Notes to the Condensed Consolidated Financial Statements

June 30, 2016

(Expressed in U.S. Dollars)

(unaudited)

1. Nature of Operations and Continuance of Business

The accompanying interim condensed consolidated financial statements of Pacific Green Technologies Inc. (the “Company”) should be read in conjunction with the consolidated financial statements and accompanying notes filed with the U.S. Securities and Exchange Commission in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2016. In the opinion of management, the accompanying consolidated financial statements reflect all adjustments of a recurring nature considered necessary to present fairly the Company’s financial position and the results of its operations and its cash flows for the periods shown.

The preparation of these condensed consolidated financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported. Actual results could differ materially from those estimates. The results of operations and cash flows for the periods shown are not necessarily indicative of the results to be expected for the full year.

These condensed consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders and note holders, the ability of the Company to obtain necessary equity financing to continue operations, and ultimately the attainment of profitable operations. As at June 30, 2016, the Company has not generated any revenues, has a working capital deficit of \$11,360,128, and has an accumulated deficit of \$60,869,199 since inception. These factors raise substantial doubt regarding the Company’s ability to continue as a going concern. These condensed consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

2. Significant Accounting Policies

(a) Principles of Consolidation

These condensed consolidated financial statements and related notes are presented in accordance with accounting principles generally accepted in the United States, and are expressed in U.S. dollars. These condensed consolidated financial statements include the accounts of the Company and the following entities:

Pacific Green Technologies Marine Limited (PGTML)	Wholly-owned subsidiary
Pacific Green Technologies International Limited (“PGTIL”)	Wholly-owned subsidiary
Energy Park Sutton Bridge Ltd. (“EPSB”)	Wholly-owned subsidiary of PGTIL
Pacific Green Technologies Asia Limited (“PGTA”)	Wholly-owned subsidiary of PGTIL
Pacific Green Technologies China Limited (“PGTC”)	Wholly-owned subsidiary of PGTA

All inter-company balances and transactions have been eliminated.

(b) Financial Instruments

ASC 820, “Fair Value Measurements and Disclosures” requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value:

Level 1

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

F-4

PACIFIC GREEN TECHNOLOGIES INC.

Notes to the Condensed Consolidated Financial Statements

June 30, 2016

(Expressed in U.S. Dollars)

(unaudited)

2. Significant Accounting Policies (continued)

(b) Financial Instruments (continued)

The Company's financial instruments consist principally of cash, VAT receivable, amounts due from and to related parties, accounts payable and accrued liabilities, loan payable, convertible debentures, and note payable. With the exception of long-term note payable, the recorded values of all other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations.

The following table represents assets and liabilities that are measured and recognized at fair value as of June 30, 2016, on a recurring basis:

	Level 1	Level 2	Level 3
	\$	\$	\$
Cash	150,668	–	–
Derivative liabilities	–	558,979	–
Total	150,668	558,979	–

During the period ended June 30, 2016, the Company recognized a gain on change in fair value of derivative liabilities of \$257,237 (2015 - loss of \$1,057,818).

(c) Reclassifications

Certain of the figures presented for comparative purposes have been reclassified to conform to the presentation adopted in the current period.

(d) Recent Accounting Pronouncements

In April 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-03, “Interest – Imputation of Interest: Simplifying the Presentation of Debt Issuance Costs” (“ASU 2015-03”), which resulted in the reclassification of debt issuance costs from “Other Assets” to inclusion as a reduction of the debt balance. The Company adopted ASU 2015-03 during the three months ended June 30, 2016, with full retrospective application as required by the guidance. The application of this standard did not have a material impact on the Company’s consolidated balance sheet or operations for any period presented.

The Company has implemented all new accounting pronouncements that are in effect and that may impact its consolidated financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

3. Intangible Assets

	Cost \$	Accumulated amortization \$	Impairment \$	June 30, 2016 Net carrying value \$	March 31, 2016 Net carrying value \$
Patents and technical information	35,852,556	(3,247,699)	(20,457,255)	12,147,602	12,366,555

On May 17, 2013, the Company entered into an Assignment of Assets agreement with EnviroTechnologies, Inc. (“Enviro”), whereby the Company acquired various patents and technical information related to the manufacture of a wet scrubber for removing sulphur, other pollutants, and the particulate matter from diesel engine exhaust. In exchange for these assets, the Company waived all obligations owing to the Company as well as agreed to return a total of 88,876,443 of Enviro’s shares back to Enviro. The obligations waived consisted of \$237,156 owing to the Company as well as \$93,721 of debt owing to Pacific Green Group Limited (“PGG”), which was assigned to the Company. The Company entered into share exchange agreements with Enviro shareholders in which it issued shares of its common stock in exchange for shares of Enviro on a one-for-ten basis. The intangible assets acquired were recorded at cost and is being amortized using the straight-line method over the estimated useful life of 17 years.

PACIFIC GREEN TECHNOLOGIES INC.

Notes to the Condensed Consolidated Financial Statements

June 30, 2016

(Expressed in U.S. Dollars)

(unaudited)

4. Loan Payable

As at June 30, 2016, PGTIL, the Company's wholly owned subsidiary, owes \$576,027 (£435,000) (March 31, 2016 - \$625,574 (£435,000)) to a director of the Company, which is non-interest bearing, unsecured, and due on demand.

5. Convertible Debentures

On May 27, 2014, the Company entered into a \$200,000 convertible debenture with a non-related party. Under the terms of the debenture, the amount is unsecured, bears interest at 10% per annum, and is due on May 27, 2015.

Pursuant to the agreement, should any portion of the loan remain outstanding past maturity, the interest rate will (a) increase to 15% per annum. The note is convertible into shares of common stock 180 days after the date of issuance (November 27, 2014) until maturity at a conversion rate of 75% of the average closing bid prices of the Company's common stock for the 45 days ending one trading day prior to the date the conversion notice is sent by the holder to the Company.

The Company analyzed the conversion option under ASC 815, "Accounting for Derivative Instruments and Hedging Activities" ("ASC 815"), and determined that the conversion feature should be classified as a liability and recorded at fair value due to there being no explicit limit to the number of shares to be delivered upon settlement of the conversion option. In accordance with ASC 815, the Company recognized the intrinsic value of the embedded beneficial conversion feature of \$33,922. On November 27, 2014, the note became convertible resulting in the Company recording a derivative liability of \$33,922 with a corresponding adjustment to loss on change in fair value of derivative liabilities. During the three months ended June 30, 2016, the Company had accreted \$nil (2015 - \$12,820) of the debt discount to interest expense. On May 4, 2015, the Company issued 1,058,317 shares of common stock for the conversion of \$200,000 of this debenture and \$18,888 of accrued interest.

(b) On June 12, 2014, the Company entered into a \$100,000 convertible debenture with a non-related party. Under the terms of the debenture, the amount is unsecured, bears interest at 10% per annum, and is due on June 12, 2015.

Pursuant to the agreement, should any portion of the loan remain outstanding past maturity, the interest rate will

increase to 15% per annum. The note is convertible into shares of common stock 180 days after the date of issuance (December 12, 2014) until maturity at a conversion rate of 75% of the average closing bid prices of the Company's common stock for the 45 days ending one trading day prior to the date the conversion notice is sent by the holder to the Company.

The Company analyzed the conversion option under ASC 815, and determined that the conversion feature should be classified as a liability and recorded at fair value due to there being no explicit limit to the number of shares to be delivered upon settlement of the conversion option. In accordance with ASC 815, the Company recognized the intrinsic value of the embedded beneficial conversion feature of \$9,793. On December 12, 2014, the note became convertible resulting in the Company recording a derivative liability of \$9,793 with a corresponding adjustment to loss on change in fair value of derivative liabilities. During the three months ended June 30, 2016, the Company had accreted \$nil (2015 - \$1,637) of the debt discount to interest expense. On May 13, 2015, the Company issued 459,418 shares of common stock for the conversion of \$100,000 of this debenture and \$7,796 of accrued interest.

(c) On November 10, 2015, the Company entered into a \$110,000 convertible debenture with a non-related party, in exchange for \$100,000, net of \$10,000 for legal fees which have been deferred and will be amortized over the term of the debenture. Under the terms of the debenture, the amount is unsecured, bears one-time guaranteed interest at 10%, and is due on November 10, 2016. The note is convertible into shares of common stock of the Company equal to the lower of: (a) \$0.40 or (b) 60% of the lowest trading price of the Company's common stock during the 20 consecutive trading days prior to the date of conversion. As at June 30, 2016, the Company recorded accrued interest of \$11,000 (March 31, 2016 - \$11,000), which has been included in accounts payable and accrued liabilities.

The Company analyzed the conversion option under ASC 815, and determined that the conversion feature should be classified as a liability and recorded at fair value due to there being no explicit limit to the number of shares to be delivered upon settlement of the conversion option. In accordance with ASC 815, the Company recognized the intrinsic value of the embedded beneficial conversion feature of \$110,000. During the three months ended June 30, 2016, the Company had accreted \$12,420 (2015 - \$nil) of the debt discount to interest expense. As at June 30, 2016, the carrying value of the debenture was \$17,402 (March 31, 2016 - \$4,982) and the fair value of the derivative liability was \$558,979 (March 31, 2016 - \$816,216).

(Expressed in U.S. Dollars)

(unaudited)

6. Derivative Liabilities

The Company records the fair value of the conversion price of the convertible debentures disclosed in Note 5 in accordance with ASC 815. The fair value of the derivative liabilities was calculated using a binomial option pricing model. The fair value of the derivative liabilities is revalued on each balance sheet date with corresponding gains and losses recorded in the consolidated statement of operations. During the three months ended June 30, 2016, the Company recorded a gain on the change in fair value of derivative liabilities of \$257,237 (2015 - loss of \$1,057,818). As at June 30, 2016, the Company recorded derivative liabilities of \$558,979 (March 31, 2016 - \$816,216).

The following inputs and assumptions were used to fair value the convertible debenture outstanding during the three months ended June 30, 2016:

	November 10, 2015 Convertible Debenture			
	As at June 30, 2016		As at March 31, 2016	
Estimated common stock issuable upon extinguishment	302,500		302,500	
Estimated exercise price per common share	0.40		0.40	
Risk-free interest rate	0.0	%	0.1	%
Expected dividend yield	—		—	
Expected volatility	301	%	250	%
Expected life (in years)	0.36		0.61	

A summary of the activity of the derivative liabilities is shown below:

\$

Balance, March 31, 2016	816,216
Mark-to-market adjustment	(257,237)
Balance, June 30, 2016	558,979

7. Note Payable

PACIFIC GREEN TECHNOLOGIES INC.

Notes to the Condensed Consolidated Financial Statements

June 30, 2016

(Expressed in U.S. Dollars)

(unaudited)

7. Note Payable (continued)

The principal repayments of the note payable are as follows:

	\$
June 12, 2013	1,000,000
June 12, 2014	1,000,000
June 12, 2015	1,000,000
June 12, 2016	1,000,000
June 12, 2017	1,000,000
	5,000,000

On June 14, 2012, the Company entered into an Assignment and Share Transfer Agreement with PGG, a company controlled by a shareholder of the Company who has a significant influence on the Company's operations, concerning the assignment of the Representation Agreement entered between PGG and Enviro and the purchase of 100% of the issued and outstanding common shares of PGT Limited, a subsidiary of PGG, in exchange for an aggregate of 5,000,000 shares of common stock as well as a \$5,000,000 promissory note.

The note payable will be repaid in instalments of \$1,000,000 on the anniversary of the agreement beginning on June 12, 2013 with the income earned under the terms of the Representation Agreement. If the Company is unable to meet the repayment schedule, PGG will have the option to either roll over any unpaid portion to the following payment date or to convert the outstanding amount into shares of the Company's stock. The note had been discounted at a market rate of 18% to arrive at the net present value of \$3,127,171 as at June 12, 2012. The note is unsecured and cannot itself be used by PGG to cause the Company to become insolvent. During the three months ended June 30, 2016, the Company recorded imputed interest of \$225,000 (2015 - \$225,000), at a rate of 18% per annum, which has been included in additional paid-in capital.

8. Related Party Transactions

As at June 30, 2016, the Company was owed \$38,384 (March 31, 2016 - \$38,506) from a company controlled by a (a) shareholder of the Company who has a significant influence on the Company's operations. The amounts owed are unsecured, non-interest bearing, and due on demand.

(b) As at June 30, 2016, the Company was owed \$11,257 (March 31, 2016 - \$11,257) from a director of the Company. The amount owing is unsecured, non-interest bearing, and due on demand.

As at June 30, 2016, the Company was owed \$2,224 (March 31, 2016 - \$984) from a shareholder of the Company (c) who has a significant influence in the Company's operations. The amount owing is unsecured, non-interest bearing, and due on demand.

As at June 30, 2016, the Company owed \$4,712,252 (March 31, 2016 - \$4,862,555) to a company controlled by a shareholder of the Company who has a significant influence on the Company's operations. The amounts owing are unsecured, non-interest bearing, and due on demand. On July 20, 2015, the Company entered into a conversion (d) agreement with this company, whereby up to \$1,000,000 in outstanding amounts may be converted at a rate of \$0.70 per share for a 12 month period between July 20, 2016 and July 20, 2017. The Company determined that the convertible debt contained no embedded beneficial conversion feature as the conversion price was the same as the fair market value of the Company's common stock on the date of issuance.

As at June 30, 2016, the Company owed \$20,765 (March 31, 2016 - \$38,430) to a shareholder of the Company (e) who has a significant influence on the Company's operations. Of this amount, \$20,765 (March 31, 2016 - \$20,765) is unsecured, bears interest at the US Bank Prime Rate plus 4%, and due on demand. The remainder of the amount owing is unsecured, non-interest bearing, and due on demand. Refer to Note 14(a).

As at June 30, 2016, the Company owed \$93,695 (March 31, 2016 - \$124,264) to directors of the Company, of (f) which \$19,863 (March 31, 2016 - \$nil) was recorded in accounts payable and accrued liabilities. The amounts owing are unsecured, non-interest bearing, and due on demand.

During the three months ended June 30, 2016, the Company incurred \$60,000 (2015 - \$60,000) in consulting fees (g) to a company controlled by a shareholder of the Company who has a significant influence on the Company's operations.

(h) During the three months ended June 30, 2016, the Company incurred \$57,220 (2015 - \$1,500) in consulting fees to companies controlled by directors of the Company.

12. Segmented Information

The Company is located and operates in the US and its subsidiaries are primarily located and operating in the United Kingdom and China. All non-current assets are located in the US.

13. Commitments

On May 1, 2010, the Company entered into consulting agreements with Sichel Limited (“Sichel”), the parent company of PGG. Sichel will assist the Company in developing commercial agreements for green technology and the building of an international distribution centre. Effective December 31, 2013, this consulting agreement was (a) assigned to Pacific Green Development Ltd., a company controlled by a shareholder of the Company who has a significant influence in the Company’s operations. The agreement shall continue for four years with consideration as follows:

i) Stock consideration to PGG or to any third party as directed by PGG of 5,000 ordinary shares of common stock of the Company upon signing of the agreement, which have been waived by PGG;

Monthly consultancy fees of \$20,000 are to be paid within fourteen days of each month-end. If the Company is ii) unable to pay this fee, then PGG has the option to elect to be paid 5,000 shares of common stock of the Company in lieu of cash;

iii) Sales commission of 10% of sales value excluding shipping and local sales taxes; and

iv) Finance commission of 10% of net proceeds of any funds raised by way of issued of stock, debt or convertible note after any brokers commission as introduced by PGG.

(b) On May 15, 2013, the Company entered into an acquisition agreement to acquire 100% of the issued and outstanding shares of PGTIL. PGTIL plans to develop a biomass power plant facility. As part of the acquisition agreement, the Company is required to issue \$3,000,000 payable in shares of common stock in the event of

PGTIL either purchasing the property or securing a lease permitting PGTIL to operate a biomass power plant facility. The Company is also required to issue \$33,000,000 payable in shares of common stock in the event of PGTIL securing sufficient financing for the construction of the facility.

- (c) On November 17, 2015, PGTC entered into a commercial joint venture agreement (the “Agreement”) with a non-related party (the “Supplier”) wherein the Supplier would receive and process orders, manufacture, and install products for the Company’s customers. In return, the Company agreed to design the product and provide a technology license and technical support (the “Technology”) to the Supplier. During the term of the Agreement, the Company will provide the Supplier with a non-transferrable right and license to use the Technology to manufacture and install the product within the Peoples’ Republic of China.

Upon receiving each order from the Company, the Supplier and the Company shall submit to each other the respective estimated budgets. For each project, after receipt of the revenue from the relevant customer, the expenses of the Company and the Supplier shall be deducted and reimbursed from the revenue proportionally. The parties have agreed to share the gross profits at an even split of 50% each.

14. Subsequent Events

- (a) On July 8, 2016, the Company repaid \$20,765 of an outstanding loan payable to a director of a wholly-owned subsidiary of the Company. Refer to Note 8(e).

(b) On July 14, 2016, the Company issued 98,000 shares of common stock relating to a non-brokered private placement at a price of \$1.50 per share for proceeds of \$147,000, which was recorded as common stock issuable as at June 30, 2016.

(c) On July 15, 2016, the Company issued 50,000 shares of common stock relating to a non-brokered private placement at a price of \$1.50 per share for proceeds of \$75,000.

(d) On July 25, 2016, the Company received share subscription proceeds of \$300,000 for shares of common stock at a price of \$1.50 per share relating to a non-brokered private placement.

(e) On August 23, 2016, the Company received share subscription proceeds of \$300,000 for shares of common stock at a price of \$1.50 per share relating to a non-brokered private placement.

(f) On September 20, 2016, the Company received share subscription proceeds of \$300,000 for shares of common stock at a price of \$1.50 per share relating to a non-brokered private placement.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

FORWARD-LOOKING STATEMENTS

This quarterly report contains forward-looking statements. These statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as “could”, “may”, “will”, “should”, “expect”, “plan”, “anticipate”, “believe”, “estimate”, “predict”, “potential” or the negative of these terms and comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable laws, including the securities laws of the United States, we do not intend to update any of the forward-looking statements so as to conform these statements to actual results.

Our unaudited consolidated financial statements are stated in U.S. dollars and are prepared in accordance with generally accepted accounting principles in the United States. The following discussion should be read in conjunction with our financial statements and the related notes that appear elsewhere in this quarterly report.

As used in this current report and unless otherwise indicated, the terms “we”, “us”, “our” and “our company” mean Pacific Green Technologies Inc., a Delaware corporation, and our wholly owned subsidiaries, Pacific Green Technologies Limited, a United Kingdom corporation, Pacific Green Energy Parks Limited, a British Virgin Islands corporation, and its wholly owned subsidiary, Energy Park Sutton Bridge, a United Kingdom corporation, unless otherwise indicated.

Corporate History

Our company was incorporated in Delaware on March 10, 1994, under the name of Beta Acquisition Corp. In September 1995, we changed our name to In-Sports International, Inc. In August 2002, we changed our name from In-Sports International, Inc. to ECash, Inc. In 2007, due to limited financial resources, we discontinued our operations. Over the course of the last five years, we have sought new business opportunities.

On June 13, 2012, we changed our name to Pacific Green Technologies Inc. and effected a reverse split of our common stock following which we had 27,002 shares of common stock outstanding with \$0.001 par value.

Effective December 4, 2012, we filed with the Delaware Secretary of State a Certificate of Amendment of Certificate of Incorporation, wherein we increased our authorized share capital to 510,000,000 shares of stock as follows:

500,000,000 shares of common stock with a par value of \$0.001; and

10,000,000 shares of preferred stock with a par value of \$0.001.

The increase of authorized capital was approved by our board of directors on July 1, 2012 and by a majority of our stockholders by a resolution dated July 1, 2012.

Historical Business Overview

On May 1, 2010 we entered into a consulting agreement with Sichel Limited. Sichel has investigated new opportunities for us and has subscribed for new shares of our company's common stock. The consulting agreement entitles Sichel to \$20,000 per calendar month. With an effective date of March 31, 2013, the consulting agreement, along with all amounts owed to Sichel, were assigned to Pacific Green Group Limited ("PGG"). As at December 31, 2014, we owed Sichel \$nil and we owed PGG \$5,223,110. Pursuant to the terms of the consulting agreement, if we are unable to pay the monthly consulting fee, PGG may elect to be paid in shares of stock, and if we are unable to make payments for more than six months in any 12 month period, PGG has the right to appoint an officer or director to the board, which right has not been exercised at this time.

New Strategy

Management, assisted by PGG, has identified an opportunity to build a business focused on marketing, developing and acquiring technologies designed to improve the environment by reducing pollution. To this end we entered into and closed an assignment and share transfer agreement, on June 14, 2012, for the assignment of a representation agreement and the acquisition of a company involved in the environmental technology industry.

The assignment and share transfer agreement provided for the acquisition of 100% of the issued and outstanding shares of Pacific Green Technologies Limited, formerly PGG's subsidiary in the United Kingdom. Additionally, PGG assigned to our company a ten year exclusive worldwide representation agreement with EnviroTechnologies Inc., (formerly EnviroResolutions, Inc.), a Delaware corporation, to market and sell EnviroTechnologies' current and future environmental technologies. The representation agreement entitles PGG to a commission of 20% of all sales (net of taxes) generated by EnviroTechnologies. Pursuant to the terms of the assignment and share transfer agreement, all rights and obligations under the representation agreement have been transferred to our company. We currently anticipate that sales under the representation agreement will be our sole source of revenue for the foreseeable future. We had intended to complete an acquisition of EnviroTechnologies, as this would have been a logical step in our development. However, as discussed herein, we have settled with EnviroTechnologies as an alternative.

Both Sichel and PGG are wholly owned subsidiaries of the Hookipia Trust. PGG's wholly owned subsidiary was Pacific Green Technologies Limited. As a result, we acquired Pacific Green Technologies Limited from PGG. Sichel is a significant shareholder of our company and also provides us with consulting services. The sole director of Sichel is also the sole director of PGG. Further, PGG is a significant shareholder of EnviroTechnologies.

The assignment and share transfer agreement closed on June 14, 2012 via the issuance of 5,000,000 shares of our common stock as well as a \$5,000,000 promissory note to PGG. We have consequently undertaken the operations of Pacific Green Technologies Limited and PGG's obligations under the representation agreement.

Full consideration contemplated by the assignment and share transfer agreement was \$25,000,000 satisfied through the issue of 5,000,000 new shares of our common stock at a price of \$4 per share with the balance of \$5,000,000 structured as a promissory note over the next five years as follows:

June 12, 2013, \$1,000,000 (which remains outstanding and has been rolled over to the following payment date);

June 12, 2014, \$1,000,000 (which remains outstanding and has been rolled over to the following payment date);

Edgar Filing: Pacific Green Technologies Inc. - Form 10-Q

June 12, 2015, \$1,000,000 (which remains outstanding and has been rolled over to the following payment date);

June 12, 2016, \$1,000,000 (which remains outstanding and has been rolled over to the following payment date); and

June 12, 2017, \$1,000,000.

Under the terms of the promissory note, the loan repayments specified above shall not exceed the amount we earn under the terms of the representation agreement. If we are unable to meet the repayment schedule set out above, PGG will have the option to either roll over any unpaid portion to the following payment date or to convert the outstanding amount into new shares of our common stock. However, the entire amount of the promissory note is due upon the maturity date on the fifth anniversary. The promissory note is unsecured.

The total consideration of \$25,000,000 was a purchase price not determined under U.S. GAAP, and both the \$25,000,000 total price and the deemed price of \$4 per share does not represent the fair value of the stock issued or a value used in accounting for the acquisition. The number of shares issued and the terms of the promissory note were negotiated between the parties and are intended to represent full consideration for the acquisition of Pacific Green Technologies Limited and the representation agreement.

Other Business Matters

Effective December 18, 2012, we entered into a non-executive director agreement with Dr. Neil Carmichael, wherein Dr. Carmichael will receive compensation of \$1,000 per year for the term of the agreement and was granted options to purchase up to 62,500 shares of common stock at an exercise price of \$0.01 per share of common stock. The options will terminate the earlier of 24 months, or upon the termination of the agreement and Dr. Carmichael's engagement with our company. The director agreement and related options are in the process of being renewed. As of the date of this quarterly report, the options issued to Dr. Carmichael have not been exercised.

On April 3, 2013, we entered into and closed a share exchange agreement with certain shareholders of EnviroTechnologies. Pursuant to the terms of the share exchange agreement, we agreed to acquire 17,653,872 issued and outstanding common shares of EnviroTechnologies from the shareholders in exchange for the issuance of 1,765,395 shares of the common stock of our company. We issued an aggregate of 1,765,395 common shares to 47 shareholders.

On April 25, 2013, we entered into and closed share exchange agreements with certain shareholders of EnviroTechnologies. Pursuant to the terms of the share exchange agreement, we agreed to acquire 6,682,357 issued and outstanding common shares of EnviroTechnologies from the shareholders in exchange for the issuance of 668,238 shares of common stock of our company. We issued an aggregate of 668,238 common shares to 20 shareholders.

On May 15, 2013, we entered into and closed a stock purchase agreement with all five of the shareholders of Pacific Green Energy Parks Limited ("PGEP"), a company incorporated in the British Virgin Islands. PGEP is the sole shareholder of Energy Park Sutton Bridge Limited, a company incorporated in the United Kingdom. PGEP is developing a biomass power plant facility and holds an option to purchase the real property upon which the facility will be built.

Pursuant to the stock purchase agreement, we agreed to acquire all of the 1,752 issued and outstanding common shares of PGEP from the shareholders in exchange for:

1. a payment of \$100 upon execution of the stock purchase agreement, which has been paid by us;

\$14,000,000 paid in common shares in our capital stock at a deemed price at the lower of \$4 per share or the
2. average closing price per share of our capital stock in the ten trading days immediately preceding the date of closing of the stock purchase agreement, which have been issued by us;

3. \$3,000,000 payable in common shares of our capital stock at a deemed price at the lower of \$4 per share or the average closing price per share of our capital stock in the ten trading days immediately preceding the date upon which PGEP either purchases the property or secures a lease permitting PGEP to operate the facility on the property, which has not yet occurred; and

4. subject to leasing or purchasing the property and PGEP securing sufficient financing for the construction of the facility, \$33,000,000 payable in common shares of our capital stock at a deemed price at the lower of \$4 per share or the average closing price per share of our capital stock in the ten trading days immediately preceding the date that PGEP secures sufficient financing for the construction of the facility, which has not yet occurred.

All consideration from our company to the shareholders has been and will be issued on a pro-rata, pari-passu basis in proportion to the respective number of shares of PGEP sold by each respective shareholder. On May 15, 2013, pursuant to the stock purchase agreement, we issued an aggregate of 3,500,000 common shares, at an agreed upon deemed price of \$4 per share, to the five shareholders.

Pacific Green Energy Parks Limited and its wholly owned subsidiary, Energy Park Sutton Bridge, are now subsidiaries of our company.

On May 17, 2013, we entered into a debt settlement agreement with EnviroTechnologies and EnviroResolutions (collectively, the “**Debtors**”). Pursuant to the terms of the debt settlement agreement, we agreed to release and waive all obligations of the Debtors to repay debts, in the aggregate of \$293,406 and CAD\$38,079, to us and agreed to return an aggregate of 88,876,443 common shares of EnviroTechnologies to EnviroResolutions. The 88,876,443 common shares of EnviroTechnologies were returned as of June 30, 2016. As consideration for this release and waiver and return of shares, the Debtors agreed to transfer all rights, interests and title to certain intellectual property, the physical embodiments of such intellectual property, and to the supplemental agreement dated March 5, 2013 among EnviroResolutions, PREL and Green Energy Parks Limited (“**GEPL**”) (collectively, the “**Debtors’ Assets**”).

The Debtors' Assets include the intellectual property rights throughout most of the world for the ENVI-Clean™ system, the ENVI-Pure™ system and the ENVI-SEA™ scrubber. The ENVI-Clean™ system removes most of the sulphur dioxide, particulate matter, greenhouse gases and other hazardous air pollutants from the flue gases produced by the combustion of coal, biomass, municipal solid waste, diesel and other fuels. The ENVI-Pure™ emission system combines the ENVI-Clean™ highly effective patent-pending wet scrubbing technology with an innovative wet electrostatic precipitator and a granular activated carbon adsorber to remove particulate matter, acid gases, regulated metals, dioxins and VOCs from the flue gas to levels significantly below those required by strictest international regulations. The ENVI-SEA™ scrubber can be applied to diesel exhaust emissions that require sulphur and particulate matter abatement. Using seawater on a single-pass basis as the scrubbing fluid in combination with its patent pending scrubbing head will provide a highly interactive zone of turbulent mixing for absorption of SO₂, particulate matter and other pollutants from the engine's exhaust.

The following is a brief description of further terms and conditions of the debt settlement agreement that are material to our company:

1. We pay 25% of all funds, if any, received under the supplemental agreement to the Debtors within 14 days upon receipt of funds, if any, pursuant to the supplemental agreement;
2. We enter into definitive agreements with the Debtors to:
 - a. license the Debtors' Assets back to the Debtors, under arm's length commercial terms, for use in the USA and Canada, with the exception of NRG Energy, Inc. and Edison Mission and affiliates; and
 - b. have the Debtors provide engineering services to us on terms to be agreed upon, acting reasonably;
3. The Debtors pay pro-rata any third party broker fees and legal fees, if any, that are subsequent costs associated with the Supplemental Agreement; and
4. the Debtors retain possession of, yet make a pilot-scale scrubber available for rental to our company at a nominal cost.

On June 11, 2013, we submitted 24,336,229 common shares of EnviroTechnologies to EnviroTechnologies for cancellation pursuant to our debt settlement agreement with EnviroTechnologies and EnviroResolutions dated May 17, 2013.

Pursuant to a debt settlement agreement dated May 17, 2013 among our company, EnviroTechnologies and EnviroResolutions, on November 22, 2013, our company was transferred a 40% shareholding in PREL by GEPL (who had, prior to this transfer, held all the issued and outstanding shares of PREL). PREL is a limited liability company

incorporated under the laws of the United Kingdom.

PREL was incorporated by GEPL to develop a 79MWe waste to energy power station at Peterborough, United Kingdom (the “**Peterborough Plant**”). The Peterborough Plant has full planning permission at 79MWe and environmental agency permits. It is understood that the Peterborough Plant will be built in two stages at a total capital cost of approximately GBP£500 million (approximately US\$824,534,442). As of May 17, 2013, PREL owned 20% of Energy Park Investments Limited, the holding company that is currently intended to finance the development of the Peterborough Plant in turn through its wholly owned operating subsidiary Energy Park Peterborough Limited.

On June 17, 2013, we entered into and closed share exchange agreements with certain shareholders of EnviroTechnologies. Pursuant to the terms of the share exchange agreements we acquired 8,061,286 issued and outstanding common shares of EnviroTechnologies from the shareholders in exchange for the issuance of 806,132 shares of common stock of our company. We issued as aggregate of 806,132 shares of common stock to 19 shareholders

On August 6, 2013, we entered into two share exchange agreements with two shareholders of EnviroTechnologies. Pursuant to the terms of the agreements, we acquired 440,000 issued and outstanding common shares of EnviroTechnologies from one shareholder in exchange for shares of common stock of our company on a 1 for 10 basis. Pursuant to the terms of the other agreement, we acquired 600,000 issued and outstanding common shares of EnviroTechnologies from one shareholder in exchange for shares of common stock of our company on a 1 for 15 basis.

On August 27, 2013, we entered into share exchange agreements with certain shareholders of EnviroTechnologies. Pursuant to the terms of the agreements, we acquired 32,463,489 issued and outstanding common shares of EnviroTechnologies from the shareholders in exchange for shares of common stock of our company on a 1 for 10 basis.

On September 13, 2013, we submitted 41,564,775 common shares of EnviroTechnologies to EnviroTechnologies for cancellation pursuant to our debt settlement agreement with EnviroTechnologies and EnviroResolutions dated May 17, 2013.

On September 26, 2013, we entered into an agreement with Andrew Jolly, wherein Dr. Jolly agreed to serve as a director of our company. Pursuant to the agreement, our company is to compensate Dr. Jolly for serving as a director of our company at GBP£2,000 (approximately \$3,235) per calendar month. Effective October 1, 2013, we appointed Dr. Jolly as a director of our company. Effective September 1, 2014, the monthly fee for Mr. Jolly was reduced to GBP£1,000 (approximately \$1,617).

On October 11, 2013, we entered into share exchange agreements with certain shareholders of EnviroTechnologies. Pursuant to the terms of the agreements, we agreed to acquire 674,107 issued and outstanding common shares of EnviroTechnologies from the shareholders in exchange for shares of common stock of our company on a 1 for 10 basis.

On December 18, 2013, we announced that our company engaged BlueMount Capital to spearhead the development of its proprietary emission control technologies, ENVI-Clean™ and ENVI-Pure™, in the People's Republic of China

(“**PRC**”). In addition to corporate finance advisory services both within and outside China, BlueMount offers a tailored service to clients wishing to enter the PRC market with a particular emphasis on companies that own proprietary technology, intellectual property and expertise. To that end, BlueMount provides a comprehensive suite of services to enhance the effectiveness and long-term sustainability of foreign brands entering the PRC market via: Our company’s strategic objective is to establish an operating presence in China with established local partners and rapidly rollout its technologies.

On December 27, 2013, we entered into and closed share exchange agreements with certain shareholders of EnviroTechnologies. Pursuant to the terms of the share exchange agreements, we acquired 130,000 issued and outstanding common shares of EnviroTechnologies from the shareholders in exchange for shares of common stock of our company on a 1 for 10 basis. On December 27, 2013, we issued an aggregate of 13,000 common shares to the shareholders of EnviroTechnologies.

On January 27, 2014, we entered into an agreement with Pöyry Management Consulting (UK) Limited. Pursuant to the agreement, Pöyry is to provide consulting services to us. Our company has agreed to compensate Pöyry a minimum of £5,000 (approximately \$ 8,293) as consulting fees for the first year of the agreement and a variable hourly rate as set out in the agreement.

On May 27, 2014, we entered into a \$200,000 convertible debenture with Intrawest Overseas Limited. Under the terms of the debenture, the amount is unsecured, bears interest at 10% per annum, and is due on May 27, 2015. Pursuant to the agreement, should any portion of loan remain outstanding past maturity the interest will increase to 15% per annum. The note is convertible into shares of common stock 180 days after the date of issuance (November 27, 2014) until maturity at a conversion rate of 75% of the average offer price of our company’s common stock for the 45 days ending one trading day prior to the date the conversion notice is sent by the holder to our company.

Our company analyzed the conversion option under ASC 815, “Accounting for Derivative Instruments and Hedging Activities”, and determined that the conversion feature should be classified as a liability and recorded at fair value due to there being no explicit limit to the number of shares to be delivered upon settlement of the conversion option. In accordance with ASC 815, our company recognized the intrinsic value of the embedded beneficial conversion feature of \$33,922. On November 27, 2014, the note became convertible resulting in our company recording a derivative liability of \$33,922 with a corresponding adjustment to loss on change in fair value of derivative liabilities.

On June 12, 2014, we entered into a \$100,000 convertible debenture with Gerstle Consulting Pty Limited. Under the terms of the debenture, the amount is unsecured, bears interest at 10% per annum, and is due on June 12, 2015. Pursuant to the agreement, should any portion of loan remain outstanding past maturity the interest will increase to 15% per annum. The note is convertible into shares of common stock 180 days after the date of issuance (December 12, 2014) until maturity at a conversion rate of 75% of the average closing bid prices of our company’s common stock for the 45 days ending one trading day prior to the date the conversion notice is sent by the holder to our company.

Our company analyzed the conversion option under ASC 815, “Accounting for Derivative Instruments and Hedging Activities”, and determined that the conversion feature should be classified as a liability and recorded at fair value due to there being no explicit limit to the number of shares to be delivered upon settlement of the conversion option. In accordance with ASC 815, our company recognized the intrinsic value of the embedded beneficial conversion feature of \$9,793. On December 12, 2014, the note became convertible resulting in our company recording a derivative liability of \$9,793 with a corresponding adjustment to loss on change in fair value of derivative liabilities.

On June 30, 2015, through our wholly owned subsidiary, Pacific Green Energy Parks Limited, we purchased all of the issued and outstanding shares in Pacific Green Technologies Asia Limited for \$1.00 from Alexander Shead.

We entered into an agreement dated July 20, 2015 with Mr. Alexander Shead. Pursuant to this agreement, Mr. Shead has agreed to serve as a director of our company. As a director of our company, Mr. Shead shall be compensated \$1,000 for every calendar month of the term of the agreement. The term of the agreement is for 12 months. On July 20, 2015, we appointed Mr. Shead as a director of our company.

On September 22, 2015, our company entered into a consulting agreement (the “**Agreement**”) with Midam Ventures, LLC (“**Midam**”) wherein Midam will provide investor relations and business advisory services to us from September 23, 2015 to March 23, 2016. Any compensation described in the Agreement shall be deemed earned and vested by Midam even in the case of early termination of the Agreement.

Pursuant to the terms of the Agreement, we will to pay \$30,000 in cash and 200,000 common restricted shares of our company to Midam. Effective October 20, 2015, we issued all of the shares pursuant to an exemption from registration relying on the provisions of Rule 506 of Regulation D promulgated under the *Securities Act of 1933*, as amended.

On October 24, 2015, our company entered into a marketing and consulting agreement with Red Rock Marketing Media, Inc. (“**Red Rock**”) wherein Red Rock will provide investor relations and business advisory services to us for a period of 40 business days starting on or before the 10 business days after Red Rock receives compensation from our company. Pursuant to the terms of the Agreement, we will to pay \$100,000 in cash by October 29, 2015.

On October 27, 2015, our company entered into a loan agreement with a significant shareholder for proceeds of approximately \$4,231. The loan is unsecured, bears an interest rate of US Prime Rate plus 4%, and is due on demand.

On November 10, 2015, we issued a convertible note (the “**Note**”) to Tangiers Investment Group, LLC (“**Tangiers**”) in exchange for an aggregate of \$100,000 from Tangiers. The Note is for the aggregate sum of \$110,000 with 10% interest as an original issue discount and convertible into our common shares of (the “**Shares**”) at a price of equal to the lower of: (a) \$.40 per common share of our company or (b) 60% of the lowest trading price of our common stock during the 20 consecutive trading days prior to the date on which the holder of the Note elects to convert all or part of the Note.

On November 17, 2015, Pacific Green Technologies China Limited, a wholly-owned subsidiary of our company, entered into a commercial joint venture agreement with PowerChina SPEM Company Limited (“**PowerChina**”) wherein PowerChina would receive and process orders from our company for customers, and manufacture and install products as an engineering procurement construction process. In return, our company agreed to design the product and provide a technology license and technical supports to PowerChina. During the Agreement, we will provide PowerChina with a non-transferrable right and license to use Technology to manufacture and install our product within the Peoples’ Republic of China.

Upon receiving each order from us, PowerChina and we shall submit to each other the respective estimated budgets. For each project, after receipt of the revenue from the relevant customer, the budgets of our company and PowerChina shall be deducted and reimbursed from the revenue proportionally. We have agreed to share the gross profit pursuant to an even split of 50% to PowerChina and 50% to our company.

Results of Operations

The following summary of our results of operations should be read in conjunction with our unaudited interim consolidated financial statements for the three months ended June 30, 2016 and 2015.

Our net loss for the three month periods ended June 30, 2016 and 2015 are summarized as follows:

	Three Months Ended June 30,	
	2016	2015
Amortization of intangible assets	\$218,953	\$218,954
Consulting fees	\$209,257	\$146,250
Engineering fees	\$228,854	\$Nil
Foreign exchange loss (gain)	\$(111,934)	\$69,149
Office and miscellaneous	\$35,409	\$16,266
Professional fees	\$64,604	\$40,904
Transfer agent and filing fees	\$13,120	\$11,287
Travel	\$32,823	\$1,731
Gain on extinguishment of debt	\$Nil	\$(171,501)
Impairment of goodwill	\$Nil	\$126,782
Interest expense	\$304,556	\$339,717
Loss (gain) on change in fair value of derivative liabilities	\$(257,237)	\$1,057,818
Net Loss	\$(738,405)	\$(1,857,357)

Expenses for the three month period ended June 30, 2016 were \$691,086 as compared to \$504,541 for the three month period ended June 30, 2015. The increase in expenses was primarily due to incurring engineering fees and increased consulting fees, professional fees, and travel expenses.

For the three month period ended June 30, 2016, our company had a net loss of \$738,405 (\$0.03 per share) compared to a net loss of \$1,857,357 (\$0.11 per share) for the three month period ended June 30, 2015. In addition to the operating expenses noted above, for the three month period ended June 30, 2016, our company had interest expense of \$304,556 and gain on change in fair value of derivative liabilities of \$257,237 as compared to interest expense of \$339,717 and loss on change in fair value of derivative liabilities of \$1,057,818 for the three month period ended June 30, 2015. The decrease in net loss is attributed primarily to a gain on change in fair value of derivative liabilities compared to a loss on change in fair value of derivative liabilities in the three month period ended June 30, 2015. During the three month period ended June 30, 2015, our company also incurred a gain on settlement of debt of \$171,501, offset by an impairment of goodwill of \$126,782.

Liquidity and Capital Resources

Working Capital

	As at June 30, 2016	As at March 31, 2016
Current Assets	\$244,960	\$95,851
Current Liabilities	\$11,605,088	\$11,260,536
Working Deficit	\$11,360,128	\$11,164,685

Cash Flows

	Three Months Ended June 30, 2016	Three Months Ended June 30, 2015
Net cash used in operating activities	\$(398,909)	\$(338,448)
Net cash provided by investing activities	\$Nil	\$50,064
Net cash provided by financing activities	\$586,237	\$560,429
Effect of foreign exchange	\$(76,768)	\$44,850
Net increase in cash	\$110,560	\$316,895

As of June 30, 2016, we had \$150,668 in cash, \$244,960 in total current assets, \$11,605,088 in total current liabilities and a working capital deficit of \$11,360,128. As of March 31, 2016, we had a working capital deficit of \$11,164,685.

We are dependent on funds raised through equity financing and proceeds from shareholder loans.

During the three months ended June 30, 2016, we spent \$398,909 on operating activities, whereas \$338,448 was spent on operating activities for the three month period ended June 30, 2015.

During the three months ended June 30, 2016, we used \$Nil in investing activities, whereas we had received \$50,064 from investing activities for cash acquired on acquisition of a subsidiary during the three months ended June 30, 2015.

During the three months ended June 30, 2016, we received \$586,237 from financing activities, which consisted of \$905,500 in proceeds from share subscriptions received, \$249 in proceeds from related parties, and offset by \$319,512 in repayments made to related parties, whereas we received \$560,429 from financing activities during the three months ended June 30, 2015.

We will require additional funds to fund our budgeted expenses over the next 12 months. These funds may be raised through, equity financing, debt financing, or other sources, which may result in further dilution in the equity ownership of our shares.

We anticipate that our cash expenses over the next 12 months (beginning July 2016) will be approximately \$825,000 as described in the table below. These estimates may change significantly depending on the nature of our business activities and our ability to raise capital from our shareholders or other sources.

Anticipated Cash Requirements

We will require additional funds to fund our budgeted expenses over the next 12 months. These funds may be raised through, equity financing, debt financing, or other sources, which may result in further dilution in the equity ownership of our shares.

We anticipate that our cash expenses over the next 12 months (beginning July 2016) will be approximately \$825,000 as described in the table below. These estimates may change significantly depending on the nature of our business activities and our ability to raise capital from our shareholders or other sources.

Description	Estimated Expenses (\$)
Legal and accounting fees	200,000
Marketing and advertising	25,000
Investor relations and capital raising	50,000
Management and operating costs	125,000
Salaries and consulting fees	350,000
General and administrative expenses	75,000
Total	\$ 825,000

Our general and administrative expenses for the year will consist primarily of transfer agent fees, bank and interest charges and general office expenses. The professional fees are related to our regulatory filings throughout the year and include legal, accounting and auditing fees.

Based on our planned expenditures, we will require approximately \$825,000 to proceed with our business plan over the next 12 months. As of June 30, 2016, we had \$150,668 cash on hand. If we secure less than the full amount of financing that we require, we will not be able to carry out our complete business plan and we will be forced to proceed with a scaled back business plan based on our available financial resources.

We intend to raise the balance of our cash requirements for the next 12 months from private placements, shareholder loans or possibly a registered public offering (either self-underwritten or through a broker-dealer). If we are unsuccessful in raising enough money through such efforts, we may review other financing possibilities such as bank loans. At this time we do not have a commitment from any broker-dealer to provide us with financing. There is no assurance that any financing will be available to us or if available, on terms that will be acceptable to us.

Even though we plan to raise capital through equity or debt financing, we believe that the latter may not be a viable alternative for funding our operations as we do not have sufficient tangible assets to secure any such financing. We anticipate that any additional funding will be in the form of equity financing from the sale of our common stock. However, we do not have any financing arranged and we cannot provide any assurance that we will be able to raise sufficient funds from the sale of our common stock to finance our operations. In the absence of such financing, we may be forced to abandon our business plan.

Going Concern

Our consolidated financial statements for the three month period ended June 30, 2016 have been prepared on a going concern basis and contain an additional explanatory paragraph which identifies issues that raise substantial doubt about our ability to continue as a going concern. Our financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The continuation of our company as a going concern is dependent upon the continued financial support from its shareholders and note holders, the ability of our company to obtain necessary equity financing to continue operations, and ultimately the attainment of profitable operations. As at June 30, 2016, our company has not generated any revenues, has a working capital deficit of \$11,360,128, and has an accumulated deficit of \$60,869,199 since inception. These factors raise substantial doubt regarding our company's ability to continue as a going concern. These condensed consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should our company be unable to continue as a going concern.

If our operations and cash flow improve, management believes that we can continue to operate. However, no assurance can be given that management's actions will result in profitable operations or an improvement in our liquidity situation. The threat of our ability to continue as a going concern will cease to exist only when our revenues have reached a level able to sustain our business operations.

Off-Balance Sheet Arrangements

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

Critical Accounting Policies

Use of Estimates

The preparation of these consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Our company regularly evaluates estimates and assumptions related to the useful life and recoverability of intangible assets, valuation of note payable, fair value of convertible debentures, fair value of derivative liabilities, fair value of stock-based compensation, impairment of goodwill, and deferred income tax asset valuation allowances. Our company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by our company may differ materially and adversely from our company's estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

Intangible Assets

Intangible assets are stated at cost less accumulated amortization and are comprised of patents. The patents are amortized straight-line over the estimated useful life of 17 years.

Impairment of Long-lived Assets

Our company reviews long-lived assets such as property and equipment and intangible assets with finite useful lives for impairment whenever events or changes in circumstance indicate that the carrying amount may not be recoverable. If the total of the expected undiscounted future cash flows is less than the carrying amount of the asset, a loss is recognized for the excess of the carrying amount over the fair value of the asset.

Stock-based compensation

Our company records stock-based compensation in accordance with ASC 718, "Compensation – Stock Compensation", using the fair value method. All transactions in which goods or services are the consideration received for the issuance of equity instruments are accounted for based on the fair value of the consideration received or the fair value of the equity instrument issued, whichever is more reliably measurable.

Our company uses the Black-Scholes option pricing model to calculate the fair value of stock-based awards. This model is affected by our company's stock price as well as assumptions regarding a number of subjective variables. These subjective variables include, but are not limited to our company's expected stock price volatility over the term of the awards, and actual and projected employee stock option exercise behaviors. The value of the portion of the award that is ultimately expected to vest is recognized as an expense in the consolidated statement of operations over the requisite service period.

Recent Accounting Pronouncements

In April 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-03, "Interest – Imputation of Interest: Simplifying the Presentation of Debt Issuance Costs" ("ASU 2015-03"), which resulted in the reclassification of debt issuance costs from "Other Assets" to inclusion as a reduction of the debt balance. The Company adopted ASU 2015-03 during the three months ended June 30, 2016, with full retrospective application as required by the guidance. The application of this standard did not have a material impact on the Company's consolidated balance sheet or operations for any period presented.

Our company has implemented all new accounting pronouncements that are in effect and that may impact its consolidated financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

As a smaller reporting company, we are not required to provide the information required by this Item.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed under the *Securities Exchange Act of 1934*, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our president (our principal executive officer, principal financial officer and principal accounting officer) to allow for timely decisions regarding required disclosure.

As of the end of our quarter covered by this report, we carried out an evaluation, under the supervision and with the participation of our president (our principal executive officer, principal financial officer and principal accounting officer), of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our president (our principal executive officer, principal financial officer and principal accounting officer) concluded that our disclosure controls and procedures were not effective as of the end of the period covered by this quarterly report.

Changes in Internal Control over Financial Reporting

During the period covered by this report, there were no changes in our internal controls over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

We know of no material, existing or pending legal proceedings against our company, nor are we involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which any of our directors, officers or affiliates, or any registered beneficial shareholder, is an adverse party or has a material interest adverse to our interest.

Item 1A. Risk Factors

As a “smaller reporting company” we are not required to provide the information required by this Item.

Item 2. Unregistered Sales of Equity Securities

On April 30, 2016, we issued 246,667 shares of common stock relating to a non-brokered private placement at a price of \$1.50 per share for proceeds of \$370,000.

On May 19, 2016, we issued 150,000 shares of common stock to a director of the Company relating to a non-brokered private placement at a price of \$1.00 per share for proceeds of \$150,000, which was recorded as common stock issuable as at March 31, 2016.

On May 21, 2016, we issued 97,334 shares of common stock relating to a non-brokered private placement at a price of \$1.50 per share for proceeds of \$146,000.

On May 24, 2016, we issued 161,667 shares of common stock relating to a non-brokered private placement at a price of \$1.50 per share for proceeds of \$242,500.

Edgar Filing: Pacific Green Technologies Inc. - Form 10-Q

As at June 30, 2016, we received \$147,000 in exchange for the issuance of 98,000 shares of common stock at \$1.50 per share.

On July 14, 2016, we issued 98,000 shares of common stock relating to a non-brokered private placement at a price of \$1.50 per share for proceeds of \$147,000, which was recorded as common stock issuable as at June 30, 2016.

On July 15, 2016, we issued 50,000 shares of common stock relating to a non-brokered private placement at a price of \$1.50 per share for proceeds of \$75,000.

On July 25, 2016, we received share subscription proceeds of \$300,000 for shares of common stock at a price of \$1.50 per share relating to a non-brokered private placement.

On August 23, 2016, we received share subscription proceeds of \$300,000 for shares of common stock at a price of \$1.50 per share relating to a non-brokered private placement.

On September 20, 2016, we received share subscription proceeds of \$300,000 for shares of common stock at a price of \$1.50 per share relating to a non-brokered private placement.
