SPDR® GOLD TRUST

Notes to the Unaudited Condensed Financial Statements

1. Organization

The SPDR[®] Gold Trust (the Trust) is an investment trust formed on November 12, 2004 (Date of Inception) under New York law pursuant to a trust indenture (the Trust Indenture). The fiscal year end for the Trust is September 30th. The Trust holds gold and is expected from time to time to issue shares (Shares) (in minimum denominations of 100,000 Shares, also referred to as Baskets) in exchange for deposits of gold and to distribute gold in connection with redemption of Baskets. The investment objective of the Trust is for the Shares to reflect the performance of the price of gold bullion, less the Trust s expenses.

The condensed statements of financial condition at June 30, 2014 and September 30, 2013, the condensed statements of operations and of cash flows for the three and nine months ended June 30, 2014 and 2013 and the condensed statement of changes in shareholders deficit for the nine months ended June 30, 2014 have been prepared on behalf of the Trust without audit. In the opinion of management of the sponsor of the Trust, World Gold Trust Services, LLC (the Sponsor), all adjustments (which include normal recurring adjustments) necessary to present fairly the financial position, results of operations and cash flows as of and for the three and nine months ended June 30, 2014 and for all periods presented have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. These condensed financial statements should be read in conjunction with the financial statements and notes thereto included in the Trust s Annual Report on Form 10-K for the fiscal year ended September 30, 2013. The results of operations for the nine months ended June 30, 2014 are not necessarily indicative of the operating results for the full year.

2. Significant Accounting Policies

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires those responsible for preparing financial statements to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Trust.

2.1. Valuation of Gold

Gold is held by HSBC Bank USA, N.A. (the Custodian), on behalf of the Trust, and is valued, for financial statement purposes, at the lower of cost or market. The cost of gold is determined according to the average cost method and the market value is based on the price of gold set by the London gold fix (London Fix) used to determine the Net Asset Value (NAV) of the Trust. Realized gains and losses on sales of gold, or gold distributed for the redemption of shares, are calculated on a trade date basis using average cost.

The table below summarizes the impact of unrealized gains or losses on the Trust s gold holdings as of June 30, 2014 and September 30, 2013:

	Jun-30,	Sep-30,
(Amounts in 000 s of US\$)	2014	2013
Investment in gold - average cost	\$ 31,104,442	\$35,812,777
