**Proxy Statement
Annual Meeting of Shareholders to be Held June 3, 2009**

This Proxy Statement and the accompanying proxy card are being mailed to shareholders of APAC Customer Services, Inc. (Company) on or about May 1, 2009, in connection with the solicitation of proxies by the Board of Directors for the Annual Meeting of Shareholders to be held on June 3, 2009. The purpose of the Annual Meeting is to consider and act upon the matters specified in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement.

Each shareholder is entitled to one vote for each Common Share (as defined in the Company's Amended and Restated Articles of Incorporation, dated August 8, 1995, as subsequently amended) held as of the record date. A majority of the outstanding Common Shares entitled to vote at this meeting and represented in person or by proxy will constitute a quorum. As of the close of business on April 8, 2009, the record date for determining shareholders entitled to vote at the Annual Meeting, 51,051,183 Common Shares were outstanding.

If the form of Proxy that accompanies this Proxy Statement is executed and returned, it will be voted in accordance with the indicated direction. A Proxy may be revoked at any time prior to the voting thereof by written notice to our Secretary, by executing and delivering a subsequently dated proxy card or by voting in person at the Annual Meeting. Shareholders whose Common Shares are held in the name of a bank, broker or other holder of record will receive voting instructions from the holder of record.

The affirmative vote of the holders of a majority of the Common Shares entitled to vote and represented in person or by proxy at the Annual Meeting is required for the election of directors and for any other proposal submitted to a vote. Shareholders are not entitled to cumulate their votes. Shares represented by proxies which are marked "withhold" or to deny discretionary authority on any matter will be treated as shares present and entitled to vote, which will have the same effect as a vote against any such matter. Broker "non-votes" and the shares as to which shareholders abstain are included for purposes of determining whether a quorum of shares is present at a meeting, except as to matters for which a non-vote is indicated on the broker's proxy. If a non-vote is indicated on the broker's proxy with respect to a particular matter, the shares will not be treated as represented at the meeting for the purposes of determining a quorum for such matter. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Votes will be tabulated by representatives of BNY Mellon Shareowner Services, our transfer agent and inspector of elections for the Annual Meeting. We will bear all expenses incurred in the solicitation of proxies.

A copy of each charter is also available in print to shareholders upon request, addressed to our Secretary c/o APAC Customer Services, Inc., 2333 Waukegan Road, Suite 100, Bannockburn, Illinois 60015.

and periodically took action by unanimous written consent. All members of our Nominating and Corporate Governance Committee are independent directors as defined by the listing standards of NASDAQ.

Table of Contents

Our Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders. In considering candidates submitted by shareholders, our Nominating and Corporate Governance Committee will take into consideration the needs of our Board of Directors and the qualifications of the candidate. Our Nominating and Corporate Governance Committee may also take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held. To have a candidate considered by our Nominating and Corporate Governance Committee, a shareholder must submit the recommendation in writing and must include the following information: the name of the shareholder and evidence of the person's ownership of Common Shares, including the number of shares owned and the length of time of ownership; the name of the candidate; the candidate's resume or a listing of his or her qualifications to be a director; and the candidate's consent to be named as director if selected by our Nominating and Corporate Governance Committee and nominated by our Board.

The shareholder recommendation and information described above must be sent to our Secretary c/o APAC Customer Services, Inc., 2333 Waukegan Road, Suite 100, Bannockburn, Illinois 60015 and must be received by our Secretary not less than 90 nor more than 120 days prior to the anniversary date of our most recent annual meeting of shareholders.

Our Nominating and Corporate Governance Committee believes that the minimum qualifications for serving as a director are the ability to apply good and independent judgment in a business situation and the ability to represent the interests of all shareholders. A director also must be free from any conflicts of interest that would interfere with his or her loyalty to us or our shareholders. Candidates considered by our Nominating and Corporate Governance Committee for election or reelection to our Board of Directors should possess the following qualifications: the highest level of personal and professional ethics, integrity and values; an inquiring and independent mind; practical wisdom and mature judgment; broad training and experience at the policy-making level in business, finance and accounting, government, education or technology; expertise that is useful to us and complementary to the background and experience of other Board members, so that an optimal balance of Board members can be achieved and maintained; willingness to devote sufficient time and attention to carrying out the duties and responsibilities of Board membership; commitment to serve on the Board for several years to develop knowledge about our business; willingness to represent the best interests of all shareholders and objectively appraise management performance; and involvement only in activities or interests that do not conflict with the director's responsibilities to us and our shareholders.

Once a person has been identified by our Nominating and Corporate Governance Committee as a potential candidate, the committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If our Nominating and Corporate Governance Committee determines that the candidate warrants further consideration, our Chairman or another member of the committee or of our Board of Directors, including directors who have not been designated as independent, contacts the person. Generally, if the person expresses a willingness to be considered and to serve on our Board, our Nominating and Corporate Governance Committee requests information from the candidate, reviews the person's accomplishments and qualifications, including in light of any other candidates that the committee might be considering, and conducts one or more interviews with the candidate. Other members of our Board, including Messrs. Schwartz and Marrow, will also interview the candidate. In certain instances, committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater firsthand knowledge of the candidate's accomplishments. The committee's evaluation process does not vary based on whether or not a candidate is recommended by a shareholder, although, as stated above, our Board may take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held.

Search Committee

Our Search Committee consists of Messrs. Kraft, Park, Schwartz and Ms. Andreotti. In connection with the search for a replacement for Mr. Keller, our former Chief Executive Officer, this committee was formed to expedite changes in management and was involved with the evaluation of potential candidates for the office of Chief Executive Officer as well as to assist with the negotiation of mutually agreeable transition plans in the office of the Chief Executive Officer. Accordingly, it is our policy to encourage each of our directors to attend the annual meeting. All of the directors then serving on the Board were in attendance at the 2008 Annual Meeting, other than Mr. Refer and Mr. Gerdelman, who retired effective on the date of the 2008 Annual Meeting.

Director Compensation

Our Nominating and Corporate Governance Committee reviews and approves the compensation paid to each member of our Board on an annual basis. Each director who is not employed by us is compensated for his or her services as a director with: (i) an annual cash retainer of \$22,000; (ii) a cash payment of \$1,500 for each board meeting attended in person and a cash payment of \$750 for each board meeting attended by telephone; and (iii) quarterly grants of options to purchase Common Shares. The total number of options to be granted annually to each director is calculated as of the date of our annual meeting of shareholders and is determined by dividing \$90,000 by the average fair market value of a Common Share over the preceding calendar year. Options are granted to directors in four equal installments as of the first trading day of each calendar quarter. Options have an exercise price equal to the fair market value of a Common Share on the date of grant. Additionally, Mr. Schwartz receives an annual fee of \$15,000 for his services as Chairman of the Board.

For Board committee service: (i) the Audit Committee chairman receives an annual fee of \$10,000; (ii) each of the other committee chairmen receives an annual fee of \$5,000; and (iii) each committee member, including the committee chairmen, receives a cash payment of \$1,500 for each committee meeting attended in person and a cash payment of \$750 for each committee meeting attended by telephone.

EXECUTIVE COMPENSATION**Employment Arrangements with Michael P. Marrow, President and Chief Executive Officer**

Effective February 25, 2008, Mr. Michael P. Marrow was appointed our Chief Executive Officer and joined our Board of Directors.

Compensation

We entered into an Executive Employment Agreement with Mr. Marrow which provides that he will be paid an annual base salary of \$350,000 and will be eligible to participate in and earn an annual bonus pursuant to the terms of the APAC Customer Services, Inc. Management Incentive Plan, as amended and restated effective August 2, 2007 (the Management Incentive Plan). No annual cash bonus is guaranteed, but Mr. Marrow is eligible for a target bonus equal to 50% of his base salary and a maximum bonus equal to 100% of his base salary. In addition, we agreed to pay Mr. Marrow a sign-on bonus of \$100,000 and granted him an option to purchase 900,000 Common Shares. The option vests in five equal annual installments beginning on February 25, 2009 and has an exercise price of \$1.21 per share. We also agreed to reimburse Mr. Marrow up to \$3,000 per month for actual and reasonable expenses incurred by him in connection with his maintenance of a residence near our headquarters facility.

On October 23, 2008, the Compensation Committee approved an annual management incentive program pursuant to our MIP (the 2009 MIP) for Mr. Marrow and all other executive officers of the Company. Under the terms of our 2009 MIP, Mr. Marrow is eligible to receive a cash bonus for fiscal year 2009 based on our achieving certain financial performance goals established by the Compensation Committee. Mr. Marrow's 2009 MIP will be based 50% on our achieving the threshold or maximum revenue amounts established by our Compensation Committee and 50% on our achieving the threshold or maximum adjusted PTP amounts established by our Compensation Committee. PTP is defined as pre-tax profit or net income before income taxes . Mr. Marrow is also eligible for a payment under the 2009 Performance Plus Bonus. For additional discussion on 2009 MIP and 2009 Performance Plus Bonus see Compensation Discussion and Analysis Annual Cash Incentive.

In determining Mr. Marrow's compensation package, our objective was to change the mix of compensation provided to our Chief Executive Officer and place more weight on the long-term equity component. As a result, Mr. Marrow's annual base salary and annual incentive opportunity are less than those provided to Mr. Keller, our former Chief Executive Officer; however, the number of stock options granted to him is more than double the amount provided to Mr. Keller when he became our Chief Executive Officer in March 2004.

Table of Contents***Potential Payments Upon Termination or Change of Control***

Mr. Marrow's Executive Employment Agreement requires us to provide compensation to him in the event of a termination of employment. Mr. Marrow also has an Employment Security Agreement which provides for certain payments in the event of a change of control of our company. In addition, to the extent not contemplated by his Executive Employment Agreement or the Employment Security Agreement, Mr. Marrow's stock option agreement provides for the acceleration of vesting in the event of a change of control and upon termination under certain circumstances. Our Compensation Committee retains discretion to determine the amount, if any, of any additional payments and benefits which may be paid to Mr. Marrow upon termination of his employment. In making such a determination, our Compensation Committee may consider a number of factors including the reasons for the termination, his tenure and performance, his personal circumstances and the amount of payments and benefits, if any, generally offered to executive officers at other companies in similar positions.

Mr. Marrow has signed an Agreement Protecting Company Interests which provides that during the term of his employment with us and for a period of two years after his termination, he will not solicit our clients or employees and will refrain from working for or consulting with any of our competitors. In the event Mr. Marrow violates his Agreement Protecting Company Interests, we may be entitled to recover some or all of the payments and benefits that were paid by us upon termination of employment.

The nature and amount of payments and benefits Mr. Marrow is entitled to in the event of a termination of employment as a result of retirement, death or disability, involuntary termination (not for cause), voluntary termination, termination for cause, and termination in connection with a change of control, as well as in the event of a change of control without termination of employment are identical to the payments and benefits for the Named Executive Officers (other than Mr. Keller, our former Chief Executive Officer) described under *Potential Payments Upon Termination or Change of Control* appearing elsewhere in the *Executive Compensation* section of this Proxy Statement, with the exception of the following:

In the event of involuntary termination not for cause Mr. Marrow will be entitled to severance payments in an amount equal to his base salary for a period of 12 months payable in equal installments over a period of 24 months.

We will reimburse Mr. Marrow for payments by him to exercise his rights under COBRA for a period of 12 months.

In the event Mr. Marrow voluntarily terminates his employment with us for any reason prior to a change of control, or in the event Mr. Marrow is terminated for cause (as defined in his Executive Employment Agreement), he is not entitled to receive any payments or benefits other than accrued obligations earned by Mr. Marrow prior to the date of his termination. Such accrued obligations generally consist of his then-current base salary through the termination date to the extent not theretofore paid, and any accrued but unused vacation days as of his termination date.

As used in Mr. Marrow's Executive Employment Agreement, cause shall mean (i) the commission by him of an act of malfeasance, dishonesty, fraud, or breach of trust against the company or any of its employees, clients, or suppliers, (ii) the breach by him of any fiduciary or common law duty to the company, or any obligations under his Executive Employment Agreement, or any other agreement between him and the company, (iii) his willful failure to comply with the company's material written policies, (iv) his failure, neglect, or refusal to perform his duties under his Executive Employment Agreement, or to follow the lawful written directions of the company (including, without limitation, from the our Board of Directors), which failure is not cured (if curable) within ten (10) days after written notice has been given by the company to him, (v) his conviction of, or plea of guilty or no contest to, any felony, or (vi) any act or omission by him that is, or is reasonably likely to be, materially injurious to our financial condition, business reputation or business relationships, or that otherwise is materially injurious to the our employees, clients, customers or suppliers.

Compensation Discussion and Analysis**Overview of Compensation Process**

The Compensation Committee of our Board of Directors is responsible for establishing, implementing and monitoring adherence with our compensation philosophy. The committee establishes total compensation for our President and Chief Executive Officer and, with input from our Chief Executive Officer, establishes compensation for our other Named Executive Officers. Our Compensation Committee does not delegate any of its authority in this regard. Mr. Marrow was our principal executive officer beginning in February 2008. Mr. Keller retired as our Chief Executive Officer on February 18, 2008. Our principal executive officer, our principal financial officer, our three most highly compensated executive officers (other than our principal executive officer and principal financial officer) who were serving as executive officers at the end of fiscal year 2008, and Mr. Keller, our former Chief Executive Officer,

Mr. Hepburn, our former Senior Vice President and Chief Financial Officer, and Ms. Schneider, our former Senior Vice President, General Counsel and Secretary, are our Named Executive Officers for 2008.

Table of Contents

Our Compensation Committee is composed of three independent directors. From time to time, we retain independent compensation consultants to provide objective and expert advice on various compensation plan design issues, although in fiscal year 2008 we did not retain any such firm. In December 2004, we engaged the services of Hewitt Associates to conduct an executive pay study and assist us in developing our annual cash incentive and long-term equity incentive programs for our executive officers (including the Named Executive Officers) as well as certain other employees. From time to time, we also use additional compensation data which we obtain from established executive compensation survey sources.

In addition to Mr. Marrow, the following executive officers participated in the preparation, development and review of various executive compensation presentations made to our Compensation Committee and our Board of Directors during fiscal year 2008: Mr. Andrew B. Szafran, our Senior Vice President and Chief Financial Officer and Mr. Michael V. Hoehne, our Vice President, Human Resources.

Compensation Objectives

We design our executive compensation policies with the objective of attracting, motivating and retaining the highest quality executives. Our goal is to compete in the market for high caliber individuals who possess the talent and capabilities we believe necessary to our success. We believe the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals and which aligns executives' interests with those of our shareholders by rewarding performance which ultimately improves shareholder value.

Compensation Philosophy

We desire to attract and retain superior executive talent by offering a total compensation package that is competitive with the compensation practices of those companies with which we compete for executive talent. Such companies include both publicly-traded and private (i) companies in our industry, (ii) companies having annual revenue comparable to ours (i.e., under \$500 million), and (iii) Chicago-area based Fortune 500 companies. We believe that total compensation packages for our executive officers should reward individual performance, put a significant portion of the executive's compensation at risk of achieving pre-established objectives, and align the interests of our executive officers with those of our shareholders. To that end, our compensation packages contain both cash and stock-based compensation as well as short-term and long-term incentives.

The market for suitable executive leadership is very competitive and we contend with many larger companies for top executive-level talent. As a result, our practice is to target total compensation levels for our executive officers at above-median levels. Accordingly, our Compensation Committee determined that the total compensation packages for our executive officers should be between the 50th percentile and the 75th percentile of the packages of executive officers at companies with which we compete for executive talent. Variations to this objective may occur as dictated by the performance and/or experience level of an individual and other market factors.

Elements of Compensation

To achieve our objectives, our executive compensation program includes the following components:

Base Salary: An annual base salary, subject to discretionary annual merit increases based on the executive's overall performance during the previous year;

Annual Cash Incentive: A potential annual cash bonus under our management incentive plan based on our attaining certain specified financial performance measures;

Long-Term Equity Incentives: Long-term incentives consisting of stock options and performance-based restricted share grants under our incentive stock plan; and

Other Employee Benefits: Other employee benefits including the right to participate in company-sponsored benefit and welfare plans such as health, dental and prescription drug insurance, the premiums of which are partly paid for by us, company-sponsored flexible spending accounts for certain qualified medical, dental and childcare expenses, matching contributions to our 401(k) plan and supplemental 401(k) restoration plan for highly compensated employees, and company-subsidized supplemental life insurance.

Table of Contents

The Summary Compensation Table sets forth the amounts for these components that we paid each of the Named Executive Officers in fiscal year 2008. See 2008 Summary Compensation Table appearing elsewhere in the Executive Compensation section of this Proxy Statement. For fiscal year 2008, we did not make any material changes to the weighting or amount of any components of the compensation paid to our Named Executive Officers.

In addition, to provide for executive stability, we offer our currently employed Named Executive Officers payments and benefits (i) in the event an executive officer is involuntarily terminated other than for cause or resigns for good reason and (ii) in the event we experience a change of control. See Potential Payments Upon Termination or Change of Control appearing elsewhere in the Executive Compensation section of this Proxy Statement.

We compensate our currently employed Named Executive Officers (and other executive officers) primarily by using a combination of short-term compensation (salary and annual cash incentive compensation) and long-term compensation (stock options and restricted common shares). We have historically determined the mix of short-term and long-term compensation and the mix of base and incentive compensation by using market compensation information provided by an outside consultant or by reference to established executive compensation surveys. We believe it is important that a portion of our executive officers' incentive compensation is dependent upon our stock price, and a substantial portion of their overall compensation opportunity consists of equity compensation. However, since the price of our Common Shares is subject to some factors outside our control and the control of our executive officers, we also believe it is important that a portion of an executive officer's incentive compensation be tied to the performance of goals relating to the operations of our company. Accordingly, we tie our executive officers' annual cash incentive compensation to the achievement of financial performance goals that we believe help to drive our business and create value for our shareholders. On a total dollar value basis, other benefits compensation is smaller when compared to cash and equity compensation portions of our total executive compensation package.

Conversely, there are certain types of compensation that we have elected to omit from our executive compensation packages, as we believe they are of limited value in attracting, retaining and motivating the type of executive officers we seek. Examples of the types of executive compensation that we deemed to be unnecessary include: (i) a defined benefit (pension) plan; (ii) a stipend or expenses for a company car; and (iii) country club memberships. We believe that we are not negatively affected by our failure to offer these types of benefits and perquisites to our executive officers.

Base Salary

Annual base salary is a major component of overall cash compensation each year. Generally, we determine base salaries for each Named Executive Officer by evaluating his or her experience, performance, and any changes in the executive's duties during the year. We also consider the competitive market for executive talent, and compare salaries we pay our executive officers to those paid to executive officers in comparable positions at companies with which we compete for such talent. See Compensation Philosophy.

Salary levels are typically considered annually as part of our performance review process as well as upon a promotion or other change in job responsibility. Merit increases in annual base salary (if any) are discretionary, and are awarded depending upon the executive officer's overall performance during the prior year.

The following table sets forth the annualized 2008 base salaries for each of the currently employed Named Executive Officers. All of the currently employed Named Executive Officers base salaries will remain at the 2008 level for 2009.

| Named Executive Officer | 2008 Base Salary |

Table of Contents***Annual Cash Incentive***

No annual cash bonus is guaranteed, but our Named Executive Officers are eligible for annual bonuses under our MIP, which was approved by our shareholders on June 3, 2005. The MIP gives the Compensation Committee the latitude to design cash and stock-based short-term and long-term incentive compensation programs to promote exceptional performance and achievement of corporate goals by key employees. Under the MIP, cash incentive opportunities are designed annually around a strategic mix of corporate and individual performance objectives. All performance targets for the Named Executive Officers are directly linked to the achievement of our annual financial plan. Any annual bonuses earned by the Named Executive Officers are payable in cash.

2008 MIP

For fiscal year 2008, the Named Executive Officers were eligible to receive incentives under the MIP based on our achieving certain threshold, target and maximum adjusted EBITDA and revenue during fiscal year 2008. In addition, no payments under the MIP would have been made to any participant unless the adjusted EBITDA threshold was met, and no payment would have been made on any individual financial measures unless the threshold for that financial measure was met.

We selected adjusted EBITDA and revenue as financial measures for the 2008 MIP to reward our executive officers for achieving important business objectives – top line revenue growth and earnings growth – both of which we believe are important drivers of our long-term financial success. The 2008 annual incentive bonus opportunity was based 50% on our achieving threshold, target or maximum adjusted EBITDA for fiscal year 2008 and 50% on our achieving threshold, target or maximum revenue for fiscal year 2008. In each case, the thresholds, targets and maximums for each of the financial measures were based on our 2008 Plan. We define adjusted EBITDA as net income (loss) plus the provision (benefit) for income taxes, depreciation and amortization, and interest expense, calculated from the information contained in our quarterly and annual audited financial statements, and excludes the effects of charges which would be split out from normal operating expenses (e.g. restructuring, asset impairment and other charges or gains).

**2008 Management Incentive Plan
Financial Measures**

| | Percentage of Target |
|------------------------|-----------------------------|
| ADJUSTED EBITDA | |
| Maximum | 200% |
| Target | 100% |
| Threshold | 100% |
| REVENUE | |
| Maximum | 200% |
| Target | 100% |
| Threshold | 100% |

The range of potential annual incentive payments for the Named Executive Officers during fiscal year 2008 was determined by our Compensation Committee. The fiscal year 2008 annual bonus opportunity for Mr. Marrow at threshold, target and maximum levels was 50%, 50% and 100% of his base salary. The annual bonus opportunity for the other Named Executive Officers at threshold, target and maximum levels was 50%, 50% and 150% of base salary for DiBari, 50%, 50% and 80% of base salary for Szafran and 40%, 40% and 60% of base salary for Messrs. LaBonte and McDermott. The structure of the fiscal year 2008 annual bonus ensured that a significant portion of each Named Executive Officer's total cash compensation was dependant on our results for the year.

For fiscal year 2008, the annual bonus opportunity for Mr. Keller, our former Chief Executive Officer, at threshold, target and maximum levels was 75%, 75% and 150% of his base salary, based solely on our performance against annual financial measures established by the Compensation Committee.

Management Incentive Plan bonuses awarded in 2009 for performance in fiscal year 2008 are included in the 2008 Summary Compensation Table appearing elsewhere in the Executive Compensation section of this Proxy Statement.

Table of Contents

2009 MIP

Under the terms of the 2009 MIP, Messrs. Marrow and Szafran and all other executive officers, including Named Executive Officers, are eligible to receive annual cash bonus payments on either an annual or a quarterly basis based on us achieving certain financial performance goals established by the Compensation Committee. No annual cash bonus is guaranteed, but each executive officer is eligible for a MIP ranging from 0% to 150% of his or her base salary. For all executive officers, other than our Senior Vice President, Sales, the 2009 MIP will be based 50% on us achieving the threshold or maximum revenue amounts established by the Compensation Committee and 50% on us achieving the threshold or maximum PTP amounts established by the Compensation Committee. The threshold and maximum financial performance goals established by the Compensation Committee for the 2009 MIP are based on our 2009 financial plan approved by our Board of Directors. Revenue is defined as net revenue, as reported in our quarterly and annual audited financial statements. The total incentive payout under the 2009 MIP for any overachievement of financial performance goals beyond the threshold amounts established by the Compensation Committee shall not exceed 50% of the incremental adjusted EBITDA achieved by the Company.

On April 6, 2009 the Compensation Committee approved an additional potential performance bonus (2009 Performance Plus Bonus) under the 2009 MIP for the executive officers, including Named Executive Officers for the 2009 fiscal year in lieu of salary increases. The 2009 Performance Plus Bonus increases the maximum payout for each participant in the 2009 MIP, by an additional 10% subject to our meeting certain pre-determined targets. In order for the 2009 Performance Plus Bonus to be paid, we must achieve: (1) a minimum revenue target; (2) a PTP target; and (3) certain sales goals.

Table of Contents***Long-Term Equity Incentives***

We believe that equity compensation is an important component of our currently employed Named Executive Officers overall compensation package. We believe that shareholder value is best enhanced if our executive officers are encouraged to strategically manage our company for long-term success. We grant long-term incentive compensation in the form of stock options and restricted Common Shares under our Amended and Restated 2005 Incentive Stock Plan (Incentive Stock Plan). We do not consider outstanding options or restricted Common Shares held by a Named Executive Officer when making an award.

While we believe that both forms of equity grants can be used to appropriately link the creation of shareholder value to long-term executive officer incentive compensation, we have until quite recently used only stock options for this purpose. Generally, we believe that stock options provide a more leveraged upside incentive for our executive officers especially when the price of our Common Shares is low and we are not profitable. Additionally, full-value restricted Common Shares would have little retention value given the generally low price of our Common Shares. We also prefer awarding executive officers stock options as incentives rather than restricted Common Shares, because the only time the currently employed Named Executive Officer receives value from an option is when the price of our Common Shares increases after the grant date. Restricted shares provide currently employed Named Executive Officers compensation if our Common Shares maintain their value, and provide increased compensation if the value of our Common Shares increases.

We structure our equity awards to promote the retention of our currently employed Named Executive Officers over longer periods of time. Equity awards to currently employed Named Executive Officers typically vest over time. Stock option grants to the currently employed Named Executive Officers vest in equal increments over four or five years after their grant date and have ten year terms. The exercise price for stock options is the fair market value of our Common Shares on the grant date. Until April 4, 2007, the fair market value of such Common Shares as determined under the Incentive Stock Plan was the average of the high and low selling prices of such Common Shares on the NASDAQ on the relevant valuation date, or, if there were no sales on the valuation date, on the next preceding date on which such selling prices were recorded. Effective April 4, 2007, the Incentive Stock Plan was amended to provide that the fair market value would be the closing price of the Common Shares on the NASDAQ on the valuation date. Grants of restricted Common Shares typically vest two years from the date of grant, and vesting is sometimes conditioned on the achievement of specified financial performance objectives established by the Compensation Committee.

2008 Equity Grants to Named Executive Officers

During fiscal year 2008, equity grants were issued the form of stock options to Mr. Marrow (900,000 shares), Mr. DiBari (300,000 shares) and Mr. Szafran (450,000 shares) in connection with the commencement of employment with us.

Stock Option Grant Guidelines and Procedures

In October 2006, the Compensation Committee adopted standard policies and procedures regarding the granting of stock options to employees, including executive officers. Stock option grants are generally not timed to benefit the recipients, and are typically only approved during regularly scheduled quarterly meetings of the Compensation Committee, except in limited circumstances. For grants approved during the regularly scheduled Compensation Committee meetings, the issue date of such grants is set to be the third trading day after the next subsequent quarterly earnings announcement by us. We have not engaged in back-dating of options and do not grant options with an exercise price below the fair market value of our Common Shares as defined under our Incentive Stock Plan.

In May 2007, the Compensation Committee updated its guidelines for the granting of stock options for fiscal years 2007 and beyond. Options granted pursuant to these guidelines vest annually over a five-year period, as determined by the Compensation Committee, with partial acceleration of vesting upon a change of control if the employee is then employed by us and full vesting upon a termination of employment on or after a change of control in certain circumstances.

Employment Agreements

We entered into employment agreements with Mr. Marrow, our current President, Chief Executive Officer and Director, and with Messrs. Crowley, DiBari, Hoehne, LaBonte, McDermott, Nachwalter and Szafran. Additionally,

we entered into employment agreements with certain former executives, Mr. Keller, our former Chief Executive Officer as well as Messrs. Hepburn, our former Senior Vice President and Chief Financial Officer and McClenahan, our former Senior Vice President, Sales and Marketing and Ms. Schneider, our former Senior Vice President, General Counsel and Secretary under which we are continuing to make severance payments. Other than the aforementioned parties, we have not entered into any agreements or understandings with another executive officer which guarantee continued employment or guarantee any level of compensation, including incentive or bonus payments other than as described in Potential Payments Upon Termination or Change of Control appearing elsewhere in the Executive Compensation section of this Proxy Statement. We do not have a written policy regarding employment agreements.

Table of Contents

Other Employee Benefits

We structure our compensation to provide competitive benefit packages to our currently employed Named Executive Officers. These include company-sponsored benefit and welfare plans such as health, dental and prescription drug insurance, the premiums of which are partly paid for by us, company-sponsored flexible spending accounts for certain qualified medical, dental and childcare expenses, matching contributions to our 401(k) plan, and company-subsidized supplemental life insurance. In addition, we offer a supplemental 401(k) restoration plan to our highly compensated employees (as such term is defined by the applicable regulations under the Internal Revenue Code), whose contributions to our 401(k) plan are limited by the Internal Revenue Code, to make up for the limitations so imposed. This restoration plan is available to all highly compensated employees, including all of our currently employed Named Executive Officers. We also make matching contributions on behalf of these highly compensated employees to the restoration plan (including any currently employed Named Executive Officer who elects to participate). We believe the maintenance of our 401(k) restoration plan (and our matching contributions to it) are necessary to maintain a competitive benefits package for our executive officers, and so that they have the opportunity to defer the same percentage of their income, and receive similar matching contributions, as our other employees.

Severance and Change in Control Agreements

We provide severance agreements to our currently employed Named Executive Officers as a retention incentive and to ensure that in a potential change of control situation that could benefit our shareholders, members of our management team retain their objectivity regarding the outcome of any transaction. Each of our currently employed Named Executive Officers has a severance agreement that provides that if the executive's employment is terminated without cause, or, in the case of Messrs. LaBonte and Szafran, he voluntarily resigns for good reason or agreed reason, the executive will receive specified payments and benefits. Our stock option and restricted stock award agreements also provide for the acceleration of vesting in the event of termination and/or a change of control. See Potential Payments Upon Termination or Change of Control appearing elsewhere in the Executive Compensation section of this Proxy Statement.

Perquisites and Other Personal Benefits

Generally, we do not provide any perquisites or other personal benefits to our executive officers (including the currently employed Named Executive Officers). Mr. Marrow's employment agreement provides that we will reimburse him up to \$3,000 per month for reasonable, actual expenses incurred by him for the purpose of his maintaining a residence near our corporate headquarters.

Tax Considerations

Deductibility of Executive Compensation

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code (Section 162(m)), which generally provides that we may not deduct compensation of more than \$1,000,000 that is paid to certain individuals, including the currently employed Named Executive Officers. Qualifying performance-based compensation is specifically exempt from the deduction limit. We believe that the compensation paid under the MIP is generally fully deductible for federal income tax purposes as it is based on objective performance standards that are established by the Compensation Committee in accordance with Section 162(m). However, in certain situations, the Compensation Committee may approve compensation that does not meet the exemption requirements of Section 162(m) in order to ensure competitive levels of total compensation for our executive officers.

Accounting for Stock-Based Compensation

Beginning on January 2, 2006, we began accounting for stock-based payments including stock options and restricted Common Shares in accordance with the requirements of FAS Statement No. 123(R) Share-Based Payment . See Accounting For Stock-Based Compensation in Note 3 of the Notes to Consolidated Financial Statements in our Form 10-K filed with the SEC on March 13, 2009.

Table of Contents**Potential Payments Upon Termination or Change of Control**

We have certain agreements that require us to provide compensation to our currently employed Named Executive Officers in the event of a termination of employment or a change of control of our company. The payment and benefits due upon a currently employed Named Executive Officer's termination of employment (other than in connection with a change of control) are set forth in individual agreements between us and each of the currently employed Named Executive Officers. Each of our currently employed Named Executive Officers also has an Employment Security Agreement which provides for certain payments in the event of a change of control. In addition, to the extent not contemplated by the employment agreements or the Employment Security Agreements, our stock option agreements and restricted stock award agreements provide for the acceleration of vesting in the event of a change of control and upon termination under certain circumstances. The Compensation Committee retains discretion to determine the amount, if any, of any additional payments and benefits which may be paid to a currently employed Named Executive Officer upon termination of his or her employment. In making such a determination, the Compensation Committee may consider a number of factors including the reasons for the termination, the currently employed Named Executive Officer's tenure and performance, the currently employed Named Executive Officer's personal circumstances and the amount of payments and benefits, if any, generally offered to executive officers at other companies in similar positions.

Each of the currently employed Named Executive Officers has signed an Agreement Protecting Company Interests which provides that during the term of his employment with us and for a specified period after his termination, he will not solicit our clients or employees and will refrain from working for or consulting with any of our competitors. The term of the non-solicitation and non-compete agreements is two years for Messrs. Marrow and LaBonte, and one year for Messrs. DiBari, McDermott and Szafran. In the event any of the currently employed Named Executive Officers violates his or her Agreement Protecting Company Interests, we may be entitled to recover some or all of the payments and benefits that were paid by us upon termination of employment.

The following narrative describes the nature and amount of payments and benefits to each of our currently employed Named Executive Officers in the event of a termination of employment as a result of retirement, death or disability, involuntary termination (not for cause), voluntary termination, termination for cause, and termination in connection with a change of control, as well as in the event of a change of control without termination of employment.

Payments Made Upon Retirement

Each of the currently employed Named Executive Officers is eligible to elect normal retirement when he has completed at least ten years of continuous employment and the sum of his age and continuous service with us is equal to or greater than seventy. Upon normal retirement, some or all of the outstanding stock options that are not vested at the time of his retirement will accelerate and become exercisable. Generally, the vesting will be accelerated such that the options which would otherwise vest on the next anniversary of the grant date vest on the date of retirement; provided that the shares issuable upon exercise of such accelerated options are subject to certain restrictions on transfer for a period of two years after termination.

Payments Made Upon Death or Disability**In the event of the death or disability of a Named Executive Officer:**

The currently employed Name Executive Officer, or his beneficiary or estate, will be entitled to receive payment of any and all base salary earned through the date of his termination;
Some or all of the outstanding stock options that are not vested at the time of his death or disability will accelerate and become immediately exercisable as described above under *Payments Made Upon Retirement*;
All then unvested restricted Common Shares will immediately vest; and
For Messrs. LaBonte and McDermott, his beneficiary or estate, will be entitled to receive a pro rata payment of any MIP incentive award at a target level for the then current performance period.

Table of Contents

Payments Made Upon Involuntary Termination (Not for Cause)

In the event of involuntary termination of a currently employed Named Executive Officer not for cause :

Mr. Marrow will be entitled to severance payments in an amount equal to 12 months of his then-current base salary payable over a period of two years from the termination date. Messrs. LaBonte and McDermott will be entitled to severance payments in an amount equal to twelve months of their base salaries. Mr. Szafran will be entitled to severance payments in an amount equal to nine months of his base salary payable over a period over 12 months and Mr. DiBari will be entitled to severance payments in an amount equal to six months of his base salary payable over a period of 12 months.

We will reimburse Mr. Marrow for payments by him to exercise his rights under COBRA for a period of 12 months.

Payments Made Upon Voluntary Termination and Termination for Cause

In the event Mr. Marrow voluntarily terminates his employment with us for any reason prior to a change of control, or in the event Mr. Marrow is terminated for cause (as defined in his employment agreement), he is not entitled to receive any payments or benefits other than accrued obligations earned by Mr. Marrow prior to his date of termination. Such accrued obligations generally consist of unpaid base salary, pay for unused vacation time, expense reimbursements, and any vested benefits Mr. Marrow may have in our company retirement plans.

For each of the other currently employed Named Executive Officers, if he voluntarily terminates his employment with us, or if he is terminated for cause (as defined in his employment agreement), the currently employed Named Executive Officer is not entitled to receive any payments or benefits other than accrued obligations earned prior to the dated of his termination, unless, in the case of Messrs. LaBonte or Szafran, he resigns for Good Reason or Agreed Reason as that term is defined in his employment agreement.

In the event any of Messrs. LaBonte or Szafran voluntarily resigns for Good Reason, or Agreed Reason each of them is entitled to receive the same payments and benefits described above under Payments Made Upon Involuntary Termination (Not For Cause) . Agreed Reason is defined in Mr. Szafran s employment agreement as a termination prior to a change of control, if after notice and a period to cure, (i) we materially reduce or diminish his duties, responsibilities or authority as an executive officer, (ii) he no longer reports to our Chief Executive Officer, (iii) his base salary is reduced and not in accordance with a compensation reduction applicable to all executive officers, or (iv) any other material breach of the terms of his agreement or his employment in general. For Mr. Labonte Good Reason is defined as (a) a material alteration in title, duties and responsibilities, (b) relocation of his office by more than 20 miles from both current residence and Deerfield, Illinois or (c) reduction in base salary or Incentive Bonus participation.

As used in the employment agreements of all of the currently employed Named Executive Officers, cause is defined as (i) gross misconduct or gross negligence in the performance of his duties as set forth in employment agreement, (ii) willful disobedience of the lawful directions of the Board of Directors or of our company s policies, or (iii) commission of a crime involving fraud or moral turpitude that can reasonably be expected to adversely affect the business of our company.

Payments Made Upon Change of Control

In the event we experience a change of control:

Some or all of the currently employed Named Executive Officers outstanding stock options that are not vested at the time of the change of control will accelerate and become immediately exercisable. Generally, the vesting will be accelerated such that fifty percent (50%) of the previously unexercisable portion of such options shall become exercisable immediately following the change of control; and All then unvested restricted Common Shares will immediately vest.

Table of Contents

Payments Made Upon Termination in Connection with a Change of Control

Each of our currently employed Named Executive Officers has an Employment Security Agreement which establishes a double trigger severance plan that provides certain payments and benefits if the executive officer's employment is terminated within one year after the change of control either by us, or by the executive for good reason as defined in the Employment Security Agreement (other than termination by us for cause or a termination by reason of death or disability). In the event a currently employed Named Executive Officer is terminated (other than termination by us for cause or a termination by reason of death or disability) within one year after the change of control or if he resigns for good reason :

The currently employed Named Executive Officer is entitled to a lump sum severance payment in an amount equal to his base salary for 18 months;

The currently employed Named Executive Officer is entitled to receive, an amount equal to one and one-half times any such annual MIP incentive award;

Any stock options which remain unvested at the time of his termination shall become immediately exercisable; and

We will reimburse each of the currently employed Named Executive Officers for payments by him to exercise his rights under COBRA for a period of 18 months.

Generally, a change of control under the Employment Security Agreements and the relevant stock option and restricted stock award agreements is deemed to occur if:

A tender offer is made and consummated for the ownership of more than 50% of our outstanding voting securities;

We merge or consolidate with another corporation and as a result of such merger or consolidation less than 50% of the outstanding voting securities of the surviving or resulting corporation are owned in the aggregate by our shareholders as they existed immediately prior to such merger of consolidation;

We sell all or substantially all of our assets to another company;

The persons who were our directors cease to constitute a majority of our Board of Directors under specific circumstances; or

A person (as defined under the federal securities laws) shall acquire more than 50% of our outstanding voting securities.

Notwithstanding the foregoing, a change of control will not be deemed to occur merely due to the death of Mr. Theodore G. Schwartz, our Chairman and a principal stockholder, or as a result of an acquisition of our outstanding voting securities by Mr. Schwartz and one or more of his affiliates in a going private transaction, except in certain limited circumstance where the ownership interests of Mr. Schwartz and his affiliates falls below certain levels specified in the agreements. See the Common Shares Beneficially Owned by Principal Shareholders and Management section of this Proxy Statement.

As defined in the Employment Security Agreements and the relevant stock option and restricted stock award agreements, good reason for any Named Executive Officer to voluntarily terminate his employment with us shall exist if, after notice and an opportunity to cure:

The currently employed Named Executive Officer's principal place of work is moved more than fifty (50) miles;

The currently employed Named Executive Officer's duties and responsibilities are materially reduced or diminished; provided that such reduction is not, in the case of the currently employed Named Executive Officers other than Mr. Marrow, solely as a result of our acquisition and existence as a subsidiary of another entity;

The currently employed Named Executive Officer's base salary is reduced;

The currently employed Named Executive Officer determines in good faith that, as a result of the change of control, he is unable to carry out his or her job responsibilities;

There is a material violation of his employment agreement; or

We consummate a liquidation, dissolution or merger or transfer all or substantially all of our assets and his employment agreement is not assumed by the surviving entity.

Table of Contents**Estimated Payments on Termination or Change of Control**

The following table sets forth the estimated payments to each of the currently employed Named Executive Officers under the circumstances outlined above. The amounts shown assume that such termination and/or change of control was effective as of December 28, 2008, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the currently employed Named Executive Officers upon their termination and/or in the event of a change of control. The actual amounts to be paid out can only be determined at the time of such currently employed Named Executive Officer's separation from us and/or at the time of a change of control.

Pursuant to each currently employed Named Executive Officer's Employment Security Agreement, the amounts payable upon termination following a change of control may be reduced under certain circumstances in the event any such payments are considered excess parachute payments under Section 280G of the Internal Revenue Code. In addition, the currently employed Named Executive Officers have provisions in their employment agreements that would delay the payments thereunder in order to avoid any negative impact to such executive officer under Section 409A of the Internal Revenue Code. The calculations presented do not give effect to any such provisions which would have the effect of reducing the amounts paid by us to the Named Executive Officers.

Table of Contents

(2) Cash severance payments and annual incentive bonus calculations are based on the following assumptions: The Named Executive Officer's base pay is equal to his base salary effective December 28, 2008. Target annual bonus payments are equal to 50% of such base salary for Messrs. Marrow, DiBari and Szafran and 40% of such base salary for Messrs. LaBonte and McDermott. Generally, severance payments and health care reimbursements would be paid over a period of time on regular pay dates, except upon termination following a change in control where the Named Executive Officer is entitled to a lump sum payment. All other cash payments are paid in a lump sum.

Retirement Arrangements with Mr. Keller

In January 17, 2008, we announced that Mr. Keller, our former Chief Executive Officer, would retire in 2008. In connection with his retirement, we entered into an agreement with Mr. Keller pursuant to which he agreed to remain as Chief Executive Officer of the Company while the Board of Directors completed a search for his successor and to facilitate an orderly transition to the new Chief Executive Officer. In exchange for this commitment, we agreed to (i) treat Mr. Keller's departure as a termination without cause under the terms of his Amended and Restated Executive Employment Agreement, dated August 6, 2007, and (ii) guarantee the vesting of certain stock options and restricted common shares that were scheduled to vest in February and March 2008 regardless of the actual date of Mr. Keller's termination of employment.

Mr. Keller retired as our Chief Executive Officer and resigned from our Board of Directors on February 18, 2008. Mr. Keller's employment with us terminated on April 19, 2008. Pursuant to the terms of Mr. Keller's Amended Employment Agreement, Mr. Keller will receive salary continuation for a period of two years and a pro rata portion of any incentive actually earned in fiscal year 2008, as well as continuation of medical benefits and life and long-term disability insurance benefits for a period of two years at our expense. See Potential Payments Upon Termination or Change of Control Payments Made Upon Involuntary Termination appearing elsewhere in the Executive Compensation section of this Proxy Statement.

At the time of his termination, Mr. Keller had (i) vested options to purchase 400,000 Common Shares at an exercise price of \$2.90 per share which may be exercised on or prior to October 19, 2008 and (ii) vested options to purchase 450,000 Common Shares at an exercise price of \$1.62 per share which may be exercised on or prior to July 18, 2008. Mr. Keller's remaining unvested stock options and unvested restricted Common Shares expired upon his termination of employment with us. Under certain limited circumstances, Mr. Keller may be entitled to certain additional payments and benefits in the event of a change of control of the Company. See Potential Payments Upon Termination or Change of Control Payments Made Upon Termination in Connection with a Change of Control appearing elsewhere in the Executive Compensation section of this Proxy Statement.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee shall not be deemed to be soliciting material or to be filed with the SEC or incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities and Exchange Act of 1934, as amended, except to the extent that we specifically request that the information be treated as soliciting material or that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

The Board of Directors has appointed the Audit Committee, consisting of four directors, Messrs. Workman (Chairman), Park and Skinner and Ms. Andreotti. Each member of the Audit Committee is independent as such term is defined under the rules of the NASDAQ listing standards. The Board of Directors has adopted a written charter with respect to the responsibilities of the Audit Committee, which includes, among other things, reviewing the proposed scope of the internal audit, overseeing the adequacy and effectiveness of accounting and financial controls, and reviewing our annual and quarterly financial statements with management and the independent registered public accounting firm.

In fulfilling its responsibilities, the Audit Committee met and held discussions with management, our internal auditor and E&Y, our independent registered public accounting firm for fiscal year 2008, regarding the annual audit and our audited consolidated financial statements. Management represented to the Audit Committee that our financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed with management and E&Y the audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 28, 2008. The Audit Committee discussed with E&Y the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended and adopted by the Public Company Accounting Oversight Board in Rule 3200T.

E&Y also provided to the Audit Committee the written disclosures and the letter required by the PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*. The Audit Committee has discussed the independence of E&Y with members of the firm.

Management is responsible for maintaining internal controls over our financial reporting process and assessing the effectiveness of our internal control over our financial process. The independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and issuing a report thereon, and to express an opinion on our management's assessment and an opinion of effectiveness of our internal control over financial reporting based on their audit. As provided in its charter, the Audit Committee's responsibilities include the monitoring and oversight of these processes.

In its oversight role for these matters, the Audit Committee relies on the information and representations made by management and the independent registered public accounting firm. Accordingly, the Audit Committee's oversight does not provide an independent basis to certify that the audit of our financial statements has been carried out in accordance with generally accepted accounting principles or that our independent registered public accounting firm is in fact independent.

Based upon and in reliance upon the review and discussion referred to above and the review of E&Y's report to the Audit Committee, the Audit Committee recommended to our Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 28, 2008, for filing with the SEC.

Respectfully submitted,

AUDIT COMMITTEE

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Corporate Governance Guidelines outline our policies and procedures for the review, approval or ratification of related party transactions and conflicts of interest. Our policy is that a director must avoid any conflict of interest with our company. If a director develops an actual, potential or apparent conflict of interest with us or is unsure whether a potential situation might develop into a conflict of interest, he or she must report the conflict immediately to our Chairman and the Chairman of our Nominating and Corporate Governance Committee. The conflict must be resolved to the satisfaction of the Nominating and Corporate Governance Committee or the director must resign. Further, if a director (or any member of his or her immediate family) has a personal interest in a matter before our Board of Directors, he or she must disclose to the full Board the material facts as to his or her relationship and interest. In addition to the approval processes described above, our Code of Business Ethics and Conduct prohibits any director or employee from engaging in any activity or association that conflicts with, or appears to conflict with, his or her ability to exercise independent judgment in our best interest and dictates that such individuals must avoid any situation that may create, or seem to create, a conflict between his or her personal interests and our company's interests.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires that our executive officers, directors, and persons who own more than ten percent of our outstanding Common Shares report their beneficial ownership and changes in their beneficial ownership of our equity securities by filing reports with the SEC. During fiscal year 2008, to our knowledge, our officers, directors, and greater than ten percent beneficial owners filed the reports required by Section 16(a) on a timely basis during such year except for Directors Park and Schwartz who each filed a late Form 4.

ANNUAL REPORT ON FORM 10-K

A copy of our most recent Annual Report on Form 10-K filed with the SEC accompanies this Proxy Statement. **Additional copies of the Annual Report on Form 10-K may be obtained from our website at <http://ir.apaccustomerservices.com/investors/proxy09.cfm>, or by writing to APAC Customer Services, Inc., 2333 Waukegan Road, Suite 100, Bannockburn, Illinois 60015, Attention: Robert B. Nachwalter, Senior Vice President, General Counsel and Secretary.**

MULTIPLE SHAREHOLDERS SHARING AN ADDRESS

The rules of the SEC permit companies to provide a single copy of an annual report and proxy statement to households in which more than one shareholder resides. This process is known as householding. Shareholders who share an address and who have been previously notified that their broker, bank or other intermediary will be householding their proxy materials will receive only one copy of our Proxy Statement and Annual Report to Shareholders unless they have affirmatively objected to the householding notice.

Shareholders sharing an address who received only one set of these materials may request a separate copy which will be sent promptly at no cost by writing our Investor Relations department at: Investor Relations, APAC Customer Services, Inc., 2333 Waukegan Road, Suite 100, Bannockburn, Illinois 60015. For future annual meetings, a shareholder may request separate annual reports or proxy statements, or may request the householding of such materials, by contacting us as noted above.
