Table of Contents**UNDERWRITING**

The selling stockholders, Choice and Deutsche Bank Securities Inc. have entered into an underwriting agreement dated as of the date of this prospectus supplement with respect to the shares of common stock being offered by the selling stockholders pursuant to this prospectus supplement. Subject to the terms and conditions of the underwriting agreement, Deutsche Bank Securities Inc., as underwriter, has agreed to purchase from the selling stockholders 3,000,000 shares of common stock at the public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus supplement.

The underwriting agreement provides that the obligations of the underwriter to purchase the shares of common stock offered hereby are subject to certain conditions precedent and that the underwriter will purchase all of the shares of common stock offered by this prospectus supplement, other than those covered by the option to purchase additional shares of common stock described below, if any of these shares are purchased.

The selling stockholders and Choice have been advised by Deutsche Bank Securities Inc. that it proposes to offer the shares of common stock to the public at the public offering price set forth on the cover of this prospectus supplement and to dealers at a price that represents a concession not in excess of \$0.35 per share under the public offering price. After the offering, Deutsche Bank Securities Inc. may change the offering price and other selling terms.

Certain of the selling stockholders have granted to Deutsche Bank Securities Inc. an option, exercisable not later than 30 days after the date of this prospectus supplement, to purchase up to 450,000 additional shares of common stock at the public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus supplement. Such selling stockholders will be obligated, pursuant to the option, to sell these additional shares of common stock to Deutsche Bank Securities Inc. to the extent the option is exercised. If any additional shares of common stock are purchased, Deutsche Bank Securities Inc. will offer the additional shares on the same terms as those on which the 3,000,000 shares are being offered. If less than the full amount of additional shares of common stock are purchased by Deutsche Bank Securities Inc., the number of additional shares to be purchased by Deutsche Bank Securities Inc. from each such selling stockholder shall be calculated on a pro rata basis among all such selling stockholders.

The underwriting discounts and commissions per share are equal to the public offering price per share of common stock less the amount paid by Deutsche Bank Securities Inc. to the selling stockholders per share of common stock. The underwriting discounts and commissions are 1.6% of the public offering price. The selling stockholders have agreed to pay Deutsche Bank Securities Inc. the following underwriting discounts and commissions assuming either no exercise or full exercise by Deutsche Bank Securities Inc. of its option to purchase additional shares:

Choice and the selling stockholders have agreed to indemnify severally but not jointly Deutsche Bank Securities Inc. and its control persons against certain liabilities, including liabilities under the Securities Act, and to contribute to payments Deutsche Bank Securities Inc. or its control persons may be required to make in respect of any of these liabilities.

shall be bound in writing by the restrictions set forth in the applicable lock-up agreement for the balance of the 60-day restricted period. If any record or beneficial owner of our common stock that has executed a lock-up agreement as described above is granted an early release from the restrictions described above during the 60-day restricted period (whether in one or multiple releases), then all holders that have executed such a lock-up agreement shall also be granted an early release from their obligations thereunder on a pro rata basis based on the maximum percentage of shares held by any such record or beneficial holder being released from such holder's lock-up agreement.

In connection with the offering, Deutsche Bank Securities Inc. may purchase and sell shares of our common stock in the open market. These transactions may include short sales, purchases to cover positions created by short sales and stabilizing transactions.

Short sales involve the sale by Deutsche Bank Securities Inc. of a greater number of shares than it is required to purchase in the offering. Covered short sales are sales made in an amount not greater than Deutsche Bank Securities Inc.'s option to purchase additional shares of common stock from the selling stockholders in the offering. Deutsche Bank Securities Inc. may close out any covered short position by either exercising its option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, Deutsche Bank Securities Inc. will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which it may purchase shares through the option to purchase additional shares.

Naked short sales are any sales in excess of the option to purchase additional shares. Deutsche Bank Securities Inc. must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if Deutsche Bank Securities Inc. is concerned that there may be downward pressure on the price of the shares in the open market prior to the completion of the offering. Stabilizing transactions consist of various bids for or purchases of our common stock made by Deutsche Bank Securities Inc. in the open market prior to the completion of the offering.

Purchases to cover a short position and stabilizing transactions may have the effect of preventing or slowing a decline in the market price of our common stock. Additionally, these purchases, along with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of our common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise.

A prospectus supplement and accompanying prospectus in electronic format may be made available on Internet web sites maintained by Deutsche Bank Securities Inc. Other than the prospectus supplement and the accompanying prospectus in electronic format, the information on Deutsche Bank Securities Inc.'s web site and any information contained in any other web site maintained by Deutsche Bank Securities Inc. is not part of the prospectus supplement, the accompanying prospectus or the related registration statement.

Deutsche Bank Securities Inc. or its affiliates have provided investment banking services to us in the past and may do so in the future. They receive customary fees and commissions for these services.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or the SEC, using a shelf registration process. Under this shelf registration process, we and any selling stockholders may sell the securities described in this prospectus in one or more offerings at any time and from time to time.

This prospectus provides you with a general description of the securities we and any selling stockholders may offer. Each time we or any selling stockholders sell securities, we will provide a prospectus supplement that will contain specific information about the terms of the securities being offered and the specific manner in which they will be offered. The prospectus supplement may also add to, update or change information contained in the prospectus and, accordingly, to the extent inconsistent, information in this prospectus is superseded by the information in that prospectus supplement.

The prospectus supplement to be attached to the front of this prospectus may describe, as applicable, the terms of the securities offered, the identity of any selling stockholders, the initial public offering price, the price paid for the securities, net proceeds and the other specific terms related to the offering of these securities.

We have not authorized anyone to provide any information other than that contained or incorporated by reference in this prospectus, any prospectus supplement or in any free writing prospectus prepared by or on behalf of us or to which we have referred you. We take no responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you.

You should not assume that the information in this prospectus or any prospectus supplement or free writing prospectus is accurate as of any date other than the date on the cover of the applicable document and that any information we have incorporated by reference is accurate only as of the date of the document incorporated by reference. Our business, financial condition, results of operations, cash flows and prospects may have changed since that date.

The terms the Company, we, us, our and Choice as used in this prospectus refer to Choice Hotels International, and its subsidiaries. The phrase this prospectus refers to this prospectus and any applicable prospectus supplement, unless the context otherwise requires.

We urge you to consider carefully the risks incorporated by reference into this prospectus and, if applicable, into any accompanying prospectus supplement or any free writing prospectus used in connection with an offering of securities, before making an investment decision, including those risks identified under **Risk Factors** in our most recent annual report on Form 10-K, which is incorporated by reference into this prospectus and which may be amended, supplemented or superseded from time to time by other reports we file with the SEC in the future. Additional risks, including those that relate to any particular securities we offer, may be included in the applicable prospectus supplement or any related free writing prospectus, or be incorporated by reference into this prospectus or such prospectus supplement or free writing prospectus.

Our business, financial condition, results of operations, cash flows and prospects could be materially adversely affected by any of these risks. The market or trading price of our securities could decline due to any of these risks. In addition, please read **Forward-Looking Statements** in this prospectus, where we describe additional uncertainties associated with our business and the forward-looking statements included or incorporated by reference into this prospectus or into any prospectus supplement or any related free writing prospectus used in connection with an offering of securities. Additional risks not presently known to us or that we currently deem immaterial may also impair our business and operations or cause the price of our securities to decline.

DESCRIPTION OF CAPITAL STOCK

Common Stock

Our Restated Certificate of Incorporation, as amended (the Certificate), authorizes common stock consisting of 160,000,000 shares, par value \$0.01 per share. We may issue additional shares of common stock without further stockholder approval, up to the maximum authorized number of shares, except as may be otherwise required by applicable law or stock exchange regulations.

Dividend Rights. Holders of common stock are entitled to receive, subject to preferences that may be applicable from time to time with respect to any outstanding preferred stock, such dividends as are declared by the board of directors of Choice.

Voting Rights. Each holder of our common stock is entitled to one vote for each share of common stock held of record on the applicable record date on all matters submitted to a vote of stockholders. Holders of our common stock do not have cumulative voting rights.

Rights upon Liquidation or Dissolution. In the event of liquidation or dissolution, each share of common stock is entitled to share pro rata in any distribution of our assets after payment or providing for the payment of liabilities and the liquidation preference of any outstanding preferred stock. Holders of our common stock have no preferential, preemptive, conversion, sinking fund or redemption rights.

Preferred Stock

The Certificate authorizes preferred stock consisting of 5,000,000 shares, par value \$0.01 per share. Of the authorized preferred shares, 1,000,000 are designated Series A Junior Participating Preferred Stock. No preferred shares currently are outstanding. Under our Certificate, our board of directors may from time to time establish and issue preferred shares. Our board of directors may determine the designation, preference, limitations and relative rights of each series of preferred shares so issued.

The prospectus supplement relating to any preferred shares offered thereby will contain the specific terms thereof, including, without limitation:

the designation of such preferred shares;

the number of such preferred shares offered, the liquidation preference per share and the offering price of such preferred shares;

the dividend rate, period and/or payment date or method of calculation thereof applicable to such preferred shares;

the date from which dividends on such preferred shares will accumulate, if applicable;

the voting rights of the preferred shares;

the provision for a sinking fund, if any, for such preferred shares;

the provision for redemption, if applicable, of such preferred shares;

the terms and conditions, if applicable, upon which such preferred shares will be convertible into our common shares, including the conversion price (or manner of calculation thereof);

any other specific preferences, limitations and relative rights of such preferred shares;

a discussion of federal income tax considerations applicable to such preferred shares;

the relative ranking and preferences of such preferred shares as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs;

any limitations on issuance of any series of preferred shares ranking senior to or on a parity with such series of preferred shares as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs; and

whether interests in such preferred shares will be represented by depositary shares.

Table of Contents

Because our board of directors has the power to establish the preference, limitations and relative rights of each series of preferred shares, it may afford the holders of any series of preferred shares preference, limitations and relative rights, voting or otherwise, senior to the rights of holders of common stock.

Certain Anti-takeover Matters

Our Certificate and by-laws contain provisions that may make it more difficult for a potential acquirer to acquire us by means of a transaction that is not negotiated with our board of directors. These provisions and the General Corporation Law of the State of Delaware (the "DGCL") could delay or prevent entirely a merger or acquisition that our stockholders consider favorable. These provisions may also discourage acquisition proposals or have the effect of delaying or preventing entirely a change in control, which could harm our stock price. Our board of directors is not aware of any current effort to accumulate shares of our common stock or to otherwise obtain control of our Company and does not currently contemplate adopting or recommending the approval of any other action that might have the effect of delaying, deterring or preventing a change in control of our Company.

Following is a description of the anti-takeover effects of certain provisions of our Certificate and by-laws.

No stockholder action by written consent. The DGCL provides that stockholders of a Delaware corporation can act by written consent instead of by vote at a stockholder meeting, unless the corporation's certificate of incorporation provides otherwise. Our Certificate provides that stockholders may not act by written consent.

No cumulative voting. The DGCL provides that stockholders of a Delaware corporation are not entitled to the right to cumulate votes in the election of directors, unless its certificate of incorporation provides otherwise. Our Certificate does not provide for cumulative voting.

Calling of special meetings of stockholders. Our by-laws provide that to properly bring business before a special meeting of our stockholders, the business must be specified in a notice of meeting (or any supplement thereto) given by or at the direction of the board of directors or otherwise properly brought before the meeting by or at the direction of the board of directors.

Advance notice requirements for stockholder proposals and director nominations. Our by-laws provide that stockholders seeking to nominate candidates for election as directors or to bring business before an annual meeting of stockholders must provide timely notice of their proposal in writing to our corporate secretary.

Generally, to be timely, a stockholder's notice must be received at our principal executive offices not less than 60 days nor more than 90 days prior to the first anniversary of the previous year's annual meeting. Our by-laws also specify requirements as to the form and content of a stockholder's notice. These provisions may impede stockholders' ability to bring matters before an annual meeting of stockholders or make nominations for directors at an annual meeting of stockholders.

Classified Board of Directors. Our board of directors is currently divided into three classes of directors, each class constituting approximately one-third of the total number of directors, with the classes currently serving staggered terms. However, at the 2013 annual meeting, our stockholders approved an amendment to the Certificate to declassify the board of directors. Each director elected by the stockholders after our 2013 annual meeting of stockholders will serve for a term expiring at the first annual meeting of stockholders held after such director's election. As a result, beginning with the 2016 annual meeting of stockholders our board of directors will be declassified and directors will be elected on an annual basis.

Under the DGCL, directors on a classified board can only be removed for cause. At present, because our board of directors is classified, our Certificate and by-laws provide that the members of our board of directors are removable only for cause. Our Certificate provides that, once our board of directors has become declassified in 2016, directors may be removed with or without cause.

Table of Contents

Limitations on Liability and Indemnification of Officers and Directors

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties. Our Certificate includes a provision that eliminates the personal liability of directors for monetary damages for any breach of fiduciary duty in such capacity, except for liability:

for any breach of the director's duty of loyalty to us or our stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

under Section 174 of the DGCL (providing for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions); or

for any transaction from which the director derived any improper personal benefit, except to the extent any such exemption from liability or limitation thereof is not permitted under the DGCL.

Our Certificate and by-laws also provide for the indemnification of our directors and officers, past and present, to the fullest extent authorized by the DGCL against expenses and liabilities (including, but not limited to, counsel fees) reasonably incurred by or imposed upon such persons in connection with any proceeding to which they may be made a party or in which they may become involved as a result of being or having been directors or officers. We have the power to purchase and maintain insurance on behalf of our past and present directors and officers, or those who are or were serving at our request as directors or officers of another corporation, partnership, joint venture, trust or other business, against any liability asserted against those persons or incurred by those persons in any of these capacities, or arising out of their status as such, whether or not we would have the power to indemnify those persons against such liability under our certificate of incorporation.

The limitation of liability and indemnification provisions in our Certificate and the by-laws may discourage our stockholders from bringing a lawsuit against directors and officers for breach of their fiduciary duties. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, the stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

Transfer and Exchange

The Debt Securities of a series may be issued in either registered form (Registered Securities) or global form. See Book-Entry Securities.

Registered Securities may be separated into smaller denominations or combined into larger denominations, as long as the total principal amount is not changed. This is called an exchange.

You may transfer Registered Securities and you may exchange Registered Securities at the office of the Trustee. The Trustee will act as our agent for registering Registered Securities in the names of holders and transferring Debt Securities issued as Registered Securities. We may designate someone else to perform this function. Whoever maintains the list of registered holders is called the Registrar.

You will not be required to pay a service charge to transfer or exchange Debt Securities, but you may be required to pay us for any transfer tax or other governmental charge payable upon the exchange or transfer. The transfer or exchange will be made only if the Registrar is satisfied with your proof of ownership.

If we designate additional Registrars, we will name them in the accompanying prospectus supplement. We may cancel the designation of any particular Registrar. We may also approve a change in the office through which any Registrar acts.

If we redeem less than all of the Debt Securities of a redeemable series, we may block the transfer or exchange of Registered Securities during the period beginning 15 days before the day of mailing of a notice of redemption of such Registered Securities and ending on the day of such mailing. We may also decline to register transfers or exchanges of Debt Securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any Debt Security being partially redeemed.

If the offered Debt Securities are redeemable, we will describe the procedures for redemption in the accompanying prospectus supplement.

In this Transfer and Exchange section of this prospectus, you means direct holders and not indirect holders of Debt Securities.

Covenants

The Indenture does not limit the amount of Indebtedness or other obligations that may be incurred by the Company and its Subsidiaries. The Indenture does contain the following covenants, among others:

Limitations on Liens

The Indenture provides that Choice will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur or otherwise cause or suffer to exist or become effective any Liens of any kind upon any Principal Property or any capital stock of any Restricted Subsidiary which owns or leases Principal Property (whether

such Principal Property or capital stock are now owned or hereafter acquired), or any interest therein or any increase or profits therefrom, unless all payments due under the Indenture and the Debt Securities are secured on an equal and ratable basis with (or prior to) the obligations so secured until such time as such obligation is no longer secured by a Lien, except in the case of Permitted Liens or as provided under Exempted Debt below. As of the date of this prospectus, there are no Principal Properties or Restricted Subsidiaries.

Table of Contents

Limitations on Sale and Leaseback Transactions

The Indenture provides that, except as provided under Exempted Debt below, Choice will not, and will not permit any of its Restricted Subsidiaries to, enter into any arrangement with any Person (other than the Company or any Subsidiary of the Company) providing for the leasing by Choice or a Restricted Subsidiary of any Principal Property owned by Choice or such Restricted Subsidiary (except for leases for a term of not more than three years), which property has been or is to be sold or transferred by Choice or such Restricted Subsidiary to such Person on the security of such Principal Property more than 365 days after the acquisition thereof or the completion of construction and commencement of full operation thereof unless either (a) Choice or such Restricted Subsidiary would be entitled, pursuant to the provisions of the Indenture, to incur Indebtedness secured by a Lien on the Property to be leased in an amount equal to the Attributable Indebtedness with respect to such transaction without equally and ratably securing the Debt Securities, or (b) Choice, within 180 days after the effective date of such transaction, applies to the voluntary retirement of its Funded Debt an amount equal to the value of such transaction, defined as the greater of the net proceeds of the sale of the Principal Property leased in such transaction or the fair value, in the opinion of Choice's board of directors, of the leased Principal Property at the time such transaction was entered into. As of the date of this prospectus, there are no Principal Properties or Restricted Subsidiaries.

Exempted Debt

Notwithstanding the foregoing limitations on Liens and sale and leaseback transactions, Choice and its Restricted Subsidiaries may create, incur or otherwise cause to suffer to exist or become effective Liens without securing the Debt Securities or enter into a sale and leaseback transaction without retiring Funded Debt, or enter into a combination of such transactions, provided that, at the time of such event, and after giving effect thereto and to the retirement of any other such Indebtedness which is concurrently being repaid, the sum of (x) the principal amount of such Indebtedness secured by such Liens or the Attributable Indebtedness in respect of such sale and leaseback transaction, as the case may be, and (y) the principal amount of all other such Indebtedness secured by such Liens (not including Liens permitted under Limitations on Liens above) and all other Attributable Indebtedness in respect of sale and leaseback transactions then outstanding (not including sale and leaseback transactions permitted under Limitations on Sale and Leaseback Transactions above), measured, in each case, at the time any such Lien is incurred or any such sale and leaseback transaction is entered into, does not exceed the greater of (i) \$25 million or (ii) 15% of the Consolidated Net Assets of Choice and its consolidated Subsidiaries.

Merger and Consolidation

We covenant that we will not consolidate with or merge into any Person or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of our and our Subsidiaries' properties and assets as an entirety unless, among other things:

the successor Person is Choice or another entity organized and existing under the laws of the United States, any state or territory thereof or the District of Columbia that assumes our obligations on the Debt Securities and under the Indenture,

immediately after giving effect to such transaction, Choice or the successor Person would not be in default under the Indenture, and

Choice shall have delivered to the Trustee an officers certificate and an opinion of counsel, each stating that such consolidation, merger, sale, assignment, transfer, lease, conveyance or other disposition and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with the terms of the Indenture and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

Except as described above or as set forth in the applicable prospectus supplement, the Indenture does not contain any provisions that would afford holders of the Debt Securities protection in the event of:

a highly leveraged or similar transaction involving us;

a change in our control or a change in our management; or

a reorganization, restructuring, merger or similar transaction involving us that may adversely affect the holders of the Debt Securities.

Table of Contents

In addition, subject to the limitations set forth above, we may, in the future, enter into certain transactions such as the sale of our properties and assets substantially as an entirety or a merger or consolidation with another entity that could increase the amount of our Indebtedness or the Indebtedness of our Subsidiaries or otherwise adversely affect our financial condition or results of operations, which may have an adverse effect on our ability to service our Indebtedness, including the Debt Securities. We have no present intention of engaging in a highly leveraged or similar transaction involving us.

Events of Default

An Event of Default with respect to a series of the Debt Securities is defined in the Indenture as being:

- (i) default in the payment of any principal or premium (if any) of the series of Debt Securities;
- (ii) default for 30 days in the payment of any installment of interest on the series of Debt Securities;
- (iii) default by Choice in the performance of any other covenants or agreements in the Indenture contained therein for the benefit of the series of Debt Securities which shall not have been remedied for a period of 90 days after written notice of such default to Choice by the Trustee or to Choice and the Trustee by the holders of at least 25% in aggregate principal amount of the series of Debt Securities;
- (iv) default by Choice or any Subsidiary under any Indebtedness (except non-recourse indebtedness) having an aggregate principal amount of \$25 million or 15% of Consolidated Net Assets (whichever amount is greater), or under any mortgage, indenture or other instrument under which there may be issued or by which there may be secured any Indebtedness for money borrowed by Choice or any Subsidiary having an aggregate principal amount of \$25 million or 15% of Consolidated Net Assets (whichever amount is greater), for failure to pay a portion of the principal when due (after any grace period has passed) or as a result of Indebtedness being declared due before it otherwise would have been due, and this repayment obligation has not been rescinded or annulled within ten days of written notice to Choice (sent by either the Trustee or by the holders of at least 25% of the outstanding principal amount of the series of Debt Securities to Choice and the Trustee) or remedied, cured or waived before a declaration of acceleration of the series of Debt Securities;
- (v) certain events of bankruptcy, insolvency or reorganization of Choice or a significant subsidiary of Choice; or
- (vi) any other Event of Default specified for the series in the applicable prospectus supplement.

The Indenture provides that if an Event of Default under clause (i), (ii), (iii), (iv) or (vi) above shall have occurred and be continuing, either the Trustee or the holders of not less than 25% in principal amount of the series of Debt Securities may declare the principal of all the Debt Securities of that series, together with any accrued interest and premium (if any), to be due and payable immediately.

If an Event of Default under clause (v) above shall have occurred and be continuing, then the principal of all the Debt Securities, together with any accrued interest and premium (if any), will be due and payable immediately without any declaration or other act on the part of the Trustee or any holder of a Debt Security. Upon certain conditions such declaration (including a declaration caused by a default in the payment of principal or interest, the payment for which has subsequently been provided) may be annulled by the holders of a majority in principal amount of the series of Debt Securities.

In addition, past defaults may be waived by the holders of a majority in principal amount of the series of Debt Securities, except a default in the payment of principal of or interest and premium (if any) on any Debt Security, a default arising from failure to redeem or purchase a Debt Security when required by the Indenture, or a default in respect of a covenant or provision of the Indenture which cannot be modified or amended without the approval of the holder of each Debt Security affected.

The Indenture contains a provision entitling the Trustee, subject to the duty of the Trustee during default to act with the required standard of care, to be indemnified by the holders of Debt Securities issued thereunder before proceeding to exercise any right or power under the Indenture at the request of the holders of such Debt Securities.

Table of Contents

The Indenture also provides that the holders of a majority in principal amount of the outstanding Debt Securities of a particular series issued thereunder and affected (each series voting as a separate class) may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Debt Securities of such series.

The Indenture contains a covenant that Choice will file annually with the Trustee a certificate as to the absence of any default or specifying any default that exists.

Satisfaction and Discharge

The Indenture will cease to be of further effect as to a series of Debt Securities (except as to surviving rights of registration of transfer or exchange of Debt Securities, as expressly provided for in the Indenture) when either:

all Debt Securities of the series theretofore authenticated (except lost, stolen or destroyed Debt Securities that have been replaced or paid) have been delivered to the Trustee for cancellation, or

with respect to all Debt Securities of a series due and payable within one year not theretofore delivered to the Trustee for cancellation,

Choice has deposited or caused to be deposited with the Trustee funds or government securities (as defined in the Indenture), or any combination thereof, in an amount sufficient to pay and discharge the entire indebtedness on the Debt Securities of the series not theretofore delivered to the Trustee for cancellation, for unpaid principal and interest to maturity;

Choice has paid all other sums payable by it with respect to the Debt Securities of the series under the Indenture; and

Choice has delivered to the Trustee an officers' certificate and an opinion of counsel each stating that all conditions precedent under the Indenture to the satisfaction and discharge of the Indenture with respect to the series of Debt Securities have been complied with.

Covenant and Legal Defeasance

The Indenture provides that Choice need not comply with certain restrictive covenants of the Indenture (including those described under "Covenants" above) or it will be deemed to have been discharged from its obligations with respect to a series of Debt Securities under the Indenture if:

Choice deposits in trust with the Trustee money or government securities, which through the payment of interest thereon and principal thereof in accordance with their terms will provide money, in an amount sufficient, in the opinion of a nationally recognized firm of certified public accountants, to pay all the principal of and interest and premium (if any) on the Debt Securities of the series when due;

Choice shall have delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for or relating to the defeasance have been complied with;

no default or Event of Default with respect to that series of debt securities shall have occurred and be continuing under subsection (v) of Events of Default above at any time in the period ending on the 91st day after the date of deposit; and

Choice delivers to the Trustee an opinion of counsel to the effect that the holders of Debt Securities of the series will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amount and in the same manner and at the same times, as would have been the case if such defeasance had not occurred.

Modification and Waiver

Without the consent of any holder of the Debt Securities, Choice and the Trustee may modify or amend the Indenture to clarify or to make certain other changes that would not materially adversely affect the legal rights of any holder.

With the consent of the holders of not less than a majority in aggregate principal amount of the outstanding Debt Securities of the particular series affected, Choice and the Trustee may modify or amend the Indenture; *provided, however*, that no such modification or amendment may, without the consent of the holder of each Debt Security affected:

change the stated maturity of the principal of, or any installment of interest on, any Debt Security or reduce the principal amount thereof or the rate of interest thereon, or change the coin or currency in which any Debt Security or the interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment after the stated maturity thereof;

reduce the amount payable upon the redemption of any Debt Security or change the time at which such Debt Security may be redeemed;

waive a default or Event of Default in the payment of principal of or premium, if any, or interest on the Debt Securities (except a rescission of acceleration of the Debt Securities by the holders of not less than a majority in aggregate principal amount of the then outstanding Debt Securities and a waiver of the payment default that resulted from such acceleration);

waive a redemption payment with respect to any Debt Security;

reduce the principal amount of Debt Securities of a series whose holders must consent to a modification or waiver, or make any change in the Indenture relating to waivers of past defaults or the rights of holders of Debt Securities of a series to receive payments of principal of, or premium, if any, or interest on the Debt Securities; or

modify any of the provisions relating to supplemental indentures requiring the consent of holders or relating to the waiver of past defaults, except to increase the percentage of outstanding Debt Securities required for such actions or to provide that certain other provisions of the Indenture cannot be modified or waived without the consent of the holder of each Debt Security.

Concerning our Relationship with the Trustee

We and our Subsidiaries maintain ordinary banking relationships and revolving credit facilities with affiliates of Wells Fargo Bank, National Association.

BOOK-ENTRY SECURITIES

The securities offered by means of this prospectus and any related prospectus supplement may be issued in whole or in part in book-entry form, meaning that beneficial owners of the securities would not receive certificates representing their ownership interests in the securities, except in the event the book-entry system for the securities is discontinued. Securities issued in book-entry form will be evidenced by one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement relating to the securities. Unless and until it is exchanged in whole or in part for the individual securities represented thereby, a global security may not be transferred except as a whole by the depository for the global security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by the depository or any nominee of such depository to a successor depository or a nominee of such successor. Global securities may be

issued in either registered or bearer form and in either temporary or permanent form. The specific terms of the depositary arrangement with respect to a class or series of securities that differ from the terms described here will be described in the applicable prospectus supplement.

SELLING STOCKHOLDERS

If the registration statement of which this prospectus forms a part is used by selling stockholders for the resale of any shares of common stock registered thereunder, information about such selling stockholders, their beneficial ownership of our common stock and their relationship with us will be set forth in a prospectus supplement or in filings we make with the SEC under the Exchange Act that are incorporated by reference herein or therein.

PLAN OF DISTRIBUTION

Sales by Us

We may sell any of the securities being offered by this prospectus in any one or more of the following ways from time to time:

through agents or dealers;

to or through underwriters;

directly to purchasers or existing stockholders; or

through a combination of any of these methods.

The prospectus supplement relating to the offered securities will set forth its offering terms, including the name or names of any underwriters, dealers or agents, the purchase price of the offered securities and the proceeds to us from the sale, any underwriting discounts, commissions and other items constituting underwriters' compensation, any initial public offering price and any underwriting discounts, commissions and other items allowed or reallocated or paid to dealers or agents and any securities exchanges on which the offered securities may be listed.

We may use one or more underwriters in the sale of the offered securities, in which case the offered securities will be acquired by the underwriter or underwriters for their own account and may be resold from time to time in one or more transactions either:

at a fixed price or prices, which may be changed,

at market prices prevailing at the time of sale,

at prices related to the prevailing market prices, or

at negotiated prices.

In addition, we may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in any such sale transactions would be an underwriter, as that term is defined in the Securities Act, and would be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, we

Table of Contents

may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

We may engage in at the market offerings of our common stock. An at the market offering is an offering of our common stock at other than a fixed price. Any underwriter that we engage for an at the market offering would be named in a post-effective amendment to the registration statement of which this prospectus is a part or a prospectus supplement related to that offering.

We may directly solicit offers to purchase the securities and may sell such securities directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale thereof. The prospectus supplement will describe the terms of any such sales.

Agents designated by us may solicit offers to purchase the securities from time to time. The prospectus supplement will name any such agent involved in the offer or sale of the securities and will set forth any commissions payable by us to such agent. Unless otherwise indicated in such prospectus supplement, any such agent will be acting on a reasonable best efforts basis for the period of its appointment. Any such agent may be deemed to be an underwriter of the securities so offered and sold.

If the securities are sold by means of an underwritten offering, we will execute an underwriting agreement with an underwriter or underwriters at the time an agreement for such sale is reached. A prospectus supplement will be used by the underwriters to make resales of the securities to the public and will set forth the names of the specific managing underwriter or underwriters, as well as any other underwriters, and the terms of the transaction, including commissions, discounts and any other compensation of the underwriters and dealers, if any. If underwriters are utilized in the sale of the securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined by the underwriter at the time of sale. The securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by the managing underwriters. In connection with the sale of offered securities, the underwriter may be deemed to have received compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of offered securities for whom they may act as agents. Underwriters may also sell offered securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

Unless otherwise set forth in the applicable prospectus supplement, the obligations of underwriters to purchase the offered securities will be subject to certain conditions precedent, and such underwriters will be obligated to purchase all such securities, if any are purchased. In connection with any offering of securities, we may grant to the underwriters an option to purchase additional securities at the initial public offering price, with an additional underwriting commission, as may be set forth in the accompanying prospectus supplement. If we grant any option to purchase additional securities, the terms of such option to purchase additional securities will be set forth in the prospectus supplement for such securities.

In connection with an offering of securities, underwriters may purchase and sell the securities in the open market. These transactions may include over-allotment, syndicate covering transactions, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. An over-allotment involves sales in excess of the offering size, which create a short position. Syndicate covering transactions involve purchases of securities in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions permit bids to purchase the underlying security so long as the

stabilizing bids do not exceed a specified maximum. Short-covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling

concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions. These activities may have the effect of raising or maintaining the market price of the securities or preventing or slowing a decline in the market price of the securities. As a result, the price of the securities may be higher than the price that might otherwise exist in the open market. In addition, a penalty bid may discourage the immediate resale of securities sold in this offering. Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the securities. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

If a dealer is utilized in the sale of the securities, we will sell such securities to the dealer as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale. Any such dealer may be deemed to be an underwriter, as such term is defined in the Securities Act, of the securities so offered and sold. The prospectus supplement will set forth the name of the dealer and the terms of the transaction, including any commissions, discounts or other compensation provided.

If an applicable prospectus supplement indicates, we will authorize agents, underwriters or dealers to solicit offers by certain specified institutions to purchase securities from us at the public offering price set forth in the prospectus supplement under delayed delivery contracts providing for payment and delivery on a specified date in the future. These contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth the price to be paid for offered securities pursuant to the contracts, the commission payable for solicitation of the contracts and the date or dates in the future for delivery of offered securities pursuant to the contracts.

The securities may also be offered and sold, if so indicated in the prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more firms, which we refer to as remarketing firms, acting as principals for their own accounts or as agents for us. The prospectus supplement will identify any remarketing firm and will describe the terms of its agreement, if any, with us and its compensation. Remarketing firms may be deemed to be underwriters, as such term is defined in the Securities Act, in connection with the securities remarketed thereby. Remarketing firms may also be customers of, engage in transactions with or perform services for us and our subsidiaries in the ordinary course of business.

Each series of securities will be a new issue with no established trading market, other than our common stock which is listed on the New York Stock Exchange under the symbol CHH. Any common stock sold pursuant to a prospectus supplement will be listed on such exchange, subject to official notice of issuance. We may elect to list any series of debt securities or preferred stock on an exchange or in a market, but we will not be obligated to do so. It is possible that one or more underwriters may make a market in a series of the securities, but will not be obligated to do so and may discontinue any market making at any time without notice. Therefore, we can give no assurance as to the liquidity of the trading market for the securities.

Agents, underwriters and dealers may be customers of, engage in transactions with, or perform services for, us and our subsidiaries in the ordinary course of business.

Agents, underwriters, dealers and remarketing firms may be entitled, under agreements that may be entered into with us, to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to any contribution with respect to payments which they may be required to make in respect thereof and may engage in transactions with, or perform services for, us in the ordinary course of business.

Sales by Selling Stockholders

Selling stockholders may use this prospectus in connection with resales of shares of our common stock. The applicable prospectus supplement will identify the selling stockholders, their beneficial

ownership of our shares of common stock, the shares of our common stock that the selling stockholders intend to sell and any material relationships between us and the selling stockholders. Selling stockholders may be deemed to be underwriters under the Securities Act in connection with the common stock they resell and any profits on the sales may be deemed to be underwriting discounts and commissions under the Securities Act.

Unless otherwise set forth in a prospectus supplement, the selling stockholders will receive all the proceeds from the resale of our common stock. We will not receive any proceeds from the resale by the selling stockholders of common stock. Unless otherwise set forth in a prospectus supplement, the selling stockholders will pay all underwriting discounts, commissions and agent's commissions, if any.

The selling stockholders may offer and sell shares of common stock from time to time in one or more transactions, either:

at a fixed price or prices, which may be changed,

at market prices prevailing at the time of sale,

at varying prices related to the prevailing market prices, or

at negotiated prices.

Any such price may be changed from time to time. Each selling stockholder will act independently from us in making decisions with respect to the timing, manner of sale, amount of common stock to be sold and the pricing of any transaction. These prices will be determined by the selling stockholder or by agreement between such holder and any underwriters, brokers, dealers or agents who may receive fees or commissions in connection with such sale. Such sales may be effected by a variety of methods, including the following:

in market transactions;

in privately negotiated transactions;

through the writing of options;

in a block trade in which a broker-dealer will attempt to sell a block of securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;

if we agree to it prior to the distribution, through one or more underwriters or agents on a firm commitment, best-efforts or reasonable efforts basis;

through broker-dealers, who may act as agents or principals;

directly to one or more purchasers;

through agents on a best-efforts or reasonable efforts basis; or

in any combination of the above or by any other legally available means.

The prospectus supplement relating to the resale of common stock will set forth the specific terms of the resale offer, including the names of the selling stockholders.

In connection with the resale of the shares of common stock, the selling stockholders may enter into hedging transactions with brokers, dealers, agents or other financial institutions, who may in turn engage in short sales of common stock, deliver the shares of common stock to close out such short positions, or loan or pledge the shares of common stock to brokers, dealers or other financial institutions that in turn may sell such shares of common stock.

The underwriter or underwriters with respect to an underwritten offering of common stock and the other material terms and conditions of the underwriting will be set forth in a prospectus supplement relating to such offering and, if an underwriting syndicate is used, the managing underwriter or underwriters will be set forth on the cover of the prospectus supplement. In connection with the sale of the shares of common stock, underwriters will receive compensation in the form of underwriting discounts or commissions and may also receive commissions from purchasers of common stock for whom they may act as agent. Underwriters may sell to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent.

The selling stockholders may decide to sell all, any portion or none of the shares of common stock offered by them pursuant to the applicable prospectus supplement. In addition, the selling stockholders may transfer, devise or give the shares of common stock by other means not described in this prospectus.

The selling stockholders and any underwriters, brokers, dealers, other financial institutions or agents participating in a distribution of the shares of common stock may be deemed to be underwriters within the meaning of the Securities Act, and any profit on the sale of the shares of common stock by the selling stockholders and any commissions received by any such underwriters, broker-dealers or agents may be deemed to be underwriting commissions under the Securities Act. If any selling stockholder is deemed to be an underwriter, the selling stockholder may be subject to statutory liabilities including, but not limited to, those of Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Exchange Act.

The selling stockholders and any other person participating in a distribution will be subject to the applicable provisions of the Exchange Act and the rules and regulations under the Exchange Act, including, without limitation, Regulation M, which may limit the timing of purchases and sales of any shares of common stock by the selling stockholders and any other relevant person. Furthermore, Regulation M may restrict the ability of any person engaged in a distribution of the shares of common stock to engage in market-making activities with respect to the common stock being distributed. All of the above may affect the marketability of common stock and the ability of any person or entity to engage in market-making activities with respect to common stock.

Under the securities laws of certain states, the shares of common stock may be sold in those states only through registered or licensed brokers or dealers. In addition, in certain states the shares of common stock may not be sold unless such shares of common stock have been registered or qualified for sale in the state or an exemption from registration or qualification is available and complied with.

We may agree to indemnify the selling stockholders against certain civil liabilities, including certain liabilities arising under the Securities Act, and the selling stockholders may be entitled to contribution from us in connection with those liabilities. The selling stockholders may agree to indemnify us against certain civil liabilities, including liabilities arising under the Securities Act, and may be entitled to contribution severally from the selling stockholders in connection with those liabilities.

Agents, underwriters, dealers and remarketing firms may be entitled, under agreements that may be entered into with us and/or the selling stockholders, to indemnification by us and/or the selling stockholders against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which they may be required to make in respect thereof and may engage in transactions with, or perform services for, us or the selling stockholders in the ordinary course of business.
