Item 8.01 Other Events.

Genesee & Wyoming Inc. (GWI) today announced the following executive stock transactions.

On November 5, 2008, Executive Chairman Mortimer B. Fuller III entered into a planned sale of certain shares of GWI's Class A common stock. Under the terms of the plan, adopted in compliance with U.S. Securities and Exchange Commission Rule 10b5-1, Mr. Fuller proposes to sell up to 600,000 shares of GWI Class A common stock from time to time. All GWI Class A common stock subject to the plan were obtained by Mr. Fuller voluntarily converting an equal amount of GWI Class B common stock.

The 600,000 Class A common shares that are the subject of the plan represent approximately 18% of the total number of shares of GWI's stock beneficially owned by Mr. Fuller. In the event that all 600,000 shares under the plan are sold, Mr. Fuller will still beneficially own 239,912 shares of GWI Class A common stock and 2,427,668 shares of GWI Class B common stock. Mr. Fuller entered into the plan to diversify a portion of his holdings and for tax planning purposes.

GWI owns and operates short line and regional freight railroads in the United States, Canada, Australia and the Netherlands, and owns a minority interest in a railroad in Bolivia. Operations currently include 63 railroads organized in nine regions, with more than 6,700 miles of owned and leased track and approximately 3,000 additional miles under track access arrangements. GWI provides rail service at 16 ports in North America and Europe and performs contract coal loading and railcar switching for industrial customers.
