**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On August 31, 2012, Mitcham Industries, Inc. (the "Company") and First Victoria National Bank (the "Bank") entered into an amended credit agreement. The amended revolving credit facility (the "Amended Facility") provides for total borrowings of up to \$50 million on a revolving basis through August 31, 2015, an increase from the \$35 million previously available. Borrowings under the Amended Facility bear interest, payable monthly, at the prime rate, subject to a floor of 3.25%. The Company may, at its option, convert any or all balances outstanding under the revolving credit facility into a series of term notes with monthly amortization over 48 months. Amounts available for borrowing are determined by a borrowing base. The borrowing base is computed based upon certain outstanding accounts receivable, certain portions of the Company's lease pool and any lease pool assets that are to be purchased with proceeds from the facility. The revolving credit facility and any term loans are collateralized by substantially all of the Company's domestic assets. Up to \$10.0 million of the revolving credit facility may be utilized to secure letters of credit. The Amended Facility contains certain financial covenants that require, among other things, for the Company to maintain a debt to shareholders' equity ratio of no more than 0.7 to 1.0, maintain a current assets to current liabilities ratio of not less than 1.25 to 1.0, and have quarterly earnings before interest, taxes, depreciation and amortization ("EBITDA") of not less than \$2.0 million. The Amended Facility also provides that the Company may not incur or maintain indebtedness in excess of \$10.0 million without the prior written consent of the Bank, except for borrowings related to the Amended Facility. The Amended Facility further provides that the Company may not guarantee subsidiary indebtedness in excess of \$5.0 million without the prior written consent of the Bank. The Company must pay commitment fees totaling \$123,750 over the term of the Amended Facility.
