On June 27, 2007, StarTek, Inc. (the Company) amended and renewed its revolving line of credit agreement with Wells Fargo Bank, NA (the Bank) effective June 1, 2007.

The amendment extends the last day under which the Bank will make advances under the line of credit to June 30, 2009. The tangible net worth the Company was required to have at December 31, 2006 was amended to \$95,000,000, and must increase (but never decrease) at each subsequent fiscal quarter end by an amount equal to 25% of the net income (but only if positive) for each fiscal quarter then ended. The Company must generate minimum Net Profit After Taxes not less than \$1.00 on a rolling four-quarter basis, and is not permitted to incur net losses in any two consecutive quarterly periods, nor for the quarter ending March 31, 2008. In determining such profit and loss, the Company may add back up to \$5,000,000 in non-recurring non-cash charges and up to \$5,000,000 in non-recurring cash charges incurred during the fiscal year ending December 31, 2007. The Company must maintain unencumbered liquid assets having an aggregate fair market value of not less than \$10,000,000 measured at the end of each fiscal quarter. The outstanding principal balance of the Note shall bear interest at either a fluctuating rate per annum 1% below the Prime Rate or at a fixed rate per annum determined by Bank to be 1.5% above LIBOR. Interest is payable on a monthly basis, and the maximum borrowing shall not exceed \$10,000,000.

A copy of the amendment is attached as Exhibit 10.88 to this Current Report on Form 8-K.
