapsed within one year following the date of termination, shall become fully vested. At such time as a participant ceases to be a director, officer or employee of, or otherwise performing services for, the Company or its Subsidiaries for any other reason, all Shares of restricted stock granted to such participant on which the restrictions have not lapsed shall be immediately forfeited to the Company.

If there is a Change in Control of the Company and a participant is terminated other than for Cause from being a director, officer or employee of, or from performing other services for, the Company or a subsidiary within one year after such Change in Control, all restrictions on Shares granted to such participant shall lapse.

8. Restricted Stock Units; Deferred Stock Units.

The Committee may at any time and from time to time grant restricted stock units under the Plan to such participants and in such amounts as it determines. Each grant of restricted stock units shall specify the applicable restrictions on such units, the duration of such restrictions (which shall be at least six months except as otherwise determined by the Committee or provided in the third paragraph of this Section 8; provided that any such restricted stock units issued with restrictions that have a duration of less than three years will constitute Excluded Shares), and the time or times at which such restrictions shall lapse with respect to all or a specified number of units that are part of the grant.

Each restricted stock unit shall be equivalent in value to one share of Common Stock and shall entitle the participant to receive from the Company following the end of the vesting period (the Vesting Period) applicable to such unit one Share as provided in the applicable Award Agreement, unless the participant elects in a timely fashion to defer the receipt of such Shares, as provided below. Restricted stock units may be granted without payment of cash or consideration to the Company; provided that participants shall be required to pay to the Company the aggregate par value of the Shares received from the Company within ten days of the issuance of such Shares unless such Shares are treasury shares.

Table of Contents

Except as otherwise provided by the Committee, during the Vesting Period the participant shall not have any rights as a shareholder of the Company; provided that the participant shall have the right to receive accumulated dividends (so long as such dividends are paid by March 15 of the year following the year in which the participant's right to receive the dividend vests) or distributions with respect to the corresponding number of shares of Common Stock underlying each restricted stock unit at the end of the Vesting Period, unless such restricted stock units are converted into deferred stock units, in which case such accumulated dividends or distributions shall be paid by the Company to the participant at such time as the deferred stock units are converted into Shares and as provided in the applicable Award Agreement.

Except as otherwise provided by the Committee, if a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company or any Subsidiary due to death, Disability or Retirement during any period of restriction, all restrictions on restricted stock units granted to such participant shall lapse. At such time as a participant ceases to be a director, officer or employee of, or otherwise performing services for, the Company or any Subsidiary for any other reason, all restricted stock units granted to such participant on which the restrictions have not lapsed shall be immediately forfeited to the Company.

If there is a Change in Control of the Company and a participant is terminated other than for Cause from being a director, officer or employee of, or from performing other services for, the Company or any Subsidiary within one year after such Change in Control, all restrictions on restricted stock units granted to such participant shall lapse.

Except as otherwise provided by the Committee, a participant may elect by written notice to the Company, which notice must be made before the later of (i) the close of the tax year preceding the year in which the restricted stock units are granted or (ii) 30 days of first becoming eligible to participate in the Plan (or, if earlier, the last day of the tax year in which the participant first becomes eligible to participate in the plan) and on or prior to the date the restricted stock units are granted, to defer the receipt of all or a portion of the Shares due with respect to the vesting of such restricted stock units; provided that the Committee may impose such additional restrictions with respect to the time at which a participant may elect to defer receipt of Shares subject to the deferral election, and any other terms with respect to a grant of restricted stock units to the extent the Committee deems necessary to enable the participant to defer recognition of income with respect to such units until the Shares underlying such units are issued or distributed to the participant. Upon such deferral, the restricted stock units so deferred shall be converted into deferred stock units. Except as provided below, delivery of Shares with respect to deferred stock units shall be made at the end of the deferral period set forth in the participant's deferral election notice (the "Deferral Period"). Deferral Periods shall be no less than one year after the vesting date of the applicable restricted stock units.

Except as otherwise provided by the Committee and set forth in the written terms of a participant's deferral election, during such Deferral Period the participant shall not have any rights as a shareholder of the Company; provided that, the participant shall have the right to receive accumulated dividends or distributions with respect to the corresponding number of shares of Common Stock underlying each deferred stock unit at the end of the Deferral Period when such deferred stock units are converted into Shares.

Except as otherwise provided by the Committee and set forth in the written terms of a participant's deferral election, if a Participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company or any Subsidiary upon his or her death prior to the end of the Deferral Period, the participant shall receive payment in Shares in respect of such participant's deferred stock units which would have matured or been earned at the end of such Deferral Period as if the applicable Deferral Period had ended as of the date of such participant's death.

Except as otherwise provided by the Committee and set forth in the written terms of a participant's deferral election, if a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company or any Subsidiary due to a Disability or upon Retirement or for any other reason except termination for

Table of Contents

Cause prior to the end of the Deferral Period, the participant shall receive payment in Shares in respect of such participant's deferred stock units at the end of the applicable Deferral Period or on such accelerated basis as the Committee may determine, to the extent permitted by regulations issued under Section 409A(a)(3) of the Code. Provided, however, in the case of any specified employee as defined in Section 409A of the Code, distributions to such person, as a result of a Retirement or other reason other than for cause, may not be made earlier than a date which is (A) 6 months following the date of separation from service or (B) such participant's death.

Except as otherwise provided by the Committee, if a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company or any Subsidiary due to termination for Cause such participant shall immediately forfeit any deferred stock units which would have matured or been earned at the end of the applicable Deferral Period.

Except as otherwise provided by the Committee and set forth in the written terms of a participant's deferral election, in the event of a Change in Control that also constitutes a change in the ownership or effective control of the Company, or a change in the ownership of a substantial portion of the Company's assets (in each case as determined under regulations issued pursuant to Section 409A(a)(2)(A)(v) of the Code), a participant shall receive payment in Shares in respect of such participant's deferred stock units which would have matured or been earned at the end of the applicable Deferral Period as if such Deferral Period had ended immediately prior to the Change in Control; provided, however, that if an event that constitutes a Change in Control hereunder does not constitute a change in control under Section 409A of the Code (or the regulations promulgated thereunder), no payments with respect to the deferred stock units shall be made under this paragraph to the extent such payments would constitute an impermissible acceleration under Section 409A of the Code.

9. Performance Awards.

Performance Awards may be granted to participants at any time and from time to time as determined by the Committee. The Committee shall have complete discretion in determining the size and composition of Performance Awards granted to a participant. The Committee may grant Performance Awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code, as well as Performance Awards that are not intended to qualify as performance-based compensation under Section 162(m) of the Code. The period over which performance is to be measured (a performance cycle) shall commence on the date specified by the Committee and shall end on the last day of a fiscal year specified by the Committee. Each Performance Award shall be paid no later than the 15th day of the third month immediately following the end of the first calendar year in which all of the conditions necessary to entitle the applicable participant to payment of such Performance Award have been satisfied, provided that, if paying a Performance Award within such time frame would (i) be administratively impracticable due to events not foreseeable at the time the Performance Award was granted, or (ii) jeopardize the Company's ability to continue as a going concern, then the Company may delay payment of such Performance Award until the earliest time that payment would (i) not be administratively impracticable, or (ii) jeopardize the Company's ability to continue as a going concern. Such payment terms are intended to cause Performance Awards to satisfy the requirements for short-term deferrals set forth in Section 1.409A-1(b)(4) of the United States Treasury Regulations, and shall be interpreted and applied in a manner consistent with such intention. Performance awards may include (i) specific dollar-value target awards (ii) performance units, the value of each such unit being determined by the Committee at the time of issuance, and/or (iii) performance Shares, the value of each such Share being equal to the Fair Market Value of a share of Common Stock.

The value of each Performance Award may be fixed or it may be permitted to fluctuate based on a performance factor selected by the Committee pursuant to this Section 9. With respect to Performance Awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee shall establish the objective Performance Goals for the earning of Performance Awards based on a performance cycle applicable to each participant or class of participants in writing prior to the beginning of the applicable performance cycle or at such later date as permitted under Section 162(m) of the Code and while the

Table of Contents

outcome of the Performance Goals are substantially uncertain. Such Performance Goals may incorporate, if and only to the extent permitted under Section 162(m) of the Code, provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances. To the extent that any such provision would create impermissible discretion under Section 162(m) of the Code, such provision shall be of no force or effect, with respect to Performance Awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code. For Performance Awards that are not intended to qualify as performance-based compensation the Committee shall establish performance goals and objectives for each performance cycle on the basis of such criteria and objectives as the Committee may select from time to time.

During any performance cycle, the Committee shall have the authority to adjust the Performance Goals and objectives for such cycle for such reasons as it deems equitable. Any Shares issued or issuable under Performance Awards with restrictions that have a duration of less than one year will constitute Excluded Shares.

The Committee shall determine the portion of each Performance Award that is earned by a participant on the basis of the Company's performance over the performance cycle in relation to the Performance Goals for such cycle. The earned portion of a Performance Award may be paid out in Shares, cash, Other Company Securities, or any combination thereof, as the Committee may determine.

The Committee may from time to time grant cash-based Performance Awards to eligible individuals in such amounts, on such terms and conditions, and for such consideration or such minimum considerations as may be required by applicable law, as it shall determine in its sole discretion. Cash-based Performance Awards may be granted subject to the satisfaction of vesting conditions or may be awarded purely as a bonus and not subject to restrictions or conditions, and if subject to vesting conditions, the Committee may accelerate the vesting of such Performance Awards at any time in its sole discretion. The grant of a cash-based Performance Award shall not require a segregation of any of the Company's assets for satisfaction of the Company's payment obligation thereunder.

Except as otherwise determined by the Committee with respect to cash awards, a participant must be a director, officer or employee of, or otherwise perform services for, the Company or its Subsidiaries at the end of the performance cycle in order to be entitled to payment of a Performance Award issued in respect of such cycle; provided, however, that except as otherwise determined by the Committee, if a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company and its Subsidiaries upon his or her death, Disability or Retirement prior to the end of the performance cycle, the participant shall earn a proportionate portion of the Performance Award based upon the elapsed portion of the performance cycle and the Company's performance over that portion of such cycle, provided that, with respect to any Performance Award intended to qualify as performance-based for purposes of Section 162(m) of the Code, payment of such portion of the Performance Award shall also be conditioned on satisfaction of the Performance Goals applicable to such Performance Award.

In the event of a Change in Control, a participant shall earn no less than the portion of the Performance Award that the participant would have earned if the applicable performance cycle(s) had terminated as of the date of the Change in Control.

10. Withholding Taxes.

(a) Participant Election. Unless otherwise determined by the Committee, a participant may elect to deliver shares of Common Stock (or have the Company withhold shares acquired upon exercise of an option or deliverable upon grant or vesting of restricted stock, as the case may be) to satisfy, in whole or in part, the minimum amount the Company is required to withhold for taxes in connection with the exercise of an option or the delivery of restricted stock upon grant or vesting, as the case may be. Such election must be made on or before the date the amount of tax to be withheld is determined. Once made, the election shall be irrevocable by

Table of Contents

the Participant. The fair market value of the shares to be withheld or delivered will be the Fair Market Value as of the date the amount of tax to be withheld is determined. In the event a participant elects to deliver or have the Company withhold shares of Common Stock pursuant to this Section 10(a), such delivery or withholding must be made subject to the conditions and pursuant to the procedures set forth in Section 6(b) with respect to the delivery or withholding of Common Stock in payment of the exercise price of options.

(b) **Company Requirement.** The Company may require, as a condition to any grant or exercise under the Plan or to the delivery of certificates for Shares issued hereunder, that the grantee make provision for the payment to the Company, either pursuant to Section 10(a) or this Section 10(b), of federal, state or local taxes of any kind required by law to be withheld with respect to any grant or delivery of Shares. The Company, to the extent permitted or required by law, shall have the right to deduct from any payment of any kind (including salary or bonus) otherwise due to a grantee, an amount equal to any federal, state or local taxes of any kind required by law to be withheld with respect to any grant or delivery of Shares under the Plan.

11. Written Agreement; Vesting.

Unless the Committee determines otherwise, each participant to whom a grant is made under the Plan shall enter into a written agreement with the Company that shall contain such provisions, including without limitation vesting requirements, consistent with the provisions of the Plan, as may be approved by the Committee. Unless the Committee determines otherwise and except as otherwise provided in Sections 6, 7, 8 and 9 in connection with a Change in Control or certain occurrences of termination, no grant under this Plan may be exercised, and no restrictions relating thereto may lapse, within six months of the date such grant is made.

12. Transferability.

Unless the Committee determines otherwise, no award granted under the Plan shall be transferable by a participant other than by will or the laws of descent and distribution or to a participant's Family Member by gift or a qualified domestic relations order as defined by the Code. Unless the Committee determines otherwise, an option may be exercised only by the optionee or grantee thereof; by his or her Family Member if such person has acquired the option by gift or qualified domestic relations order; by the executor or administrator of the estate of any of the foregoing or any person to whom the option is transferred by will or the laws of descent and distribution; or by the guardian or legal representative of any of the foregoing; provided that Incentive Stock Options may be exercised by any Family Member, guardian or legal representative only if permitted by the Code and any regulations thereunder. All provisions of this Plan shall in any event continue to apply to any award granted under the Plan and transferred as permitted by this Section 12, and any transferee of any such award shall be bound by all provisions of this Plan as and to the same extent as the applicable original grantee.

13. Listing, Registration and Qualification.

If the Committee determines that the listing, registration or qualification upon any securities exchange or under any law of Shares subject to any option, performance award, restricted stock unit, deferred stock unit or restricted stock grant is necessary or desirable as a condition of, or in connection with, the granting of same or the issue or purchase of Shares thereunder, no such option may be exercised in whole or in part, no such performance award may be paid out, and no Shares may be issued, unless such listing, registration or qualification is effected free of any conditions not acceptable to the Committee.

14. Transfer of Employee.

The transfer of an employee from the Company to a Subsidiary, from a Subsidiary to the Company, or from one Subsidiary to another shall not be considered a termination of employment; nor shall it be considered a termination of employment if an employee is placed on military or sick leave or such other leave of absence which is considered by the Committee as continuing intact the employment relationship.

Table of Contents

15. Adjustments.

In the event of a reorganization, recapitalization, stock split, stock dividend, combination of shares, merger, consolidation, distribution of assets, or any other change in the corporate structure or shares of the Company, the Committee shall make such adjustment as it deems appropriate in the number and kind of Shares or other property available for issuance under the Plan (including, without limitation, the total number of Shares available for issuance under the Plan pursuant to Section 4), in the number and kind of options, Shares, restricted stock units, deferred stock units or other property covered by grants previously made under the Plan, and in the exercise price of outstanding options; provided, however, that the Committee shall not be required to make any adjustment that would (i) require the inclusion of any compensation deferred pursuant to provisions of the Plan (or an Award thereunder) in a participant's gross income pursuant to Section 409A of the Code and the regulations issued thereunder from time to time and/or (ii) cause any Award made pursuant to the Plan to be treated as providing for the deferral of compensation pursuant to such Code section and regulations. Any such adjustment shall be final, conclusive and binding for all purposes of the Plan. In the event of any merger, consolidation or other reorganization in which the Company is not the surviving or continuing corporation or in which a Change in Control is to occur, all of the Company's obligations regarding awards that were granted hereunder and that are outstanding on the date of such event shall, on such terms as may be approved by the Committee prior to such event, be (a) canceled in exchange for cash or other property (but, with respect to vested deferred stock units, only if such merger, consolidation, other reorganization, or Change in Control constitutes a change in ownership or effective control of the Company or a change in the ownership of a substantial portion of the Company's assets, as determined pursuant to regulations issued under Section 409A(a)(2)(A)(v) of the Code) or (b) assumed by the surviving or continuing corporation.

Without limitation of the foregoing, in connection with any transaction of the type specified by clause (iii) of the definition of a Change in Control in Section 2(e), the Committee may, in its discretion, (i) cancel any or all outstanding options under the Plan in consideration for payment to the holders thereof of an amount equal to the portion of the consideration that would have been payable to such holders pursuant to such transaction if their options had been fully exercised immediately prior to such transaction, less the aggregate exercise price that would have been payable therefor, or (ii) if the amount that would have been payable to the option holders pursuant to such transaction if their options had been fully exercised immediately prior thereto would be equal to or less than the aggregate exercise price that would have been payable therefor, cancel any or all such options for no consideration or payment of any kind. Payment of any amount payable pursuant to the preceding sentence may be made in cash or, in the event that the consideration to be received in such transaction includes securities or other property, in cash and/or securities or other property in the Committee's discretion. The Committee may (but shall not be required to) impose limitations on the time or times at which any of those amounts are paid to the extent necessary to avoid the imposition of penalties under Section 409A(a)(1) of the Code on the payments.

16. Amendment and Termination of the Plan.

The Board of Directors or the Committee, without approval of the stockholders, may amend or terminate the Plan, except that no amendment shall become effective without prior approval of the stockholders of the Company if stockholder approval would be required by applicable law or regulations or by any listing requirement of the principal stock exchange on which the Common Stock is then listed.

17. Amendment or Substitution of Awards under the Plan.

The terms of any outstanding award under the Plan may be amended from time to time by the Committee in its discretion in any manner that it deems appropriate, including, but not limited to, acceleration of the date of exercise of any award and/or payments thereunder or of the date of lapse of restrictions on Shares (but only to the extent permitted by regulations issued under Section 409A(a)(3) of the Code); provided that, except as otherwise provided in Section 15, no such amendment shall adversely affect in a material manner any right of a participant under the award without his or her written consent, and provided further that the Committee shall not reduce the

exercise price of any options awarded under the Plan without approval of the stockholders of the Company. The Committee may, in its discretion, permit holders of awards under the Plan to surrender outstanding awards in order to exercise or realize rights under other awards, but only if such surrender, exercise or realization (a) would not constitute a distribution of deferred compensation for purposes of Section 409A(a)(3) of the Code or (b) constitutes a distribution of deferred compensation that is permitted under regulations issued pursuant to Section 409A(a)(3) of the Code. Notwithstanding the foregoing, the Committee may only lapse or waive restrictions on the exercisability or vesting of any awards under the Plan in cases relating to death, Disability, Retirement or Change in Control. If the Committee discretionarily accelerates restrictions on the exercisability or vesting of any awards under the Plan, except in cases relating to death, Disability, Retirement or Change in Control, any shares issued or issuable under such awards will constitute Excluded Shares. Except in connection with an adjustment made in accordance with Section 15 of the Plan, the terms of any outstanding options granted under the Plan may not be amended to reduce the exercise price of such options or cancel, convert, exchange, replace, regrant, buyout, substitute or surrender outstanding options in exchange for cash in an amount greater than the excess of the fair market value of the stock underlying the option over the applicable exercise price, or options with an exercise price that is less than the exercise price of the original options, in each case without shareholder approval.

18. Company Recoupment of Awards.

The rights contained in this Plan shall be subject to (i) any right that the Company may have under any other Company recoupment policy or other agreement or arrangement with a participant, or (ii) any right or obligation that the Company may have regarding the clawback of incentive-based compensation under Section 10D of the Exchange Act, as amended (as determined by the applicable rules and regulations promulgated thereunder from time to time by the U.S. Securities and Exchange Commission) or other applicable law.

19. Commencement Date; Termination Date.

The Plan, as amended and restated, shall become effective on April 12, 2013, which is the date of its adoption by the Board, subject to the approval of the Plan by the stockholders of the Company in accordance with the requirements of the laws of the State of Delaware.

Unless previously terminated upon the adoption of a resolution of the Board terminating the Plan, the Plan shall terminate at the close of business on May 30, 2018, subject to the approval of the Plan by the stockholders of the Company in accordance with the requirements of the laws of the State of Delaware. No termination of the Plan shall materially and adversely affect any of the rights or obligations of any person, without his or her written consent, under any grant of options or other incentives theretofore granted under the Plan.

20. Severability.

Whenever possible, each provision of the Plan shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of the Plan is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of the Plan.

21. Governing Law.

The Plan shall be governed by the corporate laws of the State of Delaware, without giving effect to any choice of law provisions that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction.
