These forward-looking statements are based upon assumptions we believe are reasonable.

Table of Contents

Forward-looking statements are based on current information and are subject to risks and uncertainties that could cause our actual results to differ materially from those projected. Certain factors that may cause actual results, performance, liquidity, and achievements to differ materially from those projected are discussed in this prospectus and may include, but are not limited to:

unexpected changes in any of the following: (i) general economic and business conditions; (ii) the competitive setting in which we operate, including advertising or promotional strategies by us or our competitors, as well as changes in consumer demand; (iii) interest rates and other terms available to us on our borrowings; (iv) energy and raw materials costs and availability and hedging counter-party risks; (v) relationships with or increased costs related to our employees and third party service providers; and (vi) laws and regulations (including environmental and health-related issues), accounting standards or tax rates in the markets in which we operate;

consolidation within the baking industry and related industries;

changes in pricing, customer and consumer reaction to pricing actions, and the pricing environment among competitors within the industry;

disruptions in our direct-store-delivery distribution model, including litigation or an adverse ruling by a court or regulatory or governmental body that could affect the independent contractor classifications of the independent distributors;

increasing legal complexity and legal proceedings that we are or may become subject to;

the credit, business, and legal risks associated with independent distributors and customers, which operate in the highly competitive retail food and foodservice industries;

any business disruptions due to political instability, armed hostilities, incidents of terrorism, natural disasters, labor strikes or work stoppages, technological breakdowns, product contamination or the responses to or repercussions from any of these or similar events or conditions and our ability to insure against such events;

the failure of our information technology systems to perform adequately, including any interruptions, intrusions or security breaches of such systems; and

regulation and legislation related to climate change that could affect our ability to procure our commodity needs or that necessitate additional unplanned capital expenditures.

The foregoing list of important factors does not include all such factors, nor necessarily present them in order of importance. In addition, you should consult other public disclosures made by the Company (such as in our filings with the SEC or in Company press releases) for other factors that may cause actual results to differ materially from those projected by the Company. We are focused on opportunities for growth within the baked foods category and seek to have our products available wherever bakery foods are consumed or sold whether in homes, restaurants, fast food outlets, institutions, supermarkets, convenience stores, or vending machines. Currently, our business is managed based on delivery method of our products and we have two operating segments as outlined below.

Direct-Store-Delivery Segment (DSD Segment)

Produces fresh breads, buns, rolls, tortillas and snack cakes sold primarily by a network of independent distributors to retail and foodservice customers in the following areas of the U.S.: East, South, Southwest, California, and select markets in the Midwest, Pacific Northwest, Nevada and Colorado.

Has a 39-bakery network with a highly developed reciprocal baking system (where bakeries can produce for its market and that of other bakeries), which results in long and efficient production runs.

The DSD Segment currently has access to more than 85% of the U.S. population for fresh bakery foods.

Major DSD Segment brands include *Nature's Own*, *Wonder*, *Cobblestone Bread Company*, *Tastykake* and *Dave's Killer Bread*.

Warehouse Segment

Produces fresh snack cakes and frozen breads and rolls.

Delivers its products fresh or frozen to customers' warehouses nationwide via contract carriers.

Operates ten production facilities.

Major brands include *Mrs. Freshley's*, *Alpine Valley Bread* and *European Bakers*.

Flowers Foods has focused on developing and refining operating strategies to create competitive advantages in the marketplace. We believe these operating strategies help us achieve our long-term objectives and work to build value for shareholders. Put simply, our strategies are to:

Grow Sales. We develop new and core markets through new customers, new products, strong brands, and acquisitions. We have a three-pronged strategy for growing sales through market expansions, core markets, and acquisitions.

Table of Contents

Invest Wisely. We use technology and efficiencies to be the low-cost producer of delicious bakery foods. We invest to improve the effectiveness of our bakeries, distribution networks, and information systems.

Bake Smart. We innovate to improve processes, enhance quality, reduce costs, and conserve resources.

Give Extraordinary Service. We go beyond the expected to meet our customers' needs.

Appreciate the Team. We respect every individual, embrace diversity, and promote the career growth of team members.

In June of 2016, the Company launched *Project Centennial*, an enterprise-wide business and operational review to evaluate opportunities to streamline our operations, drive efficiencies, and invest in strategic capabilities that we believe will strengthen our competitive position and drive profitable revenue growth. Based upon the results of this review, Flowers Foods has begun executing on four primary strategic initiatives:

reinvigorate the core business invest in the growth and innovation of our core brands, streamline our brand and product portfolio, improve trade promotion management, and strengthen our partnership with distributors so they can grow their businesses;

capitalize on product adjacencies greater focus on growing segments of the bakery category, such as foodservice, in-store bakery, impulse items, and healthy snacking;

reduce costs to fuel growth reduce complexity and better leverage scale to lower costs; and

develop leading capabilities invest in capabilities to become a more centralized and analytics-focused company.

The Company implemented a plan to transition to these primary strategies beginning in fiscal 2017, with the transition intended to be completed by fiscal 2021. Flowers Foods' priorities for fiscal 2017 and 2018 are to simplify and streamline its brand assortment, provide additional tools to distributors to enable them to grow their businesses, reduce costs of purchased goods and services, and put in place a more efficient operating model for a national company. In 2019 and beyond, Flowers Foods expects to fully realize the benefits of a stronger brand architecture and a lower-cost operating model.

In the second quarter of fiscal 2017, the Company made progress in key *Project Centennial* initiatives. Recent accomplishments include:

completed a major consumer survey to better understand evolving consumer preferences;

formulated a strategy and began to identify specific opportunities to diversify our brand portfolio into attractive adjacent categories;

made substantial progress on developing a streamlined brand assortment, which we expect to implement by the end of fiscal 2017;

developed a specific strategy and timeline to reduce stales;

utilized a third-party distribution platform to expand distribution of products in the Midwest;

completed the first wave of continuous improvement pilot programs that validated opportunities for efficiency savings across our manufacturing network;

will close a Warehouse Segment snack cake plant in Winston-Salem, North Carolina in early October 2017;

made progress toward reaching the Company's goal of reducing purchased goods and services spending by at least \$45 million by fiscal 2018;

Table of Contents

began to analyze data and formulate plans to optimize the Company's existing manufacturing and logistics network; and

announced the Company's new organizational structure, as more fully discussed below.

In the second quarter of fiscal 2017, the Company announced an enhanced organizational structure designed to emphasize brand growth and innovation in line with a national branded food company, drive enhanced accountability, reduce costs, strengthen long-term strategy and provide greater focus on the strategic initiatives under *Project Centennial*. The Company will transition to the new structure over the next several months with full implementation expected during fiscal 2018. Prior to that time, the Company will continue to manage the business and report segment information based on our current segments, the DSD Segment and the Warehouse Segment.

The new organizational structure establishes two business units, Fresh Bakery and Specialty/Snacking, and realigns key leadership roles. The new structure also provides for centralized marketing, sales, supply chain, shared-services/administrative, and corporate strategy functions.

Subsequent to the end of the second quarter of fiscal 2017, the Company announced a voluntary employee separation incentive plan (the "VSIP") as part of its effort to restructure, streamline operations, and better position the Company for profitable growth. The VSIP is available to certain employees who meet the VSIP's age, length-of-service, and business function criteria. Employees who elect to participate in the VSIP will receive enhanced separation benefits. The VSIP is expected to be substantially completed by the end of fiscal 2017.

We maintain our principal executive offices at 1919 Flowers Circle, Thomasville, Georgia 31757. Our telephone number there is (229) 226-9110.

RISK FACTORS

These risk factors may be amended, supplemented or superseded from time to time by:

risk factors contained in other periodic reports or information that we file with the SEC, which will be subsequently incorporated herein by reference;

any prospectus supplement accompanying this prospectus; or

a post-effective amendment to the registration statement of which this prospectus forms a part.

In addition, new risks may emerge at any time and we cannot predict such risks or estimate the extent to which they may affect our business, financial condition, liquidity or results of operations. See "Caution Regarding Forward-Looking Statements" and "Where You Can Find More Information."

Table of Contents**RATIOS OF EARNINGS TO FIXED CHARGES**

The following table sets forth our consolidated ratios of earnings to fixed charges for the indicated periods:

	Twenty-Eight Weeks Ended		Fiscal Year(a)			
	July 15, 2017	2016	2015	2014	2013	2012
Ratio of earnings to fixed charges(1)	5.3	4.7	6.2	5.6	6.5	5.3

(a) Our fiscal year ends the Saturday nearest December 31st.

(1) For purposes of computing these ratios, earnings represents income from continuing operations before income taxes and cumulative effect of change in accounting principle plus interest expense and one-third of rent expense (which approximates the interest component of rental expense). Fixed charges represent gross interest expense plus the interest portion of rent expense. We have not had any shares of preferred stock outstanding during any of these periods, and have not paid any preferred stock dividends. Therefore, our ratios of earnings to combined fixed charges and preferred dividends are the same as the ratios above.

USE OF PROCEEDS

We have summarized certain portions of the Articles of Incorporation and Bylaws below. The summary is not complete. You should read the Articles of Incorporation and Bylaws for the provisions that are important to you.

Our authorized capital stock consists of:

500,000,000 shares of common stock, par value \$0.01 per share;

200,000 shares of Series A Junior Participating Preferred Stock, par value \$100 per share; and

800,000 shares of undesignated preferred stock, par value \$0.01 per share.

As of August 4, 2017, there were 209,344,572 shares of our common stock issued and outstanding. No shares of our preferred stock are issued and outstanding.

Common Stock

The holders of our common stock are entitled to one vote for each share held of record on all matters submitted to a vote of shareholders. Table of Contents

Our Board of Directors is authorized, to the fullest extent permitted by law, to establish out of our authorized 800,000 shares of undesignated preferred stock, one or more classes or series of preferred stock, having such relative rights, preferences, privileges and restrictions thereof, including dividend rights, dividend rates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series of the designation of such series, as our Board of Directors shall determine without further vote or action by the shareholders.

the number of shares of such preferred stock offered, the liquidation preference per share and the offering price of such preferred stock;

the voting rights, if any, granted to the holders of the shares of such preferred stock in addition to those required by Georgia law or the Articles of Incorporation;

whether the shares of preferred stock shall be convertible into shares of our common stock or any other class of our capital stock, and if convertible, the conversion price or prices, any adjustment thereof and any other terms and conditions upon which such conversion shall be made;

any other rights, preferences, restrictions, limitations or conditions relating to the shares of preferred stock as may be permitted by Georgia law or the Articles of Incorporation;

any listing of such preferred stock on any securities exchange; and

a discussion of federal income tax considerations applicable to such preferred stock.

The specific terms of any preferred stock to be sold under this prospectus will be described in the applicable prospectus supplement. If so indicated in such prospectus supplement, the terms of the preferred stock offered may differ from the general terms set forth below. The preferred stock offered will, when issued, be fully paid and nonassessable.

The issuance of preferred stock may have the effect of delaying or preventing a change in control of us without further action by our shareholders. The issuance of shares of preferred stock with voting and conversion rights may adversely affect the voting power of the holders of our common stock.

Certain Provisions of the Articles of Incorporation, the Bylaws and Georgia Law

Certain provisions of the Articles of Incorporation, the Bylaws and Georgia law may encourage persons considering unsolicited tender offers or other unilateral takeover provisions to negotiate with our Board of

Table of Contents

Directors rather than pursue non-negotiated takeover attempts. These provisions could delay or discourage certain types of transactions involving an actual or potential change in control of us or our management (including transactions in which shareholders might otherwise receive a premium for their shares over the then current prices) and may limit the ability of shareholders to remove current management or approve transactions that shareholders may deem to be in their best interests and, therefore, could adversely affect the value of our securities.

Board of Directors

The Bylaws provide that the number of directors shall be between 3 and 16, and will be determined from time to time by our Board of Directors or by the affirmative vote of the holders of at least 66 2/3% of the voting power of the then outstanding shares of our capital stock entitled to vote generally in the election of directors, voting together as a single class. The Bylaws also provide that newly created directorships resulting from any increase in the number of directors or any vacancies occurring on our Board of Directors will be filled solely by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum of our Board of Directors, or by a sole remaining director. These provisions may deter a shareholder from seeking to remove incumbent directors and simultaneously attempting to gain control of our Board of Directors by filling newly created directorships or any vacancies with its own nominees.

Advance Notice of Proposals and Nominations

The Bylaws establish an advance notice procedure for shareholder proposals to be brought before a meeting of shareholders and for nominations by shareholders of candidates for election as directors at an annual meeting or a special meeting at which directors are to be elected. As described more fully in the Bylaws, only such business may be conducted at a meeting of shareholders as has been brought before the meeting by, or at the direction of, our Board of Directors, or by a shareholder who has given to the Secretary timely written notice, in proper form, of the shareholder's intention to bring that business before the meeting. The presiding officer at a shareholders meeting has the authority to make these determinations. Only persons who are nominated by, or at the direction of, our Board of Directors, or who are nominated by a shareholder who has given timely written notice, in proper form, to the Secretary prior to a meeting at which directors are to be elected will be eligible for election as our directors.

Special Meetings of Shareholders

The Articles of Incorporation provides that special meetings of shareholders may be called only by the Chairman of our Board of Directors or by the Chairman of our Board of Directors or Secretary when requested in writing by a majority of the total number of Directors or by the holders of at least 75% of the voting power of the then outstanding shares of our common stock. This provision could have the effect of inhibiting shareholder actions that require a special meeting of shareholders, unless our Board of Directors requests or the Chairman of our Board of Directors calls such a special meeting.

Preferred Stock

As discussed above, the Articles of Incorporation authorize the issuance of undesignated preferred stock, in one or more classes or series. Undesignated preferred stock may enable our Board of Directors to render more difficult or to discourage an attempt to obtain control of us by means of a tender offer, proxy contest, merger or otherwise, and to thereby protect the continuity of our management. The issuance of shares of preferred stock may adversely affect the rights of the holders of our common stock. For example, any preferred stock issued may rank prior to our common stock as to dividend rights, liquidation preference or both, may have full or limited voting rights and may be convertible into shares of common stock. As a result, the issuance of shares of preferred stock may discourage bids for

our common stock or may otherwise adversely affect the market price of our common stock or any existing preferred stock. In some instances the preferred stock could be issued and have the effect of preventing a merger, tender offer or other takeover attempt that our Board of Directors opposes.

Table of Contents

Supermajority Voting Provisions

Certain provisions of the Articles of Incorporation and Bylaws may not be amended or repealed by shareholders without the affirmative vote of the holders of at least 66 2/3% of the voting power of the then outstanding shares of our common stock (and, in some instances, the outstanding shares of our preferred stock voting together with our common stock, to the extent the outstanding shares of our preferred stock are afforded voting rights and powers generally equal to the voting rights and powers of shares of our common stock).

Certain Anti-Takeover Effects of Georgia Law

We have elected in the Bylaws to be subject to the Fair Price and Business Combination provisions of the Georgia Business Corporation Code (the "GBCC"). Under the Fair Price Provision, in addition to any vote required by law or by the Articles of Incorporation, business combinations with an interested shareholder must be:

unanimously approved by the continuing directors, provided that the continuing directors constitute at least three members of the board of directors at the time of the approval; or

recommended by at least two-thirds of the continuing directors and approved by a majority of the votes entitled to be cast by holders of voting shares, other than voting shares beneficially owned by the interested shareholder, who is, or whose affiliate is, a party to the business combination.

Under the Business Combinations provision, we are generally prohibited from entering into business combination transactions with any interested shareholder for a five-year period following the time that such shareholder became an interested shareholder unless:

prior to such time, the board of directors approved either the business combination or the transaction in which the shareholder became an interested shareholder;

in the transaction which resulted in the shareholder becoming an interested shareholder, the interested shareholder became the beneficial owner of at least 90 percent of the voting stock of Flowers Foods outstanding at the time the transaction commenced, excluding those shares owned by directors or officers, their affiliates, or associates, subsidiaries of Flowers Foods, or specified employee stock plans of Flowers Foods; or

subsequent to becoming an interested shareholder, such shareholder acquired additional shares resulting in the interested shareholder becoming the beneficial owner of at least 90 percent of the outstanding voting stock of Flowers Foods, excluding those shares owned by directors or officers, their affiliates, or associates, subsidiaries of Flowers Foods, or specified employee stock plans of Flowers Foods, and the business combination was approved at an annual or special meeting of shareholders by the holders of a majority of the voting stock entitled to vote thereon, excluding voting stock beneficially owned by the interested shareholder or by directors or officers, their affiliates, or associates, subsidiaries of Flowers Foods, or specified employee stock plans of Flowers Foods.

Under the GBCC, repeal of the bylaws subjecting us to these provisions requires the affirmative vote of (i) at least two-thirds of the continuing directors, (ii) the holders of a majority of the voting power of the then outstanding shares of our common stock and preferred stock entitled to vote thereon, excluding any shares beneficially owned by any interested shareholder and affiliates and associates of any interested shareholder, and (iii) the holders of at least 66 2/3% of the voting power of the then outstanding shares of our common stock and preferred stock voting together, to the extent the outstanding shares of our preferred stock are afforded voting rights and powers generally equal to the voting rights and powers of our common stock. A continuing director means (i) any director who is not an affiliate or associate of an interested shareholder or its affiliates, other than Flowers Foods or any of our subsidiaries, and who was a director of Flowers Foods prior to the date the shareholder became an interested shareholder, and (ii) any successor to such continuing director who is not an affiliate or associate of an interested shareholder or any of its affiliates, other than Flowers Foods or our

subsidiaries, and is recommended or elected by a majority of all of the continuing directors. An interested shareholder means any person, other than Flowers Foods or our subsidiaries, that (i) with its affiliates, beneficially owns or has the right to own 10 percent or more of the voting power of the then outstanding voting shares of Flowers Foods, or (ii) is an affiliate of Flowers Foods and has, at any time within the preceding two-year period, been the beneficial owner of 10 percent or more of the voting power of the then outstanding voting shares of Flowers Foods.

DESCRIPTION OF DEBT SECURITIES

This section summarizes the general terms of the debt securities that we may offer. The prospectus supplement relating to any particular debt securities offered will describe the specific terms of the debt securities, which may be in addition to or different from the general terms summarized in this section. As required by U.S. federal securities law, the debt securities offered pursuant to this prospectus are governed by a document called an indenture. The indenture is a contract between us, as issuer, and Wells Fargo Bank, National Association, as trustee. The indenture is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. The indenture is subject to and governed by the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"). You should read the indenture for a more complete understanding of the provisions we describe below. Please see "Where You Can Find More Information" for information on how to obtain a copy of the indenture.

In the discussion that follows, we summarize certain provisions of the indenture and describe in this section the general terms that will apply to any debt securities that may be offered by us pursuant to this prospectus. This discussion is not complete, and is qualified by reference to all the provisions of the indenture, including definitions of terms used in the indenture. At the time that we offer debt securities, we will describe in the related prospectus supplement the specific terms of the offered debt securities and the extent to which the general terms described in this section apply to those debt securities.

The prospectus supplement relating to any series of debt securities will describe the terms of any series of debt securities being offered, including:

the title of the series (which will distinguish the debt securities of that particular series from the debt securities of any other series but which may be part of a series of debt securities previously issued);

the price or prices (expressed as a percentage of the principal amount thereof) at which the debt securities of the series will be issued;

the denominations in which the debt securities of the series will be issuable if other than denominations of \$2,000 and any integral multiples of \$1,000 in excess thereof;

any limit upon the aggregate principal amount of the debt securities of the series that may be authenticated and delivered under the indenture (except for debt securities authenticated and delivered upon registration of

transfer of, or in exchange for, or in lieu of, other debt securities of the series pursuant to the indenture);

whether the debt securities of the series will be issuable as global securities, the terms and conditions, if any, upon which such global securities may be exchanged in whole or in part for debt securities of such series in certificated form registered in the names of the individual holders thereof, the depositary for such global securities, and the form of any legend or legends to be borne by any such global securities in addition to or in lieu of the legend set forth in the indenture;

Payment and Paying Agents

We will pay interest to holders listed in the trustee's records at the close of business on a particular day in advance of each due date for interest, even if such holders no longer own the debt security on the interest due date. We may choose to pay interest, principal and any other money due on the debt securities at the corporate trust office of the trustee. Payments in any other manner will be specified in the prospectus supplement.

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the trustee's corporate trust office. These offices are called paying agents. We may also choose to act as our own paying agent. We will notify the trustee of changes in the paying agents for any particular series of debt securities.

Merger, Consolidation or Sale of Assets

Unless otherwise specified in the applicable prospectus supplement, Flowers Foods will not: (i) consolidate or merge with or into another person or (ii) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of its and its subsidiaries' properties or assets taken as a whole, in one or more related transactions, to another person, unless:

either: (a) Flowers Foods is the surviving entity; or (b) the person formed by or surviving any such consolidation or merger (if other than Flowers Foods) or to which such sale, assignment, transfer, conveyance, lease or other disposition has been made is a corporation, partnership or limited liability company organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

the person formed by or surviving any such consolidation or merger (if other than Flowers Foods) or to which such sale, assignment, transfer, conveyance, lease or other disposition has been made assumes all the obligations of Flowers Foods under the debt securities and the indenture pursuant to agreements reasonably satisfactory to the trustee; and

immediately after such transaction, no default or event of default exists (other than in the case of: (i) a merger of Flowers Foods with an affiliate solely for the purpose of reincorporating Flowers Foods in another jurisdiction; or (ii) any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of assets between or among Flowers Foods and its subsidiaries).

Modification of the Indenture

Unless otherwise specified in the applicable prospectus supplement, Flowers Foods and the trustee may amend or supplement the indenture or the debt securities of a series without the consent of any holder of debt securities:

to cure any ambiguity, defect or inconsistency, provided that no such action shall adversely affect the interests of the holders in any material respect;

to comply with the indenture's provisions regarding merger, consolidation or sale of assets;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

to evidence the assumption of our obligations under the indenture and the debt securities by a successor thereto in the case of a consolidation or merger or a sale, assignment, transfer, conveyance, lease or other disposition of all or substantially all of our and our subsidiaries' properties or assets, taken as a whole;

to comply with the provisions of any clearing agency, clearing corporation or clearing system, or the requirements of the trustee or the registrar, relating to transfers and exchanges of the debt securities pursuant to the indenture;

Table of Contents

to make any change that would provide any additional rights or benefits to the holders of the debt securities of a series, that would surrender any right, power or option conferred by the indenture on Flowers Foods or, with respect to matters or questions arising under the indenture or the debt securities, that does not adversely affect in any material respect the legal rights of any holder of such debt securities;

to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

to conform the text of the indenture (only with respect to such series) or any board resolution, supplemental indenture or officer's certificate with respect to the debt securities of such series to the description of notes contained in the offering document pursuant to which such debt securities were sold;

to provide for the issuance of and establish the form and terms and conditions of debt securities of any series as permitted by the indenture;

in the case of subordinated debt securities, to make any change in the provisions of the indenture or any supplemental indenture relating to subordination that would limit or terminate the benefits available to any holder of senior indebtedness under such provisions; provided that such change is made in accordance with the provisions of such senior indebtedness;

to add to, change or eliminate any of the provisions of the indenture with respect to any series of debt securities; although no such addition, change or elimination may apply to any series of debt security created prior to the execution of such amendment and entitled to the benefit of such provision, nor may any such amendment modify the legal rights of a holder of any such debt security with respect to such provision, unless the amendment becomes effective only when there is no outstanding debt security of any series created prior to such amendment and entitled to the benefit of such provision;

to secure Flowers Foods' obligations under the debt securities and the indenture;

to evidence and provide for the acceptance of appointment hereunder by a successor trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the indenture as may be necessary to provide for or facilitate the administration of the trusts hereunder by more than one trustee; or

to allow any guarantor to execute a supplemental indenture or a guarantee with respect to the debt securities. Unless otherwise specified in the applicable prospectus supplement, Flowers Foods and the trustee may, with the consent of the holders of at least a majority in aggregate principal amount of the debt securities of a series, amend or supplement the indenture or the debt securities of a series or the rights of the holders of the debt securities of such series. Without the consent of the holder of each security affected, no amendment, supplemental indenture or waiver may be made that, as to any non-consenting holders:

reduces the percentage of principal amount of outstanding securities of any series whose holders must consent to an amendment, supplemental indenture or waiver;

reduces the rate of interest on the securities or changes the index or reduces the spread applicable to any floating rate securities;

reduces the principal amount of or premium, if any, on the securities or changes the stated maturity of any of the securities;

changes the place, manner or currency of payment of principal of, or premium, if any, or interest on the securities;

makes any change in the provisions of the indenture relating to seniority or subordination of any security that adversely affects the rights of any holder under such provisions;

Table of Contents

reduces the principal amount of discount securities payable upon acceleration of the maturity thereof;

waives a default or event of default in the payment of the principal of or premium, if any, or interest on the securities (except a rescission of the declaration of acceleration of the securities of any series by the holders of a majority in principal amount of the outstanding securities of such series and a waiver of the payment default resulting from such declaration that has been rescinded);

makes any change in the provisions of the indenture relating to waivers of past defaults or the rights of holders of securities to receive payments of principal of or premium, if any, or interest on the securities or the right to institute suit for the enforcement of any such payments;

waives a payment with respect to any securities payable on redemption at the option of Flowers Foods or repurchase at the option of the holder thereof or changes any of the provisions with respect to the redemption or repurchase of any securities; or

makes any change in the amendment and waiver provisions of the indenture requiring the consent of the holder of each security affected thereby.

Events of Default and Remedies

Unless otherwise specified in the applicable prospectus supplement, the indenture provides that events of default regarding the debt securities of any series will be:

default for 30 days in the payment when due of interest on debt securities of that series;

default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, the debt securities of that series;

failure by Flowers Foods to comply with any non-payment covenant in the indenture (other than a covenant that has been included in the indenture solely for the benefit of a series of debt securities other than that series) after the trustee notifies Flowers Foods, or the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding voting as a single class notify Flowers Foods and the trustee, of such default and Flowers Foods does not cure such default or such default is not waived within 60 days after the receipt of such notice;

default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by Flowers Foods, whether such indebtedness now exists, or is created after the date of the indenture, if that default:

is caused by a failure to pay principal of, or interest or premium, if any, on, such indebtedness prior to the expiration of the grace period provided in such indebtedness following the stated maturity of such obligation (a Payment Default); or

results in the acceleration of such indebtedness prior to its stated maturity, and, in each case, the principal amount of any such indebtedness, together with the principal amount of any other such indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates to such amount as may be set forth in the applicable prospectus supplement;

certain events of bankruptcy or insolvency described in the indenture with respect to Flowers Foods or any of its significant subsidiaries or any group of subsidiaries of Flowers Foods that, taken together, would constitute a significant subsidiary; and

any other event of default provided with respect to debt securities of that series, which is specified in the applicable prospectus supplement.

If an event of default (other than pursuant to the bankruptcy or insolvency provisions of the indenture with respect to Flowers Foods) regarding debt securities of any series issued under the indenture should occur and be

Table of Contents

continuing, either the trustee or the holders of at least 25% in the principal amount (or, if such securities are discount securities, such portion of the principal amount as specified in the applicable prospectus supplement) of the then outstanding debt securities of such series may declare each debt security of that series due and payable immediately. If a bankruptcy or insolvency event occurs with respect to Flowers Foods, the debt securities of such series will immediately become due and payable without any declaration or other act on the part of the trustee or the holders of the debt securities of such series. The holders of a majority in principal amount of debt securities of such series may rescind any acceleration and its consequences (other than with respect to an event of default pursuant to the bankruptcy or insolvency provisions of the indenture with respect to Flowers Foods) if (1) the rescission would not conflict with any judgment or decree, (2) Flowers Foods has paid or deposited with the trustee a sum sufficient to pay in the currency in which the debt securities of that series are payable (A) all overdue interest, if any, on all outstanding debt securities of that series, (B) all unpaid principal of and premium, if any, any outstanding debt securities of that series which has become due otherwise than by such a declaration of acceleration, and interest on such unpaid principal or premium at the rate or rates prescribed therefor in such notes or, if no such rate or rates are so prescribed, at the rate borne by the debt securities during the period of such default, and (C) to the extent that payment of such interest is enforceable under applicable law, interest upon overdue interest to that date of such payment or deposit at the rate or rates prescribed therefor in such debt securities, or, if no such rate or rates are so prescribed, at the rate borne by the debt securities during the period of such default and (3) all existing events of default (other than for nonpayment of principal, premium, if any, or interest that has become due solely because of the acceleration) have been cured or waived.

The holders of a majority in aggregate principal amount of the then outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee under the indenture. The holders of a majority in aggregate principal amount of the then outstanding debt securities of any series also will be entitled to waive past defaults regarding such debt securities, except for a default in payment of principal of or premium, if any, or interest on such debt securities or in respect of a covenant or provision that cannot be modified or amended hereunder without the consent of the holder of each such debt security. The trustee generally may not be ordered or directed by any of the holders of debt securities to take any action unless one or more of the holders shall have offered to the trustee indemnity or security reasonably satisfactory to it.

If the trustee collects any money in connection with an event of default regarding the debt securities of any series, the trustee may use any sums that it holds under the applicable indenture for its own reasonable compensation and expenses incurred prior to paying the holders of debt securities of such series.

Before any holder of any series of debt securities may institute action for any remedy, except payment on the holder's debt security when due, the holders of not less than 25% in principal amount of the debt securities of that series outstanding must request the trustee to take action. Holders must also offer and give the trustee security or indemnity reasonably satisfactory to it against liabilities incurred by the trustee for taking such action.

Legal Defeasance and Covenant Defeasance

Unless otherwise specified in the applicable prospectus supplement, Flowers Foods may at any time elect to have all of its obligations and certain other provisions discharged with respect to the outstanding debt securities (Legal Defeasance) except for the rights of holders of outstanding debt securities to receive payments in respect of the principal of or premium, if any, or interest on, such debt securities when such payments are due from the trust referred to below, certain other obligations of Flowers Foods and certain other rights of the trustee under the indenture.

In addition, Flowers Foods may at any time elect to have the obligations of Flowers Foods released with respect to certain covenants and thereafter any omission to comply with those covenants will not constitute a default or event of

default with respect to the debt securities (Covenant Defeasance). In the event Covenant Defeasance occurs, certain events described under Events of Default and Remedies (not including non-payment) will no longer constitute an event of default with respect to the debt securities.

Table of Contents

In order to exercise either Legal Defeasance or Covenant Defeasance in respect of any series of debt securities, in addition to the satisfaction of other conditions, Flowers Foods must irrevocably deposit with the trustee for the benefit of the holders of such debt securities to be defeased money in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm, or firm of independent public accountants, to pay the principal of and premium, if any, and interest on the outstanding debt securities of such series on the stated date for payment thereof or on the applicable redemption date, as the case may be. In addition, Flowers Foods must deliver to the trustee an opinion of counsel and officer's certificate in connection with such defeasance, and Flowers Foods may not exercise such defeasance if certain defaults or events of default with respect to debt securities of such series have occurred and are continuing on the date of such deposit or if such defeasance would result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which Flowers Foods or any of its subsidiaries is a party or by which Flowers Foods or any of its subsidiaries is bound.

Satisfaction and Discharge

Unless otherwise specified in the applicable prospectus supplement, the indenture will be discharged and will cease to be of further effect with respect to the debt securities of a particular series, when:

either:

all debt securities of such series that have been authenticated and, except for lost, stolen or destroyed debt securities of such series that have been replaced or paid and debt securities of such series for whose payment money has been deposited in trust or segregated and held in trust by Flowers Foods and thereafter repaid to Flowers Foods, have been delivered to the trustee for cancellation; or

all debt securities of such series that have not been delivered to the trustee for cancellation:

have become due and payable;

will become due and payable at their stated maturity within one year; or

if redeemable in accordance with the terms of such debt securities, are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in Flowers Foods' name, and at Flowers Foods' expense;

and Flowers Foods has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders of debt securities of such series, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness (including all principal, premium, if any, and interest) on such series of debt securities delivered to the trustee for cancellation (in the case of debt securities of such series that have become due and payable on or prior to the date of such deposit) or to the stated maturity or redemption date, as the case may be:

Flowers Foods has paid or caused to be paid all other sums payable by it under the indenture in respect of the debt securities of such series; and

Flowers Foods has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities at maturity or on the redemption date, as the case may be. In addition, Flowers Foods must deliver an officer's certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Subordination

If specified in the applicable prospectus supplement, the debt securities of a series may be subordinated, which we refer to as subordinated debt securities, to senior indebtedness (as defined in the applicable prospectus

Table of Contents

supplement) to the extent set forth in the prospectus supplement relating thereto. To the extent we conduct operations through subsidiaries, the holders of debt securities (whether or not subordinated debt securities) will be structurally subordinated to the creditors and any preferred equity holders of our subsidiaries.

Conversion and Exchange Rights

If specified in the applicable prospectus supplement, the debt securities of a series may be convertible into or exchangeable for common stock or other securities of Flowers Foods or another entity. We will describe in the applicable prospectus supplement, among other things, the conversion or exchange rate or price and any adjustments thereto, the conversion or exchange period or periods, provisions as to whether conversion or exchange will be mandatory, at our option or at the option of the holders of that series of debt securities, and provisions affecting conversion or exchange in the event of the redemption of that series of debt securities.

Guarantees

Except to the extent otherwise provided in the applicable prospectus supplement, our obligations under the debt securities and the indenture will not be guaranteed by any of our subsidiaries.

Reporting

Unless otherwise specified in the applicable prospectus supplement, the indenture requires Flowers Foods to provide the trustee with a copy of the reports, information and documents that it files with the SEC pursuant to Section 13 or 15(d) of the Exchange Act within 15 days after it files the same with the SEC. Documents filed by Flowers Foods with the SEC via the EDGAR system will be deemed filed with the trustee as of the time such documents are filed via EDGAR; *provided, however*, that the trustee shall have no liability to determine if such filing has occurred. Delivery of such reports, information and documents to the trustee is for informational purposes only, and the trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including Flowers Foods compliance with any of the covenants under the indenture. Flowers Foods will also comply with Section 314(a) of the Trust Indenture Act. Notwithstanding anything in the indenture to the contrary, Flowers Foods will not be deemed to have failed to comply with any of its agreements under this covenant for purposes of the third bullet under Events of Default and Remedies until 90 days after the date any report, information or document is required to be filed with the SEC pursuant to this covenant.

Further Issues

Unless specified otherwise with respect to a series of debt securities in a prospectus supplement, Flowers Foods may from time to time, without notice to or the consent of the registered holders of a series of debt securities, create and issue further debt securities of ranking equally with the debt securities of any series in all respects (or in all respects other than the payment of interest accruing prior to the issue date of such further debt securities or except for the first payment of interest following the issue date of such further debt securities). Such further debt securities may be consolidated and form a single series with, and have the same terms as to status or otherwise as, such previously issued debt securities.

Form, Exchange, Registration and Transfer

The debt securities will be issued only in registered form. Debt securities of a series will either be global securities registered in book-entry form or definitive certificates registered in the name of the holders thereof. Procedures relating to global securities are described below under Book-Entry Procedures and Settlement. Unless otherwise

provided in the applicable prospectus supplement, debt securities denominated in United States dollars will be issued only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The prospectus supplement relating to offered securities denominated in a foreign or composite currency will specify the denomination of the offered securities.

Table of Contents

Debt securities represented by a paper certificate may be presented for exchange or transfer at the office of the registrar. Holders will not have to pay any service charge for any registration of transfer or exchange of their certificates, but Flowers Foods may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with such registration of transfer.

Book-Entry Procedures and Settlement

The debt securities initially will be issued in book-entry form only and represented by one or more global securities registered in the name of, and deposited with a custodian for, The Depository Trust Company (DTC), or its nominee. DTC or its nominee will be the sole registered holder of the debt securities for all purposes under the indenture. Owners of beneficial interests in the debt securities represented by the global securities will hold their interests pursuant to the procedures and practices of DTC. As a result, beneficial interests in these securities will be shown on, and may only be transferred through, records maintained by DTC and its direct and indirect participants and any such interest may not be exchanged for certificated securities, except in limited circumstances. Owners of beneficial interests must exercise any rights in respect of their interests in accordance with the procedures and practices of DTC. Beneficial owners will not be holders and will not be entitled to any rights provided to the holders of debt securities under the global securities or the indenture. Flowers Foods and the trustee, and any of their respective agents, may treat DTC as the sole holder and registered owner of the global securities under the terms of the indenture.

Concerning the Trustee

Wells Fargo Bank, National Association is the trustee under the indenture. The trustee may engage in transactions with, or perform services for, Flowers Foods and its affiliates in the ordinary course of business.

Governing Law

The debt securities and the indenture will be governed by, and construed in accordance, with the laws of the State of New York without regard to conflicts of laws principles thereof.

Additional terms of the warrants and the applicable warrant agreement will be set forth in the applicable prospectus supplement. DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts, including contracts obligating holders of such contracts to purchase from us, and for us to sell to holders, a specific or variable number of shares of our common stock or preferred stock, rights, warrants, debt securities or other property, or any combination of the above, at a future date or dates. Alternatively, the purchase contracts may obligate us to purchase from holders, and obligate holders to sell to us, a specific or variable number of shares of our common stock or preferred stock, rights, warrants, debt securities or other property, or any combination of the above. The price of the securities or other property subject to the purchase contracts may be fixed at the time the purchase contracts are issued or may be determined by reference to a specific formula described in the purchase contracts. We may issue purchase contracts separately or as a part of units each consisting of a purchase contract and one or more of our other securities described in this prospectus or securities or other obligations of third parties, including U.S. treasury securities, securing the holder's obligations under the purchase contract. The purchase contracts may require us to make periodic payments to holders or vice versa and the payments may be unsecured or pre-funded on some basis. The purchase contracts may require holders to secure the holder's obligations in a manner specified in the applicable prospectus supplement.

To the extent appropriate, the applicable prospectus supplement will describe the specific terms of any purchase contracts offered thereby, including the following:

whether the purchase contracts obligate the holder or us to purchase or sell, or both purchase and sell, the securities subject to purchase under the purchase contract, and the nature and amount of each of those securities, or the method of determining those amounts;

whether the purchase contracts are to be prepaid or not;

whether the purchase contracts are to be settled by delivery, or by reference or linkage to the value, performance or level of the securities subject to purchase under the purchase contract;

any acceleration, cancellation, termination or other provisions relating to the settlement of the purchase contracts;

any applicable federal income tax considerations; and

whether the purchase contracts will be issued in fully registered or global form.

DESCRIPTION OF UNITS

We may issue units comprised of one or more of the other classes of securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately at any time or at any time before a specified date or occurrence. The units may be issued under unit agreements to be entered into between us and a unit agent, as detailed in the prospectus supplement relating to the units being offered.

To the extent appropriate, the applicable prospectus supplement will describe the specific terms of any units offered thereby, including the following:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be held or transferred separately;

a description of the terms of any unit agreement governing the units;

a description of the provisions for the payment, settlement, transfer or exchange of the units;

a discussion of material federal income tax considerations, if applicable; and

whether the units will be issued in fully registered or global form.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

A summary of any material U.S. federal income tax consequences to persons investing in the securities offered by this prospectus may be set forth in any applicable prospectus supplement. The summary will be prepared for information purposes only, however, and will not be intended as legal or tax advice to prospective purchasers. Prospective purchasers of securities are urged to consult their own tax advisors prior to any acquisition of securities.

PLAN OF DISTRIBUTION

We may sell the securities being offered by this prospectus through agents, underwriters and dealers, or through a combination of those means. Additionally, securities may be sold to other purchasers directly or through agents, or in another manner as described in the applicable prospectus supplement. The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

Offers to purchase securities may be solicited by agents designated by us from time to time. Any such agent involved in the offer or sale of any of the securities covered by this prospectus will be named, and any commissions payable by us to such agent set forth, in the applicable prospectus supplement. Agents may be entitled under agreements that may be entered into with us to indemnification by us against certain liabilities, including liabilities under the Securities Act

of 1933 (the Securities Act), and such agents or their affiliates may be customers of, extend credit to or engage in transactions with or perform services for us in the ordinary course of business.

If any underwriters are utilized in the sale, securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. We will enter into an underwriting agreement with those underwriters at the time of sale

Table of Contents

to them and the names of the underwriters and the terms of the transaction will be set forth in the applicable prospectus supplement. This prospectus supplement will be used by the underwriters to make resales of the securities covered by this prospectus to the public. The underwriters may be entitled, under the relevant underwriting agreement, to indemnification by us against certain liabilities, including liabilities under the Securities Act, and the underwriters or their affiliates may be customers of, extend credit to or engage in transactions with, or perform services for, us in the ordinary course of business.

If dealers are utilized in the sale of the securities in respect of which this prospectus is delivered, we will sell such securities to such dealers, as principal. The dealers may then resell the securities to the public at varying prices to be determined by the dealers at the time of resale. Dealers may be entitled to indemnification by us against certain liabilities, including liabilities under the Securities Act, and those dealers or their affiliates may be customers of, extend credit to or engage in transactions with, or perform services for, us in the ordinary course of business.

We may directly solicit offers to purchase the securities and we may make sales of securities directly to institutional investors or others. These persons may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale of the securities. To the extent required, the applicable prospectus supplement will describe the terms of any such sales, including the terms of any bidding or auction process, if used.

In connection with the sale of any of these securities, underwriters, dealers or agents may receive compensation from us or from purchasers of securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of securities may be deemed to be underwriters within the meaning of the Securities Act, and any discounts or commissions received by them from us and any profit on the resale of securities by them, may be deemed to be underwriting discounts and commissions under the Securities Act.

Any person participating in the distribution of common stock registered under the registration statement that includes this prospectus will be subject to applicable provisions of the Exchange Act, and the applicable SEC rules and regulations, including, among others, Regulation M, which may limit the timing of purchases and sales of any of our common stock by any such person. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of our common stock to engage in market-making activities with respect to our common stock. These restrictions may affect the marketability of our common stock and the ability of any person or entity to engage in market-making activities with respect to our common stock.

Certain persons participating in an offering may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act that stabilize, maintain or otherwise affect the price of the offered securities. If any such activities will occur, they will be described in the applicable prospectus supplement.

LEGAL MATTERS

Unless otherwise indicated in a supplement to this prospectus, the validity of the securities offered by this prospectus will be passed upon for us by Jones Day, Atlanta, Georgia.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 14-2-202(b)(4) of the GBCC provides that a corporation's articles of incorporation may include a provision that eliminates or limits the personal liability of directors for monetary damages to the corporation or its shareholders for breach of the directors' duty of care and other duties as directors. However, Section 14-2-202(b)(4) of the GBCC does not permit a corporation to eliminate or limit the liability of a director for (i) a breach of duty involving appropriation of a business opportunity of the corporation; (ii) an act or omission that involves intentional misconduct or a knowing violation of law; (iii) any transaction from which the director received an improper personal benefit; or (iv) any payments of a dividend or any other type of distribution that is illegal under Section 14-2-832 of the GBCC. Additionally, Section 14-2-202(b)(4) of the GBCC does not eliminate or limit the rights of a corporation or any shareholder to seek an injunction or other non-monetary relief in the event of a breach of a director's fiduciary duty, and applies only to claims against a director arising out of his role as a director and does not relieve a director from liability arising from his role as an officer or in any other capacity.

Section 14-2-851 of the GBCC authorizes a corporation to indemnify individuals who are parties to proceedings because they are or were directors against liability incurred in such proceedings if they are determined to have met the standard of conduct set forth in that section. However, Section 14-2-856(a) of the GBCC provides that, if authorized by its articles of incorporation or a bylaw, contract, or resolution approved or ratified by the shareholders by a majority of the votes entitled to be cast, a corporation may indemnify its directors without regard to the limitations in other sections of the GBCC, including the limitation in Section 14-2-851 of the GBCC, which requires a determination that a director seeking indemnification must first be determined to have met the statutorily prescribed

standard of conduct. Section 14-2-856(b), however, prohibits a corporation from indemnifying a director for liability incurred in a proceeding in which the director is adjudged liable or subjected to injunctive relief in favor of the corporation for any of the four acts, outlined above, from which a director cannot be exculpated from liability as provided in Section 14-2-202(b)(4) of the GBCC. Section 14-2-856 of the GBCC sets forth the fullest extent to which a corporation may indemnify its directors.

The Articles of Incorporation provide that a director of Flowers Foods shall not be liable to Flowers Foods or its shareholders for or with respect to any acts or omissions in the performance of his or her duties as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the GBCC as currently in effect or as the same may be hereafter amended or under any other applicable law currently or hereafter in effect.

The Articles of Incorporation and Bylaws provide that each person who is or was or had agreed to become a director or officer of Flowers Foods, or each such person who is or was serving or who had agreed to serve at the request of our Board of Directors or an officer of Flowers Foods as an employee or agent of Flowers Foods or as a

Table of Contents

director, officer, employee or agent of another entity, shall be indemnified by Flowers Foods to the fullest extent permitted by the GBCC or any other applicable law as presently or hereafter in effect. This right of indemnification includes the advancement of expenses incurred in defending a proceeding. We may, by action of our Board of Directors, provide indemnification to other employees and agents of Flowers Foods with the same scope and effect as the foregoing indemnification of our directors and officers.

In addition, we have entered into indemnification agreements with certain of our executive officers and directors whereby we agree to hold harmless and indemnify such executive officer or director, to the fullest extent permitted by applicable law, for any and all expenses (including attorneys' fees), judgments, penalties, fines and amounts paid in settlement in connection with any threatened, pending, or completed action, suit, or proceeding.

ITEM 17. UNDERTAKINGS

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a) (3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the registration statement is on Form S-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration

statement or prospectus that is

Table of Contents

part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) For any offering in which the securities to be registered are to be offered to existing security holders pursuant to warrants or rights and any securities not taken by security holders are to be reoffered to the public, to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described under Item 15 above, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
