Amendment No. 1 to Merger Agreement**

On December 16, 2014, Forest Oil Corporation¹, a New York corporation (Forest or the Company), Sabine Investor Holdings LLC, a Delaware limited liability company (Sabine Investor Holdings), FR XI Onshore AIV, LLC, a Delaware limited liability company (AIV Holdings), Sabine Oil & Gas Holdings LLC, a Delaware limited liability company (Sabine Holdings), Sabine Oil & Gas Holdings II LLC, a Delaware limited liability company (Sabine Holdings II) and Sabine Oil & Gas LLC, a Delaware limited liability company (Sabine O&G), entered into Amendment No. 1 (Amendment No. 1) to the Amended and Restated Agreement and Plan of Merger, dated as of May 5, 2014, and amended and restated as of July 9, 2014 (the Original Merger Agreement and the Original Merger Agreement as amended by Amendment No. 1, the Amended Merger Agreement).

Pursuant to the terms of the Original Merger Agreement, Sabine Investor Holdings agreed to contribute all of its equity interests in Sabine Holdings, and AIV Holdings agreed to contribute all of the equity interests in two other holding companies, FR NFR Holdings, Inc. and FR NFR, PI, Inc., to Forest, with Sabine Holdings becoming a wholly owned subsidiary of Forest (the Contribution). Pursuant to the terms of Amendment No. 1, the consideration payable to Sabine Investor Holdings and AIV Holdings in connection with the Contribution was modified such that upon the consummation of the Contribution, Sabine Investor Holdings and AIV Holdings received shares of Forest common stock (the Common Shares) and Series A senior non-voting equity-equivalent preferred stock (the Series A Preferred Shares), collectively representing approximately a 73.5% economic interest in Forest and 40% of the total voting power in Forest. Holders of Common Shares immediately prior to the closing of the transactions contemplated by the Amended Merger Agreement (the Transactions) continued to hold their Common Shares following the closing of the Transactions (the Closing), which immediately following the Closing represented approximately a 26.5% economic interest in Forest and 60% of the total voting power in Forest. Immediately following the Closing, AIV Holdings contributed all of the Common Shares and Series A Preferred Shares it received in the Contribution to Sabine Investor Holdings.

The consummation of the Transactions pursuant to the terms of the Amended Merger Agreement does not require a change of control offer to be made by Forest under the indentures governing Forest's existing 7.25% notes due 2019 and 7.50% notes due 2020.

The Series A Preferred Shares are convertible into Forest Common Shares at the option of Sabine Investor Holdings if (1) Sabine Investor Holdings is able to convert a portion of the Series A Preferred Shares into Common Shares and, as a result of such conversion, would not, together with affiliates, hold more than 50% of the Company's voting power and (2) Forest's board of directors (the Board) approves such conversion (such approval not to be unreasonably withheld). In addition, Series A Preferred Shares will convert automatically if Sabine Investor Holdings transfers such shares to a third party and such third party would not, together with its affiliates, hold more than 50% of the Company's voting power upon receipt of such shares as voting securities.

The Series A Preferred Shares are non-voting. Initially, in connection with a conversion of Series A Preferred Shares into Common Shares as described in the preceding paragraph, each Series A Preferred Share will be convertible into 100 Common Shares. If the Reincorporation Merger (as defined below) is not approved by holders of the requisite number of Forest shares at the first special meeting of Forest shareholders held for such purpose, then from the date of such special meeting until the time at which the Reincorporation Merger is approved by the Company's shareholders, the conversion ratio will be adjusted upwards such that, on an annualized basis, the adjustment results in the Series A Preferred Shares being convertible into an additional number of Common Shares equal to 10% of the total number of Common Shares underlying all of the then outstanding Series A Preferred Shares (assuming all such Series A Preferred Shares were then convertible into Common Shares). The adjustment to the foregoing conversion ratio will

be calculated quarterly.

The summary of the Amended Merger Agreement in this Current Report on Form 8-K does not purport to be complete and is qualified by reference to the full text of Amendment No. 1, which is filed as Exhibit 2.1 hereto and which is incorporated herein by reference, and the full text of the Original Merger Agreement, which is filed as Exhibit 2.2 hereto and which is incorporated herein by reference.

¹ Forest Oil Corporation changed its name to Sabine Oil & Gas Corporation. To avoid confusion in this Current Report, the Registrant is referred to as Forest or the Company.

Second Amended Stockholder s Agreement

In connection with its entry into Amendment No. 1, on December 16, 2014, Forest entered into a Second Amended and Restated Stockholder s Agreement (the Second Amended Stockholder s Agreement) with Sabine Investor Holdings and AIV Holdings.

The Second Amended Stockholder s Agreement amends and replaces the Amended and Restated Stockholder s Agreement, dated as of July 9, 2014, by and among the Company, Sabine Investor Holdings and AIV Holdings (the Original Stockholder s Agreement), a description of which was contained in the Company s Current Report on Form 8-K filed on July 10, 2014.

Pursuant to the Second Amended Stockholder s Agreement, following the Closing, Sabine Investor Holdings and AIV Holdings may designate a number of members of the Board equal to the lesser of (1) their combined voting percentage in Forest common stock and (2) one less than the number of directors that would represent a majority of the Board if there were no vacancies. The remaining directors will be designated by the Nominating and Governance Committee of the Board. These rights will remain in effect as long as Sabine Investor Holdings and AIV Holdings beneficially own, in aggregate, 15% or more of the outstanding Common Shares. The transfer restrictions under the Original Stockholders Agreement have been eliminated.

Pursuant to the Second Amended Stockholder s Agreement, Forest agreed that, after the Closing, it would submit to its shareholders for their approval a plan to reincorporate Forest from New York to Delaware, through a reincorporation merger (the Reincorporation Merger). Sabine Investor Holdings and AIV Holdings agreed to use their reasonable best efforts to cause the approval of the Reincorporation Merger. In addition, the Company has agreed to use its reasonable best efforts to re-list its securities on The New York Stock Exchange (the NYSE), if possible, or NASDAQ otherwise, in each case on the market, listing platform, or market tier within the NYSE or NASDAQ with the highest listing standards for which the Company is then qualified. The requirement to use reasonable best efforts for any such re-listing will not require the Company to issue securities. Sabine Investor Holdings and AIV Holdings agreed to use their reasonable best efforts to cause the approval of any action submitted to a vote of shareholders by the Board that the Board determines is reasonably necessary for any such re-listing.

The foregoing summary of the Second Amended Stockholder s Agreement does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Second Amended Stockholder s Agreement, which is filed as Exhibit 10.6 hereto and which is incorporated herein by reference.

Second Amended Registration Rights Agreement

In connection with its entry into Amendment No. 1, on December 16, 2014, Forest entered into a Second Amended and Restated Registration Rights Agreement (the Second Amended Registration Rights Agreement) with Sabine Investor Holdings and AIV Holdings.

Pursuant to the Second Amended Registration Rights Agreement, First Reserve Fund XI, L.P. (First Reserve) will have certain registration rights, including demand registration rights, shelf registration rights and rights to request shelf take-downs (including marketed underwritten shelf take-downs). Forest will not be obligated to effect, at the request of First Reserve, (1) more than four demand registrations and/or marketed underwritten shelf take-downs or

(2) more than one marketed underwritten offering pursuant to the Amended Registration Rights Agreement in any consecutive 90-day period.

A portion of the proceeds of the borrowings under the Credit Agreement (as defined below) were used to, among other things, repay all outstanding indebtedness under the Prior Credit Agreement.

Item 2.03 Creation of Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant **Credit Agreement**

On December 16, 2014, Forest amended and restated the Amended and Restated First Lien Credit Agreement, dated as of April 28, 2009, maturing on April 7, 2016, by and among Sabine O&G, Wells Fargo Bank, National Association, as administrative agent, and the lenders and other parties party thereto with the Second Amended and Restated Credit Agreement (the Credit Agreement). The Credit Agreement provides for a \$2,000,000,000 revolving credit facility, with an initial borrowing base of \$1,000,000,000. The Credit Agreement includes a sub-limit permitting up to \$100 million of letters of credit.

The borrowing base is subject to redeterminations by the lenders semi-annually, each April 1 and October 1, beginning April 1, 2015 or such later time as Forest may agree upon request of the administrative agent, or as the majority lenders may agree upon the request of Forest. Forest and, after the first scheduled redetermination, the lenders may each request two unscheduled borrowing base redeterminations during any 12-month period. The borrowing base under the Credit Agreement could increase or decrease in connection with a redetermination with increases being subject to the approval of all lenders and decreases (and redeterminations maintaining the borrowing base) being subject to the approval of two-thirds of the lenders as measured by exposure. The borrowing base is also subject to reduction as a result of certain issuances of additional debt, certain asset sales, cancellation of certain hedging positions or lack of sufficient title information. A reduction of the borrowing base would require us to repay outstanding exposure under the Credit Agreement in excess of the new borrowing base.

Table of Contents

On December 16, 2014, Forest borrowed \$750,834,604 under the Credit Agreement, which was used to, among other things, to refinance borrowings under the prior revolving credit agreements of Forest and Sabine O&G and to fund costs and expenses in connection with the transactions.

Loans under the Credit Agreement bear interest at Forest's option at either:

the sum of (1) the Alternate Base Rate, which is defined as the highest of (a) Wells Fargo Bank, National Association's prime rate; (b) the federal funds effective rate plus 0.50%; or (c) the Eurodollar Rate (as defined in the Credit Agreement) for a one-month interest period plus 1% and (2) a margin varying from 0.50% to 1.50% depending on Forest's most recent borrowing base utilization percentage; or

the Eurodollar Rate plus a margin varying from 1.50% to 2.50% depending on Forest's most recent borrowing base utilization percentage.

The unused portion of the Credit Agreement is subject to a commitment fee ranging from 0.375% to 0.50% per annum depending on Forest's most recent borrowing base utilization percentage.

The Credit Agreement also provides for certain representations and warranties, events of default, affirmative covenants and negative covenants customary for transactions of this type, including a financial maintenance covenant in the form of a first lien secured leverage ratio not to exceed 3.0 to 1.0. The Credit Agreement provides that that all obligations thereunder as well as certain swap and cash management obligations will, subject to certain terms and exceptions, be jointly and severally guaranteed by the guarantors described therein.

The Credit Agreement provides that all such obligations and the guarantees will be secured by a lien on at least 80% of the PV-9 of the borrowing base properties evaluated in the most recent reserve report delivered to the administrative agent and a pledge of all of the capital stock of Forest's restricted subsidiaries, subject to certain customary grace periods and exceptions. The Credit Agreement matures on the earlier of (1) the date that is the fifth anniversary of the closing date and (2) the date that is 91 days prior to the maturity date of the Second Lien Credit Agreement (as defined below), if it is in existence at such time, and is subject to terms of the Intercreditor Agreement which is filed as Exhibit 10.1 to this Current Report on Form 8-K and which is incorporated herein by reference.

The summary of the Credit Agreement in this Current Report on Form 8-K does not purport to be complete and is qualified by reference to the full text of the Credit Agreement, which is filed as Exhibit 10.2 hereto and which is incorporated herein by reference.

The Second Amendment amends the Second Lien Credit Agreement, dated as of December 14, 2012 (as amended by Amendment No. 1 to the Credit Agreement, dated as of January 23, 2013, and the Second Amendment, the "Second Lien Credit Agreement") among Sabine O&G, Bank of America, N.A., as administrative agent, the lenders party thereto and the other parties thereto to provide for \$50,000,000 of incremental term loans (the "Incremental Term Loans").
