Delivery of the securities is expected to be made against payment for the securities on September 22, 2016, which will be the fifth business day following the date hereof (such settlement cycle being referred to as T+5). Under Rule 15c6-1 of the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the securities prior to the delivery of the securities hereunder will be required, by virtue of the fact that the securities initially will settle in five business days (T+5), to specify alternate settlement arrangements at the time of any such trade to prevent a failed settlement and should consult their own advisers.
