1 Press Release - Precision Drilling Trust Announces January 2007 Distribution

NEWS RELEASE

**Precision Drilling Trust Announces
January 2007 Distribution**

Calgary, Alberta, Canada - January 19, 2007
(Canadian dollars)

Precision Drilling Trust (“Precision”) announces that its Board of Trustees has approved a cash distribution for the month of January 2007 of \$0.19 per trust unit of Precision. The same payment will also be made to holders of Class B limited partnership units of Precision Drilling Limited Partnership (“PDLP”).

The \$0.19 per unit cash distribution for the month of January 2007 will be payable on February 15, 2007 to Precision unitholders of record on January 31, 2007. The ex-distribution date is January 29, 2007. The payment of \$0.19 per unit will also be made to holders of Class B limited partnership units of PDLP using the same record date and payment date.

The 39% decrease from the prior monthly cash distribution reflects the persistent decline in natural gas and oil price trends and the impact these conditions have on demand for Precision’s services. Precision’s financial performance is closely tied to that of its customers. As lower commodity prices are realized by natural gas and oil producers, their ability to fund exploration and development activities may become impaired. This has resulted in a reduction in equipment utilization on a seasonally adjusted basis for Precision.

As previously announced, the Distribution Reinvestment Plan has been suspended until further notice.

Forward-Looking Information and Statements Advisory

Certain statements contained in this news release, including statements related to customer activity, demand for Precision’s services and financial performance for 2007 constitute “forward-looking information” within the meaning of Canadian Securities laws and “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such forward-looking information and statements involve known and unknown risks and uncertainties which may cause the actual results, performance or achievements of Precision to be materially different from any future results, performances or achievements expressed or implied by such forward-looking information and statements. Such factors include fluctuations in the market for oil and natural gas and related products and services; changes in commodity prices; competition; political and economic conditions in countries in which Precision does business; the demand for services provided by Precision; changes in laws and regulations, including environmental regulations, to which Precision is subject; and other factors, which are described in further detail in Precision's filings with Canadian securities regulators and the United States Securities and Exchange Commission.

Precision is Canada’s largest energy services trust and the leading provider of energy services to the Canadian oil and gas industry. Precision provides customers with access to an extensive fleet of contract drilling rigs, service rigs, camps, snubbing units, wastewater treatment units and rental equipment backed by a comprehensive mix of technical support services and skilled, experienced personnel.

Precision Drilling Trust is listed on the Toronto Stock Exchange under the trading symbol “PD.UN” and on the New York Stock Exchange under the trading symbol “PDS”.
