To our Stockholders:

I am pleased to invite you to join me, our Board of Directors, executive management and other associates in our hometown of Jacksonville, Florida for the 2014 annual meeting of the stockholders of EverBank Financial Corp at 9:00 a.m., local time, on May 22, 2014, at the EverBank Center Auditorium, 301 W. Bay Street, Jacksonville, Florida 32202.

We are using the Securities and Exchange Commission rule that allows us to furnish our proxy materials to stockholders over the Internet. On April 1, 2014, we mailed to our stockholders a Notice of Internet Availability of Proxy Materials (the Notice) containing instructions on how to access the proxy materials over the Internet and vote online. We believe the e-proxy process expedites stockholders receipt of proxy materials, offers a convenient way for stockholders to review the materials and vote electronically and substantially reduces our printing and mailing expenses. The Notice also contains instructions on how you can request paper copies of the proxy materials and annual report.

We hope that you will plan to attend the annual meeting. Your vote is important and in order to ensure a quorum, we urge you to vote as soon as possible, even if you plan to attend the meeting. The Notice and the proxy statement contain instructions on how you can vote your shares over the Internet, by telephone, or by mail if you request and receive a printed copy of the proxy card.

On behalf of the Board of Directors, thank you for your continued interest in and support of EverBank Financial Corp.

Sincerely,

Robert M. Clements

Chairman and Chief Executive Officer

VOTING, REVOKING AND SOLICITING PROXIES

What is a proxy?

A proxy is a written authorization from you to another person that allows such person (the proxy holder) to vote your shares on your behalf.

Why am I being provided this proxy statement?

The Board is soliciting proxies so that you can vote before the Annual Meeting. Even if you currently plan to attend the meeting, we recommend that you vote by proxy before the meeting to ensure that your vote will be counted.

Who are the stockholders of record entitled to vote?

The Board has fixed the close of business on March 26, 2014 as the record date for determination of holders of our common stock entitled to notice of and to vote at the Annual Meeting. Holders of our 6.75% Series A Non-Cumulative Perpetual Preferred Stock are not entitled to vote at the Annual Meeting.

What are my voting alternatives?

If you are the record holder of your shares on the record date, there are three ways you can vote by proxy:

Method	Process for Voting
--------	--------------------

By Internet

You may vote over the Internet by going to www.proxyvote.com and entering your 12 digit control number that appears on your e-mail notification or the Notice.

By Telephone You may vote by telephone by calling 1-800-690-6903 and following the recorded instructions. If you vote by telephone, you will also need your control number referred to above.

By Mail If you request printed copies of the proxy materials, you may vote by filling out the proxy card and sending it back in the envelope provided.

How do I vote shares held in street name?

If your shares are held in nominee or street name, you may vote your shares before the meeting by phone or over the Internet by following the instructions on the Notice or, if you received a voting instruction form from your brokerage firm, by mail by completing, signing and returning the form you received. Your voting instruction form will set forth whether Internet or telephone voting is available to you. Although most brokers and nominees offer telephone and Internet voting, availability and specific processes will depend on their voting arrangements. We encourage you to record your vote through the Internet if such process is available to you.

What is my deadline for voting?

The deadline for voting by telephone or through the Internet is 11:59 P.M., Eastern Time, on May 21, 2014.

Table of Contents

How can I revoke my proxy?

You can revoke your proxy at any time before the vote is taken at the Annual Meeting by submitting to the Company's Corporate Secretary written notice of revocation or a properly executed proxy of a later date, or by attending the Annual Meeting and voting in person. Written notices of revocation and other communications about revoking proxies should be addressed to:

EverBank Financial Corp

501 Riverside Ave.

Jacksonville, Florida 32202

Attention: Thomas A. Hajda, Corporate Secretary

If your shares are held in street name, you should follow your broker's instructions regarding the revocation of proxies.

Election of 4 Director Nominees	<ul style="list-style-type: none"> Directors will be elected by a plurality of the votes cast at the Annual Meeting at which a quorum is present. 	<ul style="list-style-type: none"> i The frequency option that receives the affirmative vote of a majority of the votes cast is the one that will be deemed approved by the stockholders. 	

- i The outcome of the vote is not binding on the Board. However, the Board values stockholders' opinions and will take into account the outcome of this vote when determining how often to hold say on pay votes. A scheduling vote similar to this will occur at least once every six years.

How do I vote shares held in brokerage accounts?

If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and you will receive the Notice from your broker or nominee (the record holder). As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions.

Table of Contents

What is a broker non-vote?

A broker non-vote occurs when a broker or nominee that holds shares for a beneficial owner does not vote on a particular proposal because the broker or nominee has not received voting instructions from the beneficial owner and does not have discretionary voting power with respect to that proposal, as described in more detail below.

May my broker vote my shares if I am a beneficial owner and do not give the broker voting instructions?

If you are a beneficial owner and do not provide your broker or nominee with voting instructions, the ability of your broker or nominee to vote your shares depends on the type of proposal being considered. Therefore, if you hold your shares with a broker or nominee it is important to instruct the broker or nominee how to vote your shares.

Non-routine Matters. Under the rules of the New York Stock Exchange (NYSE), a broker or nominee may not exercise discretionary voting power on non-routine matters. This means that your broker or nominee may not vote your shares regarding Proposal 1 (election of directors), Proposal 3 (say on pay) or Proposal 4 (say on frequency), each of which is a non-routine proposal, unless you return your voting instruction form or submit your voting instructions by telephone or over the Internet.

Routine Matters. Brokers and nominees who are NYSE members have discretionary voting power only with respect to routine matters. Brokers and nominees are permitted to vote your shares even if you do not provide voting instructions solely with respect to Proposal 2 (ratification of the selection of Deloitte & Touche LLP as the Company's Independent Auditor).

How are abstentions and broker non-votes counted?

Abstentions and broker non-votes are included in determining whether a quorum is present, but will not be included in vote totals and will not affect the outcome of the vote for any proposal.

Furthermore, shares represented by proxies that are marked withhold authority for the election of one or more director nominees will not be counted in determining the number of votes cast for those persons.

How will my shares be voted?

All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with the instructions received. **If you requested printed copies of the proxy materials and sign and return your proxy card without giving specific voting instructions, your proxy will be voted in accordance with the Board's above recommendations.**

What happens if other matters are presented for action at the Annual Meeting?

The Board is currently unaware of any other matters that may be presented for action at the Annual Meeting. If other matters properly come before the Annual Meeting, or at any adjournment or postponement thereof, we intend that shares represented by properly submitted proxies will be voted, or not voted, by and at the discretion of the persons named as proxies on the proxy card.

How do I vote shares held in more than one account?

If you own shares of common stock in more than one account for example, in a joint account with your spouse and in your individual brokerage account you may have received more than one Notice or more than one set of paper proxy materials (if so requested). To vote all of your shares by proxy, please follow each of the separate proxy voting instructions that you received for your shares of common stock held in each of your different accounts.

How are proxies solicited and what are the costs?

We will bear the entire cost of soliciting your proxy, including the cost of preparing, assembling, printing, mailing or otherwise distributing the Notice and proxy materials, as well as soliciting your vote.

We have requested that banks, brokers and other record holders send the Notice to the beneficial owners of the Company's common stock and secure their voting instructions, if necessary. We will reimburse the record holders for their reasonable expenses in taking those actions.

We have also made arrangements with Morrow & Co., LLC to assist us in soliciting proxies and have agreed to pay that company \$5,000 plus reasonable and customary expenses for these services. If necessary, we may also use several of our regular employees, without additional compensation, to solicit proxies from the Company's stockholders, either personally or by telephone, e-mail or letter on the Company's behalf.

What constitutes a quorum at the Annual Meeting?

The presence, in person or by properly executed or otherwise documented proxy, of the holders of a majority of the outstanding shares of the Company's common stock as of the record date is necessary to constitute a quorum at the Annual Meeting. The Company cannot hold the Annual Meeting unless a quorum is present. Abstentions and broker non-votes will be counted solely for the purpose of determining whether a quorum is present.

We urge you to vote promptly by proxy even if you plan to attend the Annual Meeting so that we will know as soon as possible that enough shares will be present for us to hold the meeting.

How may I vote in person?

We recommend that you submit your proxy as described above so that your vote will be counted if you later decide not to attend the meeting. You may vote in person at the Annual Meeting if you are a stockholder of record on the record date. If your shares are held in street name, you will have to obtain a written proxy in your name from the record holder who holds your shares and bring that written proxy with you to the meeting.

How may I attend the Annual Meeting?

Only record or beneficial owners of the Company's common stock as of the record date or their proxies may attend the Annual Meeting in person. Admission to the Annual Meeting will be on a first-come, first-served basis. When you arrive at the Annual Meeting, you will be requested to present photo identification, such as a driver license. Beneficial owners must also provide evidence of stock holdings, such as a recent brokerage account statement. Registration will begin one hour prior to the beginning of the meeting.

What are the rules of conduct when attending the Annual Meeting?

The use of cell phones (including camera phones), pagers, computers, PDAs, cameras, video or recording equipment, or any other electronic device is not permitted in the auditorium. Additional rules of conduct will be provided at the meeting. Failure to follow these rules can result in your removal from the meeting.

Notice and Access

The SEC notice and access rule allows us to furnish our proxy materials over the Internet to our stockholders instead of mailing paper copies of those materials to each stockholder. As a result, on April 1, 2014, we sent our stockholders by mail or e-mail the Notice containing instructions on how to access our proxy materials and annual report over the

Internet and vote online.

The Notice is not a proxy card and cannot be used to vote your shares. If you received a Notice, you will not receive paper copies of the proxy materials or annual report unless you request the materials by following the instructions on the Notice or on the website referred to on the Notice.

Electronic Access to Proxy Materials and Annual Report

You can elect to view the Company's future proxy statements and annual reports through the Internet instead of receiving paper copies in the mail and thus save the Company the cost of producing and mailing these documents. There will be no additional charge for you to have electronic access through the Internet to our proxy materials and annual report.

If you are a registered stockholder and you choose to vote through the Internet, you can enroll to receive future proxy statements and annual reports electronically by following the prompt. After you enroll, you will receive an e-mail approximately four weeks before future meetings that will provide you with voting instructions and the Internet address for these documents.

Table of Contents

If you enroll to view the Company's future annual reports and proxy statements electronically and vote your proxy through the Internet, your enrollment will remain in effect for all future stockholders' meetings unless you cancel it. To cancel, you should access www.proxyvote.com and follow the instructions to cancel your enrollment. If you hold your Company stock in nominee name, check the information provided by your nominee for instructions on how to cancel your enrollment.

Security Ownership of Management and Directors

The following table sets forth information about the beneficial ownership of our common stock for each named executive officer, each director and director nominee, and all executive officers and directors as a group.

Unless otherwise noted below, the address of each beneficial owner listed on the table is c/o EverBank Financial Corp, 501 Riverside Avenue, Jacksonville, Florida 32202.

The Company has determined beneficial ownership in accordance with the rules of the SEC. Except as indicated by the footnotes below, the Company believes, based on the information furnished to us, that the persons and entities named in the tables below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws. A person is deemed to be a beneficial owner of any security of which that person has the right to acquire beneficial ownership within 60 days from the date of determination. The footnotes to the table indicate how many shares each person has the right to acquire within 60 days of March 15, 2014. The Company has based the calculation of the percentage of beneficial ownership on 122,698,232 shares of common stock outstanding as of March 15, 2014.

In computing the number of shares of common stock beneficially owned by a person identified in the table below and the percentage ownership of such person, the Company deemed outstanding shares of common stock subject to options or restricted stock units held by that person that are currently exercisable or exercisable within 60 days of March 15, 2014. PROPOSAL 1

ELECTION AND CLASSIFICATION OF DIRECTORS

Number and classes of directors

Our Board is authorized to have no fewer than seven members and no more than 15 members and is currently comprised of 14 members. In accordance with the terms of our Amended and Restated Certificate of Incorporation, our Board has been divided into three classes, Class I, Class II and Class III, with each class serving staggered three-year terms.

The terms of five of our Class II directors expire at the Annual Meeting. One of these directors, Mr. Alok Singh, will not stand for re-election at the Annual Meeting. As a result, the Board has approved reducing the size of the Board from 14 members to 13 members, effective as of the date of the Annual Meeting. The Board has nominated the four persons listed herein to be re-elected as directors at the Annual Meeting, each for a term to expire in 2017. Each nominee currently is a member of the Board.

Term of directors

At each annual meeting of stockholders, or special meeting in lieu thereof, upon the expiration of the term of a class of directors, the successors to such directors will be elected to serve from the time of election and qualification until the third annual meeting following his or her election and the election and qualification of his or her successor.

Changing the number of directors

The number of directors may be changed only by resolution of our Board. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

How persons named as proxies are intended to vote

Unless authority to vote is withheld, it is intended that the persons named as proxies in the accompanying form of proxy will vote to re-elect as a director each of the four nominees listed below. Each nominee who is elected will serve until the 2017 annual meeting of stockholders or until the nominee's successor shall be elected and qualified to serve.

Board of Directors Recommendation

The Board unanimously recommends you vote FOR the election of all of the nominees as directors. Proxies will be voted FOR the nominees, unless otherwise directed.

Substitute nominees

If any nominee is not available for election, in its discretion, the Board may designate a substitute nominee. In that event, the proxies will be voted for such substitute nominee. All of the nominees have indicated to us that they will be available to serve as directors and therefore we do not anticipate that any substitute nominee or nominees will be required. The proxies will not be voted for more than four nominees.

Instructing your broker how you want to vote

Important: Brokers holding shares beneficially owned by their clients will not have the ability to cast votes with respect to the election of directors unless they have received instructions from the beneficial owner of the shares. Therefore, in order for your vote to be counted regarding the election of directors if your shares are held by a broker, you must provide instructions to your broker. Please instruct your broker how you want to vote by following the instructions contained in the Notice or voting instruction form provided by your broker.

Director nominees

Set forth below is the name of each nominee for election to the Board at the Annual Meeting and each member of the Board whose term will not expire at the Annual Meeting, as well as each such person's age, his current principal occupation (for at least the past five years unless otherwise indicated), together with the name and principal business of the company employing such person, if any, the period during which such person has served as a director of the Company, all positions and offices that such person holds with the Company and such person's directorships in other public companies or companies registered as an investment company under the Investment Company Act of 1940.

Table of Contents

The Board believes that all of the nominees named below are highly qualified and each director's specific experiences, qualifications, attributes or skills that led the Board to conclude that he or she should serve as a director are also described. Additionally, all of the members of the Nominating and Corporate Governance Committee, the Compensation Committee and the Audit Committee are independent.

Chairman of the Board and Chief Executive Officer

The Board is led by the Chairman. The Company's by-laws provide that the Chairman will preside over each Board and stockholder meeting and will perform such other duties as determined by the Board. The by-laws provide that the Chief Executive Officer shall be the Chairman, unless the Board determines otherwise.

Robert M. Clements, the Chief Executive Officer of the Company, has served as Chairman of the Board since 1997. The Board believes that having a unified Chairman and Chief Executive Officer is appropriate and in the best interests of the Company and its stockholders. The Board believes that combining the Chairman and Chief Executive Officer roles provides unity of vision for the leadership of the Company and allows one person to speak for and lead the Company and the Board.

The Board is aware of the potential conflicts that may arise when an insider chairs the Board, but believes these are offset by existing safeguards, which include the designation of a Lead Independent Director, regular meetings of the

independent directors in executive session without the presence of insiders, the fact that management compensation is determined by a committee of independent directors who make extensive use of peer benchmarking, and the fact that much of our operations are highly regulated.

The Board also believes that the Company's strong performance under Mr. Clements, especially during turbulent financial times, demonstrates the effectiveness of its leadership approach.

Lead Independent Director

The Company's Corporate Governance Guidelines provide that when the Chairman is not independent, the independent members of the Board will appoint a Lead Independent Director, who is required to be an independent director. The Lead Independent Director coordinates the activities of the other non-employee directors, including:

- Ensuring that non-employee directors have adequate opportunities to meet and discuss issues in sessions of the non-employee directors without management present and, as appropriate, calls meetings of the non-employee directors;

Table of Contents

- ¡ Presiding at all executive sessions of the non-employee directors;

- ¡ Serving as principal liaison between the non-employee directors and the Chairman;

- ¡ Consulting with the Chairman as to an appropriate schedule and agenda for each Board meeting;

- ¡ Monitoring the quality, quantity and timeliness of information sent to the Board;
- ¡ Presiding at all meetings of the Board at which the Chairman is not present;

- ¡ Facilitating and coordinating the work of Board committees;

- ¡ If requested by stockholders or employees, ensuring that he/she is available, when appropriate, for consultation and direct communication; and

- ¡ Performing such other duties and responsibilities as the Board may determine.

The independent directors of the Board have appointed Scott Stuart as the Company's Lead Independent Director.

Director Attendance

In 2013, all directors attended at least 75% of the aggregate of the meetings held by the Board and by Committees of which they were members, with the exception of Mr. Kleeman.

Director Attendance at the Annual Meeting

Pursuant to the Company's Corporate Governance Guidelines, it is the Company's policy that directors attend the annual meeting of stockholders. Twelve of the fourteen directors attended the 2013 Annual Meeting of Stockholders either in person or via teleconference.

Meetings of Independent Directors

All non-management directors meet in executive sessions at each regular meeting of the Board, and are offered the opportunity to meet in executive sessions at regularly scheduled conference call meetings held by the Board. In addition, the independent directors, as defined in the NYSE rules, meet in executive session at least annually. The executive sessions of the non-management directors and the independent directors provide the opportunity for discussion of compensation, succession planning and other sensitive topics.

Our Board has established standing committees in connection with the discharge of its responsibilities. These committees include an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and a Risk Committee. EXECUTIVE SUMMARY

Compensation Philosophy

Our compensation program is designed to attract and retain the top level of our management, whom we refer to as Executive Management, of the caliber and experience necessary to ensure our success, directly link pay to our performance, and create long-term value for our stockholders. This philosophy is reflected in the following guiding design principles:

Category	Description
<p>Align Pay with Performance and Reinforce Business and Growth Strategies</p>	<p>We have structured our compensation program so that a significant percentage of each executive's total compensation is at risk based on our corporate performance and, in certain cases, individual performance. Our compensation program is designed to reward desired performance and individual contributions, in each case, that promote our business and growth strategies.</p>
<p>Balance Short-and Long-Term Incentives</p>	<p>In order to both further align the interests of our executives with our stockholders and promote increased stock ownership levels among our executives, we strive to provide a balanced mix of short-term incentive awards, such as annual cash incentive awards, and long-term equity incentive awards, such as stock options and restricted stock units.</p>
<p>Provide Competitive Compensation</p>	<p>In order to attract and retain qualified talent, we endeavor to maintain compensation levels that are competitive with our peers. To this end, we reviewed a comparative analysis of our executive compensation practices against the practices of a peer group comprised of companies similar to us in both growth strategy and business demographics.</p>
<p>Balance Risk and Return</p>	<p>Our compensation program integrates certain risk mitigation features designed to balance risk and financial results in a manner that does not encourage executives to expose us to imprudent risks.</p>

2013 Performance and Financial Highlights

In 2013, we executed on several key strategic initiatives designed to: (i) focus on our core banking and lending clients; (ii) simplify our earnings profile; and (iii) enhance operating efficiencies by exiting non-core businesses. The diversity and flexibility of our business model allowed us to enhance our profitability and value proposition for our stockholders while completing these significant repositioning activities. We believe we are well positioned for sustainable organic growth across our business channels and continued long-term success.

Table of Contents**Elements of Our Compensation Program**

Base salary, annual cash bonuses and long-term incentive stock awards comprise the total direct compensation for our Named Executive Officers. We believe these components allow us to retain our talented executives and align with short-term and long-term stockholder value. The table below provides a summary of the components of total direct compensation for 2013.

Element	What the Element Rewards	Purpose and Key Features	Performance Based?
Base Salary	Scope of leadership responsibilities Expected future performance	Provide a steady source of income to the executives	No
Annual Cash Bonuses	Achievement of target ROE, on (i) an absolute basis (weighted at 75%) and (ii) a relative basis to the ROE of our financial performance peer group (weighted at 25%): <ul style="list-style-type: none"> i Absolute ROE. Achievement of absolute ROE targets (in 2013, 10.5% ROE to achieve 100% of target annual cash bonus) i Relative ROE. Achievement of relative ROE targets (in 2013, at the 70th percentile of the ROE of our peer group to achieve 100% of target annual cash bonus) 	<ul style="list-style-type: none"> i Encourage and reward achievement of short-term performance objectives i Bonuses for each Named Executive Officer are based solely on corporate performance (achievement of ROE thresholds on an absolute and relative basis) i Payouts are not guaranteed, and no payouts are made if performance thresholds are not achieved 	Yes, tied to our operating performance

Long-Term Equity Incentive Awards	Appreciation in the value of our common stock	; Align executives interests with those of our stockholders	Yes, tied to the appreciation of our stock price
(In the form of stock options and restricted stock units)		; Promote executive retention because both the options and restricted stock units cliff vest 100% on the third anniversary of the award, provided the Named Executive Officer remains employed by us on such date	
		; Dividends are not paid on restricted stock units	

Total Target Compensation Percentages

The graphs immediately below show the mix of compensation elements targeted to be paid for 2013 to Mr. Clements and to the other Named Executive Officers averaged together. In calculating these percentages, we included: (i) 2013 base salaries for Mr. Clements and the other Named Executive Officers; (ii) target bonus amounts that would have been payable in 2014 to Mr. Clements and the other Named Executive Officers for services performed in 2013, assuming a 100% payout of the annual cash bonuses; and (iii) the grant date value of the long-term equity incentive awards granted in 2013 to Mr. Clements and the other Named Executive Officers because we consider this element of compensation to be at risk, since stock options have value only if the market value of common stock appreciates over time and the value of restricted stock units aligns with changes in stock price.

Table of Contents**2013 Named Executive Officer Compensation and Corporate Performance**

Our compensation practices for Executive Management, including the Named Executive Officers, are designed to align a substantial portion of pay to our annual financial and operational results and to the long-term financial interests of the stockholders. This section illustrates the relationship between pay and how we measure performance.

Summary of Compensation Disclosed in the Summary Compensation Table

The table below shows each Named Executive Officer's 2013 base salary, annual cash bonus award and long-term equity incentive grant value. The table is not a substitute for, and should be read together with the Summary Compensation Table which presents 2013 compensation for our Named Executive Officers in accordance with Securities and Exchange Commission disclosure rules and includes additional compensation elements and other important information.

Name	Base Salary (\$)	Annual Cash Bonus (\$)	Long-Term Equity Incentive Awards (\$)⁽¹⁾	Total (\$)
Robert M. Clements	750,000	921,667	1,100,000	2,771,667
W. Blake Wilson	650,000	798,778	1,000,000	2,448,778
Gary A. Meeks	395,000	346,722	150,000	891,722
John S. Surface	385,000	270,356	350,000	1,005,356
Steven J. Fischer	370,000	259,822	250,000	879,822

(1) The long-term equity incentive awards granted in March 2013 to our Named Executive Officers consist of stock options and restricted stock units. One of the elements considered by the Compensation Committee in the number of equity awards granted to the Named Executive Officers in 2013 was our corporate performance in 2012. The grant date fair market value for the long-term equity incentive stock option awards was determined in accordance with FASB ASC Topic 718.

Annual Cash Bonus

In 2013, our Named Executive Officers were eligible for annual cash bonus payments based on achievement of ROE goals on an absolute basis (weighted at 75%) and on a relative basis compared to the ROE of our peer group (weighted at 25%).

When calculating ROE for purposes of the annual cash bonus, the Compensation Committee reserves the right to adjust the Company's reported net income (presented in accordance with accounting principles generally accepted in the United States of America, or GAAP) to ensure that we fairly compensate our Named Executive Officers for our actual performance and not as a result of extraordinary items and events. These adjustments generally account for significant unusual and/or nonrecurring items and other factors that are determined to be appropriate by the Compensation Committee. For this reason, we refer to ROE as adjusted ROE.

Table of Contents

In 2013, we achieved an adjusted ROE of 9.89%, resulting in each Named Executive Officer receiving 86.667% of the portion of his annual cash bonus target tied to absolute corporate performance and 91.111% of the portion of his annual cash bonus target tied to relative corporate performance. A description of how the Compensation Committee calculated adjusted ROE for 2013 is included on pages 40-41 of this CD&A and identified in the Summary Compensation Table.

Long-Term Equity Incentive Awards

The long-term equity incentive awards we grant to the Named Executive Officers are linked to our performance for the prior fiscal year and the value of such awards are tied to our future performance.

In 2013, each of the Named Executive Officers received an annual equity grant comprised of a mix of nonqualified stock options (50%) and restricted stock unit awards (50%). When determining the amount of equity awards granted to the Named Executive Officers in 2013, the Compensation Committee considered the Company’s strong financial performance in 2012 as well as other achievements. The details surrounding these grants are described on pages 42-43 of this CD&A and identified in the Summary Compensation Table.

In 2014, each of the Named Executive Officers received an annual equity grant comprised of a mix of nonqualified stock options (50%) and restricted stock unit awards (50%). In granting these awards, the Compensation Committee recognized: (i) the Company’s strong financial performance on an absolute and relative basis in 2013; and (ii) the execution by Executive Management of various business and balance sheet repositioning initiatives designed to optimize efficiency and operating leverage.

Base Salary Increases for 2014

In connection with its annual review process, the Compensation Committee agreed with management’s recommendation that no Named Executive Officer receive a base salary increase in 2014. This decision is consistent with our commitment to responsible cost savings and our recognition of the challenging current economic and regulatory environment.

Changes to Our Compensation Program

We continuously review our compensation programs and practices to ensure: (i) a balance between the interests of stockholders, regulators and other interested parties; and (ii) that we compensate executives and key management effectively and in a manner consistent with our stated compensation philosophy and objectives. Under the guidance of the Compensation Committee, we made the following changes to our compensation structure and practices for 2013:

Category	2012 Compensation Program	2013 Compensation Program
Peer Group	<p><i>Competitive Pay Peer Group</i>. One peer group for purposes of analyzing and establishing</p>	<p>Single peer group for purposes of both (i) analyzing and establishing competitive pay</p>

We have also adopted the following corporate governance practices for 2014:

Practice	Description
<p>Management Succession Planning</p>	<p>In order to avoid potential disruption in our operations, we have adopted a Chief Executive Officer and Senior Management Succession Plan that provides for succession planning for the Chief Executive Officer, the other members of Executive Management and certain other senior executives with significant management responsibilities.</p>
<p>Hedging and Pledging Policy</p>	<p>We have adopted a stand-alone Hedging and Pledging Policy, which:</p> <ul style="list-style-type: none"> <p>⌋ Prohibits our employees, including our Executive Management, and directors from purchasing any financial instrument or entering into any transaction that is designed to hedge or offset any decrease in the market value of our stock, including exchange funds, prepaid variable forward contracts, equity swaps, puts, calls, collars, forwards or short sales; and</p> <p>⌋ Places certain limitations on the ability of our employees, including our Executive Management, and directors from pledging, hypothecating or otherwise encumbering our stock as collateral from indebtedness.</p>

Governance and Compensation Practices

The lists below highlight some of the features of our compensation plans and policies that we believe are in keeping with best practices in executive compensation and corporate governance and practices we have not implemented because we do not believe they would serve our stockholders' long-term interests.

Practices We Implement

1. A substantial percentage of the compensation of all of our Named Executive Officers is variable and tied to the Company's performance (see pages 39-43).
2. The change in control definition contained in our 2011 Omnibus Equity Incentive Plan, or Equity Incentive Plan, is not a liberal definition triggered by mere stockholder approval of a transaction (see page 54).
3. Our Compensation Committee reviews tally sheets when making executive compensation decisions (see page 37).
4. Our stock ownership policy requires the Chief Executive Officer to own shares of Company stock having a value of not less than five times his base salary and each other Named Executive Officers to own shares of Company stock having a value of not less than three times his base salary (see page 43-44).
5. We recently adopted a formal Hedging and Pledging Policy that: (i) prohibits our employees, including the Named Executive Officers, and directors from engaging in hedging transactions in our stock; and (ii) places certain limitations on such persons pledging our stock (see page 36).
6. The Compensation Committee does not believe that the work of its compensation consultant has raised any conflicts of interest (see page 21).

Practices We Do Not Implement

- × Our Equity Incentive Plan expressly prohibits repricing of options and stock appreciation rights (directly or indirectly) without prior stockholder approval.
- × No dividend payments on restricted stock unit awards.
- × No separate Change in Control Agreements.
- × We do not maintain any compensation programs that encourage our employees (individually or as part of a group) to take inappropriate risks by providing them with: (i) excessive compensation; or (ii) compensation that could lead to material financial loss to us.
- × We do not provide excessive executive perquisites to our Named Executive Officers.

- × We do not offer any executive-level retirement benefits to our Named Executive Officers.

- × No guaranteed bonuses.

- × No discounted stock options.

HOW WE SET COMPENSATION

The Compensation Committee of our Board of Directors determines the compensation for our Named Executive Officers. Messrs. Clements and Wilson make recommendations to the Compensation Committee regarding the compensation for those Named Executive Officers who report to them.

Role of the Compensation Committee

The Compensation Committee sets and determines the compensation for Executive Management. Each Named Executive Officer is a member of Executive Management. The Compensation Committee is composed entirely of independent, non-management directors. The Compensation Committee reviews and recommends approval of all aspects of the compensation program for Executive Management and administers our stock incentive plans. In setting compensation, the Compensation Committee does not seek to allocate long-term and current compensation, or cash and non-cash compensation, in specified percentages. The Compensation Committee instead reviews each element of compensation independently and determines the appropriate amount for each element, as discussed below. However, the Compensation Committee traditionally places more emphasis on variable compensation, including annual cash bonuses and long-term equity awards, than on base salary.

The Compensation Committee also approves the performance goals for all Executive Management compensation programs that incorporate performance metrics and evaluates performance at the end of each performance period. The Compensation Committee approves our aggregate annual cash bonus award opportunities, stock option awards and restricted stock unit awards for Executive Management. The Compensation Committee also sets the level and components of the compensation for Mr. Clements and, after consultation with Mr. Clements, reviews and approves the compensation for Mr. Wilson. After consultation with Messrs. Clements and Wilson, the Compensation Committee also reviews and approves the compensation for the remaining Named Executive Officers and other members of Executive Management.

In making decisions regarding the compensation for the Named Executive Officers, the Compensation Committee focuses primarily on our overall performance, on an absolute and relative basis. The Compensation Committee also considers the general business environment.

The Compensation Committee reviews and tracks each element of compensation for Executive Management through tally sheets. As part of such review, the Compensation Committee examines the value of each element of compensation that each member of Executive Management has received. The Compensation Committee believes that tally sheets provide a comprehensive picture of an executive's total compensation, give the Committee a better understanding of how each component of an executive's compensation package fits together and provide a context for making pay decisions. The Compensation Committee did not make any adjustment to our executive compensation programs as a result of its review of the tally sheets last year.

Role of Executive Officers

Decisions about individual compensation elements and total compensation, including those related to Mr. Clements, are ultimately made by the Compensation Committee. However, we believe that Messrs. Clements and Wilson are in the best possible position to assess the performance of the other members of Executive Management and, accordingly, they also play an important role in the compensation-setting process for executives other than themselves. Messrs. Clements and Wilson discuss Executive Management compensation (including compensation for each of the other Named Executive Officers) with the Compensation Committee and make recommendations on all elements of compensation.

Role of the Compensation Consultant

The Compensation Committee retained the services of Compensation Advisory Partners, LLC, or the Compensation Consultant, to provide independent compensation consulting advice.

Table of Contents

The Compensation Consultant advises the Compensation Committee on all matters related to the compensation of the Named Executive Officers and the other members of Executive Management. Specifically, the Compensation Committee requested the Compensation Consultant provide it with the following assistance in 2013:

Activity	Description
Competitive Market Analysis	Conduct a comprehensive review of the competitiveness and effectiveness of our executive compensation program relative to market practices and business goals.
Recommendation of Changes to Compensation Program	Evaluate pay levels and categories of executive compensation and recommend changes to such compensation, as appropriate.
Market Trends and Practices	Provide annual analysis to the Compensation Committee regarding market trends and practices.
Risk Assessments	Assist in the annual risk assessment of incentive compensation plans.
Review Public Disclosures	Review public disclosures on compensation, including the CD&A and related tables and compensation disclosures.

Competitive Market Assessment

The Compensation Committee approved a group of eighteen similar-sized publicly-traded financial institutions and financial services firms, or the Peer Group, that it considered in connection with (i) analyzing and establishing competitive pay for Executive Management, and (ii) comparing the Company's relative overall financial performance, which is a component of our annual cash bonus award as described below. The Compensation Committee selected the Peer Group based upon relative size to the Company, business mix and profitability. The Compensation Committee

also considered the views of Executive Management when selecting the Peer Group. The Compensation Consultant validated this selection.

After selecting the Peer Group, the Compensation Committee compared total compensation opportunities (which include base salary, target annual incentive and the targeted value of long-term incentives), as well as each individual element of pay, to the Peer Group. The Compensation Committee intends for the Named Executive Officers compensation to be competitive with market practices, but does not benchmark to any particular percentile within the Peer Group. Rather, the Compensation Committee used the market data as one reference point in its compensation decisions, along with many other factors, such as the individual's performance, expectations regarding future potential contributions, retention strategies, and the Company's performance as a whole.

The Compensation Committee periodically reviews and may adjust the peer group companies as part of its regular review of executive compensation pay and practices in connection with future compensation decisions.

Table of Contents**COMPONENTS OF OUR EXECUTIVE COMPENSATION PROGRAM**

In 2013, the key elements of compensation for our Named Executive Officers generally consisted of base salary, annual cash bonuses and long-term incentives in the form of stock options and restricted stock units. We maintain employment agreements with each Named Executive Officer that provide certain benefits as described below.

Annual Base Salaries

We pay base salaries to attract talented executives and to provide a fixed base of cash compensation. We also believe that base salaries should be reflective of our Named Executive Officers' roles and responsibilities. The Compensation Committee reviews salaries for the Named Executive Officers on an annual basis, as well as at the time of a promotion or other change in responsibilities. In general, the Compensation Committee increases base salary based upon its subjective evaluation of such factors as prevailing changes in market rates for equivalent executive positions in the Peer Group, the individual's level of responsibility, tenure with us and overall contribution to us. The Compensation Committee also takes into account Mr. Clements' recommendations regarding salary increases for the other Named Executive Officers.

Based on that review, for 2013, the Compensation Committee approved base salary increases for the Named Executive Officers as described in the table below. The Compensation Committee believed the increases in base salary were appropriate based on the Company's strong performance and each executive's individual achievements in 2012. In particular, the higher percentage increase for Mr. Fischer in 2013 was intended to close the base salary gap between Mr. Fischer and certain other Named Executive Officers and to better reflect his overall contribution to the Company. The base salary increases for each Named Executive Officer were effective as of February 18, 2013.

Name	2012 Base Salary	\$	%	2013 Base Salary
		Amount of Increase	Amount of Increase	
Mr. Clements	\$ 720,000	\$ 30,000	4.17%	\$ 750,000
Mr. Wilson	\$ 623,500	\$ 26,500	4.25%	\$ 650,000
Mr. Meeks	\$ 385,000	\$ 10,000	2.60%	\$ 395,000

Mr. Surface	\$ 370,000	\$ 15,000	4.05%	\$ 385,000
Mr. Fischer	\$ 340,000	\$ 30,000	8.82%	\$ 370,000

Annual Cash Bonuses

Annual cash bonuses reward the Named Executive Officers for achieving short-term (annual) financial objectives. The Named Executive Officers participate in our EverBank Financial Corp 2011 Executive Incentive Plan, or the Executive Cash Incentive Plan, pursuant to which they may earn cash awards based on the achievement of pre-established corporate performance goals. We use only corporate, rather than individual, performance measures because they hold positions that have a substantial impact on the achievement of those measures. This approach also reflects an expectation that collective individual performance will result in improved business performance and favorably impact stockholder value.

In 2012, Mr. Surface earned a cash bonus based on a combination of corporate performance goals and the Compensation Committee's subjective assessment of his individual performance. To be in-line with the other Named Executive Officers, Mr. Surface's bonus potential for 2013 was tied solely to the achievement of corporate performance goals.

Table of Contents

The Compensation Committee established a target annual cash bonus expressed as a percentage of base salary for each Named Executive Officer, as set forth below. When calculating bonuses as a percentage of salary, the Company used the base salary of each Named Executive Officer as of December 31, 2013.

Named Executive Officers 2013 Target Bonus

Name	Total Target Bonus (% of Base Salary)
Mr. Clements	140%
Mr. Wilson	140%
Mr. Meeks	100%
Mr. Surface	80%
Mr. Fischer	80%

The target bonus potential for Mr. Wilson increased from 130% of base salary in 2012 to 140% of base salary in 2013 and for Mr. Fischer increased from 70% of base salary in 2012 to 80% of base salary in 2013. These increases reflect the contributions made by Messrs. Wilson and Fischer in 2012.

Corporate Performance Criteria for 2013 Annual Cash Bonuses

The 2013 annual bonus opportunity for our Named Executive Officers under the Executive Cash Incentive Plan was based on our achievement of adjusted ROE targets. We measured adjusted ROE using a combination of (i) absolute ROE targets (weighted at 75%) and (ii) our ROE performance relative to our Peer Group (weighted at 25%).

The Compensation Committee believes such adjusted ROE is an appropriate performance goal for annual cash bonuses because this performance metric has meaningful bearing on long-term increases in stockholder value and the fundamental risk level and financial soundness of our business. In addition, the Compensation Committee believes that emphasizing adjusted ROE in 2013 was appropriate because, in light of the economic uncertainty that was

expected for 2013 and the increased costs associated with the sweeping regulatory changes affecting us in 2013, the achievement of superior performance would be more meaningful than in past years.

In order to align incentive payments with our overall corporate performance goals, the Compensation Committee established the following target ranges to measure absolute and relative adjusted ROE:

2013 Corporate Performance Factors				
		Payout Grid		
Type of ROE	Weighting	Company Adjusted ROE Achievement		
		Payout %*		
Absolute Adjusted ROE	75%	Maximum	12.5%	135%
		Target	10.5%	100%

		Peer Rank	385th Percentile	135%

70th Percentile	100%
25th Percentile	20%
<25th Percentile	0%

**Note: Amounts in between are interpolated*

The Named Executive Officers do not receive an annual cash bonus payment if the adjusted ROE does not reach the minimum absolute and relative performance levels.

The 2013 annual cash bonuses received by our Named Executive Officers are also shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table below.

Long-Term Equity Incentives

We place great importance on equity as a form of compensation, and stock ownership is a key objective of the compensation program. Historically, equity awards have constituted a significant portion of the Named Executive Officers' compensation, primarily in the form of stock options, so as to tie compensation to stock price appreciation. The Company has historically granted equity awards only on an occasional basis, including in connection with the achievement of certain milestones and the commencement of employment. However, in 2012, the Company transitioned from its historical practice to an annual equity grant practice. In 2013, each of the Named Executive Officers received an annual equity grant comprised of a mix of nonqualified stock options (50%) and restricted stock unit awards (50%). The Compensation Committee retains discretion to grant equity awards at any time, including in connection with the promotion of an executive, to reward an executive, for retention purposes or in other circumstances recommended by Messrs. Clements or Wilson.

Stock Option Awards

The Compensation Committee believes that stock options effectively align the interests of the recipients with those of our stockholders because stock options only have value if the price of a share of our common stock as of the exercise date increases relative to the price of a share of our common stock on the date of the award. The stock option awards (i) cliff-vest at the end of the third anniversary of the date of grant provided that the executive is employed by us on such date and (ii) expire on the tenth anniversary of the date of grant. The exercise price for each stock option grant in 2013, including each award to the Named Executive Officers, was the market closing price on the date of grant.

The Compensation Committee believes that the multi-year vesting period encourages executives to focus on the long-term maximization of stockholder value. In addition, the longer vesting period acts as a retention tool. The Compensation Committee believes the ten-year term of the stock options also encourages recipients to focus on delivering long-term stockholders value over a relatively long horizon. The Compensation Committee determined that the three-year vesting schedule is generally consistent with Peer Group practices.

Restricted Stock Unit Awards

The Compensation Committee believes that restricted stock units are inherently performance-based because the value of restricted stock unit awards is tied to the price of a share of our common stock. The restricted stock unit cliff-vest at the end of the third anniversary of the date of grant provided that the executive is employed by us on such date. No dividends are paid on the shares underlying the restricted stock units until the shares are issued.

The Compensation Committee believes that the retentive features and perceived value of restricted stock units are enhanced in a volatile stock market, which the financial services industry continues to experience. The Compensation Committee determined that the restricted stock units three-year vesting schedule is generally consistent with Peer Group practices.

2013 Long-Term Equity Incentive Awards

In determining the number of long-term equity incentives awarded to each Named Executive Officer, the Compensation Committee: (a) first approved the grant date value of long-term equity incentives for each Named Executive Officer after considering the long-term equity incentive values in the Peer Group, relative contributions by each executive and the equity awards received by the executive in prior years and (b) then calculated the number of

Table of Contents

(i) stock options granted by dividing the grant date value by the estimated present value of each option through use of the Black-Scholes model (based on a set of assumptions) and (ii) restricted stock units granted by dividing the grant date value by the closing price of our common stock on the grant date. At the date of grant, the exercise price of the stock options awarded is equal to our closing stock price and therefore there is no intrinsic value on the date of grant. Using this methodology, the Compensation Committee approved the grants of stock options and restricted stock units in 2013 identified below and disclosed later in the Grants of Plan-Based Awards Table.

Other Benefits

Our Named Executive Officers participate in various health, life and disability plans that are generally made available to all salaried employees. These plans consist of the following:

Benefit	Description
---------	-------------

401(k) Plan

Our 401(k) Savings Plan, which in 2013 permitted employees to contribute up to 100% of their pre-tax compensation, up to certain IRS compensation deferral amount limits, with Company matching contributions of up to 4% of the employees' eligible compensation contributions.

Profit Sharing Profit Sharing under the 401(k) Savings Plan;

Medical Benefits A health care plan that provides medical and dental coverage for all eligible employees; and

Welfare Benefits Certain other welfare benefits (such as sick leave, vacation, etc.).

In general, Company-provided benefits are designed to provide a safety net of protection against the financial catastrophes that can result from illness, disability or death, and to provide a reasonable level of retirement income based on years of service with us. These benefits help us to be competitive in attracting and retaining employees. Benefits also help to keep employees focused without distractions related to health care costs, adequate savings for retirement and similar issues. The Compensation Committee concluded that these employee benefit plans are consistent with industry standards. In 2013, we did not offer any additional retirement or deferred compensation plans or benefits to our Named Executive Officers. For additional detail on these benefits provided to the Named Executive Officers, please refer to footnote 4 to the Summary Compensation Table below.

The Company also provides the Named Executive Officers with certain limited perquisites and other personal benefits that the Company believes are reasonable and consistent with the Company's overall compensation program to better enable the Company to attract and retain employees. Messrs. Clements and Wilson have access to use of the Company's aircraft for personal use, but they reimburse the Company for the incremental cost of such use.

POLICIES AND PROGRAMS RELATED TO OUR COMPENSATION AND GOVERNANCE PROGRAM

We maintain other policies and programs that provide meaningful value to members of Executive Management, including the Named Executive Officers, while at the same time promoting the retention of these highly valued executives and aligning their interests with those of the stockholders.

Table of Contents**Stock Ownership Guidelines**

We require our Named Executive Officers and all our Executive Vice Presidents to have a meaningful equity stake in the Company to further align their economic interests with those of our stockholders. Our Stock Ownership Guidelines are summarized in the following table:

Position	As a Multiple of Base Salary
Chief Executive Officer	5x Base Salary
All Other Named Executive Officers	3x Base Salary
All Other Executive Vice Presidents	2x Base Salary

All shares held or controlled by a Named Executive Officer are considered in determining compliance with this ownership requirement, including, but not limited to, direct holdings and unvested restricted stock units. Each person subject to the Stock Ownership Guidelines is required to hold shares until he satisfies the Stock Ownership Guidelines; provided, however, that any such person is permitted, subject to the requirements in our Insider Trading Policy, to sell a sufficient amount of shares to pay the exercise price and related withholding taxes due in connection with the exercise or vesting of an equity award. Currently, each of the Named Executive Officers, other than Mr. Fischer, owns the requisite number of shares. Mr. Fischer, a more recent hire, is taking active strides to obtain ownership of the number of shares required by the Stock Ownership Guidelines.

Compensation Risk Assessment

In 2013, representatives from our legal department along with our Compensation Consultants and outside legal advisors conducted (and presented to the Compensation Committee) a risk assessment of our compensation plans and programs to determine whether incentive compensation programs are reasonably likely to have a material adverse effect on the Company. This risk assessment consisted of a review of cash and equity compensation provided to our employees, with a focus on incentive compensation plans which provide variable compensation to employees based upon our performance and that of the individual. The incentive plans are designed to provide a strong link between performance and pay. In the study, we found that our compensation programs include some of the following risk-mitigating characteristics:

Characteristic	Description
-----------------------	--------------------

Mixture of Fixed and Variable Compensation

Balance of short-and long-term incentives of fixed and variable compensation features.

Metrics

Plans include multiple qualitative and quantitative metrics and strategic objectives.

Governance and Oversight Features

Compensation programs have strong governance and oversight with multi-level reviews to help mitigate the opportunity for individuals to receive short-term payouts for risky performance behaviors.

Pay Mix

Comprehensive review of pay mix and levels for senior executives with line of sight.

Rewarding Performance

The Compensation Committee approves performance awards for executive officers based on corporate and/or individual performance.

Limits on Bonus Amounts

The majority of plans have a cap on the incentive compensation paid to participants.

Stock Ownership Guidelines

Executive Management is required to own a certain number of shares, aligning their interests with ours and those of our stockholders.

In light of the review, the Company concluded that the compensation programs are designed with the appropriate balance of risk and reward in relation to our overall business strategy and do not create risk that is reasonably likely to have a material adverse effect on us. The Company also concluded that risks can be effectively monitored and managed. The Compensation Committee agreed with the process undertaken and the findings associated with this risk assessment and will continue to consider compensation risk implications during its deliberations on designing our compensation programs.

Insider Trading Policy

Consistent with our compensation philosophy of rewarding Named Executive Officers based on the Company's long-term success, the Company's Insider Trading Policy prohibits all employees, including the Named Executive Officers, from speculative trading in our stock and places limitations on a Named Executive Officer's ability to conduct short-term trading, thus encouraging long-term ownership of our stock.

Table of Contents

Trading Controls

All designated employees, including the Named Executive Officers, are required to receive the permission of the Company's General Counsel prior to entering into any transactions in Company securities. Generally, trading is permitted only during announced trading periods. Those employees subject to trading restrictions, including the Named Executive Officers, may enter into a trading plan under Rule 10b5-1 of the 1934 Act. These trading plans may be entered into only during an open trading period and must be approved by our legal department. We require trading plans to include a waiting period and the trading plans may not be amended during their term. The Named Executive Officer bears full responsibility if he violates our policy by permitting shares to be bought or sold without preapproval or when trading is restricted.

Clawback Policy

Pursuant to the Sarbanes-Oxley Act, if we are required to restate our financial results due to material noncompliance with financial reporting requirements under U.S. securities laws, as a result of misconduct, our Chief Executive Officer and Chief Financial Officer must disgorge any bonus or other incentive-based or equity-based compensation paid to him (including profits realized from the sale of our securities) during the 12-month period following the first issuance or filing of the noncompliant financial information. Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, all public companies will be required to adopt a formal recoupment policy relating to incentive compensation impacted by restated financial statements, the parameters of which will not be contingent on any person's misconduct. The SEC has not yet issued the regulations that will describe the specific requirements for the policy required under the Dodd-Frank Act. We intend to address the new policy requirements after final regulations are released.

Tax Treatment of Various Forms of Compensation

Section 162(m) of the Code places a limit of \$1 million on the amount of compensation that public companies may deduct in any one year with respect to its Named Executive Officers other than the Chief Financial Officer, unless the compensation qualifies as performance-based. However, pursuant to a Section 162(m) transition rule, until the 2015 compensation period, or until the Equity Incentive Plan and Executive Cash Incentive Plan are materially amended, if earlier, awards (including our annual cash bonuses) granted under such plans will be exempt from the deduction limits of Section 162(m). In order for awards granted after the expiration of such transition period to be eligible for Section 162(m)'s exemption for qualified performance-based compensation, each of the Equity Incentive Plan and Executive Cash Incentive Plan must be resubmitted for approval by our stockholders.

Employment and Severance Arrangements

Employment agreements secure the services of key talent within the highly competitive financial services industry in which we operate. Generally, we enter into employment agreements with high performing and long-term potential senior employees and structure the agreements to carefully balance the individual financial goals of the executives relative to our needs and those of our stockholders. Each of the Named Executive Officers has entered into an employment agreement with us.

The employment agreements define compensation and benefits payable in certain termination scenarios, giving the executives some certainty regarding their individual outcomes under these circumstances. Each employment agreement includes provisions that (i) prohibit the executive from competing against us (or working for a competitor) during a specified period after the executive leaves us, and (ii) provide severance payments upon the executive's termination of employment by us for other than cause or by the executive for good reason, or, in the case of

Mr. Meeks, upon his resignation for any reason. We believe the employment agreements are a necessary component of the compensation package provided to Messrs. Clements, Wilson, Meeks, Surface and Fischer because: (i) the noncompetition provisions protect us from a competitive disadvantage if one of the executives leaves us; and (ii) the severance provisions serve as an effective recruiting and retention tool. The Compensation Committee approves the initial employment agreements and then reviews the agreements on an as-needed basis, based on market trends or on changes in our business environment.

The specific terms of these employment arrangements, as well as an estimate of the compensation that would have been payable had they been triggered as of fiscal year-end, are described in detail in [Additional Information Regarding Executive Compensation Potential Payments Upon a Change in Control](#) and [Additional Information Regarding Executive Compensation Potential Payments Upon Termination of Employment](#).

CONCLUSION

The Compensation Committee and the Company believe that the: (i) elements of our compensation program for the Named Executive Officers allow us to retain our talented executives while at the same time encouraging short-term

Table of Contents

and long-term stockholder value; (ii) compensation decisions made with respect to the Named Executive Officers in 2013 were consistent with the Company's compensation philosophy and pay-for-performance culture; and (iii) compensation paid to our Named Executive Officers for 2013 was reasonable and appropriate.

In 2012, each of Messrs. All Other Compensation for 2012 reflects these payments.

Potential Payments Upon Termination of Employment

We have entered into employment agreements with each of our Named Executive Officers that provide for certain payments and benefits upon their termination of employment for various reasons.

Payments Made Upon Termination Without Cause or Good Reason

Messrs. Clements and Wilson. In the event of Mr. Clements or Mr. Wilson's termination of employment by us without Cause or by the executive for Good Reason, and upon signing a general release of claims against the Company, the executive will be entitled to:

• **Severance**. Severance equal to 2 times the average of his annual base salary in effect for the year in which termination occurs and his annual base salary during the immediately preceding year, plus 2 times the average of his target bonus for the year in which his termination occurs and his actual bonus for the immediately preceding year, payable in installments over 24 months; and

• **Benefits**. Continued group health benefits for 18 months and, at the conclusion of such 18-month period, a lump sum cash payment in an amount equal to 6 times the monthly cost to us of such benefits.

As described below, each of Messrs. Clements and Wilson is subject to certain restrictive covenants during his employment with us, and for 18 months following his termination of employment. Prior to the completion of the first 12 months of such restriction period, the executive may elect to be released from the remaining 6 months of the restriction period, in which case he will forfeit the remaining cash severance payments that would otherwise have been payable over the remaining 12 months and the group health benefits that would have been available to him over the remaining 12 months.

Table of Contents

The employment agreements with Messrs. Clements and Wilson also provide that the executive will be entitled to a tax gross-up payment from us to cover any excise tax liability he may incur under Section 280G of the Code.

Mr. Meeks. Upon termination by Mr. Meeks of his employment for any reason or termination of Mr. Meeks employment by the Company without Cause, Mr. Meeks will be entitled to his annual base salary in effect immediately preceding his termination, payable in equal installments over 12 months, and his target bonus in effect immediately preceding his termination, which is payable within 45 days following termination. He is also entitled to continued group health benefits for a period of 12 months. In the event that, for the year of termination, actual results under our bonus program would have resulted in Mr. Meeks receiving an above-target bonus payment, we will pay to Mr. Meeks an additional payment equal to the amount by which his bonus, using actual results, exceeds the amount that he received using his target bonus in effect immediately preceding his termination, payable within 90 days following the end of the plan year. Further, all unvested options will expire on the date of termination except those that would otherwise vest no later than 45 days after termination, and those will vest on termination. The Company has announced that Mr. Meeks will retire from the Company effective April 30, 2014.

Messrs. Surface and Fischer. In the event of Mr. Surface's or Mr. Fischer's termination of employment by the Company without Cause or by the executive for Good Reason, and provided that the executive signs a general release of claims against the Company, he will be entitled to:

- ***Severance.*** Severance equal to his annual base salary in effect immediately preceding his termination, plus his target bonus in effect immediately preceding his termination, payable in installments over 12 months; and
- ***Benefits.*** Continued group health benefits for a period of 12 months.

Definitions Applicable to Agreements. For purposes of all such employment agreements, the following definition applies:

- ***Cause*** generally means the executive's (1) willful and substantial failure or refusal to perform his duties; (2) material breach of his fiduciary duties to the Company; (3) gross negligence or willful misconduct in the execution of his professional duties (or, in the case of Mr. Meeks, willful misconduct of laws, rules and regulations) which is materially injurious to the Company; or (4) illegal conduct which results in a conviction of a felony (or a no contest or nolo contendere plea thereto) and which is materially injurious to the business or public image of the Company.

For purposes of the employment agreements with Messrs. Clements, Wilson, Surface and Fischer, the following definition applies:

- ***Good Reason*** generally means (1) the assignment to executive of duties that are inconsistent with his duties as contemplated under the employment agreement; (2) an adverse change in the executive's position as a result of significant diminution in his duties or responsibilities; (3) a reduction in the executive's base salary and/or target bonus opportunity; (4) relocation of executive's principal office more than 50 miles; or (5) the Company's breach of its material obligations under the employment agreement.

Restrictive Covenants

The employment agreements each contain confidentiality covenants that apply during and following the executives employment with us. The agreements also contain certain non-compete and non-solicitation obligations that, in the case of Messrs. Clements and Wilson, continue for a period of 18 months following termination (or 12 months if the executive elects to forfeit a portion of his severance, as discussed above), and in the case of Messrs. Meeks, Surface and Fischer, continue for a period of 12 months following the executive s termination of employment.

Table of Contents**Summary of Termination Payments and Benefits**

The following table summarizes the approximate value of the termination payments and benefits that each of our Named Executive Officers would have received if he had his terminated employment at the close of business on December 31, 2013. The table does not include certain amounts that the Named Executive Officer would be entitled to receive under certain plans or arrangements that do not discriminate in scope, terms or operation, in favor of our executive officers and that are generally available to all salaried employees, such as our 401(k) plan. It also does not include values of awards that would vest normally on or prior to December 31, 2013.

Table of Contents**Potential Payments Upon a Change in Control**

The following table summarizes the approximate value of the payments that each of our Named Executive Officers would have received if (i) a change in control of the Company occurred on December 31, 2013, regardless of whether his employment was terminated in connection with the change in control, or (ii) a change in control of the Company occurred on December 31, 2013, and the Named Executive Officer terminated employment for Good Reason or we had terminated his employment without Cause as of such date.

All equity awards granted to the Named Executive Officers since 2012 include double-trigger change in control provisions. Specifically, in the event that a change in control occurs and a Named Executive Officer's employment is terminated by us without Cause after the effective date of the change of control but prior to twelve (12) months following the change in control, then (i) with respect to stock options, any unvested or unexercisable portion of any award carrying a right to exercise will become fully vested and exercisable and (ii) with respect to restricted stock units, the restrictions, deferral limitations, payment conditions and forfeiture conditions applicable to an award will lapse and such awards will be deemed fully vested.

The table does not include values of awards that would vest normally on or prior to December 31, 2013:

- (6) The calculation of the estimated 280G gross-up payment is based upon a 280G excise tax rate of 20%, a 35% federal income tax rate, and a 1.45% Medicare tax rate. Neither Mr. Clements nor Mr. Wilson would have incurred a 280G excise tax in connection with a change in control and termination of employment occurring on December 31, 2013. Messrs. Meeks, Surface and Fisher are not entitled to a gross-up payment under their employment agreements.

Description of Director Compensation Program

Our cash compensation program for non-employee directors serving on our Board of Directors consists of:

Fees ⁽¹⁾	Full Board of Director (\$)	Audit Committee (\$)	Risk Committee (\$)	Compensation Committee (\$)	Nominating & Corporate Governance Committee (\$)
Annual Board of Director Retainer Fee	50,000				
Annual Committee Chairperson Retainer Fee		15,000	10,000	7,500	5,000
Annual Committee Membership Retainer Fee		5,000	5,000		

(1) All fees are payable on a quarterly basis.

In September 2013, our Board of Directors approved an additional annual fee of \$5,000 for serving as a member of the Audit Committee and Risk Committee. All members of each committee are eligible for such compensation, including the chairperson of each committee. The Board of Directors determined that it was appropriate to recognize the significant responsibilities and workload associated with being a member of the Audit Committee and Risk Committee.

Table of Contents

From time to time, our directors are encouraged to attend Director Workshops held by the Office of the Comptroller of the Currency. In addition to reimbursing those directors who attend such meetings all reasonable travel expenses, hotel and meals, we pay such directors an attendance fee of \$1,500 per meeting.

In addition to the cash compensation component described above, each non-employee director of our Board of Directors is eligible to receive an annual award of restricted stock units having a value of \$50,000. As noted above, non-employee directors associated with certain institutional holders will receive \$50,000 in cash compensation in lieu of the restricted stock units in light of various regulatory considerations. The restrictions will lapse on each such annual grant of restricted stock units in full one year from the grant date. Those non-employee directors receiving cash in lieu of restricted stock units will receive the \$50,000 on the same date the restrictions lapse on the restricted stock units. After completion of our 2013 Annual Meeting and the re-election of our Class I directors, we either granted restricted stock units or accrued for the \$50,000 cash payment in lieu of restricted stock units to all of our non-employee directors. Although Ms. Mixon joined our Board of Directors after the 2013 Annual Meeting, the Board of Directors determined to award Ms. Mixon restricted stock units that have a value of \$50,000. The number of restricted stock units granted was determined based on the closing price of our common stock on the grant date.

We reimburse our non-employee directors for travel, lodging and other reasonable expenses incurred in connection with their attendance at Board of Director and committee meetings. We do not compensate our directors who are employed by us for their services as directors.

Certain of our directors who joined our Board of Directors on or before December 30, 2010, and who continued to serve for a minimum of five years, were eligible to receive a \$5,000 credit for each year of service on our Board of Directors up to \$50,000 payable upon their departure from our Board of Directors. These deferred amounts are not eligible for above-market or preferential earnings. This policy was frozen in December 2010 and is not available to directors who joined our Board after such date. Each of our non-employee directors, with the exception of Messrs. Armstrong, Hinkel and Mixon, is eligible to receive a payment of up to \$50,000 when they leave our Board, the exact amount of which will depend on the years of service on our Board. Mr. Commander received the full \$50,000 upon his departure from the Board of Directors following the 2013 Annual Meeting.

Stock ownership guidelines for non-employee directors

We require our non-employee directors to own a meaningful equity stake in the Company to further align their economic interests with stockholders. Our directors are required to own a number of shares of Company stock having a value of not less than \$150,000. All shares held or controlled by a director are considered in determining compliance with this ownership requirement, including, but not limited to, direct and indirect holdings and unvested restricted stock units granted by the Company. Each director will be required to hold shares of Company stock until he satisfies the Stock Ownership Guidelines; provided, however, that any such person is permitted to sell a sufficient amount of shares to pay the related income taxes due in connection with the vesting of restricted stock units. Currently, each non-employee director, other than Mr. Sanford and Ms. Mixon, owns the requisite number of shares.

PROPOSAL 2

RATIFICATION OF SELECTION OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Deloitte & Touche LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014. The Board recommends that the stockholders ratify the selection of Deloitte & Touche LLP. In the event that the selection is not ratified by the required stockholder vote, it is anticipated that no change in auditors would be made for the current year because of the difficulty and expense of making any change during the current year, but the vote would be considered by the Audit Committee in connection with the engagement of independent auditors for 2015.

Deloitte & Touche LLP has been engaged to provide auditing services and also to provide tax services and general accounting advice. In making this selection, the Audit Committee considered whether the engagement by the Company of Deloitte & Touche LLP for services other than audit services is compatible with Deloitte & Touche LLP's independence.

Deloitte & Touche LLP served as the Company's independent auditors for the fiscal year ended December 31, 2013, and a representative of the firm will be present at the Annual Meeting to make a statement if he or she so desires and to respond to appropriate questions from stockholders.

Audit Fees and Other Fees

The aggregate fees paid to Deloitte & Touche LLP by the Company during 2013 and 2012 are set forth in the following table:

Type of Fees	2013 Fees (\$)	2012 Fees (\$)
Audit Fees	2,900,761 ⁽¹⁾	2,843,519
Audit Related Fees	425,000	1,656,164
	647,875	716,760
Tax Fees		

All Other Fees	64,118	486,321
Total Fees	3,943,913	5,702,764

(1) Includes reimbursable audit fees related to the Green Tree transaction.

Audit Fees

Audit fees include fees associated with the annual audit of the Company's consolidated financial statements and internal control over financial reporting, SEC regulatory filings, various acquisitions, statutory audits, and financial audits of subsidiaries.

Audit Related Fees

Audit related fees include fees associated with reviews of the Company's quarterly reports on Form 10-Q, and fees for assurance related to offerings of the Company's securities, not reported under Audit fees.

Tax Fees

Tax fees include fees associated with tax compliance services, tax advice, and tax planning.

All Other Fees

All other fees were comprised of fees for permissible advisory services.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

In accordance with the Audit Committee Charter, the Audit Committee must pre-approve any engagement of Deloitte & Touche LLP for audit or non-audit services. The Audit Committee has delegated to its chairperson the authority to pre-approve permissible non-audit services. Any such approval of non-audit services pursuant to this delegation of the full Audit Committee's authority must be presented to the Audit Committee at its next regular meeting.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is currently comprised of four directors, each of whom has been deemed independent by the Board, as required by applicable securities laws and regulations and rules of the NYSE, and financially literate based on standards adopted by the NYSE and the Board.

The Company's audited financial statements as of and for each of the three years in the period ended December 31, 2013, are included in the Company's Annual Report on Form 10-K for the 2013 fiscal year. The Company, acting through its management and the Board, has the primary responsibility for the financial statements and the reporting process, including the systems of internal accounting controls. Deloitte & Touche LLP, independent auditors engaged by the Company, are responsible for planning and conducting the annual audit, for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles and for annually auditing the effectiveness of the Company's internal controls over financial reporting.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. In fulfilling its oversight responsibilities, the Committee has reviewed and discussed the audited financial statements with the Company's management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, the clarity of disclosures in the financial statements and the effectiveness of internal controls over financial reporting.

The Audit Committee has reviewed with Deloitte & Touche LLP their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States, including the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received the written disclosures and letter from Deloitte & Touche LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche's communications with the Audit Committee concerning independence, and has discussed with Deloitte & Touche LLP their independence in relation to the Company.

The Audit Committee has discussed with the Company's internal auditors and Deloitte & Touche LLP the overall scope and plans for their respective audits. The Committee regularly meets with the Company's internal auditors and Deloitte & Touche LLP, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal accounting and financial reporting controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee approved including the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2013, for filing with the SEC.

PROPOSAL 3

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

This **Proposal 3**, commonly known as a "Say on Pay" proposal, is required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and provides our stockholders the opportunity to endorse or not endorse the Company's executive compensation program by casting a vote either for or against the following resolution:

Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as discussed and disclosed in the Compensation Discussion and Analysis, the compensation tables and the related narrative in this Proxy Statement.

The Compensation Committee and the Board believe that the Company's executive compensation program, as described in the Compensation Discussion and Analysis and other sections noted in the resolution, reflects a pay-for-performance culture at the Company that is rooted in the Company's values. The Compensation Committee and the Board believe that the executive compensation program is rational and effective in that it aligns the interests of the executives with both the short and long-term interests of the Company's stockholders, while reducing incentives for unnecessary and excessive risk taking.

The Board encourages stockholders to read the "Compensation Discussion and Analysis" section of this proxy statement, which describes our compensation program and policies, the material compensation decisions we have made under those programs and policies with respect to our Named Executive Officers, and the material factors that we considered in making those decisions, as well as the Summary Compensation Table and other related compensation tables and narratives, which provide detailed information on the compensation of our Named Executive Officers.

In making a decision, the Board asks that stockholders consider the following:

Pay For Performance Philosophy.

A substantial percentage of the compensation of all of our Named Executive Officers is variable and tied to the Company's performance.

2013 Company Performance.

In 2013, our Named Executive Officers allowed us to enhance our profitability and value proposition for our stockholders while executing on several key strategic initiatives that have positioned us well for sustainable organic growth across our business channels and continued long-term success.

Compensation Decisions.

The compensation decisions made with respect to the Named Executive Officers in 2013 were consistent with the Company's compensation philosophy and pay-for-performance culture.

In accordance with applicable law, this vote is advisory, meaning it will not be binding on the Board. However, the Board values stockholders' opinions and the Compensation Committee will take into account the outcome of this vote when determining future executive compensation arrangements.

BOARD OF DIRECTORS RECOMMENDATION

The Board unanimously recommends a vote FOR the resolution approving, on an advisory basis, the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement.

PROPOSAL 4

ADVISORY VOTE ON FREQUENCY OF SAY ON PAY VOTES

As described in **Proposal 3** above, the Company's stockholders are being provided the opportunity to cast an advisory vote approving the compensation paid to the Company's Named Executive Officers as described in this Proxy Statement, which is referred to as a Say on Pay vote.

This **Proposal 4**, commonly known as a Say When on Pay or a Say on Frequency vote, is required pursuant to Section 14A of the Exchange Act and provides our stockholders the opportunity to vote on how frequently the Company's stockholders should be given an opportunity to cast a Say on Pay vote at future annual stockholder meetings (or any special stockholder meeting for which the Company must include executive compensation information in the proxy statement for that meeting). Under this **Proposal 4**, you may vote to have a Say on Pay vote take place every year, every two years or every three years. You may also choose to abstain.

The Compensation Committee and the Board recognize the importance of receiving regular input from the Company's stockholders on important issues such as executive compensation. The Compensation Committee and the Board also believe that a well-structured compensation program should include features that drive the creation of stockholder value over the long term, as well as the short term.

While acknowledging that many stockholders may believe that the effectiveness of a compensation program that focuses on both long-term and short-term interests cannot be evaluated on an annual basis, the Compensation Committee and the Board believe that, initially, it should receive advisory input annually from the Company's stockholders. The Compensation Committee, which administers the Company's executive compensation program, values the opinions expressed by stockholders in these votes and will continue to consider the outcome of these votes in making its decisions on executive compensation.

In accordance with applicable law, this vote is advisory, meaning it will not be binding on the Board. However, the Board values stockholders' opinions and will take into account the outcome of this vote when determining how often to hold a Say on Pay vote.

BOARD OF DIRECTORS RECOMMENDATION

The Board unanimously recommends a vote for holding the Say on Pay vote Every Year .

IMPORTANT NOTICE REGARDING DELIVERY OF SECURITY HOLDER DOCUMENTS

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirement for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to all holders at that address. This process is commonly known as householding. To conserve resources and reduce expenses, we consolidate materials under these rules when possible. Stockholders who participate in householding will receive separate proxy cards.

Table of Contents

Because we are using the SEC's notice and access rule and are delivering proxy materials electronically, we will not household our proxy materials or notices to stockholders of record sharing an address. This means that stockholders of record who share an address will each be mailed a separate Notice of Internet Availability of Proxy Materials. However, certain brokerage firms, banks, or similar entities holding our common stock for their customers may household proxy materials or notices. Stockholders sharing an address whose shares of our common stock are held in street name should contact their broker if they now receive (i) multiple copies of our proxy materials or notices and wish to receive only one copy of these materials per household in the future, or (ii) a single copy of our proxy materials or notice and wish to receive separate copies of these materials in the future.

If at any time you would like to receive a paper copy of the annual report or proxy statement, please write to Investor Relations, EverBank Financial Corp, 501 Riverside Ave., Jacksonville, Florida 32202 or call us at 904-281-6000.

Other Business

The Company does not know of any business to be presented for action at the meeting other than those items listed in the notice of the meeting and referred to herein. If any other matters properly come before the meeting or any adjournment thereof, it is intended that the proxies will be voted in respect thereof by and at the discretion of the persons named as proxies on the proxy card.
