Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

On February 19, 2019, CommScope Holding Company, Inc. (the *Company*), announced that its indirect subsidiary, CommScope Finance LLC (the *Escrow Issuer*), issued \$1,000 million in aggregate principal amount of 8.25% senior unsecured notes due 2027 (the *Unsecured Notes*), \$1,250 million in aggregate principal amount of 5.50% senior secured notes due 2024 (the *2024 Notes*) and \$1,500 million in aggregate principal amount of 6.00% senior secured notes due 2026 (the *2026 Notes*) and together with the 2024 Notes, the *Secured Notes*; and collectively with the Unsecured Notes, the *Notes*). The Unsecured Notes were issued pursuant to an indenture, dated as of February 19, 2019, between the Escrow Issuer and Wilmington Trust, National Association, as trustee (the *Unsecured Notes Indenture*), and the Secured Notes were issued pursuant to an indenture, dated as of February 19, 2019, between the Escrow Issuer and Wilmington Trust, National Association, as trustee and collateral agent (the *Secured Notes Indenture*) and, together with the Unsecured Notes Indenture, the *Indentures*). Each series of Notes pays interest semi-annually in arrears. The Issuer will pay interest on the Notes semi-annually in arrears on March 1 and September 1 of each year, commencing on September 1, 2019. Unless earlier redeemed, the Unsecured Notes will mature on March 1, 2027, the 2024 Notes will mature on March 1, 2024 and the 2026 Notes will mature on March 1, 2026. The Notes were offered in a private placement exempt from registration under the Securities Act of 1933, as amended (the *Securities Act*), to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to certain non-U.S. persons outside of the United States in reliance on Regulation S under the Securities Act.

The proceeds from the issuance and sale of the Notes will be held in escrow until the completion of the previously announced acquisition (the *Acquisition*) of ARRIS International plc (*ARRIS*). The release of the proceeds of the Notes from escrow will be subject to certain conditions, including the consummation of the Acquisition (collectively, the *Escrow Release Conditions*). The Company expects to use the net proceeds from the offering of the Notes, together with cash on hand, borrowings under its new senior secured first-lien term loan facility in an aggregate principal amount equal to \$3,200 million (the *New Term Loan Facility*) and proceeds from the previously announced issuance and sale of the Company's Series A Preferred Stock, to finance the Acquisition, to repay the Company's and ARRIS' existing term loan facilities and to pay related fees and expenses. In connection with the Acquisition, the Company expects to enter into a new asset-based revolving credit facility in an aggregate principal amount of up to \$1,000 million (the *New Revolving Credit Facility*) and, together with the New Term Loan Facility, the *New Senior Secured Credit Facilities*). Upon consummation of the Acquisition, the Escrow Issuer will merge with and into CommScope, Inc., its direct parent and a wholly owned subsidiary of the Company (*CommScope*), with CommScope continuing as the surviving entity (the *Escrow Merger*). At the time of the consummation of the Escrow Merger, CommScope will become the issuer of the Notes. References in this Current Report on Form 8-K to the *Issuer* refer to the Escrow Issuer for periods prior to the closing of the Acquisition and to CommScope for periods after the closing of the Acquisition.

Ranking and Security

Unsecured Notes

Prior to the consummation of the Acquisition, the Unsecured Notes will not be guaranteed, will be obligations solely of the Escrow Issuer and will be secured by a first-priority security interest in the funds held in the escrow account. From and after consummation of the Escrow Merger, subject to certain exceptions, the Unsecured Notes will be jointly and severally guaranteed on a senior unsecured basis by each of the Issuer's existing and future wholly owned domestic restricted subsidiaries that is an obligor under the New Senior Secured Credit Facilities or certain other

capital markets indebtedness. Under the terms of the Unsecured Notes Indenture, following the consummation of the Escrow Merger, the Unsecured Notes and the related guarantees will be the Issuer's and the guarantors' general, senior unsecured obligations and will (i) rank contractually senior in right of payment with all of the

Issuer's and the guarantors' subordinated indebtedness; (ii) without giving effect to collateral arrangements, rank equally in right of payment with the existing and future senior indebtedness of such entities, including the New Senior Secured Credit Facilities, CommScope's and CommScope Technologies LLC's existing senior notes and the Secured Notes; (iii) be effectively subordinated to all of the Issuer's and the guarantors' secured indebtedness, including the New Senior Secured Credit Facilities and the Secured Notes, to the extent of the value of the collateral securing such indebtedness; and (iv) be structurally subordinated to all existing and future liabilities (including trade payables) of any existing and future non-guarantor subsidiaries.

Secured Notes

Prior to the consummation of the Acquisition, the Secured Notes will not be guaranteed, will be obligations solely of the Escrow Issuer and will be secured by a first-priority security interest in the funds held in the applicable escrow account. From and after consummation of the Escrow Merger, the Secured Notes will be jointly and severally guaranteed on a senior secured basis by the Company and, subject to certain exceptions, each of the Issuer's existing and future wholly owned domestic restricted subsidiaries that is an obligor under the New Senior Secured Credit Facilities or certain other capital markets indebtedness. Under the terms of the Secured Notes Indenture, following the consummation of the Escrow Merger, the Secured Notes and the related guarantees will be the Issuer's and the guarantors' general, senior secured obligations and will (i) be secured on a first-priority basis, equally and ratably with all parity lien indebtedness of the Issuer and the guarantors, including the New Term Loan Facility, by security interests in all of the Company's assets that secure the New Term Loan Facility on a first-priority basis (the Fixed Asset Collateral) and will be secured on a second-priority basis by all of the Issuer's and the guarantors' inventory, accounts receivable, deposit accounts, securities accounts, certain related assets and other current assets that secure the New Revolving Credit Facility on a first-priority basis and the New Term Loan Facility on a second-priority basis (the Current Asset Collateral), in each case, subject to certain limitations and exceptions and permitted liens; (ii) rank contractually senior in right of payment to all of the Issuer's and the guarantors' subordinated indebtedness; (iii) be effectively senior to any of the Issuer's and the guarantors' senior unsecured debt, including CommScope's and CommScope Technologies LLC's existing notes and the Unsecured Notes, and indebtedness secured by liens junior to the liens securing the Secured Notes (including, in the case of the Fixed Asset Collateral, the New Revolving Credit Facility), in each case, to the extent of the value of the collateral securing the Secured Notes; (iv) without giving effect to collateral arrangements, rank equally in right of payment with all of the Issuer's and the guarantors' senior indebtedness; (v) be effectively equal to all of the Issuer's and the guarantors' senior indebtedness secured on the same priority basis as the Secured Notes, including the New Term Loan Facility; (vi) be effectively subordinated to any of the Issuer's and the guarantors' indebtedness that is secured by assets that do not constitute collateral for the Secured Notes, to the extent of the value of the assets securing such indebtedness, and indebtedness that is secured by a senior-priority lien, including the New Revolving Credit Facility, to the extent of the value of the Current Asset Collateral; and (vii) be structurally subordinated to the liabilities (including trade payables) of any existing and future non-guarantor subsidiaries.

Optional Redemption Provisions and Repurchase Rights

Unsecured Notes

At any time, upon not less than 10 nor more than 60 days' notice, the Unsecured Notes will be redeemable at the Issuer's option, in whole or in part, at a price equal to 100% of the principal amount of the Unsecured Notes redeemed, plus a make-whole premium as set forth in the Unsecured Notes Indenture, plus accrued and unpaid interest, if any, to, but not including, the applicable redemption date. Beginning March 1, 2022, the Issuer may redeem the Unsecured Notes, at its option, in whole or in part, at any time, subject to the payment of a redemption price together with accrued and unpaid interest, if any, to, but not including, the applicable redemption date. The redemption price includes a call premium that varies (from 4.125% to 0%) depending on the year of redemption.

In addition, at any time prior to March 1, 2022, the Issuer may redeem up to 40% of the aggregate principal amount of the Unsecured Notes at a redemption price equal to 108.250% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but not including, the applicable redemption date, with the net cash proceeds of sales of one or more equity offerings by the Issuer or any direct or indirect parent of the Issuer, subject to certain exceptions.

Subject to certain exceptions, the holders of the Unsecured Notes will also have the right to require the Issuer to repurchase their Unsecured Notes upon the occurrence of a change in control, as defined in the Unsecured Notes Indenture, at an offer price equal to 101% of the principal amount of the Unsecured Notes plus accrued and unpaid interest, if any, to, but not including, the date of repurchase.

In addition, if the Issuer or any of its restricted subsidiaries sells assets, under certain circumstances, the Issuer will be required to use the net proceeds to make an offer to purchase the Unsecured Notes at an offer price in cash equal to 100% of the principal amount of the Unsecured Notes plus accrued and unpaid interest to, but not including, the repurchase date.

In connection with any offer to purchase all or any of the Unsecured Notes (including a change of control offer and any tender offer), if holders of no less than 90% of the aggregate principal amount of the Unsecured Notes validly tender their Unsecured Notes, the Issuer or a third party is entitled to redeem any remaining Unsecured Notes at the price offered to each holder.

Secured Notes

At any time, upon not less than 10 nor more than 60 days' notice, the Secured Notes will be redeemable at the Issuer's option, in whole or in part, at a price equal to 100% of the principal amount of the Secured Notes redeemed, plus a make-whole premium as set forth in the Secured Notes Indenture, plus accrued and unpaid interest, if any, to, but not including, the applicable redemption date. Beginning March 1, 2021, in the case of the 2024 Notes, or March 1, 2022, in the case of the 2026 Notes, the Issuer may redeem the Secured Notes, at its option, in whole or in part, at any time, subject to the payment of a redemption price together with accrued and unpaid interest, if any, to, but not including, the applicable redemption date. The redemption price includes a call premium that varies (from 2.750% to 0%, in the case of the 2024 Notes, and 3.000% to 0%, in the case of the 2026 Notes) depending on the year of redemption.

In addition, at any time prior to March 1, 2021, in the case of the 2024 Notes, or March 1, 2022, in the case of the 2026 Notes, the Issuer may redeem up to 40% of the aggregate principal amount of each series of the Secured Notes, at a redemption price equal to 105.500%, in the case of the 2024 Notes, or 106.000%, in the case of the 2026 Notes, of the principal amount thereof, together with accrued and unpaid interest, if any, to, but not including, the applicable redemption date, with the net cash proceeds of sales of one or more equity offerings by the Issuer or any direct or indirect parent of the Issuer, subject to certain exceptions.

In addition, at any time prior to March 1, 2021, in the case of the 2024 Notes, or March 1, 2022, in the case of the 2026 Notes, the Issuer may redeem during each calendar year up to 10% of the aggregate principal amount of the applicable series of Secured Notes at a redemption price equal to 103% of the aggregate principal amount of the Secured Notes to be redeemed, together with accrued and unpaid interest, if any, to, but not including, the applicable redemption date.

Subject to certain exceptions, the holders of the Secured Notes will also have the right to require the Issuer to repurchase their Secured Notes upon the occurrence of a change in control, as defined in the Secured Notes Indenture, at an offer price equal to 101% of the principal amount of the Secured Notes plus accrued and unpaid interest, if any, to, but not including, the date of repurchase.

In addition, if the Issuer or any of its restricted subsidiaries sells assets, under certain circumstances, the Issuer will be required to use the net proceeds to make an offer to purchase the Secured Notes at an offer price in cash equal to 100% of the principal amount of the Secured Notes plus accrued and unpaid interest to, but not including, the repurchase date.

In connection with any offer to purchase all or any of the Secured Notes (including a change of control offer and any tender offer), if holders of no less than 90% of the aggregate principal amount of the Secured Notes validly tender their Secured Notes, the Issuer or a third party is entitled to redeem any remaining Secured Notes at the price offered to each holder.

Special Mandatory Redemption

In the event that (i) the Acquisition is not consummated on or before September 30, 2019 (the Outside Date), (ii) at any time prior to the Outside Date, the Escrow Release Conditions are deemed, in the Issuer's good faith judgment, to be incapable of being satisfied prior to the Outside Date or (iii) at any time prior to the Outside Date, the acquisition agreement related to the Acquisition is terminated in accordance with its terms without the closing of the Acquisition, each series of Notes will be subject to a special mandatory redemption at a price equal to 100% of the initial issue price of such series of Notes, plus accrued and unpaid interest from the issue date of the Notes, to, but not including, the date of the special mandatory redemption. CommScope has agreed, upon receipt of a notice of a special mandatory redemption of the Notes, to transfer an amount of cash to the Escrow Issuer that will be sufficient, after taking into account the escrowed funds in each account at such time, to fund the redemption of all of the Notes, including accrued and unpaid interest thereon. In the event that the closing of the Acquisition has not occurred before the first interest payment date for the Notes, a portion of the escrowed funds in an amount sufficient to make the first interest payment on the Notes will be released from the escrow accounts in order to pay such interest. Any failure by the Issuer to consummate a special mandatory redemption when required will constitute an event of default under the Indentures.

Restrictive Covenants

Each of the Indentures contains covenants that limit the Issuer's (and its subsidiaries') ability to, among other things: (i) incur additional debt or issue certain preferred stock; (ii) pay dividends, redeem stock or make other distributions; (iii) make other restricted payments or investments; (iv) create liens on assets; (v) transfer or sell assets; (vi) create restrictions on payment of dividends or other amounts by the Issuer to the Issuer's restricted subsidiaries; (vii) engage in mergers or consolidations; (viii) engage in certain transactions with affiliates; or (ix) designate the Issuer's subsidiaries as unrestricted subsidiaries.

Events of Default

Each of the Indentures provides for customary events of default, including non-payment, failure to comply with covenants or other agreements in the Indentures and certain events of bankruptcy or insolvency. If an event of default occurs and continues with respect to a series of Notes, the trustee or the holders of at least 30% in aggregate principal amount of the outstanding Notes of such series may declare the entire principal amount of all the Notes of such series to be due and payable immediately (except that if such event of default is caused by certain events of bankruptcy or insolvency, the entire principal of the Notes will become due and payable immediately without further action or notice).

The foregoing description does not purport to be complete and is qualified in its entirety by reference to the full text of the Indentures and the Forms of Notes. Copies of the Indentures and Forms of Notes are attached as Exhibit 4.1, Exhibit 4.2, Exhibit 4.3, Exhibit 4.4 and Exhibit 4.5 to this Current Report on Form 8-K, and are incorporated by reference herein.
