SUMMARY

This summary highlights selected information in this prospectus, but it may not contain all of the information that is important to you. For a more complete description of this exchange offer, the notes and our company, you should read the entire prospectus carefully, including the information incorporated by reference from our Annual Report on Form 10-K for fiscal year 2015 and the other incorporated documents, including our consolidated financial statements and the notes thereto.

Overview

We are a leading provider of mission-critical, sophisticated software products and software-enabled services that allow financial services providers to automate complex business processes and effectively manage their information processing requirements. Our portfolio of software products and rapidly deployable software-enabled services allows our clients to automate and integrate front-office functions such as trading and modeling, middle-office functions such as portfolio management and reporting, and back-office functions such as accounting, performance measurement, reconciliation, reporting, processing and clearing. Our solutions enable our clients to focus on core operations, better monitor and manage investment performance and risk, improve operating efficiency and reduce operating costs. We provide our solutions globally to more than 10,000 clients, principally within the institutional asset and wealth management, alternative investment management, financial advisory and financial institutions vertical markets. In addition, our clients include commercial lenders, real estate investment trusts (REITs), corporate treasury groups, insurance and pension funds, municipal finance groups and real estate property managers.

We provide the global financial services industry with a broad range of software-enabled services, which consist of software-enabled outsourcing services and subscription-based on-demand software that are managed and hosted at our facilities, and specialized software products, which are deployed at our clients' facilities. Our software-enabled services, which combine the strengths of our proprietary software with our domain expertise, enable our clients to contract with us to provide many of their mission-critical and complex business processes. For example, we utilize our software to offer comprehensive fund administration services for alternative investment managers, including fund manager services, transfer agency services, funds-of-funds services, tax processing and accounting. We offer clients the flexibility to choose from multiple software delivery options, including on-premise applications and hosted, multi-tenant or dedicated applications. Additionally, we provide certain clients with targeted, blended solutions based on a combination of our various software and software-enabled services. We believe that our software-enabled services provide superior client support and an attractive alternative to clients that do not wish to install, manage and maintain complicated financial software.

Our business model is characterized by substantial contractually recurring revenues, high operating margins and significant cash flow. We generate revenues primarily through our high-value software-enabled services, which are typically sold on a long-term subscription basis and integrated into our clients' business processes. Our software-enabled services are generally provided under non-cancelable contracts with initial terms of one to five years that require monthly or quarterly payments and are subject to automatic annual renewal at the end of the initial term unless terminated by either party. We also generate revenues by licensing our software to clients through either perpetual or term licenses and by selling maintenance services. Maintenance services are generally provided under annually renewable contracts. As a consequence, a significant portion of our revenues consists of subscription payments and maintenance fees and is contractually recurring in nature. Our pricing typically scales as a function of our clients' assets under management, the complexity of asset classes managed, the volume of transactions, and the level of service the client requires.

Our contractually recurring revenue model helps us minimize the fluctuations in revenues and cash flows typically associated with up-front, perpetual software license revenues and enhances our ability to manage costs. Our contractually recurring revenues, which include as our software-enabled services and maintenance and term

licenses revenues, represented 92% of total revenues in the year ended December 31, 2015. We have experienced average revenue retention rates in each of the last five years of greater than 90% on our software-enabled services and maintenance and term licenses contracts for our core enterprise products. We believe that the high value-added nature of our products and services has enabled us to maintain our high revenue retention rates and significant operating margins.

We generated revenues of \$1,000.3 million for the year ended December 31, 2015 as compared to revenues of \$767.9 million for the year ended December 31, 2014. In 2015, we generated 74% of our revenues from clients in North America and 26% from clients outside North America. Our revenues are highly diversified, with our largest client in 2015 accounting for less than 5% of our revenues.

Guarantees

All payments on the notes, including principal and interest, will be fully and unconditionally, jointly and severally, guaranteed on a senior basis by all of our existing and future wholly owned domestic restricted subsidiaries that guarantee our Senior Secured Credit Facilities (other than any restricted subsidiary that is only a borrower under or a guarantor in respect of a Foreign Credit Facility as defined below) or certain other indebtedness.

The term Foreign Credit Facilities means the term A-1 facility, the term A-2 facility and the term B-2 facility of our Senior Credit Facilities.

Not all of our subsidiaries guarantee the notes.

For the year ended December 31, 2015 the non-guarantor subsidiaries accounted for approximately 36% of our combined total revenue. In addition, as of December 31, 2015, the non-guarantor subsidiaries held approximately 24% of our consolidated total assets and approximately 17%, or \$643 million, of our consolidated total liabilities. See Description of Exchange Notes Guarantees.

Ranking

The notes are our senior unsecured obligations and will:

be effectively subordinated to our secured obligations, including under our Senior Secured Credit Facilities, to the extent of the value of the assets securing such secured obligations;

rank equal in right of payment to all of our existing and future unsecured, unsubordinated obligations; rank senior in right of payment to all of our future subordinated obligations, if any; and

Table of Contents

be structurally subordinated to any existing and future obligations of any of our subsidiaries that are not guarantors.

The guarantees are the senior unsecured obligations of the Guarantors and:

As of December 31, 2015:

the non-guarantor subsidiaries had approximately 17%, or \$643 million, of our total liabilities, to which the notes are structurally subordinated.

declare or pay dividends, repurchase or redeem stock or make other distributions to stockholders;

make certain investments;

sell assets, including capital stock of certain subsidiaries;

consolidate, merge, liquidate or dissolve;

Table of Contents

RISK FACTORS

In addition to the other information provided and incorporated by reference in this prospectus, you should carefully consider the risks described in this section. The risks described below are not the only risks that could adversely affect our business; other risks currently deemed immaterial or additional risks not currently known to us could also adversely affect us. These and other factors could have a material adverse effect on the value of your investment in our notes, meaning that you could lose all or part of your investment.

Note that this section includes forward-looking statements and future expectations as of the date of this prospectus. This discussion of risk factors should be read in conjunction with the risk factors in our Annual Report on Form 10-K for fiscal year 2015, as well as the other information that is incorporated by reference into this prospectus.

Risks relating to the exchange offer

If you choose not to exchange your old notes in the exchange offer, the transfer restrictions currently applicable to your old notes will remain in force and the market price of your old notes could decline.

If you do not exchange your old notes for new notes in the exchange offer, then you will continue to be subject to the transfer restrictions on the old notes as set forth in the prospectus distributed in connection with the private offering of the old notes. In general, the old notes may not be offered or sold unless they are registered or exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement entered into in connection with the private offering of the old notes, we do not intend to register resales of the old notes under the Securities Act. The tender of old notes under the exchange offer will reduce the principal amount of the old notes outstanding, which may have an adverse effect upon, and increase the volatility of, the market price of the old notes due to a reduction in liquidity. Holders who do not tender their old notes will not have any further registration rights or any right to receive additional interest under the registration rights agreement or otherwise.

You must follow the exchange offer procedures carefully in order to receive the new notes.

If you do not follow the procedures described in this prospectus, you will not receive any new notes. If you want to tender your old notes in exchange for new notes, you will need to contact a DTC participant to complete the book-entry transfer procedures, or otherwise complete and transmit a letter of transmittal, in each case described under The Exchange Offer, prior to the expiration date, and you should allow sufficient time to ensure timely completion of these procedures to ensure delivery. No one is under any obligation to give you notification of defects or irregularities with respect to tenders of old notes for exchange. In addition, there are no guaranteed delivery procedures available to you in connection with this exchange offer. For additional information, see the section captioned The Exchange Offer in this prospectus.

There are state securities law restrictions on the resale of the new notes.

In order to comply with the securities laws of certain jurisdictions, the new notes may not be offered or resold by any holder, unless they have been registered or qualified for sale in such jurisdictions or an exemption from registration or qualification is available and the requirements of such exemption have been satisfied. We currently do not intend to register or qualify the resale of the new notes in any such jurisdictions. However, generally an exemption is available for sales to registered broker-dealers and certain institutional buyers. Other exemptions under applicable state securities laws also may be available.

Risks relating to our indebtedness and the notes

We have incurred substantial debt obligations, which could adversely affect our financial condition.

As of December 31, 2015, our total outstanding debt was approximately \$2.82 billion. In addition, subject to restrictions in the agreements governing our existing and future indebtedness, we may incur additional

Table of Contents

indebtedness. As of December 31, 2015, we had \$150 million of availability under our Revolving Credit Facility. Our substantial level of indebtedness could have important consequences, including the following:

require us to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness, thereby reducing the availability of our cash flow to fund working capital, capital expenditures, research and development efforts and other general corporate purposes;

increase our vulnerability to and limit our flexibility in planning for, or reacting to, change in our business and the industry in which we operate;

expose us to the risk of increased interest rates as borrowings under our Senior Secured Credit Facilities are subject to variable rates of interest;

place us at a competitive disadvantage compared to our competitors that have less debt; and

limit our ability to borrow additional funds.

We expect to fund our expenses and to pay the principal and interest on our indebtedness from cash flow from operations. Our ability to meet our expenses and to pay principal and interest on our indebtedness when due thus depends on our future performance, which will be affected by financial, business, economic and other factors. We will not be able to control many of these factors, such as economic conditions in the markets where we operate and pressure from competitors.

In addition to the indebtedness we have incurred, we may be able to incur substantially more indebtedness, including secured debt, and take other actions that could further exacerbate the risks associated with our substantial indebtedness or affect our ability to satisfy our obligations under the notes.

As of December 31, 2015, our total outstanding debt was approximately \$2.82 billion. As of December 31, 2015, we had \$150 million of availability under our Revolving Credit Facility. In addition, we may be able to incur substantially more indebtedness in the future, resulting in higher leverage. The indenture governing the notes and the agreements governing our Senior Secured Credit Facilities allow us to incur additional indebtedness, including secured debt. Such additional indebtedness may be substantial. Our ability to recapitalize, incur additional debt and take a number of other actions that are not prohibited by the terms of the notes could have the effect of exacerbating the risks associated with our substantial indebtedness or diminishing our ability to make payments on the notes when due, and may also require us to dedicate a substantial portion of our cash flow from operations to payments on our other indebtedness, which would reduce the availability of cash flow to fund acquisitions, working capital, capital expenditures, research and development efforts and other general corporate purposes. In addition, if we or any of the Guarantors incur any additional indebtedness that ranks equal to the notes, the holders of that debt will be able to share ratably with the holders of the notes in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding up of us. If our subsidiaries that are not guaranteeing the notes incur any indebtedness, all of such debt will be structurally senior to the notes and related guarantees, and the holders of that debt will benefit prior to the holders of the notes in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding up of any such entity.

The notes are our and the Guarantors' unsecured obligations and are effectively subordinated to our secured debt to the extent of the value of the assets securing such indebtedness.

The notes are our and the Guarantors' unsecured obligations. Holders of our secured indebtedness, including the lenders under our Senior Secured Credit Facilities, will have claims that are senior to your claims as a holder of the notes, to the extent of the value of the assets securing such other indebtedness. As a result, in the event of any distribution or payment of our assets in any bankruptcy, liquidation or dissolution, holders of secured indebtedness will have a prior claim to those assets that constitute their collateral. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay all amounts due on the notes.

Table of Contents

As of December 31, 2015, we and the Guarantors had approximately \$2.82 billion of outstanding indebtedness, approximately \$2.22 billion of which was secured indebtedness. As of December 31, 2015, we had \$150 million of availability under our Revolving Credit Facility. Further, the indenture governing the notes permits the incurrence of substantial additional indebtedness by us and our subsidiaries in the future, including secured indebtedness, subject to certain restrictions.

Not all of our subsidiaries will guarantee the notes, and your right to receive payment on the notes will be structurally subordinated to the liabilities of our non-guarantor subsidiaries.

Not all of our subsidiaries guarantee the notes. For example, subject to certain exceptions, our foreign subsidiaries do not guarantee the notes, and such subsidiaries may guarantee indebtedness under our foreign debt facilities. Creditors of our non-guarantor subsidiaries (including trade creditors) are generally entitled to payment from the assets of those subsidiaries before those assets can be distributed for the benefit of noteholders. As a result, the notes will be structurally subordinated to the prior payment of all of the existing and future debt and other liabilities (including trade payables) of our non-guarantor subsidiaries. In the event of a bankruptcy, liquidation or reorganization of any of our non-guarantor subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to us or the guarantors of the notes.

The non-guarantor subsidiaries (a) accounted for approximately 36% of our combined total revenue for the year ended December 31, 2015 and (b) held approximately 24% of our consolidated total assets as of December 31, 2015.

Our ability to service and repay the notes will be dependent on the cash flow generated by our subsidiaries.

Repayment of the notes will depend on our subsidiaries' generation of cash flow, which will, in turn, depend principally upon future operating performance, and our subsidiaries' ability to make such cash available to us, by dividend, debt repayment or otherwise. As a result, prevailing economic conditions and financial, competitive, legislative, regulatory and other factors, many of which are beyond our control, will affect our ability to make payments on our debt. If our domestic subsidiaries are not able to generate sufficient cash flow to satisfy our debt service obligations, including to service the notes, we may need to repatriate these funds and we may be subject to a higher effective tax rate.

If we do not generate sufficient cash flow to satisfy our debt service obligations, including payments on the notes, we may have to undertake alternative financing plans, such as refinancing or restructuring our debt, selling assets, reducing or delaying capital investments or seeking to raise additional capital. Our ability to restructure or refinance our debt will depend on the capital markets and our financial condition at such time. In addition, any failure to make scheduled payments of interest and principal on outstanding indebtedness would likely result in a reduction of our credit rating, which could harm our ability to access additional capital on commercially reasonable terms or at all. Any refinancing of our debt could result in higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of the indenture governing the notes and the agreements governing our Senior Secured Credit Facilities or any future debt instruments that we may enter into may restrict us from adopting some of these alternatives. The inability of our subsidiaries to generate sufficient cash flow to satisfy our debt service obligations, including the inability to service the notes, or to refinance our obligations on commercially reasonable terms, could have a material adverse effect on our business, financial condition, results of operations, profitability, cash flows or liquidity financial and may impact our ability to satisfy our obligations in respect of the notes.

Unless a subsidiary is also a guarantor of the notes, it will not have any obligation to pay amounts due on the notes or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions or debt repayments to enable us to make payments in respect of the notes. Each of our subsidiaries is a distinct legal entity and may be subject to legal or contractual restrictions that, under

Table of Contents

certain circumstances, may limit our ability to obtain cash from them. While our Senior Secured Credit Facilities and the indenture governing the notes will limit the ability of our restricted subsidiaries to incur consensual encumbrances that include restrictions on their ability to pay dividends or make other intercompany payments to us, these limitations are subject to certain qualifications and exceptions. In the event that we do not receive sufficient cash from our subsidiaries, we will be unable to make required principal, premium, if any, and interest payments on the notes.

The agreements governing our debt, including the notes, contain various covenants that impose restrictions on us that may affect our ability to operate our business and to make payments on the notes.

The indenture governing the notes and the agreements governing our other indebtedness impose, and future financing agreements may impose, operating and financial restrictions on our activities. In particular, the agreements limit or prohibit our ability to, among other things:

incur additional indebtedness;

make certain investments;

sell assets, including capital stock of certain subsidiaries;

declare or pay dividends, repurchase or redeem stock or make other distributions to stockholders;

consolidate, merge, liquidate or dissolve;

enter into transactions with our affiliates; and

incur liens.

In addition, the agreement governing our Senior Secured Credit Facilities will continue to require us, to maintain compliance with specified leverage ratios under certain circumstances. Our ability to comply with these provisions may be affected by events beyond our control, and these provisions could limit our ability to plan for or react to market conditions, meet capital needs or otherwise conduct our business activities and plans.

These restrictions on our ability to operate our business could seriously harm our business by, among other things, limiting our ability to take advantage of financing, merger and acquisition and other corporate opportunities. See Description of Exchange Notes within this prospectus.

Further, various risks, uncertainties and events beyond our control could affect our ability to comply with these covenants. Failure to comply with any of the covenants in our existing or future financing agreements could result in a default under those agreements and under other agreements containing cross-default or cross-acceleration provisions. Such a default would permit lenders to accelerate the maturity of the debt under these agreements and to foreclose upon any collateral securing the debt. Under these circumstances, we might not have sufficient funds or other

resources to satisfy all of our obligations, including our obligations under the indenture governing the notes. In addition, the limitations imposed by financing agreements on our ability to incur additional debt and to take other actions might significantly impair our ability to obtain other financing. We cannot assure you that we will be granted waivers or amendments to these agreements if for any reason we are unable to comply with these agreements or that we will be able to refinance our debt on terms acceptable to us, or at all.

If we default on our obligations under our other indebtedness, we may not be able to make payments on the notes.

Any default under the agreements governing our indebtedness, including a default under our Senior Secured Credit Facilities, that is not waived by the required percentage of lenders could result in our inability to pay principal, premium, if any, and interest on the notes and substantially decrease the market value of the notes. If

Table of Contents

we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness, we could be in default under the terms of the agreements governing such indebtedness. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest, the lenders under our Senior Secured Credit Facilities could elect to terminate their commitments, cease making further loans and institute foreclosure proceedings against our assets, and we may seek protection under the U.S. bankruptcy code.

If we breach our covenants under the indenture governing the notes, under our Senior Secured Credit Facilities or under any agreements governing future senior secured credit facilities or other indebtedness, we may need to request waivers from the required percentage of lenders or required percentage of holders to avoid being in default. If we are unable to obtain a waiver from the lenders or holders, we would be in default under the instrument governing that indebtedness, the lenders or holders could exercise their rights as described above, and we may seek protection under the United States bankruptcy code. See *Description of Exchange Notes* within this prospectus.

Certain restrictive covenants in the indenture governing the notes will be suspended if the notes achieve investment grade ratings.

Most of the restrictive covenants in the indenture governing the notes will not apply for so long as the notes achieve and maintain investment grade ratings from Moody's Investors Service, Inc. and Standard & Poor's Rating Services and no event of default or default has occurred and is continuing under the indenture. If these restrictive covenants cease to apply, we may take actions, such as incurring additional debt, making certain investments or making certain dividends or distributions, that would otherwise be prohibited under the indenture governing the notes. Any actions taken while these covenants are suspended will not result in an event of default if these covenants are subsequently reinstated. We cannot assure you that the notes will ever achieve investment grade ratings.

We may not have the ability to repurchase the notes upon the occurrence of a change of control as required by the indenture governing the notes, and our future debt may contain limitations on our ability to make payments upon purchase of the notes.

Holders of the notes will have the right to require us to repurchase the notes upon the occurrence of a change of control as described under *Description of Exchange Notes*. We may not have sufficient funds to repurchase the notes at such time or have the ability to arrange necessary financing on acceptable terms, if at all.

A change of control may also constitute an event of default under, or result in the acceleration of the maturity of, our other then-existing indebtedness, including our Senior Secured Credit Facilities. Our ability to repurchase the notes in cash may be limited by law or the terms of other agreements relating to our indebtedness outstanding at the time. In addition, we may not have sufficient cash available to offer to repurchase the notes and to repay other indebtedness which becomes due upon a change of control. A failure by us to repurchase the notes when required would result in an event of default with respect to the notes, which may also result in the acceleration of other indebtedness. Any new credit facility that we may enter into may restrict or prohibit us from making any cash payments on the repurchase of the notes in the event of a change of control. A failure by us to repurchase the notes upon a change of control as required under the terms of the indenture governing the notes would permit holders of the notes to accelerate our obligations under that indenture. In addition, a default under the indenture governing the notes could lead to a default under agreements governing our other indebtedness, including our Senior Secured Credit Facilities. If, due to a default, the repayment of related indebtedness were to be accelerated after any applicable notice or grace periods, we may not have sufficient funds to repay such indebtedness or the notes.

Table of Contents

Some significant restructuring transactions may not constitute a change of control, in which case we would not be obligated to offer to repurchase the notes.

Upon the occurrence of a change of control within the meaning of the indenture governing the notes, holders of notes have the right to require us to repurchase their notes. However, the change of control provisions will not afford protection to holders of notes in the event of certain transactions. For example, transactions such as leveraged recapitalizations, refinancings, restructurings, or acquisitions initiated by us may not constitute a change of control requiring us to repurchase the notes. Further, various transactions might not constitute a change of control under the notes but could constitute a change of control as defined under our other debt. In the event of any such transaction, the holders would not have the right to require us to repurchase the notes, even though such transaction could increase the amount of our indebtedness, or otherwise adversely affect our capital structure or any credit ratings, thereby adversely affecting the holders of notes.

The ability of holders of notes to require us to repurchase notes as a result of a disposition of substantially all assets may be uncertain.

The definition of change of control in the indenture governing the notes will include a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition of all or substantially all of our and the restricted subsidiaries assets, taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase notes as a result of a sale, transfer, conveyance or other disposition of less than all of our and the restricted subsidiaries assets, taken as a whole, to another person or group may be uncertain.

There is no established trading market for the notes, and you may not be able to sell the notes readily, or at all, or at or above the price that you paid.

The notes are a new issue of securities, and there is no established trading market for them. We do not intend to apply for the notes to be listed on any securities exchange or to arrange for quotation on any automated dealer quotation system. You may not be able to sell your notes at a particular time or at favorable prices. As a result, we cannot assure you as to the liquidity of any trading market for the notes. Accordingly, you may be required to bear the financial risk of your investment in the notes indefinitely. If a trading market were to develop, future trading prices of the notes may be volatile and will depend on many factors, including:

operating performance and financial condition;

the interest of securities dealers in making a market in the notes; and

the market for similar securities.

The market for non-investment grade debt historically has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the notes. The market for the notes, if any, may be subject to similar disruptions that could adversely affect their value. In addition, subsequent to their initial issuance, the notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar notes, the performance of the company and other factors.

A downgrade, suspension or withdrawal of the rating assigned by a rating agency to us or the notes, if any, could cause the liquidity or market value of the notes to decline.

The notes have been rated by nationally recognized rating agencies and may in the future be rated by additional rating agencies. There can be no assurances that the rating assigned will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by a rating agency if, in that rating agency's judgment, circumstances relating to the basis of the rating, such as adverse changes in the business, so warrant. Any downgrade, suspension or withdrawal of a rating by a rating agency (or any anticipated downgrade, suspension or withdrawal) could reduce the liquidity or market value of the notes.

Table of Contents

Any future lowering of our ratings may make it more difficult or more expensive for us to obtain additional debt financing. If any credit rating initially assigned to the notes is subsequently lowered or withdrawn for any reason, you may not be able to resell your notes without a substantial discount.

Fraudulent conveyance laws allow courts, under certain circumstances, to avoid or subordinate guarantees and require noteholders to return payments received from guarantors.

The notes are guaranteed by certain subsidiaries. If a guarantor becomes the subject of a bankruptcy case or a lawsuit filed by unpaid creditors, the guarantee of the notes by such guarantor may be reviewed under U.S. federal bankruptcy laws and comparable provisions of state fraudulent transfer laws. Under these laws, a guarantee of the notes could be avoided, or claims in respect of such guarantee could be subordinated to other obligations of the guarantor, if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee, incurred such guarantee with the intent of hindering, delaying or defrauding its creditors or:

received less than reasonably equivalent value or fair consideration for entering into such guarantee; and

either:

was insolvent by reason of entering into such guarantee;

was engaged in a business or transaction for which such guarantor's remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts or contingent liabilities beyond its ability to pay such debts or contingent liabilities as they become due.

The measure of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts or contingent liabilities as they become due.

There can be no assurance as to what standard a court would apply to determine whether or not a guarantor was solvent at the relevant time or, regardless of the standard used, that its guarantees would not be subordinated to such

guarantor's other debt.

A subsidiary's guarantee of the notes could be subject to the claim that, since the subsidiary incurred its guarantee for the benefit of its parent (the issuer of the notes), and only indirectly for the benefit of the subsidiary, its obligations under its guarantee were incurred for less than reasonably equivalent value or fair consideration. If a court held that the guarantee should be avoided as a fraudulent conveyance, the court could avoid, or hold unenforceable, the guarantee, which would mean that noteholders would not receive any payments under such guarantee, and the court could direct holders of the notes to return any amounts that they have already received from the applicable guarantor. Furthermore, the holders of the notes would cease to have any direct claim against the guarantor. Consequently, the guarantor's assets would be applied first to satisfy its other liabilities, before any portion of its assets might be available, directly or indirectly, to pay the notes. Sufficient funds to repay the notes may not be available from other sources, including the remaining guarantors, if any. Moreover, the avoidance of a guarantee could result in acceleration of the notes (if not otherwise accelerated due to the issuer's or the guarantor's insolvency or bankruptcy filing).

Table of Contents

Each guarantee will contain a provision, or savings clause, intended to limit the guarantor's liability to the maximum amount that it could incur without causing its guarantee to be a fraudulent transfer. However, this provision may automatically reduce the guarantor's obligations to an amount that effectively makes the guarantee worthless and, in any case, this provision may not be effective to protect a guarantee from being avoided under fraudulent transfer laws.

Because each guarantor's liability under its guarantee may be reduced to zero, avoided or released under certain circumstances, you may not receive any payments from some or all of the guarantors.

You have the benefit of the guarantees of the guarantors. The guarantees by the guarantors, however, are limited to the maximum amount that the guarantors are permitted to guarantee under applicable law. As a result, a guarantor's liability under its guarantee could be reduced to zero, depending upon the amount of other obligations of such guarantor. Further, under the circumstances discussed more fully above, a court under federal or state fraudulent conveyance and transfer statutes could avoid the obligations under a guarantee or further subordinate it to all other obligations of the guarantor. In addition, you will lose the benefit of a particular guarantee if it is released under certain circumstances described under "Description of Exchange Notes Guarantees."

USE OF PROCEEDS

We will not receive any cash proceeds from the issuance of the new notes. The new notes will be exchanged for old notes as described in this prospectus upon our receipt of old notes. We will cancel all of the old notes surrendered in exchange for the new notes.

We used approximately \$500 million of the proceeds from the offering of the old notes, together with borrowings under our Senior Secured Credit Facilities and a portion of the net proceeds from an offering of our common stock, to finance the acquisition of Advent Software, Inc., to refinance certain of our and Advent's existing indebtedness and to pay related fees and expenses. We used the remaining proceeds from the offering of the old notes for general corporate purposes.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our consolidated ratio of earnings to fixed charges for the periods indicated. The ratio of earnings to fixed charges was calculated by dividing earnings by fixed charges. Earnings were calculated by adding income before income taxes and fixed charges. Fixed charges were calculated by adding (1) interest expense, which includes amortization of deferred financing fees and original issue discount and excludes interest related to uncertain tax positions, which is recorded in our tax provision, and (2) one third of rent expense, which is the portion of rentals deemed to be a reasonable approximation of the interest factor.

THE EXCHANGE OFFER

In a registration rights agreement between us, the subsidiary guarantors and the initial purchasers of the old notes, we agreed:

- (1) to file a registration statement with respect to an offer to exchange the old notes for a new issue of securities, with terms substantially the same as of the old notes but registered under the Securities Act and to use our commercially reasonable efforts to cause such registration statement to be declared effective by the SEC;
- (2) use our commercially reasonable efforts to complete the exchange offer and issue the new notes within 60 days after the registration statement is declared effective.

The registration rights agreement provides that if (1)(a) we have not exchanged exchange notes for all notes validly tendered in accordance with the terms of the exchange or, if a shelf registration statement is required and is not declared effective, on or prior to the 365th day after issuance of the notes or (b) we receive a request by an initial purchaser to file a shelf registration statement and it does not become effective by the later of the 365th day following the issuance of the notes or the 90th day following such request, or (2) if applicable, a shelf registration statement covering resales of the old notes has been declared effective and such shelf registration statement ceases to be effective or the prospectus contained therein ceases to be usable at any time during the required effectiveness period, and such failure to remain effective or be usable exists for more than 60 days (whether or not consecutive) (the 31st such day, the **Trigger Date**), then additional interest shall accrue on the principal amount of the old notes that are registrable securities at a rate of 0.25% per annum (which rate will be increased by an additional 0.25% per annum for each subsequent 90-day period that such additional interest continues to accrue, provided that the rate at which such additional interest accrues may in no event exceed 1.00% per annum) commencing on (a) the 365th day following the issuance of the old notes, in the case of (1) (a) above, or the later of such 365th day and such 90th day, in the case of 1(b) above, or (b) the Trigger Date, in the case of (2) above, until the exchange offer is completed or the shelf registration statement is declared effective or the prospectus again becomes usable, as applicable, or such notes cease to be registrable securities. Once we complete this exchange offer, we will no longer be required to pay additional interest on the old notes.

The exchange offer is not being made to, nor will we accept tenders for exchange from, holders of old notes in any jurisdiction in which the exchange offer or acceptance of the exchange offer would violate the securities or blue sky laws of that jurisdiction. Furthermore, each holder of old notes that wishes to exchange their old notes for new notes in this exchange offer will be required to make certain representations as set forth herein.

Terms of the Exchange Offer; Period for Tendering Old Notes

This prospectus and the accompanying letter of transmittal contain the terms and conditions of the exchange offer. Upon the terms and subject to the conditions included in this prospectus and in the accompanying letter of transmittal, which together are the exchange offer, we will accept for exchange old notes which are properly tendered on or prior to the expiration date, unless you have previously withdrawn them.

When you tender to us old notes as provided below, our acceptance of the old notes will constitute a binding agreement between you and us upon the terms and subject to the conditions in this prospectus and in the

accompanying letter of transmittal.

For each \$2,000 principal amount of old notes (and \$1,000 principal amount of old notes in excess thereof) surrendered to us in the exchange offer, we will give you \$2,000 principal amount of new notes (and \$1,000 principal amount of new notes in excess thereof). Outstanding notes may only be tendered in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

We will keep the exchange offer open for not less than 20 business days, or longer if required by applicable law, after the date that we first mail or send notice of the exchange offer to the holders of the

Table of Contents

old notes. We are sending this prospectus, together with the letter of transmittal, on or about the date of this prospectus to all of the registered holders of old notes at their addresses listed in the trustee's security register with respect to the old notes.

The exchange offer expires at 5:00 p.m., New York City time, on May 18, 2016; *provided, however*, that we, in our sole discretion, may extend the period of time for which the exchange offer is open. The term "expiration date" means May 18, 2016 or, if extended by us, the latest time and date to which the exchange offer is extended.

As of the date of this prospectus, \$600,000,000 in aggregate principal amount of the old notes were outstanding. The exchange offer is not conditioned upon any minimum principal amount of old notes being tendered.

Our obligation to accept old notes for exchange in the exchange offer is subject to the conditions that we describe in the section "Conditions to the Exchange Offer" below.

We expressly reserve the right, at any time, to extend the period of time during which the exchange offer is open, and thereby delay acceptance of any old notes, by giving oral or written notice of an extension to the exchange agent and notice of that extension to the holders as described below. During any extension, all old notes previously tendered will remain subject to the exchange offer unless withdrawal rights are exercised. Any old notes not accepted for exchange for any reason will be returned without expense to the tendering holder promptly following the expiration or termination of the exchange offer.

We expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any old notes that we have not yet accepted for exchange, if any of the conditions of the exchange offer specified below under "Conditions to the Exchange Offer" are not satisfied. In the event of a material change in the exchange offer, including the waiver of a material condition, we will extend the offer period if necessary so that at least five business days remain in the exchange offer following notice of the material change.

We will give oral or written notice of any extension, amendment, termination or non-acceptance described above to holders of the old notes promptly. If we extend the expiration date, we will give notice by means of a press release or other public announcement no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date. Without limiting the manner in which we may choose to make any public announcement and subject to applicable law, we will have no obligation to publish, advertise or otherwise communicate any public announcement other than by issuing a release to the Dow Jones News Service and/or similar services.

Holders of old notes do not have any appraisal or dissenters' rights in connection with the exchange offer.

Old notes which are not tendered for exchange or are tendered but not accepted in connection with the exchange offer will remain outstanding and be entitled to the benefits of the indenture, but will not be entitled to any further registration rights under the registration rights agreement.

We intend to conduct the exchange offer in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the SEC thereunder.

By executing, or otherwise becoming bound by, the letter of transmittal, you will be making the representations described below to us. See Resales of the New Notes.

Important rules concerning the exchange offer

You should note that:

All questions as to the validity, form, eligibility, time of receipt and acceptance of old notes tendered for exchange will be determined by us in our sole discretion, which determination shall be final and binding.

Table of Contents

We reserve the absolute right to reject any and all tenders of any particular old notes not properly tendered or to not accept any particular old notes which acceptance might, in our judgment or the judgment of our counsel, be unlawful.

We also reserve the absolute right to waive any defects or irregularities or conditions of the exchange offer as to any particular old notes either before or after the expiration date, including the right to waive the ineligibility of any holder who seeks to tender old notes in the exchange offer. Unless we agree to waive any defect or irregularity in connection with the tender of old notes for exchange, you must cure any defect or irregularity within any reasonable period of time as we shall determine.

Our interpretation of the terms and conditions of the exchange offer as to any particular old notes either before or after the expiration date shall be final and binding on all parties.

Neither us, the subsidiary guarantors, the exchange agent nor any other person shall be under any duty to give notification of any defect or irregularity with respect to any tender of old notes for exchange, nor shall any of them incur any liability for failure to give any notification.

Procedures for Tendering Old Notes

What to submit and how

If you, as the registered holder of an old note, wish to tender your old notes for exchange in the exchange offer, you must contact a DTC participant to complete the book-entry transfer procedures described below, or otherwise complete and transmit a properly completed and duly executed letter of transmittal to Wilmington Trust, National Association, as exchange agent, at the address set forth below under Exchange Agent, and such letter of transmittal, if applicable, must be received by the exchange agent on or prior to the expiration date.

In addition,

- (1) certificates for old notes must be received by the exchange agent along with the letter of transmittal, or
- (2) a timely confirmation of a book-entry transfer of old notes, if such procedure is available, into the exchange agent's account at DTC using the procedure for book-entry transfer described below, must be received by the exchange agent prior to the expiration date.

The method of delivery of old notes, letters of transmittal and notices of guaranteed delivery is at your election and risk. If delivery is by mail, we recommend that registered mail, properly insured, with return receipt requested, be used. In all cases, sufficient time should be allowed to ensure timely completion of these procedures to ensure delivery. No letters of transmittal or old notes should be sent to SS&C Technologies Holdings, Inc. or the subsidiary guarantors.

Book-Entry Transfer

The exchange agent will make a request to establish an account with respect to the old notes at DTC for purposes of the exchange offer promptly after the date of this prospectus. Any financial institution that is a participant in DTC's systems may make book-entry delivery of old notes by causing DTC to transfer old notes into the exchange agent's account in accordance with DTC's Automated Tender Offer Program procedures for transfer. However, the exchange for the old notes so tendered will only be made after timely confirmation of book-entry transfer of old notes into the exchange agent's account, and timely receipt by the exchange agent of an agent's message, transmitted by DTC and received by the exchange agent and forming a part of a book-entry confirmation. The agent's message must state that DTC has received an express acknowledgment from the participant tendering old notes that are the subject of that book-entry confirmation that the participant has received and agrees to be bound by the terms of the letter of transmittal, and that we may enforce the agreement against that participant.

Table of Contents

If your old notes are held through DTC, you must complete a form called *instructions to registered holder and/or book-entry participant*, which will instruct the DTC participant through whom you hold your securities of your intention to tender your old notes or not tender your old notes. Please note that delivery of documents to DTC in accordance with its procedures does not constitute delivery to the exchange agent and we will not be able to accept your tender of notes until the exchange agent receives a letter of transmittal and a book-entry confirmation from DTC with respect to your notes. A copy of the letter of transmittal is available from the exchange agent.

Letter of Transmittal Procedures

If your notes are not held through DTC, you must complete and transmit a properly completed and duly executed letter of transmittal to Wilmington Trust, National Association which must be received at the address set forth below under *Exchange Agent* on or prior to the expiration date. Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed unless the old notes being surrendered for exchange are tendered

(1) by a registered holder of the old notes who has not completed the box entitled *Special Issuance Instructions* or *Special Delivery Instructions* on the letter of transmittal, or

(2) for the account of an eligible institution.

If signatures on a letter of transmittal or a notice of withdrawal, as the case may be, are required to be guaranteed, the guarantees must be by any of the following eligible institutions:

a firm which is a member of a registered national securities exchange or a member of the Financial Industry Regulatory Authority, Inc. or

a commercial bank or trust company having an office or correspondent in the United States.

If the letter of transmittal is signed by a person or persons other than the registered holder or holders of old notes, the old notes must be endorsed or accompanied by appropriate powers of attorney, in either case signed exactly as the name or names of the registered holder or holders that appear on the old notes and with the signature guaranteed.

If the letter of transmittal or any old notes or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers or corporations or others acting in a fiduciary or representative capacity, the person should so indicate when signing and, unless waived by us, proper evidence satisfactory to us of its authority to so act must be submitted.

Acceptance of Old Notes for Exchange; Delivery of New Notes

Once all of the conditions to the exchange offer are satisfied or waived, we will accept, promptly after the expiration date, all old notes properly tendered and will issue the new notes promptly after the expiration of the exchange offer. See *Conditions to the Exchange Offer* below. For purposes of the exchange offer, our giving of oral (promptly confirmed in writing) or written notice of our acceptance to the exchange agent will be considered our acceptance of the exchange offer.

In all cases, we will issue new notes in exchange for old notes that are accepted for exchange only after timely receipt by the exchange agent of:

a timely book-entry confirmation of transfer of old notes into the exchange agent's account at DTC using the book-entry transfer procedures described above, or

certificates for old notes and a properly completed and duly executed letter of transmittal.

Table of Contents

If we do not accept any tendered old notes for any reason included in the terms and conditions of the exchange offer or if you submit certificates representing old notes in a greater principal amount than you wish to exchange, in the case of old notes tendered by book-entry transfer into the exchange agent's account at DTC using the book-entry transfer procedures described below, non-exchanged old notes will be credited to an account maintained with DTC promptly following the expiration or termination of the exchange offer, or in the case of old notes tendered by transmitting a completed letter of transmittal, we will return any unaccepted or non-exchanged old notes without expense to the tendering holder.

Guaranteed Delivery Procedures

If you are a registered holder of old notes and you want to tender your old notes but your old notes are not immediately available, or time will not permit your old notes to reach the exchange agent before the expiration date, or the procedure for book-entry transfer cannot be completed on a timely basis, a tender may be effected if

- (1) the tender is made through an eligible institution,
- (2) prior to the expiration date, the exchange agent receives, by facsimile transmission, mail or hand delivery, from that eligible institution a properly completed and duly executed letter of transmittal and notice of guaranteed delivery, substantially in the form provided by us, stating:

the name and address of the holder of old notes

the amount of old notes tendered, and

the tender is being made by delivering that notice and guaranteeing that within three New York Stock Exchange trading days after the date of execution of the notice of guaranteed delivery, the certificates of all physically tendered old notes, in proper form for transfer, or a book-entry confirmation, as the case may be, will be deposited by that eligible institution with the exchange agent, and

- (3) the certificates for all physically tendered old notes, in proper form for transfer, or a book-entry confirmation, as the case may be, are received by the exchange agent within three New York Stock Exchange trading days after the date of execution of the Notice of Guaranteed Delivery.

Withdrawal Rights

You can withdraw your tender of old notes at any time on or prior to the expiration date.

For a withdrawal to be effective, a written notice of withdrawal must be received by the exchange agent at one of the addresses listed below under Exchange Agent. Any notice of withdrawal must specify:

the name of the person having tendered the old notes to be withdrawn;

the old notes to be withdrawn;

the principal amount of the old notes to be withdrawn;

if certificates for old notes have been delivered to the exchange agent, the name in which the old notes are registered, if different from that of the withdrawing holder;

if certificates for old notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of those certificates, you must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an eligible institution unless you are an eligible institution; and

if old notes have been tendered using the procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn old notes and otherwise comply with the procedures of that facility.

Table of Contents

Please note that all questions as to the validity, form, eligibility and time of receipt of notices of withdrawal will be determined by us, and our determination shall be final and binding on all parties. Any old notes so withdrawn will be considered not to have been validly tendered for exchange for purposes of the exchange offer.

If you have properly withdrawn old notes and wish to re-tender them, you may do so by following one of the procedures described under "Procedures for Tendering Old Notes" above at any time on or prior to the expiration date.

Conditions to the Exchange Offer

Notwithstanding any other provisions of the exchange offer, we will not be required to accept for exchange, or to issue new notes in exchange for, any old notes and may terminate or amend the exchange offer, if at any time before the acceptance of old notes for exchange or the exchange of the new notes for old notes, that acceptance or issuance would violate applicable law or any interpretation of the staff of the SEC.

That condition is for our sole benefit and may be asserted by us regardless of the circumstances giving rise to that condition. Our failure at any time to exercise the foregoing rights shall not be considered a waiver by us of that right. Our rights described in the prior paragraph are ongoing rights which we may assert at any time and from time to time prior to the expiration of the exchange offer.

Exchange Agent

Wilmington Trust, National Association has been appointed as the exchange agent for the exchange offer. All executed letters of transmittal should be directed to the exchange agent at one of the addresses set forth below. Questions and requests for assistance, requests for additional copies of this prospectus or of the letter of transmittal should be directed to the exchange agent, addressed as follows:

Delivery to an address other than as listed above or transmission of instructions via facsimile other than as listed above does not constitute a valid delivery.

Fees and Expenses

The principal solicitation is being made by delivering this prospectus to noteholders through the facilities of DTC; however, additional solicitation may be made by mail, telegraph, telephone or in person by our officers, regular employees and affiliates. We will not pay any additional compensation to any of our officers and employees who

engage in soliciting tenders. We will not make any payment to brokers, dealers or others soliciting acceptances of the exchange offer. However, we will pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses in connection with the exchange offer.

The estimated cash expenses to be incurred in connection with the exchange offer, including legal, accounting, SEC filing, printing and exchange agent expenses, will be paid by us and are estimated in the aggregate to be approximately \$350,000.

Table of Contents

Transfer Taxes

Holders who tender their old notes for exchange will not be obligated to pay any transfer taxes in connection therewith, except that holders who instruct us to register new notes in the name of, or request that old notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder will be responsible for the payment of any applicable transfer tax thereon.

Resale of the New Notes

Under existing interpretations of the staff of the SEC contained in several no-action letters to third parties, the new notes would in general be freely transferable after the exchange offer without further registration under the Securities Act. The relevant no-action letters include the *Exxon Capital Holdings Corporation* letter, which was made available by the SEC on May 13, 1988, and the *Morgan Stanley & Co. Incorporated* letter, made available on June 5, 1991.

However, any purchaser of old notes who is an affiliate of SS&C Technologies Holdings, Inc. or any of the subsidiary guarantors or who intends to participate in the exchange offer for the purpose of distributing the new notes

- (1) will not be able to rely on the interpretation of the staff of the SEC;
- (2) will not be able to tender its old notes in the exchange offer; and
- (3) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless that sale or transfer is made using an exemption from those requirements.

By executing, or otherwise becoming bound by, the Letter of Transmittal each holder of the old notes will represent that:

- (1) it is not our affiliate or an affiliate of any of the subsidiary guarantors;
- (2) any new notes to be received by it were acquired in the ordinary course of its business; and
- (3) it has no arrangement or understanding with any person to participate, and is not engaged in and does not intend to engage, in the distribution, within the meaning of the Securities Act, of the new notes.

In addition, in connection with any resales of new notes, any broker-dealer participating in the exchange offer who acquired securities for its own account as a result of market-making or other trading activities must deliver a prospectus meeting the requirements of the Securities Act. The SEC has taken the position in the *Shearman & Sterling* no-action letter, which it made available on July 2, 1993, that participating broker-dealers may fulfill their prospectus delivery requirements with respect to the new notes, other than a resale of an unsold allotment from the original sale of the old notes, with the prospectus contained in the exchange offer registration statement. Under the registration rights agreement, we are required to allow participating broker-dealers and other persons, if any, subject to similar

prospectus delivery requirements to use this prospectus as it may be amended or supplemented from time to time, in connection with the resale of new notes.

DESCRIPTION OF EXCHANGE NOTES

General

SS&C Technologies Holdings, Inc. issued the old notes under an indenture (the *Indenture*) among itself, the Guarantors party thereto and Wilmington Trust, National Association, as trustee (the *Trustee*), dated as of the issue date.

In exchange for the old notes issued on the issue date, we are issuing the new notes under the Indenture for public resale pursuant to this prospectus. All references to Notes below refer to the old notes and or the new notes unless the context otherwise requires.

Certain terms used in this description are defined under *Certain Definitions*. In this description, (i) the term *Issuer* refers to SS&C Technologies Holdings, Inc. and not to any of its Subsidiaries and (ii) the terms *we*, *our* and *us* each refer to the Issuer and its consolidated Subsidiaries. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the *Trust Indenture Act*).

The following description is only a summary of the material provisions of the Indenture and does not purport to be complete and is qualified in its entirety by reference to the provisions of the Indenture, including the definitions therein of certain terms used below. We urge you to read the Indenture because it, not this description, defines your rights as Holders of the Notes. You may request copies of the Indenture at our address set forth under the heading *Where you can find more information*.

Brief Description of the Notes

The Notes will:

be general, unsecured senior obligations of the Issuer;

rank *pari passu* in right of payment with all existing and future Senior Indebtedness (including the Senior Secured Credit Facilities) of the Issuer;

be effectively subordinated to all Secured Indebtedness of the Issuer (including the Senior Secured Credit Facilities) to the extent of the value of the assets securing such Secured Indebtedness;

be senior in right of payment to any future Subordinated Indebtedness of the Issuer;

be structurally subordinated to all existing and future Indebtedness, claims of holders of Preferred Stock and other liabilities of the Issuer's non-Guarantor Subsidiaries; and

be initially guaranteed on a senior unsecured basis by each of the Restricted Subsidiaries that is a Wholly-Owned Subsidiary (other than any Foreign Subsidiary) that is a borrower under or a guarantor with respect to the Senior Secured Credit Facilities (other than any Restricted Subsidiary that is only a borrower under or a guarantor in respect of a Foreign Credit Facility).

Guarantees

The Guarantors, as primary obligors and not merely as sureties, will jointly and severally, irrevocably and unconditionally, Guarantee, on an unsecured senior basis, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the Indenture and the Notes, whether for payment of principal of, premium, if any, or interest on the Notes, expenses, indemnification or otherwise, on the terms set forth in the Indenture by executing the Indenture.

The Restricted Subsidiaries that are Wholly-Owned Subsidiaries (other than any Foreign Subsidiary) that are borrowers under or guarantors with respect to the Senior Secured Credit Facilities (other than any Restricted

Table of Contents

Subsidiary that is only a borrower or a guarantor in respect of a Foreign Credit Facility) currently Guarantee the Notes. In the future, subject to exceptions set forth under the caption Certain Covenants Limitation on Guarantees of Indebtedness by Restricted Subsidiaries, each direct and indirect Restricted Subsidiary of the Issuer that is a borrower under or a guarantor with respect to certain Indebtedness of the Issuer or any other Guarantor will Guarantee the Notes, subject to release as provided below. Each Guarantee of the Notes will be a general, unsecured obligation of each Guarantor, will rank pari passu in right of payment with all existing and future Senior Indebtedness of such Guarantor, will be effectively subordinated to all Secured Indebtedness of such Guarantor (to the extent of the value of the assets securing such Indebtedness) and will be senior in right of payment to all existing and future Subordinated Indebtedness of such Guarantor. The Guarantees will be structurally subordinated to Indebtedness, claims of holders of Preferred Stock and other liabilities of Subsidiaries of the Issuer that do not Guarantee the Notes.

Not all of the Issuer's Subsidiaries Guarantee the Notes. In the event of a bankruptcy, liquidation, reorganization or similar proceeding of any of these non-Guarantor Subsidiaries, the non-Guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute or contribute, as the case may be, any of their assets to the Issuer or a Guarantor. As a result, all of the existing and future liabilities of our non-Guarantor Subsidiaries, including any claims of trade creditors, are structurally senior to the Notes. On a combined basis, the non-Guarantor Subsidiaries (a) accounted for approximately 36% of our combined total revenue for the year ended December 31, 2015 and (b) held approximately 24% of our consolidated total assets as of December 31, 2015.

The obligations of each Guarantor under its Guarantees are limited as necessary to prevent the Guarantees from constituting a fraudulent conveyance under applicable law and, therefore, are limited to the amount that such Guarantor could guarantee without such Guarantee constituting a fraudulent conveyance; this limitation, however, may not be effective to prevent such Guarantee from constituting a fraudulent conveyance.

Any entity that makes a payment under its Guarantee will be entitled upon payment in full of all guaranteed obligations under the Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP.

If a Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero. See Risk Factors Risks Related to Our Indebtedness and the Notes Fraudulent conveyance laws allow courts, under certain circumstances, to avoid or subordinate guarantees and require noteholders to return payments received from guarantors.

A Guarantee by a Guarantor shall provide by its terms that it shall be automatically and unconditionally released and discharged upon:

(a) any sale, exchange or transfer (by merger, consolidation or otherwise) of (i) the Capital Stock of such Guarantor (including any sale, exchange or transfer), after which such Guarantor is no longer a Restricted Subsidiary or (ii) all or substantially all the assets of such Guarantor to any Person other than the Issuer or a Restricted Subsidiary, and otherwise in compliance with the applicable provisions of the Indenture;

(b) the release or discharge from all of (i) its obligations under all of its guarantees of payment by the Issuer of any Indebtedness of the Issuer under the Senior Secured Credit Facilities or (ii) in the case of a Guarantee made by a Guarantor (each, an *Other Guarantee*) as a result of its guarantee of certain other Indebtedness of the Issuer or a Guarantor pursuant to the covenant entitled Certain Covenants Limitation on Guarantees of Indebtedness by Restricted Subsidiaries, the relevant Indebtedness, except in the case of (i) or (ii), a release as a result of the repayment

in full of the Indebtedness specified in clause

Table of Contents

(i) or (ii) (it being understood that a release subject to a contingent reinstatement is still considered a release, and if any such Indebtedness of such Guarantor under the Senior Secured Credit Facilities or any Other Guarantee is so reinstated, such Guarantee shall also be reinstated);

(c) the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in compliance with the applicable provisions of the Indenture; or

(d) the Issuer exercising its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the Issuer's obligations under the Indenture being discharged as described under Satisfaction and Discharge.

Ranking

The payment of the principal of, premium, if any, and interest on the Notes and the payment of any Guarantee by a Guarantor will rank pari passu in right of payment with all Senior Indebtedness of the Issuer or the relevant Guarantor, as the case may be, including the obligations of the Issuer and such Guarantor under the Senior Secured Credit Facilities.

The Notes are effectively subordinated to all of the existing and future Secured Indebtedness of the Issuer and each Guarantor to the extent of the value of the assets securing such Indebtedness. As of December 31, 2015, the Issuer and the Guarantors had outstanding approximately \$2.82 billion of Secured Indebtedness and the Senior Secured Credit Facilities would have permitted additional secured borrowings up to at least \$150 million. In addition, as of December 31, 2015, the non-Guarantor Subsidiaries would have had outstanding approximately \$643 million of liabilities that are structurally senior to the Notes.

Although the Indenture contains limitations on the amount of additional Indebtedness that the Issuer and the Guarantors may incur, under certain circumstances the amount of such Indebtedness could be substantial and, in any case, such Indebtedness may be Senior Indebtedness. See Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock.

Paying Agent and Registrar for the Notes

The Issuer will maintain one or more paying agents for the Notes in the United States of America. The paying agent for the Notes is the Trustee.

The Issuer will also maintain a registrar with offices in the United States of America. The registrar is the Trustee. The registrar will maintain a register reflecting ownership of the Notes outstanding from time to time and will make payments on and facilitate transfer of Notes on behalf of the Issuer.

The Issuer may change the paying agents or the registrars without prior notice to the Holders. The Issuer or any of its Subsidiaries may act as a paying agent or registrar.

Transfer and Exchange

A Holder may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. The Issuer is not required to transfer or exchange any Note selected for redemption. Also, the Issuer is not required to transfer or exchange any Note for a period of 15 days before a

selection of Notes to be redeemed.

Principal, Maturity and Interest

The Issuer issued the old notes initially with an aggregate principal amount of \$600,000,000 and will issue the new notes in such amounts as are tendered for exchange pursuant to this prospectus. The Notes will mature on July 15, 2023. Subject to compliance with the covenant described below under the caption Certain

Table of Contents

Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, the Issuer may issue additional Notes (*Additional Notes*) from time to time after this offering under the Indenture. The Notes and any Additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to Notes for all purposes of the Indenture and this Description of Notes include any Additional Notes that are actually issued; *provided* that Additional Notes will not be issued with the same CUSIP, if any, as the existing Notes unless such Additional Notes are fungible with the existing Notes for U.S. federal income tax purposes.

Interest accrues on the Notes at a rate per annum equal to 5.875% from the Issue Date, or from the most recent date to which interest has been paid or provided for. Interest is payable semiannually using a 360-day year comprised of twelve 30-day months in cash to Holders of record at the close of business on the January 1 or July 1 immediately preceding the interest payment date, on January 15 and July 15 of each year.

Mandatory Redemption; Offers to Repurchase; Open Market Purchases

The Issuer is not required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, the Issuer may be required to offer to repurchase Notes as described under the caption Repurchase at the Option of Holders. We may at any time and from time to time purchase Notes in the open market or otherwise.

Optional Redemption

Except as set forth below, the Issuer will not be entitled to redeem the Notes at its option prior to July 15, 2018.

At any time prior to July 15, 2018, the Issuer may on one or more occasions redeem the Notes, in whole or in part, upon notice as described under the heading Repurchase at the Option of Holders Selection and Notice, at a redemption price equal to 100% of the principal amount of the Notes being redeemed plus the Applicable Premium as of the date of redemption (the *Redemption Date*), and accrued and unpaid interest, if any, to, but excluding, the Redemption Date.

On and after July 15, 2018, the Issuer may on one or more occasions redeem the Notes, in whole or in part, upon notice as described under the heading Repurchase at the Option of Holders Selection and Notice, at the redemption prices (expressed as percentages of principal amount of the Notes to be redeemed) set forth below, plus accrued and unpaid interest, if any, thereon to, but excluding, the applicable Redemption Date, if redeemed during the twelve-month period beginning on July 15 of each of the years indicated below:

Year	Optional Redemption Price
2018	104.406%
2019	102.938%
2020	101.469%
2021 and thereafter	100.000%

In addition, prior to July 15, 2018, the Issuer may, at its option, upon notice as described under the heading Repurchase at the Option of Holders Selection and Notice, on one or more occasions, redeem up to 35% of the aggregate principal amount of Notes issued by it at a redemption price equal to 105.875% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, thereon to, but excluding, the applicable Redemption Date, with the net cash proceeds of one or more Equity Offerings; *provided* that at least 50% of the aggregate principal amount of Notes issued under the Indenture (giving effect to the issuance of any Additional Notes) remains

outstanding immediately after the occurrence of each such redemption; *provided further* that each such redemption occurs within 120 days of the date of closing of each such Equity Offering.

Table of Contents

The Issuer and its affiliates may acquire Notes by means other than a redemption, whether by tender offer, open market purchases, negotiated transactions or otherwise, in accordance with applicable securities laws, so long as such acquisition does not otherwise violate the terms of the Indenture.

Notice of any redemption of the Notes in connection with a corporate transaction (including an Equity Offering, an incurrence of Indebtedness or a Change of Control) may, at the Issuer's discretion, be given prior to the completion thereof and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of the related transaction. If such redemption or purchase is so subject to satisfaction of one or more conditions precedent, such notice shall describe each such condition, and if applicable, shall state that, in the Issuer's discretion, the redemption date may be delayed until such time as any or all such conditions shall be satisfied, or such redemption or purchase may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied by the redemption date, or by the redemption date as so delayed. In addition, the Issuer may provide in such notice that payment of the redemption price and performance of the Issuer's obligations with respect to such redemption may be performed by another Person.

The Trustee shall select the Notes to be redeemed in the manner described under *Repurchase at the Option of Holders Selection and Notice*.

If the optional redemption date is on or after a record date for the payment of interest and on or before the related interest payment date, the accrued and unpaid interest will be paid to the Person in whose name the Note is registered at the close of business on such record date, and no additional interest will be payable to Holders whose Notes will be subject to redemption by the Issuer.

Unless the Issuer defaults in the payment of the redemption price, interest will cease to accrue on the Notes or portions thereof called for redemption on the applicable redemption date.

Repurchase at the Option of Holders

Change of Control

The Indenture provides that if a Change of Control occurs after the Issue Date, the Issuer will make an offer to repurchase all of the Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, to, but excluding, the date of repurchase, subject to the right of Holders of the Notes of record on the relevant record date to receive interest due on the corresponding interest payment date. Within 30 days following any Change of Control, the Issuer will deliver notice of such Change of Control Offer electronically or by first-class mail, with a copy to the Trustee, to each Holder of Notes to the address of such Holder appearing in the security register or otherwise in accordance with the applicable procedures of DTC, with the following information:

- (1) that a Change of Control Offer is being made pursuant to the covenant entitled *Change of Control*, and that all Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;
- (2) the repurchase price and the repurchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is delivered (the *Change of Control Payment Date*);
- (3) that any Note not properly tendered will remain outstanding and continue to accrue interest;

(4) that unless the Issuer defaults in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;

(5) that Holders electing to have any Notes repurchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled "Option of Holder to Elect Repurchase" on the

Table of Contents

reverse of such Notes completed, or otherwise in accordance with the applicable procedures of DTC, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day immediately preceding the Change of Control Payment Date;

(6) that Holders will be entitled to withdraw their tendered Notes and their election to require the Issuer to repurchase such Notes, *provided* that the paying agent receives, not later than the second Business Day prior to the expiration date of the Change of Control Offer, a facsimile transmission or letter setting forth the name of the Holder of the Notes, the principal amount of Notes tendered for repurchase, and a statement that such Holder is withdrawing its tendered Notes and its election to have such Notes repurchased;

(7) that if the Issuer is redeeming fewer than all of the Notes, the Holders of the remaining Notes will be issued new Notes and such new Notes will be equal in principal amount to the unreurchased portion of the Notes surrendered. The unreurchased portion of the Notes must be equal to \$2,000 or an integral multiple of \$1,000 in excess thereof;

(8) if such notice is delivered prior to the occurrence of a Change of Control, stating that the Change of Control Offer is conditioned on the occurrence of such Change of Control; and

(9) the other instructions, as determined by the Issuer, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law:

(1) accept for payment all Notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(3) deliver, or cause to be delivered, to the Trustee for cancellation the Notes so accepted together with an Officer's Certificate to the Trustee stating that such Notes or portions thereof have been tendered to and repurchased by the Issuer.

The Senior Secured Credit Facilities will, and future credit agreements, indentures or other agreements relating to Senior Indebtedness to which the Issuer becomes a party may, provide that certain change of control events with respect to the Issuer would constitute a default thereunder (including a Change of Control under the Indenture) and prohibit or limit the Issuer from repurchasing any Notes pursuant to this covenant. In the event the Issuer is prohibited from repurchasing the Notes, the Issuer could seek the consent of its lenders under its Senior Secured Credit Facilities or other agreement to the repurchase of the Notes or could attempt to refinance the borrowings that contain such prohibition. If the Issuer does not obtain such consent or repay such borrowings, it will remain prohibited from repurchasing the Notes. In such case, the Issuer's failure to repurchase tendered Notes when required would constitute an Event of Default under the Indenture.

The Issuer's ability to pay cash to the Holders of Notes following the occurrence of a Change of Control may be limited by its then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Change of Control repurchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of the Issuer and, thus, the removal of incumbent management. The Change of

Table of Contents

Control repurchase feature is a result of negotiations between the initial purchasers of the Notes and the Issuer. The Issuer has no present intention to engage in a transaction involving a Change of Control, although it is possible that it could decide to do so in the future. Subject to the limitations discussed below, the Issuer could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect its capital structure or credit ratings. Restrictions on the Issuer's ability to incur additional Indebtedness are contained in the covenants described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Certain Covenants Liens. Such restrictions in the Indenture can be waived only with the consent of the Holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture will not contain any covenants or provisions that may afford Holders of the Notes protection in the event of a highly leveraged transaction.

The Issuer will not be required to make a Change of Control Offer following a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer or (2) a notice of redemption of all outstanding Notes has been given pursuant to the Indenture as described above under the caption Optional Redemption, unless and until there is a default in the payment of the redemption price on the applicable Redemption Date or the redemption is not consummated due to the failure of a condition precedent contained in the applicable redemption notice to be satisfied. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditioned upon the occurrence of such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

If Holders of not less than 90% in aggregate principal amount of the outstanding Notes validly tender and do not withdraw such Notes in a Change of Control Offer and the Issuer, or any third party making a Change of Control Offer in lieu of the Issuer as described above, repurchases all of the Notes validly tendered and not withdrawn by such Holders, the Issuer or such third party will have the right, upon not less than 15 days nor more than 60 days prior notice (*provided* that such notice is given not more than 30 days following such repurchase pursuant to the Change of Control Offer described above), to redeem all Notes that remain outstanding following such purchase at a price in cash equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, to, but excluding, the date of redemption, subject to the right of Holders of the Notes of record on the relevant record date to receive interest due on the corresponding interest payment date.

The definition of Change of Control includes a disposition of all or substantially all of the assets of the Issuer to any Person. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of all or substantially all of the assets of the Issuer. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Issuer to make an offer to repurchase the Notes as described above.

The provisions under the Indenture relating to the Issuer's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes then outstanding.

Asset Sales

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale, unless:

(1) the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at least equal to the fair market value (such fair market value to be determined on the date of contractually agreeing to such Asset Sale), as determined in good faith by the Issuer, of the assets subject to such Asset Sale (including, for the avoidance of doubt, if such Asset Sale is a Permitted Asset Swap); and

(2) except in the case of a Permitted Asset Swap, at least 75.0% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; *provided* that the amount of:

(a) any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent consolidated balance sheet or in the footnotes thereto, or if incurred or accrued subsequent to the date of such balance sheet, such liabilities that would have been reflected on the Issuer's consolidated balance sheet or in the footnotes thereto if such incurrence or accrual had taken place on or prior to the date of such balance sheet, as determined in good faith by the Issuer) of the Issuer or such Restricted Subsidiary (other than liabilities that are by their terms subordinated to the Notes) that are assumed by the transferee of any such assets (or are otherwise extinguished by the transferee in connection with the transactions relating to such Asset Sale) and for which the Issuer and all such Restricted Subsidiaries have been validly released;

(b) any securities received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash or Cash Equivalents, or by their terms are required to be satisfied for cash or Cash Equivalents (to the extent of the cash or Cash Equivalents received), in each case, within 180 days following the closing of such Asset Sale;

(c) Indebtedness of any Restricted Subsidiary that is no longer a Restricted Subsidiary as a result of such Asset Sale, to the extent that the Issuer and each other Restricted Subsidiary are released from any guarantee of payment of such Indebtedness in connection with such Asset Sale;

(d) consideration consisting of Indebtedness of the Issuer (other than Subordinated Indebtedness) received from Persons who are not the Issuer or any Restricted Subsidiary; and

(e) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value (as determined in good faith by the Issuer), taken together with all other Designated Non-cash Consideration received pursuant to this clause (e) that is at that time outstanding, not to exceed the greater of (x) \$150.0 million and (y) 2.5% of Total Assets at the time of the receipt of such Designated Non-cash Consideration, with the fair market value (as determined in good faith by the Issuer) of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value,

shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 365 days after the later of (A) the date of such Asset Sale and (B) the receipt of any Net Proceeds of any Asset Sale, the Issuer or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale,

(1) to permanently repay and reduce:

(a) Obligations under the Senior Secured Credit Facilities, and to correspondingly reduce commitments with respect thereto,

(b) Obligations under Senior Indebtedness that is secured by a Lien, which Lien is permitted by the Indenture, and, if such Indebtedness is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto,

Table of Contents

(c) Obligations under (i) the Notes (to the extent such purchases are at or above 100% of the principal amount thereof) or (ii) any other Senior Indebtedness of the Issuer or a Restricted Subsidiary (and, if such Indebtedness is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto); *provided* that the Issuer shall equally and ratably repay and reduce Obligations under the Notes (x) as provided under Optional Redemption or (y) through open-market purchases or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all Holders of Notes to repurchase their Notes, in each case at 100% of the principal amount thereof, plus, in the case of each of clauses (i) and (ii), the amount of accrued but unpaid interest, if any, on the principal amount of the Notes to be repurchased to, but excluding, the date of repurchase, or

(d) Indebtedness of a Restricted Subsidiary that is not a Guarantor, other than Indebtedness owed to the Issuer or another Restricted Subsidiary; or

(2) to make (a) an Investment in any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) an Investment in properties, (c) capital expenditures or (d) an Investment in acquisitions of other assets that, in the case of each of clause (a), (b), (c) and (d) are either (x) used or useful in a Similar Business or (y) replace the businesses, properties and/or assets that are the subject of such Asset Sale; *provided* that, in the case of this clause (2), a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an *Acceptable Commitment*); *provided further* that if any *Acceptable Commitment* is later cancelled or terminated for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute Excess Proceeds; or

(3) any combination of the foregoing;

provided that, pending the final application of any such Net Proceeds in accordance with clauses (1), (2) or (3) above, the Issuer and its Restricted Subsidiaries may temporarily reduce Indebtedness or otherwise use such Net Proceeds in any manner not prohibited by the Indenture.

Any Net Proceeds from the Asset Sale that are not invested or applied as provided and within the time period set forth in the first sentence of the immediately preceding paragraph will be deemed to constitute *Excess Proceeds* . When the aggregate amount of Excess Proceeds exceeds \$50.0 million, the Issuer shall make an offer to all Holders of the Notes, and, if required by the terms of any other Indebtedness that is *pari passu* with the Notes (*Pari Passu Indebtedness*), to the holders of such *Pari Passu Indebtedness* (an *Asset Sale Offer*) to repurchase the maximum aggregate principal amount of the Notes and such *Pari Passu Indebtedness* in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof that may be repurchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100.0% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but excluding, the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture; *provided* that no Note of less than \$2,000 remains outstanding after such purchase.

The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$50.0 million by delivering the notice required pursuant to the terms of the Indenture.

To the extent that the aggregate principal amount of Notes and such *Pari Passu Indebtedness* tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for any other purpose not prohibited by the Indenture. If the aggregate principal amount of Notes and the *Pari Passu Indebtedness* surrendered in an Asset Sale Offer exceeds the amount of Excess Proceeds, the Issuer shall select the Notes and such

Pari Passu Indebtedness to be repurchased on a pro rata basis based on the

principal amount of the Notes and such Pari Passu Indebtedness tendered or, in the case of the Notes or any such Pari Passu Indebtedness that is represented by global notes in fully registered form in the name of DTC or its nominee, in accordance with the procedures of DTC; *provided* that no Notes of \$2,000 or less shall be repurchased in part. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds that resulted in the Asset Sale Offer shall be reset to zero.

Notwithstanding any other provisions of this covenant, (i) to the extent that any of or all the Net Proceeds of any Asset Sale by a Foreign Subsidiary (a *Foreign Disposition*) is (x) prohibited or delayed by applicable local law, (y) restricted by applicable organizational or constitutive documents or any agreement or (z) subject to other onerous organizational or administrative impediments, from being repatriated to the United States, the portion of such Net Proceeds so affected will not be required to be applied in compliance with this covenant, and such amounts may be retained by the applicable Foreign Subsidiary (the Issuer hereby agreeing to use reasonable efforts (as determined in the Issuer's reasonable business judgment) to otherwise cause the applicable Foreign Subsidiary to within one year following the date on which the respective payment would otherwise have been required, promptly take all actions reasonably required by the applicable local law, applicable organizational or constitutive impediment or other impediment to permit such repatriation), and if within one year following the date on which the respective payment would otherwise have been required, such repatriation of any of such affected Net Proceeds is permitted under the applicable local law, applicable organizational or constitutive impediment or other impediment, such repatriation will be promptly effected and such repatriated Net Proceeds will be promptly (and in any event not later than five Business Days after such repatriation could be made) applied (net of additional taxes, costs and expenses payable or reserved against as a result thereof) (whether or not repatriation actually occurs) in compliance with this covenant and (ii) to the extent that the Issuer has determined in good faith that repatriation of any of or all the Net Proceeds of any Foreign Disposition would have an adverse tax cost consequence with respect to such Net Proceeds (which for the avoidance of doubt, includes, but is not limited to, any repatriation or prepayment whereby doing so the Issuer, any Restricted Subsidiary or any of their respective Affiliates and/or equity partners would incur a tax liability, including a tax on a dividend, a tax on a deemed dividend pursuant to Code Section 956 or a withholding tax), the Net Proceeds so affected may be retained by the applicable Foreign Subsidiary. The non-application of any Net Proceeds as a consequence of the foregoing provisions will not, for the avoidance of doubt, constitute a Default or an Event of Default.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder, in each case to the extent such laws or regulations are applicable in connection with the repurchase of the Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

The Senior Secured Credit Facilities may prohibit or limit, and future credit agreements or other agreements to which the Issuer becomes a party may prohibit or limit, the Issuer from repurchasing any Notes pursuant to this covenant. In the event the Issuer is prohibited from repurchasing the Notes, the Issuer could seek the consent of its lenders to the repurchase of the Notes or could attempt to refinance the borrowings that contain such prohibition. If the Issuer does not obtain such consent or repay such borrowings, it will remain prohibited from repurchasing the Notes. In such case, the Issuer's failure to repurchase tendered Notes would constitute an Event of Default under the Indenture.

Selection and Notice

If the Issuer is redeeming fewer than all of the Notes at any time, the Trustee will select the Notes to be redeemed (a) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which such Notes are listed, (b) on a pro rata basis to the extent practicable or (c) by lot or such other similar method in accordance with the applicable procedures of DTC; *provided* that no Notes of

\$2,000 or less shall be redeemed or repurchased in part.

Table of Contents

Notices of repurchase or redemption shall be delivered in accordance with the applicable procedures of DTC or mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the repurchase or redemption date to each Holder of Notes at such Holder's registered address, except that redemption notices may be sent more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. If any Note is to be repurchased or redeemed in part only, any notice of purchase or redemption that relates to such Note shall state the portion of the principal amount thereof that has been or is to be repurchased or redeemed.

In the case of Notes in certificated form, the Issuer will issue a new Note in a principal amount equal to the unredeemed or unpurchased portion of the original Note in the name of the Holder upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption, unless the Issuer defaults in the payment of the redemption price, in which case interest shall accrue until the redemption price has been paid or duly provided for.

Certain Covenants

Set forth below are summaries of certain covenants that are contained in the Indenture.

Beginning on the day of a Covenant Suspension Event and ending on a Reversion Date (as defined herein) (such period a *Suspension Period*) with respect to the Notes, the covenants specifically listed under the following captions in this Description of Notes will not be applicable to the Notes (collectively, the *Suspended Covenants*):

- (1) Repurchase at the Option of Holders Asset Sales ;
- (2) Limitation on Restricted Payments ;
- (3) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ;
- (4) clause (4) of the first paragraph of Merger, Consolidation or Sale of All or Substantially All Assets ;
- (5) Transactions with Affiliates ;
- (6) Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries ; and
- (7) Limitation on Guarantees of Indebtedness by Restricted Subsidiaries.

On each Reversion Date, all Indebtedness incurred, or Disqualified Stock or Preferred Stock issued, during the Suspension Period will be classified as having been incurred or issued pursuant to the first paragraph of Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock below or one of the clauses set forth in the second paragraph of Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock below (to the extent such Indebtedness or Disqualified Stock or Preferred Stock would be permitted to be incurred or issued thereunder as of the Reversion Date and after giving effect to Indebtedness incurred or issued prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness or Disqualified Stock or Preferred Stock would not be so permitted to be incurred or issued pursuant to the first or second paragraph of Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, such Indebtedness or Disqualified Stock or Preferred Stock will be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (3) of the second paragraph under Limitation on Incurrence of

Indebtedness and Issuance of Disqualified Stock and Preferred Stock. Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under Limitation on Restricted Payments will be made as though the covenant described under Limitation on Restricted Payments had been in effect since the Issue Date but not during the Suspension

Table of Contents

Period. Accordingly, Restricted Payments made during the Suspension Period will not reduce the amount available to be made as Restricted Payments pursuant to the first paragraph of Limitation on Restricted Payments subject to the exceptions set forth therein. No Default, Event of Default or breach of any kind shall be deemed to exist under the Indenture, the Notes or the Guarantees with respect to the Suspended Covenants based on, and none of the Issuer or any of its Subsidiaries shall bear any liability for, any actions taken or events occurring during the Suspension Period, or any actions taken at any time pursuant to any contractual obligation arising prior to the Reversion Date (if permitted at such time, regardless of whether such actions or events would have been permitted if the applicable Suspended Covenants remained in effect during such period).

Notwithstanding the foregoing, during the Suspension Period, the Issuer shall not designate any of its Restricted Subsidiaries to be Unrestricted Subsidiaries.

For purposes of the covenant described under Repurchase at the Option of Holders Asset Sales, on the Reversion Date, the amount of Excess Proceeds, if any, will be reset to zero.

Any period of time that (i) the Notes have Investment Grade Ratings from both Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing under the Indenture is referred to as a *Covenant Suspension Event*. If on any subsequent date (the *Reversion Date*) one or both of the Rating Agencies withdraws its Investment Grade Rating or downgrades the rating assigned to the Notes below an Investment Grade Rating, the Issuer and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants with respect to future events. The Issuer shall notify the Holders with a copy to the Trustee of the occurrence of a Covenant Suspension Event or Reversion Date. The Trustee shall have no duty to monitor the Investment Grade Ratings of Notes or notify Holders of any Covenant Suspension or Reversion Date.

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Ratings.

Financial Calculations for Limited Condition Acquisitions

When calculating the availability under any basket or ratio under the Indenture, in each case in connection with a Limited Condition Acquisition, the date of determination of such basket or ratio and of any Default or Event of Default may, at the option of the Issuer, be the date the definitive agreements for such Limited Condition Acquisition are entered into. Any such ratio or basket shall be calculated with such adjustments as are appropriate and consistent with the *pro forma* adjustment provisions set forth in the definition of Fixed Charge Coverage Ratio after giving effect to such Limited Condition Acquisition and other transactions in connection therewith (including any incurrence of Indebtedness and the use of proceeds thereof) as if they had been consummated at the beginning of the applicable period for purposes of determining the ability to consummate any such Limited Condition Acquisition; *provided that*, for the avoidance of doubt, (x) if any of such ratios or baskets are exceeded as a result of fluctuations in such ratio or basket subsequent to such date of determination and at or prior to the consummation of the relevant Limited Condition Acquisition, such ratios or baskets will not be deemed to have been exceeded as a result of such fluctuations solely for purposes of determining whether the Limited Condition Acquisition is permitted under the Indenture and (y) such ratios or baskets shall not be tested at the time of consummation of such Limited Condition Acquisition or related transactions; *provided, further*, that if the Issuer elects to have such determinations occur at the time of entry into such definitive agreement, any such transactions (including any incurrence of Indebtedness and the use of proceeds thereof) shall be deemed to have occurred on the date the definitive agreements are entered and outstanding thereafter for purposes of calculating any ratios or baskets under the Indenture after the date of such definitive agreements and before the consummation of such Limited Condition Acquisition. With respect to any such calculations of the availability under any basket or ratio under the Indenture with respect to a Limited Condition Acquisition, the Issuer will deliver to the Trustee promptly following the date the definitive agreement for such Limited Condition

Acquisition is entered into an Officer's Certificate stating that such definitive agreement has been executed and that the Issuer has made any applicable ratio or basket calculations in accordance this provision and in compliance with the terms of the Indenture.

Limitation on Restricted Payments

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any payment or distribution on account of the Issuer's or any of its Restricted Subsidiaries' Equity Interests, including any dividend, payment or distribution payable in connection with any merger or consolidation other than:

(1) no Default shall have occurred and be continuing or would occur as a consequence thereof;

(2) immediately after giving effect to such transaction on a *pro forma* basis, the Issuer could incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Issuer and its Restricted Subsidiaries after the Issue Date (including Restricted Payments permitted by clauses (1) and (8) of the next succeeding paragraph, but excluding all other Restricted Payments permitted by the next succeeding paragraph), is less than the sum of (without duplication):

(a) 50% of the Consolidated Net Income of the Issuer for the period (taken as one accounting period) from the beginning of the fiscal quarter in which the Issue Date occurs to the end of the Issuer's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment or, in the case such Consolidated Net Income for such period is a deficit, minus 100% of such deficit; *plus*

provided that this clause (b) shall not include the proceeds from (X) Refunding Capital Stock or (Y) Equity Interests of the Issuer sold to a Restricted Subsidiary; *plus*

(c) 100% of the aggregate net cash proceeds and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property received by the Issuer since immediately after the Issue Date from the issue or sale of any Indebtedness or any Disqualified Stock of the Issuer or any Restricted Subsidiary (other than Indebtedness or Disqualified Stock issued to a Restricted Subsidiary) which has been converted into or exchanged for Equity Interests of the Issuer (other than Disqualified Stock); *plus*

(ii) the sale (other than to the Issuer or a Restricted Subsidiary) of the stock of an Unrestricted Subsidiary other than an amount equal to the amount of Permitted Investments made pursuant to clause (19) of the definition thereof in such Unrestricted Subsidiary; *plus*

(f) in the case of the redesignation of an Unrestricted Subsidiary as a Restricted Subsidiary after the Issue Date, the fair market value of the Investment in such Unrestricted Subsidiary, as determined by the Issuer in good faith (as set forth in an Officer's Certificate delivered to the Trustee) at the time of the redesignation of such Unrestricted Subsidiary as a Restricted Subsidiary other than to the extent such Investment constituted a Permitted Investment.

The foregoing provisions will not prohibit:

(1) the payment of any dividend or distribution or the consummation of any irrevocable redemption within 60 days after the date of declaration thereof or the giving of such irrevocable notice, as applicable, if at the date of declaration or the giving of such notice such payment would have complied with the provisions of the Indenture as if it were and is deemed at such time to be a Restricted Payment at the time of such notice;

(2) (a) any Restricted Payment in exchange for, or out of the proceeds of the substantially concurrent sale (other than to the Issuer or a Restricted Subsidiary) of, Equity Interests of the Issuer (other than any Disqualified Stock) (*Refunding Capital Stock*) or a substantially concurrent contribution to the equity (other than Disqualified Stock) of

(a) the principal amount (or accreted value, if applicable) of such new Indebtedness does not exceed the principal amount of (or accreted value, if applicable), plus any accrued and unpaid interest on, the Subordinated Indebtedness being so purchased, redeemed, defeased, repurchased, acquired or retired for value, plus the amount of any premium required to be paid under the terms of the instrument governing the Subordinated Indebtedness being so purchased, redeemed, defeased, repurchased, acquired or retired and any fees and expenses incurred in connection with the issuance of such new Indebtedness;

Table of Contents

(2) at the time of incurrence, the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described in the first and second paragraphs above.

Accrual of interest or dividends, the accretion of accreted value, the accretion or amortization of original issue discount and the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as applicable, will not be deemed to be an incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant. Any Refinancing Indebtedness and any Indebtedness incurred to refinance Indebtedness incurred pursuant to clauses (1) and (12) above shall be permitted to include additional Indebtedness, Disqualified Stock or Preferred Stock incurred to pay premiums (including tender premiums), underwriting discounts, defeasance costs, accrued and unpaid interest, fees and expenses and other costs in connection with such refinancing.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced.

The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

The Indenture provides that the Issuer will not, and will not permit any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is subordinated or junior in right of payment to any Indebtedness of the Issuer or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the Notes or such Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated to other Indebtedness of the Issuer or such Guarantor, as the case may be.

The Indenture does not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) senior Indebtedness as subordinated or junior to any other senior Indebtedness merely because it has a junior priority with respect to the same collateral.

Liens

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur, assume or suffer to exist any Lien (except Permitted Liens) that secures obligations under any Indebtedness or any related guarantee, on any asset or property of the Issuer or any Restricted Subsidiary, or any income or profits therefrom, or assign or convey any right to receive income therefrom, unless:

(1) in the case of Liens securing Subordinated Indebtedness, the Notes (and exchange notes with respect thereto, if issued) and related Guarantees are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens; or

(2) in all other cases, the Notes (and exchange notes with respect thereto, if issued) or the related Guarantees are equally and ratably secured.

Any Lien created for the benefit of the Holders of the Notes pursuant to this covenant shall be deemed automatically and unconditionally released and discharged upon the release and discharge of the applicable Lien described in clauses (1) and (2) above.

Table of Contents

For purposes of determining compliance with this covenant, (A) a Lien securing an item of Indebtedness need not be permitted solely by reference to one category of permitted Liens (or any portion thereof) described in the definition of Permitted Liens or pursuant to the first paragraph of this covenant but may be permitted in part under any combination thereof and (B) in the event that a Lien securing an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of one or more of the categories of permitted Liens (or any portion thereof) described in the definition of Permitted Liens or pursuant to the first paragraph of this covenant, the Company may, in its sole discretion, classify or reclassify, or later divide, classify or reclassify (as if Incurred at such later time), such Lien securing such item of Indebtedness (or any portion thereof) in any manner that complies with this covenant and will be entitled to only include the amount and type of such Lien or such item of Indebtedness secured by such Lien (or any portion thereof) in one of the categories of permitted Liens (or any portion thereof) described in the definition of Permitted Liens or pursuant to the first paragraph of this covenant and, in such event, such Lien securing such item of Indebtedness (or any portion thereof) will be treated as being Incurred or existing pursuant to only such clause or clauses (or any portion thereof) or pursuant to the first paragraph hereof without giving pro forma effect to such item (or portion thereof) when calculating the amount of Liens or Indebtedness that may be Incurred pursuant to any other clause or paragraph.

With respect to any Lien securing Indebtedness that was permitted to secure such Indebtedness at the time of the incurrence of such Indebtedness, such Lien shall also be permitted to secure any Increased Amount of such Indebtedness. The *Increased Amount* of any Indebtedness shall mean any increase in the amount of such Indebtedness in connection with any accrual of interest, the accretion of accreted value, the amortization of original issue discount, the payment of interest in the form of additional Indebtedness with the same terms, accretion of original issue discount or liquidation preference and increase in the amount of Indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies or increases in the value of property securing Indebtedness.

(2) the Issuer may merge with an Affiliate of the Issuer solely for the purpose of reorganizing the Issuer in a State of the United States or the District of Columbia so long as the amount of Indebtedness of the Issuer and its Restricted Subsidiaries is not increased thereby.

Subject to certain limitations described in the Indenture governing release of a Guarantor upon the sale, assignment, transfer, lease, conveyance or other disposition of a Guarantor, no Guarantor will, and the Issuer will not permit any such Guarantor to, consolidate or merge with or into or wind up into (whether or not the Issuer or such Guarantor is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or consensual restriction on the ability of any such Restricted Subsidiary to:

Limitation on Guarantees of Indebtedness by Restricted Subsidiaries

The Issuer will not permit any Restricted Subsidiary that is a Wholly-Owned Subsidiary (and non-Wholly-Owned Subsidiaries if such non-Wholly-Owned Subsidiaries guarantee Material Capital Markets Indebtedness of the Issuer or any Restricted Subsidiary), other than a Guarantor or a Foreign Subsidiary, to become a borrower under or a guarantor with respect to any Material Capital Markets Indebtedness or Indebtedness under the Senior Secured Credit Facilities (other than solely a Foreign Credit Facility), in each case of the Issuer or any Guarantor unless:

(1) such Restricted Subsidiary within 30 days executes and delivers a supplemental indenture to the Indenture providing for a Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Issuer or any Guarantor, if such Indebtedness is by its express terms subordinated in right of payment to the Notes or such Guarantor's Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall

be subordinated in right of payment to such Guarantee substantially to the same extent as such Indebtedness is subordinated to the Notes or such Guarantor's Guarantee; and

(2) such Restricted Subsidiary shall within 30 days deliver to the Trustee an Opinion of Counsel;

provided that this covenant shall not be applicable to any guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary.

Table of Contents

The Issuer may elect, in its sole discretion, to cause any Subsidiary that is not otherwise required to be a Guarantor to become a Guarantor, in which case such Subsidiary shall only be required to execute and deliver a supplemental indenture to the Indenture providing for a Guarantee by such Subsidiary.

Reports and Other Information

Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC as required by Section 13 or 15(d) of the Exchange Act, the Indenture requires the Issuer to file with the SEC (and make available, without exhibits and without cost, to (i) any Holder of the Notes, upon their written request, and (ii) the Trustee upon its written request, in each case, within 15 days after it files them with the SEC, to the extent not publicly available on the SEC's EDGAR system or the Issuer's public website) from and after the Issue Date:

- (1) within the time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K for a non-accelerated filer, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;
- (2) within the time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-Q for a non-accelerated filer, for each of the first three fiscal quarters of each fiscal year, reports on Form 10-Q containing all quarterly information that would be required to be contained in Form 10-Q, or any successor or comparable form;
- (3) within the time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 8-K, after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and
- (4) any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

in each case, in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will post on its website within 15 days after the time the Issuer would be required to file such information with the SEC, if it were subject to Section 13 or 15(d) of the Exchange Act.

Unless the Issuer is otherwise obligated to do so under the Exchange Act or the rules and regulations promulgated by the SEC thereunder, such reports referred to in clauses (1) through (4) above will not be required:

- (a) to comply with Section 302 or Section 404 of the Sarbanes-Oxley Act of 2002, or related Items 307 and 308 of Regulation S-K promulgated by the SEC;
- (b) to contain the separate financial information for Guarantors as contemplated by Rule 3-10 of Regulation S-X or any financial statements of unconsolidated subsidiaries or 50% or less owned persons as contemplated by Rule 3-09 of Regulation S-X or any schedules required by Regulation S-X, or in each case any successor provisions, or segment reporting and the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K relating to the business acquired in the Acquisition (it being understood that the Issuer will furnish summary financial information with respect to the Guarantors and non-Guarantors on a basis substantially consistent with the financial information presented in the fourth sentence of the third paragraph under "Guarantees" above); and

(c) to comply with Regulation G under the Exchange Act or Item 10(e) of Regulation S-K with respect to any non-GAAP financial measures contained therein.

In the event that:

(a) the rules and regulations of the SEC permit the Issuer and any direct or indirect parent of the Issuer to report at such parent entity's level on a consolidated basis and such parent entity is not engaged in any business in any material respect other than incidental to its ownership, directly or indirectly, of the capital stock of the Issuer, or

(b) any direct or indirect parent of the Issuer is or becomes a Guarantor of the Notes,

consolidating reporting at the parent entity's level in a manner consistent with that described in this covenant for the Issuer will satisfy this covenant, and the Indenture permits the Issuer to satisfy its obligations in this covenant with respect to financial information relating the Issuer by furnishing financial information relating to such direct or indirect parent; *provided* that such financial information is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such direct or indirect parent and any of its Subsidiaries other than the Issuer and its Subsidiaries, on the one hand, and the information relating to the Issuer and its Subsidiaries on a standalone basis, on the other hand.

To the extent any such reports referred to in clauses (1) through (4) above is not so filed or furnished, as applicable, within the time periods specified above and such reports are subsequently filed or furnished, as applicable, the Issuer will be deemed to have satisfied its obligations with respect thereto at such time and any Default with respect thereto shall be deemed to have been cured.

In addition, to the extent not satisfied by the foregoing, the Issuer has agreed that, for so long as any Notes are outstanding and constitute restricted securities under Rule 144, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default and Remedies

The Indenture provides that each of the following is an *Event of Default* :

(1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on, the Notes;

(2) default for 30 days or more in the payment when due of interest on or with respect to the Notes;

(3) failure by the Issuer or any Restricted Subsidiary for (i) 60 days after receipt of written notice given to the Issuer by the Trustee or to the Issuer with a copy to the Trustee by the Holders of not less than 25% in principal amount of the Notes then outstanding to comply with any of its obligations, covenants or agreements (other than a default referred to in clause (1) or (2) above or clause (ii) hereof) contained in the Indenture or the Notes or (ii) 90 days after receipt of written notice given by the Trustee or the Holders of not less than 25% in principal amount of the Notes then outstanding to comply with the covenant described above under Certain Covenants Reports and Other Information ;

(4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries, other than Indebtedness owed to the Issuer or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the Notes, if both:

(a) such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity; and

Table of Contents

(b) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$75.0 million or more at any one time outstanding;

(5) failure by the Issuer or any Significant Subsidiary to pay final judgments aggregating in excess of \$75.0 million, other than any judgments covered by indemnities provided by, or insurance policies issued by, reputable and creditworthy companies, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 consecutive days after such judgment becomes final;

(6) certain events of bankruptcy or insolvency with respect to the Issuer or any Significant Subsidiary; or

(7) the Guarantee of any Significant Subsidiary shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Subsidiary, as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the Indenture or the release of any such Guarantee in accordance with the Indenture.

However, a Default under clauses (3), (4) or (5) of this paragraph will not constitute an Event of Default until the Trustee or the Holders of 25% in principal amount of the outstanding Notes notify the Issuer of the Default and, with respect to clauses (3) and (5) the Issuer does not cure such Default within the time specified in clauses (3) and (5), as applicable, of this paragraph after receipt of such notice.

If a Default for a failure to report or failure to deliver a required certificate in connection with another default (the *Initial Default*) occurs, then, at the time such Initial Default is cured, such Default for a failure to report or failure to deliver a required certificate in connection with another default that resulted solely because of that Initial Default will also be cured without any further action. In addition, any Default or Event of Default for the failure to comply with the time periods prescribed in the covenants under the heading *Reports and Other Information* hereto or otherwise to deliver any notice or certificate pursuant to any other provision of the Indenture shall be deemed to be cured upon the delivery of any such report required by such covenant or such notice or certificate, as applicable, even though such delivery is not within the prescribed period specified in the Indenture.

If any Event of Default (other than of a type specified in clause (6) above with respect to the Issuer) occurs and is continuing under the Indenture, the Trustee by written notice to the Issuer or the Holders of at least 25% in principal amount of the then total outstanding Notes by written notice to the Issuer and the Trustee, may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding Notes to be due and payable immediately. Upon the effectiveness of such declaration, such principal, premium, if any, and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section with respect to the Issuer, all outstanding Notes will become due and payable without further action or notice.

The Indenture provides that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that withholding notice is in their interest.

The Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding Notes by notice to the Trustee may on behalf of the Holders of all of the Notes waive any existing Default and its consequences under the Indenture except a continuing Default in the payment of interest on, premium, if any, or the principal of any Note held by a non-consenting Holder and rescind any acceleration and its consequences with respect to the Notes. In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof

(excluding any resulting payment default, other than as a result of acceleration of the Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose the Issuer delivers an Officer's Certificate to the Trustee stating that:

(1) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged; or

Table of Contents

(2) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or

(3) the default that is the basis for such Event of Default has been cured,

it being understood that in no event shall an acceleration of the principal amount of the Notes as described above be annulled, waived or rescinded upon the happening of any such events.

Subject to the provisions of the Indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders of the Notes unless the Holders have offered to the Trustee indemnity or security satisfactory to the Trustee in its sole discretion against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder of a Note may pursue any remedy with respect to the Indenture or the Notes unless:

(1) such Holder has previously given the Trustee notice that an Event of Default is continuing;

(2) Holders of at least 25% in principal amount of the total outstanding Notes have requested the Trustee to pursue the remedy;

(3) Holders of the Notes have offered the Trustee security or indemnity satisfactory to the Trustee in its sole discretion against any loss, liability or expense;

(4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and

(5) Holders of a majority in principal amount of the total outstanding Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the Indenture the Holders of a majority in principal amount of the total outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a Note or that would involve the Trustee in personal liability.

The Indenture provides that the Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Indenture, and the Issuer is required, within ten Business Days after becoming aware of any Default, to deliver to the Trustee a statement specifying such Default; its status and what actions the Issuer is taking or proposed to take with respect thereto.

No Personal Liability of Directors, Officers, Employees and Stockholders

No past, present or future director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor shall have any liability for any obligations of the Issuer or the Guarantors under the Notes, the Guarantees or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting Notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

The obligations of the Issuer and the Guarantors under the Indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the Notes. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the Notes and have the Issuer's and each Guarantor's obligation discharged with respect to its Guarantee (*Legal Defeasance*) and cure all then existing Events of Default except for:

- (1) the rights of Holders of Notes to receive payments in respect of the principal of, premium, if any, and interest on the Notes when such payments are due solely out of the trust created pursuant to the Indenture;
- (2) the Issuer's obligations with respect to the Notes concerning issuing temporary Notes, registration of the Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to substantially all of the restrictive covenants in the Indenture (*Covenant Defeasance*) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Issuer) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the Notes.

The Company may exercise its legal defeasance option notwithstanding its prior exercise of the covenant defeasance option.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the Notes:

- (1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the Notes on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on the Notes; *provided* that in connection with any defeasance to a Redemption Date that would require the payment of the Applicable Premium, the amount deposited in respect of the Applicable Premium shall be sufficient for purpose of the Indenture to the extent that an amount is deposited with the Trustee equal to the Applicable Premium calculated as of the date of the deposit, with any deficit on such Redemption Date (any such amount, the *Applicable Premium Deficit*) only required to be deposited with the Trustee on or prior to the corresponding Redemption Date. Any Applicable Premium Deficit shall be set forth in an Officer's Certificate delivered to the Trustee simultaneously with the deposit of such Applicable Premium Deficit that confirms that such Applicable Premium Deficit shall be applied toward such redemption;
- (2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel confirming that, subject to customary assumptions and exclusions,

(a) the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or

(b) since the issuance of the Notes, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the beneficial owners of the Notes will not recognize income, gain or loss

Table of Contents

for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel confirming that, subject to customary assumptions and exclusions, the beneficial owners of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Senior Secured Credit Facilities or any other material agreement or instrument (other than the Indenture) to which, the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(6) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and

(7) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to the Notes (except for certain rights of the Trustee and the Issuer's obligations in connection therewith that expressly survive) when either:

(1) all Notes theretofore authenticated and delivered, except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

(2) (a) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or are to be called for redemption and redeemed within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders of the Notes cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the Notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption; *provided* that upon any redemption that requires the payment of the Applicable Premium, the amount deposited shall be sufficient for purpose of the Indenture to the extent that an amount is deposited with the Trustee equal to the Applicable Premium calculated as of the date of the notice of redemption, with

any Applicable Premium Deficit only required to be deposited with the Trustee on or prior to the redemption date. Any Applicable Premium Deficit shall be set forth in an Officer's Certificate delivered to the Trustee simultaneously with the deposit of such Applicable Premium Deficit that confirms that such Applicable Premium Deficit shall be applied toward such redemption;

(b) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens

in connection therewith) with respect to the Indenture or the Notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under the Senior Secured Credit Facilities or any other material agreement or instrument governing Indebtedness (other than the Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(c) the Issuer has paid or caused to be paid all sums payable by it under the Indenture; and

(d) the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture, any Guarantee and the Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a purchase of or tender offer or exchange offer for Notes) and any existing Default or compliance with any provision of the Indenture or the Notes issued thereunder may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Notes, other than Notes beneficially owned by the Issuer or its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for the Notes).

The Indenture provides that, without the consent of each affected Holder of Notes, an amendment or waiver may not, with respect to any Notes held by a non-consenting Holder:

(1) reduce the principal amount of such Notes whose Holders must consent to an amendment, supplement or waiver;

(2) reduce the principal amount of or change the fixed final maturity of any such Note or alter or waive the provisions with respect to the redemption of such Notes (other than provisions relating to the covenants described under Repurchase at the Option of Holders);

(3) reduce the rate of or change the time for payment of interest on any Note;

(4) waive a Default in the payment of principal of, premium, if any, or interest on the Notes, except a rescission of acceleration of the Notes by the Holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration, or in respect of a covenant or provision contained in the Indenture or any Guarantee which cannot be amended or modified without the consent of all Holders;

(5) make any Note payable in money other than that stated therein;

(6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of Holders to receive payments of principal of or premium, if any, or interest on the Notes;

(7) make any change in these amendment and waiver provisions;

(8) impair the right of any Holder to receive payment of principal of, premium, if any, or interest on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Notes;

(9) subordinate the Notes to other Indebtedness of the Issuer or any Guarantor in a manner that would adversely affect the Holders; or

(10) except as expressly permitted by the Indenture, modify the Guarantees of any Significant Subsidiary in any manner adverse to the Holders of the Notes.

Table of Contents

Notwithstanding the foregoing, the Issuer, any Guarantor (with respect to a Guarantee or the Indenture to which it is a party) and the Trustee may amend or supplement the Indenture and any Guarantee or the Notes without the consent of any Holder:

- (1) to cure any ambiguity, omission, mistake, defect or inconsistency;
- (2) to provide for certificated Notes in addition to or in place of uncertificated Notes;
- (3) to comply with the covenant relating to mergers, consolidations and sales of assets;
- (4) to provide for the assumption of the Issuer's or any Guarantor's obligations to the Holders as required by the Indenture;
- (5) to make any change that would provide any additional rights or benefits to the Holders or that does not materially adversely affect the legal rights under the Indenture of any such Holder;
- (6) to add covenants for the benefit of the Holders, to secure the Notes and Guarantees or to surrender any right or power conferred upon the Issuer or any Guarantor;

When a holder exchanges an old note for a new note in the exchange offer, the holder will have the same adjusted basis and holding period in the new note as in the old note immediately before the exchange.

PLAN OF DISTRIBUTION

Each broker-dealer that receives new notes for its own account in the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old notes where old notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period of 90 days after the expiration date, we will make this prospectus, as amended or supplemented, available to any participating broker-dealer for use in connection with any resale of new notes received by it in exchange for old notes.

We will not receive any proceeds from any sale of new notes by broker-dealers.

New notes received by broker-dealers for their own account in the exchange offer may be sold from time to time in one or more transactions

in the over-the-counter market;

in negotiated transactions;

through the writing of options on the new notes; or

a combination of those methods of resale
at market prices prevailing at the time of resale, at prices related to prevailing market prices or negotiated prices.

Any such resale may be made:

directly to purchasers; or

to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any broker-dealer or the purchasers of any such new notes.

Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of those new notes may be considered to be an underwriter within the meaning of the Securities Act. Any profit on any resale of those new notes and any commission or concessions received by any such persons may be considered to be underwriting compensation under the Securities
