Item 2.02. Results of Operations and Financial Condition.

On May 12, 2008, Enterprise GP Holdings L.P. issued a press release regarding its consolidated and parent-only financial results for the three months ended March 31, 2008 and 2007. A copy of the earnings press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K, which is incorporated by reference into this Item 2.02.

Significant Relationships

Enterprise GP Holdings L.P. is a publicly traded limited partnership, the registered partnership interests (the “Units”) of which are listed on the New York Stock Exchange (“NYSE”) under the ticker symbol “EPE.” The current business of Enterprise GP Holdings L.P. is the ownership of general and limited partner interests of publicly traded partnerships engaged in the midstream energy industry and related businesses. Unless the context requires otherwise, references to “we,” “us,” “our,” or “the Partnership” are intended to mean the business and operations of Enterprise GP Holdings L.P. and its consolidated subsidiaries.

References to “Parent Company” mean Enterprise GP Holdings L.P., individually as the parent company, and not on a consolidated basis. The Parent Company is owned 99.99% by its limited partners and 0.01% by its general partner, EPE Holdings, LLC (“EPE Holdings”). EPE Holdings is a wholly owned subsidiary of Dan Duncan, LLC, the membership interests of which are owned by Dan L. Duncan.

References to “Enterprise Products Partners” mean Enterprise Products Partners L.P., the common units of which are listed on the NYSE under the ticker symbol “EPD.” References to “EPGP” refer to Enterprise Products GP, LLC, which is the general partner of Enterprise Products Partners. Enterprise Products Partners has no business activities outside those conducted by its operating subsidiary, Enterprise Products Operating LLC (“EPO”). The Parent Company owns EPGP.

References to “Duncan Energy Partners” mean Duncan Energy Partners L.P., which is a consolidated subsidiary of EPO. Duncan Energy Partners is a publicly traded Delaware limited partnership, the common units of which are listed on the NYSE under the ticker symbol “DEP.”

References to “TEPPCO” mean TEPPCO Partners, L.P., the common units of which are listed on the NYSE under the ticker symbol “TPP.” References to “TEPPCO GP” refer to Texas Eastern Products Pipeline Company, LLC, which is the general partner of TEPPCO. TEPPCO GP is owned by the Parent Company.

References to “Energy Transfer Equity” mean the business and operations of Energy Transfer Equity, L.P. and its consolidated subsidiaries, which includes Energy Transfer Partners, L.P. (“ETP”). Energy Transfer Equity is a publicly traded Delaware limited partnership, the common units of which are listed on the NYSE under the ticker symbol “ETE.” The general partner of Energy Transfer Equity is LE GP, LLC (“LE GP”). The Parent Company has non-controlling interests in both Energy Transfer Equity and LE GP.

References to “EPCO” mean EPCO, Inc. and its private company affiliates, which are related party affiliates to all of the foregoing named entities. Mr. Duncan is the Group Co-Chairman and controlling shareholder of EPCO.

The Parent Company, Enterprise Products Partners, EPGP, TEPPCO, TEPPCO GP and EPCO are affiliates under common control of Mr. Duncan. Enterprise Products Partners and TEPPCO and their respective general partners have been under Mr. Duncan’s indirect control for all periods presented in the press release and this Current Report on Form 8-K. We account for our investments in Energy Transfer Equity and LE GP using the equity method of accounting since we do not control such entities.

Basis of Financial Statement Presentation

General Purpose Consolidated and Parent Company-Only Information

In accordance with rules and regulations of the U.S. Securities and Exchange Commission (“SEC”) and various other accounting standard-setting organizations, our general purpose consolidated financial statements reflect the consolidation of the financial statements of businesses that we control through the ownership of general partner interests (e.g., Enterprise Products Partners and TEPPCO). Our general purpose consolidated financial statements present those investments in which we do not have a controlling interest as unconsolidated affiliates (e.g., Energy Transfer Equity and LE GP). To the extent that Enterprise Products Partners and TEPPCO reflect investments in

unconsolidated affiliates in their respective consolidated financial statements, such investments will also be reflected as such in our general purpose consolidated financial statements unless subsequently consolidated by us due to common control considerations (e.g., Jonah Gas Gathering Company). Also, minority interest presented in our financial statements reflects third-party and related party ownership of our consolidated subsidiaries, which include the third-party and related party unitholders of Enterprise Products Partners, TEPPCO and Duncan Energy Partners. Unless noted otherwise, our discussions and analysis in this Current Report and press release are presented from the perspective of our consolidated businesses and operations.

In order for the unitholders of Enterprise GP Holdings L.P. and others to more fully understand the Parent Company's business activities and financial statements on a standalone basis, our press release includes information devoted exclusively to the Parent Company apart from that of our consolidated Partnership. A key difference between the non-consolidated Parent Company financial information and those of our consolidated Partnership is that the Parent Company views each of its investments (e.g., Enterprise Products Partners, TEPPCO and Energy Transfer Equity) as unconsolidated affiliates and records its share of the net income of each as equity earnings. In accordance with U.S. generally accepted accounting principles ("GAAP"), we eliminate such equity earnings in the preparation of our consolidated Partnership financial statements.

Presentation of Investments

Enterprise Products Partners and EPGP. The Parent Company owns 13,454,498 common units of Enterprise Products Partners and 100% of the membership interests of EPGP, which is entitled to 2% of the cash distributions paid by Enterprise Products Partners as well as the associated incentive distribution rights ("IDRs") of Enterprise Products Partners.

TEPPCO and TEPPCO GP. Private company affiliates of EPCO contributed equity interests in TEPPCO and TEPPCO GP to the Parent Company in May 2007. As a result of such contributions, the Parent Company owns 4,400,000 common units of TEPPCO and 100% of the membership interests of TEPPCO GP, which is entitled to 2% of the cash distributions of TEPPCO as well as the IDRs of TEPPCO. The contributions of ownership interests in TEPPCO and TEPPCO GP were accounted for at historical costs as a reorganization of entities under common control in a manner similar to a pooling of interests. The inclusion of TEPPCO and TEPPCO GP in our financial statements was effective January 1, 2005 because an affiliate of EPCO under common control with the Parent Company originally acquired the ownership interests of TEPPCO GP in February 2005.

All earnings derived from TEPPCO IDRs and TEPPCO common units in excess of those allocated to the Parent Company are presented as a component of minority interest in our consolidated financial statements. In addition, the former owners of the TEPPCO and TEPPCO GP interests and rights were allocated all cash receipts from these investments during the periods they owned such interests prior to May 2007.

Energy Transfer Equity and LE GP. In May 2007, the Parent Company acquired 38,976,090 common units of Energy Transfer Equity and approximately 34.9% of the membership interests of its general partner, LE GP, for \$1.65 billion in cash. Energy Transfer Equity owns limited partner interests and the general partner interest of ETP. We account for our investments in Energy Transfer Equity and LE GP using the equity method of accounting.

Use of Non-GAAP Financial Measures

The press release and accompanying schedules include the non-generally accepted accounting principle (“non-GAAP”) financial measure of distributable cash flow. Exhibit C provides a reconciliation of this non-GAAP financial measure to its most directly comparable financial measure calculated in accordance with GAAP. Distributable cash flow should not be considered an alternative to GAAP financial measures such as net income, net cash flow provided by operating activities or any other GAAP measure of liquidity or financial performance. We define distributable cash flow as follows:

§ Cash distributions expected to be received from the Parent Company’s investments in limited and general partner interests (including related IDRs, if any, held by these general partners); less the sum of,

§ Parent Company general and administrative costs on a standalone basis; and

§ EPGP and TEPPCO GP general and administrative costs on a standalone basis.

Distributable cash flow is a significant liquidity metric used by senior management to compare net cash flow generated by the Parent Company’s investments to the cash distributions the Parent Company is expected to pay its partners. Using this metric, senior management can quickly compute the coverage ratio of estimated cash flow to planned cash distributions.

Distributable cash flow is an important non-GAAP financial measure for the Parent Company’s unitholders since it indicates to investors whether or not the Parent Company’s investments are generating cash flow at a level that can sustain or support an increase in quarterly cash distribution levels. Financial metrics such as distributable cash flow are quantitative standards used by the investment community because the value of a partnership unit is in part measured by its yield (which, in turn, is based on the amount of cash distributions a partnership pays to a unitholder).
