Item 8.01 Other Information

On September 22, 2004, Ocean Bio-Chem, Inc. (the "Company"), its subsidiaries Star Brite Distributing, Inc., a Florida corporation ("Star Brite") and Kinpak, Inc., an Alabama corporation, (together with Star Brite, the "Subsidiaries"), BBL Distributors LLC, a New Jersey limited liability company ("BBL"), and Gregory T. Boyle and Mindy Boyle, principals of BBL (the "BBL Principals"), entered into a settlement agreement (the "Agreement") under which BBL transferred its membership interest in OdorStar Technology LLC, a Florida limited liability company ("Odorstar"), to the Company. Previously, the Company and BBL each had a 50 percent membership interest in Odorstar. As a result of the transaction, Odorstar is now a wholly-owned subsidiary of the Company. The Agreement also is designed to resolve certain disagreements among the parties.

OdorStar owns patents relating to a device for producing chlorine dioxide. Disinfectant products incorporating the device are manufactured and marketed by the Company under the Performacide® brand name. Because the Company has managed OdorStar since its formation in 2010, the Company's consolidated financial statements have included the accounts of OdorStar since its formation.

Under the Agreement, the Company paid BBL \$150,000 in cash and, together with the Subsidiaries, released BBL from indebtedness claimed by the Company in the aggregate amount of approximately \$200,000. BBL and the BBL Parties released royalty claims against Star Brite and any rights they may have to the Performacide® trade name.

Under the Agreement, Kinpak has agreed to continue to sell to BBL products containing the device for producing chlorine dioxide on specified terms.
