Intertape Polymer Group Enters into New \$300 Million Revolving Credit Facility under Favorable Terms

MONTREAL, QUEBEC and SARASOTA, FLORIDA November 18, 2014 Intertape Polymer Group Inc. (TSX: ITP) (Intertape or the Company) today announced a new 5-year \$300 million Revolving Credit Facility pursuant to a credit agreement with a syndicated lending group led by Wells Fargo Bank, National Association, as Administrative Agent, and Bank of America, N.A., as Syndication Agent, replacing the Company s existing \$200 million Asset-Based Loan (ABL) due to mature in February 2017. All dollar amounts are denominated in US dollars unless otherwise indicated.

The new credit agreement also includes an incremental accordion feature of \$150 million, which will enable the Company to increase the limit of this facility (subject to the credit agreement s terms) if needed. The new facility matures on November 18, 2019 and bears an interest rate based primarily on the LIBOR rate plus a spread, which is less than the existing ABL and mortgage debt. The Company expects to use the new Revolving Credit Facility to refinance a majority portion of its existing debt and to finance its capital expenditures, dividends, share repurchases, acquisitions, working capital, and for other general corporate purposes.

We have made significant financial and operational progress since the extension of our ABL in 2012. The new credit facility will provide us with increased capacity, better terms and more flexibility to execute the next phase of our business plan, said Greg Yull, President and CEO.
