Item 2.05. Costs Associated with Exit or Disposal Activities.

On April 6, 2016, SunCoke Energy, Inc. (the *Company*) issued a press release announcing the divestment of its coal mining business to Revelation Energy, LLC (*Revelation*). Pursuant to the terms of the transaction, which closed April 6, 2016, Revelation will receive approximately \$10.3 million from the Company to take ownership of substantially all of the Company's coal mining assets, mineral leases, real estate and mining reclamation costs. The Company expects to incur approximately \$2 million of additional transaction-related cash costs during the second quarter of 2015.

In conjunction with the transaction, Revelation Energy and SunCoke's Jewell Coke Company, L.P. (*Jewell Coke*) cokemaking operations have entered into a coal supply agreement whereby Revelation will deliver approximately 300,000 tons to Jewell Coke annually for the next five years at a favorable delivered cost as compared to alternative coal sources, which is intended to provide a cost effective, local supply of high-quality, mid-vol metallurgical coal.

During the first quarter of 2015, the Company recorded a non-cash pre-tax impairment charge of \$10.7 million for the write-down of property, plant and equipment in the Company's coal mining business.

A copy of the Company's press release, announcing the divestment of its coal mining business, is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.
